pregnancy vs disease prevention as motivations for condom use, heterosexual 17–25 yr olds, 33836
prior use &intentions to use condoms with new vs steady relationship partner, actual usage during spring-break vacation, Canadian college students, 30360
progression through transtheoretical model stages of condom use, 18–77 yr old females, 1 yr longitudinal study, 2498
psychosocial factors & stages for condom use, inner-city women at-risk for HIV, 7756
public opinion about condoms for HIV prevention, 18–65+ yr olds from rural state, 1993–1998, 31846
reasons for sexual conduct & condom use, expatriates posted in AIDS endemic areas, 7749
relationship characteristics of love & length & type & condom use & HIV/sexually transmitted disease risk perception, college students, 33835
risky sexual behavior & condom use, 18–45 yr old urban women engaging in health promoting behavior & attending a family planning clinic in the US, 25349
role of relationship & identity goals as influences on safe-sex behavior (condom use), 18–35 yr olds, implications for HIV transmission, 23920
self-efficacy & self evaluative outcome expectancies & partner attitudes & reactions towards condoms as predictors of condom usage, 18–25 yr old African American vs white female college students, 1190
sex partner & relationship factors, attitudes toward female barrier contraceptives, 18–35 yr old women at risk for infection with HIV & other STDs, 31115
situational vs individual characteristics as predictors of condom use, 18–29 yr old sexually active heterosexuals, 28629
social cognitive factors of perceived behavioral control & intention & attitude toward condom use & 1st- & 2nd-order interactions as predictors of sexual risk behavior, HIV+ & HIV- homosexual males , 23927
social support networks, self efficacy & condom use, female crack cocaine abusers not in treatment, 5088
timing of mother–adolescent discussions about condoms, condom use during first & subsequent sexual encounters, 14–17 yr olds, 946
transtheoretical model variables related to contraceptive & condom use, 15–44 yr old females with or at risk for HIV in community & facility based settings, 5797
use of male vs female condom use, protection against sexually transmitted diseases, adult female sex workers, 24 wk study, Thailand, 2501
validity & factor structure of Spanish language version of Multidimensional Condom Attitude Scale, Hispanic female 15–50 yr olds, 19605
variables associated with increase in condom use following HIV intervention, injection drug users, 6 mo followup, 18062
verbal vs nonverbal communication-based strategies to ensure condom use at first intercourse with new partner, 16–19 yr olds, implications for prevention of sexually transmitted diseases, 31119
verbal vs nonverbal introduction of condom into initial sexual encounter vs no condom control by male, perceptions of male condom proposer, male vs female college students, 11069
Condoms—Chapters
Perceptions of condoms and barriers to condom use along the Trans-Africa highway in Kenya, 9064
Conduct Disorder—Serials
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary, 34270
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary reply, 34289
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr follow up, 5039
ADHD & conduct disorder & gender, substance use & abuse, 17-yr-old twins & their mothers, 37626
age of onset, type & severity of conduct problems, 9–17 yr olds, 34404
avoidance of responsibility & locus of control, conduct-disordered adolescents (mean age 16 yrs), 21261
bupropion, symptoms of ADHD, 14–17 yr old males with conduct & substance use disorders & ADHD in residential treatment program, 5 wk study, 8938
child abuse & conduct disorder & alcohol dependence & domestic violence as risk factors for each other, Navajo population, 1708
childhood ADHD & conduct problems as predictors of adult criminal activity, 23–30 yr olds , 14648
childhood conduct disorder & ADHD & adult antisocial personality disorder, 18–63 yr old maximum security inmates, 1839
classroom preventive intervention, long-term antisocial behavior, kindergarteners with conduct problems, 35544
comorbid oppositional defiant disorder or conduct disorder, 3–17 yr olds with inattentive vs hyperactive-impulsive vs combined type ADHD, 5026
comorbidity & familial subtypes of ADHD & conduct disorder, 6–17 yr old male probands with ADHD & siblings from antisocial families, 4 yr followup, 1691
conduct disorder & antisocial behavior & family & peer & neighborhood factors of age at 1st gang entry, 7th grade African American vs non-Hispanic White males, 6 yr study, 34283
conduct disorder & comorbidity of ADHD & oppositional defiant disorder & internalizing disorders, children & adolescents, 11565
conduct disorder & peer pressure, prediction of illicit drug use, boys vs girls aged 12–17, 34339
conduct problems in classroom & effects on teacher managerial skills & interventions across home & school settings, 15881
corticotropin releasing hormone & cortisol & depression & conduct disorder symptoms, pregnant 13–19 yr olds assessed during pregnancy & postpartum, 17836
data-based clinical decision-making in the parent training & contingency management intervention, 15 yr old male with severe conduct disorder, 24995
delayed or uneven understanding of others' minds & emotions & executive dysfunctions, "hard-to-manage" 3.6–4.6 yr old preschoolers, 1702
Differential Test of Conduct and Emotional Problems, evaluation of outcomes of specialized youth services treatment program, 10–17 yr olds with conduct disorder & emotional disturbances, 9 mo study, 32662
early onset & parental behavior management & support needs & prevention, parents of 3–5 yr olds with conduct disorder &/or antisocial behavior, 27799
effectiveness of cognitive-behavioral anger control training, conduct disordered males, implications for reduction of school violence, 6 month follow-up, 29050
etiology & diagnosis & treatment of aggressive behavior in ADHD & conduct disorder & pervasive developmental disorder, 24109
externalizing behavior symptoms alone & in combination with other child & family risk factors, prediction of future conduct problems, kindergartners & 1st graders, 6 & 30 mo followups, 27026
family & school behaviors & presence of conduct disorder, 13–17 yr old Black males with vs without biological father absence, implications for prevention & school counseling, 37503
family history & gender & age, P300 electroencephalographic potentials, 15–20 yr olds with conduct disorder problems, 27758
family history of conduct disorder & substance dependence, P300 event related brain potentials, 15–20 yr olds, 24123
HVA & MHPG & 5-HIAA plasma monoamine metabolites & parameters of aggression, 8–12 yr olds with conduct disorders, 14709
learning styles & profiles, elementary & junior high school students in special education classes classified as primarily emotional vs primarily conduct problems, 12724
links between rates of suicide & depression & conduct disorder & crime & substance misuse, 8–18 yr olds referred to psychiatric services, data from 1970–1990, 4841
low executive cognitive functioning & difficult temperament & aggressive & nonaggressive forms of antisocial behavior, 14–18 yr old females with conduct disorder, 1694
marital conflict management style & child conduct problems, 4–7 yr olds & their parents, 34308
maternal smoking during pregnancy, ADHD & conduct disorder & substance abuse, 6–23 yr old offspring, 10 yr study, 27492
measurement of social competence & perception & cognition & interaction using self vs teacher/parent reports, 4–7 yr olds with conduct problems or oppositional defiant disorder, 13081
neuropsychological performance, aggressive & nonaggressive 13–17 yrs old with conduct disorder with or without ADHD, 27465
organization & execution of motor sequences of varying complexity, 7–8 yr olds with pure hyperactivity &/vs conduct disorder, 1710
overlap between mania & conduct disorder, consecutively referred children & adolescents, 17809
parental acceptability evaluations of child management interventions, mothers of children diagnosed with oppositional defiant or consult disorder, 8806
perceived family functioning, 13–16 yr olds with conduct disorder, 8284
phenomenology & etiology & assessment & pharmacologic treatment of aggressive behavior, patients with ADHD & conduct disorder & pervasive developmental disorders, 27493

presence of & contact with parents & stability of parental arrangements & other structural & functional family factors, presence & severity of conduct disorder, 11–18 yr males, 34257
prevention curriculum & teacher consultation, disruptive behavior, high-risk 1st graders, 35543
prognosis of continued complications through early adolescence, 3 yr old children with attention deficit disorder or conduct or oppositional defiant disorders or hyperkinesis, 14696
psychopathology-related personality traits, severely conduct-disordered 14–20 yr old juvenile delinquents from Swedish correctional institution vs normal male adolescents, 14792
psychosocial factors & ADHD & internalizing disorder symptoms & demographic characteristics, 5–12 yr olds with oppositional/conduct disorder with vs without history of cruelty to animals, 14682
psychosocial factors & assessment, 8–12 yr olds with hyperkinetic & conduct behavior, 14692
regular monthly alcohol & marijuana use, dense granule secretion & aggregation phases of agonist-induced platelet responses, male adolescents with vs without conduct disorder, 34293
relationship of ADHD & major depression & other illicit substance use disorders & onset & severity of nicotine dependence, 13–19 yr olds with conduct & substance abuse disorders, 24455
reliability & cutoff scores of Adelaide Behavior Disorder Scale subtests for determining presence of behavior &/or conduct disorder, 16–87 yr olds with intellectual disabilities, 29357
reliability & validity of age-of-onset subtyping of conduct disorder, 13–18 yr olds with conduct disorder referred to psychiatric clinics, 3 yr prospective study, 29390
Rorschach variables, 13–17 yr old males with conduct disorder with vs without psychopathy, erratum, 8291
sexual behavior & behavior problems, 5–11 yr old males at risk for conduct disorder, 15 mo followup, 18005
social network & family relations, depression, 16 & 17 yr olds with & without conduct disorder, 14494
social problem-solving skills, 7–12 yr old males with oppositional defiant or conduct disorder &/or ADHD, 14409
use of counseling relationship to change thoughts & feelings & actions & other relationships & earn opportunities for further guidance services, students with conduct disorder & school counselors, 25829
verbal deficits & callous interpersonal style & antisocial behavior, 6–13 yr olds with oppositional defiant or conduct disorder, 5040

Conduct Disorder—Books

Disruptive behavior disorders in children and adolescents, Vol.18, No. 2 , 24111
Handbook of disruptive behavior disorders, 24481

Conduct Disorder—Chapters

The child with oppositional defiant disorder and conduct disorder in the family, 24485
Children and adolescents with oppositional defiant disorder and conduct disorder in the community: Experiences at school and with peers, 24496
Classification of disruptive behavior disorders, 24501
Cognitive functioning in children with oppositinal defiant disorder, 24493
Conduct and oppositional defiant disorders, 1748
Conduct disorder, 24575
Conduct disorders, 12061
Disruptive behavior: Oppositional defiant disorder and conduct disorder, 18501
Environmental risk factors in oppositional-defiant disorder and conduct disorder, 24498
Eric's analysis, 21856
Interventions for oppositional defiant disorder and conduct disorder in the schools, 25822
Outcomes of children and adolescents with oppositional defiant disorder and conduct disorder, 24490
Parent training, 37538
Pharmacotherapy and toxicology of oppositional defiant disorder and conduct disorder, 25257
Pharmacotherapy of impulsive-aggressive behavior, 24185
The prevention of oppositional defiant disorder and conduct disorder, 25379
The psychobiology of oppositional defiant disorder and conduct disorder, 24500
Residential care for children and adolescents with oppositional defiant disorder and conduct disorder, 25489
Temperament and behavioral precursors to oppositional defiant disorder and conduct disorder, 24505
Treatment of oppositional defiant disorder and conduct disorder in home and community settings, 25464
W is for woman, 34858

Cones (Eye)—Serials

blue & green flashes, s-cone electroretinogram responses in dark-adapted eye & after light adaptation, tritanopic & normal Ss, 15053
cell densities & retinal ganglion cell:cone eccentricity ratio from foveal border to peripheral retina & estimation of receptive fields for study of retinal neuronal architecture, patients 39 & 73 & 49 yrs old, 33253
chromatic rod–cone interaction during dark adaptation, Os , 178
chromaticity & luminance of gratings varying along L & M cone axes, spatial pairwise contrast matching of gratings in comparison of color & luminance contrast, Os, 16519
color from invisible flicker & failure of Talbot Plateau law for flicker detected by short wavelength sensitive cones & hard nonlinearity, Os, 179
complementarity of approaches to color vision involving stimuli originating in retinal cones vs perceptions arising in brain, 13200
dark vs light adapted conditions, light-evoked responses of AII amacrine retinal cells & conveyance of rod & cone signals, rabbits, 33170
immunohistochemical expression of gustatory nucleotide-gated channel in retinal cone photoreceptor cells, male rats, 23333
introduction of human cone photopigment into genome, visual system, transgenic male mice, 16879
long- vs medium-wavelength-sensitive cone input, orientation discrimination thresholds, Os, 10068
M- & L- & S-cone contributions to pupillary responses evoked by chromatic flash offset, Os, 13206
psychophysical vs reflectometric measurement of cone directionality, 26–47 yr olds, 36154
second-site adaptation of red-green detection mechanism in L & M cone contrast plane for bright adapting fields of yellow or red, 32851
short-wave cone spectral sensitivity via thresholds & color matches, adult male trichromats and blue-cone monochromats, 26684
simulated inter-observer comparison of color-matching functions, 19743
speed of movement of cone vs rod-perceived stimuli, green cone lacking deuteranopes, 18455
test size & retinal position, S-cone & rod weighting into red/green opponent process & equilibrium hues, Os, 172

Confabulation—Serials

confabulation in autobiographical memory & delusional misidentification, male 51 yr old with closed head trauma, 4 yr followup , 28184
confabulation with preserved memory verification & impaired memory search abilities, 40 yr old female patient with brain damage, 24796
dissociative experiences & reality monitoring disruptions & false positive confabulations & fantasy proneness, 16–43 yr old college students, implications for retrospective study of trauma, 36269
forced confabulation, false memory susceptibility, 1st vs 3rd–4th graders vs colleges students, 855
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, 34677
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, commentary, 34678
relationship between confabulation & source memory & executive functions, patients (mean age 74.7 yrs) with Alzheimer's disease, 24797
spontaneous confabulation & delusional misidentification, 27-yr-old female with head injury, 31187
spontaneous confabulations & amnesia, 44 yr old male with orbitofrontal & basal forebrain damage after hemorrhage from anterior communicating artery aneurysm, 31308

Confidence (Self) [See Self Confidence]

Confidence Limits (Statistics)—Serials

combined error model & prediction of format dependence, undergraduates, 22932
computer programs to calculate asymptotic confidence limits for partial & squared multiple correlations, 19662
confidence interval equivalence for 2-group mean comparison, 6721
confidence interval for ordinal multiple regression weights, Type I error & coverage & power, 29439
confidence intervals & hypothesis tests using fixed- & random-effects procedures & models in meta-analysis, 6697
equations for computing confidence interval estimates and conducting F tests for intraclass correlation coefficients defined using 3-way random effects models for crossed & nested designs, 13147
formulas for asymptotic confidence limits for difference between 2 squared multiple correlation coefficients, 9954
IQ differences & precision ranges for levels of confidence for use with seven-subtest short forms of WAIS-III, 29321
large sample theory & development of asymptotic closed-form interval estimate of intraclass correlation for natural score association with each category case , 36061

Confidentiality of Information [See Privileged Communication]

Confirmatory Factor Analysis [See Factor Analysis]

Conflict [See Also Arguments, Riots, Violence, War]—Serials

Adlerian perspective on conflicts occurring between adolescents & adults & recommendations for parents & others in understanding & dealing with adolescents, 20562
age & conflict ending, 1.9–2.6 & 3.6–4.9 yr old siblings & their parents, 2 yr followup, 23785
age & gender differences in social relations conceptualized as social network & support & relational strain, 25 vs 50 vs 60 vs 70 yr olds, Denmark, 17332
antireligious sentiments of Freud & A. Ellis & historical antecedents to conflict between psychology & religion, 17449
approach to resolving counselor–client value conflicts in multicultural counseling, 12036
behavioral expression of conflict in unsignaled 2-way escape learning, male rats, 29699
Big 5 personality factors & styles of handling interpersonal conflict, college students, 17644
census as focus of cultural & political debates & symbol of fundamental social changes in distribution of power & public money, 11055
child cortisol reactions to parent–child conflict, vulnerability for internalizing behavior problems, 5–11 yr olds & their 23–32 yr old mothers, 7324
childhood experience of family conflict, puberty & reproductive behavior, 18–24 yr olds, 7327
classic perspectives & contemporary relevance of the warrior model of leadership, 1337
collective violence & group solidarity & characteristics of disputes leading to violence, 19th century Corsica feuding society, 27106
common themes of conflict, parents (mean age 62 yrs) and their adult children (mean age 39 yrs), 20 yr study, 30252
communication & context of conflict in mediation, 32549
compensatory goal conflict & egregariousness of defendant, assessment of compensatory & punitive damages, mock jurors, 29263
conflict & conflict resolution, democratic organization, 66-yr-old taxi cooperative, 16100
conflict aversion & preferences & judgments for ambiguous vs conflicting information from single or multiple sources, college students, 33999
conflict in dyadic play, 3 yr olds, 23777
conflict level in relationship & preoccupation of individual & attachment style, complex knowledge about relationship, college students, 30495
conflictual or supportive social interactions, psychological distress & assessment of negative social exchanges, 18–20 yr old college students, experiment & meta-analysis, 30384
cooperation & conflict as interrelated aspects of coordination in groups, 20839
cooperative vs competitive group tasks & ingroup vs outgroup composition, conflict styles & self-construals in work group settings, college students, 36944
couple-responsible vs therapist-responsible marital therapy process, spouse perception of clinical responsibility & struggle & cooperation, spouses & their therapists , 18592
crises affecting relationships in later years & opportunities for resolution, adult siblings, 38125
cultural importance of university & potential as trophy & weapon in culture wars & protection through historical accumulation of multiple functions & acceptance of ambiguity of cultural role, 10955
cultural individualism-collectivism & self-construal, turn-taking & conflict behavior, European American vs Japanese college students in homogeneous vs heterogeneous groups, 7812
decision aid for preparing patients of late maternal age for prenatal genetic testing & counseling, knowledge level & decision conflict & anxiety & method acceptability, 30–44 yr old women & spouses, 31826
development & psychometric properties of Parent Child Conflict Tactics Scale, identification of child maltreatment & neglect & nonviolent discipline, infants to 17 yr olds & their parents, errata, 92
diversity & task conflict & emotional conflict & task routineness & group longevity & group performance, work team members & their managers, 19407
effectiveness of interdependence–conflict model & task & person conflict in positive goal interdependence & decision-making, 24–58 yr olds in management teams, 22604
ethnic cleansing as form of anticonquest & patterns in relationship between internal & geographical borders, 17441
experiences of school as meeting ground & conflicts between groups, 25 yr old recounting early days as quiet student Sweden , 2819

family conflict stress interactions, systolic & diastolic blood pressure & heart rate & concordance of physiologic response, African American hypertensive vs normotensive mother-daughter dyads, 10517
fusion & conflict in relationships, 21–40 yr old lesbian couples, 20789
game theoretic model of revolution in repressive regimes, governments, 20768
generalized beliefs about causes of best friendship deterioration & dissolution & conflict experiences in own best friendships & role of self-esteem, 5th–8th grade students, 27024
goal neglect as cause of interference effects on task performance in conflict situations, college students, 23084
goals & strategies in friendship conflict as predictive of friendship adjustment & role of peer acceptance, male vs female 4th & 5th graders, 7539
group counseling intervention, reduction of familial conflicts & interpersonal problems-solving skills, 10–17 yr olds & their 33–38 yr old mothers living in homeless shelter, 25079
historical trends in & strategies for overcoming tension between staff of various disciplines during development of comprehensive mental health services in schools, 12761
interprofessional negotiations toward control of clients & dilemmas in negotiations, interdisciplinary teams, 11985
managing group conflict & implications for social work education, BSW & MSW graduates, 25092
moral conflict & decision making, battered females (aged 25–51 yrs), 24385
motivational conflict situation, 1-trial tolerance to anxiolytic effect of chlordiazepoxide in elevated plus-maze, male rats, 33470
museums as focus for multicultural divisions & tensions & as institutions to serve ends of public education & cultural enrichment, 10957
parallel processes enacted in relationship & conflicts between consultant groups for organizational change initiative, 22671
paranoid-schizoid phenomena in congregational conflict, implications for understanding meaning & practices of reconciliation, 17454
parent personality & coparenting dynamics, changes in marital love & conflict & functioning, husbands & wives raising firstborn sons, 4 yr study, 7663
parent psychoeducation group, parent–child conflict & child problem behavior, parents of 12–17 yr olds with ADHD, 38493
participation & risk assessment & participation conflict, 25 yr old & older local authority social workers undertaking child protection investigations, 28689
patterns of & changes in maternal support & conflict, prenatal vs postnatal stress & self esteem & health & knowledge of infant development, pregnant 12–20 yr olds, 902
patterns of pathological conflict avoidance, families with 12–26 yr old daughters with anorexia nervosa, 8462
perceived effectiveness of forcing vs avoiding vs accommodating vs compromising vs collaborating conflict behaviors for achieving goals & effect on friendship preferences, university students, 33908
perceived judicial hostility to criminal trials, frequency & intensity of conflict with clients & prosecutors, public defenders, 22806
personality similarity & conflict, female college roommates, 11121
preferred conflict resolution strategies for interpersonal conflict with same-sex friends vs fathers vs teachers, male vs female adolescents, Germany vs Indonesia, 36805
psychoanalytic approach to internal & external & organizational & workplace dynamics, female employees in traditionally male finance & technology organizations, 35662
pubertal development & parent–child conflict, low-income African American adolescents & their parents, 13901
rates of parent–adolescent–younger sibling conflict & conflict resolution strategies, father-absent families with juvenile felons & younger siblings, 11675
reactions to everyday stress of family-related conflicts, 7–15 yr olds with disabled sibling, 20591
relationship positivity & conflict & self-reported & observed parent–child interactions & child depressive symptoms, parent & child relationship attributions, 10–12 yr olds & mothers & fathers, 7670
reports of conflict & quality of relationships with siblings, 4th & 5th graders, 4495
residential instability & emotionality & family conflict, behavior problems & depression & peer & cognitive competence & quality of sibling relations, 2.7–5.6 yr olds in Head Start & older siblings, 36963
resistance & cooperation in conflict over job performance, library supervisor–employee dyads, 35605
romantic relationship conflict negotiation tactics, male vs female & Asian- vs European- vs African-American 14–19 yr olds, 7506
self-psychological approach to occurrence of conflict & aggression in couples therapy, 2218
sense of belonging & social support & loneliness & conflict & depression, 21–75 yr old patients with depression, 27594
sexual conflicts & crucial role of developing comfortable functional sexual style in 1st 2 yrs of marriage, couples, 7675
social identity theory & realistic conflict theory, intergroup relations in organizations, members of team-based community-based health care organization, 22659
social self worth & face-negotiation theory & facework competence model for in intercultural conflict training, 4736
social sensitivity & peer conflict, 3.1–6.9 yr olds playing in dyads with 'same' vs 'change' partner, 14040
source & nature & direction of work & family conflict, employees (mean age 42.4 yrs), 6 mo study, 35635
sources of humanitarian emergencies characterized by warfare & displacement & hunger & disease, countries, 1980–95, 20687
stability of & attachment & conflict & parental influence as predictors of prosocial behavior toward parents, 6th & 8th & 10th graders & their mothers vs fathers, 2 yr followup, 20561
storytelling about relationship conflict, blame for vignette-based vs real-life relationship conflicts & subsequent memory & impressions of relationship events, college students, 11126
strategic interaction opportunities & diversionary use of force, leaders of democratic vs autocratic regimes, 20770
suspicion of other countries & predisposition to need new enemies following cold war, leaders, 4 yr study, 33806
therapeutic shifts & strategies in Multidimensional Family Therapy, resolution of parent–child impasses & interpersonal relationship failures, 14–17 yr olds with substance abuse & their parents , 18594
use of R. R. Kopp's life-style typology in brief therapy, unmarried 36 yr old female having conflicts with roommate, 21686
use of Taylor-Johnson Temperament Analysis instrument for school counselors addressing conflict situations, adolescents, 35897
value attainment, relationship between work–family conflict & job & life satisfaction, hotel managers (mean age 33.5 yrs), 35640
virtual conflice & resolution in assurance game, players, 26401
voice, small group decision making with low status leader & support under conditions of persistent conflict, college students, 11128
work–family culture, work–family benefit utilization & organizational attachment & work–family conflict, managers & professionals, 22575
writing as coping tool during conflict between physical vs psychological treatment in inpatient eating disorders unit, student psychiatric nurse, 19175

conflict management, employee & student work groups, 7790
conflict resolution styles, family dyadic subsystems &/vs adolescent romantic couples, 7538
conflict resolution training & methodology & follow-up activities, personnel in nongovernmental organization in Angola, 22325
cooperation &/or problem solving conflict resolution training, developing expectancies & active listening & assertiveness & identifying interests & brainstorming & agreement outcome, undergraduates , 26062
demographics & culture, interaction styles & aggression & politeness & conflict resolution, Northerner vs Southerner college students, 37105
disputant responses to & preferences for managerial resolution tactics, college students, US vs Argentina vs Dominican Republic vs Mexico, 22603
familiarity & expertise in using culture-based rules of interaction, intergroup conflict resolution, 6 yr observation study of Palestinian-Jewish dialogue group, 14244
family conflict resolution & decision making, caregiving, families of patients with Alzheimer's disease, 22214
friendship vs nonfriendship, aggressive behavior & reconciliation, male vs female 6 & 7 yr olds, relation to nonhuman primates, 10836
game theoretic model of revolution in repressive regimes, governments, 20768
guidelines for avoiding due process hearings resulting from parents' dissatisfaction with their disabled childrens' special education program, individualized education program teams, 3252
identifying tradeoffs & building consensus among opposing groups through collaborative conflict management, mediators, implications for public planning, 32551

importance of perceptions of time-related costs & action-forcing events in building momentum in decision making & negotiation, 6499
individualistic vs collectivist cultures, handling of disagreement in work settings, management personnel, 23 countries, 6332
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33805
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, 33801
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33807
interpersonal conflict resolution, 17–48 yr olds, 27272
item/scale reliability & gender effects & construct validity & factor analyses of scales in the Flynn-Elloy Conflict Management Styles Inventory, college students, 22849
likelihood of intervening to stop a sports riot, undergraduate male sports fans, 33997
limitations of & suggestions for peace negotiations between Israelis & Palestinians, 23832
mediation procedures to resolve special education disputes & improvement of family–school relationships, 22556
military strategy & outbreak of international conflict, samples of state behavior from 1903–92, 20771
parental divorce, conflict management & premarital communication, engaged couples, 11014
Partners in Caregiving program to teach communication techniques & conflict resolution skills, nursing home staff & family members of residents, 5893
perceived effectiveness of forcing vs avoiding vs accommodating vs compromising vs collaborating conflict behaviors for achieving goals & effect on friendship preferences, university students, 33908
perception of parents' vs own conflict-resolution styles & behavioral adjustment, 10–14 yr olds, test of J. H. Grych & F. D. Fincham's cognitive-contextual model, 20556
perceptions of uniqueness & similarity in own & others' romantic relationships & judgment of constructiveness vs destructiveness of responses to interpersonal incidents, college students , 33933
power, impressions formed by unilateral initiatives, college students, implications for conflict resolution strategies, 37069
preferred conflict resolution strategies for interpersonal conflict with same-sex friends vs fathers vs teachers, male vs female adolescents, Germany vs Indonesia, 36805
prescriptive model of managerial dispute intervention strategy selection, senior managers, 19411
prescriptive vs elicitive approaches to conflict resolution, Papua New Guinea, 6501
process & outcome satisfaction & objective performance & perceptions of relational behavior using different forms of communication media in conflict resolution, male vs female undergraduates, 36660
psychoanalytic perspective on Truth & Reconciliation Commission, South Africa, 17443
rates of parent–adolescent–younger sibling conflict & conflict resolution strategies, father-absent families with juvenile felons & younger siblings, 11675
reciprocity with civilians & colleagues & police organization & burnout & attitudes toward & use of strategies in management of interpersonal conflicts, police officers, 26063
reconciliation patterns following conflict, adult & juvenile stumptailed macaques, 26495
role in conflict resolution & as cultural healer & border crosser, Hmong bilingual assistant & community liaison for elementary school, 38866
role of personal power & influence & organization politics in & dynamic of grievance resolution, grievance cases in steel plant, 16147
romantic relationship conflict negotiation tactics, male vs female & Asian- vs European- vs African-American 14–19 yr olds, 7506
self criticism & relational schemas, conflict resolution, heterosexual dating couples (mean age 21.5 yrs), 27307
social perception & social decision making as obstacles to environmental conflict resolution, 19475
sociocultural & political & socialization patterns during war to peace transition & conflict resolution & grief & reconciliation, children & adolescents, South Africa & Mozambique, 33723
stability of negotiated settlements to civil wars & role of institutions, 10947
strategies for community mediation, village vs religious leaders, Malaysia, 20705
systematic cognitive barriers endemic to environmental disputes, 19470
traditional Hawaiian practice to rectify problems in interpersonal relationships in relation to elements of transactional analysis theory, 17472
use of Taylor-Johnson Temperament Analysis instrument for school counselors addressing conflict situations, adolescents, 35897
virtual conflice & resolution in assurance game, players, 26401

Conflict Resolution [See Also Mediation]—Books
The psychology of peacekeeping, 1043
Research in negotiation in organizations, Vol. 7, 35674
The win–win solution: Guaranteeing fair shares to everybody, 27308

Conflict Resolution [See Also Mediation]—Chapters
Buffering the effects of betrayal: The role of apology, forgiveness, and commitment, 37086
Conflict and conflict management, 3038
Cultural and ethnic issues of conflict and peacekeeping, 1049
Development of an interactive video assessment: Trials and tribulations, 16394
The evolving psychology of peacekeeping, 1050
Forgiveness, reconciliation, and the contribution of international peacekeeping, 1045
Intractable disputes involving organizations: Some insights from the Delaware Court of Chancery, 35833
Peacekeeping and the psychology of conflict resolution, 1053
The psychology of diplomacy: Conflict resolution in a time of minimal or unusual small-scale conflicts, 1051
Sequential effects in give-some and take-some social dilemmas, 30429
The survival value of forgiveness, 11140

Conformity (Personality)—Serials
age differences in social conformity for judgments of geometric shapes & emotional facial expressions, female 63–85 yr olds vs 18–35 yr olds, 14100
individual preferences for uniqueness vs conformity & cultural values, 16–34 yr old European vs Chinese vs Korean Americans, 33982
status, openness to change & time frame & self's agency in conformity of self-view to views of others, newly married couples , 17562
underestimates & truly false consensus effects, perception of others' embarrassment & emotions & subsequent inhibited behavior, male vs female college students, 37117

Conformity (Personality)—Books
Social influence, 20820

Conformity (Personality)—Chapters
Maladaptive image maintenance, 14233

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Hermaphroditism, Prader Willi Syndrome, Spina Bifida]—Serials
alexithymia, 15 yr old female with agenesis of corpus callosum & chronic pain, 37833
auditory evoked potentials, congenitally blind vs sighted children (mean age 14.1 yrs), 5447
cognitive abilities, 9–10 yr olds with Williams vs Down syndrome, 37699
congenital heart disease, emotional development & family relations, adolescents, implications for psychological intervention, 18334
correlation of clinical symptoms & MRI findings, 0.8–14 yr olds with Chiari I malformations with vs without syringomyelia, 37782
detection of functional asymmetry of brain with dichotic listening, 6–46 yr olds with situs inversus , 24727
history of reproductive problems & demographic characteristics & study attrition & psychosocial problems, pregnant women with vs without malformed offspring, 24714
prenatal androgen exposure, cerebral lateralization & handedness & cognitive functioning & IQ, 10–23 yr olds with congenital adrenal hyperplasia, 28031
psychological adjustment, 6–17 yr olds with short stature vs other limb abnormalities attending limb reconstruction center, 28587
relationship between visceral organ & brain mirror-image asymmetry & language functionality & lateral dominance, 33–49 yr olds with situs inversus totalis, 37762
role of congenital adrenal hyperplasia in anxiety disorders, 16–55 yr olds, 34552
sensory & perceptual-motor performance & behavior development, 6–8 yr olds with benign congenital hypotonia, 5147
spatial & temporal vision, 5–18.8 yr old patients deprived of patterned visual input during infancy until treatment for dense central cataracts, 34703
struggle with child's chronic illness & sources of strength & social & professional support resources, family of 17 yr old boy with Sturge-Weber syndrome, 28212

Congenital Disorders [See Also Cleft Palate, Hermaphroditism, Prader Willi Syndrome, Spina Bifida]—Chapters
Congenital hydrocephalus as a model of neurodevelopmental disorder, 31094
Functional consequences of congenital cerebellar dysmorphologies and acquired cerebellar lesions of childhood, 37934
Indices of attachment disorganization among toddlers with neurological and non-neurological problems, 37785
Lesch-Nyhan syndrome, 31102
Role of the corpus callosum in the cognitive development of children with congenital brain malformations, 37936

Congenitally Disabled—Serials
response of auditory evoked potentials to auditory stimuli, children (mean age 8 yrs 6 mo) with lesions of tuberous sclerosis complex with vs without autistic disorder, 37908
scores on measure of divergent thinking, 4–12 yr olds with vs without severe congenital visual impairment, 24892

Congenitally Handicapped [See Congenitally Disabled]

Conjoint Measurement—Serials
internal consistency & validity of conjoint analysis, assessment of benefits of in vitro fertilization via patient preferences & indirect estimation of willingness to pay, adults, 15424
internal validity of conjoint analysis of consumer preferences under alternative measurement procedures, 39020
predictive & convergent validity of analytic hierarchy process vs conjoint analysis methods of attribute variation, college students, 6713

Conjoint Therapy—Serials
conjoint treatment during psychoanalytic psychotherapy, male patient with schizophrenia & his father, 12135
morality & multiplicity in feminist-informed conjoint framework for treating domestic violence, 28349
narrative therapy in conjoint couple format, 45 yr old woman with panic disorder, 34898

Connectionism—Serials
application of artificial neural network algorithms & connectionist models of modification & elaboration of neural circuitry to developmental neurobiology research, 6470
benefits of bi-coded recursive auto-associative memory connectionist model for representations of symbolic structures, 19492
bidirectional associative memory neural network system explanation of posttraumatic stress disorder, 34232
cascade-correlation generative connectionist network model for development of children's seriation, 32497
connectionist model of phonology & reading acquisition & dyslexia, 27956
connectionist model of role of phonological loop in short term memory for serial order & learning, 26434
connectionist models of speech perception & word recognition, 23062
connectionist theory of phenomenal experience & consciousness, commentaries & reply included, 16712
construction of designer generalized Brain-State-in-a-Box neural networks representing associative memories with interconnecting weights & self-feedback in all neurons, 6454
dentate gyrus–hilus system as latent-attractor neural network in computational connectionist model of spatial context-dependent place representation, 32485
eliminative connectionist model & extension of universals to arbitrary items, 6858
explanatory coherence (ECHO) & autoassociative feedback models of causal reasoning & learning & social explanation, commentary, 17613
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary, 12997
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition , 12998
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary reply, 12996
model of memory trace mechanism for view-invariant object recognition in recurrent neural networks, 6467
nonassociative connectionist model of perceptual learning & effects of similarity & experience on discrimination learning, 23213
psychophysical determination of spatial connectivity function in visual cortical-based computational model of contour salience, human Ss, 29754
System & Connectionist argument applied to experiment by J. R. Searle of computer program processing Chinese language, 20401
system model of perception & action hierarchical modules & their connections in computational architecture of primate neocortex, 32481

Connectionism—Books
Connectionist psychology: A text with readings, 23119
The emergence of language, 13966
The presence of mind, 23615

Connectionism—Chapters
Associative and rule-based processing: A connectionist interpretation of dual-process models, 17559

A biologically based computational model of working memory, 22772
The connectionist infant: Would Piaget turn in his grave?, 13917
The emergence of grammaticality in connectionist networks, 16259
The emergence of language: A conspiracy theory, 13970
Modeling causal integration and availability of information during comprehension of narrative texts, 6886
Unity and diversity in knowledge, 17308
Working memory in a multilevel hybrid connectionist control architecture (CAP2), 19880
Connotations—Chapters
The social represenation of "man" in everyday speech, 4382
Conscience—Serials
consciousness & the label of developmental vegetative state as a self-fulfilling prophecy, 5–17 yr olds born with congenital brain malformations of the cerebral cortex, 31319
matching the budding talent with a curriculum of conscience, 2990
Conscientiousness—Serials
Conscientiousness & accountability, performance on math-verbal skills task, business students, implications for job performance, 22595
distress moderated by conscientiousness & mammography utilization, female 40 yr olds & older with family history of breast cancer in first degree relative, 25368
importance of Big Five Factor Personality traits, oversea job performance & adjustment & interaction with host country, experienced managers of business organizations, implications for policy making, 38963
option of quitting or persisting or engaging in interest-enhancing strategies, moderating role of conscientiousness & hardiness in self-regulating processes, 17–87 yr old undergraduates, 30520
performance monitoring, relations between conscientiousness measures & task performance, college students, implications for work-related behaviors, 12849
Conscious (Personality Factor)—Serials
conscious will as function of priority & consistency & exclusivity of thought in causation of action , 23114
dual-process model of defense against conscious & unconscious death-related thoughts, extension of terror management theory, 37185
human thinking & consciousness incapabilities in computers, 19506
mechanisms & limitations in ability to exercise conscious & intentional environmental control & nonconscious aspects of psychological life & forms of self regulation, 24006
microgenetic approach to unconscious & conscious strategy discoveries in arithmetic insight problem, 2nd graders, Germany , 887
present performance context of a group & unconscious vs conscious memory, perceptions of a potential leader, undergraduates, 27323
Sophia-Analysis & components of existential unconscious, 18514
Unitary Thesis vs distinction based theory of consciousness & inductive & deductive arguments rejecting state & transitive & creature subtypes of consciousness, 26461
Conscious (Personality Factor)—Chapters
Psychoanalysts' theories, 34948
Psychoanalytic heuristics, 34935
Synchronicity and the transformation of the ethical in Jungian psychology, 14381
Understanding sentences and scenes: The role of conceptual short-term memory, 26428
Consciousness Disturbances [See Also Delirium, Hypnosis, Place Disorientation, Sleep Disorders, Sleep Talking, Suggestibility]—Serials
self-reported visual distortions & dissociative experiences, 18–80 yr olds, 10434
Consciousness Raising Groups—Serials
public support for the Moral Majority vs the Christian Right & characteristics of supporters in 1984 & 1996 , 17512
Consciousness States [See Also Awareness, Wakefulness]—Serials
Adaptive Resonance Theory models & learning & consciousness & attention, 16582
alcohol hangover, psychomotor performance & subjective state & sleep quality, male 18–45 yr old moderate to heavy social drinkers, implications for driving under influence, 7191
anesthetization vs free movement, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans hooded rats, 36493
apolipoprotein E-epsilon 4 genotype as predictor of days of unconsciousness & functional outcome, 18–73 yr old survivors of traumatic brain injury, 11890
beliefs about materialist vs transcendent consciousness & reality, adults, 310
biological process oriented physiological phenomenological characterization of consciousness & information processing, 313
blindsight in philosophical/theoretical debates regarding raw constituents of consciousness, 31245
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 11464
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, 4987
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary reply, 14617
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 14613
brain mechanisms of propofol-induced loss of consciousness, Ss (mean age 25.4 yrs), 26772
Buddhist tradition of Samatha practice, implications for study of first-person experience of consciousness, 16729
categories of unconscious visually guided behavior in blindsight, persons with lesions of the visual cortex, 31278
comprehension of concept of unconsciousness, 5 vs 6 vs 7 vs 8 vs 10 yr olds vs adults, 17251
conception & phenomenology & behavior & neuroanatomy & physiology of visual attention vs visual consciousness, 29764
confirmatory factor analysis approach to construct validity of responses to Flow State Scale &/vs Flow Trait Scale, measurement of psychological process of flow, athletes, 35903
connectionist theory of phenomenal experience & consciousness, commentaries & reply included, 16712
conscious awareness & learning & memory, animals & patients with hippocampal damage, 34623
consciously controlled vs automatic memory use, schizophrenia patients, 8144
consciousness & F. Crick & C. Koch's neurophysiological theory of synchronized neural oscillations & Freud's neuropsychological hypothesis , 23170
consciousness as the common link between psychohistory & trauma psychology, 11261
CSF findings, 13–89 yr olds with acute consciousness compromise, Brazil, 5304
Darwinian mechanism for intellectual & attentional aspects of consciousness, 311
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary, 16703
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary reply, 16715
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, commentary, 16718
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, 16714
development & rationale & objectives & format of psychotherapy group using hypnosis & trance work, promotion of emotional & psychological & physiological healing, 27–58 yr old females, 38343
development & reliability & validity of APZ questionnaire, standardized psychometric assessment of altered states of consciousness, Switzerland & Germany & UK & Italy & Portugal & US, 3279
developmental approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6456
difficulty in recruiting skilled & experienced Ss for advanced meditation & states of consciousness research, 29664
dynamic core hypothesis of properties of neural substrate of consciousness, 7091
Eastern meditative traditions & use in study of first-person experiences of consciousness, commentary, 16702
Eastern meditative traditions & use in study of first-person experiences of consciousness, 16721
ecological & phenomenological perspective on personal contact with real world & visual awareness in consciousness & perception, 26462
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6458
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6462
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6459
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary reply, 6476
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, 6477
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6474
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6472
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6460
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6466
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6464
first-personness in study of conscious experience, commentary, 16698
forgetting functions for conscious vs automatic components of memory, college students, 16651
Freud's cognitive science of consciousness , 30554
Husserlian notion of epoche in study of first-person experiences of consciousness, commentary, 16704
Husserlian reduction method for investigation of first-person psychiatric experience, commentary reply, 16709
Husserlian reduction method for investigation of first-person psychiatric experience, 16710
Husserlian reduction method for investigation of first-person psychiatric experience, commentary, 16722
informational & procedural psychosemantics & qualia & procedural representationalism for sensory experience of space, 13860
inseparability of body movement & mind functioning in conscious experience, 16701
interictal fluorine-18 flurodeoxyglucose positron emission tomography, functional anatomy of deja vu experience, 13–51 yr olds with temporal lobe epilepsy with vs without deja vu , 31173
introspectionist & phenomenological & Buddhist approaches to study of first-person experiences of consciousness, commentary, 16696
introspective approach to study of first-person experiences of consciousness, 16728
introspective approach to study of first-person experiences of consciousness, commentary, 16706
introspective approach to study of first-person experiences of consciousness, commentary reply, 16727
metaphysical account of radical emergence vs dualistic vs physicalistic accounts of consciousness & cognition, 319
methodologies for study of first-person experiences of consciousness, commentary, 16692
methodologies for study of first-person experiences of consciousness, commentary, 16711
methodologies for study of first-person experiences of consciousness, commentary, 16717
methodologies for study of first-person experiences of consciousness, commentary reply, 16720
methodologies for study of first-person experiences of consciousness, commentary, 16716
methodologies for study of first-person experiences of consciousness, commentary, 16719
methods for study of first-person experiences of consciousness, commentary reply, 16725
microgenic approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6451
motivation, estimates of conscious & unconscious processes, college students, 16607
motivational pathways to phenomenological reduction method for study of first-person experiences of consciousness, commentary, 16699
nature of & confusion between phenomenal & access consciousness as social construction, commentary reply, 16695
nature of & confusion between phenomenal & access consciousness as social construction, commentary, 16705
neural cognition as supported by non-neural storage of 3-dimensional model of local space used in movement planning, theory & basis of phenomenal consciousness, 13374
neural structures, meditation vs resting state of normal consciousness, yoga instructors, 13559
phemenology & physiological correlates of self awareness of consciousness in absence of perception during Transcendental Meditation, adults (mean age 22.5 yrs), 36516
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary reply, 16724

phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16713
phenomenological approach to study of first-person experience of present time consciousness in human temporality, 16723
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16707
phenomenological approaches to study of first-person experiences of consciousness, commentary, 16708
phenomenological reduction method for study of first-person experiences of consciousness, 16697
phenomenology & time consciousness & perception of other's body vs intention, implications for infant & child development, 13861
philosophical & religious & transpersonal psychological & mystical views on consciousness & hierarchy of developmental stages of spirituality & mind, 30081
philosophical dissolution & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6468
physiological correlates of acceleration-induced loss of consciousness, healthy adults, implications for near death experience & tunnel vision, commentary, 29948
positive superego interpretations of religious experiences & role in personality change & alternate states of consciousness, 7632
preconscious control of female stereotype activation through chronic egalitarian goals, human males, 27387
presence or absence of auditory evoked potential & disappearance & reemergence of auditory sensation during induction of & recovery from anesthesia, 16545
psychodynamic & cognitive & folk psychology views of unconscious processes & subliminal perception & stimulation & modern research on emotion & psychopathological anxiety, 24153
psychological correlates of state & trait flow, nonelite Masters athletes aged 25 yrs & older, 9657
psychology research as means of studying first-person experiences of consciousness, commentary, 16693
psychotherapeutic perspective of schizophrenic process & emergence of consciousness in recent history & phenomenological causality, 18538
relation of dream content to state or situational factors that define content of altered states of consciousness, 3614
semantics & physiology of hypnosis as an altered state, 322
semantics & physiology of hypnosis as an altered state, commentary reply, 323
semantics & physiology of hypnosis as an altered state, commentary, 315
semantics & physiology of hypnosis as an altered state, commentary, 317
semantics & physiology of hypnosis as an altered state, commentary, 320
semantics & physiology of hypnosis as an altered state, commentary, 324
shape perception & deficits of visual consciousness vs visual function, 24 yr old male and 50 yr old female with homonymous right hemianopias, 5445
stages of conscious & unconscious processing of emotional stimuli & automatic cognitive biases occurring in different emotional states, implications for health consequences of emotional writing, 23113
study of first-person experiences of consciousness, commentary, 16700
subjective unity of streams of conscious experience in William James' theory of the mind, 16694
subjective vs objective awareness of private mental & physical objects in consciousness, argument against physicalism, 318
subjectivity of all observable phenomena & implications for empirical method in scientific research, commentary on articles exploring first-person experiences of consciousness, 16726
theory of anticipatory consciousness as response to Dewey's critique of reflex-arc concept, implications for theories of perception, 1
theory of transpersonal psychiatry, 31575
transdisciplinary relationship/influence mapping of concepts & ideas of consciousness, 321
transpersonal experiences & emotional conflict & cognitive abilities, creativity, visual artists vs actors vs people in non-artist field, 32897
Unitary Thesis vs distinction based theory of consciousness & inductive & deductive arguments rejecting state & transitive & creature subtypes of consciousness, 26461

Consciousness States [See Also Awareness, Wakefulness]—Books

At play in the fields of consciousness: Essays in honor of Jerome L. Singer, 13376
Brain mystery light and dark: The rhythm and harmony of consciousness, 30082
Children's dreaming and the development of consciousness, 10748
Consciousness and behavior (4th ed.), 6939
Critique of impure reason: An essay on neurons, somatic markers, and consciousness, 13375
Models of the self, 19893
The mysterious flame: Conscious minds in a material world, 17146
The primacy of movement, 26383
The race for consciousness, 26464

Consciousness States [See Also Awareness, Wakefulness]—Chapters

Anti-individualism and privileged access, 4348
Building a picture of the brain, 26659
Chronic pain and consciousness: A constructivist perspective, 14932
Consciousness and meaning, 13332
Consciousness and mind as philsophical problems and psychological issues, 145
Consciousness as self-function, 19908
Consciousness it/self, 19904
Cyberspace, or the ubearable closure of being, 26891
The dialogue of the soul with itself, 19896
Exceptional persons: On the limits of imaginary cases, 19569
Experiential clarification of the problem of self, 19911
Forgetting and reexperiencing trauma: From anesthesia to pain, 24355
"Gnothi Seayton" (know thyself), 19916
The history of dual-process notions, and the future of preconscious control, 16622
"I" = awareness, 19899
Independent emotions and consciousness: Self-consciousness and dependent emotions, 13330
Intentions, consciousness, and pretend play, 17217
The interpretation of dreams from the perspective of cognitive-experiential self-theory, 13324
Language, levels of consciousness, and the development of intentional action, 17231
Mental and bodily awareness in infancy: Consciousness of self-existence, 20639
Modes of conscious representation and their exploration through psychotherapy, 13377
Natural answers to natural questions, 36655
On "being faceless": Selfhood and facial embodiment, 21013
Pathologically divided minds, synchronic unity and models of self, 21062
Phenomenal consciousness and self awareness: A phenomenological critique of representational theory, 19917
Privileged self-knowledge and externalism are compatible, 4354
A rDzogs-chen Buddhist interpretation of the sense of self, 19903
Reduction and the self, 19895
Schizophrenia, self-consciousness, and the modern mind, 21168
The self and the SESMET, 19914
The self in contextualized action, 19902
Streams of thought about the self and significant others: Transference as the construction of interpersonal meaning, 13327
Subject and object, 19900
Three laws of qualia: What neurology tells us about the biological functions of consciousness, qualia and the self, 19910
Toward a neurocognitive processing model of imaginal thought, 13320
What an anti-individualist knows *a priori*, **4331**
What does mysticism have to teach us about consciousness?, 19901
Why study Wundtian psychology?, 3616

Conservation (Concept)—Serials

conservation & self-rated social desirability & teacher-rated assertive social skills & shyness-anxiousness & acting out & individual differences in susceptibility to leading questions, 1st graders, 841

Conservation (Concept)—Chapters

Some recent research and its link with a new theory of groupings and conservations based on commutability, 4457

Conservation (Ecological Behavior)—Serials

analysis of population growth & deforestation, Costa Rica, 1973–1983, 3194
animal behavior & conservation biology, 336
attitudes toward & demographic patterns of response to voluntary & mandatory measures of urban water conservation program, residents, 22742
beliefs about environmentally responsible consumerism & environmental attitudes & motives & recycling behavior, adults, 9703
eco-psychological approach to shopping & recycling & other environmentally relevant behavior & person–environment relationship & social & psychological meaning, 39031
ecological restoration field work in environmental education classes, ecological behavior & environmental attitudes, college students, 25719
educative vs price-structuring approach, strategic management of domestic water consumption & conservation, parents & teachers & high & elementary school students, 7-yr study, 32451
emotions & emotional affinity toward nature, nature-protective behavior, Ss with average age of 33 yrs, 16228
environmental attitudes & behaviors, African vs Euro-Americans, 16231
environmental attitudes & ecological behavior, 20–82 yr old members of ecological transportation vs automobile drivers' interest associations, 16227
experienced social norm & assumed environmental consequences of behavior & personal norm, recycling behavior, human Ss , 32439
feedback conditions & income constraints & behavioral aspects & environmental attitudes & socio-demographics, energy consumption, residents, 9 mo study, 16226
individual thresholds for recycling & subjective expected utility of disposal alternatives, 18–86 yr olds, 32446
individual water metering, water conservation behavior & attitudes, adult consumers, 22697
natural resources & human consumption & sustainment of human life as factors in analysis of optimum population size for North & Latin America, 3193
normative feedback vs factual information vs pleas, curbside recycling behavior changes, households, 16232
possible mechanisms for spillover processes between pro-environmental behaviors, Danish adults, 16234
prairie dog & land management values & attitudes & knowledge & perception, rural & urban resident & ranchers & conservation organization members, implications for prairie dog conservation, 26004
proenvironmental behaviors vs perceptual vs behavioral characteristics, voluntary simplicity lifestyles, females (mean age 52.6 yrs), Japan, 33979
role of responsibility & ecological behavior, 20–82 yr olds, 39043
science & human–environment relationship & steps toward sustainable use of earth, 3192
self reported recycling behavior, compensation for less environmentally friendly behavior, adults, 9702
sex ratio & age composition & level of education, giant panda habitat in Wolong Nature Reserve, 0–84 yr olds, 1982–96, 35762
single-use paper & pencil vs ecologically minded reusable approach to administration of neuropsychological tests, test performance, college students , 22892
sociodemographic & interest factors & values that affect public attitudes toward & confidence in agencies implementing voluntary grassroots approach to salmon recovery in Oregon, 35765
theory of planned behavior & environmental knowledge & past behavior, prediction of wastepaper recycling intention & reported behavior, college students , 32441
theory of planned behavior & perceived moral obligation & perceived water right as predictors of intention to conserve water, government employees, 32445
waste diversion behaviors & motivations & policy perceptions & environmental attitudes & recycling intensity, households in Greater Toronto Area, 16233

Conservation (Ecological Behavior)—Chapters

Choice of transportation mode: Factors influencing drivers' willingness to reduce personal car use and support car regulations, 32453
Curbside recycling: Does it promote environmental responsibility?, 32454
Solving natural resource dilemmas through structural change: The social psychology of metering water use, 32455

Conservatism—Serials

beliefs in responsibility & improvement associated with liberal-conservative justice beliefs, 13–82 yr olds, 17611
conservatism & values as predictors of negative stereotypes of gay men & lesbians, males vs females, 20913
conservatism of religious climate & geographical distribution & late life depression symptoms, 55–85 yr olds, Netherlands, 27581
traditional beliefs & practices, contemporary marijuana use & mental health problems, inpatients, Malawi, 1753
traditionalism & materialism & sense of alienation country-level characteristics & economics & religion & polity type, individual attitudes, adults, 6 countries, 11211

Conservatism (Political) [See Political Conservatism]

Conservatorship [See Guardianship]

Consistency (Measurement)—Serials

adequacy & person-reliability of content-consistency & within-session profile-stability of responses to Basic Personality Inventory, 18–74 yr old psychiatric patients , 35936
consistency between performance-based assessment reports & independent ratings in appraising multiple intelligences, kindergarten students, 6574

consistency in reactions to challenging situations, Food Competition Test & Open Field Test & Social Test, prepubertal gilts, 16869
latent class variability model, estimation of consistency of interindividual differences & occasion specificity, 17–77 yr olds, 9963
stability of classification of disability sub-groupings, 8 yr olds with specific language impairment, England, 35930
use of generalizability theory for assessing dependability of measurement & errors of measurement in counseling psychology research, 16407

Consonants—Serials

acoustical parameters playing a role in the production of geminate consonants in Italian & perceptual importance of acoustical parameters, native adult speakers of Italian, 36666
consonant recognition & degree of spectral resolution of speech stimulus, 45–70 yr olds with sensorinueral hearing loss, 31370
consonant vowel intensity ratios, maximization of consonant recognition, hearing impaired adults, erratum, 2114
development of clinical test for viseme recognition for Quebec French, 18–30 yr olds, 4365
linguistic processing & experience, left hemisphere advantage for brief & spectrally complex oral click consonants, 18–35 yr old Zulu vs English language listeners, 10393
narrow-band temporal envelopes & different modulation frequency, consonant recognition, 18–40 yr olds, 13246
number of pitch periods & pitch periods from syllable onsets &/vs offsets, identification of /d/-vowel-/d/ syllables by male speaker, college students, 32872
perceptual &/or acoustically distinctive production factors in cross-language syllable structure preference for initial vs final consonants, college students , 32881
phonological skill training, consonantal phoneme deletion & word reading in English, younger (mean age 12.7 yrs) & older (mean age 15.8 yrs) adolescent Chinese females , 13933
probability estimates & paths to consonant normalization, male vs female 3–5 yr olds with speech delay, 18216
speech vs simultaneous communication, sentence duration & voice onset time of plosive consonants in stimulus words, inexperienced female sign language users, 10703
survival analysis of consonant normalization, 3–5 yr olds with speech delay, 2 yr study, test of strong delay hypothesis, 18217

Constant Time Delay—Serials

quadruple instructional arrangement using constant time delay, acquisition & generalization of gift wrapping skills, 8–11 yr olds with moderate mental retardation, 27967

Constipation—Serials

bupropion & lithium, constipation, 80-yr-old female with major depression, 21909

Construct Validity—Serials

applicant comparison & construct validity & intentional distortion issues in social desirability corrections in personality measurement, US Army personnel, 20906
appraisal of H. J. Eysenck's biological & descriptive theory from perspective of construct validity, 7972
bootstrap evaluation of procrustean rotation of factor analysis & differences of target & rotated factor matrix & least-squares goodness-of-fit construct validity in education & psychology & behavior, 9973
childrearing antecedents of adult object relations & temporal stability & construct validity, kindergartners, 36 yr study, 20548
competing values framework constructs of rating scale of organizational effectiveness & validity & reliability using structural equation modeling, hospital managers & supervisors (mean age 40 yrs), 9815
conceptual & methodological aspects of construct validation in clinical psychology, 22929
concurrent & discriminative & construct validity of Wolinsky Amnesia Information Test, measurement of cognitive status, 18–59 yr old patients with definite or suspected closed head injury, 29381
confirmatory factor analysis approach to construct validity of responses to How State Scale &/vs Flow Trait Scale, measurement of ¡sychological process of flow, athletes, 35903
construct & concurrent validity of modified Penn Interactive Peer Play Scale, 37–64 mo old African American Head Start children, 9512
construct & discriminant & convergent validity of Measure of Ingratiatory Behaviors in Organizational Settings scale, working adults, 6677
construct analysis of hope & will & ways & self-efficacy & optimism & general well-being constructs on Hope scale, 17–50 yr olds, 19599
construct validity & concept of personality rating scales for measure of teacher autonomy, primary & secondary teachers, 9836
construct validity & internal consistency of a Chinese Chronic Illness-Related Stress Inventory, primary care patients with chronic illness, 26204
construct validity & intrascale reliability of Family form of the Frontal Lobe Personality Scale, measurement of neurobehavior, frontal lobe vs non-frontal brain damaged Ss, 35898
construct validity & item functioning of general health perceptions scale in Danish version of Medical Outcomes Study Short Form 36, age & self-ratings of health, Ss aged 16 yrs & over, 25325
construct validity & mental health correlates of Child & Adolescent Scale of Irrationality, irrational thought & emotionality, 10–17 yr olds, 32630
construct validity & psychometric properties of self-complexity component measures vs dimensionality statistic, college students, 19601
construct validity of Aggression Questionnaire hostility & anger scales, prediction of anger in response to mistreatment, college students, 41
construct validity of Alberta Assessment & Placement Instrument, 65–98 yr old long-term care clients admitted vs not admitted to home care, 1 yr retrospective followup, Canada, 2634
construct validity of Beery's Developmental Test of Visual–Motor Integration, Taiwanese 3.3–13.3 yr olds, 36748
construct validity of criticism & attachment behavior & positivity as model of expressed emotion, relatives & 18–62 yr old outpatients with obsessive-compulsive disorder or agoraphobia, 11317
construct validity of eating disorder continuum hypothesis, female college students , 14879
construct validity of Egna Minnen Barndoms Uppfostran, perception of parent child rearing behavior, 13–21 yr old male offenders vs 12–27 yr old male vs female non-offenders, England, 21372
construct validity of French version of Dissociative Experiences Scale, rape victims (mean age 23.6 yrs), scale appended, 19615
construct validity of general & academic self concept, commentary & reanalysis, 32720
construct validity of Internalizing Symptom Scales for Children, male vs female emotionally disturbed & regular 10–13 yr old African American students, 16351
construct validity of item response theory model, measurement of phonological awareness in reading development, 5–7 yr olds, 30188
construct validity of Medical Outcomes Study cognitive function scale, HIV patients, 4 mo study, 3330
construct validity of Miller Assessment for Preschoolers, 2.8–5.7 yr olds with developmental delays, 8429
construct validity of Multigroup Ethnic Identity Measure, assessment of ethnic identity & salience of ethnicity & psychological well-being, 12–14 yr olds from diverse ethnic groups, 29336
construct validity of neuropsychological tests, assessment of attention & memory & abstract reasoning abilities, male schizophrenic inpatients, 6601
construct validity of Physical Self Perception Profile, male vs female physical education college students, 17665
construct validity of physiological hyperarousal in tripartite model of depression & anxiety, psychotherapy outpatients & air force cadets & undergraduates, 21036
construct validity of rating scales to measure behavioral severity of canine compulsive disorder, 26
construct validity of Rogers Criminal Responsibility Assessment Scales, insanity defense cases, 26157
construct validity of Role & Conflict Ambiguity Scales, European occupational Ss, 118
construct validity of self reported impulsive vs premeditated aggression, college students, 24383
construct validity of self- & community-orientations of consumer empowerment as assessed with the Empowerment Scale subscales, mental health service consumers with Axis I disorders, 29363
construct validity of Task-Specific Self-Efficacy Scale & Skills Confidence Inventory as measures of vocational behavior, college students, implications for occupational guidance, 32725
construct validity of Visual Reproduction cards from Wechsler Memory Scale vs cards from revised Wechsler Memory Scale, cardiac & pulmonary disease patients, 104
construct validity of Ways of Coping Questionnaire scores assessed by confirmatory factor analysis of alternative factor structures, college students, 6584
construct validity, AAMR Adaptive Behavior Scale-School: 2, school age children with mental retardation, 16380
critical analysis of construct validity & utility of metacognition in psychological studies, 19801
development & construct validity & reliability of Miville-Guzman University-Diversity Scale, assessment of awareness/acceptance of diversity, ethnically diverse undergraduates, 24031
development & construct validity of Hypercompetitiveness in Academia scale, college students, 29420
development & factor structure & construct validity of condom perception scale, assessment of perceived benefits & barriers to using condoms in preventing sexually transmitted diseases, 13–26 yr olds, 36012
development & validity & reliability of Chemistry Laboratory Anxiety Instrument (CLAI) rating scale, undergraduates, 9939
development of humiliation assessment scale, 15–51 yr olds, 22848
dimensionality & validity, Burnout Measure, Dutch human services professionals, 6675
discriminant & convergent construct validity of rating scale for negativism independent of stress–strain relations & comparison to other scales, 18–46 yr olds, 9835
discriminant validity of life satisfaction & self esteem constructs assessed by Self-Description Questionnaire-II & Student's Life Satisfaction Scale, middle & elementary school children, 13043
distinctness of DSM-IV substance abuse & dependence constructs, 14–18 yr olds, 30883
distribution characteristics & reliability & validity of noise-sensitivity measures, college students, 35880
equivalence of Forms A & B of California Critical Thinking Skills Test, college students, 9841
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, 16309
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, commentary, 16311
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous–successive processes of intelligence, 5–17 yr olds, commentary reply, 26103
factor analysis & construct validity of Psychopathy Checklist—Revised, White vs Black vs Hispanic male vs female 19–57 yr old alcoholic inpatients, 35970
factor structure & reliability & construct validity of Exercise Motivation Scale, 17–30 yr olds, 16301
factorial & construct validity & reliability of Egna Minnen Betraffande Uppfostran short-form measure of perceived parental childrearing behavior, 17–51 yr olds, Greece & Guatemala & Hungary & Italy, 26114
factorial construct validity of Extended Attributional Style Questionnaire, undergraduates, 16320
factors of empowerment in & construct validity of Psychological Empowerment Scale & relationship between self determination & job impact, 19–65 yr old nurses, 9950
internal structure & construct validity & correlation with health & personality variables of Satisfaction With Life Scale, global life satisfaction, 18 & 22 & 26 yr olds, Netherlands, 14292
interrater reliability & construct validity of clinical psychodiagnostic typologies for Alzheimers disease & progressive supranuclear palsy & frontotemporal dementia & dementia with Lewy bodies, 37873
item/scale reliability & gender effects & construct validity & factor analyses of scales in the Flynn-Elloy Conflict Management Styles Inventory, college students, 22849
lack of correspondence between cognitively complex construct definitions & cognitive assumptions involved in educational test development processes & alternative construct-centered approaches, 26231
methods variance & construct validity of single-item non-Likert vs multiple-item Likert measurement scales assessed with confirmatory factor analysis, 6553
nosological validity of dysthymia, 1552
personality & job knowledge & leadership experience, construct validity & affective reactions to situational vs patterned behavior description vs general job interview questions, business students, 22584
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals , 4112
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary reply , 4113
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary, 4261
physiological arousal as measure of construct validity of Childhood Anxiety Sensitivity Index, 8–11 yr olds, 13072
populations norms & reliability & construct validity & physical & mental component summary scores of UK SF36 version II, assessment of physical & mental health, 18–64 yr olds, 13102
psychometric properties of Multidimensional Scales of Perceived Self-Efficacy, junior & senior high school students, 9828

psychometric properties of Verbal Behavior Assessment Scale assessing communicative functions, 3–40 yr olds with severe or profound mental retardation & developmental disabilities assessed by carers, 35856
reliability & construct & predictive validity of Trust in Physician Scale, patients of primary care physicians, 22907
reliability & construct validity & factor analysis of Verbal Pragmatic Rating Scale, right brain-damaged Ss (mean age 68.9 yrs) vs left brain-damaged Ss (mean age 64.4 yrs), 29356
reliability & construct validity of alternative measures of S. H. Schwartz's theory of values, assessment of values & individualism-collectivism & goal concepts, 17–30 yr olds, 49
reliability & construct validity of Psychological Acculturation Scale, 13–58 yr old Latinos & 12–58 yr old Puerto Ricans & 13–14 yr old Puerto Ricans & their 27–57 yr old mothers, 14331
reliability & validity & construct definition, multicoder agreement in analysis of text themes, coders analyzing illness descriptions, 36089
reliability & validity of Brigance K & 1 screen, identification of children in need of more comprehensive evaluation, 52–69 mo olds attending a preschool Head Start program, 9827
scores on the 36-item Short-Form Health Status Survey, outpatients with adjustment disorder vs dysthymia vs depression, construct validity of adjustment disorder diagnostic category, 34113
test reliability & construct validity of Japanese version of Dimensions of Self Concept rating scale, high school Japanese females, 9845
test retest reliability & construct validity & appropriateness of nonpatient norms of SA-45, adults at family practice clinic, 6660
test-retest reliability & construct validity & responsiveness of Utility Based Quality of Life-Heart questionnaire, cardiac patients (mean age 60 yrs old), 32699
utility of combined aggressive movement & cooperative movement scores as Rorschach index of malevolence, 6–15 yr old sexually abused vs nonabused females, 29386
validity of Chalder fatigue scale, chronic fatigue patients (mean age 39 yrs), 109
validity of Rosenberg Self-Esteem Scale vs Coopersmith Self-Esteem Inventory & in prediction of eating disorder psychopathology, Ss with anorexia or bulimia or other eating disorder, 11742

Construct Validity—Chapters

Emotional traits and personality dimensions, 22855
Implicit self-esteem, 9857
Introduction to personality measurement, 9860
The measurement of attachment security in infancy and childhood, 19585
The measurement of mental disorder, 17852
The nomological network of teacher burnout: A literature review and empirically validated model, 22629
Personality Assessment Inventory, 26185
Psychometric issues in assessment research, 9916

Constructionism [See Constructivism]

Constructivism—Serials

cognitive-constructivist approach to personal responsibility for emotions in human relationships , 4734
cognitive-constructivist art therapy model for treatment of sexually abused early adolescent females, 8986
computational framework of life-like pedagogical agents for mixed-initiative problem solving in constructivist learning environments & implementation into science class, 7th graders, 32291
construct theory & impact of interpersonal skills & creativity in building therapeutic alliance, therapists, 34920
constructionist & deconstructionist perspectives in psychoanalysis & future of disillusion as treatment of distorting psychological processes, 31584
constructionist view of top-down/bottom-up controversy & new method for measuring top-down effects in different satisfaction judgments, 55–95 yr olds, 33864
constructist & constructionist approaches in analysis of what it means to function creatively as psychotherapist, psychotherapists, 35432
constructive consumer choice processes, 9676
constructivism & essentialism & identity formation & maintenance & cultural logic & metaphysical balance in Maya identity, 36937
constructivism & social constructionist theory in structural & strategically-based family therapists , 25084
constructivist & dialogical perspective of authoring & narration of moral selfhood & moral identity in autobiographies, 14360
constructivist & enactivist interpretation of development of knowledge-building processes in self-directed classroom building science projects, secondary science students, 25730
constructivist & systemic perspective on traditional view of crisis & crisis intervention, 15530
constructivist anti-objectivist epistemology & its connection to psychotherapeutic practice, 31425
constructivist approach to grief therapy & narrative strategies, clients in grief counseling, 12038
constructivist learning theories in instructional methods & classroom environments, older vs younger aged learners, 25737
cross-cultural & constructivist perspective of DSM mental disorders, 34079
deconstruction in literary & philosophical & psychoanalytic thought, 13868
dialogic approach to self & cognition & interactional structure in autobiographical narrative discourse, 14361
discourse analysis of conversational strategies in constructivist interview in marriage counseling, spouses, 5563
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary, 27454
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, 27449
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27450
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27455
evolutionary constructivism as vantage point for understanding substance use & addiction, cocaine users, 11599
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, commentary, 21787
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, 21781
levels of awareness in experiential personal construct psychotherapy, implications for how therapist connects with & engages creativity of client , 24985
nature of & confusion between phenomenal & access consciousness as social construction, commentary reply, 16695
nature of & confusion between phenomenal & access consciousness as social construction, commentary, 16705
network-analytic model, normative vs social constructivist processes in allocation of researchers' citations in science, 9293
ontological & constructivist perspective of classroom discourse & cultural production, elementary school children, 15982
ontological existence of self within L. Wittgenstein framework of philosophy of psychology & critique of social constructionism & theories of Vygosky and R. Harre, 20404
organizations as cultures & social constructionist evaluation of inquest process after homicide death of 21 mo old known to child protection agency, 25446
phenomenographic study of process of metacognitive awareness & constructivist models of learning & recontextualization of student conceptions, 1st yr university students, 28961
poetic construction of selfhood & relationship between narrative & self & cultural dimension of personal experience, 14356
propagation & social consequences of notions of authenticity & self-determination in construction of selfhood in counseling, 31460
reproduction in mental health practice of social construction & representation of Black male Otherness vs White male ideal self, mental health professionals & patients & carers & students & lecturers , 17473
social constructionist perspective of sexual & domestic violence, 37492
social constructionist views on relation between theory & observation, 6741
social context & life phase & constructive stage & personality style in counseling professional identity model, 32083
social-constructivist currents & postmodern epistemology & psychoanalysis & analytic discourse, commentary, 31589
social-constructivist currents & postmodern epistemology & psychoanalysis & analytic discourse, commentary reply, 31581
systemic-constructivist approach to sexual & couple psychotherapy that encourages in-depth exploration of sexual meanings & their impact on the relationship, 25023
triadic vs dyadic methods of personal construct elicitation & constructs elicited by both, 21–39 yr old counseling psychology postgraduate students, 24002
use of social constructionist approach to examine cognitive treatment program's construction of prison inmates as particular types of beings, violent offenders, 35367
value of language-oriented & social constructionist & constructivist approaches in becoming postscientific & emancipatory power of storytelling & narrative as performed conversation, 12039

Constructivism—Books

The conflict of equals: A constructionist view of personality development, 20964
Constructing (in)competence: Disabling evaluations in clinical and social interaction, 17594
Conversations about psychology and sexual orientation, 33842
The culture of the mathematics classroom, 6254
The emotional self: A sociocultural exploration, 4558
Learning through children's eyes: Social constructivism and the desire to learn, 28916
The psychology of human possibility and constraint, 13863
Social constructionism: Discourse and realism, 4324
Techniques in marriage and family counseling, Vol. 1, 38137

Constructivism—Chapters

Beyond constructivism in the life sciences, 25703
Classroom choices from a cognitive perspective on peer learning, 19278
Constructivism, communication, and cooperation: Implications of Michael Chapman's "epistemic triangle", 10157
A constructivist perspective on the culture of the mathematics classroom, 6257
Cultural perspectives on mathematics and mathematics teaching and learning, 6189
The culture of the mathematics classroom and the relations between personal and public knowledge: An epistemological perspective, 6109
Designing constructivist learning environments, 22479
Designing instruction for constructivist learning, 22488
A dialectical constructivist view of representation: Role of mental attention, executives, and symbols, 10827
Early syntactic development: A Construction Grammar approach, 23749
The emergence of recovered memory as a social problem, 24499
Epistemology, expectation, and aging: A developmental analysis of the gerontological curriculum, 1024
Implications of Piagetian theory for peer learning, 19318
An interpretation of the "self" from the dynamical systems perspective: A constructivist approach, 19915
The missing link: Social and cultural aspects in social constructivist theories, 6226
Overview: Realism, relativism, social constructionism and discourse, 4337
The perverse and pervasive character of reality: Some comments on the effects of monism and dualism, 4351
Picture this: Wittgenstein and personal construct theory, 21712
Reclaiming the natural line in Vygotsky's theory of cognitive development, 7477
Reports written by speech-language pathologists: The role of agenda in constructing client competence, 19115
Searching for learner-centered, constructivist, and sociocultural components of collaborative educational learning tools, 2884
Situational models and concepts in story comprehension, 32942
The social construction of meaning and cognitive activity in elementary school children, 7479
Social constructionism and revolutionary socialism: A contradiction in terms?, 4355
Social represenations and development: Experts' and parents' discourses about a puzzling issue, 4506
Total quality management in the UK service sector: A social constructivist study, 25896
Trauma talk in feminist clinical practice, 38062
The vision of Adler: An introduction, 21759
Yin and *Yang* of the Japanese self: The cultural psychology of personality coherence, 17642

Consultation (Professional) [See Professional Consultation]

Consultation Liaison Psychiatry—Serials

advantages of psychiatric liaison attachment between physicians in family medicine clinic & consulting psychiatrists, psychiatrists & family physicians & patients, 12 mo study, 35161
annotated bibliography for ethics training in consultation-liaison psychiatry, 35405
clinical vs management role of consultant psychiatrist in public mental health service, commentary, 2581
clinical vs management role of consultant psychiatrist in public mental health service, commentary, 2565
clinical vs management role of consultant psychiatrist in public mental health service, 2554
evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, commentary, 2574

evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, reply, 2572
hematologic side effects of psychotropics, 35006
overt & covert aspects of competency evaluations on consultation-liaison service, patients referred for competency assessment, 12487
psychiatric consultation liaison services in neonatal intensive care unit, 38473

Consultation Liaison Psychiatry—Books

Sigmundoscopy: Medical-psychiatric consultation-liaison: The bases, 31914

Consumer Attitudes [See Also Brand Preferences, Consumer Satisfaction]—Serials

ambient task complexity & nature of intrinsic attribute information, global product stereotypes & heuristic processing, college students, 39022
antecedents of search & high- vs low-self-esteem, search effort & product knowledge, 14–17 yr old consumers, implications of intrinsic–extrinsic motivation model, 30223
attitudes toward & confidence in advertising, 18–64 yr old consumers, 6405
attitudes toward advertising by optometrists, media consumers, 3173
attitudes toward dependence, satisfaction with suppliers, office systems & furniture dealers, 6389
attractiveness of extrabrand attributes, adoption of innovative products, 23–85 yr old consumers, 32418
being placed on hold, perceptions of service quality, customers, 29186
beliefs about environmentally responsible consumerism & environmental attitudes & motives & recycling behavior, adults, 9703
brand name's suggestiveness & decision task, brand information encoded & recalled, college students, 39026
comparative & noncomparative product information in ads, beliefs about competitive ads, consumers, 16210
conceptual & empirical comparison of ratings- vs choice-based conjoint approaches, 6396
conjoint analysis of structure & pattern of patient–consumer preference for treatment attributes, medical decision making, parents of 4–15 yr olds needing growth augmentation therapy, 5774
consumer attitudes toward expression of negative moral opinion, 17–48 yr old consumers, 25988
consumer knowledge & satisfaction & product involvement & perceived risk, clothing brand loyalty, female vs male consumers, South Korea, 25993
consumer schemas influencing reactions to sport sponsorship forms of advertising, college students, 12920
consumer socialization & parental style & consumer-related developmental expectations, Japanese vs American mothers of 3–8 yr olds, 29185
contextual effects & comparative vs noncomparative information formats, revision of evaluative judgments in omission-detection paradigm, college students, 29178
contextually detailed ads, brand attitudes & intentions under retrospective vs anticipatory self-referencing, college students, 29177
core life values, product consumption, 30–50 yr old mothers, implications for marketing, commentary, 6388
country of origin, perceived quality & product attitudes & purchase intention, consumers, 39028
credibility & quality observability of brand ally, quality perceptions, customers (aged 20–49 yrs), 22718
customer incorporation in visualization & imagination vs memory visual imagery use in design process, originality & customer appeal of product designs, engineering student designers, 16211
customer perception of salesperson's affect towards customers, persuasiveness of salesperson, college students, 12921
demographic characteristics, attitudes toward money, 18–67 yr old residents of Mexico, implications for refinement of the Money Attitudes Scale, 22708
development & validation of fuzzy set-based measures of gradedness of product attributes in product categorization, college students, 13146
development & validity & reliability of measure of subjective consumer knowledge, 17–83 yr olds, 36055
development of model to assess perceived justice in customer satisfaction of service recovery, customers in hotels & restaurants, 35728
development of scale measuring attitudes toward purchasing nonprescription contraceptives, 32729
differences in psychological constructs & attitudes toward euro currency & monetary system, adults, 15 European countries, 9683

critical attributes & antecedents & outcomes in content analysis of concept of hope in nursing, 9093
development of content analytic measure of cognitive bias, college students, 29316
discovery of cognitive impairment & other neuropsychiatric dimensions through content analysis of speech samples, 20–74 yr olds who stutter, 27990
early recollections, 22–39 yr old counselor-trainees vs counseling clients , 19853
feasibility & utility of patient diaries, experience of patients with low back pain in 18–65 yr olds, 35068
frequency & content of alcohol advertisements, Brazilian television 1992–93, 20811
gesture & speech production & informational content in spatial description tasks, congenitally blind vs sighted 9–18 yr olds, 24881
grounded theory analysis of qualitative research on interpersonal communication in ''Human Communication Research'' academic journal & for construction of model, 23645
institutional sources & primary contributors & program affiliations of contributors in publication patterns of ''The Personnel & Guidance Journal''/'Journal of Counseling & Development', 1978–93, 2178
interdisciplinary approach for analysis of influential interaction of dreams & films as reflection of culture & dimensions of human development:, 17168
linguistic & emotional & content analysis of sexually explicit scenes in men's vs women's popular novels, college students, 4320
mentors, appearance & content of student posters, 32223
metacontent analysis of sexuality during pregnancy & after childbirth, couples, 1950–96, 30325
methodology & application of conversation analysis to aphasia research, 21620
number of male vs females in vignettes in psychiatric textbooks, messages conveyed to trainees regarding patient care, 25613
perceptions of life with epilepsy, textual analysis of health-related quality of life components, 6–10.3 yr olds with epilepsy & their parents, 37905
procedures for use of qualitative & quantitative techniques to assess an instrument's content validity, 22950
psychopathy & anxiety level, coherence & integration of narratives based on personal experience, male minimum security inmates, 14642
quantitative content analysis & subsequent linguistic analysis of representation of foreign in British & Polish presses, 809
race & social construction of family life in Sunday comics, 10686
reliability & validity in content analysis, 32759
statistical significance & reliability analyses in recent 'Journal of Counseling & Development' research articles, 20
temporal reliability of conversational analysis for investigation of collaborative repair during conversations, 39–83 yr old patients with aphasia & their relatives, 21594
themes in content analysis of depictions of breast cancer in mass circulation magazines, 1974–1995, 23639

Content Analysis [See Also Discourse Analysis]—Books

Doing qualitative research using QSR NUD*IST, 22832

Content Analysis [See Also Discourse Analysis]—Chapters

The 1943 images: Their origin and history, 32624

Content Analysis (Test)—Serials

adequacy & person-reliability of content-consistency & within-session profile-stability of responses to Basic Personality Inventory, 18–74 yr old psychiatric patients , 35936
item & scale level analyses of factor structure of MMPI-A content scales, male &/vs female 13–18 yr olds in normative sample & subsample receiving psychiatric services, 3321

Contextual Associations—Serials

192 IgG-saporin lesions of cholinergic input to hippocampus, blocking of conditioning to additional CS in Pavlovtan appetitive conditioning paradigm, male rats, 36400
7-nitroindazole, locomotor activity & contextual fear conditioning, male rats, 4208
ABA & AAB renewal to UCS signal value & responding in extinction in different contexts during appetitive conditioning preparation, rats , 13399
affect of scopolamine on 2 related forms of long-term habituation, crabs, 20261
age, judgments about use of consensus vs majority rule vs authority based decision-making procedures in peer vs family vs classroom context, 1st–6th graders, 17344
alterations in hippocampal microtubule-associated protein-2 during consolidation of contextual memory, rats, 13600
associative & rule-based theoretical model of social-cognitive & psychological factors in HIV-related stigma, 18313
attentional bias in correlation judgments, experimental replication & application of associative & causal induction models, 6873
bupivacaine in nucleus accumbens, acquisition & expression of contextual fear conditioning, male rats, 36564
cellular neuroadaptations underlying interactions between pharmacology of & learned associations made with pharmacologic effect of cocaine & associated behavioral changes of paranoia & craving, 1783
characteristics & context & consequences of & psychotherapeutic techniques used in memory recovery of adults in therapy, therapists, 31417
cognitive interview reinstate context vs mental & physical context reinstatement vs multiple reinstatement of context, recall, 19–46 yr olds, 1-wk & 3-mo followups, 29628
cognitive processing & memory accessibility of knowledge associated with social norms, college students & 10–11 yr old students, 26977
comprehension of idiomatic expressions with respect to presence of linguistic context & level of semantic analyzability of idiom's meaning, 6.4–6.6 vs 7.2–7.10 vs 9.2–9.11 yr olds, 13945
concrete vs abstract news items with vs without addition of representative picture, recall of news items, college students, 6900
conditioned effects & contextual sensitization to apomorphine-induced wall climbing, male albino mice, 23475
conditioning of & contextual sensitization to apomorphine-induced climbing, male mice, test of habituation hypothesis of conditioned drug effects, 17109
conjunctive representation vs saliency enhancement view of contextual fear conditioning after hippocampal damage, rats, 36456
consistency of context, accuracy of description & weapon focus effect, undergraduates, 29250
context & grammar, stopped-making-sense judgments & thematic assignment & verb role perception & reading comprehension, adults, 23078
context & novel/unlexicalized metaphorical vs literal vs dead/unlexicalized word use, semantic decision & retrieval time, college students, 29555
context association & homophone/homonym errors in word classification & identification & phrase evaluation tasks, undergraduates, 10707
context effects in recognition memory, undergraduates, 29630
context manipulations of traditional treadmill protocol during transitional stepping period, alternating steps & other step types & overall number of steps, 9.5–18.5 mo olds with Downs syndrome, 5157
context of multifaceted stimuli & accentuation & sensitization effects in categorization, college students, 36215
context reinstatement as reminder of event, recall enhancement, 5–7 yr olds, 6 mo study, 23716
context-dependent memory for meaningful material, 17–56 yr olds, implications for students & test taking, 6906
context-sensitive & cross-task performance on versions of Continuous Performance Test & Stroop & lexical-disambiguation tasks as cognitive deficit measures, adults with schizophrenia vs depression, 11318
contextual & hand postural changes, kinematic properties of pointing & drawing movements, 55 yr old male with primary writing tremor, 24845
contextual & procedural determinants of partner selection, college students, 30465
contextual conditions leading to local item dependence in science performance assessment responses, elementary school students, 26224
contextual constraint in lexical ambiguity resolution in cerebral hemispheres, college students, 6872
contextual effects & comparative vs noncomparative information formats, revision of evaluative judgments in omission-detection paradigm, college students, 29178
contextual effects of differing rod lengths & mass position & adaptation of narrow vs wide range, dynamic touch, undergraduates, 23003
contextual features as creators of distrust of opponents & distrust as an obstacle in environmental-economic disputes, 19477
contextual knowledge in word knowledge & meaning, 13873
contextual reasoning ability via Cognitive Bias Task, patients with schizophrenia (mean age 29.6 yrs), 24294
contextual role of numerical anchors in interpretation of probability expressions, college students, 7305
contextual variability & serial position, delayed & continuous free recall, undergraduates, 23134
contextualized vs word problem math instruction, problem-solving performance & computation skills, 8th grade remedial math students vs prealgebra students, 28930
contextually detailed ads, brand attitudes & intentions under retrospective vs anticipatory self-referencing, college students, 29177
dentate gyrus–hilus system as latent-attractor neural network in computational connectionist model of spatial context-dependent place representation, 32485
development of channel & sequence effects of contextual knowledge, empathic saccuracy, college students, 33970
diazepam, proactive interference & list discrimination in temporal context encoding impairment, healthy adults, 4156
diffuse contextual stimuli with embedded associations & contextual stimuli with features that preceded associations, associations between contexts & features, rats, 23199
discriminative fear conditioning to context, physiological & behavioral measures of fear, male rats, 19928
discriminative vs nondiscriminative contextual fear conditioning with footshock, acoustic startle response & fear measured by freezing duration & defecation, male rats, 3652
dynamic visual environments & learned visual covariation, object recognition & search behavior & top-down visual knowledge, college students, 29484
effect of test room odors on performance & of odor-related visual cues on subsequent implicit memory for odors in rating odor–environment fit & odor identification & naming, adults, 26307
effects of programme context of news vs comedy show on memory of humorous vs non-humorous television commercials, 16–18 yr olds, 6905
environmental context changes between study & test, recognition memory for unfamiliar faces & unfamiliar vs familiar words, college students & staff members, 10212
environmental context, sensitization of amphetamine-induced stereotyped behavior, male mice, 26737
EPs in dual-coding & context-availability & concrete or abstract word effects in sentence comprehension, college students, 16642
excitotoxic lesions of nucleus accumbens shell vs core, aversive Pavlovian conditioning to discrete & contextual cues, male rats, 26629
explicit echo of previous mention of vs allusion to sarcastic statement & vocal intonation, comprehension of sarcastic speech, 6–10 yr olds, test of echoic mention theory, 17263
exposure therapy, subsequent return of fear in same vs different context, college students highly afraid of spiders, 1 wk followup, 28338
exposure to dissimilar exemplars of ingroup vs outgroup subtypes, perceptions & context sensitivity of sex subtypes, college students, 14193
eye movement control & scene memory across saccades & scene context & object identification in scene perception, 13176
familiar context, ability to produce target duration, 3–5.5 yr olds, 17247
fear-potentiated startle conditioning to explicit & contextual cues, male Gulf War veterans with vs without PTSD, 11465
generation effect for item & source memory during simulated social conversation task, college students, 32964
global structure & temporal organization, knowledge-based musical expectancies & chord processing, college student listeners with vs without music training, 6795
hippocampal ibotenic acid lesions, contextual learning & fear conditioning, inbred DBA/2 vs C57BL/6 mice, 343
hippocampal lesions, learning of negative patterning task, pigeons, 16901
home cage & separation contexts & sex, acoustic parameters of phee calls, common marmosets paired with new mate vs separated from natal group & new mate, 29735
ibotenate lesions of hippocampus, spatial learning & contextual fear conditioning, male mice, 7031
importance of inhibitory abilities & semantic context to spoken word recognition, young (mean age 20 yrs) vs old (mean age 75.5 yrs) Ss, 30136
instructional modeling, acquisition of word meaning from context, less-skilled 5th & 6th graders, 25769
interpopulation & context related differences in response to predation risk from lobsters &/vs asteroids, whelk in presence vs absence of feeding opportunities, 16738
involvement of dopamine & glutamate neurotransmission & neural substrates mediating context-dependent sensitization to psychostimulants, 26823
meanings & contexts & sexual cultures & HIV in Cambodia, 13–26 yr olds, 28083
media viewing context, affective responses to & attitudes toward & cognitions about ad & brand, female college students, 22700

modularity hypothesis & context effects in early lexical processing, 19819
motor cortical encoding of serial order in context recall task, monkeys, 16904
multiple forms & contexts & dynamics of empowerment, employees, support for empowerment theory, 6312
natural vs simulated context, motor skill acquisition & transfer, 19–31 yr old college students, 13256
neurophysiological substrates of context conditioning & learning & memory, Hermissenda, 33256
nicotine & its antagonist mecamylamine, contextual fear conditioning, mice, 23510
object recognition &/vs memory for object location & object context, male rats, 13395
olfactory stimuli, context-dependent effects in infant memory, 3 mo olds, 7430
on-air TV program promos carried within vs adjacent to situation comedies, ratings of promoted programs, 13881
optimal acceptance threshold model, context dependent nestmate discrimination, paper wasps, 3765
order of sequence of sentences in narrative text, metamemory judgments & object-level recall, 18–40 yr olds , 19843
perceptual & emotional detail of simulated accounts & induced suspicion, judgments of believability of accounts as actually experienced event, adults, 4750
performance on paired associate learning & contextual generalization tasks, learning disabled 9.5–11 yr olds, 5152
preinformation vs postinformation correction for influence of trait priming task, adults (mean age 21 yrs), 11166
prevalence & predictive inferences & their persistence in memory during reading, college students, 23141
priming context of & stimulus onset asynchrony between context & target words, predictive inferences & processing time in reading, college students, 36211
priming for nonwords & new associations during acquisition of novel traces in short term implicit memory, college students, 32921
rationale for & overview of contextual factors informing play-based program planning for preschool children with disabilities, 35550
reading time & regressive eye fixations while reading sentences with signals to cohesion, models of bridging inference for resolution of textual cohesion, college students, 16602
referential context & lexical frequency, syntactic ambiguity resolution in discourse, college students, 246
reinforcement schedule as context for prefeeding & extinction resistance, pigeons, 10280
reinforcement vs nonreinforcement & place context A vs B & taste aversion conditioning, discriminatory intake of vinegar with vs without lithium vs coffee with vs without lithium, rats, 23206
reliance of evaluation process on comparative context of alternatives, graduate students, 19824
resources & states of recurrent neural network in processing of deterministic context free language, 19505
reversible inactivation of dorsal hippocampus, context retrieval of fear memory, rats, 36421
role of contextual representation in online semantic interpretation of prenominal adjectives, college students, 26408
RTs in processing of meaning of proverbs in literal or figurative fashion & in old vs new contexts, adults, 10145
scene context, identification of semantically consistent vs inconsistent objects, college students, test of description enhancement & criterion modulation models, 36155
selective ibotenate lesions of hippocampus vs hippocampal ablation, sensitivity to effects of unsignaled UCS on CS–UCS training, male rats, 16895
semantic consistency with scene & response bias in identification of visual object, college students , 166
sentence context, inference of meaning of partially known words, college students, 16603
simulation model of priming effects & lexical access & related-word meaning retrieval & sense selection in context, 29547
stimulus context, 41–75 yr olds with right brain injury & left hemineglect, 2056
stimulus generalization & contextual cue changes in accounts of forgetting, 10176
stimulus generalization & contextual cue changes in accounts of forgetting, commentary reply, 10175
stimulus generalization & contextual cue changes in accounts of forgetting, commentary, 10210
tailflick stress, trace eyeblink conditioning & inhibitory conditioning & associations, male rats, 6958
temporally graded retrograde amnesia of fear & further increase in level of context fear relative to tone fear & generality of hippocampal hyperactivity, female rats after hippocampal lesion, 10390
test of association of spontaneous trait inferences with actor vs action in priming recognition paradigm, college students, 13313
time & stimulus characteristics & therapist & environmental context of exposure-based treatments, return of fear, undergraduates with fear of spiders (mean age 18.6 yrs), 2-wk followup, 30785
time delay before target stimulus & context-related vs -neutral vs -unrelated vs traditional stimulus sentence presentation, speech perception, 19–87 yr olds with severe to profound hearing impairment, 24880
time, nonmonotonic changes in context shift effect, male albino Hilltop rats, 3722
use of artificial landmarks to define territorial boundaries, male cicada killer wasps, 26499
use of landmark objects vs floor plan as structural or organizational context, spatial memory for arrangement of dollhouse furniture, younger (mean age 21.8 yrs) vs older (mean age 69.1 yrs) Ss, 16632
use of sense selection & creation for interpretation of eponymous verb phrases & ordinary lexical ambiguities during memory retrieval processes, college students, 32973
use of trainer who repeated targeted labels & asked questions & rewarded attempts at label with object, facilitation of vocal learning from videotapes, grey parrot, 19951
visually learned context generalization & content-independent memory retrieval & involvement of mushroom bodies, fruit flies, 33066
weak arguments in mixed quality messages, rating of persuasiveness of accompanying strong arguments, college students, 6847
work–family research agenda in changing contexts, 35587

Contextual Associations—Books
Context is everything: The nature of memory, 26451
The nature of concepts: Evolution, structure and representation, 32937
Social identity: Context, commitment, content, 30470

Contextual Associations—Chapters
Contextual interference effects in foreign language vocabulary acquisition and retention, 302
A dual-process model of overconfident attributional inferences, 17632
The impact of context on data, 22975
Problems of transfer of classroom mathematical knowledge to practical situations, 6224
The self in contextualized action, 19902
Situational models and concepts in story comprehension, 32942
Social and contextual issues in interventions with children and families, 37250
Toward a critical social interactionism for counselors, 25044
The use of memory and contextual cues in the formation of behavioral frequency judgments, 36108
What's in a concept? Context, variability, and psychological essentialism, 10158

Contiguity (Cognitive) [See Cognitive Contiguity]

Contingency Management [See Also Token Economy Programs]—Serials
analysis of treatment costs of 180 day methadone detoxification with vs without contingency contracting, 23–60 yr olds with opioid addiction, 22262
data-based clinical decision-making in the parent training & contingency management intervention, 15 yr old male with severe conduct disorder, 24995
effectiveness of a contingency contract for written communication in regards to punctuation & capitalization in a 9th-grade male with behavior disorders, 29029
exposure-based contingency management vs cognitive self-control vs education support treatments, 6–16 yr olds with phobic disorders, 3 & 6 & 12 mo follow-ups, 34812
methadone take-home contingencies, cocaine & opiate use, persistent opiate & cocaine abusers, 15613
urinalysis based contingency management program, prevention of relapse following brief residential detoxification, methadone maintenance patients, 19056

Contingency Management [See Also Token Economy Programs]—Books
Motivating behavior change among illicit-drug abusers: Research on contingency management interventions, 18574

Contingency Management [See Also Token Economy Programs]—Chapters
Clinic and laboratory studies on the use of incentives to decrease cocaine and other substance use, 18578
Combined behavioral and pharmacological treatment during opioid detoxification: A review, 18575
Contingency management and relapse prevention as stimulant abuse treatment interventions, 18585
Contingent access to clinic privileges reduces drug abuse in methadone maintenance patients, 18579
Disability income, cocaine use, and contingency management among patients with cocaine dependence and schizophrenia, 18098
Disseminating contingency management research to drug abuse treatment practitioners, 18580
Effective treatment of homeless substance abusers: The role of contingency management, 18586
Monitoring cocaine use during contingency management interventions, 18584
Potential contributions of the community reinforcement approach and contingency management to broadening the base of substance abuse treatment, 22275
Pregnant women and tuberculosis-exposed drug abusers: Reducing drug use and increasing treatment compliance, 18577
Reducing cigarette smoking in methadone maintenance patients, 18587
Theoretical and empirical foundations of contingency management treatments for drug abuse, 18576
Treatment of multiple drug abuse in the methadone clinic, 18583

Contingent Negative Variation—Serials
associative learning by color illumination followed by vs without mild shock, EEG gamma-band electrical activity abundance & coherence & contingent negative variation, 22–36 yr olds, 10477
contingent negative variation & attention, patients with schizophrenia vs depression, 21031
contingent negative variation for hand & neck movements, 32–63 yr olds with writer's cramp, 24700
memory scanning cues, capacity for motoric response preparation in parallel with initiation & maintenance of lateralized contingent negative variation, 18–45 yr olds, 13614
precue to prepare to execute vs imagine motor action, event related Laplacians in RT task & contingent negative variation over supplementary motor area, adults, 538

Continuing Education [See Also Inservice Training]—Serials
continuing education for ethical decision making, college healthcare professionals, 6085
continuing professional education, clinical practice, nurses, 6035
course in psychiatry for family doctors, areas of perceived training needs, general practitioners, 28862
evaluation & design & use of multimedia educational software & Internet technology, traditional classroom vs asynchronous learning environments for postsecondary computer-assisted continuing education, 28932
full day vs half day vs brief workshop training model, HIV/AIDS knowledge & attitudes & practice dimensions, mental health providers treating patients with HIV/AIDS, 19160
impact & effectiveness of formal continuing medical education for physician performance & health care outcomes, 38674
motivational & educational & sociodemographic factors, time spent in professional learning activities, 20–60 yr old certified teachers & administrators , 19231
objectives & methods & evaluation methodology & results of communication skills training programs, clinically experienced physicians, 38682
participation in memory improvement course vs college psychology course, subjective awareness & objective measures of verbal & visual memory, healthy elderly persons, 36260

Continuous Reinforcement [See Reinforcement Schedules]

Contour [See Form and Shape Perception]

Contour Perception [See Form and Shape Perception]

Contraception [See Birth Control]

Contraceptive Devices [See Also Condoms, Oral Contraceptives]—Serials
contraception use & surveys of use & limitations of existing research, 15–25 yr olds, UK , 23926
factors leading to or barring dual contraceptive use to prevent pregnancy & HIV infection, adult African American males vs females, 37026
knowledge & use & choice of & attitudes toward modern contraceptive methods, women, Russian Federation, 4673

Contribution (Professional) [See Professional Criticism]

Control (Emotional) [See Emotional Control]

Control (Locus of) [See Internal External Locus of Control]

Control (Self) [See Self Control]

Control (Social) [See Social Control]

Control Groups [See Experiment Controls]

Controls (Instrument) [See Instrument Controls]

Convergent Thinking [See Inductive Deductive Reasoning]

Conversation—Serials
accuracy of GramCats (automated expert system) for categorizing/tagging of form classes from 2.5–7.9 yr old children's transcribed conversations, 26019
accuracy of memories of conversations with preschool children, mothers, 10180
acoustic & phonetic effects of vocal effort variations in conversation, adults, 26365
analysis of cultural descriptions within mundane conversation as recourse & constraint, Italian family, 33752

analysis of cultural descriptions within mundane conversation as recourse & constraint, Italian family, 33751
analysis of linguistic misunderstanding process based on examples of conversational interaction in Italian, 23618
analysis of repeated words in telephone conversations & face-to-face conversations, 7297
analysis of trouble & repair in conversations, 64–90 yr olds with dementia of Alzheimer type, 18441
application of P. H. Grice's theory of conversational implicature & S. Kierkegaard's concept of indirect communication to indirect & ambiguous language usage, 815
cognition of conversation partner's false belief & readiness to issue a corrective statement, 3 vs 5 yr olds, 17383
cognitive approach to & inferencing in conversational analysis, 7309
collaborative nature of hint & guess word search sequences in conversation, 55–68 yr old fluent vs nonfluent aphasic patients , 21570
conversation analysis of role of telegraphic conversational style in talk-in-interaction, 41 yr old female with aphasia & friend, 21560
conversation analysis of sequentiality as problem & resource for achievement of intersubjectivity in conversation, aphasic patients & spouses or speech/language therapists, 21619
conversation vs discourse analysis of language mixing in conversation, 75–89 yr old females with Alzheimer's disease, 21555
conversational analysis of repair sequences during talk between aphasics & speech & language therapist vs spouse, 62 & 78 yr old aphasics, 21577
conversational analytic profiles of interpersonal communication & interaction with carers & ability to discriminate lewy body dementia, 59–84 yr olds with Parkinson's disease & cognitive impairment, 21618
conversational analytic techniques & communication skills training for individualized advice for interpersonal interaction, brother of 59 yr old male with aphasia, 21536
conversational discourse & social integration & quality of life, adults with traumatic brain injury near point of community reentry, 5343
conversational norms, people waiting to play pickup basketball game, 27291
core & fringe vocabularies during meal break conversations at work place & use as source of vocabulary information for augmented communicators, 17–57 yr old nondisabled employees, 25900
counterfactual or hypothetical events vs repeated or habitual events as resources for argumentation in conversational narratives, Salvadoran immigrants, 7286
description & evaluation & effectiveness issues, program of supported conversation for adults with aphasia, commentary, 5986
development & validity & reliability of Speaking Extent and Comfort scale, assessment of conversation & social interaction & anxiety & avoidance, 16–82 yr old college students, 24030
development of coding system for & use of communication accommodation strategies in conversation, male vs female Chinese vs Anglo-Australian university students vs Anglo-Australian faculty, 20834
dialogue & voice in zone of proximal development , 9774
differences in conversations & during decision making between same gender & cross gender friends, 18–21 yr olds, 4723
discourse analysis on British Telecommunications' set of learning materials about 'better conversation' produced to improve communication skills, 33876
emotion talk between friends, same- vs mixed-gender pairs, 7783
emotional support felt from discussing illness-related concerns with partner vs fellow patient, 28–55 yr old breast cancer patients, 5282
gender & facilitative vs nonfacilitative speech style of confederates, speaking time & interruptions & minimal responses & looking away during conversation, male vs female college students, 20832
generation effect for item & source memory during simulated social conversation task, college students, 32964
generation of visual vs motor images, speech & conversational hand gestures, 18–25 vs 61–80 yr olds, 32908
generic talk, 4-5 yr olds, implications for augmentative & alternative communication systems, 36781
grammatical characteristics of disfluent conversational utterances & clusters, 4.3 yr olds who stutter vs those who do not, 11765
indeterminate linguistic space used to negotiate relational status in discourse, Chinese speakers, Taiwan, 17152
intervention to train conversation partners in supported conversation, improvement in communication effectiveness, adults with aphasia, 5983
intonation unit production in conversational discourse, 20–54 yr olds with closed head injury, 18446
intra- & interrater reliability of Correct Information Unit analysis for measuring communicative conversation informativeness & efficiency of connected speech, 50 yr old male with conduction aphasia, 22872
Korean connective nuntey in spontaneous conversational discourse, 7310
level of relationship satisfaction, concurrent cognitions during conversation, 17–31 yr old heterosexual romantic couples, 17589
listening to monolog vs dialog, extraction of information from overhearing others' talking, college students, 17568
maternal gestures & prosody during play & different stages of sensorimotor development, development of conversational competence, 4–14 mo olds, 10-mo study, 17242
methodology & application of conversation analysis to aphasia research, 21620
miscommunication & misunderstanding between speakers, analysis of conversational text in Hebrew short story, 23637
mothers' patterns of talk with preschool children about physical disabilities & Down syndrome, children's ideas about & interactions with classmates with disabilities, 4.7 yr olds & their mothers, 27472
negotiation for meaning in relation to second language acquisition, 8–13 yr old primary school students, 880
nonconscious affective responses, evaluations made by conversational participants & observers, 10123
own goal & beliefs about partner's goal, language use & referring in goal discrepant conversations regarding description of shapes, 18–45 yr olds, 17583
philosophical & implementation & evaluation issues, supported conversation for adults with aphasia by speech-language pathologists, commentary reply, 5984
phonology & morphological errors in speech perception during casual conversation in English, 29512
positive & negative emotional content in conversations about marital conflict, prediction of divorce & future marital relations, young adult newlywed husbands vs wives, 4–6 yr study, 36955
positive emotional & conflict resolution conversations, prediction of marital adjustment or divorce, spouses with marital conflict in marriage counseling, 4-yr follow-up, 38112
pragmatic awareness of conversational interactions, 14.0–18.25 yr old female juvenile delinquents, 34414
prosodic & voice quality techniques used in reported dialogues to contextualize point of view toward reconstructed utterances in informal German conversations, friends & family members, 20831
qualitative research methodology as mode of inquiry in conversation development & education, 7-yr-old deaf female, 5442
quality & quantity of parent-child communication & conversational styles, disabled 11–19 yr olds vs their nondisabled siblings, 24721
relationship of loneliness & depression & social anxiety to social skills during conversation, 18–25 vs 65–91 yr olds in same vs mixed age dyads, 17588
repair procedures to characterize dramatic discourse approached from a conversational analysis perspective, contemporary playwrights, 26880
resistance among speech-language & clinicians to training in & use of conversation in treatment of aphasic adults, commentary, 5982
sex & gender schematicity & speaker & partner sex, interpretations of conversational backchannels & questions, Os, test of 2-cultures & dominance theories of gender-linked language differences, 1230
sex & marital status & orientation, individual differences concerning beliefs about talk based on functional approach, 18–72 yr olds, 17667
shift in clinical focus from impairment & toward autonomy in supported conversation for adults with aphasia, commentary, 5985
subordinate vs superior status of subject of action, positive vs negative favorability rating of actor behavior, college students, 14282
temporal reliability of conversational analysis for investigation of collaborative repair during conversations, 39–83 yr old patients with aphasia & their relatives, 21594
time delay before target stimulus & context-related vs -neutral vs -unrelated vs traditional stimulus sentence presentation, speech perception, 19–87 yr olds with severe to profound hearing impairment, 24880
training conversational partners in supported conversation for adults with aphasia, commentary, 5989
use of stored text or preconstructed phrases in augmentative communication, conversational rate, augmentative communication user, 30084
verbal behavior in conversations with friends vs strangers, depressed college students, 8117
video recordings & ethnomethodology & conversation analysis, 7798
women's vs men's interruptions in conversations, meta-analysis, 4646

Conversation—Books

Difficult conversations: How to discuss what matters most, 14258

Conversation—Chapters

Conversational remembering and family relationships: How children learn to remember, 7466
Developing and evaluating conversational agents, 22759
The development of conversational and discourse skills, 23745
The dialogical heart of intersubjectivity, 21761
Genre as social action, 4384
Revisiting John Dean's memory, 16675

Conversion Hysteria [See Conversion Neurosis]

Conversion Neurosis [See Also Pseudocyesis]—Serials

analysis & taxonomy of medically unexplained symptoms , 31047
chronic disability associated with use of wheelchair but with no organic disorder to account for disability & illness beliefs, 36–55 yr old wheelchair patients & their carers, 31046
conversion disorder presenting as multiple sclerosis, 40-yr-old male army member, 1950
diagnosis & misdiagnosis & interdisciplinary treatment approaches, 12 yr old girl with cyclic vomiting syndrome & 11 yr old girl with conversion neurosis in psychiatric inpatient unit, 22014
dissociative symptoms & psychopathology, patients with conversion disorder vs psychiatric inpatients with other mental disorders, 11813
episodes of hysteria, academic performance, 12–23 yr old 8–12th graders with histories of hysterical attacks, 4986
hopelessness & locus of control, 18–74 yr olds with motor conversion disorder, 24683
measure of discriminating patterns in perceptual responses according to the Defense Mechanism Test, patients with severe conversion disorder, 26160
misdiagnosis of neurological conversion as progressive neurological deterioration in childhood, 34558
occurrence of unintended phenomena during hypnosis, patients with conversion disorder, 28552
psychiatric & clinical & demographic characteristics, outcome & rediagnosis, 18–74 yr olds with motor conversion disorder, 2–5 yr follow up, 8489

Conversion Neurosis [See Also Pseudocyesis]—Chapters

Somatization, hypochondriasis, and related conditions, 8537

Conviction (Criminal) [See Criminal Conviction]

Convulsions [See Also Audiogenic Seizures]—Serials

6,7-di-nitroquinoxaline-2,3-dione & muscimol & MK-801, intrastriatal glutaric acid induced rotational behavior & convulsions, male rats, 4199
anticonvulsant & motor impairing neurotoxic effects & passive avoidance, male mice treated with CGP 40116 vs MK-801 vs L-701,324 vs D-cycloserine compounds belonging to NMDA receptor ligands, 4298
assessment of seizures & treatment & rehabilitation, 23–67 yr old patients with psychogenic nonepileptic seizures, 23–67 mo followup, 24705
childhood abuse & adulthood emotional distress & illness orientation & social dysfunction, adults with nonepileptic attack disorder or irritable bowel syndrome, 18280
chronic treatment with repetitive transcranial magnetic stimulation, seizure induction by electroconvulsive shock, rats, 13541
clinical & demographic features & development of epilepsy & neurological outcomes & patterns of treatment, children with febrile convulsions (mean age 1.6 yrs), 12 yr followup, 31274
contribution of life events in pseudoseizure occurrences, adult precipitants, 11777
delta-sleep-inducing peptides, NMDA-induced convulsions, rats, 7256
diagnosis & treatment of psychogenic & other nonepileptic seizures, 34740
diagnostic criteria for pseudoseizures, older children & adolescents, 34568
diazepam before vs after convulsive stimulation, contingent tolerance & compensatory response & physical dependence, amygdala-kindled male rats, 7220
discontinuation of clozapine treatment due to grand mal seizures & liver toxicity, 30 yr old male with schizophrenic psychosis, 12222
early life seizures, later seizure induced neuronal damage & behavior, adult rats, 36430
EEG biofeedback treatment & suppression of theta wave activity & psychotherapy, pseudoseizure disorder, patients, 8740
EEGs, nonmedicated 21–64 yr olds with panic disorder with or without agoraphobia, implications for prevalence of seizure disorder, 11459
etiology & psychiatric diagnosis & treatment of psychogenic nonepileptic seizures, 34730

factors influencing ratio of motor & EEG seizure duration during ECT, adults, 15367
gabapentin & mania, 35-yr-old female with complex partial & tonic-clonic seizures, 35096
generalized tonic–clonic seizures, expression of Fos in dorsal pons & neuroanatomy, rats, 3838
genetic variation in properties of seizures induced by electroconvulsive shock, multiple strains of mice & rats, 546
health care costs & utilization before vs after definitive diagnosis & treatment, 19–55 yr olds diagnosed with nonepileptic psychogenic seizures, 1943
ictal & postictal symptoms & frequency of seizures & family history & response to treatment & prognosis, patients with idiopathic occipital epilepsy & visual seizures, 21592
icv injections of ethanol with vs without nitrendipine, nicotine-induced emesis & convulsions, cats, 30052
individual experiences of seizures & epilepsy, 6–18 yr olds with idiopathic epilepsy, 5342
influence of melatonin on protective action of conventional anti-epileptic drugs against maximal electroshock-induced seizures, female mice, implications for epilepsy treatment, 17026
ketamine vs acepromazine, ventricular size following limbic seizure induction, brains of male rats, implications for seizure-related aggression, 36541
kindling role in pathogenesis of alcohol withdrawal seizures & delirium tremens, 18–81 yr olds, 11647
lorazepam following CPP vs dizocilpine, open-field stereotypies & hyperactivity & pentylenetetrazol-induced tonic-clonic seizure, male mice, 10566
motor vs EEG seizure monitoring during ECT therapy, 13–60 yr olds with mental disorders, 15368
motor vs EEG seizure monitoring during ECT therapy, 13–60 yr olds with mental disorders, commentary, 28542
multiple ethanol withdrawals, seizure sensitivity to Ro15-4513, rats, 20338
nature & characteristics of epilepsy & seizure type & EEG findings, 20–83 yr old community residents with learning disabilities, 24626
neonatal seizures, morphology & spatial learning & activity level & seizure susceptibility, rats, 7056
NMDA antagonists, cocaine-induced convulsions, male rats, 20390
nontraumatic stereotyped postictal purpura, 25 yr old female with generalized tonic-clonic seizures, 5396
parameters of acoustic priming & audiogenic seizures during postnatal development subsequent to auditory function, Long-Evans rat strains, 20246
parental reports concerning behavior following febrile convulsion, 9–12 yr olds, 14904
partial frontal lobe seizures, 85 yr old female who underwent bilateral frontal lobotomy for presumed schizophrenia, 5688
partial seizures & aphasia, 60 yr old female with nonketotic hyperglycemia, 5191
pentylenetetrazol-induced seizures, cell suffering &/or cell death, 10 day old rats, 10638
phenobarbital, reading achievement, 6–8 yr olds with febrile seizures, 3–5 yr study, 35109
phenobarbitone for management of agitation & seizures at end of life, 25–86 yr olds with advanced cancer, retrospective study, 25317
proper name anomia following left temporal lobectomy, male 47 yr old with intractable seizures, 18374
psychiatric & neurologic predictors of psychogenic pseudoseizures outcomes, adults, 37858
psychogenic chemical sensitivity with pseudoseizures, 44 yr old woman, clinical case report, 34567
psychogenic nonepileptic seizures & other paroxysmal disorders, children & adolescents, 34531
psychosocial adjustment to seizure disorders & clinical usefulness of the Washington Psychosocial Seizure Inventory, 8622
reaction to diagnosis & satisfaction with treatment availability & provision & clinical outcome, patients with non-epileptic attack disorder, 2172
relationship of gene expression & neuropathological damage & seizure intensity & body temperature, male rats with kainic acid-induced seizures, 3849
right hemispheric speech perception measured by amobarbital injection & left hemispheric electrical interference mapping, 23 yr old right handed male patient with seizures, 5310
seizure disorders, inattention & learning processes , 2000
seizure duration & safety & effectiveness of concurrent clozapine & ECT, 25 yr old male with schizophrenia, 15083
seizure frequency & health-related quality of life, adults with vs without epilepsy, 28177
seizure susceptibility during ethanol withdrawal, adolescent vs adult rats, 23483
seizures & visual hallucinations during clomipramine treatment, 25 yr old male, case report, 31702
seizures following discontinuation of lorazepam cotreatment during clozapine treatment, 26 yr old male with schizophrenia, 25187
seizures with focal epileptogenic EEG patterns, 5 & 7 yr old sisters & their grandmother with fragile-X syndrome, 11722
validity of cerebral dominance for language data from magnetic source imaging, 8–56 yr olds with intractable seizure disorder, 37819
valproate induced Stevens-Johnson syndrome, 20-yr-old male with seizures , 2485
video/EEG monitoring of suspected atypical absence seizures, children with Lennox-Gastaut syndrome, 2004
vigabatrin, 2.5–22 mo olds with infantile spasms, 4–6 yr followup, 5773
withdrawal of bromazepam, generalized tonic-clonic seizures, 56-yr-old female with organic mood syndrome & history of Japanese encephalitis, 12172

Convulsions [See Also Audiogenic Seizures]—Chapters

Childhood seizure disorders: Diagnosis and treatment, 34696
Marihuana: Effects on neuronal excitability and seizure threshold, 18294

Cooperating Teachers—Serials

primary school teacher training, nature & acquisition & use of teachers' subject matter knowledge in mathematics & science & religion, teacher mentors & student teachers, 2831

Cooperation—Serials

12 postulates of generalizations & rules & principles in collective induction for small group decision making, 37068
academically based community scholarship & consultation as collaborative problem-solving & collective-responsibility model, character & missions of helping fields, university faculty, 2732
achieving clarity on roles & responsibilities in split treatment, psychiatrists & psychotherapists, 32086
ad libitum smoking vs abstinence vs 0–4 mg nicotine gum, cooperative responding initiated by self vs other, 21–39 yr old male vs female smokers, 752
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18932
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18898
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18907
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, 18913
adversity & cooperative styles, decision to co-offend, street youth aged 25 yrs & under , 1832
attitudes toward collaboration & interactive conflict resolution & diplomatic resolutions, American diplomats, 6489
author productivity & network structure of collaboration, authors of consumer behavior articles, 9671
author productivity & network structure of collboration, authors of consumer behavior articles, 25987
autonomy & control in management of consultants & attitudes & cooperation, organizational learning, employees & managers in large public transport company, 3074
balancing innovation & initiative & cooperation in development of new forms of knowledge to manage environmental changes, corporations, 12875
barriers to & promise of collaboration in pediatric primary care settings, psychologists & pediatricians, 38496
behaviors & interactions & learning in cooperative groups during social studies activity, 1st & 3rd graders, 9516
beliefs about being better than others on performance aspects of self, social loafing in individual vs collective task, college students, 7884
blueprint of the cooperative theory of social groups, 20847
central union theory in 4 person cooperative sidepayment games, 7807
central-union theory vs equal excess model vs Myerson-Shapley solution vs kernel theory in 3-person sidepayment games, 108 undergraduates, 4725
characteristics of physical environment & age & sex, cooperative behavior, 3–5 yr olds, 20602
chick-feeding efforts, parent & helper cooperatively breeding Arabian babbler, 36373
civic cooperation in community, probability of voting, Ss, 1157
cognitive ability & high vs low flexibility in thinking, cooperative vs competitive behavior in conflict situation with peer, 7 yr olds, 17320
collaboration between scientists & policy makers in alcohol-involved injury reduction program, 2691
collaboration in context of mental health services & parish life & community concerns & academics, psychologists & clergy, 38652
collaboration vs directive/prescriptive/expert school-based consultation, commentary reply, 38920
collaboration vs directive/prescriptive/expert school-based consultation, commentary, 25831
collaborative development of student codes of conduct, parents & principals, 35534
collaborative efforts in environment planning and human services, service agencies, 2610
collaborative nature of hint & guess word search sequences in conversation, 55–68 yr old fluent vs nonfluent aphasic patients , 21570
collaborative relationship with clergy to address therapy clients' spiritual beliefs & religious orientations, US Air Force psychologist, 37993
collaborative school counselors & psychologists & other educational personnel working in student services, 9569
collaborative teaching partnership for inclusion of special needs students, 29013
collaborative vs directive/prescriptive/expert school-based consultation , 25835
collective efficacy, team performance & coordination processes, college students, 37073
competitive vs cooperative vs no feedback, cooperative behavior in social dilemmas involving economic vs noneconomic decisions, college students, 20866
compliance as cooperation in analyst–analysand dialectic & illustration with case material, sexually abused adult female analysand, 12124
computer simulation of evolution of trust & cooperation between strangers, 1228
concepts & competence & connections as most important elements of world-class 21st century companies, managers, 29135
consumer participation & collaboration in mental health service delivery & implications for nursing practice, 38475
cooperation & conflict as interrelated aspects of coordination in groups, 20839
cooperation &/or problem solving conflict resolution training, developing expectancies & active listening & assertiveness & identifying interests & brainstorming & agreement outcome, undergraduates , 26062
cooperation vs opportunistic behavior, transactions costs, franchised distribution channels, 22653
cooperative games program, 2nd grade class with cooperation problems, 12740
cooperative vs competitive group tasks & ingroup vs outgroup composition, conflict styles & self-construals in work group settings, college students, 36944
cooperative vs competitive vs individualistic efforts, motor skills performance, 1940–90, test of social interdependence theory, 6828
cooperative work in side-by-side vs shared screen visual information vs speech -only dialogues, comprehension efficiency, novice-expert pairs, 39032
coordination in noncooperative 3-person games under simultaneous vs positional order vs rank order protocols, college students, 4730
couple-responsible vs therapist-responsible marital therapy process, spouse perception of clinical responsibility & struggle & cooperation, spouses & their therapists , 18592
creating climate for collaborative consultation in school across cultures, primarily Mexican students & Latino & White & Black teachers, 9394
cultural characteristics, cooperative behavior in social dilemmas, college students, 14250
cultural framework of ritual of initial conversation for gaining cooperation to conduct ethnographic research, persons who sell drugs & their families, 8347
current service practices & views, 21–60 yr old child protection workers & battered female advocates, implications for increased collaboration, 22164
current status & future directions for collaboration in pediatric primary care settings, psychologists & pediatricians, 38503
democratization of Q methodology & incorporation within action research framework, group participation & decision making in organizational setting, action researchers, 32753
development of collaborative relationship with clergy & parishioners of Roman Catholic Church, psychologist, implications for professional psychology & religious communities, 38658
development of generation of cooperative coordinated action, 8–23 mo old dyads, US vs Papua New Guinea, 6 mo study, 23763
disclosure of sensitive issues in supervisory working alliance, counselors in training, 9343
discount parameters & expectations of future interaction & trigger strategies of group punishment, college students, 30416

discourse & cross-workplace information movement in technology mediated collaborative problem solving, implications for human–computer interaction, 3183
discourse analysis of shared decision making practices & negotiating practices in primary care, general practitioner & parents of male infant with tonsillitis, 31790
distributive justice. willingness to help pay for municipality child care, colle$_{\&}$ ≥ students, 4701
efficacy of mediation & parental cooperation, couples (aged 24–50 yrs), 32556
empowerment & cooperation & competition in manager–employee relationship, managers & employees, Hong Kong, 3057
ethnographic approach on health-related & organizational religious activities for development of religion-health partnerships, Appalachian Mountain church communities & leaders, 17458
exit option, partner selectivity & dependence effects on cooperation, Trump card game version of Prisoner's Dilemma, college students, 17561
experience of ward rounds, carers of persons with dementia, 25490
family involvement in early intervention & use of family assessment information in determining intervention goals, 28243
feeding contributions at assisted vs unassisted nests, nestling feeding rates & breeding success, cooperatively breeding Western American Crows, 33100
food supplements, parental nestling feeding, cooperatively breeding Arabian babblers, 33159
formats for collaborative consultation, educators, 29049
framework for reconceptualization of coping as cooperative communal process related to individual & collective stressors, 1227
framework of interorganizational collective knowledge development in strategic alliances, 6328
game theory view of coordination in cockpit & standard operating procedures, pilot & copilot, 1236
group adaptiveness perspective in incentive to cooperate, competition, individuals vs groups, college students, 27293
group identification & selection of & cooperation with leaders to manage public good dilemmas, 18–25 yr olds, 14256
group size & memory & interaction in computer simulation of within-group cooperation behavior in prisoner's dilemma game, 22755
history of university–community & researcher–community collaboration for AIDS research & intervention, 15546
importance of collaboration & teamwork in child psychiatric early intervention, parents & educational & medical professionals, 18769
influence of social networks of board interlocks, corporate & distrust in decision making & strategic alliance formation, CEOs, 39003
influence of social value orientation on choice & recall of cooperative vs neutral vs competitive heuristics, college students preparing for negotiation, 7846
information on morality vs intelligence of perceived & social value orientation differences of perceiver, impressions & degree of expected & own cooperative behavior, college students, 27362
institutional & rational perspectives on predicted adoption of collaborative vs collective human resource management practices, European firms, 38952
integration of action & reflection in cooperative inquiry research & enquiry group learning process, 26287
integration of university & clinical teams in collaborative research efforts, behavioral health care provider, 2136
intergroup interaction & common fate, intergroup bias & cooperation, college students, 11118
internal vs external locus of control & cooperative vs competitive strategy in prisoner's dilemma game, college students, 27273
level of collaboration between agencies providing community services to homeless persons with comorbid psychiatric & substance use disorders, 9149
levels of cooperation & competition during prisoner's dilemma game, monozygotic vs dizygotic 10.92–82.67 yr old twins, 14044
mathematical model of choice of alliance scope & realization of private & common benefits & stability of alliance, 6324
nest site characteristics & experience gained via helping at nests of conspecifics, reproductive success & nest site selection, cooperatively breeding Long tailed Tits, 19988
no suggestion cooperative feedback, intragroup social influence processes in intergroup behavior, college students, 27304
numerical representation of minority vs majority & cross-cut role assignment, salience of intergroup boundaries & cooperative interaction, college students, 7787
organizational interactions & model of collaboration process in partnership & alliances, partners in failed international joint venture, 4 yr study, 6319
own vs opposing subgroup's initial resource location at individual or subgroup or collective level, allocation decisions & cooperation in social dilemmas, business students, 30415
partner goal achievement as measure of joint venture performance, executive officers of firms & subsidiaries involved in manufacturing joint ventures, 3015
perceptions of trust & fairness & collective efficacy & experiences of fear of exploitation, cooperation in public goods dilemma, college students, 30453
practice model & confidence & autonomy & collaboration & information giving, job satisfaction, physicians vs nurse practitioners vs physician assistants in Army primary care clinics, 12914
principles of practice for academic/practice/community research partnerships & application in family violence prevention program, 22078
process & outcome discrepancy model of differential learning & interaction in organizational alliance dynamics, 6327
process of collaboration, GPs & alternative medicine practitioners, 12420
prototypicality of particular outgroup members during cooperative intergroup contact, generalization of positive attitudes toward outgroup as whole, college students, 27274
psychological & material motivations & identity & violence & collaboration vs resistence of Vilna Judenrat vs partisan Jewish movements during Holocaust, 33724
public/private partnerships between public behavioral health authorities & for-profit managed care organizations, 5830
quantity & quality & relation & manner as maxims for cooperation in doctor–patient interviews in clinics, China, 31936
reasons for business partnership formation & management, Japan pharmaceutical corporations & Western laboratories, 32386
reformulation of temporal classification criteria for collaborative systems, 12941
relationship between school & community counselors, school & community counselors, 9400
reliability & validity of attitude scale, attitudes toward physician–nurse professional collaboration, medical vs nursing students, 22921
reliance on cooperation vs competition as success strategy, college students, US vs China, 28970
resistance & cooperation in conflict over job performance, library supervisor–employee dyads, 35605
revisitation of issue of Cooperative Principle & pervasive nature of maxim of relevance at global level as forceful social parameter governing linguistic communication, 20836
role of different cognitive strategies & cooperative learning in computer-supported environments, 9 & 10 yr old individuals vs paired dyads in optimistic vs pessimistic vs defensive conditions, 32259
sex & collective vs relational interdependence, college students, 30400
similarities & differences between project sites of Collaborative Program to Prevent Homelessness, persons at risk for homelessness, 35229
social cooperation & practice youth research, 19687
social values & partner's strategy & cooperation, cooperative behavior & noncooperative partner, adults, 34002
systemic barriers to collaboration, speech language therapists & teachers, 38631
target behavior revealing morality vs intelligence traits, S recall & social cognition & impression formation & expectations of & actual cooperation in mixed-motive situation, undergraduates, 14263
theory of multifirm & alliance-based & interorganizational communication & information systems production, 6330
training aimed at teaching how to shift between explicit & implicit modes of coordination & strategy selection, team coordination during high stress & workload conditions, naval officers & civilian, 27282
trust & time, apprehension & fear & temptation & greed, implications for cooperation in social relationships, 11086
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, errata, 29036
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, 22557
utility of combined aggressive movement & cooperative movement scores as Rorschach index of malevolence, 6–15 yr old sexually abused vs nonabused females, 29386
virtual corporate library, community building & knowledge sharing & collaboration, 35664

Cooperation—Books
Electronic collaborators: Learner-centered technologies for literacy, apprenticeship, and discourse, 2880

Cooperation—Chapters
Anonymity and social control in social dilemmas, 30436
A biopsychosocial approach to counselling in primary care, 35204
Bubble Dialogue: Tools for supporting literacy and mind, 2883
Collaborative learning on the World Wide Web using a problem-based learning approach, 25759
Collaborative treatment for patients with personality disorders, 24377
Collaborative treatment in managed care, 25423
The company children keep: Suggestive evidence from cultural studies, 17204
Confusions in a therapeutic milieu, 15603
Constructivism, communication, and cooperation: Implications of Michael Chapman's "epistemic triangle", 10157
Decision contexts for structural change in social dilemmas: A preliminary framework, 30448
Dynamic and static theories of costs and benefits of cooperation, 7834
EAP and wellness collaboration, 25872
Evolution of classroom culture in mathematics, teacher education, and reflection on action., 6255
The evolution of deep social mind in humans, 33160
Guidelines to maximize the process of collaborative care, 24953
Impact of leaders on resource consumption in social dilemmas: The intergroup context, 30432
Intention and emotion in child psychopathology: Building cooperative plans, 17847
Interdependence, the group, and social cooperation: A new look at an old problem, 30438
Interorganizational networks, 3030
Inviting students to join the literacy conversation: Toward a collaborative pedagogy for academic literacy, 15950
Mental health professionals working with religious leaders, 1094
Models of asynchronous computer conferencing for collaborative learning in large college classes, 2885
Multi-agency task management of mentally disordered sex offenders: A probation case study., 38514
Negative aspects of collaborative treatment, 24939
Norm perception and cooperation in large scale social dilemmas, 30430
Positive aspects of collaborative treatment, 24933
Primary care physicians and mental health professionals: Models for collaboration, 25426
Processes and consequences of peer collaboration: A Vygotskian analysis, 7585
Providing step level public goods under uncertainty: The case of probable external supply, 30444
The psychologically informed psychopharmacologist, 24935
Psychotherapy and traditional healing complementing one another—chances for the treatment of patients in Africa and Europe (examples from Ghana and Austria), 34767
Reciprocity and cooperation in social dilemmas: Review and future directions, 7833
Residency training issues in collaborative treatment, 25649
Social behavior, 3422
The social nature of private speech of preschoolers during problem solving, 7353
Toward a relational theory of organizational collaboration, 25935
Why people cooperate with organizations: An identity-based perspective, 29161
Work team cooperation: The effects of structural and motivational changes, 30431

Cooperative Education—Serials
role & significance & effectiveness of co-cooperation clustering, small primary schools in rural areas across England & Wales, 2870

Cooperative Learning—Serials
behaviors & interactions & learning in cooperative groups during social studies activity, 1st & 3rd graders, 9516
collaborative writing in same- vs different-ability pairs, quality of & attitudes toward creative writing, 8-yr-old students, 32239
cooperative learning in heterogeneous vs homogeneous groups, reading achievement & self-esteem, gifted 4th & 5th graders, 32313
cooperative learning vs interactive video instruction, academic achievement & attitudes, college students learning basic German, 35494
cooperative-learning approach to teach critical thinking on paranormal events, college students in psychology course, 9450
development of rating scale to measure readiness for shared learning activities, undergraduates in health care professions, 13109

in-class collaborative learning approach to psychology education, college students, 12657
individual differences in knowledge acquisition from interactive animated vs static pictures in cooperative learning, college students, 29649
learning & teaching in synchronous collaborative environment, teachers & undergraduate & postgraduate students, 25733
model & use of computer-supported collaborative learning & computer-mediated communication within groups, college students, 22423
prevalence & conceptualizations & form of cooperative learning used, elementary school teachers , 2807
text-oriented vs media-rich electronic communications, collaborative inquiry-learning, 4th & 5th grade students, 35473
training in helping & group cooperative learning during previous year, retention & use of helping behavior & cooperative group learning skills, 4th graders with high vs medium vs low academic ability, 35483
TurtleGraph computer-supported visual learning environment, development of recursive programming skills in distributed vs face-to-face collaborative vs individual learning contexts, students , 6147
use of World Wide Web to facilitate collaborative group work, 13–17 yr old high school students & 23–35 yr old psychology graduate students, 22339
Vygotskian-based teacher education program, understanding of teaching & peer & cooperating teacher support systems, preservice teachers, 2838
working in pairs vs alone during learning &/or testing & effects of rehearsal, test performance & self confidence, male students, implications for school underachievement & misbehavior , 6206

Cooperative Learning—Books

Cognitive perspectives on peer learning, 19276

Cooperative Learning—Chapters

Classroom choices from a cognitive perspective on peer learning, 19278
Collaborative problem solving, 22491
Designing collaborative contexts: Lessons from three research programs, 19286
Developing productive group interaction in middle school mathematics, 19323
A fish called peer learning: Searching for common themes, 19279
Fostering ownership for learning with computer-supported collaborative writing in an undergraduate business communication course, 2896
Implications of cognitive approaches to peer learning for teacher education, 19168
Implications of Piagetian theory for peer learning, 19318
Implications of Vygotsky's theory for peer learning, 19319
On the pedagogy of electronic instruction, 2882
The role of the teacher in promoting cognitive processing during collaborative learning, 19282
Structuring dyadic interaction through scripted cooperation, 19285
Teachers as peer learners: Professional development in an advanced computer learning environment, 19236

Cooperative Therapy [See Cotherapy]

Coordination (Motor) [See Motor Coordination]

Coordination (Perceptual Motor) [See Perceptual Motor Coordination]

Coping Behavior—Serials

absolutist vs nonabsolutist thinking style & coping behavior & health, 36–63 yr old headteachers, 24035
academic distress & somatic & emotional stress symptoms & coping & achievement strategies during 2.5 yr preclinical training, medical students, 2.5 yr study, 28858
adaptation strategies & psychological well being & difficulties with activities of daily living, working age vs elderly adults with low vision vs neurological disabilities, 31066
adjustment during transition to high school & changes in coping autonomy & stressors & support & belonging & GPA & attendance, adolescents (mean age 13.7 yrs) & parents, 1-yr study, 15972
adjustment, patients with multiple sclerosis, 1 yr study, application of stress & coping model, 24835
affect & depression & coping & parenting stress & marital adjustment, mothers & fathers 1 mo postpartum, 11380
affective & cognitive & problem-focused coping strategies, 6–12 yr olds with migraine headache, implications for practice & research & education, 28022
African-centered group intervention to help African American men cope with stress of societal racism & oppression, 18595
aging & adaptational challenges & coping in late life, 17410
agoraphobic avoidance behavior & fear & prevalence of negative cognitions about autonomic arousal symptoms & use of & confidence in behavioral coping strategies, patients with panic disorder, 14620
ambivalence over emotional expressiveness & coping strategies, psychological well-being, rheumatoid arthritis patients & their spouses, 11817
appraisal & coping responses to pain & stress, female migraine headache sufferers, 34551
approach & avoidance coping styles in response to acute stressors during competition, 19–45 yr old US vs Australian basketball referees, implications for psychological interventions, 25954
approach vs avoidance coping strategies, anxiety & depression & well-being, 32–74 yr old patients with coronary heart disease, 1 yr study, 34600
artificial neural network modeling, lifestyle interference attributed to headache by psychological correlates of depression & anger & coping strategies, Ss with chronic tension headache, 26023
assessment of heart rate & anxiety & coping strategies as adaptation to examination stress, 1st vs 2nd yr medical students, 2743
associative vs dissociative coping strategies, rowing performance, novice varsity rowers, 16170
attachment style & coping, psychological distress & interpersonal functioning, 14–16 yr olds female survivors of childhood sexual & other abuse & neglect, 37511
attachment style, immediate coping & long-term adjustment & mental health after captivity, former prisoners of war, 6375
attention control & imagery training &/vs cognitive restructuring, distress & cognitions & coping strategies, patients with chronic distressing tinnitus, 9002
attitudes toward family resources & satisfaction with division of labor & coping & worries after birth of 1st child, 1st-time mothers & fathers, 23892
avoidance of serostatus information as coping strategy, psychological well-being & AIDS-related worries & concerns, gay males, 6 mo to 5.5 yr follow-up, 28069
background experience & coping responses & perceptions of self & others in situations of stress &/or conflict, aggressive vs nonaggressive male vs female 17–65 yr olds with intellectual disability, 1879
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS , 12309
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS, erratum, 31768

brief group based psychological intervention for improving psychological adjustment & enhancing adaptive coping, 20.4–64.7 yr olds with spinal cord injury, 6 wk followup, 15141
burden & quality of life & coping methods, 64–92 yr old husband caregivers of their 68–90 yr old wives with Alzheimer's disease, 22222
cancer stage & treatment differences & coping behavior, distress & adjustment to breast cancer, 30–82 yr old women, 28604
caregiver religious/spiritual coping & psychological distress & caregiver/receiver relationship quality, 30–90 yr old informal caregivers of 81–103 yr old community-residing disabled elders, 5878
causal structure of appraisals & coping & stress, 50 yr old & older females undergoing breast cancer screening, test of predictive power of cognitive-appraisal model, longitudinal study, 37801
changes in daily hassles & life events & coping & type A behavior, biological & lifestyle risk factors for coronary heart disease, 27 yr olds, 2 yr study, 12290
changes in health & functional & psychosocial status & coping strategies, community-living elders (mean age 75.1 yrs) with arthritis, 3 yr follow-up, 18268
child abuse, coping skills & resilience, 13–20 yr olds, 37469
children's temparement & impulsivity & attentional focusing, post divorce threat appraisals, 9–12 yr olds & their parents, 13894
chronic strain & neighborhood deterioration & religious coping mechanisms, changes in health, 65 yr olds & older , 7604
circadian type & age & workload, social & emotional & sleep disturbances & adaptation to shiftwork, nurses & industrial workers, test of mid-range process model, 25948
cognitive & psychosocial development & parent–child interactions & coping style, reactions & adjustments & role of music therapy, hospitalized preschool age children, 28559
cognitive behavior group therapy, pain & distress & coping, 15–35 yr olds with sickle cell disease, 35069
cognitive behavioral therapy, coping with vitiligo & self esteem & body image & quality of life & vitiligo progression, vitiligo patients (mean age 39.3 yrs), 38074
cognitive coping strategies, psychological well being, 29–69 yr old females with history of childhood sexual abuse, 1719
cognitive deficits & emotional impact & coping skills, patients with motor neuron disease & their carers, 34634
cognitive-behavioral intervention, coping & burden & satisfaction & emotional & physical health & patient activities of daily living, homebound female caregivers of dementia patients, 12 wk study, 22208
colleagues' suicide & functioning on staff & patients' & personal sorrow levels, mental health professionals , 35381
community & problem & emotion focused coping & resiliency after loss of child/grandchild in Oklahoma City bombing, mothers & grandmothers, 19469
conceptualizations of adjustment to & acceptance of chronic illness & treatment, 47–66 yr olds with end stage renal failure & their partners & home dialysis nurses, 18845
confirmatory & exploratory factor loadings for 2-factor model of Depression Coping Questionnaire, adult volunteers, 11371
construct validity of Ways of Coping Questionnaire scores assessed by confirmatory factor analysis of alternative factor structures, college students, 6584
construction of narratives on attitudes & life experiences & attitudes & caregiver burden, coping strategies, caregivers of mentally ill family members, 38550
constructive thinking & coping & goal setting, performance on & adaptation to change in complex tasks, undergraduates , 30493
control enhancing strategies & health, 65 yr olds & older, 4 yr study, 36878
convergence between coping styles classifications based on dispositional vigilance & cognitive avoidance vs trait anxiety & social desirability, college students, Germany, commentary reply, 30494
convergence between coping styles classifications based on dispositional vigilance & cognitive avoidance vs trait anxiety & social desirability, college students, Germany, commentary, 30511
coping & adjustment, parents of children with ADHD, 1852
coping & emotional distress in prediction of survival time, 32–84 yr old patients with lung cancer, 31158
coping & emotional distress, unemployed adults (aged 22–63 yrs), 33976
coping & identity & transformation & socialization issues concerning racism & discrimination, commentary, 10973
coping & identity & transformation & socialization issues concerning racism & discrimination, commentary, 10981
coping & identity & transformation & socialization issues concerning racism & discrimination, commentary, 10996
coping & illness representation, psychological adjustment, 16–80 yr olds with epilepsy, 15017
coping & job stress & well being, 23–64 yr old doctors, 32148
coping & social skills training for alcohol & cocaine dependence, 28780
coping & usefulness & source of information concerning disability, parents of children with physical & learning disabilities, 27483
coping behavior & marital quality, married couples living under threat of forced relocation, Golan Heights, 17491
coping congruency & level of couple coping, psychological distress & dyadic & individual adjustment to chronic illness, care receivers with multiple sclerosis & their caregivers, 12 mo study, 5883
coping humor & attentional bias, mood change after sad vs humorous cartoons, 19–53 yr old social work students, 17679
coping issues in & teacher attitudes during educational mainstreaming, students with neuromuscular disease, 16016
coping mechanisms & stress perception & motivation to have children, fertile vs sub-fertile males (mean age 35 yrs), 31056
coping methods used to deal with stress & perceived quality of life within 1 yr posttransplant & more than 1 yr posttransplant, 25–55 yr old Chinese patients after renal transplantation, 35090
coping responses to discrimination vs ethnic identification, depression, Southeast Asian Refugees, 33750
coping self-talk & negative cognitions, task performance, 5th–6th graders with high test anxiety, 28966
coping skills & adjustment & health control attitudes, symptoms of depression & anxiety, 36–80 yr old females with breast cancer, 6 mo study, 24757
coping skills & needs & role development & task provision & utilization of & gaps in services, 33–70 yr old male caregivers of females with Alzheimer's disease, 38547
coping skills vs telephone peer support intervention, quality of life, patients (mean age 43 yrs) with multiple sclerosis, 18282
coping skills, pain chronicity, patients over 55 yrs old with chronic pain, 5217

coping strategies & depression, 13–20 yr olds, Puerto Rico, 10837
coping strategies & depression, 25–55 yr old employed Korean wives, 34133
coping strategies & family relationships, work stress & occupational satisfaction, public hospital nurses, 9348
coping strategies & illness attitudes & behavior, individuals with panic attacks (mean age 39.8 yrs), 34210
coping strategies & personal progress, 13–18 yr old graduates of a rural juvenile offenders program, 1-yr follow up, 35376
coping strategies & personality styles & chronicity of homesickness, 17–31 yr old females, 20617
coping strategies & responses to intrusive memories & PTSD & other psychiatric symptoms, ambulance service workers, 37397
coping strategies & self-esteem, male vs female 7–12th graders, 27035
coping strategies & situational stressors as predictors of employee stress & turnover after organizational consolidation, hospital nurses & clinicians , 9347
coping strategies & social support & adjustment following child sexual abuse, 7–12 yr olds, 37515
coping strategies of 51–78 yr olds with postpolio syndrome, 24701
coping strategies with medical procedures on injuries, 8 yr olds, 11805
coping strategies, 22–77 yr old relatives of patients with schizophrenia, 9 mo followup, 14580
coping strategies, 31–52 yr old mothers of children with ADHD, 27914
coping strategies, demographic & illness related data & depression & locus of control & psychosocial adaptation, patients with Parkinson's disease & epilepsy, 31265
coping strategies, noncustodial mothers , 7740
coping strategies, perceived handicap from dizziness & anxiety, 30–84 yr olds with Meniere's disease, 11793
coping strategies, stress & anxiety & depression & marital maladjustment, 31–80 yr old spouses of clinically depressed patients, 21109
coping style & addiction related problems & severity & psychopathology & motivation, outcome of inpatient substance abuse treatment, 17–47 yr olds, 25521
coping style & work related cognitions & victimization history, job satisfaction & burnout, child sexual abuse professionals, 25674
coping style, self-perceived seizure severity & psychological complaints, adult outpatients with epilepsy, 18402
coping styles & anxiety & well being & psychological distress, 19–41 yr old sociotropic vs autonomous college students, 12–13 wk follow up, 24046
coping styles associated with levels of anxiety and panic, 16–70 yr olds with agoraphobia & panic sufferers , 37401
Coping With Depression psychoeducational course as cognitive behavioral treatment for unipolar depression, 5533
coping with infertility, males vs females in heterosexual married couples, 34553
coronary prone type II type of coping in interpersonal relations & other risk factors as predictors of ischemic heart disease, 19–92 yr olds, 34597
cultural background & coping with loneliness, 18–89 yr old male vs female North Americans vs South Asians vs West Indians, 14140
culture & primary vs secondary goals in development of overt vs covert stress coping style, 6–14 yr olds, US vs Thailand, 27064
daily vs retrospective accounts of coping during exams, undergraduates, 20943
decision theoretic model of stress arousal & coping propensity in stress expectancies, college students, 26713
defense mechanisms in Nazi Concentration camps during Holocaust, survivors, 17430
defense mechanisms in Nazi concentration camps during Holocaust, survivors, comment, 17434
demographic characteristics & coping behavior & severity of disorder, outpatients with major depression, 37309
demographics & family & stressor events & coping behavior to adolescence adaptation, 13–18 yr old males vs females from rural & ranch families, 17365
depression & illness perception & coping strategies & adverse childhood events, 18–80 yr old rheumatoid arthritis outpatients, 11803
depression/anxiety & childhood environment & personality & coping response & expression of anger & extraversion-introversion & stressful life events & separation, development of breast cancer, women, 34592
depressive symptoms & religious coping & psychiatric history & physical functioning, after-discharge survival, 20–39 vs 65 yr old & older male veterans , 17873
descriptive word association, recall of unpleasant autobiographical memories, males & females with repressive coping style, 20929
development & confirmatory factor analysis & validity of Rhode Island Stress & Coping Inventory, 18–74 yr old smokers who successfully quit vs relapsers, 6658
development & content of How To Cope classes, caregivers of persons with dementia, 38549
development & evaluation of psychological self-help-based program for fostering coping strategies & mental health & changing stereotyped attitudes, war widows, Sri Lanka, 31576

prevalence of mental health risk & psychological adjustment, families coping with childhood chronic illness, 24689
private prayer in spiritual coping, psychological adjustment, 40–80 yr olds following coronary bypass surgery, 2461
problem-solving & cognitive-behavioral coping skills intervention & cancer-specific distress & perceived risk, breast self examination, women who had relative with breast cancer, 28625
problems & problem-focused coping & satisfaction with activities of daily living, persons with muscular vs myotonic dystrophy vs symptoms related to post-polio syndrome (mean age 52 yrs), 31071
professional- vs family-led support groups, coping, families of persons with mental illness, 2223
psychiatric history & referral type & current coping, assignment to inpatient or outpatient treatment, adult psychiatric emergency room patients, 38576
psychological & neuropsychological predictors of coping patterns to disease-related stressors, patients with multiple sclerosis, 11906
psychological distress & coping behavior, male partners (mean age 37 yrs) of gay men with HIV related disease, 21500
psychological disturbances associated with tinnitus & psychosocial treatments for teaching coping skills to tinnitus patients, 31366
psychological reactions & coping strategies, 43–88 yr old stroke patients with vs without emotionalism, 31214
psychometric characteristics of Norwegian versions of Impact of Event Scale & Post Traumatic Stress Scale & General Coping Questionnaire, medical students under stress, 24330
psychosocial resource loss vs gain & change in life events & depressive symptoms in structural equation modeling of stress & coping dynamic processes, adults, 10 yr study, 30501
psychosocial stress & coping & regimen adherence, chronic vs transient metabolic control, adults with Type 1 vs Type 2 diabetes mellitus, 28042
PTSD & psychopathology & coping behavior & personality factors in Sense of Coherence Rating Scale, adult traffic accident victims, 6 mo followup, 18255
recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, commentary, 37744
relation between dissociative experiences of depersonalization & fantasies & self-reported coping behavior, 17–76 yr olds with vs without depression vs anxiety vs schizophrenia, 11343
relation of coping behavior with demographic & epilepsy variables & depression & locus of control & psychosocial adaptation, 20–54 yr old patients with intractable epilepsy, 18387
relationship among basic coping strategies of problem solving & social support seeking & avoidance, 19–68 yr old psychiatric inpatients with or without personality disorders, 14639
relationship between coping efforts & stress-related mood changes, men & women (mean age 42 yrs) with high levels of work or marital stress, 33984
relationship between dispositional optimism & pessimism & repressive coping & trait anxiety, 18–47 yr olds, 33990
relationship between playfulness & coping skills, 36–63 mo olds, implications for occupational therapy intervention, 14042
relationship between social self-esteem & prediction of coping styles, child molesters vs non-sex offenders (mean age 44.1 and 33.9 yrs, respectively), 37603
relationship of cognitive process of catastrophizing to general looming maladaptive style & looming vulnerability to potential catastrophes, 18–53 yr old college students, 17684
relationship type & satisfaction & significance of deception to target, post-deception relational repair strategies & restoration of relational quality & trust & affection & intimacy, 18–85 yr olds, 7784
relationships between need for achievement & job involvement & tenure & negative affectivity & age & positive vs negative career-plateau coping, 22–65 yr old plateaued water-plant facility employees, 32379
relationships between object relations/reality testing functioning & coping skills & somatic tension, supervisors & managers, 33987
relative importance of caregiver & child & family & environmental characteristics & responses, caregiver stress, caregivers of emotionally disordered 4–12 yr olds, 11694
reliability & factor structure of Swedish version of Mental Adjustment to Cancer scale, measurement of coping & depression & anxiety, 20–91 yr old cancer patients, 28100
religion, coping & depression & anxiety & event specific outcomes & achievement of personal control while waiting in the hospital while relative undergoes coronary bypass surgery, 18–75 yr olds, 28569
religiosity & religious coping & involvement, emotional distress pre- & post-surgery & at 3 & 6 & 9 mo followups, 35–78 yr old Catholic vs Evangelical Hispanic women with breast cancer, 28092

repressive coping style, judgments of childhood, 18–38 yr old females, 14317
repressive coping style, processing & recalling information about rape, females, 11212
reputations & self-concepts & coping strategies, high school students with current vs former volatile-solvent use vs nonuse, 1779
research on prevalence & meaning & experience & outcomes & effects on others & coping with & interventions for job loss & unemployment & reemployment issues, 1994–98, 35595
respite experience as coping strategy, 47–82 yr family caregivers of dementia patients, 31983
risk & protective personality & familial & peer related psychosocial factors, coping ability, female iv drug users with vs without HIV, 27462
risk & protective processes for posttraumatic stress reactions & negative sequelae following Northridge earthquake, 8–18 yr olds with pre-earthquake psychopathology, 30770
role & context of corticosteroids & mineralocorticoid & glucocorticoid receptors, ability to cope with stress & cognition & memory performance, humans, 36408
role of Career Path Tournament game in increasing awareness & anticipation of & coping with sociological barriers to career advancement in junior high & high school & college students, 15893
role of illness representations in coping & functioning, patients with Addison's disease, 21462
role of response stability in measurement of coping, test–retest reliability/inconsistency & measurement artifact, over 70 yr olds & chronically ill patients, 16353
role of sexual assault in childhood & related attributions & coping style in adjustment following rape in adulthood, female college students, 11506
school examinations, cognitive appraisal & state anxiety & coping, high school students, 25800
secure vs fearful vs preoccupied vs dismissing attachment styles, coping with stress & psychological symptoms & distress, male vs female college students, 24023
self esteem & coping, valuation of salient roles during stressful life events, older adults (mean age 73.8 yrs), 14094
self esteem & empowerment treatment model, coping skills & self esteem & psychiatric symptoms, adults with schizophrenia, 6 mo followup, 28299
self presentations of coping skills, adjustment, hemodialysis patients, 1 mo followup, 9025
self-concept discrepancy & attributional style, coping with failure, male vs female 10th graders, 36821
self-esteem & coping strategies, athletes with chronic vs acute sport-related injuries, 6367
self-esteem & problem-solving coping skills vs social activities & support, daily hassles & depression, well adjusted vs resilient vs vulnerable adolescents , 27040
self-reported drinking to cope with negative affect, 18–65 yr olds with vs without diagnosis of alcohol use disorders, 34345
sex & acute stressors experienced during competition, use of coping strategies, male vs female 15.8–20.3 yr old skilled competitive athletes, 9651
sex & developmental level, coping skill acquisition in adolescence, 10851
sex & SES, coping strategies, 11–13 vs 14–16 vs 17–19 yr old secondary students, implications for school facilitation of reflection on coping skills, Australia , 19327
sex, HIV status of relationship partners & economics & emotional distress & coping & substance abuse, high risk sexual behavior, adults with HIV (mean age 37.2 yrs), 31126
sex, treatment prescription & chronic pain adaptation & coping, cancer vs non-cancer patients, 34593
sex, use of traditional folk healing beliefs as helping & coping strategies, 17–80 yr old African Americans, 9054
silencing behaviors & transitions to self-advocating action, 21–55 yr old females with HIV/AIDS, 1976
smoking cessation & nicotine dependence as coping behavior, drug abuse treatment outcomes, substance abusers, implication for treatment of drug addiction, 5932
social & family support & coping style, academic adjustment, 19–26 yr old Ethiopian vs Israeli students , 20892
social exclusion, self-esteem & coping strategies, 13–15 yr old females, 4500
social support & coping & adjustment to illness, melanoma patients, 21512
social support & coping style & hopelessness, quality of life, 24–71 yr olds infected with HIV, 12 yr study, 28082
social support & coping style & perceived self efficacy, psychological health & distress, 65+ yr old victims of mistreatment living independently, 1 yr followup study, 33695
social support & coping style, stress & alcohol use & problems, adults in their 20s vs 30s, test of alcohol reduction hypothesis, 8364
social support & personal coping resources, depressive symptoms, 55–85 yr olds with diabetes mellitus vs lung vs cardiac disease vs arthritis vs cancer vs without disease, 1408
spirituality as coping mechanism during postbereavement period, male caregivers of partners with AIDS, 11231
spousal support & coping behaviors, role stressors & interrole conflict & well-being, 30–49 yr old Hong Kong Chinese employed parents in dual-earner families, 17634
stigma & perceived quality of life & coping behavior, 18–44 yr old HIV positive mothers, implications for health care professionals, 14967
strategies & flexibility in coping with pain, perceptions of control over pain, adults with chronic pain conditions, 5215
strategies for coping with stress & participation in family Al-Anon groups, wives of alcoholics in support Alcoholics Anonymous groups, 2683
strategies for maintaining bonds with loved ones who have died, 11239
strategies to cope with negative in-group status, 17–87 yr olds, test of social identity vs relative deprivation theory, 11160
strategies used to cope with auditory hallucinations, psychiatric patients, 17914
stress & coping & academic & psychosocial adjustment, children with a chronic disease, 34539
stress & coping & moderating role of families' friends, families of children (mean age 8.35 yrs) with Smith–Magenis syndrome, 1394
stress & coping resources & perception of family life, mothers of children with Down syndrome vs spina bifida vs no disability, 1388
stress & coping skills & relationships with normal vs problematic grandchildren, custodial grandparents, 20749
stress & coping strategies & self esteem & health outcomes of depression & drug use & sexual risk behaviors, impoverished 18–65 yr old male vs female African Americans or Latinos, 8016
stress of political uncertainty, hardiness & coping & perceived gender differences, 25–53 yr old Israeli social workers & educational psychologists in West Bank during Intifada, 15792
stress reaction & personality traits & coping behavior & utility of microcomputer monitoring system for diagnosing silent ischemia, 41–70 yr olds with vs without angina pectoris, 18332
stress-coping factors & cigarette & alcohol & marijuana use, urban African American vs Hispanic vs White & male vs female 6th–9th graders, 1807
stressors & cognitive appraisal of stressor & social support & coping strategies & well-being, family caregivers of institutionalized elders with vs without dementia, 31992
structural model of combative vs preventive coping strategies & appraisal & emotional responses to accepting new job, graduate students, 25853
subjective experiences & coping with threatened identity during transition to programmes of professional higher education, mature female students in social work & health care education , 35397
suicide ideation & attempts as stage in coping process after notification of HIV infection & relation to hope & resilience, homosexual & bisexual males, 11839
support groups for family & friends of someone living with HIV/AIDS, 15397
telephone-delivered coping intervention for persons living with HIV/AIDS in rural areas, 24909
theoretical model of self-control & coping motives as mediators of C. R. Cloninger's constructs & substance use level & problems, adolescents (mean age 15.5 yrs), 18086
therapeutic processes & professional attitudes in coping with boundary & termination issues, social caseworkers performing family preservation treatment, 32122
trait dependent & situation specific coping behaviors during invasive medical procedures, 6–15 yr olds with cancer, 5281
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, 38993
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38995
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38988
treatment outcomes & coping & psychosocial functioning, male patients with substance use disorders with vs without PTSD, 2-yr study, 21333
use of avoidance coping & active coping in prediction of disease progression, gay males with HIV infection, 7 yr prospective study, 11837
use of avoidant & emotion-focused coping strategies & behavior problems, Black 6–11 yr olds living in urban environment, 3-yr study, 17380
use of coping strategies in psychological adaptation to HIV, HIV patients (aged 23–45 yrs), 21506
use of prayer & religious coping, 35–87 yr old caregivers of persons with Alzheimers disease & related disorders, 28206
use of shift work preparation & coping strategies, attitude & physical & mental health, nurses, 6049
uses of counseling within context of research, people coping with aftermath of child sexual abuse, 8780
utility of Perception of Cognitive Structure & Emotional & Control Questionnaire, assessment of coping capacity & treatment, patients with obesity, 85
validity & reliability of Cocaine Risk Response Test, prediction of relapse & change in coping ability in relation to intervention type, Ss with cocaine dependency (mean age 29.4 yrs), 9877
validity & reliability of rating scale of pain coping behavior & stress reactions & psychological vulnerability & sensitivity to cognitive intervention, adults with rheumatoid arthritis, 22878
validity of Chronic Pain Coping Inventory, patients, 19620
variable interval partial reinforcement as part-explanation of patient problems with pursuing claims or compensation & therapist interventions to help patients regain control, 11989
war experiences & subsequent flight to refugee camps, social support & coping behavior & psychological well-being, Sudanese 7–12 yr olds, Uganda, 20594
worry as coping strategy in cognitive model of generalized anxiety disorder, 37415
writing as coping tool during conflict between physical vs psychological treatment in inpatient eating disorders unit, student psychiatric nurse, 19175

Coping Behavior—Books

Ambiguous loss: Learning to live with unresolved grief, 18639
Anger–free: Ten basic steps to managing your anger, 15110
Battling the Inner Dummy: The craziness of apparently normal people, 37182
Children changed by trauma: A healing guide, 35046
Coping with HIV infection: Psychological and existential responses in gay men, 31139
The dilemma, 30693
Disability and the family life cycle: Recognizing and treating developmental challenges, 30585
The dynamics of resilient families, 30327
The healing journey through grief: Your journal for reflection and recovery, 11243
I don't have an Uncle Phil anymore, 23799
I'll take care of you: A practical guide for family caregivers, 31985
An intimate history of killing: Face-to-face killing in twentieth-century warfare, 37525
Life after trauma: A workbook for healing, 21010
Living well with a hidden disability: Transcending doubt and shame and reclaiming your life, 21011
My mother's breast: Daughters face their mother's cancer, 21514
Responses to victimizations and belief in a just world, 1269
Soothing and stress, 20447
Stress and emotion: A new synthesis, 14343
Stress reduction for caregivers, 28722
Tibby tried it, 24734
50 ways to love your leaver: Getting on with your life after the breakup, 37084
With the phoenix rising: Lessons from ten resilient women who overcame the trauma of childhood sexual abuse, 34318

Coping Behavior—Chapters

Animal aggression: A model for stress and coping, 36521
Attributional processes, coping and post-traumatic stress disorders, 21208
Becoming resilient: Skill development in couples living with non-insulin dependent diabetes, 31092
Being a minority: Hungarian adolescents in Transylvania, Romania, 10902
Belief in a just world, well-being, and coping with an unjust fate, 1270
BJW and self-efficacy in coping with observed victimization: Results from a study about unemployment, 63
Change at work: Why it hurts and what employers can do about it, 6335
Conservation of resources, stress, and aging: Why do some slide and some spring?, 1022
Coping effectiveness and occupational stress in police officers, 29297
Coping through meaning: The community response to the earthquake in Armenia, 12963
Coping with pain, 14930
A cross-national model of subjective well-being in adolescence, 10908
Evaluation of treatment effectiveness in patients with intractable pain: Measures and methods, 13041
Getting specific about coping: Effortful and invloountary responses to stress in development, 20460

Hypnotic preparation in anesthesia and surgery, 38380
Individual pathways in competence and coping: From regulatory systems to habits of mind, 26966
International consultation and intervention on behalf of children affected by war, 34865
Lifting our voices: African American cultural responses to trauma and loss, 27170
Mood-related expectancy, emotional experience, and coping behavior, 30536
Organizational coping, failure, and success: Academies of Sciences in Central and Eastern Europe, 29157
Possible selves in adulthood: Incorporating teleonomic relevance into studies of self, 33687
Psychotherapeutic intervention with the medically ill, 25300
Race in the therapy relationship, 33757
Reasons, rationality, and ways of life, 11578
Religion and coping, 1088
Resiliency in families with a member facing AIDS, 31150
Resiliency: The skills needed to move forward in a changing environment, 6340
Rheumatoid arthritis, personality, stress response style, and coping with illness: A preliminary survey, 27503
Sickle cell disease, 8547
Social context and depression: An integrative stress and coping framework, 11395
The social contingency model: Identifying empirical and normative boundary conditions on the error-and-bias portrait of human nature, 17631
The social dynamics of responding to mental health problems: Past, present, and future challenges to understanding individuals' use of services, 30598
Social learning theory, 24549
Spiritual surrender: A paradoxical path to control, 23860
Successful failure: An alternative view of organizational coping, 29160
Surviving the demise of a way of life: Stress and resilience in northeastern commercial fishing families, 30330
Teacher burnout from a social-cognitive perspective: A theoretical position paper, 22643
Teaching career: Between burnout and fading away? Reflections from a narrative and biographical perspective, 22634
"The only Black woman walking the face of the earth who cannot have a baby": Two women's stories., 34578
Trauma in police work: A psychosocial model, 27741
Variations in families' explanations of childhood chronic conditions: A cross-cultural perspective, 31098
War trauma and the aged: An Israeli perspective, 1662
Working with older women, 33685
Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]
Coronary Disorders [See Cardiovascular Disorders]
Coronary Heart Disease [See Heart Disorders]
Coronary Prone Behavior—Serials
alexithymia & type A behavior, human females with bulimia nervosa (mean age 23.4 yrs), 34508
biological & neuroticism & sensitization of emotion as risk factors, patients with atypical chest pain vs ischemic heart disease (mean age 51.3 yrs), 34596
cardiac autonomic control & pathogenic BP variability & psychological & behavioral risk factors in psychophysiologic model of coronary artery disease & acute coronary syndromes, 11861
changes in daily hassles & life events & coping & type A behavior, biological & lifestyle risk factors for coronary heart disease, 27 yr olds, 2 yr study, 12290
comprehensive behaviorally oriented program, changes in risk factor related lifestyle behavior, coronary patients treated with percutaneous transluminal coronary angioplasty, 12 mo follow up, 12286
coronary prone type II type of coping in interpersonal relations & other risk factors as predictors of ischemic heart disease, 19–92 yr olds, 34597
drug treatment for depression, risk of cardiac morbidity & mortality, patients with acute myocardial infarction, 38220
EEG response to enforced darkness reminiscent of night driving, Type A behavior, professional drivers with ischemic heart disease vs hypertension , 5287
epidemiological evidence of similar clinical patterns in Type A behavior & coronary artery disease & mood disorders, 21068
locus of control & self-monitoring & Type A behavior & sensation seeking, competitive vs cooperative behavior in Prisoner's Dilemma games in market setting, college students, 30483
parenting style & Type A behavior, college students aged 18–28 yrs, 30489
positive & negative aspects of social relationships & fibrinogen in risk for coronary heart disease, 20–43 yr old healthy adult females, 11849
premorbid lifestyles & type A behavior & life events & coping behavior, patients with vascular dementia vs dementia of Alzheimer's type, 2063
relations between biological & psychosocial risk factors, adult males (mean age 56.8 yrs) with ischemic heart disease, 8588
relationship between coronary heart disease risk factors & exercise adoption, government employees (mean age 39 yrs) participating in a worksite lifestyle screening program, 18852
relationship between time structure & purpose & Type A behavior & Protestant work ethic, employees, 16121
relationship of Type A behavior pattern & visual imaginary time estimation ability, 18–34 yr olds, 4776
relationships among achievement motivation & Type A behavior & motivational orientation, college students, 20948
Type A behavior pattern & career movement, 21–60 yr old female employees in lower-level positions, 35644
type A personality & locus of control, subjectively perceived job stress & satisfaction at work & physical & psychological health, 37–55 yr old managers, 7909
type A vs B personality, blood flow in hypothalamus & hippocampus, 23–40 yr old females, 7043
Type A vs Type B personalities, anger & hostility & aggressiveness, 15–16 yr old males, 916
validity of Spanish version of Structured Interview, assessment of Type A behavior, 29–68 yr old male heart patients with vs without coronary disease , 19616
Coronary Vessels [See Arteries (Anatomy)]
Corporal Punishment [See Punishment]
Corporations [See Business Organizations]
Corpus Callosum—Serials
abnormalities in corpus callosum & cerebellum, patients with late vs early onset schizophrenia, 34189
abnormalities in corpus callosum morphology, 7.6–14.6 yr old females with Tourette disorder with vs without attention deficit hyperactivity disorder, 37889
age & sex, morphology of corpus callosum, children & adolescents, longitudinal study, 23651
alexithymia, 15 yr old female with agenesis of corpus callosum & chronic pain, 37833
bimanual coordination, 62 yr old female & 39 yr old male with lesions of the cingulate gyrus or corpus callosum & supplementary motor area, 18426
bimanual vs unimanual visuomotor procedural learning, callostomized vs acallosal 19–35 yr olds, 31210
callosal function during visual hemispheric sharing task, 9–14 yr old developmental dyslexics, 27923
callosal transfer in frequency bands of visual evoked potentials to lateralized reversal of checkerboard pattern stimuli, 19–30 yr olds, 36443
CT & MRI diagnosis of Marchiafava-Bignami disease & assessment of corpus callosum lesion origin & neuropsychological deficits & symptoms, 42 yr old female with alcoholism, 11888
enriched vs standard environments, short-term memory for event durations & astrocytes in hippocampus & frontal cortex & corpus callosum, old vs young male adult rats, 19955
incremental improvement of dichotic left ear accuracy & toe gnosis, 7–14 yr olds, implications for maturation of portion of corpus callosum & sense of self, 36756
interhemispheric transfer of auditory vs motor vs tactile vs visual information, 8–16 yr olds with mild–severe closed head injury with vs without corpus callosal damage, 28124
interhemispheric transfer of sensory & cognitive information, 29 yr old right-handed male without corpus callosum & anterior commissure, 18353
intra- vs inter-hemispheric conditions, performance on target location & matching task, 7 yr olds diagnosed with hand-eye coordination problems, 24724
lateralization & functional inhibition by corpus callosum in bihemispheric neural network model of letter identification, 32507
left hemisphere perceptual matching deficit, 45 yr old male callostomy patient , 34630
motor dominance & praxis & left motor apraxia & visuomotor learning, left handed 54 yr old with callosal disconnection syndrome following corpus callosum ischemic infarction, 14987
redundant-target effects for visual search following complete commissurotomy of corpus callosum & hippocampal & anterior commissures, adults with brain damage, 18406
sex & size & fiber composition of anterior commissure, postmortem brains of individuals with schizophrenia, 21138
spatial training on water maze, long term potentiation like changes in posterior parietal cortex transcallosal evoked field potentials, male rats, 3816
topography & atrophy of corpus callosum & frontal & temporal & parietal lobe volume & severity of dementia, patients with Alzheimer's disease, 31298
use of signal intensity as index of myelinization to characterize abnormalities in corpus callosum, 7.2–17.7 yr old pediatric outpatients with obsessive compulsive disorder, 24336
visual EP latency variance & signal-to-noise ratio & interhemispheric transfer time, normal volunteers vs acallosal patients, 8610
visual EPs as indices of interhemispheric integration of single letter vs complex pattern visual stimuli, 15–40 yr olds with complete vs partial agenesis of corpus callosum vs total commissurotomy, 34611
Corpus Callosum—Chapters
Functional magnetic resonance imaging of brain reward circuitry in the human, 26657
Role of the corpus callosum in the cognitive development of children with congenital brain malformations, 37936
Corpus Striatum [See Basal Ganglia]
Correctional Institutions [See Also Prisons]—Serials
advantages of using juvenile correctional facility records in risk-based approach to plan & implement prevention & treatment programs for violent juvenile offenders, 29283
application of psychosocial rehabilitation programs in correctional systems by considering them as communities, mentally ill offenders, 35366
content & process & level of interaction between client & professional, development of family life education programs in correctional settings, adult inmates, 35370
correctional officers' preference for work in male vs female state prisons, implications for theory of gendered organizations, 35364
detection of faking on Adolescent version of MMPI, adolescents from correctional facilities instructed to fake good & correctional & noncorrectional adolescents who received standard instructions, 30932
effectiveness of corrections-based treatment for drug-abusing criminal offenders, 38612
incidence & method of self-harming behavior, male patients in medium-secure hospital, 21274
incidence of & risk factors related to absconding, Special Hospital absconders, 1985–1996, 22291
Negative Impression scale & Malingering Index & Rogers Discriminant Function, detection of feigning on Personality Assessment Inventory, malingerers vs real patients at forensic & correctional sites, 6629
normalization & issue of deinstitutionalization, prisoners with an intellectual disability in mainstream prisons vs specialist secure facilities, 35368
organizational & program & change agent & staffing implementation guidelines, correctional treatment programs, 25561
potential contributions of psychological assessments to processing of youths in juvenile justice & correctional systems, 22794
types of group therapy services provided for male inmates in correctional settings, correctional mental health providers, 38644
use of node-link mapping in enhancement of participation & progress for 4-mo residential drug abuse treatment, 17–70 yr old male probationers & female counselors in correctional facility setting, 9287
work conditions & resources & social support between employees, occupational stress, correctional facility treatment professionals & recreation specialists, 38726
Correctional Institutions [See Also Prisons]—Books
Mental health services in criminal justice system settings: A selectively annotated bibliography, 1970–1997, 19124
Corrective Lenses [See Optical Aids]
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Atrophy [See Cerebral Atrophy]
Cortical Evoked Potentials [See Also Contingent Negative Variation]—Serials
age & gender, ERP amplitudes & latencies & centroid locations during cued continuous performance test under Go & NoGo conditions, healthy 22–60 yr olds, 29896
aging, amplitude & latency & scalp distribution of N400 congruity effect during semantic categorization task, 20–80 yr olds, 4523
attention in temporal processing & electrophysiological activity of cortex, human Ss, 16456
auditory cortex response to & localization of filtered sounds producing spacial illusions, cats, 26686
auditory detection & discrimination processes, intracranial event-related potentials, 5–14 yr olds undergoing presurgical evaluation for epilepsy, 18392
auditory repetitive &/vs deviant somatosensory stimuli, automatic-ERP correlates under stimulus-ignoring conditions, female adults, 566
bicuculline & 8-OH-DPAT & carbachol, modulation of hippocampal evoked responses during paired prepulse inhibition, young vs aging vs old male rats, 4198

biofeedback-entrained cortical polarization, positive vs negative slow-wave amplitudes in direct-memory retrieval of multiplication facts, adults, 3978
changes in spatial correlation calculation of EEG evoked by visual stimulation, 21-45 yr olds, 26677
correlation of patterns of temporally synchronized cortical potentials with wavelet packets, bats, model of neural mechanisms underlying perception, 13608
cortical gamma oscillations & threshold modulation as support for associative memory processes in 2-compartment neural model, 29870
cortical memory representations for Finnish phonemes using mismatch negativity ERPs, 18–35 yr old naive Hungarian vs fluent Finnish speakers, 29923
cortical neuronal death after transient cerebral ischemia & delayed recovery of auditory cortical evoked potentials, awake gerbils, 428
developmental approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6456
donepezil, P300 auditory & visual cognitive evoked potentials, 67–81 yr olds with Alzheimer's disease, 38424
ERP correlates of lexical processing & repetition priming, 26–77 yr old stroke patients with anterior vs posterior lesions in dorsolateral prefrontal cortex, 2095
event related brain potentials & smoking cue-reactivity, adult smokers vs nonsmokers, implications for tobacco addiction, 36517
event related cortical potentials during auditory semantic & syntactic processing of sentences, 26–58 yr olds with cortical vs subcortical left hemisphere lesions, 31224
event related potentials during on-line semantic & syntactic processing of open- & closed-vocabulary-class words, 39–74 yr olds with Broca's aphasia with agrammatic comprehension, 31328
event-related activity in prefrontal cortex vs bilateral parahippocampal regions, visual experience remembered well vs less well vs forgotten, Ss, 3822
event-related brain potentials & visual short-term memory, 20–27 yr olds, 29907
event-related brain potentials during recognition of ordinary & bizarre action phrases following verbal & subject-performed encoding conditions, college students, 23095
event-related potentials & attention during continuous performance tests, adult patients with schizophrenia vs those with childhood onset schizophrenia, 24293
execution vs imagination of memorized eye movements during visual imagery condition & hemispheric differences, slow cortical potentials, healthy 21–30 yr olds, 29902
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, 6477
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6459
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6474
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6464
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6460
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary reply, 6476
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6466
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6458
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6462
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6472
family history & gender & age, P300 electroencephalographic potentials, 15–20 yr olds with conduct disorder problems, 27758
functional MRI-assessed regional activation of visual cortex in random vs correlated achromatic texture perception, 22–27 yr olds, 453
functional MRI-assessed spatio-temporal organization of cortical activity during complex tasks, 20–32 yr olds, 29792
gamma range EEG activity & event-related potentials during visual classification task, 20–35 yr olds, 23385
head direction, hippocampus nerve cell firings, rhesus macaques, 36494
inclusion of task-irrelevant acoustic accessory stimulus with imperative visual stimulus in choice reaction task, RT & lateralized readiness potential, young adults, 23382
laser evoked potentials from parasylvian cortex, 26–43 yr olds with temporal lobe epilepsy, implications for evoked potentials in normal populations, 2051
local-field EPs in premotor & motor cortex during visually guided hand & arm movements, monkeys, 29793
longterm therapy with diazepam, motor cortical excitability threshold & silent period duration after transcranial magnetic simulation, 17–45 yr old patients with anxiety disorders, 15323
mechanisms of delay in initiation of voluntary movements, patients with Parkinson's disease, 5367
median nerve stimulation & somatosensory cortical EP-assessed voluntary movement preparation in go/no-go choice-RT task, 29–42 yr olds, 477
microgenic approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6451
neuromagnetic fields in primary auditory cortex during auditory selective attention, 20–30 yr olds, 547
philosophical dissolution & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6468
predictors of improvement in P300 latency, 27–54 yr olds with history of exposure to organic solvents & mild solvent encephalopathy, 1.5 yr follow-up, 5189
prolonged P3 latency & decreased brain perfusion in cerebellar degeneration, adults aged 46–74 yrs, 37917
propofol, visual evoked potentials & pattern electroretinographic responses, rheseus monkeys, 33308
psycholinguistic processing model of picture naming & dynamics of cortical activation during picture naming, 21–30 yr olds, 554
repertoires of functional brain microstates during rest state, acute & neuroleptic-naive patients with schizophrenia, 34167
response monitoring & priming task performance & event-related brain potentials, patients with schizophrenia (mean age 31.4 yrs), 21143
response-locked changes in auto- & cross-covariations in parietal cortex during memory saccade task, monkeys, 29841
spatial tasks, medial vs lateral septal complex neuron firings, albino Wistar rats, 36498
spatio-temporal cooperative cortical dynamics measured by multivariate autoregressive modeling of local-field ERPs, macaques, 29772
spatiotemporal patterns of oscillation in neocortical areas & activation by specific methods of stimulation, rat somatosensory areas, 23416
synaptic action of serotonin (5-HT) in the cerebral cortex & implications for depression & schizophrenia, 7121
synaptic excitation via cortico-thalamic fibres vs antidromic driving of thalamo-cortico cells from ectopic firing zone in epileptic cortex, thalamic neurone activation during epilepsy, cats, 13601
tactile stimuli & thresholds for visual sensations, acquired synesthesia, 42-yr-old male patient who developed retinitis pigmentosa in childhood & progressively lost his vision at 40 yrs, 34698
touch- vs laser heat-evoked cortical field potentials & anesthesia, rats, 23352
transcranial magnetic cortical stimulation designed to evoke contingent negative variation, cortical silent period & motor evoked potentials, 24–36 yr olds, 33288
transcranial magnetic stimulation, topography of oculomotor cortical region activation during saccadic eye movements, humans, 3927
transdermal nicotine, mood & EEG & behavioral performance & ERPs, adult males, 26795
Utah electrode array & neural interface for cortical vision prosthesis, cats, 23273
voluntary relaxation of foot muscles, movement related cortical potentials, 22–39 yr old males, 23411

Corticoids [See Corticosteroids]

Corticosteroids [See Also Aldosterone, Corticosterone, Cortisone, Hydrocortisone, Prednisolone]—Serials

chronic intermittent stress, brain corticosteroid receptor densities, rats prenatally exposed to ethanol, 23320
corticosteroid induced hippocampal damage, neuroendocrine abnormalities & cognitive & memory impairment in mood disorders, 34095
corticosteroids & stress responses & sex & intracellular receptors, 7233
dehydroepiandrosterone &/vs dextrofenfluramine, caloric intake & hypothalamic neurotransmitter levels, female obese Zucker rats, 33403
efficacy of dehydroepiandrosterone treatment, 33–53 yr olds with major depression, 18752
exogenous corticosteroid exposure & recollection of traumatic events & role in depression etiology, 12+ yr olds, 21103
high dose treatment with methylprednisolone & recovery, 27 yr old male with acute disseminated encephalomyelitis, commentary & commentary reply, 5634
ketoconazole, stressor-induced reinstatement of extinguished cocaine seeking behavior & generalization of discriminative stimulus to cocaine, male rats, 17061
olanzapine, corticosteroid induced mood changes, 21 yr old female with asthma, 25146
psychosis due to prednisone–clarithromycin interaction, 50 yr old male treated for emphysema & bronchitis, 5744
role & context of corticosteroids & mineralocorticoid & glucocorticoid receptors, ability to cope with stress & cognition & memory performance, humans, 36408
Type I vs Type II adrenal steroid receptor agonism vs antagonism, Y-maze spatial memory, adrenalectomized male rats, 26752

Corticosterone—Serials

acute alcohol pretreatment, endotoxin lipopolysaccharide-induced ACTH- & corticosterone- & pro-inflammatory cytokine release, rats, 20362
acute vs chronic corticosterone administration, expression of neural cell adhesion molecule in different brain regions, male rats, 23578
administration of antalarmin for 1 vs 8 wks, hypothalamic pituitary adrenal function & response to stress as measured with ACTH & corticosterone concentrations, animals, 26701
central administration of gastrin, food intake & feeding behavior & satiety & serum corticosterone & pecking behavior & food passage, neonatal chicks, 29928
chronic corticosterone &/vs acute melatonin, sexual behavior & 5-HT2A-mediated wet-dog shakes, male rat, 33406
chronic diazepam, stress-induced brain levels of 3 alpha,5 alpha- tetrahydroprogesterone & corticosterone, male vs female & orchidectomized vs ovariectomized rats, 20389
chronic exposure to morphine, physiologically active corticosterone, male vs female rats, implications for the link between stress & drug abuse, 4232
chronic stress & imipramine, spleen mononuclear cell proliferative response & blood corticosterone & hippocampus & hypothalamus norepinephrine levels, male rats, 12142
chronic unpredictable stress vs corticosterone vs dexamethasone, regulation of G-protein-signaling protein type 4 regulator, male rats, 20125
circadian variations of arginine-vasopressin in suprachiasmatic nucleus, circadian rhythms of plasma corticosterone & locomotor activity under light-dark vs constant dim light, rats, 3861
corticosterone & prenatal ethanol exposure, ACTH response to stressor & hypothalamic pituitary adrenal feedback regulation, male vs female rats, 20299
corticosterone injections, spatial learning, young vs old vs very old male Fischer-344 X Brown Norway rats, 30009
corticosterone or testosterone, corticotropin-releasing hormone & arginine vasopressin mRNA expression & stress-induced adrenocorticotropic hormone release, male rats with adrenalectomy vs gonadectomy, 26649
corticosterone treatment, motor activity & feeding & drinking & body temperature, rats, 5–7 mo study, 26764
corticosterone, clasping responses & reticulospinal & medullary neuronal activity, male newts, 7250
daily naltrindole during preweanling period, basal & post-stress corticosterone levels, young male vs female rats, 10569
dexamethasone vs aldosterone dosage, corticosterone & cocaine self-administration, male rats, 706
ethanol-drinking entrainment & food restriction & metyrapone vs exogenous corticosterone, ethanol palatability & hedonic taste reactivity as positive alliesthesia measures, adrenalectomized male rats, 33039
high vs low T-maze escape performance & plasma adrenocortical responses to partial water immersion, 2–15 day old chicks, 26618
injections of mineralocorticoid &/vs glucocorticoid receptor antagonists in hippocampus & blocking by adrenalectomy or dexamethasone, corticosterone levels & anxiety behavior, rats, 3818
metyrapone with vs without dexamethasone pretreatment, plasma concentrations of neuroactive steroids, 33–57 yr olds with major depression, 2389
plasma corticosterone elevation in successive negative contrast in consummatory behavior of sucrose, male rats, 4059
predator odor exposure, locomotor activity & ACTH & corticosterone plasma levels, rats, 23468
prenatal stress, plasma corticosterone & catecholamines in response to footshock, 4.5–5 mo old male offspring of stressed & unstressed rats, 4084

prolonged stress-induced elevation in plasma corticosterone, pregnant rats, implications for prenatal stress studies, 4076
reduced corticosterone levels by adrenalectomy, 8-OH-DPAT-induced hypothermia, mice, animal model of depression & somatodendritic 5-HT1A receptor function, 13676
repeated neonatal isolation, levels of plasma corticosterone, isolated or handled or nonhandled rat pups, 3732
sleep-wake parameters & relationships to corticosterone levels, prenatally stressed adult rats, implications for animal model of depression , 36413
tumor necrosis factor alpha, sickness behavior & plasma corticosterone & central monoamine levels & turnover at hypothalamic & extrahypothalamic sites, mice, 26704
Corticosterone—Chapters
Effects of stress on susceptibility and severity of inflammation in adjuvant-induced arthritis, 26727
Corticotropin—Serials
adrenoceptor agonists vs antagonists vs methoxamine vs WB-4101, ether stress-induced release of corticotropin & beta-endorphin, male rats, 10684
cholecystokinin agonist pentagastrin, dose dependent ACTH/cortisol release & anxiety/panic symptoms & cardiovascular response, 18–45 yr olds, implications for hypothalamic-pituitary-adrenal axis, 33357
corticosterone & prenatal ethanol exposure, ACTH response to stressor & hypothalamic pituitary adrenal feedback regulation, male vs female rats, 20299
corticosterone or testosterone, corticotropin-releasing hormone & arginine vasopressin mRNA expression & stress-induced adrenocorticotropic hormone release, male rats with adrenalectomy vs gonadectomy, 26649
corticotropin releasing hormone & cortisol & depression & conduct disorder symptoms, pregnant 13–19 yr olds assessed during pregnancy & postpartum, 17836
corticotropin-releasing hormone, conditioned suppression & endocrinology, high- vs low-avoidance male rats, 7201
dysregulation of corticotropin & cortisol response after corticotropin releasing hormone stimulation, outpatients with bipolar disorder, 34135
maternal corticotropin-releasing hormone, habituation, developing fetus, 17504
maze stress, ACTH levels, male Wistar rats, 36399
naloxone vs nalmefene, ACTH & cortisol responses as measures of hypothalamic-pituitary-adrenal axis activation, 22–72.5 yr olds, implications for treatment of alcoholism, 743
naloxone, adrenocorticotropin & cortisol release, outpatients with depression, 27584
neurophysiological responses to corticotropin-releasing factor & neuropeptide Y after chronic ethanol exposure & withdrawal, male rats, 26850
prediction of medium-term outcome by cortisol response to combined dexamethasone-corticotropin releasing hormone test, 25–79 yr old inpatients with major depression, 24233
self-administration of cocaine, cortisol & adrenocorticotropic hormone release & hypothalamic-pituitary-adrenal axis function, rhesus monkeys, 23492
therapeutic potential of corticotropia-releasing factor antagonists in treatment of affective disorders, 35005
yawning & stretching during transcranial therapeutic application of pulsed electromagnetic fields & role of ACTH, female multiple sclerosis patients with mild motor disabilities, 9031
Corticotropin—Chapters
Neuromotor and socioemotional behavior in the young monkey is presaged by prenatal conditions, 20046
Corticotropin Releasing Factor—Serials
administration of antalarmin for 1 vs 8 wks, hypothalamic pituitary adrenal function & response to stress as measured with ACTH & corticosterone concentrations, animals, 26701
classic fear conditioning, corticotropin-releasing factor receptors in learning & memory, male mice, 23274
corticotrophin releasing factor, food & water intake & body temperature, broiler vs Leghorn chickens, 23500
corticotropin releasing hormone & neuropeptide Y plasma levels as indicators of stress system alterations, mood disorder patients with recent suicide attempt (mean age 37 yrs), 17019
corticotropin releasing hormone receptor antisense oligonucleotides, behavioral performance & anxiety in social defeat & discrimination & maze & forced swim & locomotor activity tests, male rats, 17058
corticotropin-releasing factor receptor subtype 1 & anxiety-like & memory processes, male mice, 33196
corticotropin-releasing hormone receptor agonist, sleep deprivation & stress induced paradoxical sleep rebound, male rats, 7180
corticotropin-releasing hormone, mediation of neuroendocrine & behavioral alterations after restraint stress, male rats, 29973
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, 17929
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, errata , 24319
d-fenfluramine vs restraint vs interleukin IL-1 induced feeding, male rats with vs without corticotropin releasing factor gene, 36515
desmopressin, pituitary-adrenal responsivity to corticotropin-releasing hormone, patients with chronic fatigue syndrome (mean age 38.9 yrs), 21952
glutamate vs NMDA, corticotropin-releasing factor release from amygdala, rats, 13530
hypothalamic-pituitary-adrenal activity as measured by dexamethasone/corticotropin-releasing hormone test, 20–68 yr olds with bipolar vs unipolar depression in depressive vs remission phases, 37334
immobilization stress, effect of antiallergic drug cromolyn vs corticosterone releasing hormone antagonist, coronary mast cell immunochemistry, male rats, 604
intra-basolateral amygdala corticotropin-releasing factor vs cloned related peptide urocortin, anxiety & panic responses, male rats, 13808
maternal corticotropin-releasing hormone, habituation, developing fetus, 17504
melanocortin 4 receptor antagonist HSO14, corticotropin-releasing factor-induced anorexia & grooming, male rats, 33503
nonresponse vs response contingent delivery of cocaine & animal's cocaine history & sex, hypothalamic pituitary adrenal axis effects & corticotropin releasing hormone, rhesus monkeys, 26740
pivagabine, stress reaction & antagonistic change in GABA receptor & corticotropin releasing factor & neurosteroid binding function, intact vs adrenalectomized-castrated male rats, 10658
radiolabeled corticotropin-releasing factor & placental transfer & gestational stress, offspring development, pregnant rats, 4085
receptor binding & behavioral & electrophysiological profile of corticotropin-releasing factor subtype-1 receptor antagonists, mice & rats, 20357
role of corticotropin releasing factor system as mediator in development of stress response & major depression & PTSD, rodents & nonhuman primates & humans , 33408
role of hypothalamic-pituitary-adrenocortical system hyperactivity & corticotropin-releasing hormone secretion in development & course of depression, 17867
role of serotonin & corticotropin-releasing factor in pathophysiology of depression, 1535
similarities among & role of hypothalamic-pituitary-adrenocortical axis & pituitary-adrenocortical abnormalities & corticotropin releasing factor & stress in PTSD & major depressive & panic disorder, 24089
social stress & corticotropin releasing factor & antagonist, circadian locomotor rhythm & activation of hypothalamic pituitary adrenocortical system, male golden hamsters, 4265
stimulation with staphylococcal enterotoxin B, corticotropin releasing hormone & mRNA, male mice, implications for autoimmune reactivity & emotionality, 20241
stress & food intake vs handling during feeding vs maternal deprivation vs maternal–pup interaction, hypothalamic & amygdalal expression of corticotropin-releasing factor receptor type 2, rat pups, 20230
swim stress, corticotropin-releasing factor & locus ceruleus sensitization, male adult rats, implications for pathophysiology of depression, 23453
symptoms of depression & corticotropin-releasing hormone & interleukin-1 beta & interleukin-1 receptor antagonist & postpartum complications, pregnant 13–19 yr olds followed throughout their pregnancy, 24222
Corticotropin Releasing Factor—Chapters
Hormonal perturbations in fibromyalgia syndrome, 28060
Stress, corticotropin-releasing hormone, glucocorticoids, and the immune/inflammatory response: Acute and chronic effects, 28091
Cortisol [See Hydrocortisone]
Cortisone—Serials
acamprosate, cortisol & growth hormone & prolactin secretion, 20–35 yr old males, 26845
relationship between housing & social rank on cortisol & beta-endorphin & dynorphin secretion, sows, 4013
Cost Containment—Serials
brown bag reviews, identification of medication problems & cost reduction, community pharmacists & medical patients (mean age 64.45 yrs), 28609
cooperation vs opportunistic behavior, transactions costs, franchised distribution channels, 22653
effects of carve-out models of cost control on quality of care in mental health & substance abuse managed care services, 24906
guidelines for increasing financial efficacy of clinical assessment, 26142
potential cost savings by substitution of assisted living care for nursing home care based on health status & disease severity, nursing home & assisted living facility residents with AD , 35261
Cost Effectiveness [See Costs and Cost Analysis]
Costs and Cost Analysis [See Also Budgets, Health Care Costs]—Serials
analysis & model of safety & total driving costs of warning sign installations in traffic , 35769
analysis of treatment costs of 180 day methadone detoxification with vs without contingency contracting, 23–60 yr olds with opioid addiction, 22262
associative theory for prediction of past date & past price estimation, humans, application of computer simulation data, 16590
benefit-cost analysis, evaluations of child abuse prevention & intervention programs, 25454
clinical & cost effectiveness, clozapine or risperidone vs chlorpromazine or haloperidol, community mental health patients (mean age 37.3 yrs) with schizophrenia & schizoaffective & bipolar disorder, 31645
clinical & economic value of individual psychotherapy as adjunct to medication & case management in treatment of schizophrenia & influence of trend toward managed care, commentary & commentary reply, 12019
closing state psychiatric hospital, service utilization patterns & related costs, patients with vs without serious mental illness, 3 yr study, 38567
clozapine treatment, health care costs & health status, schizophrenic adults supported by public funds, 6-mo followup, 8871
comprehensive multidisciplinary treatment at headache center, outcome & work impairment & cost-effectiveness, 14–75 yr old patients with migraine or intractable headache, 6 mo followup, 25315
cooperation vs opportunistic behavior, transactions costs, franchised distribution channels, 22653
cost & utilization patterns of substance abuse vs mental health treatment under private employer-sponsored managed behavioral health care plans, 9134
cost effective treatment program, females with bulimia nervosa, 34820
cost effectiveness analysis of drug therapy for mycobacterium avium complex & quality-adjusted survival, HIV-infected patients on protease inhibitor therapy, 5727
cost effectiveness of & outcomes with community oriented Early Psychosis Prevention & Intervention Centre program, young people with emerging psychotic disorders, 1 yr followup, 31954
cost effectiveness of clinical psychology training programs in community mental health centers, 9325
cost effectiveness of home-based social work intervention, children & adolescents aged 16 yrs & younger who deliberately poisoned themselves, 6 mo study, 12441
cost estimations for providing EAP services, nonagricultural worksites, 1993 & 1995, 16064
cost of performing problem-solving operation, level of planning & solution length, adults, implications for user interface design, 10126
cost-benefit analysis approach to teaching ethics & statistics, college students, 12653
cost-effectiveness analysis of donepezil in treatment of mild or moderate Alzheimer's disease, 18833
cost-effectiveness of brief psychodynamic-interpersonal therapy vs usual treatment in high utilization of psychiatric services, 18–65 yr olds, 6 mo followup, 25394
cost-effectiveness of clozapine vs haloperidol, patients with high vs low levels of hospital use, Veterans with refractory schizophrenia, 12 mo followup, 25216
cost-effectiveness of donepezil as adjunct to usual care, patients with mild-to-moderate Alzheimer's disease, 21932
cost-effectiveness of psychotherapy vs medication alone vs combined treatment provided by psychiatrist or split treatment with psychologist or social worker using managed care & Medicare fee schedules, 12394
cost-effectiveness of substance abuse & drug-abuse treatment interventions & implications for policy making, 28781
cost-utility analysis & quality of life in studying pharmacoeconomics of schizophrenia, schizophrenic patients, 14532
costs & benefits of situational crime prevention programs, 32557
costs & consequences & media impact, weight control & eating disorders, 35135
costs of criminal convictions & careers following discharge from special behavioral units & need for early intervention social & education services, adolescents excluded from school, 8395
costs of diagnosis & treatment vs nontreatment of primary or comorbid depression in primary health care setting, 8731
costs of domestic violence to organizations & steps to assist employees, 38954
costs of schizophrenia, 11434

costs of treating physical problems & depression, rural residents with depression, 1 yr followup, 38513
costs vs savings in lost earnings & treatment costs, adults with depression treated by general medical vs mental health specialists, 6 & 12 mo followups, 8746
customer satisfaction in marketing & model of strategic decisions & price elasticity, 6382
drug therapy development costs &/vs economic burden of Alzheimer's disease, UK, health care policy implications, 5751
economic & child development perspective on current state of child day care & Head Start, US, comment, 11049
economic & child development perspectives on current state of child day care, US, comment, 11047
economic & child development perspectives on current state of child day care & Head Start, US, commentary reply, 11045
economic methods for measuring the quality of life associated with HIV infection, 37788
economic outcomes of traditional antipsychotic agents vs risperidone, Medicaid patients with schizophrenia, 2372
educative vs price-structuring approach, strategic management of domestic water consumption & conservation, parents & teachers & high & elementary school students, 7-yr study, 32451
effectiveness & cost effectiveness of clozapine in treatment of schizophrenia, 12226
effectiveness & costs & benefits of social work services in organ transplantation program, 15541
effects of carve-out models of cost control on quality of care in mental health & substance abuse managed care services, 24906
efficacy & cost effectiveness of clozapine treatment, patients with treatment resistant schizophrenia, 5 yr study, 12152
efficacy & cost effectiveness of reunification vs foster & kinship care vs adoption, at risk children, 36989
empirical model of costs of employer accommodation to workers with disabilities, 19523
estimated developmental & implementation & per eligible employee costs of standard vs enhanced employee assistance program, employees at various work sites, 5459
factors affecting & levels of & costs associated with legal system involvement, adults with comorbid mental illness & substance use disorders, 20982
financial impact of capitated contracts with Utah Medicaid on community mental health centers, 18981
health care costs & pharmacological treatment of schizophrenia, 12183
health care utilization & costs, uninsured 18–89 yr olds treated for bipolar-spectrum disorders, 38505
identification of Alzheimer's disease solely from Medicare records, Medicare claims cases known to have some form of dementia, implications for prevalence estimates & claims reimbursement, 3 yr study, 11922
identification of costs associated with overdose of newer vs older antidepressants, 27853
impact of organizational level factors on amount of human resources outsourcing & perceived benefits, human resources executives, 16138
implementation of carve-out plan, spending for episodes of inpatient &/vs outpatient mental health & substance abuse treatment, managed behavioral health care program, 9118
importance of perceptions of time-related costs & action-forcing events in building momentum in decision making & negotiation, 6499
in depth education program, cost of analgesic & adjuvant medications used for pain management by rural patients with cancer, nurses, 9317
income & sources of income & marital economic agreements & employment status, child care choices, married mothers, 20744
increases in cost of health services, patients with substance abuse & psychiatric disorders, 6 yr study, 38485
information about subsidies provided by public vs private colleges, estimates of total cost & judgment of cost reasonableness, college students & elementary & secondary teachers, 38778
interviewer experience & positive predictive value & cost of telephone screening, research assistants vs senior investigators screening 19–82 yr olds for chronic depression clinical trial, 18491
issues in cost & effectiveness of rehabilitation, patients with traumatic brain injury, 9221
issues in improving outcome & cost effectiveness of treatment for depression, 34752
Kentucky IMPACT program, case management wraparound expenses, children with severe emotional disabilities & their families, 5 yr study, 5843
mean cost of emergency room stay, 23–74 yr olds with schizophrenia & treated with haloperidol, 38575
measurement of costs & benefits in the cost-effective analysis of psychopharmacologic treatment of schizophrenia, 14565
method for evaluating increased cost of pindolol augmentation to accelerate action of paroxetine, depressed patients from placebo-controlled randomized trial, 3387
methods of cost-effectiveness analysis in the evaluation of new antipsychotic treatment & implications for schizophrenia treatment & health care policy decision-making, 15320
model for estimation of annual treatment outcomes & costs, patients with schizophrenia, 37964
modeling cost data on fluoxetine & paroxetine & sertraline, patients, 38288
multistage process model of effect of price history on current perceived expensiveness & resulting product demand, college students, 22709
natural course of antidepressant use & direct health service expenditure for treatment of single episode depression, patients initiating antidepressant pharmacotherapy, 38304
net effects & costs of services management vs assertive community treatment services, 18–95 yr olds with mental illness, 25445
olanzapine vs haloperidol, treatment outcomes & cost effectiveness, patients with schizophrenia, 38322
outcomes & cost analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo followup, erratum, 38524
outcomes & costs analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo follow up, 18963
ownership status, consumer responses to price-based brand line stretches, car owners vs nonowners & college students, 12926
perceptions of Medicaid estate planning for nursing home care, Medicaid eligibility workers, 22231
price & inferred motive & reputation, perceptions of price unfairness, college students & staff, 22699
price range & comparison to internal reference price & consumer's perception of attractiveness of market price, college students, 16205
priming to consider fairness in price negotiations, buyers & sellers, 39018
prior category knowledge & waiting time search costs, computer searching, high vs low knowledge female consumers, 32427
prior usage & payment equity satisfaction, subsequent usage, entertainment & communication service subscribers, 22698
production costs of road safety TV commercials, self-reported future intentions to comply with advocated road safety behavior, adolescents & adults, 16239
productivity-related & administrative & other costs in behavioral costing model of economic costs of workplace sexual harassment in US Army, active-duty Army personnel reporting sexual harassment, 22684
program legitmacy vs cost, closure & change of Veterans Affairs substance abuse treatment programs , 38604
psychiatric screening & assessment with vs without physicians' knowledge, cost benefit analysis & mental health & quality of life & subjective health status outcomes, medical patients, 6-mo followup, 2132
psychiatric service usage & annual direct & indirect costs of anxiety disorders in the US, 15–54 yr olds in National Comorbidity Study, 30776
psychological interventions, use of medical services & costs & cost offset, commentary, 25000
psychological interventions, use of medical services & costs & cost offset, commentary, 24972
psychological interventions, use of medical services & costs & cost offset, commentary, 24996
psychological interventions, use of medical services & costs & cost offset, 24968
psychological interventions, use of medical services & costs & cost offset, commentary, 25007
psychological interventions, use of medical services & costs & cost offset, commentary, 24966
psychological interventions, use of medical services & costs & cost offset, commentary, 24993
quality of life & other issues in cost-effectiveness & efficacy & safety of atypical antipsychotic treatment, schizophrenic patients, 8897
reasons to & benefits of employing persons with developmental disabilities, 37634
relationship between cost of treatment for depression & lost employment earnings due to work days, persons with depressive disorder & dysthymia, 6 & 12 mo followup, 35198
relationship between mental illness & work & earnings loss across DSM categories , 4883
remembering vs knowing & implicit vs explicit memory, influence of numerical & price information on consumer purchase decisions, 22706
reorganization of Veterans Affairs substance abuse program, cost-effectiveness & quality of care, patients & referring services, 22685
role of social work in & knowledge & experience level about funerals & cemetery arrangements & factors affecting familiarity with costs, 22–83 yr old family member survivors of older adults, 22166
roles of price & performance & expectations, consumer satisfaction in service exchanges, university faculty, 3176
self report vs Substance Abuse Subtle Screening Inventory vs urine toxicology screening, cost effective drug screening, pregnant females (mean age 22.1 yrs), 38455
service & processes & outcome & costs of family homes vs specialist community housing vs traditional services, 17–76 yr olds with severe intellectual disability & most severe challenging behavior, 2561
service use & financial performance, adult day centers, implications for dementia care, 18971
service utilization & cost of community vs hospital care, discharged state hospital patients (mean age 46 yrs), 3 yr followup, 25408
service utilization & direct care costs, 65–85+ yr olds with different degrees of cognitive disability, 28252
social racial segregation in neighborhood, property value, Blacks in residential areas in US cities, 27121
socialization of children's consumer experiences of ownership & money & price, 32419
standards & recommendations from the Panel on Cost-Effectiveness in Health & Medicine , 15483
statistical analysis of medical care costs attributable to cigarette smoking, 15488
store discounting & depth strategies, consumer price judgments, adults, 35722
strategic brand evaluations & choice among fast-food franchises, adults, test of Brisoux-Laroche brand categorization paradigm & Bliemel price-quality evaluation model, 32423
sunk cost & Concord fallacy effects of maladaptive economic behavior, adults vs children vs animals, 29534
supported living & employment program following institutional discharge, maintenance of residential & vocational status & program cost, adults with mental disorders, 1-yr follow-up study, 35214
Texas Medication Algorithm Project on cost effectiveness of medication algorithms in mental health care in public sector, implications for schizophrenia & bipolar & major depressive disorder patients, 15339
total health service expenditures, married vs divorced or separated psychiatric outpatients , 28288
transaction cost economics theory & institutional theory model of organizational theorizing, organizations, 16140
treatment costs, adults with schizophrenia, 1 yr study, 8715
treatment history & cost, adults with comorbid substance-related disorder & dysthymia vs substance-related disorder alone, 2699
types of disorders & medical costs to employers, employees receiving behavioral health treatment, 9587
use of a W. H. Auden poem to describe difficulties in economic analysis & limited application of economic evaluation in psychoanalytic psychotherapy, therapy patients, 25126
use of goals of medicine to justify allocation of resources to care provision & effects on cost efficiency, persons with serious mental illness, 22116
use of paraprofessionals in cost-effective delivery of rehabilitation psychology services, 2670
utilization & payments & quality indicators for treatment of depression before vs after implementation of behavioral health care carve-out plan, state employees receiving managed care, 9126
waiving fees, academic performance, medical students, 38695

The Violence Attitudes Scale (Revised) (VAS-R), 13037
Crime Prevention—Serials
2-stage crime prevention model for conceptualizing precipitating & regulating situational forces acting on behavior, 1841
coping strategies & personal progress, 13–18 yr old graduates of a rural juvenile offenders program, 1-yr follow up, 35376
costs & benefits of situational crime prevention programs, 32557
crime prevention as adaptive by learning from other evolutionary struggles, 19543
current work advocating rehabilitative treatment concept for delinquents & criminals, 22294
early childhood development program intervention, crime prevention, African American 16–21 yr olds, 2725

effect of transcendental meditation Demonstration Project on social coherence & stress & collective consciousness & rates of violent crimes in demonstration city, 22803
effectiveness of alternative education program, school-related attitudes & academic performance & self-reported delinquency, 6th- 8th graders, 1 yr followup, 29285
efficacy of cognitive-behavioral treatment for rapists, 35371
experiences of a batterers' intervention program, 18–57 yr old battered female partners, 15515
model & theory of crime hot spot generation & burning time formation for crime prevention, 19542
perceptions of residential treatment programs in Hong Kong, 13–19 yr old male ex-offenders, 35365
prevention alternatives to Youth Offenders Act, Canada, 11668
prevention of art theft at commercial art galleries, offenders, 1885–1988, 1830
process evaluation of effectiveness of Gang Resistance Education & Training program in training noneducators to deliver curriculum to 7th graders, law enforcement officers, 2872
regulatory standards for batterer programs, case example of the Illinois Protocol for Domestic Abuse against women, 15516
social support approach to crime control policy, 22775
theoretical basis of situational crime prevention & role of offender decision making & application to violence prevention, Australia, 19544
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, 14807
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, commentary, 14802

Crime Prevention—Chapters

Capital punishment, homicide, and deterrence: An assessment of the evidence and extension to female homicide, 8407
Capital punishment, homicide, and deterrence: An assessment of the evidence, 9755
Combining action and analysis to prevent homicide: A public health perspective, 9145
Interventions: Punishment, diversion, and alternative routes to crime prevention, 9761
The politics of blame avoidance: Defensive tactics in a Dutch crime-fighting fiasco, 29151

Crime Victims [See Also Hostages]—Serials

catastrophe theory, assault victims responses, 34286
characteristics of victim–offender mediation programs, staff, 22194
cognitive factors related to onset & maintenance of PTSD, adult sexual or physical assault victims with recovered vs persistent vs no PTSD, 30773
content analysis of British TV programs for portrayal of ethnic groups as aggressors &/or victims of violence, 4389
crime-related needs & forms of assistance offered by victim services programs, crime victims who had vs had not received help from victim programs , 27906
criminal victimization, 20–70 yr old patients with severe mental illness, 8038
diagnosis of acute stress disorder & symptoms as predictors of later diagnosis of PTSD, victims of violent assault assessed at 1 mo & 6 mo after crime, 14600
experiences & satisfaction with criminal justice system & influence of statutory protection of crime victims' rights, female victims of partner vs nonpartner physical or sexual assault, 32532
exposure therapy vs stress inoculation training vs their combination, female assault victims (mean age 34.9 yrs) with PTSD, 12-mo study, 15078
forensic interview questioning techniques, production of free-narrative & Criteria-Based Content Analysis criteria, police interviews with 3–16 yr old alleged sexual abuse victims , 22774
frequency & impact of experience as victim of indecent exposure & perceived exposer dangerousness & current fear of sexual crime, adult females, 37607
gender & type of crime, attitudes toward crime victim's mode of coping, college students, 1743
impact of health care reform on service effectiveness & delivery, therapists treating sexual assault victims vs sexual offenders, 12605
interview dynamics in plausible vs implausible allegations, 4–13 yr old alleged victims of sexual abuse , 22776
modifications & revisions for use of cognitive interview technique in enhancing memory recall, 7–12 yr old victims or witnesses to crimes, implications for social work practice, 26050
modifications to & application of defensible space theory & physical cues & assessment of single family dwelling vulnerability to burglary, 24–52 yr old police officers, 30455
needed & received support from partners or spouses & social support networks & distant support providers, well being, crime victims, 1 & 2 mo followups, 18104
perception of success vs failure of victim integration into criminal justice system, law enforcement officers & judges & state's attorneys & probation officers, 29270
perceptions & sensitivity & recognition of domestic violence via responses to performance art portrayal of victim experience & Q methodology, mediation trainees, 22447
predictors of & factors related to client participation in victim–offender mediation programs, 22203
role of medical examination process, victims of possible sexual abuse, 22033
routine activity theory model for prediction of women's stalking victimization, 16–54 yr old females, 14688
scripted protocols & narrative response styles, organizational quality & narrative amount & quality, 4–12 yr old alleged victims of child sexual abuse & their interviewers , 22777
sex & professional status, attitudes toward rape victims, 18–65 yr old undergraduates vs counselor trainees vs mental health professionals, 37522
social construction of femininity in reality television program America's Most Wanted & depiction of women crime victims & sociodemographic & victimization factors, 36995
social correlates of murder rates & victim's relationship with murderer, 5129
standard vs deviant auditory stimulation, disturbances in sensory processing, females with sexual assault-related PTSD (mean age 38.1 yrs), 17941
type of crime & level of trauma & other variables associated with & choice of police vs someone else in disclosing victimization, adults with mental illness, 30622
use of cognitive interview with traumatized crime victims, police officers, 32520
victim identity & type of information contained in victim impact statement, attitudes toward victim & offender & evidence & sentencing decision, 19–58 yr old mock jurors in capital murder case, 39087
victimization by interpersonal violence, household income & marital status & employment & education level, women (mean age 44.9 yrs), 3 yr study, 27764
violent & nonviolent criminal victimization & delinquent behavior in & out of school & weapon possession in school during previous year, male vs female 7th–12th grade students aged 12–18 yrs, 34410
willingness to & reasons for not reporting crimes & attitudes toward police, crime victims, Serbia, 16284

Criminal Conviction—Serials

attitude toward death penalty, probability of favoring conviction, potential jurors, 9747
costs of criminal convictions & careers following discharge from special behavioral units & need for early intervention social & education services, adolescents excluded from school, 8395
defendant ethnicity, trial outcome & sentencing, Anglo & Hispanic jury members in noncapital felony trials, 13007
gender & age & ethnicity & substance abuse, criminal convictions & schizophrenia, 1964–1984, England, 8159
legal procedures for sentencing men convicted of sexual offenses from therapeutic jurisprudence perspective, implications for sex offender treatment & recidivism rates, 35374
memory distrust syndrome & possible case of source amnesia resulting in unreliable confession, male convicted of homicide who served 25 yrs in prison before conviction was overturned, 26056
reconviction rates, criminal offenders with personality disorders discharged directly to community vs less secure psychiatric hospitals, 5–9 yr follow-up, 34237
relationship between social competence & sociomoral reasoning & self-reported delinquency, 13–17 yr old convicted male offenders, 11673
role of expert psychological testimony in case of disputed confession, male sentenced to life imprisonment for involvement in murder, 13009
types & frequencies of criminal convictions, adults with Huntington's disease & their nonaffected first degree relatives, 2042

Criminal Conviction—Chapters

Predicting and punishing antisocial acts: How the criminal justice system might use behavioral genetics, 27831
Preventing mistaken convictions in eyewitness identification trials: The case against traditional safeguards, 35830

Criminal Interrogation [See Legal Interrogation]

Criminal Justice [See Also Criminal Conviction]—Serials

addition of videotaping of lineup & witness identification to recommendations of American Psychology-Law Society for constructing lineups & photospreads for eyewitnesses to crimes, commentary, 9750
attitudes & themes in psychology & legal professional writing on & prosecution of child sexual abuse, 1900–1975, 29274
attitudes toward effectiveness of offender treatment & rehabilitation programs, adults, 9288
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary reply, 32537
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary, 32543
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary, 32533
criminal justice & community-based forensic psychiatry for mentally ill outpatient offenders published in MEDLINE & Psychological Abstracts & Index to Legal Periodicals & Books, 1978–1999, 29267
cultural criminology &media constructions & politics of culture & crime & crime control, 39061

Promoting health in Pacific Islander populations: Case studies, 9088
Shame and counter-transferential experiences in an African multicultural clinical setting, 34845
Some intercultural issues in the therapeutic process, 34830
Supervision and racial issues, 25632
Theoretical framework for therapy with Asian families, 8830
Tips for the practioner, 9082
Tips for working with Hispanic populations, 9078
Understanding cultural values in counseling Asian families, 8832
Using a task-centered approach with Vietnamese families, 8833

Cross Disciplinary Research [See Interdisciplinary Research]

Crossed Eyes [See Strabismus]

Crowding—Serials

attitudes toward short-term crowding & invasion of personal space, male vs female automatic teller machine users, 32444
behavioral ecological structure of relation between population density & social pathology, primates & rats, 13463
crowded home environment & parental speech complexity & verbal responsiveness, 6 mo olds & their parents, 2.5 yr study, implications for delayed cognitive development, 23691
crowding & aggressive behavior, 15–55 yr old psychiatric inpatients, 24156
psychological concerns about space & crowding, rural students from high vs low density populations, 27067
socially & spatially restricted housing, ethological measures of excitement & aggression & uncertainty, beagles, animal model of chronic stress, 19963
socially & spatially restricted housing, hormonal & immunological reactivity, beagles, animal model of chronic stress, 20225
space & achieved privacy & satisfaction with living quarters, perception of crowding, residents aged 18+ yrs of hyper-dense metropolis Hong Kong , 32440

CRT [See Video Display Units]

Cruelty—Serials

awareness of causing suffering to an animal & sex of person causing suffering, judgments of cruelty of person & what happened & anger or sadness as response, male & female 18–54 yr olds, 1700
evil behavior & S. Milgram's studies on obedience to authority & prototypic conceptions of evil, 36911
psychosocial factors & ADHD & internalizing disorder symptoms & demographic characteristics, 5–12 yr olds with oppositional/conduct disorder with vs without history of cruelty to animals, 14682

Crustacea [See Also Crayfish]—Serials

common features & variations of sensory dorsal organs, crustaceans, 29679
embryonic development & water temperature & oxygen, active brood care, female amphipods, 3694

Crying—Serials
acoustic characteristics of crying, full term vs preterm infants, 30123
analysis of cry vocalizations, newborns & infants with vs without hearing impairments, implications for early detection, 31365
discrimination of own vs other cry, facial behavior & nonnutritive sucking rate, 1–3 day olds, 10767
intraindividual variability in crying & fretting/fussing & smiling & physical contact with mother, newborns at 5 vs 10 vs 15 mo, 23649
sweetness of intraoral sucrose, calming & mouthing & hand-mouth contact, crying newborns, 30118
Crying—Chapters
"Looking for the Rosetta Stone": An essay on crying, soothing, and stress, 20466
Crying Cat Syndrome—Serials
adaptive & maladaptive behavior, 4–16 yr olds with cri du chat syndrome, 1923
cognitive ability & receptive & expressive language skills, 6–15 yr olds with typical Cri du Chat syndrome, 24633
urine-triggered alarm signals & prompts & positive reinforcement, daytime urinary continence, 9 yr old boy with cri-du-chat syndrome, 31529
Cuban Americans [See Hispanics]
Cued Recall—Serials
accessibility bias, cued recall & false memory, 64–89 yr olds vs college students, application of misinformation paradigm, 23137
connectionist cued word recall approach to associative disturbances, male schizophrenic patients , 8149
context reinstatement as reminder of event, recall enhancement, 5–7 yr olds, 6 mo study, 23716
cue perceptual modality & imagery & word frequency, retrieval processes in cued recall of autobiographical memory, 19–48 yr olds, 32981
cued recognition & recall for mildly threatening vs pleasant vs neutral words in repressors & non-repressors, 27–58 yr olds, 10179
cued-recall memory for simple sentential metaphors & similes, English vs Spanish vs bilinguals, 29634
cueing effects of relational vs item-specific information after enacted vs non-enacted encoding of short sentences, 17–41 yr olds, 23143
deep processing functions & blocking at encoding, enhancement of recollection of true vs false memories, college students, 10217
dysphoria, response bias in forced recall of mood congruent vs incongruent words, college students, 11370
full attention vs divided attention, word stem completion for novel associations & cued recall & recognition & use of memory strategies, college students, 19848
functional magnetic resonance imaging of medial temporal lobe activity in memorization & subsequent cued-recall, 21–29 yr olds, 20097
interviews conducted with vs without cues & distractors, recall 1 or 2 yrs after an event, 6 vs 9 yr olds, 20517
manipulation of structural variables & density of connections among associates & concreteness of words, accuracy of cued recall performance, college students, 23132
MRI assessment of hippocampal activity during delayed cued recognition & memory of linguistic material, adults, 26579
multiple vs single retrieval cues, reminiscence vs interest forgetting in hypermnesia, college students, 36271
organizational vs distinctive processing/encoding during cued recall & category production, college students, 26402
proactive interference, evoked potentials & performance on cued recall of paired associatively learned material, Ss with schizophrenia, 14577
proximal & distal cues, cognitive mapping place performance in virtual space, college students, 3546
recall vs cued recall vs recognition in assessment of rate of forgetting of Portuguese literature vs geography, 9th vs 12th graders & 8th vs 11th vs 12th graders, 3 & 4 yr followups, 2920
repeated cue-event frequency, prospective remembering, 18–32 yr old college students, implications for experimental design, 10187
spatial & temporal ERP mapping of semantic vs episodic cued recall & episodic vs recognition retrieval, 21–32 yr olds, 551
time delay & organization of words, rate of free & cued recall & recognition of word lists, 30–61 yr old amnesics, 24815
time delay, rate of free & cued recall & recognition of prose, 22–77 yr old amnesics, 24814
validity supplementation of 3-item recall portion of Mini-Mental State Examination with cued recall procedure, elderly Ss with Alzheimer's disease vs subcortical vascular ischemic dementia, erratum, 9926
visual event related potentials during cued recall task that demands semantic memory retrieval from long term memory & simultaneous activation with short term memory, 18–39 yr olds, 16964
Cued Recall—Chapters
Cues and codes in working memory tasks, 16676
Part-list cuing revisited: Testing the sampling-bias hypothesis, 16683
Cues—Serials
ability to use experimenter-given manual & facial cues during object-choice task, gorillas, 29695
accuracy of & sex differences in utilization of cues used in postdiction of dater selection & romantic attraction to datee, adults, 27318
acoustic cue weights, auditory motion discrimination, listeners , 32874
alcohol cues & priming dose of alcohol, multifactorial representation of cue reactivity, adults, 33856
amphetamine-related video cue reactivity, dependent injecting amphetamine users (mean age 24.4 yrs), 1806
animated cues in electronic books, vocabulary development, 3rd graders, 17259
anticipatory cues, response inhibition in operant behavior, male rats, 3666
attention for subsequent action during cued movements into left or right hemisphere, 18–41 yr olds with schizophrenia, 1580
attentional vs oculomotor explanations of inhibition of return, undergraduates, 33000
attributional complexity & cognitive development & situational cues, correspondence bias in social perception, college students, 4742
auditory vs visual speech timing cues as external rate control to enhance verbal intelligibility, male speakers with traumatic brain injury & mixed spastic-ataxic dysarthric impairment, 5391
base-rate training with vs without cues, base-rate neglect in choice task, college students, 29541
beliefs about verbal vs visual paralinguistic cues to deception, same-sex friends, 1 & 6 mo followup, 20891
binocular occlusion & binocular camouflage & vergence-induced disparity cues & perceived depth in Wheatstone–Panum limiting case, 18–40 yr old Os, 19752
bird activity as cue to presence of fruiting fig trees, foraging behavior, flat lizards, 23270
body coloration as visual cue for social association choices & preferences, black vs white mollies, 3734
brain metabolic activation during cocaine cue-elicited cravings & physiological responses, 26–48 yr olds, 13597
cell firing in superior colliculus during spatial memory task with vs without cues, male rats, 7113
changes in cortico-spinal excitability related to time & event preparation during transcranial magnetic stimulation of motor cortex during foreperiod of movement-precuing task, 23–47 yr olds, 23383
countermanding procedure for investigating relationship between conflicting cues for controlling human saccades, 18–51 yr olds, 23033
covert & overt visual attention in processing location & target identification cues, adults, 29489
covert transient spatial attention, spatial resolution, college students, 13225
covert visuospatial orienting & focusing of attention in response to cuing, 5.75–11 yr olds with vs without ADHD, 14828
cue integration & use of working memory in water maze performance, adult male Sprague-Dawley rats with unilateral entorhinal cortex lesions, 10269
cue interactions in triangulation account of distance perception, 18–35 yr olds, 19756
cue utilization in nonmetric multiple-cue probability learning & abilities of Rapid Attention Shifts 'N' Learning model , 29639
cue-induced craving, regional cerebral blood flow in limbic regions, cocaine dependent adults (mean age 37 yrs), 8252
cueing effects of relational vs item-specific information after enacted vs non-enacted encoding of short sentences, 17–41 yr olds, 23143
cueing procedure, impulsivity, 8 yr old boys with attention deficit hyperactivity disorder, 15201
cues duration & location & stimulus onset asynchrony, inhibition & facilitation in relation to visual target detection, college students, 13186
cues for feeding & oviposition, choice of different cultivars of flowers, raspberry beetles, 420
dialect discrimination with use of phonetic cues, speakers of African American Vernacular vs Chicano vs Standard American English & undergraduate & graduate student listeners, 10075
drug-related cues, cravings & mood & physical symptoms, 20–42 yr old posttreatment abstinent opiate users, 15618
effect of cueing target location & response mode on interference & negative priming in visual selection task, 19826
effect of stress caused by cystourethrogram vs pediatric assessment & props on recall of event, 3.1–5.6 yr olds, 18810
effects of alcohol-related picture cues on cognitive processing of Stroop task using alcohol vs control words, college students classified as heavy vs social drinkers, 23497
effects of external cues on & motivation underlying bar-related behavior, male ICR(CD-1) mice, 36354
effects of practice on location cueing & visual search performance & attentional processing, 32864
effects of prolonged alcohol consumption & nicotine on locomotor activity & influence of environmental cues, male mice, 23600
efficacy of cue exposure treatments for smoking relapse prevention, smokers, 25534
ethanol intake & intramaze vs extramaze cue proximity, spatial reference memory vs nonspatial reference memory, male rats, 7267
evaluative vs informational vs neutral coaching feedback, perceived ability of youth athletes as depicted in videotapes, 6–8 vs 12–14 yr old boys vs girls, 7372
event related brain potentials & smoking cue-reactivity, adult smokers vs nonsmokers, implications for tobacco addiction, 36517
experience-dependent integration of texture & motion cues to depth, Os, 36156
explicit echo of previous mention of vs allusion to sarcastic statement & vocal intonation, comprehension of sarcastic speech, 6–10 yr olds, test of echoic mention theory, 17263
exposure to smoking cues, prepulse inhibition of startle reflex & subjective craving, 18–47 yr old smokers, 28566
facilitation of deductive reasoning via cues & imagination, 2–4 yr olds, 36762
facilitatory & inhibitory effects of auditory spatial cues, stimulus-driven covert orienting & inhibition of return in audition during spatial discrimination paradigm, 17–47 yr olds, 32920
factors influencing content of shopping lists & effectiveness of list as external memory aid, 25–75 yr old grocery shoppers, 39019
generality of part-set cueing effect to professional problem diagnosis, auditors, 29587
geometric information with vs without visual cue, spatial orientation, right brain-damaged patients with vs without hemispatial neglect, 8662
grammatical & caregiver prosody cues, sentence comprehension & language development, 2–2.2 yr olds, 17283
handler vs nonhandler exchanged color of coveralls, discrimination between handlers in behavioral tests using operant conditioning, miniature pigs, 10275
hippocampus & allothetic vs idothetic cues as navigation strategies, female rats with fimbria-fornix ablations, 20158
illumination cues used in social discrimination & recognition, laying hens, 10308
image segmentation cues based on color & polarity & uniqueness of signal & noise identities, motion coherence & attendance to location in space, Os, 16515
influence of previous visual stimulus or saccade on saccadic RTs to target, monkeys, 20054
inhibition of return effect in target localization vs target identification tasks, undergraduates, 32998
inhibitory learning with auditory or visual cues in conditioned-suppression procedure, rats, 19943
interference & cue set size effects, recall, college students, 19858
interpretation & construction of Euclidian coordinate reference cues in object location, 4–5 yr olds, 20505
isolated signals from visual & vibratory male courtship cues, receptivity to cues, 4 species of female wolf spiders, 16814
isolation of cue duration interference in partial report, undergraduates, 16639
isolation of cue duration interference in partial report, undergraduates, erratum, 32957
kairomone & prior experience with hosts, recognition & acceptance of scale covers differing in age & size, mated female wasps, 3737
labels as cues in formation of subgoals in solving novel problems, college students, test of subgoal learning model, 273
learning of association between flankers & responses vs regular flanker effect vs on-line processes, correlational cuing effect, adults , 13270
line drawing portraits vs interactive illustrations of mnemonic keywords, recall of music history, 6th graders, 6140
list length & retention interval & disruption of rote rehearsal & order cues by irrelevant sound, recall of item & order information in free vs serial recall task, adult Ss, 3583
listener head movements & listener vs experimenter controlled source movement cues, disambiguation of front-back real vs virtual sound source location confusions, college students, 19786

local & global maps & other aids, navigation & search strategies in very-large-scale virtual environments, 18–39 yr olds, 10138
local cues & task allocation & patterns of interactions with other workers, red harvester ants, 19985
local enhancement vs gaze & point cue given by human & conspecific informant, ability to locate hidden food, domestic dogs, 19938
location cue probability & cue–target onset interval, visual attention allocation, 19–33 yr olds, 29490
location-based vs scene-based vs object-centered inhibition of return, 16–35 yr olds, 10014
long vs short morphine infusion duration, conditioning effects & intraadministration associations & chronic drug tolerance development, rats, 33427
mecamylamine, cue-induced cocaine craving, cocaine-dependent patients , 10646
Medication Usage Skills for Effectiveness program of concrete cues & life skill techniques, medication compliance, severely mentally ill patients, 12391
memory scanning cues, capacity for motoric response preparation in parallel with initiation & maintenance of lateralized contingent negative variation, 18–45 yr olds, 13614
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, commentary, 16429
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, 16420
modifications to & application of defensible space theory & physical cues & assessment of single family dwelling vulnerability to burglary, 24–52 yr old police officers, 30455
movement cues & individual differences, learning of discrimination & recognition of moving video images of conspecifics, pigeons, 33121
multiphonemic cues, oral naming & reading performance, 50 yr old female with aphasia, 15037
multiple vs single retrieval cues, reminiscence vs interest forgetting in hypermnesia, college students, 36271
naltrexone & nicotine replacement, smoking cue reactivity, abstinent cigarette smokers, 15301
naltrexone, cue-elicited craving & outcome expectancies, 21–45 yr old hazardous drinkers, 28474
naltrexone, cue-elicited urge to drink, abstinent Ss with alcoholism (mean age 38.7 yrs), 35325
negative affective cues & activation of alcohol concepts, 21-54 yr old problem drinkers with high vs low psychiatric distress, 27893
neural network model of perceptual interaction of terminators & occlusion cues & motion integration & segmentation, 35799
neural selectivity in anterior superior temporal polysensory area for simple shapes & integration of visual cues, monkeys, 3957
novel motion- & disparity-based visual stimuli with 2- vs 3-dimensional shape cues, matching 3-dimensional stored representations in object recognition task, human Ss, 32839
number of different neighboring concepts linked to test cue in long-term memory, feeling-of-knowing judgments, undergraduates, test of partial-retrieval vs competition hypotheses, 290
observational learning & use of retrieval cues, acquisition of serial & sequentially coordinated activities, 12 mo olds, 18 mo study, 7369
odor discrimination of isoamyl acetate with vs without quinine vs ethyl acetate in odor-cued taste-avoidance procedure, red kangaroos in seminatural environment, 33026
overt vs covert cued attention & discrimination of visual target vs distractor, inhibition of return, college students, 6782
perceptual fluency used as recognition cues, adults (mean age 53.4 yrs) with amnesia, 18436
periodic nonverbal reactivation reminder vs reinstatement reminder, long-term maintenance of memory, 2 mo old infants, 7+ mo study, 33628
peripheral cue effect on visual detection sensitivity, simple vs reaching motor RTs & eye movements, 19–32 yr olds, 13254
peripheral visual information & subthreshold cues, visual orienting in covert spatial attention, adults, 10042
phonotactic & prosodic cues in word boundaries in speech, 9 mo olds, 20509
positive vs negative contingency cues, retrospective revaluation of causal judgments, college students, 233
presence of visual cues, haptic perception of smooth vs rough texture, 7 mo olds, 17285
presence vs absence of conspecific male urine, light avoidance behavior, male mice, 16734
proximal & distal cues, spatial memory & spatial orientation in place learning task, 5 vs 7 vs 10 yr olds, 4441
psychophysiological responsiveness to distress cues vs threatening vs neutral stimuli, children with autism, 11684
rattle cue assessment of predatory snake size & warmth & dangerousness, California ground squirrels, 23262
reading & attentional bias in right hemifield during spatial cueing task, right-handed students, 26389
real vs imaginary targets defined by extrafoveal cues, visually guided eye movements, monkeys, 16986
recent alcohol consumption & alcohol-related cues, sentence generation task performance, male vs female heavy vs moderate vs light alcohol drinking college students, 27049
relative importance of visual & magnetic information at dusk for orientation, juvenile pied flycatchers in active autumn migration, 16775
reliability feedforward displays, support of diagnostic multicue judgments during delayed feedback decision making, 22–26 yr old males , 13294
response bias & perceptual sensitivity in facilitative & inhibitory effects of auditory location & frequency cues & auditory RT & accuracy, college student listeners, 19777
response to social & environmental cues for adjustment of parental care duration, male vs female burying beetles, 3763
retrieval cues, odor sensitivity & identification, 64 vs 82 yr olds with vs without early Alzheimer's disease, 8641
role of hippocampal place cell system & distal and configural information in spatial mapping & navigation, rats, 505
role of overshadowing in forming chunks in instrumental learning, rats, 23189
role of subcortical visual attentional processing under exogenous & endogenous cueing conditions in temporal order judgment paradigm, 16–26 yr olds, 19763
roles of cue accessibility & cue sensitivity in contributing to momentary lapses of intention, young vs old adults, test of age-related decline in prospective memory, 19837
selective foraging behavior & characteristics of host tree drupes serving as cues for preferred food, female Parastrachia japonensis nymphs, 400
semantic cue availability & cue reliability, online processing to sentence interpretation, native Russian & German speakers, 17154
sensitivity to perceptual cues to lexical & grammatical words, 1–3 day old newborns, 36765
sensitivity to temporal grouping effects in development of short-term memory during visual & auditory stimuli, 4–8 yr olds, 23727
slope cues in shoreward orientation based on ambient directional information, red-spotted newts, implications for breeding migration, 3746
smokeless tobacco-related sensory & behavioral cues, stress & urge & affect, male smokeless tobacco users (mean age 20 yrs), 643
sound & posture cues, veering from straight ahead while walking toward target in unfamiliar space without orienting cues, blind 5–11 yr olds, 34707
sound-localization acuity & ability & use of binaural cues & visual field, Egyptian fruit bats vs other animals, 29676
spatial precues & preattentive detection of primitive features in parallel across visual field, adults , 10061
spatial vs verbal cuing & up-right/down-left stimulus-response reaction time in spatial mapping, adults, 6758
speech recognition with spectrally altered distribution envelope cues, normal-hearing 22–50 yr olds, 197
static & flickering cues, temporal processes underlying selection of spatial location, adults, 32858
stimulus generalization & contextual cue changes in accounts of forgetting, 10176
stimulus generalization & contextual cue changes in accounts of forgetting, commentary reply, 10175
stimulus generalization & contextual cue changes in accounts of forgetting, commentary, 10210
subliminal visual processing of positive vs negative emotional cues, eating, female college students, 16453
teaching behaviors & verbal cues used during basketball training, coach J. Tarkanian, 25957
temporal cues, sequential auditory stream segregation, adult listeners, 6819
temporal cuing, residual visual discrimination, 40 yr old male with right field blindsight, 15061
temporal parameters of cues & targets & stimulus onset asynchrony, facilitation & inhibition of exogenous covert orienting, 17–37 yr olds, 22997
temporal phrasing cues & overshadowing in serial-pattern learning, male rats, 13424
test of alternative perspective positions for ball–strike judgments in baseball games, college students, implications for umpire training & safety, 19436
tie-signing & interaction sociology of public places in the movie The Conversation , 7861
time course & attentional responsiveness to onset single-element vs multiple-element precues & accuracy functions across stimulus onset asynchronies, college students, 36281
training in use of verbal & nonverbal cues, judgments of true vs false denials during criminal interrogation for mock crimes, college students, 35822
Trauma cue, neuroendocrine & psychophysiologic responses, veterans with posttraumatic stress disorder, 24335
use of close range chemical cues in discrimination between prey & nonprey species, female digger wasps, 593
use of cues for interpretation & retention of novel verbs, 6 yr olds with specific language impairment, 37726
use of linguistic structural & prosodic cues to interpret pragmatic function of given/new distinctions in sentences, Chinese-speaking 5 vs 7 vs 9 vs 11 vs 13 yr olds vs adults, 7384
use of local cues & crop distension as indicators of appropriate timing for comb construction, honeybees, 3749
use of moment-by-moment perceptions as continguity cues vs learned regularity as contingency cues, causal decision making, young adults with high vs low schizotypy, 20918
utilization of visual distal information to navigate Morris water maze, 22 vs 65 day old mice, 23190
valid vs invalid vs neutral peripheral cues presented at various stimulus onset asynchronies, right visual field advantage in word recognition, right handed 18–32 yr olds, 6932
validity of model on knowledge & social information-processing mechanisms as cues of influence on aggression beliefs, school age children, 1 & 2 yr followup, 27085
visual cues alone in ability to discriminate between conspecific & heterospecific females, male cichlid species, 36346
visual cues, apparency & contingencies in single panel & pull-down menus in computerized path-finding task, low vs high spatial visualization ability college students, 6409
visual cues, nest localization performance, female bees, 369
visual field dependence/independence & static & dynamic visual cues, body postural & cognitive spatial control, males (mean age 23 yrs), 3516
visual social signals of target observer, social perceptual & reflexive orienting responses & attention during interaction, college students, 36159
willed actions & advance information for movement preparation, performance on RT tasks, schizophrenic patients, 21136

Cues—Books

Activity schedules for children with autism: Teaching independent behavior, 11705
If a lion could talk: Animal intelligence and the evolution of consciousness, 3639

Cues—Chapters

Creating impressions and managing interaction, 11181
Cues and codes in working memory tasks, 16676
Developing syntactic sensitivity in reading through phrase-cued texts, 16022
Dissociation of exteroceptive and idiothetic orientation cues: Effect on hippocampal place cells and place navigation, 29879
Learning from text: Structural knowledge assessment in the study of discourse comprehension, 6929
Part-list cuing revisited: Testing the sampling-bias hypothesis, 16683
The use of memory and contextual cues in the formation of behavioral frequency judgments, 36108
Young infants' perception of adult intentionality: Adult contingency and eye direction, 17397

Cultism—Serials

attraction to cults & indoctrination & clinical profile of members & clinical management, adolescent vampire cult in rural America, 11549
critique of Waco tragedy, psychotic entelechial rhetoric of Burkean theory & methods, 33739
definition & diagnosis & manifestations & developmental stages of & therapy for dissociation & relationship with cults/sects, 5001
developmental & psychological factors in allure of terroristic groups & gangs & cults & consequences for participation, adolescents & young adults, 30927
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary reply, 24164
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24138
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24140

psychological dysfunction, former members of the International Church of Christ cult vs former Catholics vs Inter-Varsity Christian Fellowship graduates, 24151
revision of Word Association Test, adult patients reporting satanic ritual abuse in childhood , 80
support networks within mediated self-help support groups, psychosocial readjustment & recovery, adult survivors of cults, implications for clinical practice, 31747
use of state emancipation laws to gain independence in mid-teens, children born into cults or brought into them at young age, 26045

Cultural Assimilation—Serials

acculturation & adjustment measured as distress & depression & self-esteem & family relationships & GPA, 10–23 yr old Vietnamese youths living in primarily Anglo-American community, 10869
acculturation & demographics & HIV-related knowledge & attitudes, 17–48 yr old Vietnamese American college students, 5813
acculturation & drinking patterns, Mexican Americans (aged 18–65+ yrs), 30372
acculturation & eating disorders symptoms, 9th grade Hispanic vs European American vs Asian girls, 3 yr study, 14873
acculturation & ethnic identity in bicultural orientation, Hispanic college students, 29004
acculturation & intrafamilial separation, immigrant families, implications for cross cultural counseling, 12101
acculturation & level of German proficiency, academic & appearance self concept & general & test anxiety, immigrant vs native Germans (mean age 9.7 yrs), 2.5 yr longitudinal study, 17370
acculturation & mental health & age & sex & level of education & length of residence in US, Iranian 25–72 yr old immigrants, 1100
acculturation & pregnancy status as predictors of perceived social support & self-esteem, 13–20 yr old nulligravida vs primigravida Dominican adolescents, US, 23778
acculturation & self esteem & depression & perfectionism & eating disorders, male vs female Chinese college students (aged 17–28 yrs), 11737
acculturation related vs nonspecific daily hassles, psychological distress & depression, 19–34 yr old Vietnamese college student immigrants, Canada, 4878
acculturation scale, assessment of race-related cultural & media preferences & attitudes & racial balance in social interaction & degree of comfort with Whites vs Blacks, African American adults, 9847
acculturation strategies & cognitive performance, 7–12 yr old first vs second generation migrant children, Netherlands, 30140
acculturation stressors & socio-educational needs while attending school, American Indian adolescents in social work groups, 15537
acculturation to Hispanic vs American culture, self-perceived competence in school & peer & family life spheres, 12–22 yr old Latino immigrants, 4467
acculturation, illicit drug use, male vs female Mexican-origin 18–59 yr olds living in urban vs rural California, 8384
acculturative stress & depression & suicidal ideation, immigrant Mexican-American adolescents, implications for development of suicide prevention programs in schools, 4844
alcohol & drug usage & acculturation & depression, 18–32 yr old male Puerto Rican vs Dominican vs Colombian immigrants, US, 4603
attitudes toward different adaptation strategies, Moroccan & Turkish immigrants vs native Dutch adults, 7863
co-national & host national identification & modes of acculturation & psychological adjustment & sociocultural adaptation, sojourners, Nepal, 27338
consequences of migration & transnational community formation for communities & ethnic identity, Japanese Peruvians, US & Japan & Peru, 20704
cross cultural application of Kaufman Adolescent & Adult Intelligence Test, 24–28 yr old females with different levels of acculturation, 9945
cultural & identificational & structural assimilation, prepurchase information search tendencies prior to the purchase of formal clothing, Chinese Americans, 16200
cultural aspects & social relations & assimilation processes of the gay scene, 19–27 yr old Southeast Asian gay men who migrated to Australia , 17581
cultural differences in individualism–collectivism & application of anxiety/uncertainty management theory to intercultural adjustment training, 4720
cultural mapping & parenting practices, recent African migrant families, 23889
cultural values & transition & cross cultural differences, 4 yr old Ethiopian blind male & his family, Israel, 24887

Culture Fair Intelligence Test—Serials
total testosterone & IQ as measured by Cattell's Culture Fair Intelligence Test & other measures of fluid intelligence, 18–22 yr olds, 7155
Culture Shock—Serials
adaptation & validation of self-administered version of Cultural Distance Questionnaire, 17–19 yr old British volunteers working overseas, 6561
marital satisfaction & depression & anxiety & leisure time, married missionaries experiencing stress of cross-cultural adjustment, 27133
Culture Shock—Chapters
Culture shock and cross-cultural therapy with a Japanese student, 21756
Curiosity—Serials
nature & functions of curiousity in development of self & object relations & in interaction with world & as schizoparanoid form, individuals in psychoanalysis, 18649
Curricular Field Experience—Serials
beliefs & practices regarding cultural diversity, student teachers in urban vs suburban field placements, 9524
ecological restoration field work in environmental education classes, ecological behavior & environmental attitudes, college students, 25719
elements of mathematics teaching & learning viewed as problematic, preservice elementary teachers enrolled in field based mathematics methods course, implications for reflective thinking & authority, 22410
fieldwork, attitudes toward & understanding of concepts & principles of ecology & defense of studied ecosystem, 14–16 yr old students, 19301
incorporation of Eastern tradition & spirituality into social casework field work instruction , 32108
overview of design of University of North Florida's 1970s race relations course & suggestions for inclusion of similar course in current college or high school curricula , 9434
relevance of hospital-based experience in preparation for community-based practice, 22–45 yr old psychiatric nurse trainees, 35395
Curricular Field Experience—Chapters
Computers as content and context in a cross-cultural language field experience., 38826
Curriculum [See Also Affective Education, Art Education, Business Education, Career Education, Compensatory Education, Computer Training, Driver Education, Foreign Language Education, Health Education, Home Economics, Language Arts Education, Mathematics Education, Music Education, Physical Education, Psychology Education, Science Education, Social Studies Education, Vocational Education]—Serials
abstinence & condom effectiveness & user failure rates & sexuality education curricula, adolescents, 19246
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, commentary, 15720
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, commentary, 15723
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, 15749
analysis of impact of social change on curriculum in inner city high school physical education, veteran physical education teacher, 15828
assessment of geriatric psychiatry curriculum in medical schools, medical school personnel, Canada , 35492
attitudes toward aging & fear of death before vs after completion of aging vs death & dying course, college students, 14299
attitudes toward inclusion of spiritual & religious issues in core curriculum of Council for Accreditation of Counseling and Related Educational Programs, counselors & counselor educators & public, 32078
behavioral neuroanatomy seminar & braincuttings as curriculum for psychiatric residents emphasizing neuroanatomical feature of brain regions with behavioral affiliations relevant to mental disorders, 32102
beliefs about role of schools in cultural diversity & multiculturalism curriculum, preservice teachers, 25722
biopsychosocial projects for adult development & aging courses, college students, 12663
changes in beliefs about intrinsic motivation in mathematics education before & after implementation of Realistic Mathematics Education curriculum, middle school teachers, 1 yr followup, 22411
cognition theory & development for college instruction, 15900
community involvement in innovative curricula, student achievement & business & education promotion & teaching of new skills, educators & parents & community, 35481
computer mediated communication, enhancement of curriculum, 1st yr medical students, 38694
content & structure of undergraduate curriculum in psychology, 32231
course level & developmental aspects of selection & postcourse ratings of teaching, college students, 12701
course requirements & curricular data on focused specialty vs general undergraduate degrees in psychology, 32228
curriculum in training & preparation for American Board of Psychiatry & Neurology Examination, psychiatric residents, 12602
curriculum to learn skills in caring for culturally diverse populations, primary care medical residents, 2775
definition of teacher competence as relation between student ambition & degree of educational material difficulty & ineffectiveness of current teacher evaluations, Sweden, 32181
design principles for problem- & project-based curricula for development & enhancement of learning, 5th graders, 9419
development & validation of opportunities-to-learn scales & effects of curriculum & professional development on mathematics teaching practices & student learning, elementary school teachers & students, 19651
difficulties in problem-based learning tag & characterization & implications of problem-based curriculum & relationship to problem solving & epistemological reform & ground rule formulation, 15743
epistemological approach to undergraduate curriculum in teaching psychology of learning courses, commentary, 35472
evaluation hypermedia based application Computer Applications in Therapy in occupational therapy curriculum, 22341
evaluation of ''Sex Can Wait'' abstinence sex education program, knowledge & attitudes & beliefs about sexual behavior, upper elementary & middle school & high school students, 15863
evaluation of an educational grief program based on mental health rehabilitation theory, 6–7 yr olds experiencing the death of a parent or sibling or grandparent, 9565
evaluation of pediatrics residency curriculum program on well-child care, medical interns, 22324
expectations on student learning of clinical skills in small group format curriculum, medical school faculty members, 2741
exposure to feminism through women's studies course, feminist consciousness, female college students, 12706
format & content of & attitudes toward seminar class about racism & psychological theories of its occurrence, college students, 12661
framework for advancement & support of developmental & conceptual understanding of mathematics, 1st grade teachers using Everyday Mathematics curriculum, 19245
frequently listed courses in undergraduate psychology curriculum, implications for curriculum decision making & new outcome & assessment measures & faculty positions, 32230
futures-oriented teaching & research, curriculum & teacher education, United Kingdom, 2854
geriatrics content of medical school curriculum & number of geriatrics-related test questions in examinations, 9319
gifted education vs the Reggio Emilia approach to early childhood education & curriculum thinking & development & implementation, 2987
goals & content & format of undergraduate course on nontraditional families & life span development, 22448
humanities-based liberal arts honors course on adult development & aging, college freshmen, 12649
impact of National Curriculum & indirect processes on & strategies for improvement of personal-social education in schools, England & Wales , 12669
implementation & description & evaluation of Foundations in Medicine course emphasizing patient interaction & ethics & experiential learning & student leadership & community service, medical students, 28847
importance of and attention to items of syllabus information, college students in introductory psychology class, 12644
in-class collaborative learning approach to psychology education, college students, 12657
interdisciplinary approach to teaching course on psychology of aging, college students, 12671
life span developmental approach to teaching adult development course, college students, 12656
location & times in informal curriculum to teach professional values, medical students, 6 mo study, 2768
material-directness as educational paradigm & structural analysis of text materials, implications for teacher effectiveness, 32202
memory for information from college course Child Behavior & Development, adults, 14 yr study , 2851
music vs science education in the National Curriculum in the UK, implications for curriculum development & student achievement, 19257
national evaluation of science curriculum effectiveness, growth of integrated science process skills, high ability 4–6th graders, 2998
number of programs & size of graduating classes & curricular changes in Psychiatric Mental Health graduate nursing education, program coordinators, 19150
overview of design of University of North Florida's 1970s race relations course & suggestions for inclusion of similar course in current college or high school curricula , 9434
perceptions of impact of 1988 Education Reform Act & National Curriculum & associated policy & management changes on pastoral care & personal & social education, teachers, 12739
perceptions of National Curriculum for higher ability learners, teachers in England & Wales, 2858
perceptions of residents' training needs & program characteristics related to greater adequacy of training in ethnic and gender issues, psychiatry residency training directors, 15736
perceptions of school-based activities for prevention of weight-related disorders, urban junior & senior high school health-related staff (mean age 41.1 yrs), 18879
perspectives on problem-based learning in occupational therapy curriculum, 19–47 yr old college students, 15968
philosophical & political & implementational dilemmas of outcomes-based education curriculum reform in South African schools, commentary, 19254
postmodern curriculum theory as framework for education, educators of gifted & talented, 35563
prevention curriculum & teacher consultation, disruptive behavior, high-risk 1st graders, 35543
problem-based community-oriented curriculum vs traditional lecture-based curriculum, attitudes toward community medicine, first vs final year medical students, 35433
process evaluation of effectiveness of Gang Resistance Education & Training program in training noneducators to deliver curriculum to 7th graders, law enforcement officers, 2872
Qbasic vs Visual Basic in introductory programing course, understanding of programing design concepts, college students, 2846
Ready To Learn curriculum integrating social & listening & attention skills with regular instruction, academic achievement & listening comprehension & attentiveness & classroom behavior, 4–5 yr olds, 35476
relation between understanding & practice in problem-based medical education, 22335
role of gender & curricular choice in differential prediction of tertiary-academic performance from high school GPA & aptitude test performance, 1st yr university students, 3 yr study, 28963
service learning curriculum in science & advisory classes, service learning & self-esteem, 6th & 8th grade students, 25728
sport education curriculum, positive social behavior, at-risk rural adolescent boys in 7th & 8th grade, 38796
standardized patient curriculum designed to teach discussion skills regarding advance directives, perception of difficulty & performance of advance directive discussion skills, 3rd yr medical students, 28840

structure & focus of & changes in feminist attitudes & identity & self esteem & occupational attitudes & psychological development in students after taking college-level women's studies classes, 35530
substance misuse education in medical schools, academic deans & department heads, England & Wales & Scotland & Northern Ireland, 24517
suggestions for course activities & instructor & student resources related to family gerontology education, 12646
Taking Part curriculum, social skills, 3.2–5.7 yr old Black preschoolers, 9438
tobacco education & intervention skills, medical school curricula, associate deans , 38842
Curriculum [See Also Affective Education, Art Education, Business Education, Career Education, Compensatory Education, Computer Training, Driver Education, Foreign Language Education, Health Education, Home Economics, Language Arts Education, Mathematics Education, Music Education, Physical Education, Psychology Education, Science Education, Social Studies Education, Vocational Education]—Books
Content-based college ESL instruction, 38820
Queer theory in education, 4684
Selected papers from the 10th International Conference on College Teaching and Learning, 25702
Teaching as a reflective practice: The German Didaktik tradition, 38763
Teaching fractions and ratios for understanding: Essential content knowledge and instructional strategies for teachers, 12674
What reading research tells us about children with diverse learning needs: Bases and basics, 6262
Curriculum [See Also Affective Education, Art Education, Business Education, Career Education, Compensatory Education, Computer Training, Driver Education, Foreign Language Education, Health Education, Home Economics, Language Arts Education, Mathematics Education, Music Education, Physical Education, Psychology Education, Science Education, Social Studies Education, Vocational Education]—Chapters
Challenges to inclusive education: A European perspective, 2978
Classroom choices from a cognitive perspective on peer learning, 19278
Content-based college ESL instruction: Theoretical foundations and pedagogical applications., 38831
Didaktik analysis as the core of preparation of instruction, 38767
Didaktik as a theory of education, 38776
Emergent literacy: Instructional and curricular basics and implications, 6185
Fantasizing women in the Women's Studies classroom: Toward a symptomatic reading of negation, 4670
Film imagery: A visual resource for clarifying content and developing academic writing skill., 38829
German Didaktik: Models of re-presentation, of intercourse, and of experience, 38769
The internet and content-based college ESL instruction: Reading, writing, and research, 38828
Levels of classroom preparation, 38783
Metacognitive strategies: Instructional and curricular bases and implications, 6180
New directions in educational programming for students with autism, 16020
On Wilhelm von Humboldt's theory of Bildung, 38770
Phonological awareness: Instructional and curricular basics and implications, 6191
Speaking science: Developing ESL materials for university students in academic disciplines., 38833
Starting a dialogue: A beginning conversation between Didaktik and the curriculum traditions, 38765
Teaching as a reflective practice: What might Didaktik teach curriculum?, 38777
Telling tales of surprise, 4694
Text organization: Instructional and curricular bases and implications, 6181
Theory of Bildung, 38774
Vocabulary acquisition: Instructional and curricular bases and implications, 6263
Why direct spelling instruction is important, 15919
Curriculum Based Assessment—Serials
criterion-related validity of various curriculum-based measures of writing & value of combining variables, measurement of general writing proficiency, 10th graders, 9940
development & use of instructionally relevant writing evaluation system, middle school students with learning problems, 12721
graphing approach curriculum with calculator vs traditional algebra curriculum, function understanding & intermediate algebra skills & attitudes, college students, 19249
Oral Reading Fluency as curriculum-based measurement of reading, 19300
self esteem & reading & mathematical attainments before & after introduction of national curriculum & assessment procedures, 2nd & 6th grade British students, 8 yr study, 35479
standard errors of test scores using bootstrap vs half-sample replication resampling methods in large-scale science curriculum assessments, 3390
student centered & self-directed problem-based learning curriculum, registration examination performance, students studying podiatric medicine, 28839
users' perceptions of the General Certificate of Secondary Education, teachers & further education lecturers & students & parents & school & college governors & employers, 22506
validity & reliability of curriculum-based measurement in reading, deaf or hard of hearing 6–13 yr olds who use manually coded English, 6664
Curriculum Development—Serials
assignments developed & used in undergraduate & graduate science teacher education classes, feminist science & teacher educators, 2871
computer applications & management information systems in development of operations management curriculum, business schools & firms, 38807
creation & teaching of seminar on interface of psychology & theatre, undergraduate psychology & theatre students, 32224
curricular differentiation, learner responses to open-ended activities, gifted 3rd & 4th graders, 2992
curriculum development & implementation of drug & alcohol abuse psychoeducational program for 8–9 yr olds from families with drug & alcohol abuse, 16027
design principles for problem- & project-based curricula for development & enhancement of learning, 5th graders, 9419
development & evaluation of medical ethics curriculum, medical students & residents, 12586
development & evaluation of the interdisciplinary middle school teaching materials using examples from geriatrics & gerontology, 38804
development & implementation of curriculum to introduce rational numbers based on developmental model, 4th graders, 19258
development of preschool play-based curriculum for children with disabilities, 35547
faculty inservice geriatric/gerontological training project, integration of aging-related content into existing curricula, university & community college faculty, 9406
federal mandates for forced school desegregation & coeducational programs, curricular & teaching decisions, veteran middle school physical education teachers, 2832
gifted education vs the Reggio Emilia approach to early childhood education & curriculum thinking & development & implementation, 2987
implementation of developmentally appropriate play-based curriculum, development, male & female child with severe disability fully included in community child care center, 9 mo study , 8431
integration & usefulness of team sport performance assessment procedure in physical education classes, elementary & junior high school teachers, 15890
issues in designing & implementing multicultural education curriculum, kindergarten–Grade 8, 15886
matching the budding talent with a curriculum of conscience, 2990
modern & postmodern racism & dialogic approach to anti-racist pedagogy in Europe, 25725
overview of current Spanish educational legislation in relation to academically highly able pupils, 9561
problem-based vs lecture based learning in pharmacology course, university medical students, 15857
process of developing comprehensive sexuality training curriculum on elderly sexuality for long term care facility staff, 9341
sensitivity to race & gender issues, graduate students, implications for curriculum development, 32286
spirituality & faith & religion curriculum for psychiatry residents & psychology interns, 32115
theories of H. Gardner & A. H. Passow, curriculum for talent development, 2997
training/curriculum practices & service delivery & target audiences & areas for growth & development, activity providers for persons with Alzheimers disease, 28838
use of P. Freire's empowerment model to develop sex education curriculum for Native Americans, 7648
use of Thematic Apperception Test in syllabus of clinical psychology doctoral programs, clinical training directors, commentary, 6586
Curriculum Development—Books
Education and the soul: Toward a spiritual curriculum, 38821
Mind in art: Cognitive foundations in art education, 12673
More: In-depth discussion of the reasoning activities in "Teaching Fractions and Ratios for Understanding", 15831
Teaching academic literacy: The uses of teacher-research in developing a writing program, 15910
Curriculum Development—Chapters
Building cultural diversity into the literature curriculum, 19277
Celebrating our differences through multicultural activities: The collaboration and integration of music across the disciplines., 19284
Designing collaborative contexts: Lessons from three research programs, 19286
Equity as a value-added dimension in teaching for understanding in school mathematics, 22499
Integrated Thematic Instruction: From brain research to application, 22482
Keys to successful content-based programs: Administrative perspectives., 38822
"Only connect": Sequencing assignments in the beginning writing classroom, 15931
Reorganizing the motivational sphere of classroom culture: An activity-theoretical analysis of planning in a teacher team., 6183
Teaching and learning, 9461
Teaching conflict and conflict resolution in school: (Extra-)Curricular considerations, 28953
Teaching mind in society: Teaching, schooling, and literate discourse, 9463
Teaching students with autism, 16024
Technology: Computers, distance learning, and the virtual university, 9464
Types of peace education, 28955
Word recognition: Instructional and curricular basics and implications, 6179
Cushings Syndrome—Serials
clinical correlates or major depression in Cushing's syndrome, patients with pituitary-dependent Cushing's disease, 8015
glucocorticoid receptor binding, patients with anorexia nervosa or Cushing's disease, 21033
Customer Satisfaction [See Consumer Satisfaction]
Cutaneous Receptive Fields—Serials
injury to nerves in hand, changes in cutaneous receptive fields & brain stem role in somatosensory cortex neural plasticity, monkeys, 33266
Cutaneous Sense [See Also Tactual Perception]—Serials
circumferential wrist pressure, reproduction accuracy of wrist placement, young adults (mean age 22.9 yrs) vs elderly adults (mean age 68.2 yrs), 17401
cutaneous sensibility at symptomatic vs asymptomatic site, 18–70 yr old burn patients with vs without chronic pain & paresthesia problems , 1942
cutaneous sympathetic nerve activity & capsaicin-evoked pain & hyperalgesia & vasodilatation, adults (mean age 25.7 yrs), 16892
facilitation of sensation from plantar foot surface boundaries, postural stabilization, 23–31 vs 65–73 yr olds, 29470
haptic perception of spatial relations in parallel vs collinear orientation vs pointing tasks, blindfolded college students, 32781
haptic perception, perceived distance walked, blindfolded 19–40 yr olds , 21633
haptic vs visual underestimation of angle size, 18–35 yr olds, 151
haptic-only feedback, adaptation to prism-displaced dynamic vs static events, college students, 10011
intuitive judgments about covariations of length & weight & width of objects via haptic exploration before vs after oral description, blindfolded adults, 3445
memorization conditions, haptic processing of vertical vs horizontal vs oblique orientations, blindfolded sighted college students, 32779
neuroanatomical & physiological & functional imaging studies of cutaneous-evoked tinnitus, 34700
phenomenology & perceptual correlates & related neural activity, cutaneous-evoked tinnitus, 66 yr old female & 47 yr old male neurosurgery patients, 34701
presence of visual cues, haptic perception of smooth vs rough texture, 7 mo olds, 17285
relationship between visual & haptic imagery of movement & influence of sex & type of image on vividness of movement imagery, college students, 3427
role of digit cutaneous receptors in hand & arm muscle EMG responses during grasp task with object present vs absent & with vs without local anesthesia, 22–51 yr olds, 20169
sensory pain thresholds for mechanical & electrical stimulation in nerves exposed to post-injury inflammation, 18–61 yr olds assessed after molar extraction, 5740
sex, perception of horizontal vs vertical in tangible displays, male vs female college students, 23097
shape of surface, curvature discrimination along specified orientation of hand sized doubly curved surfaces via static touch, naive Ss, 10015

tilt/slope of curved strips, haptic comparison of curvature, adults, 6754
type of stimulus object & lateral position & direction & type of motion & time for exploratory motion, haptic perception of linear extent, 18–54 yr olds, 32777
use of haptic displays of virtual 3-dimensional objects for perception enhancement, persons with visual impairments, 31364
wielding of tennis rackets & bats contrived from wooden rods, perception of length vs position of 'sweet pot', novice vs skilled tennis players, 23004
Cutaneous Sense [See Also Tactual Perception]—Chapters
Haptics in manipulation, 16463
Haptics, 16553
Cutting Scores—Serials
legal processes & cutting score strategies for physical agility performance tests used for personnel selection, male vs female police & fire fighter personnel, 26239
reliability & cutoff scores of Adelaide Behavior Disorder Scale subtests for determining presence of behavior &/or conduct disorder, 16–87 yr olds with intellectual disabilities, 29357
test centered vs examinee-centered method for setting cutting scores on achievement tests, performance assessment, 8th–10th graders, 36037
validation & optimal cutpoint of short Geriatric Depression Scale, screening for hidden morbidity in primary care, community-dwelling 77–84 yr olds, 26129
Cybernetics—Serials
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, 21781
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, commentary, 21787
stepwise learning approach to complex tasks, robots, 12995
Cyclic Adenosine Monophosphate—Serials
chronic rolipram, sleep wake activity changes & role of cyclic adenosine monophosphate in mediation of tyrosine hydroxylase, male rats, 4195
conspecific song perception, cyclic adenosine monophosphate response element-binding protein phosphorylation in higher vocal center, male zebra finches, 20139
impaired phosphorylation of cyclic adenosine monophosphate response element binding protein in hippocampus, 63–93 yr old patients with dementia of Alzheimer's type, 24859
pathogenic abnormalities of platelet cyclic adenosine monophosphate signaling, untreated euthymic vs depressed vs manic patients with bipolar disorder, 14497
physostigmine vs scopolamine, rolipram effect on locomotor activity in exploratory behavior test, male rats, 36624
rolipram vs diazepam vs imipramine, anxiety in elevated plus-maze test, male rats, 36625
type IV phosphodiesterase inhibitors Ro 20-1724 & rolipram, food-reinforced cocaine self-administration, male rats, 10600
Cynicism—Serials
authoritarianism & environmentalism & cynicism in ideological consistency, college students vs their parents, 7900
cynical perceptions & expectations of others responsibility assessments, married couples & video game players & debaters & dart players, 17609
psychoanalytic interpretation of function of cynicism in perversions, 30545
Cysteine—Serials
role of cysteine in secretin treatment of autism, 28413
Cystic Fibrosis—Serials
adaptation & shortening of Chronic Respiratory Disease Questionnaire for use in clinical practice, adults with cystic fibrosis, 36007
attitudes toward carrier status & utilization of carrier & prenatal testing, relatives of individuals with cystic fibrosis, 11796
knowledge of physician prescriptions & adherence to treatment, 6–10 yr olds with cystic fibrosis and their mothers, 38409
parents giving massage therapy to their 5–15 yr olds with cystic fibrosis, reduction in parent's anxiety & improvement in child's mood & peak air flow readings, 30 day study , 18791
psychosocial & behavioral interventions, children with severe oral feeding problem & cystic fibrosis & diabetes, commentary, 25013
reinforcement of compliance with respiratory treatment, 8 yr old male with cystic fibrosis & mental retardation & autism, 24085
utility of health belief model for predicting intent to use carrier screening for cystic fibrosis, 18–45 yr old males & females, 25354
Cystic Fibrosis—Books
The art of dying: A Jungian view of patients' drawings, 15377
Cytochrome Oxidase—Serials
allelic variation in cytochrome P450IID6 gene, Alzheimer's disease patients with apolipoprotein E genotype, 15000
cytochrome P450 enzymes & metabolism & interactions of atypical antipsychotics in schizophrenia treatment, 28481
frequency of CYP2D6*10 allele & genotype & metabolism of neuroleptics, score on Abnormal Involuntary Movement Scale & development of tardive dyskinesia, Japanese schizophrenics, 5662
metabolic profiles of & human cytochromes involved in newer antidepressants, 36561
metabolic properties & inhibition of human cytochrome P450 & methodology for assessing drug interactions of selective serotonin reuptake inhibitors & related antidepressant drugs, 2325
mitochondrial respiratory chain enzyme cytochrome-c oxidase, basal ganglia regional energy metabolism, postmortem brains of chronic schizophrenics, 30745
presence of heterozygous CYP2D6 with single allele mutation & neuroleptic metabolism, incidence of tardive dyskinesia, schizophrenic patients, 4946
role of cytochromes P450 2D6 & 3A in risperidone metabolism, 18–55 yr old psychiatric patients genotyped for CYP2D6, implications for treatment, 31620
Cytology—Serials
apoptosis of hypothalamic nucleus cells & courtship vocalization, male vs female infant gerbils, 476
apoptosis of hypthalamic nucleus cells & courtship vocalization, male vs female infant gerbils, erratum, 29809
capacity of blood to produce cytokines during weight restoration, female restricting-type anorexia nervosa patients, 22060
cigarette smoking, natural killer cytotoxic activity, depressed adult males, 21086
cigarette smoking, natural killer cytotoxic activity, depressed adult males, commentary, 21087
gepirone & metabolite 1-(2-pyrimidinyl)-piperazine, human cytochrome mediation of transformation & metabolism & cytochrome inhibition, human liver cells, 7264
Czechoslovakia—Serials
transnational linkages in nursing profession, Czech Republic vs Canada, 22128
Czechoslovakia—Chapters
The challenge of developing new forms of counseling and therapy, 21814
Daily Activities—Serials
age & sex, time spent TV viewing vs in other activities, cohorts of 2–5 & 4–7 yr olds, 3 yr study, 23655
conditions of employment & distribution of activities in residential facilities for people with intellectual disabilities, direct-care staff (mean age 30.6), 28813
daily life management & relation with crime & criminal victimization & fear of crime, community residents living in high crime areas, 2.5 yr study, 7864
daily routines & crime in T. Hirschi's control theory in explanation for delinquency & in measurement of Hirschi's concept of involvement, 21366
demographic & other characteristics, frequency & duration & variety & context of everyday activities, 70–105 yr olds, 1002
engagement in & reasons for engagement in activities & well being, 65–74 yr olds, 33696
functional ability in daily activities, elderly patients with mild cognitive impairment not diagnosed as dementia, 24772
functional performance & the challenge of preserving personal integrity, 50–76 yr olds with chronic obstructive pulmonary disease, 11799
functioning & daily life patterns, 70–103 yr old males vs females , 7620
functioning on complex tasks of daily living, 50–89 yr olds with mild to moderate Alzheimer's disease, 2104
health behavior in daily living, 5–12 yr olds, 935
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37693
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, 37695
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary reply, 37694
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37697
laughter, stress & positive affect in daily life, 17–79 yr olds , 4785
loneliness & type of activity & personality traits, 22–51 yr old male forensic inpaticnts, 8402
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, 20659
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary, 30264
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary reply, 30255
personal attributes & patterns of daily life & context in interactive friendship processes, relocated 65–97 yr olds, 1223
person–environment fit & everyday competence, visually impaired adults (aged 59–92 yrs), 21636
planned vs actual realization of therapies & activities in residential & nonresidential facilities, individuals with profound multiple disabilities, 1990–98, 32023
presence of irrational decision-making bias in medical treatment conditions & nonmedical everyday behaviors, 18–45 yr old medical residents vs college students, 32278
prevalence of functional disability in instrumental &/or activities of daily living, elderly residents of urban & plain rural & mountain rural regions of Beijing, 36904
ritual & drama & play for self-empowerment of elderly in day care center, 36894
routine activities approach to workplace sexual harassment, personnel, 19425
validity of Nursing Care Dependency Scale, 15–101 yr old demented & mentally handicapped patients, 5891
Daily Activities—Books
Madness in its place: Narratives of Severalls Hospital, 1913–1997, 2659
Daily Activities—Chapters
Human engineering for quality of life, 22736
Time use by adolescents in an international perspective. I: The case of leisure activities, 10905
Time use by adolescents in an international perspective. II: The case of necessary activities, 10896
Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]
Dance—Serials
ethnic identity & break dancing & heavy metal listening, Navajo adolescents, 4472
Marxian views of improvisational dances & productive & textual relations & liberated subjectivities, college students, 27265
Dance—Chapters
A participatory approach to the prevention of eating disorders in a school, 18204
Dance Therapy—Serials
autobiographical account of relationship with dance/movement therapy & personal life/group experiences, C. Schmais, 31755
cultural self-construal & worldview & emotionally expressive behavior & verbalization during dance/movement therapy workshops, European vs Taiwanese dance & mental health professionals, 38353
dance/movement therapy, symptoms of test anxiety, 19–44 yr old graduate & undergraduate students, 31751
synergy of verbal psychoanalytic individual therapy & nonverbal dance therapy group in treatment of relationship, mothers & infants , 37959
Dance Therapy—Chapters
Introducing new psychosocial elements into already functioning systems: The case of art psychotherapy, dance movement therapy and psychodrama at the Centro Italiano di Solidarieta, 19099
A psychoanalytically informed application of dance/movement therapy, 22003
Dangerousness—Serials
admission & discovery of explosives in patient's home, deaf male treated for character disorder & psychotic decompensation, implications for role of therapist in protecting society & patient rights, 21660
circumstances & symptom patterns under which mentally ill patients might be dangerous, 24124
concept of dangerous offender & impact on trends in maximum security incarceration, 25564
confidence & accuracy in clinical assessments of short-term risk of violence, physicians & psychiatric patients (mean age 42.2 yrs), 8401
demographics & personal resources & dangerousness & degree of disability, prediction of initial legal status & commitment vs release decisions, psychiatric inpatients, 35816
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, 2648
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, comment, 2653
interrater reliability of HCR-20, assessment of risk for violence, 24–67 yr old adult male violent offenders, 1826

knowledge of mental illness treatment & advances, attitudes toward dangerousness of mentally ill & stigma, 18–32 yr old college students, 34055
occurrence & type of aggressive behavior, 18–56 yr old dangerous psychotic patients in special secure unit, 10-yr prospective study, 19011
presentation of information on association between violent behavior & schizophrenia, impressions of dangerousness of persons with schizophrenia & mental illness in general, college students, 30744
proximity & threats & dangerousness & violence, intimate vs non-intimate relationship stalkers & victims, 34411
published research on relation between command hallucinations & dangerous behavior, 24459
rattle cue assessment of predatory snake size & warmth & dangerousness, California ground squirrels, 23262
risk communication practices, psychiatrists & psychologists, 38656
techniques used to convince passengers of character strength though construction of danger in rapids riding, river guides , 37065
Dangerousness—Chapters
Dangerousness risk assessments: Research, legal, and clinical considerations, 9733
Recommending probation and parole, 9758
Dark Adaptation—Serials
chromatic rod–cone interaction during dark adaptation, Os , 178
entraining to light/dark cycles & responses to acute photic stimulation, NGFI-A &/vs NGFI-B gene deficient mice, 3795
extensive neurotoxin lesions of hippocampus, path integration & homing in total darkness, rats, 10388
fixation disparity & accommodation & dark vergence & focus during vertical inclination of gaze, 18–36 yr olds, 3469
light intensity thresholds to evoke escape behavior during dark adaptation time course, zebrafish, 583
temperature, spectral sensitivity, dark-adapted zebrafish, 13646
Darwinism [See Also Natural Selection]—Serials
Darwinian mechanism for intellectual & attentional aspects of consciousness, 311
Darwinian theory-based sexual competition hypothesis for eating disorders, females, 8458
Darwinist & animal behaviorist approach to human evolutionary psychology & animal behavior, 16289
evolutionary perspective of human developmental sex differences, 30228
neo-Darwinian/selectionist vs nonselectionist accounts of evolution of language, commentary, 4360
Darwinism [See Also Natural Selection]—Books
Approaches to personal identity in Kafka's short fiction: Freud, Darwin, Kierkegaard, 20399
Origins of genius: Darwinian perspectives on creativity, 27414
Darwinism [See Also Natural Selection]—Chapters
Building a picture of the brain, 26659
Diverse relations between psychology and evolutionary thought, 3263
The evolution of reference, 258
Data Collection—Serials
2-wk vs 2-mo vs 12-mo recall of sexual behavior self-reporting accuracy, 13–19 yr olds, 36815
3-channel global positioning system, collection of location data under varying canopy densities, temperate vs tropical forests, application to study of primate ecology, 131
accuracy of family history method for assessing siblings' sexual orientation, twins (aged 19–52 yrs), 22947
agreement between affect similarity judgments & correlations computed from self ratings, adults, 16430
anonymous vs nonanonymous responding to questionnaire administered on Internet vs paper, self-consciousness & social anxiety & self-esteem & social desirability, college students, 37110
applicability & utility of computerized Drug Evaluation Network System for intake interviews & tracking data & trends, substance abuse treatment programs, adults, US, 38598
bias introduced through nonrandomly selected research data & methods to assess uncertainty & make inferences, 29457
comparison of methods for evaluating clinical outcomes for individual patient data, 22961
contribution of focus groups to contingent valuation process of environmental goods & economic psychology, commentary, 35761
contribution of focus groups to contingent valuation process of environmental goods & economic psychology, 35760
contribution of focus groups to contingent valuation process of environmental goods & economic psychology, commentary, 35763
contribution of focus groups to contingent valuation process of environmental goods & economic psychology, commentary reply, 35759
data collection for visual motion extrapolation task using Java-based time-critical graphical animation on World-Wide Web, adult Web users vs laboratory Os, 36082
data collection with palmtop computer program, cognitive behavioral therapy efficiency & cost-effectiveness, 31 & 40 & 55 yr old patients with generalized anxiety disorder, 38073
development & use of alternate assessments for students with disabilities, implications for state policy making, 6669
examination of Sir Cyril Burt's fraudulent plagiarism of his own 1955 IQ correlation twin study data, 12620
feasibility & utility of patient diaries, experience of patients with low back pain in 18–65 yr olds, 35068
features of semi-automated systems for collecting real-time observational data & low-tech method involving videotaping, application to behavioral research, commentary, 13156
focus groups as method of data collection, implications for use by nurses, 32756
framework for maximizing response rates in interview survey research with poor African-American families , 9991
Gibbs sampler for Bayesian estimation of Thurstonian ranking models, 19675
graphic sleep monitoring system for recording data regarding & improving sleep related problems, mentally retarded residents of institution for persons with developmental disabilities, 1 yr study, 27961
guide to data logging of user actions in event-driven applications for software assessment & behavioral experiments, 36073
internet as psychological research tool, 32761
issues in data collection in qualitative research, elderly nursing home residents, 2640
life history calendar applications for gathering retrospective event history data, 33720
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & recovery period, 18221
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & post-recovery period, commentary, 18222
methods for handling attrition rate & missing data & application in assessment of effectiveness of substance use treatment program for teens, 29453
model for gathering & analyzing data in child custody evaluations, 22784
multicomponent treatment with relaxation training & systematic desensitization & cognitive–behavioral interventions & self-reported data collection, test anxiety, 19 yr old college student, 24914
paired data, test of models of marital satisfaction & quality & maintenance behaviors, 21–83 yr old spouses, 17495
personality ratings of pets & their owners & internet data gathering, implications for integrative approach to personality research in anthrozoology, 326
predictors of safety belt use among crash-involved drivers & front seat passengers, adjustment for over-reporting of belt use rate & comparison with police-reported crash data, 35771
problems in collecting quality of life data in European Organisation for Research & Treatment of Cancer clinical trials, data managers & nurses, 28104
psychological issues & limitations in questionnaire-based research, 3397
racial identity development & communication style & prejudice, implications for conducting effective focus groups, 1222
rater negative affectivity & documentation of subordinate work behavior & appraisal visibility, inflation of subordinate performance ratings, 21–63 yr old supervisors, 29091
remote-controlled device for long-term blood collection in freely moving socially housed animals, male baboons, 36072
reporting of health-protective behaviors & substance use & sexual behaviors using computer-assisted self-interview vs written self-administered questionnaire, 13–20 yr olds, 22910
response rates in academic studies, 16416
sources of national data for monitoring patterns & trends in health differences, males vs females, Britain, 14391
survey context manipulation & perceptions of risk & loss & truthfulness of reporting to sensitive survey questions, 18–45 yr old females, 36088
survey design & utility & merits & drawbacks of microcomputer & World Wide Web data collection of political attitudes & alienation & public relations, 26282
survey vs focus group assessment of HIV attitudes & knowledge, adolescents (mean age 15.9 yrs), 32760
techniques for gaining access to underresearched populations & implications for women's health research, 25323
tracking recidivism in child maltreatment cases using administrative data, comment, 37456
use of file-based data in forensic psychiatric research, violent & sex offenders over age 15 yrs, 24565
use of observational & key informant interview data in community identification process & use of data in decision making & planning & implementing needle exchange program, urban iv drug users, 28651
use of research & evidence in AIDS education, 35152
use of simple timeout records as part of treatment planning & implementation & evaluation, noncompliant 8 yr old boy & his parents, 25066
utility of World Wide Web as psychology data-collection method, on-line questionnaire respondents, 13158
Data Collection—Books
Developing focus group research: Politics, theory and practice, 22962
Doing qualitative research using QSR NUD*IST, 22832
Measuring behavioral health outcomes: A practical guide, 24928
The science of self-report: Implications for research and practice, 36097
Data Collection—Chapters
Are focus groups an appropriate tool for studying organizational change?, 22968
Are focus groups suitable for 'sensitive' topics?, 22972
Assessing protocols for child interviews, 36101
The association between self-reports of abortion and breast cancer risk: Fact or artifact, 36109
Can focus groups access community views?, 22990
Can focus groups be analysed as talk?, 22982
Combining focus groups and interviews: Telling how it is; telling how it feels, 22981
Do focus groups facilitate meaningful participation in social research?, 22967
Do I do what I say? A perspective on self-report methods in drug dependence epidemiology, 36098
Ethical issues in the collection of self-report data, 38753
The ethics of data collection and analysis, 32166
How useful are focus groups for obtaining the views of minority groups?, 22969
How useful are focus groups in feminist research?, 22992
The impact of context on data, 22975
Information no one else knows: The value of self-report, 36099
Introduction: The challenge and promise of focus groups, 22977
Methodological issues in assessing psychiatric disorders with self-reports, 36104
Occupation-specific descriptors: Approaches, procedures, and findings, 12783
Research method: Development and field testing of the content model, 12781
Some issues arising in the systematic analysis of focus group materials., 22973
Sources of homicide data: A review and comparison, 8427
Theorizing subjects and subject matter in focus group, 22970
When surveys fail: An alternative for data collection, 36107
Data Pooling [See Meta Analysis]
Data Processing [See Also Word Processing]—Serials
integrating statistics & problem based learning & computerized data analysis, case study of 2-term university course, 25726
method of handling data, speed & accuracy of data analysis, intervention identification, expert data analysts, 35639
natural language processing in electronic medical records systems, 31877
update & description & testing of Scoring Options for Recall Tests 2.0, entry & analysis of recall test data, 26015
Databases—Serials
computerized lexical database which provides quantitative descriptors about the relations between orthography & phonology for French monosyllabic words, 26017
constructive hypermedia database system in class assignments, intertextual problem solving & synthesized discourse, college students, 22471
database on resident & institutional characteristics, nursing home residents, 12474
development of EEG description system to facilitate categorization of EEG data in computerized database connected to hospital patient administrative system, 32000
ESPbase Microsoft Access database application for storing & selecting symbol & icon sets for research & design usability, 36076
establishment of descriptive database & inclusive & verifiable definition of aggression for teachers with aggressive students, special & regular education teachers & support personnel, 8249
iterative learning control using an information database, 32476
naming RTs to proper name frequencies in phone book listings vs database of Usenet text, college students, 22994

sensitivity & precision of Medline vs PsycINFO in retrieving articles describing outcome studies of group-based psychotherapy, 13164
sources of national data for monitoring patterns & trends in health differences, males vs females, Britain, 14391
use of electronic Human Relations Area File databases for cross-cultural comparison & discovery mode teaching, college students in anthropology & archaeology classes, 28933
validity of electronic hospital-discharge data, evaluation of associations between depressive disorders & various medical conditions, patients discharged from psychiatric units, 13157
Databases—Books
Outcomes and incomes: How to evaluate, improve, and market your psychotherapy practice by measuring outcomes, 34822
Databases—Chapters
The CHILDES system, 12993
EEG database-guided neurotherapy, 26692
Integrating learning technology into the liberal arts tradition, 25756
The O*NET content model: Structural considerations in describing jobs, 12779
The origins of O*NET, 12774
Research method: Development and field testing of the content model, 12781
Date Rape [See Acquaintance Rape]
Dating (Social) [See Social Dating]
Daughters—Serials
dissociation of stereotypic trait judgments about & prejudice against Jewish males marrying daughter, college students, 27334
factors that predict anticipation of future caregiving, grandmothers (aged 57–92 yrs) & mothers (aged 39–71 yrs) & granddaughters (aged 18–44 yrs), 7677
gender roles & attitudes about sexual aggression & sexual victimization, parents & daughters, 37002
generational interactions & gender roles, 15–30 yr old females & their mothers, 20723
health behaviors & lifestyles of family dementia caregivers, wives vs daughters, 25472
level of & change in depressive symptoms, 35–73 yr old daughters providing care to aging parent, 18 mo study, 22213
narrative themes of the meaning & experiences of caregiving relationship, daughters (aged 48–60 yrs) & their aging mothers (aged 71–92 yrs), 30322
parental separation between birth & 5 yrs, psychosocial development & behavioral problems, female 6–9 yr olds, 4 yr study, 10857
perceptions of mother–daughter closeness & reliability & collectivism, 25–35 yr old European- vs Asian Indian- vs Mexican-American daughters, 27180
perceptions of parents' religious beliefs & quality of relationship with parents, religious beliefs, female undergraduates & their parents , 30235
quality of early father- vs mother-daughter relationships & individual differences in timing of pubertal maturation, 4–5 yr old girls & their families, 8-yr prospective study, 26934
sources of stress for daughters of nursing home residents, 38545
Daughters—Books
My mother's breast: Daughters face their mother's cancer, 21514
Too long a child: The mother–daughter dyad, 11023
Daughters—Chapters
Chantal Akerman: Splitting, 26883
Cross-sex and same-sex family alliances: Immediate and long-term effects on sons and daughters, 20730
Day Camps (Recreation) [See Summer Camps (Recreation)]
Day Care (Child) [See Child Day Care]
Day Care (Treatment) [See Partial Hospitalization]
Day Care Centers—Serials
benefits of child care center providing continuity of care where infants & toddlers stay with same teacher for 1st 3 yrs of life, 28694
characteristics of care settings & caregivers & attunement between parents & caregivers, quality of center day care, infants & toddlers, Netherlands, comparison to European & North American countries, 7703
characteristics of staff communications, staff members working with 17–61 yr olds with intellectual disabilities in community residences & day centers, 25670
frequency & correlates of behavior problems in day care children, parent vs teacher ratings of 2–3 yr olds in low-income families, 11526
physical space & programs of & research activity in day care center, persons with dementia or Alzheimers disease & disturbing behavior cared for at home, 9113
quantity & quality & planning for day service support, 22–49 yr olds with intellectual disabilities & challenging behavior in day care services, 19009
ritual & drama & play for self-empowerment of elderly in day care center, 36894
Day Hospital [See Partial Hospitalization]
Daydreaming—Serials
content analysis of daydreaming & psi-functioning in spontaneous waking cases, 3620
daydream vs dream perspectives, college students, 29666
Deaf [See Also Deaf Blind]—Serials
1–6 times normal speed of American Sign Language on videotape, cognitive processing speed & accuracy of sign & sentence identification & error characteristics, deaf 21–53 yr olds , 24879
American Sign Language proficiency & English literacy & bilingual deaf education model of instruction, deaf children, erratum, 21632
assessment & treatment, deaf 10–18 yr olds with psychiatric disorders, 15496
cognitive performance & speech understanding, deaf adults with cochlear implants, 2478
complex patterns of electrical stimulation, temporal processing abilities, prelingually deafened cochlear implantees, 38635
conversational repair strategies in response to communication breakdown, profoundly deaf vs hearing 4–7.5 yr olds, 5441
counselor training & characteristics & adequacy of counseling services for deaf & hearing impaired students, counselors in inclusive public school programs or schools for deaf, 25843
critical period during adolescence for 1st-language acquisition, 15 yr old with profound deafness fitted with hearing aids, 4 yr study, commentary, 18456
current pulse duration at stimulation of auditory nerve, pulse train discrimination & combination of temporal information across electrodes & pulse rate discrimination, adults with cochlear implants, 34706
deafening, calls & warble songs, budgerigars, 13452
describes current research & highlights continuing concerns in deaf education , 29020
early & lifelong hearing aid use, perception of vibrotactile speech stimuli, deaf 18–45 yr olds, 2463
effects of auditory deprivation & subsequent cochlear implants & stimulation on maturation of central auditory system, 6-yr-olds with profound hearing impairment, 11 yr study, 37950
electrocochleographic assessment of residual hearing, 0–6 yr olds with severe hearing impairment, 15 yr study, 28236
English language & grammar achievement, prelingually deaf children with vs without cochlear implants vs hearing aids, 18469
explanations for & content of reported verbal auditory hallucinations, prelingually profoundly deaf 16–61 yr olds with schizophrenia or schizoaffective psychosis, 27666
factors associated with aggression & violence, deaf & hard-of-hearing people, 24891
fractionation of neurodevelopmental processes in visual memory, 29 yr old male with congenital deafness & Gilles de Tourette syndrome & autism, 14816
frequency & presentation of bipolar disorder, psychiatric inpatients with prelingual deafness, retrospective study, implications for misdiagnosis, 30686
hand preferences, male deaf adolescents (mean age 17.4 yrs), 37946
hearing status of mother–child dyad, expressive & receptive language & symbolic play abilities, 2 yr olds, 28227
inter-rater reliability in conducting research on & ambiguity in coding intentionality & communicative behavior, 12–54 mo old deaf vs hearing children, 18463
interarticulator co-ordination & motor control deficits, 43–79 yr old Deaf signers with Parkinson's disease , 37952
ipsilateral vs contralateral electrical auditory nerve stimulation, response of neurons in inferior colliculus, bilaterally vs unilaterally vs long-term deafened cats, 36460
language & memory, deaf children & adults, 2116
left hemisphere specialization for linguistic specificity & signed languages, deaf persons , 34519
left vs right brain hemisphere dominance, visual motion processing, deaf adults, 24875
listening to varied speech intelligibility, evaluation of speaker's personal qualities & attitudes toward deafness, 16–17 yr olds with vs without contact with students with hearing impairments, 28233
loneliness & social isolation, 18–30 yr old Deaf individuals, 18466
magnetic resonance imaging & cognitive deficits, 46–52-yr-old siblings with heriditary sensory neuropathy & deafness & dementia, 31243
mental lexica estimated by semantic associations with sound-related vs not-sound-related words as measure of verbal concept knowledge organization, deaf vs hearing college students, 28232
method in enhancing speech envelope in continuous interleaved sampling processors for cochlear implants, deaf persons, 19109
parameters in prediction of post operative performance, cochlear implant users with postlinguistic deafness, 22286
patterns of coarticulation, 26–41 yr old hearing males vs deaf 39–61 yr olds, 28234
perceptions & interpretation of media portrayals of music & the deaf culture, deaf vs hearing undergraduates, implications for music therapy & education, 31359
personal & interpersonal family functioning & role of grandparents, families with deaf children, 5449
perspectives on refusal by deaf parents to hold hearing test for newborn offspring, pediatricians, 28259
qualitative research methodology as mode of inquiry in conversation development & education, 7-yr-old deaf female, 5442
raised vs threshold stimulation levels for active electrodes in Nucleus 22 cochlear implant, understanding of soft speech sounds with SPEAK speech coding strategy, deaf 39–70 yr olds, 32066
recruitment of auditory cortex by long-term cochlear electrostimulation, congenitally deaf cats, implications for hearing acquisition in prelingually deaf infants, 33166
role of early linguistic experience in development of phonological representations, deaf children, 2115
scope of practice & caseload size & characteristics & delivery of services, speech-language pathologists in schools for deaf vs local school programs, 5987
sign language perception, activation of visual & auditory areas of temporal lobe, congenitally deaf adults, 11957
stimulation mode, threshold & loudness growth, deaf male patients with multielectrode cochlear implants, 15056
translation of Quick Diagnostic Interview Schedule-III Revised into American Sign Language & Signed English & speech reading, deaf patients, 91
validity & reliability of curriculum-based measurement in reading, deaf or hard of hearing 6–13 yr olds who use manually coded English, 6664
visual-fixation-assessed preference for infant-directed vs adult-directed singing, 2 day olds with normal hearing & their English vs Japanese deaf mothers, 23709
workplace facilitation of communication & socialization between deaf & hearing employees, 21629
writing assessment rubric as effective teaching strategy, deaf 5th & 7th grade students, 16015
Deaf [See Also Deaf Blind]—Books
Language acquisition by eye, 34714
Deaf [See Also Deaf Blind]—Chapters
The acquisition of first signs: Place, handshape, and movement, 34718
The acquisition of natural signed languages: Lessons in the nature of human language and its biological foundations, 34726
American Sign Language and reading ability in deaf children, 34725
Assessment of the preschool child with a hearing loss, 6648
Child-directed signing in American Sign Language, 34721
Creating an involvement-focused style in book reading with deaf and hard of hearing students: The visual way, 35556
Deaf members and nonmembers: The creation of culture through communication practices, 18471
Early sign combinations in the acquisition of sign language of the Netherlands: Evidence for language-specific features, 34717
Emotional disorders in deaf children, 28240
Eugenics, evolution, and deaf education, 35555
Helen Keller: An extraordinary life, 15068
Is American Sign Language skill related to English literacy?, 34728
A piece of the puzzle: ASL and reading comprehension in deaf children, 34720
Principles for an emerging phonological system: A case study of early ASL acquisition, 34722
A reexamination of "early exposure" and its implications for language acquisition by eye, 34724
The role of modality and input in the earliest stage of language acquisition: Studies of Japanese sign language, 34723
Social interaction as tutoring, 8709
Theorizing about the relation between American Sign Language and reading, 34716
Deaf Blind—Serials
description of inclusive educational program, 12-yr-old male 5th grade student with deaf-blindness, 25818
tactual equivalence class formation in conditional discrimination & tactual-to-visual cross-modal transfer, 28–67 yr old deaf-blind vs hearing-sighted blindfolded adults, 13264
Deanol [See Antidepressant Drugs]
Death and Dying [See Also Euthanasia]—Serials
1st inpatient hospitalization for suicide attempt & subsequent causes of death, adults, 13 yr study, 1701
acute symptoms & subsequent depression in disaster-related bereavement, 22–47 yr old survivors of plane crash crew, 33966

affective bonds to parents, 17–77 yr olds with both parents alive vs only mother alive vs both parents deceased, 30135
aftershock from death of psychoanalyst & grief & ritual & adjustment & isolation & transference & boundaries in therapy, surviving analysand , 15154
AIDS attitudes & attitudes toward caring for dying patients, nursing staff of AIDS residential health care facilities, 25663
assessment model of culturally relevant death education & grief counseling, 7888
attachment to pet & duration & intensity of grief resulting from death of pet, children vs adolescents vs adults, 7514
attitudes toward & knowledge of & treatment behavior in end of life care, neuro-oncologists vs amyotrphic lateral sclerosis specialists vs neurologists, 28588
attitudes toward end of life decision making, medical students, implications for ethics curricula, 22331
awareness & acceptance of & attitudes toward dying, 33–84 yr old hospice patients with terminal cancer & relatives, 18986
biochemical link to & influence of major negative vs positive life changes on serum cholesterol & cardiovascular mortality, 50–60 yr old males, 1-yr followup, 23460
case-control psychological autopsy & mental disorders as risk factors, suicide/undetermined death cases & living controls, 37447
characteristics of & complicated bereavement & PTSD & death notification recommendations following fatal car crashes, 20945
children's hospice & Treasure Weekend & bereavement support services, 5–16 yr olds who experienced the death of a sibling, 18992
cognitive decline & length of survival, Alzheimer's disease cases with vs without Lewy body variant , 5386
cognitive function & survivorship, 34–95 yr olds, 36876
cognitive functioning & style & rates of decline, surviving vs deceased older adults, 14-yr longitudinal study, 20654
community & problem & emotion focused coping & resiliency after loss of child/grandchild in Oklahoma City bombing, mothers & grandmothers, 19469
conceptual model of cognitive capacity development, beliefs & search for meaning at death of sibling, adolescents, 33763
content of & use of & attitudes toward sympathy cards to assess cultural treatment of death & bereavement & extending sympathy, 17–60 yr old college students, US, 7624
context of death & psychological phenomena related to death of self & closely related persons & impact of awareness of death experiences on life, 21–47 yr old females, 24049
coping & emotional distress in prediction of survival time, 32–84 yr old patients with lung cancer, 31158
countertransference & life & death & issues & termination process in group psychotherapy, child Holocaust survivors, 5521
creativity & terror management, guilt & enhancement of social connectedness following mortality salience, college students, 27348
creativity & versatility, premature mortality, artists & scientists, 1302
death in intensive care & patient treatment & decision making & family involvement, elderly, 7603
death of parent, childhood bereavement experiences, 23–56 yr olds , 11208
demographic characteristics & pattern of orders for brain autopsy, deceased Parkinsons disease & parkinsonism patients, Olmstead County Minnesota, 1976–1990, 37880
depression & anxiety & aggression & death concepts, suicidality & suicidal behavior, 12–19 yr old suicidal vs nonsuicidal inpatients vs emergency room suicidal patients, 8260
depression & cognitive impairment & demographic characteristics & medical illnesses as predictors of mortality, 60+ yr old medically ill patients, 1 yr followup, 17750
developmental factors & concepts of finality & inevitability & universality of death, 5–12 yr old Israeli kibbutz children , 10783
developmental issues related to & psychoanalytic perspective on aging & death & dying experience, 1377
drug treatment for depression, risk of cardiac morbidity & mortality, patients with acute myocardial infarction, 38220

2,5-anhydro-D-mannitol, Fos like immunoreactivity in brainstem & forebrain structures, chronic decerebrate vs neurological intact male rats, 4171
decerebration vs frontal pole lesion vs pentobarbital anesthesia, hyperalgesia & fear-induced freezing, male rats, 13555
expression of activated state with & without limb movements, decerebrate rats with & without posterior basal diencephalon, 23298
Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Serials
abductive theory in identifying client's psychological difficulties & subsequent clinical reasoning & assessment, clinicians, 25677
ability to future sketch & provide multi-attribute evaluation, preference ordering of traffic policy scenarios, citizens, Netherlands, 19836
abortion attitudes & view of abortion as female issue, level of male involvement in abortion decisions, college students, 11059
accuracy conflict in procedural vs legal motivations, correction in judgments, mock jurors, 13008
acknowledgement of regret about life choices, decision to make changes in life course, women in midlife, followup study, 11237
activation & foci of regional cerebral blood flow in inferior & orbital prefrontal cortex during novel risk-taking task involving choices differing in likelihood & size of rewards, healthy males, 36455
adversity & cooperative styles, decision to co-offend, street youth aged 25 yrs & under , 1832
age, judgments about use of consensus vs majority rule vs authority based decision-making procedures in peer vs family vs classroom context, 1st–6th graders, 17344
alternative- vs dimensionwise information presentation, strategies & adaptive decision making & accuracy, college students, 10140
amount & subjective importance of missing information, inferences & decision making in personnel choice task, adults, 3550
amount of monetary reward, discounting of delayed vs probabilistic outcomes, college students, 10101
analysis of interactive decision making factors considered during games, male coaches of youth ice hockey, 13278
antecedents & consequences & mediating effects of perceived moral intensity & personal moral philosophies in ethical decision making, marketing professionals, 9692
antecedents & consequences of parents' psychological involvement in decision to purchase a sport experience for their child, 24–49 yr old parents of children in youth soccer programs, 4634
anticipated emotions of decision outcomes, choice behavior for monetary gambles, college students, 29581
anticipation of regret & expected feedback, decision making under uncertainty, 19838
application of cognitive information processing approach to career problem solving & decision making to career decision-making process & obtaining employment, 35597
application of Feminist Therapy Institute code of ethics to college & university settings & feminist decision-making framework for ethical dilemmas, 15842
applied research on various aspects of organizational democracy, The Tavistock Inst & associates, 9576
artificial neural network vs discriminant function analysis in modeling career counseling decisions on basis of aptitude test scores of 9th graders, 12784
assessed strength of evidence & judgments of probability & decisions under uncertainty, professional basketball fans, 13274
attitudes & objectives & behaviors & personality traits & decision making on farms, 25–83 yr old farmers, 12765
attitudes toward & influences on decision to take hormone replacement therapy, 20–69 yr old females, implications for physicians, 31787
attitudes toward gender-roles & decision making & division of household tasks & wife's employment status & couple's communication style, marital quality, 21–60 yr old husbands, Ghana, 33768
Bayesian decision theory & sequential rules for instructional decision making for use in Intelligent Tutoring Systems, medical students, 19489
behavioral & perceived control & normative beliefs about physical activity, 65–90 yr old females , 2493
behavioral choice treatment vs traditional behavioral treatment to promote continued weight loss, 18–55 yr old obese women, 12-mo study, 15183
behavioral inconsistencies in migration & mobility decision-making based on social psychological theories of human behavior, US, 1985–89, 23951
beliefs & experiences, decision making concerning utilization of school based professional services, undergraduate elementary education majors & their mentor teachers, 9399
bidirectional reasoning in decision making by constraint satisfaction, college students, 10103
candidate measures & trade-offs in screening & determination of potency of client risk factors for clinical & policy significance, 29415
career choice development, career decision-making self-efficacy, college students (mean age 27.82 yrs), 19389
career commitment & growth opportunity & goal attainment, retirement decision making, adults aged 45+ yrs, extension of T. A. Beehr's model, 35590

Decision Making—Serials

career exploration & decision making self efficacy, 11th & 12th graders from urban vs suburban high schools, 35521
career intervention announcement with vs without print handout vs computer-assisted classroom instruction, decision-making concerning 4-yr study plan, 8th graders, 38924
career intervention, career decision making self-efficacy & career indecision, male vs female high school juniors, 4 wk followup , 25839
characteristics of legal trial involving repressed memory of child sexual assault, perception of repressed memory recall accuracy & verdict decision making, male vs female mock jurors, 19535
choice probability & response time during risk-taking decision-making task under time pressure with predictions made by sequential sampling model, college students, 32905
client & cost–benefit assessment & strategy choices, attorneys defending socially & economically deprived mentally ill offenders in court, 6486
client preferences & agency factors & manager characteristics, out-of-home placement decisions for 65+ yr olds, long-term care case managers, 15571
cognitive diversity & complexity, outcomes attained in crisis negotiations, college students, 7819
Cognitive Information Processing approach to career problem solving & decision making for career counseling & development, females, 23612
college year status & sex & career education courses, career beliefs & career decision making, college students, 25854
complex innovative decision-making in business game, graduate students with vs without sleep deprivation, 19812
computer controlled automation & locus of decision making power in manufacturing, organizational personnel, 10 yr followup, 16134
conceptual & empirical comparison of ratings- vs choice-based conjoint approaches, 6396
concurrent & decision-making effortful tasks, allocation of attentional resources, depressed inpatients (mean age 35 yrs) during illness & at recovery, 21113
conjoint analysis of structure & pattern of patient–consumer preference for treatment attributes, medical decision making, parents of 4–15 yr olds needing growth augmentation therapy, 5774
connectionist vs diffusion model accounts of correct & error responses & RT in signal detection tasks, college students, 19825
consolidation & transition in moral judgment development & moral concepts in decision making, junior high- & high school- & college & graduate students, 10799
constructs used by statement panel decision-makers regarding students with special education needs, implications for educational psychologists, 32170
consumer decision making, surrogate shoppers, implications for marketing management, 22693
content analysis of explanations for decisions in identity–intimacy dilemma scenarios, female vs male 15–18 yr olds, 7519
context & individual or family decision process & attitudinal impact following pediatric transplant outcome, parental partial liver donors, 25303
continuing education for ethical decision making, college healthcare professionals, 6085
contributions of minimax decision theory to instructional decision making in intelligent tutoring systems & comparison with Bayesian decision component in Minnesota Adaptive Instructional System, 29241
contributions of multiple masculinities to 1986 organizational decision to launch Space Shuttle Challenger, managers & engineers, 6329
course level & developmental aspects of selection & post-course ratings of teaching, college students, 12701
creative problem-solving intervention series, game-play decision making, college badminton students, 35480
cross-cultural differences, preferential choice tasks with & without use of computerized decision aids, college students, Japan vs US, 10089
cued activation of attachment relational schemas during lexical decisions on stimuli that represented if-then contingencies if interpersonal acceptance & rejection, college students, 30392
cultural orientations & self-construals, preferences for medical decision making, Hong Kong vs Beijing, 31796
customer satisfaction in marketing & model of strategic decisions & price elasticity, 6382
damages awards suggested by plaintiff's &/vs defendant's expert economist & decision making regarding lost wages & benefits & pain & suffering in employment discrimination case, mock jurors , 19526
decision aid for preparing patients of late maternal age for prenatal genetic testing & counseling, knowledge level & decision conflict & anxiety & method acceptability, 30–44 yr old women & spouses, 31826
decision criteria, recognition memory, 58–77 yr olds with amnesia, 21598
decision making & avoidance & sexual risk taking behavior, 13–21 yr old substance abusers, 37571
decision making & deliberation time, adult chronic opiate vs amphetamine abusers vs adults with orbital prefrontal vs dorsolateral/medial prefrontal damage vs lowered tryptophan, 14754
decision making & hindsight bias after receiving favorable vs unfavorable feedback, business students, 10116
decision making & prefrontal cortex, male monkeys, 33251
decision making needs & challenges & support, 26–88 yr old caregivers of 47–90 yr old family members with dementia, 22225
decision making processes during visual discrimination tasks & conservatism of distribution free test for response bias, college students, implications for signal detection theory, 32898
decision making processes in child & family abandonment, women & mothers, Bangladesh, 33793
decision making regarding use of long term care services, nursing home & community dwelling adults (aged 60 yrs & older), 2562
decision model for cost effectiveness in treatment of acute episode of schizophrenia & subsequent maintenance, 5821
decision processes & support needs, family caregivers of patients with dementia, 22224
decision theoretic model of stress arousal & coping propensity in stress expectancies, college students, 26713
decision to disclose & social consequences of disclosure, HIV-seropositive 18–66 yr olds, 37791
decision-making performance, 19–58 yr olds with amygdala vs ventromedial prefrontal cortex damage, 28123
decision-making preference & opportunity & satisfaction with medical care, 21–84 yr old male veterans using VA ambulatory health care services, 12329
decisional balance of pros & cons of continuing vs quitting substance use, 28–59 yr old outpatients with comorbid schizophrenia & substance use disorders, implications for treatment planning, 30701
decisional competence, advance directive completion & medical treatment decision making, 62–78 yr old hospitalized acute care medical/surgical patients, 38403
decoy effects & attribute-level inferences in decision making, undergraduates, 36239
deontological norms, ethical judgments & intentions, marketing professionals, 3179
design & implementation of psychoeducational workshop in ethics-based decision-making to reduce criminal recidivism, 1st-time offenders of misdemeanors, 25428
development & validity of Decisional Balance for Immoderate Drinking, college students, 29384
differences in conversations & during decision making between same gender & cross gender friends, 18–21 yr olds, 4723
differences in decision criteria based on source monitoring situation, reality monitoring judgments, college students, 16631
discourse analysis of shared decision making practices & negotiating practices in primary care, general practitioner & parents of male infant with tonsillitis, 31790
disorder familiarity & time preferences & money, treatment decision making, 18–78 yr old migraine headache & Crohn's disease patients, 11964
distributed vs massed practice schedule & short vs long term retention interval, learning in multiplayer decision making task, 2-person teams, 6317
dominance criterion, gamble choice, MBA students, 12764
dopamine delivery at target structures & direct learning & decision-making, Ss & network based on predictive model of mesencephalic dopamine systems, 3210
educational training program, financial knowledge & decisions regarding affordability of retirement from regular employment, 55–65 yr olds, 4520
educational visual tool, chemotherapy treatment decision making, 34–53 yr old female breast cancer patients, 31794
effect of assertive patient behavior on decision making in treatment of older female breast cancer patients, physicians, 31798
effects of mood & age & gender on the decision process, 12–18 yr olds vs 21–46 yr olds, 23697
emphasis on rational decision making & diversification, company performance, management personnel, 9597
end of life decision making & care, hospitalized dying patients (aged 27–86 yrs & older), implications for assessment of suitability for palliative care, 12480
environmental state- & organizational effect- & decision response uncertainty, product line simplicity, Hollywood film studios, 1936–1965, 16141
epistemic & ethical responsibilities in clinical decisions regarding treatment goal selection & measurement & treatment procedures & importance of informed consent process, psychologists, 25686
ethical judgment & code of ethics & supervision, ethical decision making, social workers, Israel, 19200
evaluative criteria used in deciding preferences for formal & informal in-home care services, elderly adults (aged 60–95 yrs), 22226
expected utility & rank-dependent utility & cumulative prospect theories as models of risky choice behavior in determining weighting functions & predictability of individual traits of decision makers, 29562
experience & prior ethics training, decisions regarding hypothetical ethical dilemmas involving boundaries or confidentiality, mental health center staff, 2765
eye movement & qualitative measurement of subjective preferences for quadrangle shapes & related decision processes, 30–51 yr olds, implications for golden ratio, 32832
factors affecting & level of agreement & methods for resolving disagreements in decision-making for health care procedures, 75–95 yr olds & their 27–85 yr old family members, 22220
factors affecting the difficulty of decision making during major emergencies, 33–62 yr old fire chiefs, implications for decision support systems, 22570
factors contributing to & process of decision making about hormone replacement therapy, menopausal 46–58 yr old females, 28601
factors influencing content of shopping lists & effectiveness of list as external memory aid, 25–75 yr old grocery shoppers, 39019
factors that affect decisions to enter science and engineering fields, adult minority female engineers, 35591
family & child characteristics, child care decisions & attachment security, 2–30 mo olds & their mothers, 6 mo study, 17502
family conflict resolution & decision making, caregiving, families of patients with Alzheimer's disease, 22214
federal mandates for forced school desegregation & coeducational programs, curricular & teaching decisions, veteran middle school physical education teachers, 2832
feedback equivocality & presence of standard to judge feedback, escalation of commitment of monetary resources to marketing software, undergraduates, test of decision dilemma theory, 10102
field dependence & visual search skill & working memory & RT in decision time & gap choice in left-hand turning, 61–84 yr old females in simulated driving task, 12975
gender & computer-mediated communication, decision making, college students (mean age 20.8 yrs), 27279
hindsight bias & judgments of liability for punitive damages, jurors, 35815
human- vs automation-directed invocation of adaptive automation of a dynamic control decision-making task based on secondary task workload measurement, 21–23 yr olds, 35740
human-caused vs naturally occurring threats or damage, willingness to accept compensation vs willingness to pay, city residents & college students, 29609
impact of argumentative contexts on deontic decisions & role of cognitive reasons & sympathy in decision, adults, 13282
implicit theories & person information, decisions about guilt vs innocence, entity vs incremental theorists, 7847
importance of both analytical & intuitive skills in clinical reasoning & assessment & decision making, clinical psychologists, 25688
importance of perceptions of time-related costs & action-forcing events in building momentum in decision making & negotiation, 6499
improper statements made by prosecutor in closing argument during penalty phase of capital trial, death penalty recommendations, jury-eligible college students & community members, 29277
incompatibility of basic clinical & judicial decision making heuristics, 29278
indecisiveness & neuroticism & psychoticism & occupational group, adults, 27374
individual differences & inner- & other-motivation & anonymity, escalation to commitment in decision making, college & graduate students, 30516
influence of expectations based on gymnast's placement within team order, gymnastics judging, gymnastics judges, 25969
information about authority figure's trustworthiness, perceived procedural fairness & interpretation of authority figure's decisions, college students, 7823
information about screening for prostate cancer, patient decision making role & anxiety level, 50–79 yr old men, 31824
information processing style in studying decision making behavior in organizational behavior research, college students, 22662

initial preferences & time pressure, group decision making, college student triads, 37066
integrated decision-making strategies computer program, vocational identity & career exploratory behaviors & satisfaction, graduate students, 25852
interaction & joint decision making with accounting information, accountants & retail managers, implications for cooperative goals & constructive controversy in problem solving, 4737
interpreter's roles in palliative care & facilitating communication concerning end of life decision making, 25 yr old male from Ojibway & 74 yr old Cree speaking female & other adults, 24021
introspection & decision making, college students, 16606
issues in & definition of general d' in assessment of sensitivity of perceptual & decisional process underlying multidimensional stimulus identification, 29475
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, 12403
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & treatment of pseudodisease, 38508
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, 38512
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary reply, 38481
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & classification of breast neoplasms, 38482
issues in health care decision making, adults without decision-making capacity, implications for health care professionals, 18937
issues of fairness & distributive & procedural justice in family decision making about inheritance & intergenerational transfer of nontitled personal property, 30–85 yr old family members, 20947
J. L. Holland's work on career indecision & decision-making measures, 32343
judgment biases, portfolio allocation decisions in mutual fund investment, 23–45 yr old business school students, 29583
juror gender & evidence quality, juror decisions in hostile work environment case, 18–57 yr old undergraduates, 22795
Keynesian theory of decision making under uncertainty, relevance for psychology, 36216
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, 22138
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, commentary, 22141
lender decision strategies & loan structure, loan officers, 39008
limitation of choice options & types of features used to represent the options, choice-process satisfaction, college students, 13317
low involvement processing theory of rational thinking in brand image perception & purchase decisions, consumers, 22704
low vs high hearsay information conveyed in expert testimony & present vs absent limiting instructions, juror decision processes, college students, 26060
main influences on decisions & perceptions of extent of their preparation for transitions & career education & guidance, 16–17 yr olds who have switch once vs multiple times, 32290
mathematical memory processes model of likelihood judgment & decision making, 10095
medical & psychosocial & legal approach to enhance decision making in ethical dilemmas & right to die issues, 39077
memory for pain & willingness to accept pain for money, 19–57 yr olds, 13305
mental representation of referential relations between world & mind, 4–5 yr olds, 4417
metacognition & vocational indecision, 18–43 yr olds, 35598
methods & implications of cognitive task analysis on design of computer simulation-based performance assessment of problem solving & decision making in dental hygiene, 26082
micro-language learning, knowledge & informed decisions in designing new languages, humans, 35793
model of distortions in decision making under risk through probability weighting function, graduate students, 13279
model of health risk taking behaviors from decision-making perspective, 24009
models of & decision rules for recognition memory confidence judgments, 248
models of & lexical effects during phonetic decision making of words & nonwords, listeners, 32922
models of group influence & competitive model-testing & prospective modeling of social decision scheme theory, 37079
moral & ethical decision making & violations of public trust by public officials, 13298
moral conflict & decision making, battered females (aged 25–51 yrs), 24385
motivational influences of sadness & reward replacement vs anxiety & uncertainty reduction on gambling & job selection decision processes in college students, 27392
motor decisions & inhibition, event-related coherence & brain area synchronization in visual discrimination task, 21–46 yr olds, 3981
Mueller-Lyer illusion, distance judgments & decision making in map reading, college students, 32808
multi layer hierarchical rule learning in reactive robot control using incremental decision trees, 19491
multiattribute decision field theory, violations of stochastic dominance principle of decision making & response time distributions, college students, 29545
multilevel model of early retirement decisions, male 50+ yr old autoworkers in plants with different futures, 16108
negative outcomes due to action vs inaction, regret intensity, college students, 24012
nest site decision making & communication, honey bee swarms vs individuals, 10285
nicotine administration & lexical decision-making, 19–25 yr old habitual smokers, 16583
no decision aid vs pro/con or computer program decision aid for choosing a college, satisfaction with college choice, high school seniors, 35527
number of alternative selections, information search & consumer contingent decision behavior, college students, 9674
obtaining informed consent for major medical treatment via statutory Surrogate Decision-Making Committee program, mentally incompetent patients in New York state, US, 1986–96 , 19515
optimal decision bounds for categorization of multidimensional stimuli, pigeons, 6967
option evaluation & reversals of preference between joint & separate evaluation modes, 29565
options for & characteristics & decision making model of quality child care policies, 7697
order effects & accuracy of & confidence in memory for evidence in individual vs group decision making, auditors, 13261
order of evidence presentation & availability of background information, assessment of guilt, criminal law & social science students, 232
organizational culture, use of outcome information in decision making & service planning & delivery in local level children's mental health service, 31883
organizational learning to enhance memory & distribution of organization intelligence in organization decision support system process, 6427
outcome favorability & procedural fairness in organizational decision making, commitment & resentment toward voluntary professional organization, professional personnel, 25917
own vs opposing subgroup's initial resource location at individual or subgroup or collective level, allocation decisions & cooperation in social dilemmas, business students, 30415
participation in decision making processes & school dynamics & subject matter taught, elementary school teachers, implications for physical educators, 12635
participation in decision making, 8–12 yrs olds being looked after by local authorities, 35242
participation in decision-making & perceived supervisory support & organizational commitment & organizational citizenship behavior, 20–57 yr old employees, 38997
partnership role attitudes & marital satisfaction & wife's occupational status & individual investment expertise, spouses' relative dominance in various investment decisions, 29–75 yr old couples, 36961
patient characteristics in decision making regarding driving cessation & independent living & power of attorney, patients with dementia & their caregivers, 37922
patient preferences for participation in medical decision making, US vs Hong Kong vs China vs Australia, 31778
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5993
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5992
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, 5994
perceived behavioral control & other determinants of decisions in potentially dangerous road crossing situations, 17–75 yr old pedestrians, application of theory of planned behavior, 7892
perceived role of parental influence & prudential vs moral vs social-conventional consequences in reasoning about career decisions, 16 & 19 & 22 yr olds, 36785
perceptions & experiences of the decision-making process with respect to using complementary & alternative therapies, women with breast cancer, 34588
perceptions of experience in making placement decisions, 35–80 yr old caregivers, commentaries & responses appended, 9178
perceptions of genetic counseling & impact on decision making, clients, 31843
perceptions of influence & decision making in the workplace, community based nurses, Norway, 2603
perceptions of influence of family & friends on decision to stop driving & perceptions of friends & family on influencing that decision & effects of decision, 71–98 yr olds, 9709
perceptions of violence, decision making, jurors, 26053
perceptual & cognitive processes including planning & executing & monitoring underlying skill of ordering numerals, female chimpanzee, 19930
personal history & athlete injury severity & age & ability level & competition importance, decisions about injured athletes' competition participation, 16–57 yr old coaches of female gymnasts, 16171
physical attractiveness &/vs gender, bargaining ultimatum game decisions, college students (mean age 23 yrs), 33903
physicians' participatory decision-making styles, male vs female Black vs White vs other race/ethnicity groups 18–65 yr old patients & physicians, 31760
plaintiff's comparative negligence, decision to award damages in mock medical malpractice case, jurors, 35818
plaintiff's requested award value & geographical location & defendant's location, civil juror judgment of punitive damage award, jury-eligible 18–73 yr olds, 29256
portfolio theory in model of decision making, manic individuals, 34119
positive & negative affect in moderation of issue interpretation & risk taking in strategic decision making, college & graduate students, 6935
positive & negative perceptions of smoking & decisional balance & readiness to quit, adult Vietnamese & Laotian & Cambodian males, 18870
positive vs negative framing of decision alternatives, number of risky choices, 22–53 yr old doctoral students in school psychology vs educational administration , 23089
postponed motherhood & related counseling issues, 42 yr old female with 5 yr old son, 18530
predictive accuracy with human intuition & mechanical decision models, accounting students, 6876
preliminary development of computer-based team decision making & problem solving performance assessment simulation, 14254
presence of irrational decision-making bias in medical treatment conditions & nonmedical everyday behaviors, 18–45 yr old medical residents vs college students, 32278
presence vs absence & interpretation of symptoms, initiation of HIV testing & medical care, 50–68 yr olds, 37793
prevalence of cognitive biases & impact on club selections & shot planning, golfers, 19447
principles & decision-making model for discussion of life vs death options with terminally ill clients, psychologists, 15809
principles & processes for priority setting & decision making in mental health service resource allocation & program development, patients with serious mental illness, 22147
prior outcomes, subjective probabilities of gambling bet outcomes, college students, 13306
prior participation in decision-making, workplace performance & satisfaction, 29125
prior temporary income change, buying decisions, 18–46 yr olds, 35725
procedural knowledge & decision making in child protection, novice vs expert social workers, implications for field education, 15524
prognosis & illness responsibility & employment status & race of hypothetical patients, health-care allocation decisions as distributive justice, college students, test of aversive racism theory, 7855
protected values & omission bias, human Ss, 29591
provision of & focusing on positive vs negative information, decisions about genetic testing for heart disease or breast cancer, 20–75 yr olds, 12292
psychophysiological perspective on decision-making process at Coca-Cola Company & company's rejection of gradualist approach to change in formula & subsequent consumer preferences, 3178
questions asked in small group decision making, male vs female undergraduates, 17571

race, diversionary decision making at intake, juvenile courts, 15691
rank dependent weighting, descriptive validity of standard gamble in quality-adjusted life-years-based decision making, college students , 24007
rationality & functionality of regret & its influence on decision making, 36248
reactive vs reflective autonomy in following expert advice in decision making, 17–49 yr olds, 36223
recurrent neural network that involves fuzzy sets & error backpropagation & learns to suggest next move during descent along branches of decision tree, 6450
relationship &/or effect of sensation seeking on decision making procrastination, college students, 24040
relationship of causality & identity to causal decision theory, 14265
relationship satisfaction & alternatives & investments & subjective norm, stay/leave decision-making processes & intentions in abusive dating relationships, male & female adults, 33879
relative-frequency vs probability elicitation question, likelihood judgment accuracy in answering test item questions, college students, 6863
reliability feedforward displays, support of diagnostic multicue judgments during delayed feedback decision making, 22–26 yr old males , 13294
response variability in binary & continuous choice, undergraduates, 226
responses to Monty Hall conditional probability dilemma, Brazil vs China vs Sweden vs US college students, 32912
responsibility & authority in decision making for selves in language & cultural revitalization, native Hawaiians, 14142
retailer's display decisions, expectations & equity of established brand preference, consumers, 35730
role of involvement in dietary fat decisions in product attribute framing, college students, 39021
role of tradition in medical treatment & decision making, 9352
role of tradition in medical treatment & decision making, commentary, 22353
sex & anticipatory planning & work & family role characteristics, decision to retire, 58–64 yr old married full time workers, 2 yr followup, 1015
sex & decision framing as gain vs loss, supplier choice, buyers in price &/or quality based purchasing scenarios, 39027
sex, self-efficacy & application of theory of planned behavior in career decision-making process & willingness to pursue sex-atypical careers, 5th-form students, 38940
shared decision making, life-threatening illness & treatment options, physicians & patients, 38397
simple vs complex decision process in selling, decision making outcomes, 24–68 yr old high- vs low-performance salespersons, 32377
simulation games as experiential environment for decision technology, 15906
simulations vs games & informal dramas as educational technique & practice of decision making & communication skills, secondary school students, 6149
sleep deprivation, auditory attention in the evening vs late night vs morning vs afternoon & decision-making performance with vs without time pressure, 20–49 yr old males, 17002
social & cultural & moral values in decision making about tax breaks to company with policy offering health care benefits to unmarried partners of employees, conservative Texas community, 27210
social decision scheme & individual vs group decision making in a jury setting, college students, 37067
social perception & social decision making as obstacles to environmental conflict resolution, 19475
social structure & individual decision making & human development, theory of desistance from crime, ex-offenders, implications for crime prevention, 22293
sociocultural factors & decision making processes regarding institutionalization of family elder, Taiwanese adult children & spouses (mean age 47.67 yrs), 36891
sociopolitical & cultural factors influencing treatment decision-making for incompetent patient with life threatening illness, Austrian vs Swedish vs West vs East German physicians, 38712
sociopolitical attitudes, judgments about legal relevance of social science research in death penalty cases, lawyers (mean age 25.39 yrs) & judges (mean age 55.56 yrs), 16265
speeded vs unspeeded task 1 discrimination decision requirement, attentional blink in task 2 discrimination decision, adults, 231
statistical decision theory & Bayes' theorem in framework for psychology of clinical judgment & decision making, 28564
stereotypes & negativity bias & discussion of unshared information in decision-making, groups vs individual college students, 7780
stereotypes & testimony of elderly victim/witnesses, juror decisions, 18–91 yr old jury-eligible college students &/vs community members, 29276
Strategic Management Simulation technique, difficulties in real-world challenges & complex decision making, 48-yr-old female with right orbitofrontal damage after traumatic brain injury, 32686
stress & experience of making do not resuscitate decisions for an incompetent terminally ill family member, families, 16277
structural components of decision making about use of alternative child care arrangements, mothers of 4–12 yr olds from working class neighborhood, Hong Kong, 33790
student decision making & learning in inclusion style of teaching, 5th graders, 2848
sunk cost & Concord fallacy effects of maladaptive economic behavior, adults vs children vs animals, 29534
surrogate decision-making about research participation & other barriers to informed consent in dementia research, 63–99 yr olds with advanced dementia, comment & reply, 13162
theoretical basis of situational crime prevention & role of offender decision making & application to violence prevention, Australia, 19544
theoretical orientation, rationale for medical treatment decisions for clients with depression, psychotherapists, 19188
theories of decision making, tests of cumulative & interval independence & stochastic dominance & transitivity, gambling, 12912
theory of intrapersonal dilemmas & concept of multiple selves, addiction & procrastination, 36231
threat-related emotional states, bias toward short-term thinking, college students, 6849
time pressure & novelty in task presentation, routine maintenance vs deviation in decision making task, college students, 6837
time pressure & training in expert system, time constrained & rule based decision making in emergency management of chemical spills, college students, 6439
time–space analysis of family health care decision making & utilization & health behaviors, 18–59 yr old females, 18897
transitioning from cohabitation to marriage, cohabitating females, Sweden, 1992, 30313
transtheoretical model variables related to contraceptive & condom use, 15–44 yr old females with or at risk for HIV in community & facility based settings, 5797
unequal base rates & payoffs, optimality in categorization performance in decision task, adults, 234
unidimensional vs diagonal boundaries, decision rules in unsupervised vs supervised categorization, college students, 32896
unknown probabilities vs task characteristics, ambiguity avoidance in decisions, college students, 36233
use of moment-by-moment perceptions as continguity cues vs learned regularity as contingency cues, causal decision making, young adults with high vs low schizotypy, 20918
use of outcomes assessment in clinical decision making & to identify treatment responsiveness & changes in improvement rates, child & adolescent inpatients in mental health facility, 32007
user knowledge &/vs designer judgment in warning label content strategies, 16194
uses of counseling within context of research, people coping with aftermath of child sexual abuse, 8780
validity of US Supreme Court denial of full rights to children based on inability to make critical decisions in informed & mature manner, pregnant adolescents , 26047
verbal &/vs outcome feedback, learning & ability to make good decisions, adolescents vs adults, 36734
victim identity & type of information contained in victim impact statement, attitudes toward victim & offender & evidence & sentencing decision, 19–58 yr old mock jurors in capital murder case, 39087
violation of dominance in horse-betting market & decision to defer tax & estimation of consumption value of gambling, 16175
voluntary retirement & flexibility & financial reward, attitudes toward bridge employment decision, workers 50 yrs or older , 38998
warning decision-making processes & information content & design & utility modeling in integrated research framework, 13271
word recognition & discrimination accuracy & decision bias, positive & negative symptoms, patients with schizophrenia, 1571

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Books

The adolescent alone: Decision making in health care in the United States, 31912
The foundations of causal decision theory, 16612
Games and human behavior: Essays in honor of Amnon Rapoport, 6879
Making decisions under stress: Implications for individual and team training, 3152
Psychoenvironmental forces in substance abuse prevention, 35330
Values, achievement, and justice: Studies in the psychology of deservingness, 29614
When to forgive, 37127

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Chapters

Adolescents and medical decision making: Observations of a medical anthropologist, 31408
The adoption of the World Wide Web by marketers for online catalogs: A diffusion analysis, 19459
Aging and the controlled and automatic processing of medical information and medical intentions, 20674
Applied decision making, 22727
Assessing career decision making, 36052
Assessment of competency and decision making capacity, 35811
Can suicide be rational? Yes, sometimes, 11577
Case four: Saying "no" to treatment in terminal illness, 31814
Cheap talk in a large group coordination game, 7835
Cognition in human–machine systems: Experiential and environmental aspects of adaptation, 22726
Cognitive processes and medical decisions, 22031
Cognitive task analysis and modeling of decision making in complex environments, 3169
Critical thinking skills in tactical decision making: A model and a training strategy, 3157
Cross-training and team performance, 3153
Decision contexts for structural change in social dilemmas: A preliminary framework, 30448
Decision making and aging, 20678
Decision making in the use of antidepressants: Treatment considerations, 25240
Decision making under stress: Creating a research methodology, 3159
Decision overreach as a reason for failure: How organizations can overbalance, 29163
Decision-making requirements for future organizational leaders: A creative action-based approach, 16189
Deliberation reasons and explanation reasons, 26425
Development of expertise in medical practice, 15799
Development, decision making, and the New (quantum) Careering, 29070
Emergence of strategies in a selective play environment with geographic mobility: A computer simulation, 30447
Experimental sealed bid first price auctions with directly observed bid functions, 6931
Expertise and tacit knowledge in medicine, 15800
Family therapies: Efficacy, indications, and treatment outcomes, 25097
Feedback augmentation and part-task practice in training dynamic decision-making skills, 3161
Frontal lobe dysfunction and patient decision making about treatment and participation in research, 8689
Group support systems, power, and influence in an organization: A field study, 32465
The impact of growing up orphaned on decision-making capacity, 30202
Implications of decision-making research for decision support and displays, 3163
Improving decision-making skills through on-the-job training: A roadmap for training shipboard trainers, 3164
Individual and team decision making under stress: Theoretical underpinnings, 3156
Insensitivity to the value of human life: A study of psychophysical numbing, 1364
Leadership and decision processing in twenty-first-century technical organizations, 16153
Measuring team-related expertise in complex environments, 3166
Medical and psychosocial predictors of breast cancer treatment decisions, 21515
Models of decision making in social dilemmas, 30437
Moral development in maturity: Life-span perspectives on the processes of successful aging, 33948
Multigenerational families and mental illness in late life, 2109
Older adults' decision-making capacity: Institutional settings and individual choices, 19008
Paradigms, development, decision making, and the New Careering, 29072
A personal argument in favor of rational suicide, 11592

Personal revelation and conflict in organizational settings: The gay individual as social perceiver of power and safety, 33846
A psychiatric perspective on rational suicide: 24 points of view, 12624
Psychology and rational suicide: The special case of assisted dying, 11586
Psychology applied to consumer behavior, 12923
The role of tacit knowledge in management, 16092
Sources of environmentally destructive behavior: Individual, organizational, and institutional perspectives, 29225
Speaking the unspeakable: Self-disclosure and mental health, 14230
Team coordination training, 3165
Training and developing adaptive teams: Theory, principles, and research, 3162
Treatment decision making and goal setting, 35337
Worldview, decision making, paradigms, and development—all one fabric, 29067

Decision Support Systems—Serials

Aquinas as knowledge-acquisition workbench for expertise transfer & complex problems, knowledge-based systems, 35780
automatic reasoning & help & human errors in using an operating system, intelligent help systems, 32474
components of computerized personnel management information systems for automated information processing & decision support functions, 29081
Computerized Lab Alert System for case management & patient monitoring & decision support, 28670
culture, bilateral negotiation on Web based system for support & conduct of negotiations, managers & engineers & students, 50+ countries, 22761
decision making needs & challenges & support, 26–88 yr old caregivers of 47–90 yr old family members with dementia, 22225
development of computerized automated decision making algorithm for implementing substance abuse treatment Patient Placement Criteria, substance or alcohol dependent 18–72 yr olds, 25545
developments & problems in computer based emergency operating procedures & framework for usability specification in systems emergencies, 35741
evolving systems design framework implemented by computer group support systems for intercultural problem solving & negotiation, multicultural groups, 20846
organizational learning to enhance memory & distribution of organization intelligence in organization decision support system process, 6427
potential risks & benefits of interactive health communication applications, information & emotional & decision support & behavior change services, health care consumers, 12281
quality adjusted life years utility models under expected utility & rank-dependent utility assumptions & role played in decision analysis , 26020
SPAN (social participatory allocation network) & RCON (rational consensus) influence allocation methods in group decision support systems, selection of correct option, adults, 4714
task structuredness & computer-based group decision support systems, communication & perceived outcomes, members of division level coordinating group, 4726
techniques for simplifying decision trees in knowledge-based systems, 35790
test of interactive computerized Comprehensive Health Enhancement Support System, quality of life & frequency & duration & cost of medical service use & social support, HIV+ patients, 12280
transformational leadership & anonymity & task interdependence, potency & effectiveness of work groups using group decision support systems, college students, 1 wk study, 4732
work process analysis modeling & decision support system development & safety critical process model, airworthiness & surveillance inspection activities in aviation safety, 35779

Decision Support Systems—Chapters

Animation in user interfaces designed for decision support systems: The effects of image abstraction, transition, and interactivity on decision quality, 32475
An empirical investigation into factors relating to the adoption of executive information systems: An analysis of EIS for collaboration and decision support, 32463

Declarative Knowledge—Serials

background knowledge during category acquisition, category typicality & feature frequency judgments, college students, 36241
clinical experience, content & organization of internal medicine medical knowledge, 4th yr medical students vs clerks with 1 yr clinical experience vs internists, 28886
declarative & procedural learning, 45–82 yr old patients with Parkinson's subtypes with tremor vs bradykinesia, 2098
declarative & procedural memory impairments, males with bipolar disorder with or without alcohol abuse , 30690
declarative metacognitive knowledge of higher order thinking skills, junior high & high school science teachers, 25718
deductive reasoning & inferences for factual or possible or counterfactual conditionals, college students, 32901
differences in language & ontological knowledge, physical & spatial & temporal distinctions, English & Spanish speaking adults & children, 36676
early declarative location memory & recall for hidden objects, older vs younger 7 mo olds, 33623
explicit & implicit knowledge in sequential RT task, college students, 36237
genetic background, procedural & declarative memory functions, 50 yr olds & older with age-associated memory impairment, 36875
knowledge about reading & use & skill application of strategies in reading comprehension, 6–8 yr olds, 20485
medial temporal lobe activation during procedural vs declarative memory, 468
probabilistic evidence vs event representation vs fact, judgments of civil liability in accident scenario, college students, 36244
remember–know judgments in old–new recognition conditions, college students, 16641
role of hippocampal system in general mapping of antecedents to actions & arbitrary visuospatial mapping as example of declarative knowledge in nonhuman primates, 20159
text-provided elaboration & prior knowledge, text comprehension & memory, adults, 280
use of knowledge in social work & legal practice & research, 2611

Declarative Knowledge—Chapters

Being scientific about our selves, 19905

Decoding [See Human Information Storage]

Decortication (Brain)—Serials

age differences in gross & fine motor functions & prediction of hemidecortication surgery outcomes & role functional magnetic resonance imaging in surgery timing, 1.7–20.3 yr olds with epilepsy, 24806
diffusion scatter model & selective spectral absorption of human eye, prediction of residual vision in blind field, hemidecorticated patients, 11954

Deductive Reasoning [See Inductive Deductive Reasoning]

Deer—Serials

priority of access to food & aggressive behavior, Whitetailed deer bucks vs does vs fawns at winter feeding sites in Quebec, Canada, 19986
spatio-temporal availability of food, feeding tactics, low-ranking red deer stags, 16862

Defecation—Serials

neonatal borna disease virus brain infection, chronic emotional abnormalities & locomotor activity & defecation & freezing behavior, 3.3–4 mo old male rats, 26633
reproductive cycle length & pregnancy determined through fecal pregnane analysis & observations of mating behavior, captive southern white rhinoceros, 23254
social isolation, open field defecation & locomotor activity, male rats, 3638

Defendants—Serials

assessment of functional deficits & malingering in competency for adjudication evaluations, defendants presenting with neuropsychological symptoms, 16362
compensatory goal conflict & egregariousness of defendant, assessment of compensatory & punitive damages, mock jurors, 29263
court admission & omission of hypnotically refreshed witness testimony, Constitutional rights, defendants, 19512
identification & frequency of insanity acquittals, 36 states, 1970–95, 29266
knowledge of law nullification power & defendant status & remorse & gender & national origin & penalty severity & extenuating circumstances, verdicts, mock juries, 29275
relationship between clinical judgments of competence & neuropsychological test scores of cognitive processes & ability, 17–80 yr old male defendants competent vs incompetent to stand trial , 26200

Defendants—Chapters

The assessment of criminal responsibility: Current controversies, 9757
Defining and assessing competency to stand trial, 9759
Specific intent and diminished capacity, 9756

Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Projection (Defense Mechanism), Projective Identification, Rationalization, Regression (Defense Mechanism), Repression (Defense Mechanism), Suppression (Defense Mechanism), Withdrawal (Defense Mechanism)]—Serials

analyst suggestion & patient compliance in analytic relationship, 12123
anxiety & cognitive interference & self-esteem & protective self-monitoring & strategy activation on basis of anticipated attributions for poor performance, defensive pessimists vs strategic optimists, 14330
archetypal defenses portrayed in dreams, 53-yr-old female undergoing analysis, commentary, 2243
archetypal defenses portrayed in dreams, 53-yr-old female undergoing analysis, commentary reply, 2249
attitudes toward aggression & anxiety & defenses & creative functioning, 37–77 yr old breast cancer patients with good vs poor prognosis, 5279
attributional style & psychodynamic defense mechanisms, dysphoria, 17–49 yr old undergraduates, 30672
backward masking & threshold values for perception on Defense Mechanism Test, outpatients with schizophrenia, 27656
borderline vs narcissistic vs histrionic vs psychopathic antisocial personality syndromes, defense mechanisms, 23 yr olds, 21220
cognitive defenses against feeling of guilt, 1260
compliance & suggestion & resistance & theory & transference–countertransference & cooperation in psychoanalysis, commentary, 12115
compliance as cooperation in analyst–analysand dialectic & illustration with case material, sexually abused adult female analysand, 12124
compliance in clinical analysis as persistent unconscious resistance, 12129
critical appraisal of self-report defense mechanism measures, 6580
defense mechanisms & intelligence in ego functions & ego development, adults (mean age 23 yrs) , 37151
defense mechanisms & narrative strategies in life stories, 7922
defense mechanisms in alexithymia, 19–28 yr olds, 17650
defense mechanisms in Nazi Concentration camps during Holocaust, survivors, 17430
defense mechanisms in Nazi concentration camps during Holocaust, survivors, comment, 17434
defense organization as assessed with Defense Mechanism Test, 18–60 yr olds with Crohn's disease vs panic disorder, 30576
defense style & prediction of personality disorder traits, 17–52 yr olds, 34246
defense style over time & symptomatology, outpatients with major depression, 2-yr study, 12016
Defense Style Questionnaire, measurement of defensive processes, implications for personality & anxiety disorders, 16330
defensive uses of compliance & risk of formation of analyst–patient mutually compliant couple, 12113
differentiation between A. Adler's safeguarding tendencies & Freud's defense mechanisms, 20962
differentiation between defense mechanisms & coping strategies, 7870
difficulties & problems in study of defense mechanisms, 7949
DSM-IV personality disorders & Defense Mechanism Rating Scale profiles & symptomatic distress, outpatients (mean age 29.64 yrs) seeking personality assessment & psychotherapeutic treatment, 16343
dual-process model of defense against conscious & unconscious death-related thoughts, extension of terror management theory, 37185
egoistic & moralistic biases in self-perception & interplay between personality & defenses, 7873
emphasis on narrative interpretation mode in use of new coding systems to assess object relations & use of defense mechanisms using Thematic Apperception Test, application to psychiatric population, 16338
ethology of & parallels between behavioral defense strategies in animals & behavioral/mental "ego defense" strategies in humans & role in psychiatric disorders, 8045
exploration of psychoanalytic & sociological understandings of organizational life & intersection between socially constructed defences in social work & political attacks, 3105
exploration of psychoanalytic & sociological understandings of organizational life & intersection between socially constructed defenses in social work & political attacks, commentary, 3100
Freudian defense mechanisms in modern social psychology , 7868
further validation of the psychometric properties of the Cramer Defense Mechanism Manual for the Thematic Apperception Test, 18–50 yr old college students, 3316
H. Rosenfeld & theory of narcissism & defenses with clinical example, 1374

integration of psychodynamic theory into typological approach to personality & defenses & personality structure & development, 7973
Lerner Defense Scale & Holtzman Inkblot Technique, assessment of primitive defense mechanisms, patients with neurotic disorders & borderline patients & schizophrenics, 17825
measure of discriminating patterns in perceptual responses according to the Defense Mechanism Test, patients with severe conversion disorder, 26160
microinjections of midazolam or muscimol or glutamate or GDEE or AP7 into inferior colliculus, vigilance & freezing & escape, male rats, 17083
object relations & generative function & development & dissolution of & technique for narcissistic illusions characterized by idealization & grandiosity & merger, 18 yr old female in psychotherapy, 15138
object relations model of forgiveness & absolution & exoneration in psychotherapy & psychoanalysis, 34779
offence characteristics, distorted thinking supporting offending & blame attribution, 22–73 yr old male sex offenders, 18102
offense mechanisms & detachment frames & parapathic emotions in therapy, 2 couples, 34899
perceptual distortions & localization on Defence Mechanism Test, undergraduates, commentary reply, 16318
personality & social psychology perspective on defense mechanisms, 7927
presence & severity of childhood sexual abuse, maturity of coping/defense styles & dissociation, 26–70 yr old females, 27813
pressure toward enactment in terms of threats by pre-thinking states of mind on attempts to know & understand in analytic work & hatred of psychic reality, psychoanalysts , 28362
psychoanalytic reconceptualization to distinguish between denial & disavowal & avoidance in everyday experiences of clinical oncology, 24068
psychoanalytic theory on interaction of shame and defense mechanisms , 14370
psychoanalytic theory perspective on concept of defenses, 7869
relationship between defense mechanisms & personality disorders, nonpsychotic psychiatric outpatients (mean age 32.4 yrs), 5002
reliability & validity & usefulness & limitations of observer-rated measures of defense mechanisms , 6595
responses on Defense Mechanism Test categorized as anxiety vs defense, electrodermal activity, patients with anxiety or affective or schizophrenic disorder, 4866
reunion with biological parents, as-if personality, adopted woman in psychoanalysis, 8849
self deception in perceptions of past & present & future happiness, adults, 17687
self-concept & ego defense mechanisms & personality traits, delinquent adolescents (mean age 16.70 yrs), Thailand, 8403
sex role identity & attitudes toward same & opposite sex & defense style, 18–27 yr olds, 30508
statistics test scores & defense mechanisms, college students, 4787
stressful life events & maturity of defense mechanisms, 11–18 yr old female psychiatry patients, 37255
superego defense transferences in termination phase of psychoanalysis, 5585
theoretical classification of emotional–defensive control processes, 20965
treatment & interventions to facilitate healing process, resistant & defended sexually addicted clients, 18517
use of couch in analytic situation & resonance of hypnagogic state of supine analysand with empathic reverie of unseen analyst & patient's conscious & preconscious defenses in here–now transference, 18651

Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Projection (Defense Mechanism), Projective Identification, Rationalization, Regression (Defense Mechanism), Repression (Defense Mechanism), Suppression (Defense Mechanism), Withdrawal (Defense Mechanism)]—Chapters

Mixed metaphors—dependency or defence: Art therapy as an intervention within a mother–daughter relationship, 19097
A personal experience of acceptance and adjustment to disability, 28756
Sigmund Freud: The question of a Weltanschauung and of defense, 4824
Splitting and disavowal in group psychotherapy of psychosis, 15223

Defensive Behavior (Animal) [See Animal Defensive Behavior]

Defensiveness—Serials

cognitive avoidance & attentional & emotional biases on visual probe & Stroop word tasks using physical & social threat & positive words, anxious Ss vs Ss with low trait anxiety & high defensiveness, 13268
defensive approach to mothering experiences, 18–44 yr old mothers with HIV, 18307
defensiveness & hostility & BP-assessed cardiovascular reactivity to stress, 18–45 yr old males, 27384
high vs low self-esteem, compensatory self-enhancement in the consideration of health risk, students, 27355
monitoring &/vs blunting coping styles, repressor vs low-anxious vs high-anxious vs defensive high-anxious college students, 37162
perception of self-defensiveness & similarity or uniqueness in intimate relationships, married couples & single women, 1237
utility of K-correction to adjust for defensive response set on MMPI, defensive vs nondefensive patients with end-stage lung disease undergoing psychological evaluation for transplantation, 13104
validity of MMPI–2 in predicting defensive underreporting during psychological evaluation during child custody litigation, parents (mean age 37.42 yrs), 9868

Deformity [See Physical Disfigurement]

Degrees (Educational) [See Educational Degrees]

Dehydration—Serials

dehydration vs pair-fed food restriction, body weight & food intake & plasma & hormone concentrations & neuropeptide gene expression, adrenalectomized rats, 26651
dehydration-induced anorexia & resumption of water drinking, diurnal food intake, male rats, 13653
intracellular vs extracellular dehydration, water absorption response & thirst-related behavior, toads, 13650
postnatal emergence of osmotic dehydration anorexia & emergence of dehydration-induced inhibition of gastric emptying, 4–19 day old rat pups, 4025

Dehydrogenases [See Also Alcohol Dehydrogenases, Lactate Dehydrogenase]—Serials

acid–base unbalance stress, renal hydroxysteroid dehydrogenase, male rats, 29953
efficacy of Alcohol Sensitivity screening Test questionnaire, assessment of frequency of alcohol drinking related symptoms & estimation of aldehyde dehydrogenase atypical genotypes, factory workers, Japan, 1206

Deinstitutionalization—Serials

adaptive & challenging behaviors & family contact & medication & service use & consumer satisfaction, mental retarded adults moved to community living arrangements vs retaining in nursing homes, 9137
behavioral & clinical & social problems assessed by Health of the Nation Outcome Scales, elderly psychiatric inpatients with vs without resettlement to community residential care, England, 18 mo study, 5888
changes in clinical & functional status & living conditions during deinstitutionalization & satisfaction with treatment, 15–64 yr olds with schizophrenia, Finland, 1982–90, 31946
community health services for people with learning disabilities following deinstitutionalization, 35216
deinstitutionalization & continuity & utilization of mental health care & risk of readmission, adults with schizophrenia or psychosis followed 4 yrs post inpatient discharge, Netherlands vs Australia, 35193
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, 2570
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, commentary & commentary reply, 15494
evaluation of deinstitutionalization & community care mental health & social welfare policy, 9156
history of institutional treatment of patients with psychiatric or substance abuse disorders & current trends in deinstitutionalization & outpatient treatment & other issues in history of psychiatry, 28666
mental health policy changes focusing on deinstitutionalization & community based care, psychiatric services, Italy, 2552
problems & limits of deinstitutionalization & needs of chronically & severely mentally ill persons in the community, 5873
residential transition from nursing home to community-based setting, health & community functioning, 32–88 yr olds with cerebral palsy & severe to profound mental retardation, 3 yr followup, 25440
scope & nature & quality of residential service provision following deinstitutionalization, people with learning disabilities or mental retardation, United Kingdom, 19003

Deinstitutionalization—Chapters

Disability in Australia: Policy and practice, 24615
The institutionalization and deinstitutionalization of the mentally ill: Lessons from Goffman, 22824
Mental hospitals and deinstitutionalization, 31920

Deja Vu [See Consciousness States]

Delay of Gratification—Serials

''cool'' cognitive vs ''hot'' emotional dynamic systems in willpower as exemplified by delayed gratification paradigm, 11257
amount of monetary reward, discounting of delayed vs probabilistic outcomes, college students, 10101
delay of gratification ability & facilitation through symbolic representation of reward, language-trained vs non-language trained chimpanzees, 13387
discounting of delayed rewards, adult substance abusers with gambling problems, 34295
ethanol, autoshaping as impulsive responding in delay of reward & operant choices, rats, 757
impulsiveness & discount rates for delayed monetary rewards, 31–42 yr old heroin addicts, 11625
task performance as a function of choice stimuli of candy array vs Arabic numerals, chimpanzees, 23188
temporal discounting of monetary rewards, children vs young vs older adults, 23653

Delayed Alternation—Serials

lesions of hippocampus vs area parahippocampalis, negative patterning & delayed spatial alternation, homing pigeons, 29839
sabcomeline vs tacrine vs RS86, delay-induced deficit in choice accuracy in T-maze & conditioned taste aversion, male rats , 4167
sustained stress, acquisition & performance of delayed alternation task & food intake, adult male rats, 4020

Delayed Development [See Also Failure to Thrive, Language Delay, Retarded Speech Development]—Serials

augmentative & alternative communication intervention, language development & communicative competence, 3.3 & 8 & 12.8 yr olds with developmental apraxia of speech, 25556
concurrent operants paradigm to evaluate positive reinforcements to treat food refusal, 2.0–3.9 yr olds with lack of normal physiologic growth & development, 8802
construct validity of Miller Assessment for Preschoolers, 2.8–5.7 yr olds with developmental delays, 8429
developmental delay in P300 ERP production, 8–18 yr old offspring at high vs low risk for developing alcohol-related disorders, longitudinal study , 37567
differential diagnosis & cause & assessment & multidisciplinary treatment of communication disorders, 6 yr old male with severe language disability & other developmental delays, 8436
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37648
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37628
effectiveness of early intervention method for delayed language development, language-delayed 8–21 mo olds, 27944
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37635
etiology via chromosomal analysis, 5 yr old female with mild developmental delay & dysmorphic features, 18135
executive function skills & spatial span, 5.8–19.11 yr old siblings of children with autism vs developmental delay, 27926
genetic & environmental origins of cognitive delay as measured by verbal & performance abilities, 2 yr old twin pairs, 24581
interaction with peers & caregivers & environment in preschool setting, 3–5 yr olds with developmental delays, 38892
maternal abuse potential & delayed childhood development, 14–19 yr old mothers & children, 5 yr study, 21234
method for identifying nonpreferred events to serve as effective negative reinforcers through their contingent removal, developmentally delayed 4–14 yr olds exhibiting severe destructive behavior, 18573
midline-crossing inhibition, reaction & movement time, 14–20 yr olds with vs without mental retardation, implications for assessing developmental & neurological anomalies, 37702
neurodevelopmental delays, 8–11 yr olds with manic depression, 14501
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary reply, 27630
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary, 27612
neurodevelopmental models of neurocognitive impairment in childhood onset schizophrenia, 37349
risk of developmental delay during 1st 2 yrs of life, children born to low-income mothers, 14865

Delayed Development [See Also Failure to Thrive, Language Delay, Retarded Speech Development]—Chapters
Descriptions of preschool children with disabilities or at-risk for developmental delay: How should a child be called?, 8032
Endocrine disorders, 14949
Family life is more than managing crisis: Broadening the agenda of research on families adapting to childhood disability, 18141
Home-visiting intervention for families of children who experience growth delay, 15552
Meeting the educational needs of pre-school and primary aged twins and higher multiples, 35557
Precocious and delayed puberty: Psychology and clinical management, 24617
Psychosocial short stature: Follow-up to adolescence and adulthood, 24623
Delayed Feedback—Serials
reliability feedforward displays, support of diagnostic multicue judgments during delayed feedback decision making, 22–26 yr old males , 13294
Delayed Parenthood—Serials
postponed motherhood & related counseling issues, 42 yr old female with 5 yr old son, 18530
Delayed Reinforcement [See Reinforcement Delay]
Delayed Speech [See Retarded Speech Development]
Deletion (Chromosome)—Serials
20/22 chromosomal translocation & interstitial deletion in region 22q11, 3-yr-old male with autistic disorder, 5137
22q11 Deletion Syndrome as genetic subtype of schizophrenia, 37351
chromosome 22qII deletions as marker for velo-cardio-facial syndrome & aggressive behavior, patients with schizophrenia, reply, 1870
developmental presentation of DiGeorge & velocardiofacial syndromes, 33 mo old & 9.5 yr old & 12 yr old with chromosome 22q11.2 deletions, 1966
Delinquency (Juvenile) [See Juvenile Delinquency]
Delirium—Serials
accuracy & effects of delirium detection in 75+ yr old medical inpatients by standardized screening protocol & application of change theory to usage usage of protocol & research results by nurses, 28034
accuracy of diagnosis of delirium, 13–78 yr old emergency patients, Brazil, 5900
accuracy of independent diagnosis of delirium by psychiatrist vs nurse clinician vs consensus diagnosis, 65+ yr old hospitalized patients, 5903
acute confusional state in patients 54–98 yrs old with vs without dementia, 37893
amiodarone-induced delirium, 54 yr old man treated for congestive heart failure & atrial fibrillation , 28583
anticholinergic & other drugs that induce delirium, implications for treatment of dementia & elderly patients, 38263
anticholinergic drug effects & serum anticholinergic levels, acetylcholine as critical neurotransmitter in pathogenesis of delirium, elderly patients, 37920
clarithromycin-induced delirium, 30–71 yr olds with respiratory illness, 9028
clinical characteristics of delirium, 70+ yr old hospitalized patients, 11321
clinical profile of delirium & predisposing factors & associated psychiatric symptoms & outcome, 40–98 yr old hip fracture surgery patients, 6 mo followup, 38399
core features & diagnostic criteria in current classifications, delirium, 37869
CSF somatostatin & beta-endorphin immunoreactivity & acetylcholinesterase & 5-HIAA levels, 60–88 yr old psychogeriatric ward patients with delirium, 1 & 4 yr followups, 37865
delirium-causing factors, cognitively intact vs previously cognitively intact hip-fractured elders who became delirious postoperatively, 20984
development of DSM-IV revised criteria for diagnosis of delirium, 37871
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary reply, 35026
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary, 34978
diagnosis & clinical evaluation of delirium, elderly patients, 37855
differentiation of dementia from depression & delirium & drug treatment options for dementia-associated behavioral disturbance, 21543
donepezil, symptoms of post-operative delirium, 76-yr-old male patient with early Alzheimer's disease who underwent total knee arthroplasty, 15356
effectiveness of educational interventions, prevention or treatment of delirium, nurses & physicians & patients, 38696
effectiveness of nursing & medical intervention program to prevent & treat delirium in elderly patients treated for femoral neck fractures, 38490
effectiveness of systematic interventions, prevention & screening & treatment of delirium, middle aged & elderly medical & surgical patients, 38362
glucocorticoid system & cortisol excess effect on activity in hypothalamic-pituitary-adrenal axis, development of delirium, elderly patients, 37899
herbal/alternative drugs (St John's wort & valerian root) & loperamide as etiological factors in delirium, 39 yr old female with depression & migraine, 28447
history of DSM & development of DSM-IV criteria for diagnosis of delirium, 37919
hypoactive delirium as clinical symptom of intestinal perforation, 62 yr old male with gastric cancer, 14977
impact of delirium & reactions & caring for patients with delirium & dementia, nursing staff, 38566
incidence & pathophysiology & etiology & risk factors, delirium after cardiac surgery, elderly patients, 38434
lithium-neuroleptic combination therapy, delirium & persistent dyskinesia, 62 yr old female bipolar patient, 5660
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30629
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30634
multicompoanent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30615
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30620
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30635
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70 yr old & older hospitalized patients , 11326
neurobiology & other neural mechanisms of delirium, 31220
neuropathogenesis & proposed final common brain pathway from various etiologies & lateralization & symptoms, delirium, 37918
nicotine withdrawal as possible etiological factor in agitated delirium, patient cases with lung cancer who were heavy smokers up to terminal phase of cancer, 5277
nosological status & distinction, delirium & dementia syndromes, 37875
occurrence of delirium in different regional brain syndromes, 52–79 yr olds with dementia, 31311
olanzapine, delirium, female 59 yr old with cancer, 15324
onset of delirium subsequent to clarithromycin, female 43 yr old with bronchial asthma & allergic rhinitis , 28582
pathogenesis, delirium vs Alzheimer's disease, 37829
poor physical condition & plasma amino acid disturbances prior to surgery, incidence of postoperative delirium, 26–83 yr olds following cardiac surgery, 22072
postoperative delirium, 49 yr old female with history of depression following parathyroidectomy, implications for adverse interaction involving paroxetine & anesthesia, 38313
predictive models of interrelationship between predisposing & precipitating factors for delirium, hospitalized medical patients aged 70 yrs & over, 37853
reliability & validity of Delirium Severity Scale, inpatients (aged 55 yrs & older) with delirium , 66
role of somatic disease & physical injury in development & course of alcohol withdrawal delirium, 18–81 yr old hospitalized patients, 11648
selection & use in clinical practice for diagnosis & evaluation, delirium symptom rating scales & assessment instruments, 35995
serum anticholinergic activity changes with acute illness, nursing home patients with vs without delirium (mean age 88 yrs), 11787
social & environmental risk factors & stress, development of delirium, elderly, 37832
trazodone delirium, 33 & 54 & 58 yr old females with depression, 2357
treatment guidelines, patients with delirium, 21638
trends in delirium frequency, psychiatric inpatients, 1985–1994, 5901
use of serum anticholinergic activity in diagnosis of delirium, elderly patients just admitted to a hospital, 34074
utility & psychometric properties of Delirium Rating Scale, 21163
withdrawal of amantadine treatment, acute delirium, 69–79 yr old patients with Parkinson's disease, commentary, 21928
Delirium—Books
Practice guideline for the treatment of patients with delirium, 24931
Delirium—Chapters
Delirium assessment in older adults, 32665
Delirium Tremens—Serials
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 1752
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary reply, 1785
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 14740
kindling role in pathogenesis of alcohol withdrawal seizures & delirium tremens, 18–81 yr olds, 11647
Delta Rhythm—Serials
power spectral analysis of EEG power dynamics of delta & sigma frequencies in quiet sleep, malnourished 5.5–13.5 mo olds, 21456
technical & neurological & psychological significance of delta & theta & alphas frequency responses confounded in EEG averaged evoked potential & ERPs, adults, 33299
Delusions—Serials
anxiety & delusional distress, patients with persecutory delusions vs generalized anxiety disorder, 14447
bilateral anterior cortical atrophy & subcortical atrophy, 21–42 yr old inpatients with reduplicative paramnesia , 34038
classification & clinical epidemiology & etiology & treatment & prognosis of delusions of Alzeimer's disease, 2078
clinical & demographic characteristics, delusional vs non-delusional adult inpatients with bipolar vs major depressive disorder, 37288
clomipramine, 43–78 yr olds with delusional disorder of somatic type, 31708
clozapine-induced neuroleptic malignant syndrome, female 41 yr old with severe mental retardation & paranoid delusions, implications for role in cholinergic & adrenergic antagonism, 38269
complex delusional misidentification syndrome of delusional hermaphroditism, case report of a 44 yr old man demonstrating Fregoli syndrome & environmental reduplication, 27543
concept of misidentification in delusional misidentification syndromes, comparison of Capgras syndrome with 'clonal pluralization of a person', 56 yr old male with reduplicative paramnesia, 8148
confabulation in autobiographical memory & delusional misidentification, male 51 yr old with closed head trauma, 4 yr followup , 28184
construction & structural analysis & clinical applications of Delusions-Symptoms-States Inventory, literature review, 9922
construction of Peters et al Delusions Inventory, measurement of delusional ideation in normal population, healthy 19–75 yr olds, 30515
contents & frequencies of delusions, schizophrenics, Austria vs Pakistan , 37390
criteria for delusional disorders, 1585
criteria for delusional disorders, commentary, 8131
definition & diagnostic criteria & clinical recognition of paraphrenia as distinct from other schizophrenia-like illnesses, adult inpatients, 14575
delusion of pregnancy, 36 yr old male with schizophrenia & memories of adult sexual abuse, 14588
delusion of worm infestation with post-partum onset, 25 yr old female, 37276
delusional symptomatology & treatment & barriers to intervention, 69–93 yr olds with delusions with vs without dementia seen by community mental health outreach team, 25460
delusional symptomatology, inpatients with bipolar or unipolar depression, 27605
delusions & lack of insight & psychotic symptoms in obsessive compulsive disorder & obsessions & compulsions in schizophrenia, 37262
delusions of paranormal experiences resulting from affective & cognitive dynamics of interpretation of ambiguous stimuli, 18–60 yr olds, 325
delusions, regional cerebral glucose metabolism, patients (mean age 72 yrs) with Alzheimer's disease, 2034
depression & delusions & denial as new conceptualizations of loss & psychiatric phenomena associated with dementia, 24791
early object relations & role of repressed homosexual impulses in delusional disorders, 20–50 yr olds with severe paranoid difficulties, 30739

efficacy & tolerability of sertraline vs paroxetine & fluvoxamine, patients with delusional depression, commentary, 25217
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, commentary reply , 25235
factor analysis on signs & symptoms of delusional disorder, psychiatric inpatients (mean age 52.22 yrs), 14465
forensic evaluation issues & strategies & outcomes, criminal defendants with delusional or paranoid personality disorder or paranoid schizophrenia, 32542
frequency & psychodynamic & social functions of demonic attributions, 16–70 yr old religious psychiatric outpatients with vs without delusions, 37284
functional purposes of symptomatic delusional statements & behavior, case reports of adult patients with schizophrenia, 4958
historical & political events & changes in subject of delusions, patients with endogenous psychoses, 1910–20 vs 1930–40, 34154
incidence of delusional ideation, Hare Krishnas & Druids vs inpatients with psychosis, 14462
interpretation of delusional disorders as theory of mind delusions, 24129
lycanthropy as reverse intermetaphorphosis & relation to aggression & potential murder, patients with mental disorders:, 37283
multiple Fregoli delusions, male 61 yr old with right frontal & left temporoparietal contusions, 28150
olanzipine, tardive dyskinesia, 59 yr old male patient with delusional disorder & long-term neuroleptic exposure, 28456
organic etiology & psychopathology of lycanthropy, case reports of a 53 yr old female & 25 yr old male presenting with the syndrome, 27542
persecutory delusions & generating specific autobiographical memories, patients with delusions vs depression, 14456
pharmacotherapy, lycanthropy, case reports of 17 & 21 yr old males with depressive disorders, 27545
pimozide, 52 yr old male with litigious delusions, 25184
presence of paraventricular area & thalamus lesions following cerebrovascular infarctions, 74 yr old male with mild dementia syndrome & delusions of jealousy, 2088
prevalence & associated factors & characteristics of persecutory delusions, patients with dementia, 34647
prevalence of PTSD symptoms & relation to psychosis & involuntary hospitalization, 21–63 yr old schizophrenic & delusional patients, 24215
psychopharmacological treatment of mania & the meaning of psychotic acts, 19 yr old with mania & symptoms of hyperreligiousity & religious delusions & cannabis abuse & history of bipolar disorder, 4954
sentence verification task as measure of semantic memory & delusional thought, 18–55 yr old schizophrenic patients, 1615
serum dopamine beta-hydroxylase activity before & after hospital treatment, 62–92 yr old delusional vs nondelusional depressed patients , 14492
sleep deprivation, delusional depression, inpatients with mood disorder, case reports, 11355
somatic delusions & psychogenic polydipsia, 25 yr old female with HIV, 14973
spontaneous confabulation & delusional misidentification, 27-yr-old female with head injury, 31187
stimulus control treatment strategies for auditory hallucinations & delusions, inpatients with schizophrenia, 6 wk study, 8809
theories of cognitive approaches to delusions, 24134
theories of cognitive approaches to delusions, comment , 37258
theories of cognitive approaches to delusions, comment, 37257
theories of cognitive approaches to delusions, comment, 37264
tricyclic antidepressant therapy, mixed mania, 10–12 yr olds with delusional depression, 8952
views on etiology & treatment of 30-yr-old male referred for psychopharmacological treatment of paranoid ideation involving wife's family, psychological consultants, 5658

Delusions—Chapters

Metamorphosis: The self assumes animal form, 24186
Recent advances in moving backwards, 34085

Dementia [See Also AIDS Dementia Complex, Presenile Dementia, Senile Dementia, Vascular Dementia]—Serials

association of apolipoprotein E genotype with dementia through atherosclerosis, patients with dementia (mean age 82.4 yrs), 37910
1-wk intensive course on dementia and Alzheimer's disease in 3rd yr of medical school, knowledge & confidence in assessment & diagnosis, physicians, 35392
1994 & 1998 consensus diagnostic clinical criteria for frontotemporal dementia & progressive nonfluent aphasia & semantic dementia as clinical syndromes of frontotemporal lobe degeneration, 31292
ability to answer questions about domino play with 2-dimensional symbolic representations, skilled dementia patients with or without Alzheimers disease, 24779
ability to answer questions regarding quality of life, nursing home residents with cognitive impairment, 38555
accuracy of clinical diagnoses of Lewy body disease vs Parkinson's disease vs dementia with Lewy bodies, patients (mean age 52.5–80.6 yrs), 5369
accuracy of criteria for clinical diagnosis, elderly patients with autopsy-confirmed Lewy body disease neuropathology, 2070
accurate diagnosis & psychosocial & pharmacological treatment of depression, elderly patients with dementia, 35168
acute confusional state in patients 54–98 yrs old with vs without dementia, 37893
adult offspring/in-law gender & patient dementia severity & offspring caregiver stress & family characteristics, in-law marital strain, 3-generation families of Alzheimer's patients, 38546
age & occurrence of dementia & differential diagnosis of Alzheimers disease vs vascular dementia, 77–95+ yr olds, 24855
age at onset & duration & behavioral changes & neurologic deficit & hippocampal atrophy & other clinical characteristics, patients with frontotemporal dementia vs Alzheimer's disease, 31302
age effects & utility in discriminating cognitive dysfunction from normal aging & long-term changes, performance on Trail Making Test, 60–96 yr olds with vs without dementia, 2 yr study, 3339
alterations of EEG temporo-spatial characteristics, healthy elderly vs demented or cognitively impaired elderly vs young, 7125
analysis of trouble & repair in conversations, 64–90 yr olds with dementia of Alzheimer type, 18441
antihypertensive medication & diuretics, protection against dementia & cognitive decline, patients 75 yrs & older with dementia, 35085
antioxidant vitamins A & E & cognitive function, 91–104 yr olds with vs without dementia, 8666
apolipoprotein E ε4 status & medial temporal lobe atrophy & white matter lesions on MRI, patients over 60 yrs old with AD or vascular dementia or dementia with Lewy bodies, 34605
apolipoprotein epsilon 4 allele, rate of brain atrophy, patients with Alzheimers disease vs objective or subjective cognitive impairment vs vascular or frontotemporal or unspecified dementia, 31335
approaches & barriers to diagnosis of dementia, primary care physicians, 34609
assessment & adaptation of home environment to patient needs, elderly patients with dementia, 9698
assessment of training needs, carers of persons with dementia, 25478
associations between cognitive decline & dementia & measures of hypertension & cerebrovascular disease, commentary, 27474
behavior management planning for problem behaviors in dementia, 11940
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, commentary, 28165
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, 11902
behavioral disturbances & psychiatric symptoms & response to medication, Caucasian vs African American 60–90 yr old inpatients with dementia, 37808
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18560
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, 18559
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18565
behavioral music therapy delivered in English vs Italian, verbal disruptions & noisemaking, Italian 81-yr-old female with probably dementia of the Alzheimer's type living in Australian nursing home, 38099
bilingualism, patients (mean age 73.67 yrs) with dementia , 31287
biochemical & molecular characterization of tau protein pathology & neurofibrillary degeneration in Alzheimer's & Pick's diseases & supranuclear palsy & corticobasal frontotemporal dementias, 31211
bright light therapy, agitated behaviors, dementia patients in chronic care facility, 31738
caregiver attitudes & use of community services, caregiver wives (mean age 72 yrs) of community dwelling dementia care recipients, 25453
caregiver burden, caregivers of patients with early- vs late-onset dementia, 38553
caregiver's depressive symptoms & burden, caregiver's report vs direct assessment of activities of daily living, 53–91 yr old patients with mild or very mild dementia, 11947
caregiving & caregiver burden, family caregivers of demented vs nondemented patients, 22216
carriage of the epsilon-4 allele of apolipoprotein E gene & decline of mental abilities in elderly & response to brain injury & mechanisms for effects of different polymorphisms at neuronal level, 7607
case register data vs morbidity survey estimates of dementia incidence and prevalence in cognitive disability planning model, 65 yr olds & older, England, dementia care needs assessment implications, 5323
cerebrovascular disease & education & occupation & other demographic variables & age of onset & rate of progression of Alzheimer's disease, patients with dementia, 5313
changes in aggressive behavior during course of dementia, patients with dementia, 10 yr study, 31257
changes in speaker normalization & lexical discrimination, spoken word recognition, adults with dementia of Alzheimer's type, 8673
characteristics of folkmusic & use in music therapy, patients with dementia, Israel, 8988
characteristics of program to address socialization needs, adults with dementia & their caregivers, 9163
cholinergic & serotonergic & glutamate receptor neurochemical pathologies of in frontal & temporal & partietal cortices, Ss with Pick vs non-Pick frontotemporal dementia vs Alzheimer's disease, 31306
chromosome 17q21-22 linked mutations in tau gene in etiology of familial frontotemporal dementia & other mixed neurodegenerative disorders, 31339
circulating serum levels of dehydroepiandrosterone sulphate & cognitive function, 91–104 yr olds with vs without dementia, 8665
clinic vs home-based testing location, cognitive assessment, Alzheimer's patients (mean age 77.8 yrs) with mild to moderate dementia, 35951
clinical & neuropathological & diagnostic & genetic features of & potential pharmacotherapy for lewy body dementia, 31191
clinical & pathologic diagnosis of dementia with Lewy bodies, 75 yr old male with 3-yr history of progressive forgetfulness & difficulty selecting the right words , 11916
clinical diagnosis & meaning & uncertainty, 53–64 yr olds with suspected dementia, 8670
clinical features of depression & dementia & akinetic rigid syndrome & atypical cortical atrophy in neuroimaging findings, 58 & 61 yr old females with Huntington's disease, 5344
clozapine & risperidone & olanzapine & quetiapine in treatment of psychosis & agitation associated with dementia, 34992
cognitive & behavior & language changes in motor neurone disease with dementia or aphasia & relationship to frontotemporal dementia & dysfunction, 31180
cognitive & functional & somatic health status & use of psychotropic drugs & physical restraints, 54–94 yr old dementia patients with behavioral disturbances in nursing home special care units, 5889
cognitive deficits, 18–65 yr olds with spinocerebellar ataxia 2 with vs without dementia, 21542
cognitive function, adult males with multiple sclerosis vs Huntington's disease vs cortical dementia, 1389
cognitive functioning, dementia, adults (mean age 75.28 yrs) with late- vs early-onset depression, 17886
cognitive profiles, patients with Alzheimers disease with vs without dementia with vs without concomitant Lewy bodies (mean age 75.9–76.7 yrs), 5322
cognitive reserve & cognition & functional ability & depression & mortality rates, 65–84 yr old dementia patients, 37837
cognitive status & behavior problems, elderly nursing home patients with dementia, 2 & 7 yr follow ups, 8652
cognitive status & body & fat mass & vitamin D measures of nutritional status, 91–104 yr old female with vs without dementia, 8664
cognitive-behavioral intervention, coping & burden & satisfaction & emotional & physical health & patient activities of daily living, homebound female caregivers of dementia patients, 12 wk study, 22208
Cohen-Mansfield Agitation Inventory vs CERAD Behavioral Rating Scale for Dementia, caregiver administered assessments of behavioral disturbances, community-dwelling AD patients, 12-mo study, 6639
combined informant report & cognitive testing, increased accuracy of dementia screening, 62–98 yr old patients of geriatric hospital or memory clinic, 83
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18960

community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18979
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, 18983
community psychiatric nursing team & other family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15570
comparison of rating scales vs clinician diagnosis of dementia, 35–72 yr olds with Down's syndrome, 35932
concept of self & personal identity & typology of reaction patterns, 54–84 yr olds with early stage dementia of Alzheimer's disease, 37849
conceptual & methodological issues in assessment of quality of life, dementia patients, 24924
conceptual knowledge & semantic memory during semantic priming & verification tasks, 64 yr old male with semantic dementia, 18 mo study, 8678
consent & unit & national costs of implementing Bournewood Judgement regarding dementia patients admitted to psychiatric wards, England, 25502
consistency in handwriting movements, 66–88 yr old patients with dementia of Alzheimer's type vs Huntington's & Parkinson's disease patients, 11939
construct & discriminative validity & reliability of Memory Impairment Screen for Alzheimer's disease & other dementias, aged patients, 9923
conventional vs atypical antipsychotics for elderly patients with schizophrenia or dementia, 8910
cortical & subcortical dementia, explicit & implicit memory task performance, patients with Alzheimer Disease (mean age 70.6 yrs) vs Parkinson Disease with dementia or without (mean age 65.9 yrs), 37867
cortical acetylcholine & cognitive dysfunctions & schizophrenia & Lewy Body Dementia, 8014
cortical sclerosis with dementia after pituitary surgery complicated by hyponatremia, 53 yr old female, 31268
costs of historical approach vs needs based vs diagnosis based hypothetical investigatory/treatment models of disease management, patients with dementia, 9127
CSF neurofilament protein levels, patients with mild to moderate dementia, 18412
daily rhythms of locomotor activity & body temperature, 5 vs 16 vs 65 wk old senile female mice, 23269
decision making needs & challenges & support, 26–88 yr old caregivers of 47–90 yr old family members with dementia, 22225
decision processes & support needs, family caregivers of patients with dementia, 22224
delusional symptomatology & treatment & barriers to intervention, 69–93 yr olds with delusions with vs without dementia seen by community mental health outreach team, 25460
demands of care & filial obligation & caregiving self-efficacy & involvement & coping strategies, caregiver burden, 65–97 yr old patients with dementia & their 20–82 yr old caregivers, 28716
dementia & decline in social & cognitive abilities with age, 35–63 yr old Ss with Down's syndrome vs 45–68 yr olds with non-Down's syndrome learning disabilities, 12 mo study, 37703
dementia & other age-related medical conditions as determinants of dependence & decline in activities of daily living, adults aged 75 yrs & older, 3 yr follow up , 996
dementia status, treatment for secondary prevention of stroke, older patients, 28190
demographic characteristics & prior & current service use & caregiving mastery & preparedness as correlates of attitudes toward community services, elderly spousal caregivers of patients with dementia, 25473
demographic projections for year 2010 regarding prevalence & early detection & management of Alzheimer disease & other dementias, 34732
deposition of beta-amyloid subtypes 40 and 42 in the differentiation of dementia with Lewy bodies from Alzheimer's disease, postmortem brains, 37870
depression & delusions & denial as new conceptualizations of loss & psychiatric phenomena associated with dementia, 24791
depression & functional abilities, Alzheimer's disease patients with mild to moderate vs severe dementia, 8654
depression, cerebral atrophy & cognitive performance & dementia, 85 yr olds, 3 yr study, 14496
determinants of aggression & adaptive & maladaptive behavior, 35–75 yr olds with Down's syndrome with moderate vs severe intellectual disability with vs without dementia, 37690
development & content of How To Cope classes, caregivers of persons with dementia, 38549
development & psychometric evaluation of Environment–Behavior Interaction Code, measurement of social environmental antecedents of disruptive behavior, elderly residents of dementia care units, 32654
development & reliability & validity of Feeling-Tone Questionnaire, screening instrument for depressive symptoms, elderly patients with dementia in long term care institution or psychiatric hospital, 9907
development of dementia with vs without depression, activities of daily living & cognitive ability, 65–100 yr olds, 3 yr longitudinal study, 8669
development of dementia, African American brothers with hyperphosphatemic tumoral calcinosis, 35 yr study, 5192
development of scale to measure loss/powerlessness & provisional & ultimate meaning, caregivers of persons with dementia, 36010
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary, 34978
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary reply, 35026
development of the Resistiveness to Care Scale, assessment for individuals with dementia of the Alzheimer's type, nursing staff & dementia patients, 9933
developments in clinical & pathological diagnosis of dementia with Lewy bodies, 37884
diagnosis at 1st discharge from psychiatric hospital, risk of diagnosis of dementia on readmission, adults with unipolar or bipolar affective disorder vs schizophrenia or neurosis, 21 yr study, 34116
diagnostic discriminability of low-education neuropsychological test norms, psychogeriatric inpatients with vs without dementia vs healthy elderly with limited education, 31276
diagnostic hierarchy for & differential diagnosis in Alzheimer's disease & Lewy body disease & vascular dementia, 5327
diagnostic memory & dementia evaluation in multidisciplinary memory clinic in neurological setting, 19–97 yr olds, 31246
differences in familism values & caregiving outcomes & burden & anxiety & depression, Korean vs Korean American vs White American dementia caregivers, 31343
differential diagnosis & pathology, 67 yr old male with progressive dementia with parkinsonism, 18367
differential diagnosis, Japanese patients with dementia with Lewy bodies vs Alzheimer's disease, 31251
differential reinforcement of other behavior procedure, wandering behavior, 79–83 yr old females with dementia, 38085
differentiation of dementia from depression & delirium & drug treatment options for dementia-associated behavioral disturbance, 21543
dimensions of cognitive ability & their sensitivity to degree of cognitive impairment in Alzheimer's disease, 41–90 yr olds with dementia, 5382
Diogenes syndrome & hoarding, 86 yr old male patient with schizotypal personality disorder & obsessive-compulsive disorder & 80 yr old female patient with schizoid personality disorder, 27547
disease-specific conceptual framework & development of instrument for assessment of quality of life, 55 yr old & older dementia patients, 13098
donepezil, cognition & hallucinations & parkinsonism & functional ability, 67–84 yr olds with dementia with Lewy bodies, 5770
donepezil, improvements in cognition & activities of daily living & visual hallucinations, 71 yr old female with dementia with Lewy bodies, 12137
dopamine system dysfunction & behavioral symptomatology, HIV associated dementia, 31129
driving history & driving habits & attitudes about cessation of driving, 64–88 yr olds with probable Alzheimer's disease or other dementias & family members, 21525
DSM-III-R criteria for major depressive episode & mood & motivation disturbance, elderly with mild vs severe vs without dementia, 11905
early psychiatric symptoms, prediction of later physical aggression & hyperactivity, community dwelling dementia patients, 2058
early stage Alzheimer's disease & motor impairment, adults with very mild or mild dementia without extrapyramidal symptoms, 37841
education program, stress & depression & quality of life & knowledge of disease, at home caregivers of elderly patients with dementia, 9005
educational background & epidemiology of dementia, 55–85 yr olds & older, longitudinal study, Rotterdam, 11923
efficacy & safety of alpha-dihydroergokryptine mesylate, motor & intellectual & emotional functions & neuropsychological performance, 63–83 yr olds with dementia, 2 yr followup, 9011
efficacy & safety of short-term estrogen therapy, aggressive behavior, elderly patients with mild-to-moderate dementia, 38414
efficacy & tolerability of atypical neuroleptic olanzapine, alleviation of severe psychosis & behavioral & extrapyramidal symptoms, 74–89 yr olds with dementia with Lewy bodies, 28619
emergence of artistic talent, 51–68 yr olds with frontotemporal dementia, 2060
epidemiologic survey of demographic & clinical characteristics & caregiver burden, elderly Ss with dementia living alone vs with others with vs without family caregivers, 37901
epidemiological findings on cardiovascular factors in Alzheimer's disease dementia, 5409
ethical & organizational issues related to enteral tube feeding, patients with dementia, 8671
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28585
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28622
ethics of competency & informed consent & prior competent choice vs best interests approaches to treatment decision making, patients with dementia, comment & reply, 15024
etiology & epidemiology & assessment & treatment of & behavioral research in dementia & Alzheimer's disease, 2076
evaluation & treatment of aggressive behavior, elderly with dementia, 24842
evaluation of agitation vs aggression & management with drug treatment vs environmental manipulation, elderly patients with dementia, 28196
executive & mnemonic functions, 53-73 yr old males with mild frontal variant frontemporal dementia, 34671
executive dysfunction & resistiveness to physical care, male nursing home patients with dementia (aged 65–100 yrs), 24848
experience of ward rounds, carers of persons with dementia, 25490
expressive physical touch with verbalization, anxiety & dysfunctional behavior, aged patients with dementia, 25262
factors in delayed diagnosis of dementia & other related illness, families & caregivers, 18348
factors in transitions between care settings, adults (mean age 77.97 yrs) with dementia, 18906
false word recall & recognition, young vs healthy old vs healthy old-old adults vs adults with mild vs very mild dementia of the Alzheimer's type , 24777
familial dementia lacking specific pathological features presenting with clinical features of corticobasal degeneration, 3 family members, 2011
familial leukodystrophy & adult onset dementia & abnormal glycolipid storage indicative of new lysosomal disease, 37 & 38 yr old brother & sister with early onset dementia, 5405
family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15560
family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, 15569
feasibility of electronic tracking device for prevention of wandering & injury, carers of elderly with dementia, 5379
female gender as risk factor for & gender differences in prevalence & incidence rates of Alzheimer's disease & other dementias, 37916
frequencies of dementia, Japanese 57–100 yr olds, 17 yr study, 31317
frequency of dementia & availability of diagnostic & treatment services, Latin American countries, 37879
frequency of dementia, parents of 59–71 yr olds with vs without at least 1 apolipoprotein E4 allele, 31208
frequency of physical aggressive behavior & depression, community-residing patients (mean age 75.3 yrs) with dementia , 8007
frontal dysfunction & language impairment in & frontotemporal dementia preceding amyotrophic lateral sclerosis, 45–73 yr olds, 31331
functional & cognitive impairment & depressive features, outpatients (mean age 76 yrs) with diverse etiologies for dementia, 2072
functional ability in daily activities, elderly patients with mild cognitive impairment not diagnosed as dementia, 24772
gender & home vs nursing home care, grief states of anxiety & sadness & anger & guilt, 51 to over 80 yr old spousal caregivers of demented partners, 28673
general needs for & consequences of & alternatives to restraint use in nursing homes & dementia care units, patients with dementia, 9193
geriatric videotape assessment, objective assessment of functional abilities in everyday activities, elderly patients with dementia, 6610

glutamate levels in CSF, patients with HIV-1 associated dementia complex, 37790
grief, 40–88 yr old spouse & 44–70 yr old childcaregivers of dementia patients, 31977
guidelines for mental health care & pain management & pharmacotherapy, patients with HIV associated dementia or myelopathy or neuropathy or myopathy, 5839
guidelines for psychologists who perform evaluation of dementia & age-related cognitive decline, 9371
handmade recreational items, behavior, nursing home residents with dementia, 18999
history & diagnostic use of MRI & SPECT imaging to detect frontal & temporal right & left atrophy & hypoperfusion, patients with frontotemporal dementia, 31288
home-based multidisciplinary Memory & Aging Project Satellite outreach program for diagnosis & treatment, 57–102 yr old minority & underserved inner-city patients with dementia, 35227
impact of autobiographical experience on memory, 65 yr old male & 74 yr old female with semantic dementia, commentary, 37844
impact of autobiographical experience on memory, 65 yr old male & 74 yr old female with semantic dementia, commentary reply, 37912
implications of frontotemporal dementia & Alzheimer's disease for anatomical & functional & developmental definition of frontal lobe as differentiated from motor & sensory cortices of central lobe, 31193
incidence of very mild to severe dementia & Alzheimer's disease, 65–84 yr olds, Denmark, 11866
inflammatory response system activation, normally aging 22–45 vs 70–91 yr olds & 56–94 yr olds with dementia of the Alzheimer's type, 37876
informants' reports & interviewers' vignettes, agreement about diagnosis of dementia from survey data, diagnosticians & 68–93 yr olds being screened for dementia, 2 yr study, 8635
informed consent for research, human subjects with dementia, 2002
inpatient & outpatient health care utilization, elderly patients with dementia vs depression vs coexisting dementia & depression, 2 yr study, 17765
instrumental activities of daily living,predictive value in incident dementia, community dwellers aged 65 yrs & older, 3 & 5 yr follow ups, 18345
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18988
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, 18989
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18985
interaction of basal ganglia & limbic system & neocortex & role of phylogenetic & ontogenetic processes in behavior changes associated with & behavior therapy for frontotemporal lobe degeneration, 31326
interdisciplinary psychoeducational family group intervention, perceptions of frequency & severity of behavioral problems of persons with dementia & reactions, caregivers (mean age 65.6 yrs), 31980
interrater reliability & construct validity of clinical psychodiagnostic typologies for Alzheimers disease & progressive supranuclear palsy & frontotemporal dementia & dementia with Lewy bodies, 37873
introduction of important memories in telephone format vs audiotape placebo, well being, individuals (mean age 82.7 yrs) with Alzheimer's disease & other dementias in nursing homes, commentary, 19002
introduction of important memories in telephone format vs audiotape placebo, well-being, individuals (mean age 82.7 yrs) with Alzheimer's disease & related dementias in nursing homes, 19000
levels of past and current intimacy in caregiver–patient relationship, expressed emotion, family caregivers of dementia patients, 2026
Lewy body distribution & neuropathological & symptomatic correlations, aged adults with dementia with Lewy bodies with vs without Alzheimers disease vs Parkinson's disease, 37843
low blood pressure & incidence of dementia, 75–96 yr olds, 3-yr prospective study, 24808
low-density lipoprotein cholesterol & risk of dementia with stroke, nondemented individuals (mean age 75.0 yrs), 7 yr study, 31170
magnetic resonance imaging & cognitive deficits, 46–52-yr-old siblings with heriditary sensory neuropathy & deafness & dementia, 31243
measurement of aggressive behavior in dementia, 31318
memory & motor performance deterioration & dementia in onset & course of Alzheimers disease, 17–29 vs 30–39 vs 40–49 vs 50–58-yr-olds with Downs syndrome, 3 yr study, 31000
memory clinic intervention, caregiver burden & psychosocial quality of life & mental health, caregivers of patients with dementia, 12 mo study, 35211
mental state & cognitive function disturbances, 17–72 yr olds with tick-borne encephalitis, 15009
methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15090
methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15079
methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15104
methylation cycle & transmethylations & DNA synthesis & neurodegeneration, patients with Alzheimer's disease & dementia of Alzheimer's type, 8667
misdiagnosis of dementia due to communication problems, fully competent 93-yr-old male with profound deafness, 21628
molecular genetic characterization on chromosome 3 & evidence for genetic anticipation & trinucleotide repeat expansion involvement, family with familial nonspecific frontotemporal dementia, 31179
mortality & cause of death & mention of dementia on death certificate, 65+ yr olds with vs without dementia or other cognitive impairment, Canada, 5-yr study , 31297
MRI volumes of hippocampus & amygdala, 26–59 yr olds with Down's syndrome with or without dementia, 18158
music & music therapy & dementias, adults with Alzheimer's disease & related disorders, literature review, erratum, 21540
music & pastoral therapy program, nursing home patients with dementia, 35039
music therapy, active involvement & social & emotional & cognitive skills, Ss with dementia, 21996
mutation in tau exon 10 splice site region, family members with frontotemporal dementia or progressive supranuclear palsy or corticobasal degeneration, 18400
narrations & reflection of caring experiences & interpretation of the meaning for patients, nurses caring for 68–93 yr olds with severe dementia, 15476
national long-term care insurance implementation problems for elderly with dementia, Japan, 5816
natural helping network model Buddy Program, enhancement of well-being & morale & environmental satisfaction, nursing home residents with dementia & their nondemented buddies, 35259
need for research in service planning & policy making for patients with dementia, UK, 15484
neural bases of naming errors, elderly patients with Alzheimer's disease or dementia, 18442
neurocognitive impairment, 63–68 yr olds with fronto-temporal dementia, 5420
neurocognitive performance, patients with degenerative dementia & REM sleep behavior disorder (mean age 69.8 yrs) vs patients who met criteria for Alzheimer's disease (mean age 82.5 yrs), 18369
neuroleptic sensitivity & substantia nigra neuron densities & striatal dopamine & HVA & autoradiographic binding, patients with dementia with Lewy bodies vs Parkinson's disease, 2379
neuronal loss & gliosis & vacuolization as characteristic neuropathologic changes in chromosome 17 linked frontotemporal dementia, 31320
neuropsychiatric features, 47–80 yr old patients with frontotemporal dementia-frontal variant, 3 yr study, 37846
neuropsychological & memory performance & diagnosis of age associated memory impairment & progression to dementia, females with subjective memory impairment, 8625
neuropsychological assessment & course of fronto-temporal dementia, 58 yr old male with amyotrophic lateral sclerosis/motor neuron disease, case report follow up, 37839
neuropsychological assessment of short-term verbal memory & other cognitive functioning, patients with dementia syndrome of depression vs Alzheimer's dementia & concurrent major depression, 3 yr study, 31285
neuropsychological profiles, 48–73 yr old patients with semantic vs frontal-lobe dementia variants vs early Alzheimer's disease, 8630
neuropsychological test performance & deficits & neuroanatomical locus of dysfunction & involvement of neurotransmitter systems in & drug therapy for frontal variant frontotemporal dementia, 31309
NMDA antagonist memantine, tolerance & functional improvement & care dependence & activities of daily living ability, patients with vascular dementia or dementia of Alzheimer type:, 15437
nosological status & distinction, delirium & dementia syndromes, 37875
nursing assistants' use of prompts & praise to increase engagement in daily living activities, residential 85–95 yr olds with dementia, 15573
nursing home vs integrated special care unit models of care, behavioral disturbances, 59–97 yr olds with dementia, 3 mo follow up, 9188
occurrence of delirium in different regional brain syndromes, 52–79 yr olds with dementia, 31311
olfactory dysfunction, patients with Guamanian amyotrophic lateral sclerosis vs pure parkinsonism vs pure dementia vs combined parkinsonism-dementia complex, 8599
olfactory event-related potentials & dementia, adults with Down's syndrome, 37707
olfactory function & dementia, Alzheimer's vs Huntington's disease patients vs persons with Down syndrome vs APOE4 allele, 21587
oral vs tube feeding, aspiration pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, commentary, 38340
oral vs tube feeding, pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, 38339
outcome measures for assessing efficacy of antidementia drug therapy, patients with dementia, 9026
outcomes of patients in a memory clinic & contributions of research to clinical practice, 38509
oxidative stress & damage as early cytopathological marker of neuronal dysfunction in & role in pathogenesis of frontotemporal dementia, 31235
pain, agitation, elderly individuals with dementia, 37752
pathological jealousy, 25-yr-old female with right hemisphere cerebrovascular infarction, 14992
patient characteristics in decision making regarding driving cessation & independent living & power of attorney, patients with dementia & their caregivers, 37922
patient gender & cognitive impairment & activities of daily living & behavior problems, caregiver burden & mental fatigue, spouse or offspring as caregivers of patients with dementia, 35253
patterns of temporal lobe atrophy, patients with dementia with Lewy bodies vs Alzheimer's disease, implications for use of MRI in differential diagnosis, 11894
performance of neuropsychological test & instrumental activities of daily living, risk of dementia, nondemented 65 yr olds & older, 36874
pharmacologic & nonpharmacologic treatment of psychosis in dementia, 21601
phonological spelling & role of segmentation subsystem in phoneme-to-grapheme conversion, 63-yr-old male patient with dementia of Alzheimer type, 14997
physical space & programs of & research activity in day care center, persons with dementia or Alzheimers disease & disturbing behavior cared for at home, 9113
physiotherapy vs non-physical activities, mobility skills, 66–98 yr old patients with dementia receiving respite care, 32021
plasma concentration of TNF-alpha, dementia, 100 yr olds & older, 34612
plasma HIV RNA & CD4 lymphocytes, HIV-associated dementia & sensory neuropathy, male HIV seropositive adults (mean age 33.5 yrs), 10 yr study, 11830
platelet I_2-imidazoline receptors & MAO-B enzyme activity, 56–96 yr olds with Alzheimer's type dementia, 18424
polypharmaceutical treatment, behavioral disturbances & depressive mood & anxiety & aggression, group-living care unit patients with Alzheimer's disease vs vascular vs other dementias, 2 yr study, 5741
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, comment, 21547
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, 21548
practical considerations of recognition of dementia in older patients, 8640
predictors & causes of mortality, adults with dementia (mean age 77.8 yrs), 37816
prefrontal & parietal cortex synaptic density & pathology & symptoms & regional cerebral blood flow & histopathological lesion severity, 43–88 yr olds with frontal lobe dementia vs Alzheimer's disease, 31271
premorbid lifestyles & type A behavior & life events & coping behavior, patients with vascular dementia vs dementia of Alzheimer's type, 2063
presence of paraventricular area & thalamus lesions following cerebrovascular infarctions, 74 yr old male with mild dementia syndrome & delusions of jealousy, 2088
prevalence & associated factors & characteristics of persecutory delusions, patients with dementia, 34647
prevalence & epidemiology of late-life & dementia & depression & other mental disorders in primary health care, community studies of persons 65+ yr old, 34103

prevalence & incidence & type of dementia & functioning in daily tasks & other qualities of life, 65–85+ yr old Latinos vs African-Americans vs non-Latino Whites, 18 mo study, 28157
prevalence & incidence of clinically diagnosed memory impairments with or without dementia, 42–92 yr olds, 24773
prevalence & incidence of dementing disorders, Greek 70–90+ yr olds, 28209
prevalence & loaded status of firearms, households with demented family member, 37913
prevalence & nature of personality changes & relationship to patient & dementia characteristics & neurological signs, elderly Ss with dementia of the Alzheimer's type or multi infarct dementia, 37807
prevalence & severity of dementia, centenarians , 28197
prevalence & severity of vocally disruptive behaviors, people with dementia, 28172
prevalence of & predisposing factors for protein calorie malnutrition, patients with dementia, 8605
prevalence of 2 polymorphic genes for apolipoprotein E & methylenetetrahydrofolate reductase & their pathogenic roles, patients with dementia of Alzheimer type, 31310
prevalence of dementia & cognitive decline, 75 yr olds & older, 9 yr study, 5388
prevalence of dementia & its subtypes & relationship of risk factors to prevalence of Alzheimer's disease or vascular dementia, 60 yr olds & older, Japan, 10926
prevalence of dementia, 100–104 yr olds, Netherlands, commentary, 21550
prevalence of dementia, 74+ yr olds from communities with different psychosocial backgrounds, Italy, 5303
prevalence of neurovascular instability, patients with Alzheimer's disease & dementia with Lewy bodies, 8602
prevalence of neurovascular instability, patients with Alzheimer's disease & dementia with Lewy bodies, comment, 37852
prevalence of serum lipid & lipoprotein(a) & other vascular risk factors, patients with vascular vs hemorrhagic dementias vs senile dementia of Alzheimer's type, 8687
prior leisure preferences & current wandering behavior, 64–94 yr old patients with dementia, 8677
problems with naming & word comprehension or face & object recognition & behavior changes in semantic dementia & relationship to frontotemporal dementia, 31322
process evaluation of Community Outreach Education Program to disseminate information about diagnosis & assessment & management & treatment of dementia, 35222
process for assessment of agitation in late stage dementia nursing home patients, nurse aides, 35267
progression of neuropsychological & cognitive deficits & behavioral & neuroanatomical changes & drug therapy, 46–85 yr old outpatients with frontotemporal dementia, 2–6 yr study, 31299
progressive decline of numerical skills, 74 yr old female with Alzheimer-type dementia, 28154
psychiatric morbidity, clinical vs neuropathological cohorts with dementia with Lewy bodies vs probable Alzheimer's disease, 1 mo study, implications for differential diagnosis of patients, 28121
psychiatric symptoms & prevalence of hoarding behavior, 65–91 yr olds with dementia, 2038
psychoanalytic observations & impressions of patients in long- stay dementia unit, male & female residents, 32010
psychoeducational nursing intervention to manage behavioral problems of persons with Alzheimer's disease & related dementias, caregivers' affective responses, home caregivers, longitudinal study, 18902
psychological assessment, distinguish between depression & dementia, elderly, 7994
psychological consequences of & intervention following learning diagnosis of dementia, 64–71 yr olds, 24910
psychometric properties & clinical utility of Normative Studies Research Project test battery, 62–94 yr old African American & European American urban medical patients with vs without dementia, 3338
Psychomotor Activation Programme, individual & group behavior & cognitive functioning, 64–96 yr old group care home residents with dementia, 35047
psychosis & depression, behavioral disturbances, 58–96 yr old patients with dementia, 18389
quality of interaction, proportion of food consumed by resident, 65–103 yr old nursing home residents with late stage dementia & 23–63 yr old certified nursing assistants, 28117
quantitative vs qualitative & single-case vs group research on improvement of well-being & independence & self-care skills, patients with dementia, commentary, 15491
rate of cognitive decline, patients (aged 65 yrs & older) with Alzheimers Disease & other dementias, 18399
reasons for admission to acute dementia care assessment beds used in old age psychiatry, hospitalized patients (mean age 80.2 yrs), 6 mo study, 32011
referral patterns to link dementia patients & their families with community support services, physicians, 9154
regional patterns of cell vulnerability & sensitivity & selective neuron loss in frontotemporal dementia with & without motor neuron disease & impact on pre & post synaptic terminals in frontal cortex, 31217
rehearsal & relearning & subsequent forgetting of semantic category exemplars, 63 yr old male patient with semantic dementia, 15 mo study, 24804
relation of living & non-living category-specific deficits to visual-perceptual or associative knowledge impairment, patient with dementia of Alzheimer's type & patient with semantic dementia, 2077
relationships among cortical glucose metabolism & degree of cognitive impairment & dementia, patients with subcortical infarction, 31267
REM sleep behavior disorder, patients with degenerative dementia, 5311
reporting of conditions suggesting dementia on death certificates, older adults, 28152
research behind & guidelines & mathematical models for design of safe & therapeutic environments such as Alzheimer's gardens, elderly people with dementia, 9700
research on improvement of well-being & independence & self-care skills, patients with dementia, commentary, 15489
research on improvement of well-being & independence & self-care skills, patients with dementia, 15508
respite experience as coping strategy, 47–82 yr family caregivers of dementia patients, 31983
response of behavioral disturbances to risperidone & extrapyramidal side effects, outpatients (mean age 74.5 yrs) with dementia & agitation &/or delusions &/or hallucinations, 31657
response variablity & RT & attention, elderly with frontal lobe dementia vs Alzheimer's disease, 28132
response words & new words & word relatedness in generative naming process, Word Fluency Test, Alzheimers patients & healthy elderly people, 34691
risk & proportion estimates of dementia & Alzheimer's disease as function of apolipoprotein E genotype, 55 yr olds & older, 5406
risk for development of Alzheimer's disease, 60+ yr old parents & siblings of Parkinson's disease patients with vs without dementia, 15025
risperidone vs haloperidol, aggression & behavioral symptoms, 56–97 yr olds with dementia, 38228
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, comment, 2471
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, commentary reply, 2488
risperidone, psychosis & behavioral disturbances, patients with dementia (mean age 82.7 yrs), 15306
role capacity & overload as subjective & patient behavior problems as objective stress, risk for & prediction of depression, 23–82 yr old caregivers for relative with Alzheimer's or other dementias, 14993
role of MRI & SPECT & neuropsychological tests in early diagnosis of frontal variant of frontotemporal dementia, 49 & 50 yr old male patients, 4 & 7 yr studies, 18377
safety & efficacy of olanzapine, patients (mean age 74.4 yrs) with Parkinson's disease & psychosis with vs without dementia, 31613
satisfaction with adult day services, family caregivers of patients with dementia, 1 yr study, 35210
screening & validity of performance on Center for Epidemiologic Studies-Depression Scale, community dwelling 60–99 yr olds with vs without dementia, 9898
selective laminar cortical pathophysiology, psychotic hallucinations, 44 & 58 yr old males & 51 yr old female with frontotemporal dementia motor neuron disease type, 2066
self-help &/or mutual aid activities such as support groups & telephone support, 60+ yr old caregivers of persons with dementia, Canada, 2632
self-injurious behavior, 71–92 yr olds with dementia of Alzheimer's type or multi-infarct or vascular type, 18440
semantic knowledge, famous-face recognition &/vs identification &/vs naming, adult patients (mean age 67.9 yrs) with dementia of Alzheimer type, England, commentary reply, 21538
semantic–autobiographical memory interactions, semantic representations of animals, 75-yr-old female with category-specific semantic dementia, 28174
sensitivity & specificity of clinical features of diagnostic criteria for diffuse Lewy body disease, autopsy-confirmed Alzheimer's disease dementia cases with vs without Lewy body disease, 31273
serum melatonin levels, 56–83 psychiatric inpatients with vs without dementia of Alzheimer's type, 24095
sex & apolipoprotein E genotype, beta-amyloid deposition & accumulation in frontal & entorhinal cortex, autopsied 39–97 yr olds with Alzheimer's disease or other neurological disorders, 5360
signs & symptoms & approach to treatment of agitation in dementia, psychiatric consultants, 21608
sociodemographic & practice characteristics influencing & attitudes toward referral to specialist for diagnosis & treatment of dementia in primary care practice, general practitioners, 38659
special care unit placement, aggressive behavior, nursing home residents with dementia, 38554
spectrum of diseases in vascular cognitive impairment, 37904
sports neuropsychology of dementia pugilistica & concussion & postconcussion & 2nd-impact syndromes & implications for return-to-play decisions following head injury, 31215
standardized regression-based approach to evaluation of cognitive changes, 63–69 yr olds with Alzheimer's disease or vascular dementia or Pick's diseae, 15040
state of mood & prevalence of experienced loneliness, 75–98 yr olds with vs without cognitive impairment, 31244
stop-condon mutation in the BRI gene associated with familial British dementia, 31332
strength & sensitivity of neuropsychological test findings, cognitive deficits, nondemented vs demented patients with Parkinson's disease, 34692
stressors & cognitive appraisal of stressor & social support & coping strategies & well-being, family caregivers of institutionalized elders with vs without dementia, 31992
suicidal thoughts & depression scores, 91–104 yr olds with vs without dementia, 8604
suitability of Cambridge Cognitive Examination, neuropsychological assessment, 30–65 yr olds with Down's Syndrome at age of risk for dementia, 22894
surrogate decision-making about research participation & other barriers to informed consent in dementia research, 63–99 yr olds with advanced dementia, comment & reply, 13162
symptoms & etiology & diagnosis & surgical treatment of dementia resulting from normal pressure hydrocephalus & use of phase-contrast CSF MRI for patient screening, 31249
symptoms & neuroanatomical abnormalities in clinical criteria for differential diagnosis of Pick's disease as form of frontotemporal dementia, 31314
symptoms & neuroanatomical changes & differential diagnosis of frontotemporal dementia from Alzheimer's disease, 31213
tacrine prescribing & patient data, nursing home residents with dementia, 12325
tau as candidate gene for chromosome 17 frontotemporal dementia, affected Ss from 2 families, 5393
tau gene mutation & clinical pathological characteristics, families with frontotemporal dementia, 21532
tau protein levels in CSF as possible biological marker, patients with Alzheimer's disease vs other forms of dementia, followup studies, 8680
temporal relationship between appearance of depressive symptoms & clinical onset of dementia or AD, community-dwelling 65 yr olds & older , 14387
theory of goal-setting in care of patients with dementia, 69–84 yr old geriatric outpatients &/or their caregivers, 31935
training for dementia patient care in nursing homes, certified nurse assistants, 19148
training for dementia patient care in nursing homes, certified nurse assistants, commentary, 19151
trazodone, behavioral symptoms, outpatients with frontotemporal dementia, 28453
type of sentence used in repetition task of Hebrew translated Mini-Mental State Examination, performance, aged adults with dementia, 36001
types of family violence & implications of spouse abuse research for study of maltreatment of dementia patients by caregivers, 34344
use of gabapentin for management of agitation, 62-yr-old male with dementia incarcerated for assault, 38416
use of medial temporal lobe MRI volumetry to clinically differentiate dementia with Lewy bodies from Alzheimer's disease, patients (mean age 72 yrs), 5353
use of Pick complex to indicate clinical & pathological variations & overlap of frontal lobe & frontotemporal dementia & primary progressive aphasia & corticobasal degeneration syndrome, 31259
use of prayer & religious coping, 35–87 yr old caregivers of persons with Alzheimers disease & related disorders, 28206
use of SPECT & temporal-lobe oriented CT as supplement to clinical assessment & diagnosis of Alzheimer's disease, 53–96 yr olds with Alzheimer's disease vs other dementias, 7 yr study, 5359
utility of dementia scales, 69–83 yr olds with global aphasia without hemiparesis, 21590

validation & normative criteria of Spanish language version of the Short Cognitive Performance Test, evaluation of attention & memory deficits, 55–85 yr olds with vs without dementia, 31296
validity of current clinical criteria for Alzheimer's disease & vascular dementia & dementia with Lewy bodies when influenced by mixed pathologies or prevalence rate, 11899
validity of current clinical criteria for Alzheimer's disease & vascular dementia & dementia with Lewy bodies when influenced by mixed pathologies of prevalence rate, commentary, 28195
validity of full vs short form of CAMDEX interview, diagnosis of dementia, patients, 1 yr followup, 2065
validity of Nursing Care Dependency Scale, 15–101 yr old demented & mentally handicapped patients, 5891
validity of time & change test in screening for dementia, 70+ yr olds, 8627
validity of visual rating of medial temporal lobe atrophy on coronal magnetic resonance imaging scans, 30–83 yr old patients with dementia, 31336
vascular dementia & dementia with Lewy bodies when influenced by mixed pathologies of prevalence rate, commentary reply, 28163
verbal learning test vs word recall & California Verbal Learning Test, differential diagnosis of dementia, Alzheimer's patients (mean age 72.6 yrs), 34649
violent crime & psychiatric treatment issues, male 78 yr old with severe dementia & mental illness who murdered his wife, 37825
visual hallucinations, 67 yr old female with mild dementia, implications for geriatric assessment, 28178
visual shape & semantic label similarities, exacerbation of deficits during category specific object identification task, 65–85 yr olds with dementia of the Alzheimer type, 21551
vitamin supplements, cognitive performance, people with dementia vs without cognitive impairment, 9014
wandering & becoming lost & relation to institutionalization & cognitive ability, patients with dementia, 5 yr study, 5378
westernization in prevalence & family recognition of dementia & Alzheimer's disease, 60 yr olds & older, Japan, 31242

Bringing deliberation to the democratic dialogue, 33813
Democratic values and political tolerance, 9859

Democratic Party [See Political Parties]

Demographic Characteristics—Serials

acculturation & mental health & age & sex & level of education & length of residence in US, Iranian 25–72 yr old immigrants, 1100
accuracy of perceptions of performance & talent & effort based on student's demographic group membership, junior high school teachers , 7853
accuracy of symptom perception & demographic & distress factors, parents & their 6–18 yr olds with asthma from underserved urban communities, 11819
age & demographic characteristics & psychiatric diagnosis, mental health service use, 2–5 yr olds, 2 yr study, 2571
age & education & gender, use & perceived quality of news media & preference for terms referring to senior citizens, independent living 55 yr olds & older, 4517
age & gender & marital & enrollment status & number of dependents & outside responsibilities & reason for selecting major,career choice, traditional vs nontraditional college students, 9521
age & gender & tenure & salary & marital status & education & branch assignment & nationality, organizational commitment, Ministry of Health employees, 25899
age & gender & type of onset & premorbid development & relation to social adaptation, 7–14 yr olds with childhood onset schizophrenia, 42-yr study, 37357
age & life satisfaction & educational level & social functioning & marital & cognitive & mental health status, sexual interest & activity, male vs female 65–106 yr olds, 7750
age & rank & demographic characteristics, threats & proximity relations, highland ponies, 3757
age & sex & education & income & home value & distance from site & homophobia & AIDS fear, support for residential AIDS home & feared property value loss, community residents, 34580
age & sex & education, sense of control over work & health & finance & family relationship & sexual & contribution to others' welfare domains, 25–75 yr olds, 7518
age & sex & other sociodemographic characteristics & degree of mental retardation & domicile, 6–18 yr old students enrolled in institute for mentally handicapped, 16010
agreement on past personality & changes since onset of disorder & relationship to demographic & clinical variables, spouses & adult children of patients with Alzheimer's disease, 34640
alcohol & drug use & use of emergency room vs primary care services, male vs female Black vs Hispanic vs White respondents, 31870
alexithymia & personality & sociodemographic characteristics & somatization tendency, outpatients with different physical disorders, 8511
annual mileage & driving violations & accident involvement, disaggregated driver population data, Netherlands , 29231
aspects of sexual relationships & peer characteristics & demographic & psychosocial characteristics, condom use stage & behavior change, male vs female 17–35 yr old African Americans, 12371
attitudes toward & demographic patterns of response to voluntary & mandatory measures of urban water conservation program, residents, 22742
attitudes toward & perceptions of & involvement with school programs & demographic characteristics, Latino family members of less than 7–21 yr old students with visual impairments, 25815
attitudes toward environmental policy issues & demographic characteristics, mayors & city council members from urban or rural communities, 7923
background variables & personal worry & use of cryptosporidium media & risk perception, adult residents who suffered through nationally publicized illness brought by cryptosporidium, 5213
brain MRI & total lesion load & age & sex, cognitive performance, 24–68 yr olds with cerebral autosomal dominant arteriopathy, 18251
breast cancer screening adherence & sociodemographic & physician & religious behavior characteristics as predictors of screening, 50–80 yr old female church attendees, 9046
cerebrovascular disease & education & occupation & other demographic variables & age of onset & rate of progression of Alzheimer's disease, patients with dementia, 5313
changes in service delivery, referral rate & reasons for referral & demographic & clinical characteristics of referrals & advice offered after assessment, inpatients aged 65 yrs old & older, 38470
characteristic patterns & configurations of Minnesota Multiphasic Personality Inventory-2, 17–63 yr old male vs 18–60 yr old female offenders, 19625
characteristics & behaviors & motivations & psychopathology, stalkers, 30834
characteristics of & reasons for relinquishment of dogs & cats to animal shelters, 10–85+ yr olds, 23180
characteristics of target population & community services for model of housing intervention program, 19–63 yr olds with mental illness &/or drug abuse at risk for homelessness, 35164
child abuse & maternal & child perceived social support & competence & depression & sociodemographic characteristics, child academic functioning, children (mean age 9 yrs) & their mothers, 21249
child characteristics & family income & cohesion & support, child-related &/vs parenting stress at child's 3rd & 5th birthdays, mothers of developmentally disabled children, 11703
client characteristics, prediction of formation of & strength of relation with clinical case manager, homeless people with serious mental disorders, 1-yr study, 35220
clinical & behavioral characteristics & staff responses & treatment & prognosis, disruptive vocalizers (mean age 81.6 yrs) in nursing homes, 6 mo study, 19007
clinical & demographic & social characteristics, 18–59 yr olds vs 60 yr olds & older with psychotic vs with nonpsychotic depression, 24172
clinical & demographic characteristics, persons who attempt suicide using firearms vs leaping from heights, 34258
clinical & demographic factors associated with poor quality of life, patients (mean age 73.6 yrs) with Parkinson's disease, 21567
clinical & demographic features & development of epilepsy & neurological outcomes & patterns of treatment, children with febrile convulsions (mean age 1.6 yrs), 12 yr followup, 31274
clinical & demographic features & long-term course & presence of mental disorders at follow-up, inpatients with 1st time psychotic postpartum disorder, 11 yr retrospective follow-up, 34117
clinical & functional & sociodemographic variables, results of Clock Drawing Test used for cognitive screening, 60–96 yr olds hospitalized for rehabilitation following hip fracture or stroke , 32017
clinical presentation & sociodemographic variables, children & adolescents with Tourette's syndrome with vs without a family history of Tourette's syndrome, 8660
cognitive functioning & sociodemographic & health factors, 70 yr olds & older, Taiwan vs US, 36900
college racial composition, racial identity & attitudes, African American students at predominantly white vs historically black colleges & universities, 28983
community characteristics & attitudes, mammography use, 50–75 yr old females in rural communities, 31817
coping strategies & depression, 25–55 yr old employed Korean wives, 34133
coping strategies, demographic & illness related data & depression & locus of control & psychosocial adaptation, patients with Parkinson's disease & epilepsy, 31265

cross cultural differences in sociodemographic & attitudinal variables predictive of & overall willingness to seek help, young adult university students & recent graduates, Hungary vs Israel vs US, 1303
cross cultural validity of Thinking Styles Inventory & relationship between Thinking Styles & age & sex & college class level & work & travel experience & creativity, 19–50 yr old students, Hong Kong, 14340
cross-cultural differences in suicide rates & relation to ethnic nationality & marital status & educational attainment, 10–60+ yr old males vs females, Slovenia, 30829
death anxiety & sensation seeking & psychosocial factors & SES & sex, degree of involvement in high risk recreation, college students, 35719
demographic & academic variables related to Master's comprehensive examination performance, graduate students, 2914
demographic & alcohol related & other behavioral characteristics & firearm possession on campus, college students, 35531
demographic & background variables & knowledge of & attitudes about & experience with violence & perceptions of anti-violence public service announcements, teenagers, 36783
demographic & battering patterns, changes in self-esteem & self-care & depression, adult females, 3.5 yr study, 11509
demographic & behavioral & psychosocial correlates of bullying behavior, male vs female middle school students, implications for targeting youth at risk for bullying, 32279
demographic & behavioral characteristics, fruit & vegetable consumption, 16–74 yr olds, 20613
demographic & child determinants of parental investment, fathers vs mothers, 33781
demographic & clinical & diagnostic correlates of 1 mo & lifetime rates of suicidal behavior, psychiatric inpatients with psychotic disorders, 37383
demographic & clinical & functional characteristics, fathers vs nonfathers vs mothers with severe mental illness, 11333
demographic & clinical & historical & offense characteristics, preadjudicatory juvenile delinquents assessed as competent vs incompetent to stand trial, 18110
demographic & clinical & treatment characteristics, patients with severe & persistent mental illness & opiate addiction in dual diagnosis outpatient treatment, 1396
demographic & clinical characteristics & outcome of lithium treatment, 17–80 yr olds with recurrent bipolar affective disorder, 2–27 yr followup, 28450
demographic & clinical characteristics & quality of life, arrhythmia patients who completed a baseline quality of life form before vs after randomization assignment to drug vs defibrillator trial, 2466
demographic & clinical characteristics in disorder recurrence after recovery, patients with major depressive disorder, 15 yrs of observational follow-up, 27615
demographic & clinical characteristics, frequent users of inpatient mental health program in community hospital, 12481
demographic & clinical characteristics, hospitalized males vs females with eating disorders, 18171
demographic & crime characteristics, 18–59 yr old male mass murderers, 24562
demographic & diabetes & depression characteristics as predictors of response to cognitive behavior therapy for depression, 21–70 yr olds with type 2 diabetes & depression, 5536
demographic & employment & economic & academic characteristics & perceptions of recipients of masters degrees in psychology, 25575
demographic & family & parent & child factors & risk for child abuse, families, 1677
demographic & family & peer & school factors, narcotics use, 7–12th graders, 11650
demographic & legal & clinical factors affecting length of stay on maximum security in forensic psychiatric hospital, male & female mentally ill patients adjucated as not criminally responsible, 35372
demographic & lifestyle & medical & family history of illness & risk for Alzheimer's disease, 65–84 yr old community dwelling African-Americans vs Nigerians, 2030
demographic & lifestyle characteristics, problem behaviors & health risks, 12–15 yr old street youth, 975
demographic & maladaptive behavioral correlates & predictors of frequency & duration of restraints, institutionalized 12–85 yr olds with borderline to profound mental retardation, 38557
demographic & medical & psychosocial factors, fatigue, 18–85 yr old cancer patients, 11847
demographic & mental illness & other psychosocial factors, suicide, farmers, UK, 30827
demographic & other characteristics, frequency & duration & variety & context of everyday activities, 70–105 yr olds, 1002
demographic & physical & occupational stress & psychosocial factors, prediction of work disability, military personnel with occupational upper-extremity related disability, 5218
demographic & problem characteristics & sources & levels of coercion into alcohol treatment, 18–55+ yr olds, 19076
demographic & psychiatric risk factors for development & incidence in general population of social phobia, 18–64+ yr olds, 13–16 yr study, 34220
demographic & psychosocial & other risk factors for illicit drug use, females with disabilities, 4848
demographic & psychosocial characteristics & presenting psychopathology & age at time of adoption, male vs female adopted children & adolescents attending psychiatric outpatient services, 30626
demographic & self reported variables related to entering communal living self help drug/alcohol recovery program, females with vs without children vs males, 22259
demographic characteristics & brain levels of metal & virus infection & vascular & genetic risk factors, elderly with Alzheimers disease & other cognitive disorders, 8597
demographic characteristics & caregiving strain & demands & occupational & personal impact & resources available, employed adults with family care responsibilities, 20719
demographic characteristics & clinical features & mode of transmission, 60+ yr old AIDS patients in Maryland, 5-yr follow up study, 24743
demographic characteristics & comorbidity & family history & treatment & hoarding characteristics, 24–57 yr old patients with obsessive-compulsive disorder, 37416
demographic characteristics & coping behavior & severity of disorder, outpatients with major depression, 37309
demographic characteristics & dementia severity & comorbid psychiatric & behavioral symptoms & physical disability & general health, mortality, elderly males vs females with Alzheimer's disease, 31230
demographic characteristics & diagnostic differences & treatment-seeking behavior, 21–78 yr old participants in anxiety support groups in Durham & Dallas, 25268
demographic characteristics & drug histories, cocaine users (aged 10–49 yrs) in drug treatment, 34351
demographic characteristics & employment settings & profession practices, school psychologists, 19125
demographic characteristics & epidemiology of suicide attempters, 10–24 yr olds, Hong Kong, 1995, 1744
demographic characteristics & family composition & reasons for pet acquisition & advantages & disadvantages of pet ownership, parents with 8–12 yr olds, 23878
demographic characteristics & family functioning & high risk of psychiatric disorder & frequent use of health services, 4–15 yr olds classified as somatizers, 34540
demographic characteristics & fear of & sensitivity to noise, annoyance from transportation noise, male vs female 10–70+ yr olds, North America vs Australia vs Europe, 26003
demographic characteristics & historical features & other clinically relevant aspects of behavior, psychoanalysts' reports on their private psychotherapy patients, 8754
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, comment & comment reply , 12333
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, correction, 12316
demographic characteristics & incentives, 26–61+ yr old mediators practicing in public vs private vs government agency settings, 22612
demographic characteristics & length of psychotherapy use, 2–80 yr old Chinese American clients seen in private practice , 8761
demographic characteristics & lifetime comorbidity & temperament & personality disorder symptoms, 17–45 yr old female bulimics with vs without rapid sustained response to cognitive-behavioral therapy, 28326
demographic characteristics & motivational factors & health concerns associated with tattooing & body piercing, 17–54 yr old college students, 37154
demographic characteristics & motivations for & possible deterrents to use & expectations about effects of anabolic–androgenic steroids, 18–50 yr olds, 30903
demographic characteristics & pattern of illegal drug use, 16–47 yr olds in drug cessation programs, China, 19094
demographic characteristics & pattern of orders for brain autopsy, deceased Parkinsons disease & parkinsonism patients, Olmstead County Minnesota, 1976–1990, 37880
demographic characteristics & personality variables & level of physical complaints, litigants with somatoform disorders vs personality disorders, 31063
demographic characteristics & postwar health status, US Gulf War veterans (mean age 30.5 yrs), implications for preventative measures & future deployment medical surveillance planning, 22690
demographic characteristics & prevalence of cigarette smoking, medical college students (aged 16 yrs & older), 33860
demographic characteristics & prevalence of psychiatric disorders, 16+ yr olds, Canary Islands, 37291
demographic characteristics & professional development needs & vocational training, staff in employment services for people with disabilities, 9265
demographic characteristics & public mental health care-seeking behavior & service usage, Russian vs non-Russian refugees vs nonrefugees with mental disorders, 28657
demographic characteristics & quality of family functioning & experience with service systems & sources of support used & other factors in providing foster care, Black vs White non-kin foster mothers, 15547
demographic characteristics & risky sexual activity & HIV test expectations & results, 17–61 yr old students who voluntarily sought HIV testing at university health center, 35115
demographic characteristics & service record & physical & psychological health, suicide rate & trends, 18–59 yr old police personnel, Australia, 1843–1992., 37504
demographic characteristics & sexual partners & sexual & drug use & other risk behaviors & test site, failure to return for HIV test results, adults, 12367
demographic characteristics & social influences & problem behaviors, self-reported alcohol use, inner-city Black & Hispanic 7th graders, implications for alcohol prevention programs, 33651
demographic characteristics & symptom level & global functioning & substance use & other risk factors, prediction of homelessness following hospital discharge, inpatients with schizophrenia, 21152
demographic characteristics & symptomatology & type of psychotropic medication used for overdose, 15–75+ yr old patients hospitalized for parasuicide, 28442
demographic characteristics, attitudes toward money, 18–67 yr old residents of Mexico, implications for refinement of the Money Attitudes Scale, 22708
demographic characteristics, job satisfaction & self esteem, 21–40 yr old employed mothers, 6318
demographic correlates of subjective religiosity, African Americans, 36928
demographic differences in medication use, 18-75 yr old patients with self reported major depression, 12179
demographic differences in medication use, 18–75 yr old patients with self reported major depression, commentary, 35017
demographic factors & conditions of use & risk-taking driving behavior & prior driving history & attitudes toward motor vehicle laws, pickup truck vs automobile drivers, 12966
demographic factors & control vs strain vs social learning theory, sexual intercourse in past year & lifetime sexual partners, rural 13–15 yr olds vs 16–17 yr olds in aid-receiving families, 37013
demographic factors & hospitalization & Alzheimer's disease status & medical comorbidity, 65–85+ yr olds in community aging project, 1996–97, 21526
demographic factors & life events related to self-reported depressive symptoms, 12–19 yr olds in rural environments, 11374
demographic variables & parent-reported problem behavior & competencies, prediction of mental health service use, 10–12 yr olds, 5-yr study, 35178
demographic variables, reliability & variance of public Service Ethic Scale, school administrators (mean age 49 yrs), 6680
demographics & antisocial symptomatology & drug history & axis I comorbidity & index treatment, males vs females with antisocial personality disorder or antisocial behavior in adulthood, erratum, 11289
demographics & clinical characteristics & psychiatric comorbidity, 18–53 yr olds with self-injurious repetitive skin picking, 30861
demographics & culture, interaction styles & aggression & politeness & conflict resolution, Northerner vs Southerner college students, 37105
demographics & health status & organizational variables & psychiatric hospital admissions & utilization of mental health services & crisis intervention, rural 60 yr olds & older in outreach program, 12414
demographics & help seeking & internal locus of control & material resources & parental behavior, stable vs lowered educational expectations, 8th graders, 6-yr study, 25785
demographics & parental attitudes toward physical punishments, 20–45+ yr old parents, 7701
demographics & personal resources & dangerousness & degree of disability, prediction of initial legal status & commitment vs release decisions, psychiatric inpatients, 35816

demographics & personality factors & steroid expectancies as risk factors, future steroid use, male college students, 21325
demographics & practice & prescriptive patterns, 31–71 yr old advanced practice psychiatric nurses, 6045
demographics & psychological adjustment & victimization & perpetration histories, 6–12 yr olds who have engaged in developmentally unexpected sexual behaviors, 24420
demographics & psychosocial characteristics & health status & health care utilization of psychological service consumers, Canada, 28251
demographics & smoking history & status & patterns of use & motivation to quit smoking & social support, 18–91 yr old female American Indians, 37038
demographics & sports participation attitudes & behaviors, parents of 5–10 yr olds who participate vs do not participate in youth soccer, 35702
demographics of caregivers & caregiving structure & factors that predict caregiving structure, caregivers of elderly African American family members, 35249
demographics, understanding of term elder abuse, 40–93 yr old Blacks, 37472
demography of women who know individuals with HIV & health effects of AIDS related losses, 18–61 yr old female clinic patients, 8558
depression symptoms & demographic & personal history, 22–52 yr old family practice residents, 9327
disease & demographic factors & sex, cognitive functioning & academic achievement & learning problems, children with insulin-dependent diabetes mellitus, 28026
distributions & characteristics of spouse abuse victims & offenders in US Army Central Registry, US Army soldiers & spouses, 1989–97, 12918
driver characteristics & trends in use patterns & driver behaviors, adolescent & adult drivers of all terrain vehicles, implications for vehicle related accidents, 26012
economic & employment & academic & demographic statistics for 1997 doctorate recipients in psychology, 25578
education & demographic characteristics, changes in level of knowledge of cardiovascular disease prevention over time, 18–64 yr olds, 12 yr longitudinal study , 38449
educational & sociodemographic factors in epidemiology of cognitive decline, 18 yr old & older adults in Baltimore Epidemiologic Catchment Area Study, 11.5 yr followup, 7412
employment & social support & marital status & education & societal expectation to care for family, health & health care use & attitudes, Vietnamese- vs Anglo-Australian women, 25352
epidemiologic survey of demographic & clinical characteristics & caregiver burden, elderly Ss with dementia living alone vs with others with vs without family caregivers, 37901
epidemiology & individual characteristics of parasuicide & relation to suicide, Sweden, 1989–95, 27816
ethnicity & gender & IQ & child care amount & family literacy environment & maternal education as predictors of academic skill, kindergartners, 9471
family factors & area characteristics, risk of accidental injury, preschool children, 15387
family sociodemographic characteristics & social-emotional adjustment as risk factors in outcomes of preventive intervention, parenting behavior & adolescent peer refusal, families, 2536
feedback conditions & income constraints & behavioral aspects & environmental attitudes & socio-demographics, energy consumption, residents, 9 mo study, 16226
filling in of pre-appointment questionnaires & differences in demographic or clinical variables, attendance, 18–65 yr old referrals to an outpatient clinical psychology service, 5864
frequency & quantity of alcohol use & sociodemographic correlates, 65–86 yr olds, 10 yr followup, 17542
general money attitudes & demographic factors & individual difference beliefs & monetary pathology, 18–73 yr olds, 37398
global self-esteem & relation to perceived academic status & aspirations & interpersonal relationships & community type & other demographic variables, 11th–12th grade Arab adolescents, Israel, 30295
health status & age & education level & economic status, variety of reported activity & quality of life, 46–81 yr olds with chronic obstructive pulmonary disease vs 17–94 yr olds, 28028
high school academic achievement & completion of calculus & demographic characteristics & other factors, prediction of successful completion of Calculus I, college students, 9499
history of reproductive problems & demographic characteristics & study attrition & psychosocial problems, pregnant women with vs without malformed offspring, 24714
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, commentary, 5271
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, 5275
HIV testing & prevention issues & sample characteristics, females attending antenatal vs family planning vs termination assessment clinics, 25324
HIV/AIDS knowledge levels & prior education & sex & ethnicity, 9th vs 12th graders, 38451
incidence of chronic activities of daily living disability & sociodemographic & health status & adverse lifestyle & leisure- time physical activity predictors, 65 yr olds & older, 3 yr study, 34576
individual & contextual characteristics, substance abuse or dependence or affective diagnoses, offspring of alcoholics with positive family history vs offspring of nonalcoholics with negative history, 37576
individual & demographic & neighborhood-ecological predisposing factors, late initiation of prenatal care seeking, pregnant women, 15457
influence of patterns of legal immigration & accompanying demographic attributes on acquisition of neuropsychological norms, Hispanics , 32681
intelligence & learning behaviors & demographics, academic achievement outcomes, 6–17 yr olds, 38850
internal vs external student mobility & demographics & family socioeconomic level, reading & mathematics achievement, 3rd & 4th grade White vs minority students in urban areas, 35519
introduction of credit card purchasing in Ontario liquor stores, characteristics & alcohol consumption patterns, adult credit card vs non-credit card shoppers, 1-yr follow up, 20808
judgements of sex & age of suicide note writers, suicidologists, 6078
knowledge & attitudes & opinions & practitioners' demographic & professional characteristics, adverse drug events reporting, medical doctors, 35437
lifetime & 1-mo prevalence & sociodemographic correlates of neuroses & somatoform & phobic & anxiety & dissociative disorders, city residents aged 15 yrs & over, 34211
lifetime suicide attempts & age at 1st attempt & methods & causes & associated demographic characteristics, rural community residents aged 15 yrs & over, Ethiopia, 34250
loneliness & marital adjustment & demographic correlates, Turkish heterosexual married couples (mean age 36 yrs), 14147
major &/vs minor depression & sociodemographics & health status & behavior, mortality, 55–85 yr olds, 4 yr study , 37329
marriage & divorce & birth & death & suicide rates, death rate from liver cirrhosis, US vs Hungary, 5223
mental disorders & associated sociodemographic factors, female patients with infertility, Nigeria, 11773
motivational & educational & sociodemographic factors, time spent in professional learning activities, 20–60 yr old certified teachers & administrators , 19231
need norm & social role & demographic influences, justice judgments in need-based salary allocation situation, 16–85 yr olds functioning as co-workers vs allocators vs observers, 1258
neuropsychological test norms for letter & category fluency based on age & education & ethnicity, 20–101 yr old Whites vs African Americans, 23092
participation vs nonparticipation in treatment adherence study & demographic characteristics & treatment adherence, 11–18 yr olds with diabetes & their families, 22955
patient characteristics & group vs individual treatment & time in treatment, reduction in AIDS risky behavior, cocaine dependent outpatients (mean age 31.9 yrs), 9 mo followup, 9235
patient demographic & clinical characteristics & degree of staff criticism & rejection, inpatients with treatment-resistant schizophrenia & staff treating them, 32139
pay rate & length of employment & gender & management status & race, part-time employees who leave vs stay, 25912
peer/social vs coping drinking motives & age & sex & alcohol misuse, Black vs White 13–16 yr olds, 5 yr longitudinal study, 27840
perceived AIDS risk & psychosocial & behavioral & demographic characteristics, adult arrestees reporting any lifetime injection drug use, 1186
perception of AIDS susceptibility & sociodemographic characteristics & engaging in high risk behaviors, drug using migrant farm workers & their sex partners, implication for AIDS prevention models, 18069
performance on Modified Card Sorting Test & general intellectual ability & demographic variables, 16–75 yr olds, 13570
personal & physical & medical & mental & functional characteristics & driving habits & status & adaptations, 60+ yr olds, implications for geriatric assessment, 14084
population demographics & history of representative payee program for persons with mental disabilities, 35223
poverty rate & income level & percentage of female-headed households & professional/managerial occupations, educational attainment level, blacks vs whites, 35516
predictive utility of sociodemographic variables &/or comorbid medical conditions &/or perceived health status & programmatic treatment for overweight persons seeking vs not seeking treatment, 18861
predictors of later marijuana use & the implications for intervention programs & policy making, 12506
preoperative clinical & demographic characteristics & life stressors & social support & surgery outcome, depressive syptomatology, coronary artery bypass graft patients (mean age 65.3 yrs), 35102
prevalence & pattern of substance abuse & diagnosis & demographic characteristics, patients presenting with 1st episode psychosis, 14540
prevalence & sociodemographic correlates of behavioral disorders, 5–15 yr olds, Ethiopia, 34303
prevalence & sociodemographic correlates of bipolar disorder & depressive or recurrent depressive episode or persistent mood disorder, 15–60+ yr old city residents, Ethiopia, 34115
prevalence & sociodemographic correlates of problem drinking, rural community residents, Ethiopia, 34338
prevalence & sociodemographic correlates of schizophrenia & schizoaffective disorders & severe cognitive impairment, 15+ yr old city residents, Ethiopia, 34163
prevalence and sociodemographic correlates of khat chewing, rural community residents, Ethiopia, 33847
prevalence of & sociodemographic factors associated with domestic violence, adult Native American women, 1689
prevalence of alcohol dependence & problem drinking & sociodemographic correlates, city residents aged 15 yrs & over, Ethiopia, 34363
prevalence of bulimia & bulimic behavior & correlation with sociodemographic variables, female & male 14–16 yr olds, Finland, 31018
prevalence of functional disability in instrumental &/or activities of daily living, elderly residents of urban & plain rural & mountain rural regions of Beijing, 36904
prevalence of major mental disorders & substance dependence & associated sociodemographic characteristics, rural residents aged 15 yrs & over, Ethiopia, 34027
prevalence of mental distress & neurotic symptoms & association with sociodemographic characteristics, rural residents aged 15 yrs & above, Ethiopia, 34053
prevalence of motherhood & demographic characteristics & perceived need, hospitalized 29–66 yr olds with severe mental illness, 37271
prevalence of psychotic symptoms & clinical & demographic characteristics, elderly outpatients (mean age 74.7 yrs), 30614
prevalence of suicidal ideation & attempted suicide & method of attempt & sociodemographic correlates, city residents aged 15 yrs & over, Ethiopia, 34281
prevalence rates & clinical & sociodemographic characteristics, 16–65 yr old Arab patients with somatized mental disorder vs psychologized mental disorder, 28015
psychiatric & clinical & demographic characteristics, outcome & rediagnosis, 18–74 yr olds with motor conversion disorder, 2–5 yr follow up, 8489
psychiatric & sociodemographic profiles, 21–42 yr old males who killed 1 or more of their children, 11671
psychological problems & stress & demographics, self-reported formal & informal help seeking, college students, 22563
psychometric properties & predictive value of demographic & socioeconomic data in State Trait Anxiety/Anger vs Daily Hassles vs CES-D depression scales vs Life Orientation Test, 18–83 yr olds, 7937
psychosocial & demographic factors & degrees of risk for rapid serum cholesterol decline, postpartum depression, 22–39 yr old women, 17885
psychosocial & demographic factors in physical activity & television viewing, college students, 17693
psychosocial & sociodemographic & heritable factors & lifestyle, development of obesity after pregnancy, mothers (mean age 33.54 yrs), 14874
public support for the Moral Majority vs the Christian Right & characteristics of supporters in 1984 & 1996 , 17512
race & family SES & occupational planning & injury history & life satisfaction, male graduating college athletes vs nonathletes, 25968
racial composition of teachers & students, job satisfaction & school & career commitment, Black vs White public school teachers, 22616
rates & demographic & psychosocial & biological factors associated with development of substance use disorders, adolescents with unipolar major depression, 7-yr followup, 34126
relationship between sociodemographic & illness-related & caregiver stress-related & psychological resources variables & burden of caregiver (mean age 52 yrs) for mentally ill relative, 35248

relationship between sociodemographic characteristics & satisfaction, male vs female military veterans using Dept of Veterans Affairs health care, 25981
relationship of age of onset to demographic characteristics & clinical characteristics & treatment parameters & outcomes, elderly inpatients with bipolar disorder, 8125
relationship of sociodemographic characteristics & prior criminal history & perceptions of violence & victimization, male prison inmates (mean age 32.98 yrs), 25562
response consistency of ranking vs visual analogue scale vs time trade-off, individuals aged 18 to over 64 yrs attending a primary care center, 31373
retrospective case record analysis of sociodemographic & clinical aspects, children with elective mutism (mean age 9.43 yr), 1443
risk factors for need for & utilization of & failure to receive needed health care treatment, male vs female adult injection drug users vs illicit drug users vs nonusers , 18904
risk taking & peer influences & other individual/group & family characteristics & alcohol availability & use, adolescent public school students, 1992, 1810
role of physical activity & demographic characteristics in clustering of health behavior, 16–25 vs 35–45 vs 50–65 yr olds, 22088
role of sociodemographic characteristics & type & severity of personal problems in help-seeking from African American ministers & use of other professional help sources, adult African Americans, 8730
sample characteristics, 16–25 yr olds at risk for schizophrenia, 27676
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary reply, 27682
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27681
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27667
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27660
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27683
school & demographic characteristics, prediction of mathematics & reading achievement, 7–8 & 14–15 yr olds, 35515
season of birth & age & method of suicide, completed suicide cases, 37449
self reported health & psychosocial & sociodemographic factors & comorbidity, 28–93 yr olds with coronary artery disease, 37802
self-esteem & locus of control & stress & social support & perceived health & drug & alcohol use & not depression, suicidal ideation, male vs female 12–18 yr old French vs English Canadians, 10839
self-rated health & risk factors & mortality rates, male vs female Black vs White Alameda County residents aged 55 yrs or younger vs over 55 yrs, 28-yr study, 25373
self-reported sexual betrayal against partner & acceptance of betrayal under different circumstances & sexual & intimacy & demographic variables, heterosexual 18–24 yr olds, 37054
senior center environment & involvement & interpersonal social networks & health & other background characteristics, morale, 70–90 yr olds, 28699
sex & acculturation & sociodemographic characteristics, alcohol use & AIDS-related sexual behavior, Hispanic adults, 9050
sex & age & employment status & SES & marital status & diagnosis, outpatient programs & providers of health care & mental health services use, Blacks vs Whites, 18933
sex & SES & ethnicity & school grades & religious service attendance & own & friend's alcohol use & awareness of & exposure to & memory for & beliefs about alcohol warning label, 12th grade students, 20592
sex & SES & ethnicity & stress & other demographic & psychosocial factors, depressive symptoms, 5th–12th graders, 34130
sex & SES & prior achievement & attitude & parental involvement, participation in advanced mathematics in 8th vs 9th vs 10th vs 11th vs 12th grade, junior high & high school students, 38843
sex ratio & age composition & level of education, giant panda habitat in Wolong Nature Reserve, 0–84 yr olds, 1982–96, 35762
sex, psychoactive substance dependency & other characteristics, 17–77 yr old suicide victims, 14463
sexual attitudes & preferences & sociodemographic factors, sexual function, 58–94 yr old males, 20653
sexual orientation & personal & professional attributes, academic psychiatrists, US & Canada , 4676
sexual risk & knowledge & economic & demographic correlates of 1st intercourse, adult females, 23936
smoking patterns & association of sociodemographics & health status & health beliefs with S's smoking profile, 55–64 vs 65–74 vs 75–84 vs over 84 yr olds, 27259
social & demographic variables & nicotine dependence & constructs of planned behavior theory, prediction of smoking cessation during pregnancy, pregnant females , 27197
social structural variables & gender role attitudes & role qualities & psychological well being, employed vs unemployed mothers, Korea, 4655
social variables associated with suicidal ideation, adults, US, 8274
social-demographic & cure-related & care-related factors correlated with fatigue & nursing interventions to reduce or eliminate fatigue, 34570
socio-demographic characteristics & mental health service development of resident area & utilization & cost per patient of mental health service, 16–45 yr olds with schizophrenia, Spain, 2564
socio-demographic characteristics & psychopathology & social functioning & prevalence, 16–65 yr olds with psychotic illness & low intelligence, 30715
sociocultural & demographic characteristics & rape at 1st intercourse, 15–50 yr old females, Central African Republic, 14654
sociodemographic & clinical & service utilization characteristics, length of stay of 1st episode psychiatric hospitalization, 15–94 yr old inpatients with psychosis or other mental disorder, 35280
sociodemographic & clinical & treatment characteristics of 5–14 yr olds with ADHD, data from psychiatrists, 8297
sociodemographic & cognitive & personality factors, prediction of intellectual satisfaction in medical school, medical students, 2758
sociodemographic & criminal & HIV-related risk characteristics, acceptance of HIV testing, female prisoners, 11664
sociodemographic & drug use & diagnostic correlates, homeless 17–60 yr old inpatients with dual diagnosis, 14405
sociodemographic & environmental characteristics & problem behaviors & exposure to school crime & violence & absence from school due to fear, 9th–12th graders who carry weapons to school vs elsewhere, 22540
sociodemographic & health-related behavior & medical condition predictors of onset of mobility or ADL difficulty or improvement to no difficulty, 70–85+ yr olds, 2 yr follow-up, 998
sociodemographic & interest factors & values that affect public attitudes toward & confidence in agencies implementing voluntary grassroots approach to salmon recovery in Oregon, 35765
sociodemographic & labor market outcomes, subjective well-being, adult cohorts, Australia, 17439
sociodemographic & occupational & health factors as predictors of changes in alcohol intake, 40–50 yr old non vs occasional vs light vs moderate vs heavy drinkers, 2 yr study, 17548
sociodemographic characteristics & comorbidity & alcohol dependent symptom recency, health-related quality of life, male 38–55 yr old twins discordant for alcohol dependence, 34375
sociodemographic characteristics & drug-using behaviors & HIV risk & HIV seroprevalence, chronic drug users from rural vs urban areas in Florida, 18310
sociodemographic characteristics & knowledge of & attitudes toward HIV/AIDS & risk behavior & vulnerability to HIV infection, male homosexual & bisexual 18–49 yr olds, 37795
sociodemographic characteristics & placement history & levels & patterns of psychotropic medication use, 6–12 yr olds in foster care, 38335
sociodemographic characteristics & prevalence of drinking & perceptions of alcohol related problems, male vs female Punjabis living in Canada, 17538
sociodemographic characteristics & psychiatric history & general practitioner contact & method used, 13–24 yr olds who committed suicide, 34272
sociodemographic characteristics, 18–65 yr old self-referrals vs referrals with mental health problems made by psychology service to stress workshops open to general public, 30605
sociodemographic correlates of religious participation, African Americans, 23849
sociodemographic correlates of virginity, 7th grade Black & Latino students, 20601
sociodemographic factors & functional status, use of advanced care directive vs do-not-resuscitate order prior to vs after admission, male vs female Black vs White nursing home residents, 1993–94 , 22230
sociodemographic factors & HIV/STD knowledge & attitudes & risk behavior, 12–21 yr old Hmong-Americans, 31132
sociodemographic factors & medical comorbidities, self ratings of physical & mental health & symptoms & quality of life, patients with schizophrenia, 30706
sociodemographic factors & mother's health behavior & pregnancy outcomes, epidemiology of behavioral problems, 16–42 yr old nulliparous mothers of children assessed at age 3 yrs, Finland, 30139
sociodemographic factors & national trends in alcohol consumption, White vs Black vs Hispanic 18–60+ yr olds, 1984 vs 1995, 7762
sociodemographic factors & tobacco smoking prevalence & consumption, 18–64 yr old French vs American females, 4698
sociodemographic factors in inequalities of rates of psychiatric morbidity within general vs high risk populations, implications for government policy changes to reduce inequity, 4843
sociodemographic variables & alexithymia & age, 18–80 yr olds, 8063
sociodemographic variables & clinical parameters & family history in rapid cycling affective disorder, 27575
sociodemographic variables & prevalence of symptoms of mental distress & neurosis, city residents, Ethiopia, 34066
sociodemographic variables, leisure participation & satisfaction & life satisfaction, 65–98 yr olds, 14086
sociodemographics & morbidity & reasons for encounter, frequent attenders of Finnish health center, 2474
sociodemographics & patterns of drug use & drop out rate from drug treatment therapeutic communities, adult heroin users, Greece, 25537
socioeconomic & demographic characteristics & sexual behavior & history of sexually transmitted diseases, risk for herpes simplex virus type 2, 18–76 yr old female sex workers, 14923
socioeconomic & demographic factors associated with suicide & role of gender, adults aged 65 yrs old & older, British Columbia, 11 yr study, 1671
socioeconomic characteristics & demographic & motivational attributes & use of preventive health services & prior contraceptive use, contraceptive discontinuation, adults, 6 developing countries, 33830
socioeconomic indicators, opioid use prevalence, residents of Barcelona, Spain, 34256
speaker labeled as from Detroit vs Canada, perception of vowel sounds, Detroit-area residents, 10074
survival analysis vs traditional methodology for studying demographic & work-related predictors of turnover behavior, professional employees, 16125
teacher demographic & classroom structural characteristics, kindergarten teachers, implications for facilitating children's transition to kindergarten, 9392
teaching styles & learning mode preferences & world views & demographics, technology-using teaching educators, 2837
tolerance of nonconformity & demographic factors, attitudes toward legalization of prostitution, 18+ yr olds, 37020
types & severity & number of presenting problems, clinic referred male vs female 4–18 yr olds of African descent, US vs Jamaica, 37230
variations in baseline attainment & pupil demographic & background factors on early literacy skills, children entering primary school, England, 16381
work & demographic factors, lifetime & current use of licit & illicit & prescription & over-the-counter drug use & dependence & negative consequences of alcohol consumption, 19–72 yr old female nurses, 24516
work stressors & role strains & social support & demographics & alcohol consumption, hospitality managers, 3073

Demographic Characteristics—Books

Crime and immigrant youth, 21381
Demographic differences in organizations: Current research and future directions, 39012
Kindreds of the earth: Badaga household structure and demography, 20684

Demographic Characteristics—Chapters

The adolescent alone: Who and how?, 31931
American Sign Language and reading ability in deaf children, 34725
Asian American health and disease: An overview of the issues, 7659
Asian grandparents, 4536
Endogenous and exogenous factors in childhood health and disease, 11822
Entering psychotherapy: Probabilities, routes, and finances, 31503
Epidemiology of suicide, 8321
Exposing the Great Equalizer: Demythologizing Internet equity, 4562
Gender variations, 4542
Grandparenthood among Hispanics, 4546
Grandparenthood over time: Historical and demographic trends, 4544
Grandparents and older grandchildren, 4411
Helping Native American Indian and Alaska Native male youth, 34842

Hispanic/Latino health and disease: An overview, 7660
Lives in the balance: A profile of homeless youth in New York City, 30152
Migrant health, 1439
Minority issues, 5861
Neuropsychological assessment of executive functions: Impact of age, education, gender, intellectual level, and vascular status on executive test scores, 6655
Treating nicotine dependence, 15651
Trichotillomania: Descriptive characteristics and phenomenology, 8215
Who is in psychoanalysis now? Empirical data and reflections on some common misperceptions, 15265
Demonic Possession [See Spirit Possession]
Demonstrations (Social) [See Social Demonstrations]
Dendrites—Serials
activity stress, hippocampal dendritic atrophy, male rats, 3875
density of dendritic spines on cerebral cortical pyramidal neurons, postmortem brains of 44–83 yr olds with schizophrenia, 1589
MK-801, dendritic pruning & behavioral recovery after sensorimotor cortex lesions, rats, 7067
nonlinear dendritic processing & object knowledge encoding & storage & retrieval in multimodular associative memory networks , 32493
self-stimulation, excrescence density in apical dendrites of hippocampal CA3 neurons, adult male rats, 3898
Denial—Serials
cultural myths & psychological processes in minimization or denial of female-perpetrated child sexual abuse, 18106
denial of memory deficit & dementia severity, patients with Alzheimer's disease (mean age 76 yrs), longitudinal study (mean interval 1 yr 3 mo), 18418
depression & delusions & denial as new conceptualizations of loss & psychiatric phenomena associated with dementia, 24791
multidimensional conceptualization of denial, implications for treatment of alcoholism, 38623
perceptions of denial in drug recovery process, 18–31 yr old & older pregnant & parenting chemically dependent females in treatment, 19058
psychoanalytic reconceptualization to distinguish between denial & disavowal & avoidance in everyday experiences of clinical oncology, 24068
psychological & legal issues & forensic evaluation & consultation in cases of pregnancy denial & neonaticide, adolescent females, 11662
service & therapy of & role playing in denial in child abuse cases, 38523
Denial—Chapters
Awareness and denial in psychotherapy, 38383
The problem of prevention in clergy sexual abuse, 37986
Denmark—Serials
concordance between ICD-8 diagnosis of manic depression & ICD-10 diagnosis of affective disorder, psychiatric inpatients, Denmark, 1993–94, 8104
incidence of very mild to severe dementia & Alzheimer's disease, 65–84 yr olds, Denmark, 11866
prevalence & nature of abuse & neglect, children aged 4 yrs & under, Denmark, 24395
relation between change in diagnostic system from ICD-8 to -10 & increase in number of registered drug abusers in Danish mental hospitals, data from 1970 to present, 2649
Denmark—Chapters
Acquisition of literacy in multilingual contexts in Danish schools, 6188
Density (Social) [See Social Density]
Dental Surgery—Serials
sensory pain thresholds for mechanical & electrical stimulation in nerves exposed to post-injury inflammation, 18–61 yr olds assessed after molar extraction, 5740
Dental Treatment [See Also Dental Surgery]—Serials
brief dental health care intervention, smoking, adolescents (mean age 13.1 yrs), 2 yr followup, 33659
dental office odorant eugenol, pleasantness & autonomic nervous system responses transcribed into basic emotions, dental care fearful vs non-fearful 20–28 yr olds, 26314
dental problems caused by eating disorders & recommendations for their prevention, 24661
frequency of & ability to control negative cognitions about dental treatment, dentally anxious vs nonanxious 18–75+ yr olds, 18827
interrater reliability of Communication in Dental Settings Scale & relationship with patient satisfaction with consultation, 20–24 yr old student dentists & their 14–68 yr old patients, 32701
oral health & effects of behavioral problems on treatment , patients with Downs Syndrome, 24635
psychological validity of Seattle system of diagnostic categories of dental anxiety & fearfulness, 18 yr olds & older, 2476
self-efficacy & outcome expectations & dental health value, prediction of dental plaque preventive oral hygiene behavior, 22–72 yr olds, 25372
Dentist Patient Interaction [See Therapeutic Processes]
Dentistry—Serials
disclosure of HIV status to dentists, dental patients with HIV, 14964
history of relationship between medicine & dentistry & limits of medical dominance, 1868–1918, 15694
oral health beliefs & attitudes, Chinese 13–17 vs 30–50 vs 60–80 yr olds, 35054
Dentistry—Chapters
The role of the dental profession in tobacco cessation, 12548
Dentists—Serials
disclosure of HIV status to dentists, dental patients with HIV, 14964
factorial validity of Dutch version of Maslach Burnout Inventory, 21–62 yr old dentists, 13115
Dentists—Chapters
Challenges and techniques for the treatment of nicotine dependence by physicians and dentists, 12543
Deoxyglucose—Serials
2-deoxy-D-glucose & mercaptoacetate, protein vs fat macronutrient self-selection, male rats, 23571
food deprivation duration & utilization of metabolic fuels 2-deoxy-D-glucose & isophane insulin, food hoarding & intake, female jirds, 33317
hippocampal metabolic activity & recent- vs long-term memory store, mice, 29684
metabolic inhibitors mercaptoacetate vs 2-deoxy-D-glucose, macronutrient self-selection, male rats, 4008
Deoxyribonucleic Acid—Serials
acute & chronic ethanol exposure & withdrawal & fluoxetine, cyclic AMP-responsive element DNA binding protein & immunolabeling of brain-derived neurotrophic factor & anxiety, male rats, 17082
aging, rotenone sensitivity in NADH Coenzyme Q reductase/Complex 1 & mitochondrial membranes from human platelets, 4 vs 24 mo old male rats & 19–30 vs 66–107 yr old females, 7152
autoantigen expression of DNA end-binding factor in tissues, adult NMRI vs Ku86-deficient mice vs rat embryos vs pups vs adults, 3815
cholecystokinin & antisense oligodeoxynucleotide, anxiety, male rats, implications for human anxiety disorders, 644
complementary DNA cloning & genomic expression & location & organization of human GABA-B receptor, implications for neurobehavioral disorders located on chromosome 6p21.3, 439
DNA pooling for identification of quantitative trait loci associated with cognitive ability on chromosome 22, children of high general cognitive ability, 23286
error vs expectation based descriptions of evaluation of probabilistic DNA & other biological profile evidence, jurors , 22798
ethical problems of double agency & consent in extension of Criminal Evidence (Amendment) Act 1997 to psychiatric patients for compulsory DNA sampling, health care workers, 3241
impact of Home Office circular extension of Criminal Evidence (Amendment) Act 1977 to take DNA samples without consent & ethical dilemmas for clinical staff, mentally disordered offenders, England, 3242
interest in & receipt of DNA testing, family members at risk for Fragile X Syndrome, 11776
isolation & characterization of cDNA encoding phospholipase C-beta shared by olfactory & visual systems, lobsters, 23364
lymphocyte DNA levels of 8-hydroxy-2'-deoxyguanosine as marker of oxidative stress, patients with Alzheimer's disease, 8647
methylation cycle & transmethylations & DNA synthesis & neurodegeneration, patients with Alzheimer's disease & dementia of Alzheimer's type, 8667
nucleotide 7543 mutation in mitochondrial DNA transfer of RNAAsp gene, hereditary basis & genetic characteristics, 11 yr old girl with myoclonic epilepsy, 37778
treatment with DNA repair inhibitors, discrimination between normal & Alzheimer's disease (AD) lymphocytes of 42–86 yr olds, 2376
Deoxyribonucleic Acid—Chapters
Focus chapter: **Research methods in behavioral genetics, 10386**
Of genes and genomes, 26562
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)—Serials
agentic & communal interpersonal behavior & dependency & self-criticism & affect, 20–69 yr old employed adults, implications for evolutionary accounts of vulnerability to depression, 37341
change in development of democractic maturity and self fulfillment, students in pre teacher training program, 35463
dependence & locus of control & parental bonding & personality disorder prevalence, alcoholic inpatients, 27864
dependency & self-criticism, affect & responses to perceived competence & autonomy of sons, mothers of 12–15 yr old adolescent boys, 27206
implicit &/vs self-attributed dependency needs in dependent & histrionic personality disorders, college students, 4999
interpersonal dependency, risk for & rates of physical illness , 8989
patterns of dependency & depression in art work & satisfaction/dissatisfaction in the military, Air Force members (mean age 42.5 yrs), 19453
relation among shyness & sociotropy & sociability & prediction & indices of interpersonal concern, college students, 17653
subjective perceptions of independence & dependence, 52–89 yr olds with osteoarthritis &/or osteoporosis, 31044
utility of scores on projective vs non-projective personality measures of interpersonal dependency as valid predictors of attachment behavior., 9832
women's dependence & family ties to men & degree of similarity in gender-related attitudes, males vs females, 7735
Dependency (Personality)—Chapters
Mixed metaphors—dependency or defence: Art therapy as an intervention within a mother–daughter relationship, 19097
Personality and aging: A psychotherapist reflects late in his own life, 27104
Dependent Personality—Serials
implicit &/vs self-attributed dependency needs in dependent & histrionic personality disorders, college students, 4999
reliability of Counterdependency Scale, assessment of counterdependent traits, patients with chronic pain, 21460
Dependent Variables—Serials
common sources of error in use of condom use as dependent variable in research, measurement issues & implications relevant to HIV prevention programs, 6691
relations between response probabilities for polytomous item scores & Guttman dependent binary variables, 19658
Depersonalization—Serials
alcohol induced depersonalization disorder, 23-yr-old male, 21336
depersonalization induced by tetrahydrocannabinol & cerebral blood flow as assessed by positron emission tomography, adults (mean age 31.8 yrs), 30028
ideas & clinical features of depersonalization from neurobiological perspective, 1481
perception of intergroup context & ingroup attraction & interdependency & depersonalization, conceptualizations of social identity, college students, 7799
temporary depersonalization & multiple personality symptoms of dissociative disorder following mild traumatic brain injury, 32 yr old male, 31194
therapeutic interventions & therapist ethics for & characteristics of patients with severe trauma in their pasts, 5590
Depression (Emotion)—Serials
acculturation related vs nonspecific daily hassles, psychological distress & depression, 19–34 yr old Vietnamese college student immigrants, Canada, 4878
active vs passive perfectionism & relationship to depressive affect, 17–50 yr olds, 11215
age & sex & patterns of depressed mood & stressful life events & family support & perceived control, 11–15 yr olds, Northern Ireland, 17330
age & sex, Beck Depression Inventory prevalence of self rated depression & factor structure, 33–60 yr old twins considered as individuals, longitudinal study, Finland, erratum, 1550
alcohol & drug usage & acculturation & depression, 18–32 yr old male Puerto Rican vs Dominican vs Colombian immigrants, US, 4603
anger expression & perceived mutuality in partner relationships, depression, female 18–54 yr olds, 4733
anxiety & depression in quality of life, patients with panic disorder, 27725
anxiety & depression in understanding strategic management decision making in organizational settings, 12820
anxiety disorders & personality factors & lifestyle, episodes of major depression, adults with non-clinical depression, 15-yr-study, 27645
association between depression & life satisfaction, 18–62 yr olds, Northern Ireland, 30506
association between interpersonal factors & depressive symptoms, 1st-time mothers, 2 yr study, 1332
attitudes toward depressed & ill patients & impact on assessment & treatment, practicing psychologists, 28877
attitudes toward life & death & their relation to employment characteristics & social comparisons & work orientation & depressive symptoms & death anxiety & life satisfaction, funeral directors, 7908

attributional style & depression & GPA, upper-level undergraduates, 4768
boundary ambiguity & mastery & couplehood & social support & stress & health, depressive symptoms, community-dwelling caregivers of institutionalized mates with Alzheimer's disease , 17408
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, errata, 27401
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, 7941
cardiovascular reactivity & depression & anxiety & autonomic control 4 wk vs 18 mo after acute myocardial infarction, 45–74 yr olds, 34599
caregiver's depressive symptoms & burden, caregiver's report vs direct assessment of activities of daily living, 53–91 yr old patients with mild or very mild dementia, 11947
caregiving burden & mastery & satisfaction & impact & depressed mood & utilization of home health care, 29–88 yr old family caregivers for functionally impaired older adults, 25474
cocaine, depressive symptoms during abstinence & subjective high produced by subsequent administration, cocaine-addicted males (aged 25–47 yrs), 34378
cognitive & behavioral & interpersonal perspectives on contagion of depressive symptoms & mood, 24201
coping responses to discrimination vs ethnic identification, depression, Southeast Asian Refugees, 33750
coping strategies & depression, 13–20 yr olds, Puerto Rico, 10837
daily stress as moderator between disease activity & education & pain as predictors of anxiety & depression, Ss with rheumatoid arthritis, 3 mo study, 5190
demographic factors & life events related to self-reported depressive symptoms, 12–19 yr olds in rural environments, 11374
depressed mood, 12–20 yr old males vs females, role of intensified gender socialization, 7558
depressed mood, capacity-demanding memory & attentional functioning, patients (mean age 50.2 yrs) with multiple sclerosis, 24775
depression & medical illness & memory as predictors of recovery of functional self-care abilities, older medical rehabilitation inpatients who had lived alone prior to admission , 2672
depression, life satisfaction & treatment satisfaction & compliance, patients with schizophrenia or major depression or anxiety disorders, 30618
depressive symptomatology & plasma cortisol release in response to strenuous physical exercise, post-menopausal females, implications for role of hypothalamic-pituitary-adrenal axis, 13682
depressive symptoms & HIV-related worry, HIV-positive females 18–24 mo postpartum, 37738
depressive symptoms as predictor of trajectory of marital quality, newly 1st-time married husbands vs wives, 4 yr study, 7673
depressive vs anxiety symptoms & elevated BP, 59–71 yr olds, 11296
depressiveness & anxiety & perceived stress & self-efficacy as moderators of relationship between physiological exercise stress & growth hormone & cortical & testosterone secretion, 17–26 yr old males, 23459
developmental asymmetry & digit length, depression, men vs women, 30676
differences in severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression , 14484
dysfunctional attitudes & depressive & anxious cognitions, depressive symptoms before & after midterm examinations & midterm outcome, 17–29 yr old college students, 30503
dysphoria, response bias in forced recall of mood congruent vs incongruent words, college students, 11370
dysphoric vs euphoric emotional states, frontal lobe cognitive task performance, females (aged 18–51 yrs), 23448
endogenous levels of dehydroepiandrosterone sulfate & depressed mood, 50–90 yr old postmenopausal women, 23808
factor analysis & utility of cognitions & affective states in differentiation of symptoms of anxiety & depression, community-dwelling 65–93 yr olds, 17689
feared loss & proximity seeking & separation protest attachment anxieties & depressive symptomatology, women, 27561
fluoxetine with cognitive-behavioral therapy, smoking cessation, 18–65 yr old smokers with subclinical levels of depression, 1 & 3 mo followups, 28770
gender & body image & depressive symptoms, low-income African American (mean age 12.5 yrs), 33973
headache frequency & psychosocial factors including depression & anxiety & somatization & functional status, junior high school students (mean age 13.7 yrs), 11800
hypocholesterolemic dietary & drug therapy, dysphoric emotions, hypocholesterolemic male outpatients, 8488
images of fashion models & pressure of cultural ideals, levels of anger & depression & body satisfaction, women with vs without disordered eating symptoms, 11750
impact of locus of control & perceived social support & their interaction on depression & immunological & neurochemical indicators of stress in response to receiving breast biopsy results, females, 13665
individual vs group mood induction, depressed mood, nondepressed Ss (ages 17–46 yrs), 19886
influence of gender roles on psychological well-being & depressed mood, comparison of actual behavior with gender-role ideal, 4653
job stress & emotional stability, parental depression & marital & parent–adolescent relations & problematic adolescent behavior as aspects of family functioning, 31–60 yr old mothers & fathers, 25915
latent trait–state model of depressed mood, mothers & their adolescent offspring, 18 mo study, 7559
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, comment reply, 22069
major &/vs minor depression & sociodemographics & health status & behavior, mortality, 55–85 yr olds, 4 yr study , 37329
major vs minor vs no depression, daily functioning, 45–79 yr olds with coronary heart disease, 1-yr followup, 28112
marital beliefs & marital losses & gains, depression, 19+ yr olds, 27185
marital satisfaction & depression & anxiety & leisure time, married missionaries experiencing stress of cross-cultural adjustment, 27133
monetary incentives & trait depression & personality factors, abstinence after immediate- vs delayed-quitting assignment, male smokers, 17536
music & melancholy & spirituality & emotional relatedness of archetypal realms & planets archetypal music therapy of M. Ficino, 2242
negative mood regulation expectancies & prediction of coping & depressive symptoms, 28–68 yr old female registered nurses, 32147
objective & subjective aspects of quality of life & social engagement & positive & negative affect & mental health, older adults, 20660
olanzapine vs risperidone treatment, course of depressive symptoms as predictor of relapse, patients with schizophrenia, 28 wk study, 31705
patterns of brain activity & distinction between anxious apprehension vs anxious arousal vs depressed vs comorbid groups, college students, 30784
patterns of interpretive processing of ambiguous prime stimuli in dysphoric vs positive mood state, college students with high depression scores, 20923
perceived role restriction & depressive symptoms, mothers of 5–8 yr olds with chronic health conditions & functional limitations, 37758
pessimistic & negatively biased content of self-focused ruminations, problem solving & efficacy expectations & willingness to implement problem solutions, dysphoric vs nondysphoric undergraduates, 37159
phenomenology of depressive experience, outpatients with major depressive disorder vs analogue depressed university students, 1511
plasma tryptophan & trait depression & anxiety & hostility, healthy male 19–56 yr olds, 36519
prevalence of major depression & depressive mood, elderly, People's Republic of China, 37308
psychoeducational group intervention, depression & anxiety & trauma symptoms, HIV/AIDS infected & affected female inmates (mean age 31.5 yrs), 14972
psychosocial resource loss vs gain & change in life events & depressive symptoms in structural equation modeling of stress & coping dynamic processes, adults, 10 yr study, 30501
relations between attributional style & depression & dreaming, 18–56 yr olds, 1359
relationship between religiosity & affective & immune status, HIV-seropositive mildly symptomatic gay males, 11844
relationship of loneliness & depression & social anxiety to social skills during conversation, 18–25 vs 65–91 yr olds in same vs mixed age dyads, 17588
relationship of perceived future opportunity to level of depressive symptomatology, 13–15 yr old inner city African Americans, 7513
relationship partner devaluation & rejection & reassurance-seeking & self-esteem, emotional distress, 16–29 yr olds, test of interpersonal theory of depression, 7800
relationship positivity & conflict & self-reported & observed parent–child interactions & child depressive symptoms, parent & child relationship attributions, 10–12 yr olds & mothers & fathers, 7670
religion, coping & depression & anxiety & event specific outcomes & achievement of personal control while waiting in the hospital while relative undergoes coronary bypass surgery, 18–75 yr olds, 28569
religious coping & behavior aspects of religiosity, anxiety & depression & immune & affective status, mildly symptomatic HIV-seropositive African-American women (ages 18–45 yrs), 28088
resource loss vs gain in conservation of resources theory as stress, depressive mood & anger, 22–40 yr old females during pregnancy & postpartum, 34004
rumination vs distraction task sequencing, depressed & dysphoric mood induction, 18–77 yr olds, implications for response styles theory, 27406
screening for presence & severity of adjustment disorder & depressive mood or major depression, 25–87 yr olds with stroke, 4-mo study, 21520
self-awareness & depressed mood & life-event influences, adolescents, 7 yr study, 7498
self-esteem & locus of control & stress & social support & perceived health & drug & alcohol use & not depression, suicidal ideation, male vs female 12–18 yr old French vs English Canadians, 10839
self-esteem & problem-solving coping skills vs social activities & support, daily hassles & depression, well adjusted vs resilient vs vulnerable adolescents , 27040
self-rated physical health & clinically defined illness, elderly participants (mean age 75 yrs) of managed care organization with no vs minor vs serious depression, longitudinal study, 30675
severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression, erratum, 21081
sex & genetics & environment, family & school connectedness & depressed mood, adolescent sibling pairs (mean age 16 yrs), 23770
sex & pubertal progress, development of depressive symptoms, 12–14 yr olds originally assessed at ages 10–12 yrs, 27604
sex attitudes & depressed mood & stress, prediction of suicide ideation, 14–17 yr olds, 37513
sex, depression & self-defeating & self-destructive behaviors as predictors of suicidal ideation, 18–60 yr olds, 17994
simple laboratory anger induction method vs Velten Mood Induction Procedure for depression, mood ratings, college students, 29449
social isolation & suppressed anger & depressive symptoms & other psychosocial factors & heart rate variability, 30–65 yr old women, 10515
socioeconomic & demographic factors & somatic health problems & negative life events & chronic strain & social support, symptoms of anxiety & depression, 19–46 yr old mothers of toddlers, 17676
stability & change in intrusive & withdrawn behavior of mother–child interaction & mother–boyfriend interaction, 16–23 yr old mothers of 3–5 mo oids, 14486
stress-moderator role of intrinsic religiousness, dysphoria, churchgoers of liberal vs conservative Protestant denominations, 1322
structural modeling analysis of anxiety & depression & personality & background factors, 28–78 yr old patients undergoing coronary artery bypass graft surgery, longitudinal study, 12321
subclinical depressive symptoms in adolescence, adult depression, 9–26 yr olds, longitudinal study, 8114
trait anger & alienation from & difficulty forgiving God, anxious & depressed mood, college students, 27365
trait depression & anxiety, lipid & lipoprotein concentrations, healthy female 18–27 yr olds, 20949
treatment history & cost, adults with comorbid substance-related disorder & dysthymia vs substance-related disorder alone, 2699

Depression (Emotion)—Chapters

Predicting depression scores from the Apperceptive Questionnaire, 29349
The role of emotion in pain, 14955

Deprivation [See Also Cultural Deprivation, Food Deprivation, Sleep Deprivation, Stimulus Deprivation, Water Deprivation]—Serials

autistic-like patterns following early global deprivation, Romanian children adopted into English families & assessed at 4 & 6 yrs, longitudinal study, 21391
chronic & intermittent & acute opiate antagonist treatment, alcohol deprivation effect, male long term ethanol experienced rats, animal model of craving & relapse, 33422
early physical & psychological deprivation, children's pretend & social role play, 4 yr old UK vs Romanian adoptees, 33662

early severe deprivation & institutional upbringing, later attachment disorder & disturbance, neonates & infants adopted from within UK vs from Romania into UK, 14691
poverty & deprivation & inequalities in children's environments, 0–15 yr old children in Britain, 20434
relationship between socioeconomic factors & deprivation & psychiatric admissions & morbidity at local level, 5 yr study, 38568
sickle cell disease & low income vs material deprivation, adjustment, 4–17 yr old children with sickle cell disease & their parents, 28000
Deprivation [See Also Cultural Deprivation, Food Deprivation, Sleep Deprivation, Stimulus Deprivation, Water Deprivation]—Chapters
Deprivation and children in care: The contribution of child and adolescent psychotherapy, 34941
Social identity and the context of relative deprivation, 30476
Depth Perception [See Also Stereoscopic Vision]—Serials
1st- vs 2nd-order stereopsis, interpolation of local texture elements for global perception of depth-modulated surfaces, Os, 26353
ability to extract depth from opposite luminance-contrast-polarity stimuli of short vs long duration, Os, 36172
AC pulsed electromagnetic fields applied transcranially over temples, depth perception & ambulatory capability, 51 yr old female with secondary progressive multiple sclerosis, 31804
acute alcohol consumption, visual short term memory & depth perception & attention, 19–54 yr olds, 23601
application of H. Bergson's analysis of humor resulting from mechanical movement to depth perception & visual illusions & knowledge retrieval as components of information-processing model of mind, 26301
binocular occlusion & binocular camouflage & vergence-induced disparity cues & perceived depth in Wheatstone–Panum limiting case, 18–40 yr old Os, 19752
characteristics of accommodation evoked by perceived depth sensation & accommodation & vergence, 24.1–38.3 yr olds, implications for visual fatigue in stereoscopic displays, 16520
constancy scaling & conflict when Zöllner illusion is viewed in 3 dimensions, 23044
contrast thresholds for binocular vs monocular detection of sine-wave Gabor patches in two-dimensional noise, 18–34 yr olds, 19744
contrast, depth perception & discrimination & stereo increment thresholds, Os, 10056
cyclopean occlusion cues & quantitative stereoscopic depth for phantom surface, Os, 10029
database framework for keyed appearance-based 3-dimensional object recognition system, 6441
delta-tetrahydrocannabinol, binocular depth inversion of natural & artificial objects, 20–47 yr old healthy male volunteers, 17057
depth & flatness information, perception of size in pictures, college students, 32827
depth & retinal motion distribution, steering accuracy in perceptual control of heading from flow field, Os, 19750
depth perception in 2-dimensional picture, adult hens, 7010
disparity minimization vs ''within surface'' hypothesis for & validity of nonius lines as technique for measuring cyclovergence in torsional alignment, Os, 19749
disparity of signal & noise elements in stereoscopic depth cues, motion perception thresholds, stereo-normal vs stereo-blind Os, 19753
eccentricity & vergence angle, relative tilt of vertical vs horizontal meridia in minimum motion paradigm, Os, 19732
experience-dependent integration of texture & motion cues to depth, Os, 36156
frequency & features of resultant impaired stereoacuity, adults (mean age 33.05 yrs) with traffic accident induced head trauma , 28188
impaired depth perception of operation site during minimally invasive surgery, 22066
influence of 3-D structure-recovery stage on motion correspondence in 2-D velocity-measurement process, Os, 23040
model for role of distance scaling in stereoscopic slant perception, Os, 19713
monocular depth cues, disconjugacy of eye saccades, 32790
monocular gap size & disparity between left & right eye view of images & unpaired gap stereograms, binocular perceived depth, adult Os, 13196
objective vs subjective methods to determine depth-of-field of eye for different pupil diameters & wavelengths, 23–39 yr olds, 17006
occlusion, stereoscopic depth discrimination, humans, 13184
perception of absolute distance & visually directed action tasks, human psychophysical performance, observers with normal vision, 177
presentation of different visual depth cues, effects of binocular disparity &/vs motion parallax on task performance, Os, implications for the design of telepresence systems, 35744
random vs symmetrical dot pattern structure, depth separation of stereoscopically overlapped dot planes, adult Os, 10036
relationship between binocular stereopsis & motion parallax in depth perception task, college students with vs without amblyopia, 18468
responsiveness & awareness to line drawings in 3-D structures in curved objects, 5–5.5 vs 8–8.5 mo olds, 13943
reverse correlation examination of stereoscopic vision system & depth perception, adults, 36165
selective adaptation approach to perceptual depth synthesis processing from stereopsis & motion parallax & texture, college students, 10054
slanted reference plane, threshold of & sensitivity to differences in perceived depth, 32809
spatial extent of briefly presented cyclopean depth pedestal, stereoacuity thresholds, Os, 19746
spatial layouts differing in scale, anisotropy of perceived 3-D shape & size under monocular vs binocular viewing, 19–40 yr old Os , 19735
speed & optic flow patterns, judgments of depth of large targets briefly presented in upper periphery, Os with normal visual acuity & stereopsis, 3490
stereoscopic depth, completion of partially occluded figures with unambiguous parsing from motion cues, adult Os, 10060
transparency perception asymmetry & contrast thresholds & depth perception & principal nonlinearity in 2nd-order stereopsis, Os, 26333
visual exploration of gap depth, judgment of gap crossability, college students, 6774
visual measurement of relative 2-D vs 3-D distance of collinear dots rotating in slanted plane, Os, 19758
weak fusion & modified weak fusion & strong model as models of visual cue combination for object depth & object shape perception, 35798
Depth Psychology—Books
Men who batter women, 34319
Dermatomes [See Cutaneous Receptive Fields]
Desegregation [See Social Integration]
Desensitization (Systematic) [See Systematic Desensitization Therapy]
Desertion [See Abandonment]
Design (Experimental) [See Experimental Design]
Design (Man Machine Systems) [See Human Machine Systems Design]
Desipramine—Serials
age & sex, pharmacokinetics of desipramine, 6–17 yr old patients, 12157
antidepressant efficacy of sertraline vs desipramine hydrochloride, females with premenstrual syndrome or dysphoric disorder, 38244
antidepressants, lipopolysaccharide, induced depressive behavior & anhedonia, rats, 36622
chronic desipramine treatment & catecholamine levels in specific brain regions, Flinders Sensitive Line rats, model of depression, 23366
chronic desipramine treatment, burying behavior & elevated plus maze test, ovariectomized vs cycling vs proestrus vs diestrus female rats, 20288
desipramine or fluoxetine treatment, relapse during tryptophan depletion, 20–65 yr old outpatients with depression, 28418
desipramine treatment, social functioning, patients with dysthymic disorder, 31644
desipramine vs fluoxetine, treatment response & catecholamine excretion, depressed patients, 2392
desipramine vs morphine after early chronic variable stress, effect of inescapable shock on active avoidance behavior, male rats, 13841
desipramine with vs without lithium, 23–64 yr olds with severe depression, 2291
desipramine, brain serotonin 2 receptor binding, 30–50 yr olds with major depression, 31714
desipramine, buprenorphine- vs methadone-maintained opioid-dependent cocaine-abusing 20–53 yr old males vs females, 35004
desipramine, cardiovascular reactivity & norepinephrine levels during physical exercise, healthy 7–18 vs 19–66 yr olds, 10676
desipramine, norepinephrine re-uptake transporter mRNA & 3H-nisoxetine binding, SK-N-SHSY5Y cells, 33517
efficacy of clomipramine vs desipramine, 26–55 yr old patients with panic disorder, 18734
ethanol vs desipramine, immobility period, Sardinian alcohol-preferring or Marchigian Sardinian alcohol-preferring male rats, 29985
fluoxetine & desipramine & separation, biogenic amine activity, mother- vs peer-reared rhesus monkeys, 26751
fluoxetine or desipramine, peripheral antinociceptive action in inflammatory pain, male rats, 33481
fluoxetine vs desipramine, headache improvement & relation of pain control to changes in depression, 19–59 yr olds with chronic tension type headache, 5784
GABA-B mechanism involvement in baclofen or imipramine or desipramine or citalopram induced antinociception, male mice, 17093
in vivo microdialysis study of zotepine vs other antipsychotics clozapine & ziprasidone & olanzapine & antidepressant desipramine, extracellular noradrenaline levels, male rats, 4258
possible inhibition of desipramine metabolism by ibuprofen, 15-yr-old male with comorbid attention deficit disorder & major depression & dysthymia, 2317
serotonin selective reuptake inhibitors vs desipramine, noradrenergic vs serotonergic probe-assessed brain monoamines, patients drug-free & depressed vs in remission with vs without antidepressants , 2292
Desipramine—Chapters
Temperament and the pharmacotherapy of depression, 25247
Desirability (Social) [See Social Desirability]
Desires [See Motivation]
Detection (Signal) [See Signal Detection (Perception)]
Detention (Legal) [See Legal Detention]
Determinism—Serials
antireligious content in Quest scales & association between religious intrinsicness & absolutism & importance of ''ideological'' in religious orientation research, adults (mean 19.96 yrs), commentary, 7630
Darwin-like mechanism of chaotic evolution of animals & humans & model on relationship between thoughts & feelings & actions, 17145
deterministic & probabilistic causation of events, 14266
Determinism—Books
Three seductive ideas, 802
Determinism—Chapters
Amazing grace: Sources of phenotype variation in genetic boosterism, 26567
Behavioral genetic determinism: Its effects on culture and law, 26564
Detoxification—Serials
accidental ingestion of naltrexone, ultra-rapid opiate detoxification, 30-yr-old male methadone maintenance patient, 32045
combinations of naltrexone & buprenorphine taper over 8 days, withdrawal symptoms & medication use, 18–40 yr olds in opioid detoxification, 38622
demographics & drug use history & urine toxicology & detoxification medication & admission day, self-discharge against medical advice, adult patients in hospital drug detoxification unit, 35272
efficacy of government implemented drug detoxification & rehabilitation plan, drug abusers, Peoples Republic of China, 32054
muscle performance of arms & legs, 20–50 yr old detoxified alcoholic men, 21355
residential detoxification for substance abusers with HIV/AIDS, 15637
Detoxification—Chapters
Combined behavioral and pharmacological treatment during opioid detoxification: A review, 18575
Developed Countries—Serials
differences in social indicators of neuroticism & extraversion as national-character dimensions, 32 industrialized countries, 36943
suicide certification reliability & sensitivity, World Health Organization mortality data for 15–75 yr olds & older, 20 higher-income countries, cross-national research implications, 27812
Developed Countries—Chapters
HIV prevention for the general population, 31856
Insights for HIV prevention from industrialized countries' experiences, 31861
Interventions for injecting drug users, 31849
Developing Countries—Serials
acceptability of voluntary HIV testing & counseling in developing countries, pregnant females, Africa & Thailand, 9037
application of social & behavioral & evaluation research studies to evaluation of 6-yr global HIV prevention & behavioral change program in developing countries in Latin America & Asia & Africa, 2516
appropriateness of international heat stress standards for use in tropical agricultural environments in developing countries, 18–25 yr olds, applications to agricultural work, 22744
effect of contact with modern maternal–child health services on use of family planning services, 20–49 yr old married Moroccan females, 25397
global & local dimensions of reforms in teacher education, 15841
models of consumer attitudes toward & use of coupons & sweepstakes, 18–49 yr olds in developing societies, Taiwan vs Malaysia vs Thailand, 6390

need for increased global cooperation in psychiatric epidemiological research on mental health problems & on needs of Third World & low-income populations, 30616
socioeconomic characteristics & demographic & motivational attributes & use of preventive health services & prior contraceptive use, contraceptive discontinuation, adults, 6 developing countries, 33830
transformation process of teacher education in Namibia, 15839
Developing Countries—Books
Preventing HIV in developing countries: Biomedical and behavioral approaches, 31847
Developing Countries—Chapters
Behavioral interventions in developing nations, 31860
Challenges and complexities of introducing Western models of service delivery for people with disabilities in Eastern and Central Europe, 24619
Controlling other sexually transmitted diseases, 31854
Ethical issues in conducting evaluation in international settings, 30307
The evolution of voluntary testing and counseling as an HIV prevention strategy, 31852
The global HIV/AIDS pandemic: Trends and patterns, 31149
HIV prevention for the general population, 31856
Insights for HIV prevention from industrialized countries' experiences, 31861
Intervening in blood supply and use systems: HIV testing, 31853
Interventions for adolescents, 31851
Interventions for commercial sex workers and their clients, 31859
Interventions for men who have sex with men, 31850
Interventions for workers away from their families, 31857
Literacy in developing societies: Native language versus national language literacy, 4378
Development [See Also Animal Development, Career Development, Community Development, Curriculum Development, Delayed Development, Human Development, Organizational Development, Physical Development, Precocious Development, Professional Development, Program Development, Psychogenesis]—Serials
A. A. Markosyan's concept of biological reliability & relation to ontogeny & aged related dynamics of muscular motor activity & manifestations in metabolic regulation, 16987
commitment to self-development & family & extended family & Arab people & village, Arab adolescents in Arab villages vs towns vs in mixed Israeli & Arab towns, Israel, 900
concepts of developing self, 10731
construction & utility of writing development scales, 13–14 yr old females, 3 yr study, 3364
creativity & development & sense of self in making art, 8–11 yr old artists, 7428
development of memory & socioemotional behavior after hippocampal damage incurred in infancy or in adulthood, monkeys, implications for origin of psychosis, 29765
development of self-concept differentiation & depressive symptomatology, normal 5th–8th graders & those with learning difficulties, 5-wk study , 17866
developmental approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6456
developmental issues & choices & self-concept, Black gay male 25–31 yr olds, 7748
developmental systems perspective of resilience & its application in schools, 2820
emergenic-epigenetic model of talent development, implications for investigating development of exceptional performance, 26946
grounded theory for development of professional school counselor identity, counselors in elementary & middle school settings, 25658
homologues & phylogeny modeled as succession of epigenetic landscapes, 444
individual & organizational growth & interaction in Internet cyberspace, 17563
molecular & genetic analysis of role of forebrain & limb & face & heart development & retinoic acid in vulnerability to schizophrenia, mice, 26612
mutation of paternally expressed Peg3 gene, maternal behavior & offspring growth, mice , 16884
object relations development & psychological & sociocultural adjustment, 22–61 yr old missionaries living in 46 countries, 27129
personal literacy history & views on literacy learning & instruction, student teachers, 6127
racial identity development & communication style & prejudice, implications for conducting effective focus groups, 1222
relation between job performance & chronological vs career age, British monarchs, 1163
relationship between genetic taste sensitivity to 6-n-propylthiouracil & food preferences & body weight, adults & 4–5 yr olds, 30137
role of developmental–behavioral pediatricians within managed behavioral health care organizations, 28818
simulation modelling techniques in study of technological innovation, 26290
social cooperation & practice youth research, 19687
test of developmental situativity theory of logic learning using computer-based instruction tools, college students, 22469
use of A. H. Maslow's hierarchy-of-needs theory in prediction of development of Quality of Life, 88 countries, 17435
Development [See Also Animal Development, Career Development, Community Development, Curriculum Development, Delayed Development, Human Development, Organizational Development, Physical Development, Precocious Development, Professional Development, Program Development, Psychogenesis]—Books
Handbook of interpersonal commitment and relationship stability, 37082
Origins of genius: Darwinian perspectives on creativity, 27414
Twin and triplet psychology: A professional guide to working with multiples, 33593
Development [See Also Animal Development, Career Development, Community Development, Curriculum Development, Delayed Development, Human Development, Organizational Development, Physical Development, Precocious Development, Professional Development, Program Development, Psychogenesis]—Chapters
Conceptual and methodological issues in developmental psychopathology research, 11308
Cultural learning, 7362
The development of music perception and cognition, 891
The family and family therapy in Norway, 21821
Innateness is canalization: In defense of a developmental account of innateness, 36646
Intersubjective attunement and linguistically mediated meaning in discourse, 17224
Ontogeny, communication and parent–offspring relationships, 16877
Ontogeny, phylogeny, and scientific development, 36650
The psychology of triplets, 33595
Synesthesia: A challenge for developmental cognitive neuroscience, 29478
Thatcher's family: The growth and development of family therapy in Britian in the 1980s and 1990s, 21810
Developmental Age Groups [See Also Adolescents, Children]—Serials
age & education, phonemic & categorical verbal fluency, 16–59 & 60–79 & 80–95 yr olds, 13959
attachment to pet & duration & intensity of grief resulting from death of pet, children vs adolescents vs adults, 7514
cultural context of syndrome of attachment disturbance mimicking symptoms of pervasive developmental disorder, 2–4 yr olds, South Korea, 14701
developmental age group, ability to provide interpersonal explanations for self-presentational behavior of others, 6–11 yr olds, 10833
developmental framework for understanding personality in middle childhood, 969
gender differences & other issues in impact of family member with schizophrenic disorder on individuals at different life stages, 1621
interrelationship among knowledge of pragmatics of life & epistemic & biographical perspective as dimensions of wisdom, 15–20 vs 25–35 vs 40–50 vs 60–70 yr olds, 36753
relationship between age at time of abuse discovery & psychological distress, male vs female 8–15 yr old victims of sexual abuse, 17989
susceptibility to attitude change over life cycle, adults, 7553
Developmental Age Groups [See Also Adolescents, Children]—Chapters
Developmental theory and research, 24555
Parent–child relationships: Development in the context of the family, 17394
Developmental Differences [See Age Differences]
Developmental Disabilities—Serials
47, XYY karyotypes, 7 yr old with autism & 14 yr old with pervasive developmental disorder not otherwise specified, 5144
adaptive social skills, institutionalized adults with autism vs Pervasive Developmental Disorder Not Otherwise Specified &/or profound mental retardation, implications for treatment, 34438
age, change in prediction ability in ball catching, male vs female 5–12 yr olds with vs without developmental coordination disorder, 1855
algorithms for pharmacotherapy of adults with developmental disabilities & difficult-to-diagnose behavioral disorders, 25197
applications & future directions of organizational behavior management with professional staff providing services for people with developmental disabilities, 9633
attitudes towards & perceptions of teamwork & team processes, health personnel & other professionals serving on teams supporting people with developmental disabilities, 29117
behavior & emotion regulation abilities during social task, 5–8 yr old developmentally delayed males, 8443
behavior chain interruption strategy for encouraging requests for more play, 3 yr olds with developmental disabilities & severe communication impairments, 38097
behavioral assessment & analysis & support in psychiatric partial hospitalization program, adults with developmental disabilities, 9204
boundaries between pervasive developmental disorders & related disorders to develop classification algorithms for pervasive developmental disorders not otherwise specified, children & adults, 14813
brain N-acetyl-aspartate concentration reduction during perinatal period, adult male rat offspring subjected to stress, implications for neurodevelopmental disorders, 11926
cardiac responsiveness during performance of attention task, hyperactive vs nonhyperactive 7–12 yr olds with pervasive developmental disorder not otherwise specified, 34422
child characteristics & family income & cohesion & support, child-related &/vs parenting stress at child's 3rd & 5th birthdays, mothers of developmentally disabled children, 11703
clinical characteristics of subtypes of pervasive developmental disorder, preschool age children, 14821
cognitive deficits in dyslexia & autism or other developmental disorders, 1849
community-based behavioral program, acquisition of self-care skills & reduction of challenging behaviors, 6.7–16.5 yr old males with autism &/or related pervasive developmental disorders, 28336
comorbidity of autism/pervasive developmental disorders & tuberous sclerosis & relation to infantile seizures & mental retardation & gene mutations, 1415
compliance for positive vs negative reinforcement with vs without extinction, escape-maintained problem behavior, 3–21 yr olds with developmental disabilities, 38087
composition & management & processes in multidisciplinary child development treatment teams, children with neurodevelopmental disability & their parents, 15486
concepts & practices in enhancement of peer interactions within context of play experiences & development of social competence, children with developmental disabilities, 34423
conceptual framework/model for review of treatment outcomes & evaluation of research in developmental disabilities, 18475
consciousness & the label of developmental vegetative state as a self-fulfilling prophecy, 5–17 yr olds born with congenital brain malformations of the cerebral cortex, 31319
continuities or distinguishing features between DSM-IV diagnostic criteria of autism & Asperger's disorder & pervasive developmental disorders not otherwise specified, 5142
demographic & support & other characteristics, adjustment & adaptation, parents of children with intellectual or developmental disability, 11691
design & site content & use of the Missouri Developmental Disability Resource Center Web site, 24580
developmental & cognitive correlates of theory of mind & emotion recognition ability, children with autism vs pervasive developmental disorder not otherwise specified, 34424
developmental presentation of DiGeorge & velocardiofacial syndromes, 33 mo old & 9.5 yr old & 12 yr old with chromosome 22q11.2 deletions, 1966
diagnosis & treatment of major depression & mania, individuals with developmental disabilities, 8727
dimensional classification of autism spectrum disorder by social communication domains, children diagnosed with autism or Asperger's disorder or pervasive developmental disorder, comment with reply, 14822
discriminant validity of Upper Preschool Level of Differential Ability Scales, discriminating between normal & at-risk preschoolers (mean age 57.28 mo) with developmental disabilities, 11695
disease course & symptoms & psychological profiles, 9 & 12 yr old males with X-linked adrenoleukodystrophy, implications for differential diagnosis of childhood neurodegenerative disorders, 11903
distinction between extinction & punishment effects of response blocking, self-injurious eye poking, 41 yr old female with developmental disabilities, 38100

Developmental Disabilities—Serials

diversified approach to assessment & treatment of behavioral & developmentsl & psychiatric disorders, young children, 18781
early history of developmental skill & learning disorders as marker of cerebral status, adult patients with arteriovenous malformations, 11914
early intervention framework on developments in language intervention, children with developmental disabilities, 35363
etiology & diagnosis & treatment of aggressive behavior in ADHD & conduct disorder & pervasive developmental disorder, 24109
evaluate a caregiver-based intervention program in community day care centers, treatment of 24–72 mo olds with autism or pervasive developmental disorder, 2606
familial & genetic factors, similarity in level of functioning & disorder subtype & symptom totals & adaptive behavior & IQ, 2.4–40.1 yr old siblings with pervasive developmental disorders, 24590
functional & extinction analysis & reinforcement effects, problem behavior in response class hierarchies, 4–8 yr olds with developmental disabilities, 38096
functional communication training using assistive devices, problem behavior, 3–15 yr olds with severe disabilities, 38083
genetic counseling for risk of autism & other pervasive developmental disorders, at risk couples, 1858
genetic epidemiology & etiology of autism & other pervasive developmental disorders, 1859
guidelines & strategies & teaching of object-related toy play skills to preschool children with developmental concerns, 35551
healing imagery in music therapy, 5 & 6 yr olds with pervasive developmental disorder, 8983
historical overview of psychiatric diagnosis & problem of diagnosing mental retardation & psychiatric disorders & issues in collecting information, persons with developmental disabilities, 8019
individual & group psychotherapy approaches & adaptations of standard psychotherapeutic techniques, individuals with mental retardation & developmental disabilities, 8757
internal scale & person response validity & intrarater reliability of School Assessment of Motor & Process Skills, 3–7 yr olds with developmental or learning delays, 9540
joint attention & affective reciprocity & theory of mind domains of social communication, 3–15.9 yr olds with autism or Asperger's disorder or pervasive developmental disorder, 24599
levels of stereotypic behavior, male S with severe developmental delays aged 19–34 yrs at 10 yr follow up, 14825
living arrangement & community support services needs, individuals with developmental disabilities & behavior problems, 34035
method for identifying nonpreferred events to serve as effective negative reinforcers through their contingent removal, developmentally delayed 4–14 yr olds exhibiting severe destructive behavior, 18573
misdiagnosis of amnesia as malingering, 52 yr old male with mild developmental disabilities, 27940
mother vs professional developmental assessment of severity & other aspects of developmental delays, 2–5 yr olds, 18123
movement times for & neuromuscular characteristics of unilateral vs symmetrical vs asymmetrical bilateral aiming movements, 6–7 vs 9–10 yr olds with developmental coordination disorders, 5139
multiplex developmental disorders & role of communication in construction of self & language, children, 8437
narratives around the experience of having a young child with disability, Latino mothers of children with mental retardation or developmental delay, 27939
neuropathic & structural & functional neuroimaging studies in study of anomalous brain structure & function in developmental disorders of childhood, 11686
olanzapine, 5–42 yr olds with autism or pervasive developmental disorders not otherwise specified, 12224
organizational behavior management & total quality management in organizations serving persons with developmental disabilities, 9619
organizational behavior management in early intervention for young children with or at-risk for disabilities & their families, 9622
organizational behavior management in large residential organizations serving people with developmental disabilities, 9189
organizational behavior management research & application in community living settings for people with developmental disabilities, 9628
origins of organizational behavior management & ecological model of staff behavior & recommendations for managers & researchers, implications for services to persons with developmental disabilities, 9635
outcomes of genetic evaluation & testing, children under 16 yrs old with pervasive developmental disorder & autistic disorder, 1844
parental perceptions of coping strategies & family strengths, families of 0–5 yr olds with developmental disabilities, 5140
parental recognition of developmental abnormalities in autism, children referred to an outpatient diagnostic service, 5138
parental training in guided compliance vs high-probability instructional sequences, child behavioral noncompliance & parental satisfaction, 4 & 5 yr old males with developmental disabilities, 25067
parent–typical toddler interactions as maintenance strategy & long term maintenance issues in language & social skills, individuals with developmental disabilities & autism, 28334
perceptions of process & outcomes & health care professional concern regarding child neuropsychological assessment, parents of 3–18 yr olds with neurodevelopmental disorders, 8624
perspectives on & factors affecting acquisition of 2nd language, children with developmental delays, 34445
perspectives on & nature of & innovations in family support services, families with children with developmental disabilities at risk for out of home placement, 9165
perspectives on history of civil rights & disability rights & self-determination for people with developmental disabilities & autism, 39081
phenomenology & etiology & assessment & pharmacologic treatment of aggressive behavior, patients with ADHD & conduct disorder & pervasive developmental disorders, 27493
play-based occupational therapy for children with developmental disabilities, 35359
prenatal stress, serotonergic system & induction of synaptic loss in hippocampus & developmental disabilites, rat offspring, implications for learning ability, 3850
prevalence & comorbidity & outcome of developmental coordination disorder, 7 yr olds, 3 yr study, 27929
prevalence & types of pica & trace metal levels & age & sex & mental retardation level & psychiatric disorders, 24–77 yr olds with developmental disabilities, 30951
prevalence of autistic disorder & Asperger's syndrome & other autistic-like conditions & stability of diagnostic symptoms & degree of impairment, 7-yr-olds from mid-sized Swedish town, 4 yr study, 34431
problems with interpersonal interactions, 20–58 yr olds with developmental disabilities in supported employment program, 25552
progressive neurologic deterioration with persistent catatonia & right hemiparesis, 23 yr old male with childhood-onset pervasive developmental disorder, 18118
prompting & reinforcement & amount of object manipulation, stereotypic self injurious behavior, 33 & 46 yr old males with developmental disabilities who engage in self injurious behavior, 15198
psychiatric issues of sexual abuse victimization & perpetration, 11–46 yr olds with developmental disabilities, 21389
psychometric properties of Full vs Short versions of Auality of Life Instrument Package, persons with developmental disabilities, 26085
psychotropic drug treatment, children & adolescents & adults with higher-functioning pervasive developmental disorders (mean age 13.9 yrs), 28461
reading & dual-task balancing, developmental dyslexia, German-speaking children (mean age 8.3 yrs) with dyslexia, 37686
reasons to & benefits of employing persons with developmental disabilities, 37634
relation between changes in general adaptive behavior & play-related skills, 35–55 mo olds with developmental disabilities, 3-yr study, 18132
reliability & validity of analog functional assessment methodology, developmentally disabled 8–10 yr olds with excess behaviors, application of generalizability theory & Behavioral Assessment Grid, 15187
reliability & validity of developmentally-oriented screening for basic social interaction capacity in at risk 2–5 yr olds, 6569
reliability & validity of Theory of Mind test, 5–13 yr olds with vs without pervasive developmental disorders, 14831
risperidone & rate of liver dysfunction & clinical factors, 5–17 yr olds with autistic and other pervasive developmental and disruptive behavior and mood and psychotic disorders, 31700
risperidone, development of dyskinesia, 4–19 yr olds with mental or developmental disorders, 12161
role in caring for patients with coexisting developmental disability & psychiatric disorder, nurses, 5824
safety & efficacy of methylphenidate treatment, 4–5 yr olds with developmental disabilities & ADHD, 28435
self-concept & social support & perception of parental preferences, behavioral adjustment & problems, 8–16 yr old siblings of 4–14 yr olds with pervasive developmental disorder or Down's syndrome, 8444
sensory & perceptual-motor performance & behavior development, 6–8 yr olds with benign congenital hypotonia, 5147
sensory integrative-based occupational therapy, functional behaviors, 3 yr old with pervasive developmental disorder, 15679
single- vs concurrent-operants procedures, evaluation of presession vs within-session reinforcement on choice behavior, 7–11 yr old males with developmental disabilities or attention deficit disorder, 24585
strategies for analyzing developmental delays & making special service eligibility decisions for preschool children using model of functional intervention-based multifactored assessment, 26220
strategies for creating opportunities & need for & maximizing instructional benefit of augmentative & alternative communication, individuals with developmental disabilities, 38634
strategies for increasing independent physical exercise & improving fitness & performance & reducing defiant behavior, persons with severe & profound developmental disabilities, 8433
structure & quality of intervention services received, parents & families of 3–9 yr olds with autism & developmental disabiltiies, 38489
suicidal ideation & gestures & threats & attempts, children & adolescents with oppositional defiant & depressive & PTSD & developmental disabilities & mental retardation, 27521
theory of mind &/or emotion recognition abilities, autistic vs unspecified pervasive developmental disorders vs psychiatric 8–18 yr olds, 14814
toys & play & role of adults with children with severe & profound disabilities, 18119
trends in pollution-associated blood lead levels & epidemiology & prevention of developmental disabilities, preschool children, Australia, 31037
use of parental concern to screen for developmental & behavioral problems, children, implications for early intervention, 25339
utility & validity of & social & nonsocial scales based on factor structure of Childhood Autism Rating Scale, 2–17 yr olds with autism vs Pervasive Developmental Disorder Not Otherwise Specified, 34442
verb frequency & morphological transparency & inflection, word recognition & mental organization/representation, 14-50 yr old developmentally language impaired francophones, 30948
visual-proprioceptive mapping & use of vision in mapping tasks, 5–7 yr olds with developmental coordination disorder, 24591
visuomotor control during aiming movements, 7 & 9 yr old males with developmental coordination disorder, 27935

Developmental Disabilities—Books

Neurodevelopmental disorders, 30956
Psychiatric and behavioural disorders in developmental disabilities and mental retardation, 30954

Developmental Disabilities—Chapters

The acquisition of Italian orthography, 27009
Advances in the cognitive neuroscience of neurodevelopmental disorders: Views from child psychiatry and medical genetics, 30968
Assessment of preschool children with developmental disabilities and at-risk conditions, 6642
Autism and other pervasive developmental disorders, 30967
Behavioural approaches to treatment: Principles and practices, 31546
Behavioural phenotypes: Towards new understandings of people with developmental disabilities, 30961
Biological and genetic factors in human development, 27948
Brain imaging and behaviour, 30973
Community services for people with developmental disabilities and psychiatric or severe behaviour disorders, 31967
Congenital hydrocephalus as a model of neurodevelopmental disorder, 31094
Dementia in developmental disabilities, 30966
Depression, anxiety and adjustment disorders in people with developmental disabilities, 30975
Family life is more than managing crisis: Broadening the agenda of research on families adapting to childhood disability, 18141
"I used to be good with kids." Encounters between speech-language pathology students and children with pervasive developmental disorders (PDD), 19145
Issues in developing effective interventions, 37661
Leisure and persons with developmental disabilities: Empowering self-determination through inclusion, 24616
Measuring the outcomes of services, 31926

Neuropsychiatry and persons with developmental disabilities, 24621
Neuropsychological assessment in genetically linked neurodevelopmental disorders, 29413
On neurodevelopmental disorders: Perspectives from neurobehavioral teratology, 30957
Part VIII: Psychiatric disorders of childhood onset, 27502
People with developmental disabilities who offend, 30969
Performance assessment using complex tasks: Implications for children with high-incidence disabilities, 16386
Pervasive developmental disorders and learning disorders, 1866
Pervasive developmental disorders, 18147
Pervasive developmental disorders: Listening training and language abilities, 38636
Psychiatric disorders in elderly people with developmental disabilities, 30960
Psychopathology of children with developmental disabilities, 30976
The psychopharmacology of challenging behaviours in developmental disabilities, 31727
The psychopharmacology of mental illness in developmental disabilities, 31718
Psychosocial characteristics of children with pervasive developmental disorders, 27955
The relationship between challenging behaviour and psychiatric disorders, 30962
Risk and protective factors in the lives of children with high-incidence disabilities, 18148
School and community influences on human development, 19222
Self-injurious behaviour and people with developmental disabilities, 30965
Service responses to challenging behaviour, 31995
Sickle cell disease, 31110
Specific developmental disorders, 12011
Stigma and architecture, 34488
Temperament: Developmental perspectives, 19363
Treatment methods for destructive and aggressive behaviour in people with severe mental retardation/developmental disabilities, 30972

Developmental Measures {See Also Bayley Scales of Infant Development}—Serials

comparison of vocabulary size & lexical context with diary study vs MacArthur Communicative Development Inventories, 9 mo old male, 1.5 yr study, 17281
construct validity of Beery's Developmental Test of Visual–Motor Integration, Taiwanese 3.3–13.3 yr olds, 36748
development of bicultural ethnic identity measure, 14–19 yr old American Indian high school students, 35885
issues in assessment of validity of Defining Issues Test on political identity development, 16314
mother vs professional developmental assessment of severity & other aspects of developmental delays, 2–5 yr olds, 18123
possible selves mapping, assessment of personal & career expectations, 11–13 yr olds, 9829
reliability & validity of developmentally-oriented screening for basic social interaction capacity in at risk 2–5 yr olds, 6569
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26105
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, 26099
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26104
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary reply, 26100
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26098
stability & validity of individual differences in infant executive function performance, prediction of preschool understanding of theory of mind, children , 873
use of Ages & Stages Questionnaires, assessment of child's developmental performance, low vs middle income parents of 4 mo olds, 32 mo study, 34

Developmental Psychology {See Also Adolescent Psychology, Child Psychology, Gerontology}—Serials

age & Piagetian & Neo-Piagetian vs Pascual-Leone's potential for learning & individual differences for prediction of academic performance, 7–10 yr olds, 6213
Bowlby's attachment theory of psychopathology & normal development & role of early experience & adaptation & transactional nature, 14469
child psychotherapy & developmental psychology perspective of family relationships & attachment & loss & internal objects & emotions, Ebenezer Scrooge & 4-yr-old boy, 15151
children's play & adult simulation/gaming & developmental theories & learning, 20429
cognitive developmental action/reflection framework & taxonomy for reflective practice with adult learners in teacher education, 32195
contentive vs indicative conceptions of representation in child theory of mind literature, 26997
continuities & discontinuities of psychopathology in developmental psychopathology, 37278
developmental psychopathology framework & biopsychosocial model of disease approach to primary care treatment of patients with psychiatric & pediatric comorbidity, 35192
developmental vs social personality models of adult attachment & mental ill health, 37225
history of motor development concepts & contribution of M. McGraw to developmental psychology theory, 1800s–present, 7399
importance of developmental perspective in psychiatry & psychopathology & lack of developmental focus in DSM, 9779
influence of European theories on developmental psychology & K. Riegel's role in reconnection to psychological development, US, 23669
logic & epistemology & the work & influence of Piaget & G. Frege, 10739
M. McGraw's neurobehavioral development theories & impact on developmental psychology, 7391
model adaptation of developmental psychologists J. Piaget & L. Vygotsky's theories of assimilation vs accommodation & actual development vs proximal development, 850
patterning of behavioral responses in social situations, internalizing vs externalizing vs mixed-syndrome 7–14 yr olds, 11344
quantitative genetic theory & behavioural genetic methodology for study of human development & developmental psychology, 23657
theory & research on lifespan psychology & lifespan ontogeny & allocation of developmental resources & intellectual functioning, 13885
unified account of A-not-B error in searching, 8–10 mo olds , 20524

Developmental Psychology {See Also Adolescent Psychology, Child Psychology, Gerontology}—Books

The Blackwell reader in development psychology, 13907
Child psychology: A contemporary viewpoint (5th ed.), 26956
A child's world: Infancy through adolescence (8th ed.), 30146
Development across the life span (2nd ed.), 30144
Developmental psychology: An advanced textbook (4th ed.), 17191
Exploring developmental psychology: From infancy to adolescence, 36714
Human development (7th ed.), 30149
Lives in time and place: The problems and promises of developmental science, 36717

Developmental Psychology {See Also Adolescent Psychology, Child Psychology, Gerontology}—Chapters

All things being equal: The two roads of Piaget and Vygotsky, 7352
Applied developmental psychology, 17232
The assessment of the child with autism: A family perspective, 37666
Commentary: Integrating relationship knowledge, 14059
Culture in development, 17200
Design, measurement, and analysis in developmental research, 17209
The development of representational abilities in middle school mathematics, 10818
Developmentalism deconstructed, 33536
A developmental–ecological perspective on Strawson's "the self", 19898
Genetic epistemology and developmental psychology, 4412
History and systems in developmental psychology, 17201
An image of aging and the concept of aintegration: Coping and mental health implications, 1025
L. S. Vygotsky and contemporary developmental psychology, 7367
Language development, 17301
Lev Vygotsky and Pierre Janet: On the origin of the concept of sociogenesis, 7364
Life-span perspectives on development, 17225
New directions in developmental research: Models and methods, 4410
Practicing eternity: Socialization, development, and social life, 33605
School and community influences on human development, 19222
Theory and research in the study of childhood exceptionalities, 27950

Developmental Stages {See Also Menopause, Puberty}—Serials

assessment of developmental changes in event-related EEG theta activity, 6–10 vs 20–30 yr olds, 572
change in construct of general deviance in transition from adolescence to adulthood, 7th–9th graders, 16 yr study, 24471
changing nature of careers & adult developmental stages & theories in contemporary organizational climates, 29062
conceptions of transition to adulthood, 21–28 yr olds, 7494
conceptions of transition to adulthood, 21–28 yr olds, commentary, 7531
conceptions of transition to adulthood, 21–28 yr olds, commentary, 7540
conceptions of transition to adulthood, 21–28 yr olds, commentary, 7557
correlates of weight concern across life-span, self esteem & feminist attitudes, 18–60 yr old females, 20951
demographics & psychological adjustment & victimization & perpetration histories, 6–12 yr olds who have engaged in developmentally unexpected sexual behaviors, 24420
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33653
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33675
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33679
developmental perspectives on sleep–wake patterns & social interactions, college students, 33645
developmental regulation of relationship goal activation & deactivation & psychological well-being, 21–35 yr olds vs 49–59 yr olds committed to vs separated from an intimate partnership, 15 mo study, 27306
developmental stage, expression of ataxin 2 in brain as seen in specimens from fetus & 2–99 yr old neurologically normal Ss & patients with AD & spinocerebellar ataxia type 2, 18382
dialogue & voice in zone of proximal development , 9774
ego development during transition from adolescence to young adulthood, 14 yr olds, 9 yr study, 20622
examination of conflict with parents & mood disruptions & risk behavior in reconsideration of G. S. Hall's views on adolescent period of storm-and-stress, 17316
families' & members' caregiving patterns throughout their lives & problems of families at particular stages, 30117
functions of emotions at each stage of human development, application of differential emotions theory, 33640
gestational stage-specific prenatal exposure to retinoic acid, regional brain weights & behavioral performance, rats, 33420
leisure behavior pattern stability & change during the transition from adolescence to young adulthood, high school seniors with mean age 18 yrs, 3 yr study, 14036
level of growth in covert antisocial behavior, correlation between childhood measures of overt antisocial behavior & adult arrests, 4th graders, 8 yr study, 24450
milestones in development of numeracy skills, 4–7 yr olds, 17287
model for defining developmental stages in drawing of geometrical objects, 2–43 yr olds, 36772
neuropsychological assessment via tasks differentially sensitive to functioning of specific cortical brain regions, developmental trends in cognitive performance, 8–23 yr olds, 17245
nutritional supplementation with vs without psychosocial stimulation, child & caregiver behavior & developmental levels, stunted vs nonstunted 12–24 mo olds, 6 mo study , 28596
philosophical & religious & transpersonal psychological & mystical views on consciousness & hierarchy of developmental stages of spirituality & mind, 30081
psychoanalytic perspective on development of normal or intrapsychic or subjective experience of time sense, 11260
Q sort patterns & resilient & overcontrolled personality prototypes, developmental outcomes until age 12, 3–4 yr olds, 33642
relationship between olfactory stimulus & leisure memory via stage of life cycle, 55–84 yr old females, 16461
risks & impairments associated with major depression in transition to adulthood, 21 yr olds, 17 yr study, 27623
role of money & public funding in psychotherapy & metaphorical relationship to pre-pecuniary stage of development, 5506
self conceptualization & navigation of developmental milestones & life course decisions in changing sociopolitical & economic context of post-Communist Russia, adolescents, 33664
sex & developmental level, coping skill acquisition in adolescence, 10851
use of Ages & Stages Questionnaires, assessment of child's developmental performance, low vs middle income parents of 4 mo olds, 32 mo study, 34

Developmental Stages {See Also Menopause, Puberty}—Books

Interventions for ADHD: Treatment in developmental context, 1864
Working with Latino youth: Culture, development, and context, 25028

Developmental Stages [See Also Menopause, Puberty]—Chapters
Developmental change: Lessons from microgenesis, 20540
Eight stages in the development of research on construct of belief in a just world?, 1275
Variable age of gene expression: Implications for developmental genetic models, 13509
Vygotsky's dynamic systems, 7365
Deviant Behavior [See Antisocial Behavior]
Deviation IQ [See Standard Scores]
Deviations (Sexual) [See Sexual Deviations]
Devices (Experimental) [See Apparatus]
Dexamethasone—Serials
amitriptyline vs dexamethasone, glucocorticoid receptor messenger RNA, healthy males, 23595
dexamethasone attenuation of hypothalamic-pituitary-adrenal function at pituitary level, subjective & reinforcing effects of cocaine, 25–45 yr old crack cocaine abusers, 34379
dexamethasone vs aldosterone dosage, corticosterone & cocaine self-administration, male rats, 706
dexamethasone, apomorphine- vs pilocarpine-induced yawning, male rats, 13747
dexamethasone, female 72 yr old & male 74 yr old with recurrent treatment-resistant depression, 25144
dexamethasone, REM vs non-REM sleep-related recall & procedural memory, 21–34 yr old males, 10639
glucocorticoid targeting & aging &/vs dexamethasone infusion, noradrenergic/adenylyl cyclase signaling in cerebellum, 9 wk vs 19 mo old male rats, 3916
metryapone with vs without dexamethasone pretreatment, plasma concentrations of neuroactive steroids, 33–57 yr olds with major depression, 2389
plasma dexamethasone, DST, Chinese patients with anxiety vs major depression , 1479
postnatal dexamethasone exposure, CNS development, rats, 13726
prediction of medium-term outcome by cortisol response to combined dexamethasone-corticotropin releasing hormone test, 25–79 yr old inpatients with major depression, 24233
reinstatement of some maternal nurturance behaviors vs dexamethasone, reversal of elevations of ACTH & corticosterone & other neural stress markers, maternally deprived rat pups , 7158
Dexamethasone Suppression Test—Serials
burnout & perceived stress, HPA dysregulation as measured by early morning free cortisol levels after awakening & after dexamethasone suppression, teachers (mean age 42 yrs), 13679
hypothalamic-pituitary-adrenal activity as measured by dexamethasone/corticotropin-releasing hormone test, 20–68 yr olds with bipolar vs unipolar depression in depressive vs remission phases, 37334
plasma dexamethasone, DST, Chinese patients with anxiety vs major depression , 1479
platelet serotonin & plasma cortisol & dexamethasone suppression test, 18–55 yr old male patients with schizophrenia, 21150
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dexterity (Physical) [See Physical Dexterity]
Dextroamphetamine—Serials
d-amphetamine vs sodium pentobarbital vs diazepam vs beta-carboline, electric-stimulus-induced alertness & emotionality measured by activity level & electric organ discharge, Gymnatus carapo, 13707
d-amphetamine, auditory selective attention & ERPs, 19–28 yr olds, 30031
d-amphetamine, conditioned inhibition, male rats, 13743
d-amphetamine, stimulus detection & choice behavior & RT, male rats, 7200
d-amphetamine-induced behavioral sensitization, sexual behavior facilitation, male rats, 13730
development of dextro-amphetamine addiction, rats, animal model, 7207
dextro-amphetamine self administration vs maintenance vs extinction vs reinstatement, dopamine fluctuations in nucleus accumbens, male rats, 20135
dextro-amphetamine, food intake vs sweet fluid with cocaine intake vs location preference, monkeys, 10574
dextroamphetamine, suppression of P50 component of auditory ERP, 21–36 yr old healthy males, implications for pathophysiology in schizophrenia, 36582
efficacy & safety of doses of amphetamine Adderall vs methylphenidate, 7–14 yr olds with ADHD, commentary, 21882
fluoxetine vs quinpirole vs dextroamphetamine, response changes in component associated with relatively weaker stimulus–reinforcer contingency, male rats , 17044
instructions about drug nature as stimulant vs sedative, discrimination between dextro-amphetamine vs diazepam & tripelennamine vs saline, 22–48 yr olds, 684
intra-amygdala R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated Pavlovian conditioned locomotor responses, male rats, 7208
intra-amygdaloid R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated instrumentally conditioned locomotor responding, male rats, 7210
methylphenidate vs dextro-amphetamine, discriminative & self-rated effects, 8–12 yr olds with ADHD, 1853
methylphenidate vs dextroamphetamine, 6.2–12.7 yr old females with ADHD, comparison with previously studied male sample, 12235
repeated d-amphetamine, mood & behavioral sensitization, 21–31 yr olds, 20383
repeated dextro-amphetamine, sensitization of mesoaccumbens dopamine projection & enhanced appetitive conditioning, male rats, 4166
serotonergic lesions vs d-amphetamine, latent inhibition in passive avoidance vs conditioned taste aversion, male rats, 13535
therapeutic efficacy & safety of methylphenidate & dextroamphetamine & pemoline & adderall, children with ADHD & comorbid conditions, 21900
tyrosine depletion, effects of d-amphetamine on subjective affective & alertness & hunger ratings, healthy 23–46 yr olds, 23549
withdrawal of repeated exposure to d-amphetamine, response to natural reward, male Long-Evans rats, 10534
Diabetes [See Also Diabetes Insipidus, Diabetes Mellitus]—Serials
adherence to traditional feminine sex role, compliance with diet & other treatment regimes & onset of diabetic retinopathy, 55 yr old diabetic woman, 15433
behavioral responses, newborns of insulin-dependent diabetic mothers, 18276
brightness matching & color vision, 11–18 yr old diabetics with vs without retinopathy, 15062
clozapine-induced diabetic ketoacidosis, 40 yr old male with paranoid schizophrenia, 15341
cognitive performance & major depression & activities of daily living, 55–97 yr olds with diabetes, 8506
demographic & diabetes & depression characteristics as predictors of response to cognitive behavior therapy for depression, 21–70 yr olds with type 2 diabetes & depression, 5536
development of Audit of Diabetes Dependent Quality of Life, measurement of perceived disease impact, adults with diabetes, 36006
diabetes & symptoms of diabetes, patients with past history of victimization, 24706
diabetes intrusiveness & personal control as mediators of depressive symptomatology, patients with diabetes (mean age 54.7 yrs), 34569
diabetes patient care & outcome assessment, 22040
diazepam, propofol-induced loss of righting reflex, male diabetic mice, 33467
different contexts & perspectives, approaches to disease management, 29–69 yr olds with type 2 diabetes vs 25–68 yr old practitioners, commentaries & responses appended, 8725
differential behavior assessed by heart rate, fetuses of diabetic vs nondiabetic mothers, 27994
discrete stress of negative life events & family environment, behavioral adjustment, 8–16 yr olds with chronic diabetes, 28027
doctors' clinical construction of chronic illness & its treatment as revealed in narratives & interactions, physicians & their patients with diabetes, 2477
experiences of living & coping with & managing disease, 17–22 yr olds with diabetes, 18281
hyperglycemia associated with olanzapine treatment, 45 yr old male with diabetes & hypertension & major depression & hallucinations, 25203
insulin treatment, spatial vs nonspatial water maze learning and hippocampal synaptic plasticity assessed by long term potentiation, male rats with vs without streptozotocin induced diabetes, 3990
integrated assessment & psychotherapy for management of disease & improved glucose control & integration of psychology into primary care, adults with diabetes, 12308
intracellular calcium, thermal hyperalgesia & allodynia, diabetic male mice, 33348
learning difficulties in teaching skills & techniques to diabetic patients, health care professionals , 2464
maternal depression & parents' distress & passive coping, child's emotional & behavioral functioning, 0–17 yr olds with juvenile rheumatoid arthritis vs diabetes, 5211
participation vs nonparticipation in treatment adherence study & demographic characteristics & treatment adherence, 11–18 yr olds with diabetes & their families, 22955
prevalence of psychiatric problems, 8–17 yr olds with asthma vs individuals with diabetes, 34573
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & future research directions, children & adolescents, commentary, 28581
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & issues in psychologists' resistance to Division 12 task force documentation of effective interventions, commentary, 28576
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & self-management & behavioral relaxation in asthma treatment, children & adolescents, commentary, 28577
psychological treatment of disease-related symptoms in asthma & diabetes & cancer, children & adolescents , 28578
psychosocial & behavioral interventions, children with severe oral feeding problem & cystic fibrosis & diabetes, commentary, 25013
quetiapine treatment & new onset diabetes mellitus, 42 yr old male with bipolar disorder, 34132
reliability & validity of KINDL, measurement of health-related quality of life, 10–16 yr olds with juvenile diabetes or bronchial asthma, 3356
ryanodine vs thapsigargin & pretreatment & calcium in modifications of naloxone-precipitated withdrawal jumping & noradrenaline turnover frontal cortex, morphine-dependent mice with vs without diabetes, 13795
satisfaction with care & role of process of patient care, adult patients with diabetes treated in Veterans Affairs vs county-funded health care system, 28705
school adjustment & reactions of teachers & classmates, 14–18 yr olds with diabetes, implications for counselors, 5208
sequential ketoconazole & lithium carbonate antistress treatment following resistance to amino reuptake inhibitors, 60 yr old woman with depressive illness & type 2 diabetes, 31618
serotonergic vs dopaminergic mediation of effects of morphine on formalin induced nociception, streptozotocin induced vs noninsulin dependent genetically diabetic db/db mice, 4277
service use, adults with alcohol dependence vs depression or diabetes with vs without comorbid alcoholism, 12405
stages & patterns of readiness of change & prevalence of quitting advice, smokers vs nonsmokers with diabetes, implications for smoking interventions , 28048
structures and processes of transformational experiences, individuals with Type I diabetes (24–81 yrs old), 38423
subclinical cardiovascular disease & diabetes mellitus & apolipoprotein E genotype, cognitive decline, 65+ yr olds, 28024

Diagnosis [See Also Computer Assisted Diagnosis, Differential Diagnosis, Educational Diagnosis, Galvanic Skin Response, Medical Diagnosis, Psychodiagnosis]—Serials

1994 & 1998 consensus diagnostic clinical criteria for frontotemporal dementia & progressive nonfluent aphasia & semantic dementia as clinical syndromes of frontotemporal lobe degeneration, 31292
accuracy of criteria used in diagnosing Alzheimer's Disease & subsequent autopsy results, 60+ yr old community-based patients with memory complaints, 21576
accuracy of diagnosis of delirium, 13–78 yr old emergency patients, Brazil, 5900
agitated melancholia & mixed states with the psychopathology of agitated depression, diagnostic criteria & clinical forms, 37318
approaches & barriers to diagnosis of dementia, primary care physicians, 34609
behavior rating scales & concordance between multiple informants in diagnosis of ADHD, 29379
behavioral characteristics without associated mental retardation, 12-yr-old female with Smith-Magenis syndrome, 1925
central features of & overlap between ICD-10 & DSM-IV diagnostic criteria & neurodevelopmental & academic & cognitive correlates, 6–12 yr olds with ADHD vs hyperkinetic disorder, 11702
chief complaints, checkup findings, elderly over 65 yrs of age, China, 35163
clinical diagnosis & meaning & uncertainty, 53–64 yr olds with suspected dementia, 8670
clinical outcomes & patterns of course of 1st-episode psychoses & diagnostic stability, 1st & 2nd generation African-Caribbeans vs other patients, 3 yr followup, UK, 27673
clinical value of diagnostic trends on behavioral & electrophysiological tests, children with auditory processing deficits associated with learning difficulties, 35877
comparison of rating scales vs clinician diagnosis of dementia, 35–72 yr olds with Down's syndrome, 35932
conceptualization & diagnosis & medical management of malingering, 30570
construct validity of Miller Assessment for Preschoolers, 2.8–5.7 yr olds with developmental delays, 8429
contradictions & clinical & methodological caveats in literature on retrograde amnesia, 8633
core set of criteria based on clinical features, diagnosis of definite & probable & possible Parkinson's disease, 11891
cortical hyperexcitability or loss of habituation & use in diagnosis of visually evoked ERP, 6–17 yr olds with migraine with vs without aura or episodic tension headache or ergotamine-induced headache, 5205
criticism of prescription-only status of antidepressant drugs & clinical-economic context of diagnosis of depression, 15300
CSF beta-amyloid levels as biochemical diagnostic marker, patients with Alzheimer's disease, 20-mo followup, 31176
cumulative effect of deviant structure in cerebral hemispheres & 3rd ventricle & 3 association cortex sulcal landmarks on diagnosis, 15–61 yr old males with schizophrenia, 30731
demographic & professional variables & sources of information & attitudes & patient characteristics, choice of truthful diagnosis disclosure, 28–75 yr old Lebanese physicians with cancer patients, 2796
development & evaluation of Early Vocalization Analyzer, detection of later communication problems, 6–13 mo olds, 18214
developmental follow up diagnostic & referral service, follow through on diagnostic recommendations, up to 30 mo olds receiving child welfare services in home or foster care, 12453
developments in clinical & pathological diagnosis of dementia with Lewy bodies, 37884
diagnosis & prognosis & treatment of major depression, patients with Parkinson's disease, 21596
diagnosis & successful treatment with psychoanalytic psychotherapy, 10 yr old male with Asperger's syndrome, clinical case report, 31603
diagnosis & treatment & disease course & outcome, 0.9–18 yr olds with neuroleptic malignant syndrome, 11338
diagnosis & treatment of binge eating disorder, 24646
diagnosis & treatment of multiple anxiety comorbidity in unstable bipolar syndromes, 37330
diagnosis & treatment of psychogenic & other nonepileptic seizures, 34740
diagnosis of schizophreniform disorder, 37-yr-old woman, 6 mo followup, 24268
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 14740
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 1752
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary reply, 1785
diagnostic accuracy of vocabulary tests, 4–5 yr olds with specific language impairment, 21439
diagnostic criteria for pseudoseizures, older children & adolescents, 34568
diagnostic hierarchy for & differential diagnosis in Alzheimer's disease & Lewy body disease & vascular dementia, 5327
diagnostic memory & dementia evaluation in multidisciplinary memory clinic in neurological setting, 19–97 yr olds, 31246
diagnostic process & psychiatric symptomatology in Kleine-Levin syndrome, 11921
diagnostic stability & changes, children & adolescents in residential treatment, 15574
diagnostic validity of carbohydrate-deficiency, assessment of problem drinking, 18–70 yr old males, 27868
diagnostic value of diffusion-weighted MRI & PET & SPECT & EEG findings, 68 & 51 & 71 yr olds with probable Creuzfeldt-Jakob disease, 34662
diagnostic value of stalic acids as potential biological markers of alcohol abuse, 27–70 yr old social drinkers & alcoholics, 27880
difficulties & improvement of detection & diagnosis of psychiatric disorders, people with learning disabilities, 21402
diffuse weighted MRI, detection of long term changes in cerebral connections & neural development & evaluation of diseases that affect white & gray matter, 34674
DSM vs Child Behavior Checklist measures of false positive vs negative vs true positive vs negative cases of psychopathology, 5–17 yr olds & parents, 11328
early neuroanatomy & later diagnostic outcome & attentional behavior, 2.6–6.3 yr olds provisionally diagnosed with autism, 21386
effectiveness of opioid addiction pupil dilation test in rapid diagnosis, 18–52 yr old opioid dependent patients in outpatient drug dependency unit, 30884
epidemiology & diagnosis & management of life threatening psychiatric emergencies, elderly adults, 34306
experience of diagnosis of autism, parents of 9–12 yr olds with autism, 37638
experiences of pain & self-care & medical treatment & meaning of diagnostic tests, 26–65 yr old chronic back pain patients, 21485
factors in delayed diagnosis of dementia & other related illness, families & caregivers, 18348
feasibility of expanding role to include routine detection of & brief intervention with alcohol misusers in police custody, forensic medical examiners, 9233
forensic psychiatric legislation, declaration of medicolegal insanity & clinical diagnoses, offenders subjected to evaluation, Sweden, 1988–95, 19534
frequency of corroboration of clients' premorbid dissociative symptomatology in dissociative identity disorder, clinicians, 24331
gender-related differences in alcohol-related problems & alcohol-induced illness, implications for diagnostic evaluation of alcohol & drug abuse problems in females, 1795
guidelines to identification & diagnosis & management of spouse abuse in uniformed services, military physicians, 16176
hierarchical analysis of somatic symptoms & psychiatric diagnoses & disability, 18–67 yr old primary care patients with unexplained symptoms, 1930
history & clinical characteristics & diagnosis & treatment, children & adolescents with bipolar disorders, 37336
history of smoking behavior & concept & psychiatric diagnosis of nicotine craving, 1775
home-based multidisciplinary Memory & Aging Project Satellite outreach program for diagnosis & treatment, 57–102 yr old minority & underserved inner-city patients with dementia, 35227
identifying fetal alcohol syndrome & fetal alcohol effects, 12–18 yr olds with behavior problems in criminal justice system, 37561
incidence & demographics & risk factors & clinical evaluation & diagnosis & treatment & prevention & biology of & legal issues in neuroleptic malignant syndrome, commentary, 17822
latent class analysis of classification errors in screening & clinical diagnosis as alternative to classification analysis, 9957
laterality as possible diagnostic indicator of drug dependency, 17–21 yr old heroin addicts, 1759
level of satisfaction of inpatient care delivered at VA hospitals, patients with psychiatric vs nonpsychiatric diagnoses, implications for assessing quality of care, 22686
lifetime history of major depression & phobia, stage of breast cancer diagnosis, adult females (mean age 68 yrs), 37797
microbiology laboratory provides clues to diagnosis of self-induced infection in Munchausen's syndrome, 30-yr-old female with recurrent septic arthritis of ankle , 8279
missed diagnosis of Wilson's disease, male patient with psychiatric symptoms since age 13 yrs , 31070
neuropsychological evaluation used to diagnose & target treatment to encephalic focal lesion, 81 & 87 yr old females presenting with acute confusional state, 8615
number of case vignettes needed to produce reliable assessments of disease-class-specific diagnostic ability, postgraduate medical residents, 2764
one stop clinics vs conventional arrangements in diagnosis of symptomatic breast problems, female adults, 11791
optometry rehabilitation subspecialty for diagnosis & treatment, patients with post-brain injury visual sequelae, 35297
outcomes of patients in a memory clinic & contributions of research to clinical practice, 38509
parental recognition of developmental abnormalities in autism, children referred to an outpatient diagnostic service, 5138
parental reports & diagnoses for otitis media & related hearing impairments, full- & pre-term infants, 27-mo prospective study, 21623
parents' perceptions of & satisfaction with disclosure of child's special needs, families with children from birth to 5 yrs vs 15–20 yr olds with special needs, 12417
parents' vs adolescents' reports for diagnosis of ADHD, 12–14 yr olds & their parents, Brazil, 30947
pathophysiology & clinical criteria & diagnosis & treatment of vascular dementia, 28149
patient characteristics & presentation, recognition & treatment of depression, primary care physicians, 21115
patterns of elevated BP behavior & clinical correlates & medications taken & diagnosis & management of hypertension, nursing home residents (mean age 84 yrs), 14980
physical diagnostic overlap with psychopathology, 18–65 yr old patients with acute & chronic temporomandibular disorder, 11293
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, commentary, 34525
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, 8482

prevalence & detection of malingering, patients (mean age 35.7 yrs) hospitalized for suicdal ideation or attempt, 27811
prevalence & detection of malingering, patients hospitalized for suicidal ideation or attempt, 1723
prevalence & diagnosis & onset & outcomes & treatment, primary care vs psychiatric patients with depression, 8116
prevalence & outcomes & diagnosis with not otherwise specified disorder, 9 & 11 & 13 yr olds with psychosocial impairment not meeting DSM-III—R criteria, 1 yr followup, 11314
prevalence of domestic violence & relationship to diagnosis, 14–84 yr old female outpatients with chronic neurologic disorders, 31212
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female , 11991
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24902
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24898
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24923
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, reply , 24926
psychological consequences of & intervention following learning diagnosis of dementia, 64–71 yr olds, 24910
psychotic symptoms & utility of polydiagnosis, 24 yr old female with paranoid-psychotic symptoms who responded to combination of valproic acid & carbamazepine but not to neuroleptic drugs, 38252
rates of identification & treatment of mental disorders, unconvicted male remand prisoners, 9281
reaction to diagnosis & satisfaction with treatment availability & provision & clinical outcome, patients with non-epileptic attack disorder, 2172
reasons for & myths surrounding & educating & diagnosing children whose primary dialect is Ebonics, 27991
reliability & validity of diagnostic thermal vascular test, distinguishing between patients with Raynaud's Phenomenon (mean age 45 yrs) & healthy controls, 22868
report on Development Conference on Diagnosis & Treatment of ADHD, implications for dance/movement therapists, 31750
review of clinical features & etiology & diagnosis & treatment options, patients with sleep disorders, 14924
role of detailed clinical observation & neuropsychiatric organizing paradigm in diagnosis & treatment, 27-yr-old HIV-1 positive male with delirium & aphasia & mania & complex partial seizure disorder, 21504
role of MRI & SPECT & neuropsychological tests in early diagnosis of frontal variant of frontotemporal dementia, 49 & 50 yr old male patients, 4 & 7 yr studies, 18377
role of reasoning in diagnosis & assessment, clinical neuropsychologists, 25675
sensitivity of biochemical tests for diagnosis of alcoholism & alcohol withdrawal, male 20–65 alcoholics with vs without alcohol withdrawal syndrome, 30909
sensitivity of CAMCOG naming subscale & Boston Naming & other tests, measurement of anomia in detection of Alzheimer's disease, 54–89 yr olds with probable Alzheimer's disease, 31201
signs & symptoms of recurrent headaches & identification of migraines, children, 5252
sociodemographic & practice characteristics influencing & attitudes toward referral to specialist for diagnosis & treatment of dementia in primary care practice, general practitioners, 38659
statistical decision theory & Bayes' theorem in framework for psychology of clinical judgment & decision making, 28564
Substance Abuse Subtle Screening Inventory-3, efficacy in identifying substance dependence disorders in clinical settings, adults independently diagnosed with vs without substance dependence disorder, 3319
teacher identification of & risk markers for & changes in potential self-injurious behavior, children aged less than 11 yrs with severe intellectual disabilities &/or autism, 24593
treatment & symptoms & differential & clinical diagnosis, 13 yr old female with neurologic disorder, 8620
underrecognition& diagnosis & undertreatment of depression, 21077
use of clinical criteria & biological markers & functional imaging in early diagnosis of Parkinson's disease vs Lewy body disease, 5315
use of cluster analysis to validate International Headache Society criteria for migraine & tension-type headache, headache sufferers (mean age 42 yrs), 16359
use of hormonal measures for diagnostic & research purposes in perimenopausal depression & premenstrual syndrome, 1541
use of medical &/or sociocultural model to diagnose females presenting with PMS, 24–82 yr old medical vs non-medical clinicians, 38714
use of serum anticholinergic activity in diagnosis of delirium, elderly patients just admitted to a hospital, 34074
utilization of practices designed to increase family participation in child assessment & value placed on practices by families & professionals, child development professionals, 38477
validity of answers to questionnaire on musculoskeletal problems in relation to clinical diagnoses, perception of reported musculoskeletal pain, 20–45 yr old female unskilled workers, 19645
validity of Clinical Evaluation of Language Fundamentals for identification & description of language disorders, 13.3–21.7 yr olds with traumatic brain injury, 21610
validity of full vs short form of CAMDEX interview, diagnosis of dementia, patients, 1 yr followup, 2065

DSM-III-R vs DSM-IV-R criteria for alcohol & cannabis use disorders, 12–19 yr olds in a drug clinic, 19635
DSM-IV as resource in rehabilitation counseling, 19033
DSM-IV classification of somatoform disorders, 28016
DSM-IV personality disorders & Defense Mechanism Rating Scale profiles & symptomatic distress, outpatients (mean age 29.64 yrs) seeking personality assessment & psychotherapeutic treatment, 16343
emotional response at time of potentially traumatizing event & subsequent PTSD symptomatology, undergraduates, implications for emotional component of DSM-IV criterion A-2 for PTSD, 4991
evidentiary reliability of DSM-IV & professional ethics & strategy for cross-examination of mental health professionals using DSM-IV for expert testimony, forensic psychologists, 9876
explanation & critique & rationale for dropping passive-aggressive personality disorder from DSM-IV, 17968
factor structure of DSM-IV substance disorder criteria, adult alcohol & cannabis & cocaine & opiate users, 30900
failure to distinguish pathological from nonpathological experiences & cultural beliefs in the DSM-IV definition of hallucination & proposed new definition, commentary & reply appended, 1383
history of DSM & development of DSM-IV criteria for diagnosis of delirium, 37919
importance of developmental perspective in psychiatry & psychopathology & lack of developmental focus in DSM, 9779
inclusion & exclusion of cultural factors & considerations for classification of childhood disorders in DSM-IV, 1449
inclusion of psychodynamic factors in DSM classification of anxiety disorders & agoraphobia, 4979
interrater reliability & diagnostic efficiency & hierarchical functioning of DSM-IV borderline personality disorder criteria, psychiatric inpatients with vs without borderline personality disorder, 14640
issues in DSM-IV & impact on practice of psychiatry, commentary reply, 14418
issues in DSM-IV & impact on practice of psychiatry, commentary, 14416
issues in DSM-IV & impact on practices of psychiatry, commentary, 14394
issues in role of theory in DSM development & the concept of disorder as a foundation for DSM theory-neutral nosology, commentary, 30579
issues in role of theory in DSM development, commentary, 30578
latent class structure analysis of DSM-IV borderline personality disorder criteria, psychiatric inpatients, 11496
lifetime patterns of DSM-IV subcriteria of criterion A, inpatients diagnosed with schizophrenic disorder, 27697
mental disorders & diagnosis & DSM-IV & medical model vs developmental model & relation to counselor training, comment, 37226
mental disorders & diagnosis & DSM-IV & medical model vs developmental model relation to counselor training, comment reply, 37227
percentage of patients diagnosable with DSM-IV, patients treated in clinical practice for personality pathology, 8241
prediction of DSM-III-R diagnoses from Youth Self-Report scores, homeless 13–21 yr olds, 35948
predictive validity of DSM-III-R vs ICD-9 vs ICD-10 vs CATEGO S+, prediction of 13 yr outcome, schizophrenic 15–54 yr olds, England, commentary, 14549
problems with & suggested changes to criterion of no clinically significant general language delay in DSM-IV definition of Asperger's disorder, 34428
process & outcome to enhance cultural validity of DSM-IV, 29383
relationship between problem behaviors & DSM-III-R behavioral criteria for major depression, 18–51 yr olds with intellectual disability, 30660
reliability & validity of DSM-IV & other definitions of rapid-cycling bipolar disorder, 17–71 yr olds with bipolar disorder, 34121
rethinking of DSM-IV classification of selective mutism & suggested reclassification as childhood anxiety disorder, 34516
Rorschach analysis of DSM-IV Borderline Personality Disorder, outpatients with personality disorders, 21218
self-rated alcohol drinking patterns vs DSM-III-R diagnoses of alcohol abuse & dependence, adult males (mean age 38.7 yrs) , 37556
sex bias in diagnosis of personality disorders using DSM-IV, clinicians (aged 33–84 yrs), 21222
trends & importnat changes in diagnosis of mental disorders using DSM, implications for counselors, 34048
use of Diagnostic & Statistical Manual for Primary Care, Child & Adolescent Version for recognition & management of behavioral & developmental problems, pediatricians & psychologists, 37223
validity of DSM-IV criteria for alcohol use disorders applied to adolescents, 13–19 yr olds with alcohol symptoms who do not qualify for DSM-IV abuse or dependence diagnoses, 1 yr followup, 24534
validity of DSM-IV criteria for each subtype of ADHD, 3–7 yr old children, 11692
validity of personality disorders as DSM category & use of cognitive behavior therapy in their treatment, 25047
validity of short Geriatric Depression Scale versions, diagnosis of major depressive episode according to ICD-10 & DSM-IV criteria, 60+ yr old depressed outpatients, 35919

Diagnostic and Statistical Manual—Chapters
Brief history of DSM-IV and ICD-10, 16294
Classification of disruptive behavior disorders, 24501
The history of posttraumatic stress disorder, 8224
The integration of DSM-IV diagnoses and Adlerian psychotherapy, 21751
The measurement of mental disorder, 17852
Mental illness as psychiatric disorder, 30591
Postconcussional disorder: Background to DSM-IV and future considerations, 24873
Structured diagnostic instruments in cross cultural psychiatric epidemiology: The experience in Hispanic communities and other groups, 27568

Diagnostic Interview Schedule—Serials
reliability of French Diagnostic Interview Schedule for Children, large scale mental health epidemiology studies, parents of 6–14 yr olds & 12–14 yr olds, 68
use of Diagnostic Interview Schedule for Children Version 2.3 for conducting epidemiological research & determining rates of psychiatric disorders in informal settlement area, 6–16 yr olds, 32651

Dialect [See Also Nonstandard English]—Serials
dialect discrimination with use of phonetic cues, speakers of African American Vernacular vs Chicano vs Standard American English & undergraduate & graduate student listeners, 10075
evaluation of dialect in narrative discourse, teachers vs 15–16 yr olds, 33547
evidence for whether & how verbs of psychological state with experiencer objects can form verbal passives, constructions based on Pittsburgh dialect, 7315
familiar vs unfamiliar accent, speech discrimination & phrase repetition performance, elderly with vs without dementia of Alzheimer's type, 37877
role of different linguistic levels in identification of language varieties, 21–48 yr old speakers & 18–36 yr old listeners, UK & Netherlands, 10078
use of Ebonics & nonstandard English, academic achievement, Black high school students, US, 35503

Dialect [See Also Nonstandard English]—Books
Dialects in schools and communities, 12630

Dialectics—Serials
cultural differences in dialectical vs Aristotelian logical thinking & reasoning about contradiction in proverbs & social conflict resolution & other information, Chinese vs American college students, 29588
dialectic nature of self–other relationship & its psychodynamics in work organizations, 35650
dialectical behavior therapy, emotional regulation skills, group therapy patients with binge eating disorder, 25071
dialectics of psychoanalytic research, 24074
perceptions of dialectical contradictions in turning points of relationship development, heterosexual romantic couples (mean age 21.6 yrs), 37047
relational–interpersonal approaches to transcend dialectics of love & desire in psychoanalysis, 34927

Dialectics—Books
Globalization and identity: Dialectics of flow and closure, 14143

Dialectics—Chapters
A dialectical constructivist view of representation: Role of mental attention, executives, and symbols, 10827
A dialectical paradigm for psychological research: Implications drawn from the history of psychology in the Soviet Union, 7283
Vygotsky, Piaget and the dialectic of development, 7458

Dialysis [See Also Hemodialysis]—Serials
conceptualizations of adjustment to & acceptance of chronic illness & treatment, 47–66 yr olds with end stage renal failure & their partners & home dialysis nurses, 18845
development & psychometric asscssment of the Physical Symptom Distress Scale, measurement of physical symptom distress, 20–87 yr old Chinese patients with end-stage renal disease on hemodialysis, 3349
life events & social support, depression, hemodialysis patients, 18775
physical & psychosocial environments & issues, social worker & nursing consultant & renal patients, 22048
self presentations of coping skills, adjustment, hemodialysis patients, 1 mo followup, 9025

Diaphragm (Anatomy)—Serials
modulation of phrenic motoneuron excitability during inspiratory vs expiratory phases of respiration, neonatal rats, 16937

Diastolic Pressure—Serials
low vs high work load, systolic & diastolic ambulatory blood pressure & moderation by perceived job control, 27–60 yr old male industrial workers, 4058

Diazepam—Serials
4-day vs 4-wk treatment with diazepam vs lorazepam, development of physical dependence measured by withdrawal excitation determined by EEG threshold method, male rats, 26796
acute vs repeated administration of caffeine & pentoxifylline, anxiety-like behavior, diazepam treated vs untreated male mice, 23569
anxiolytic effects of serotonin 2 & dopamine 2 antagonist type antipsychotic agent perospirone vs diazepam & haloperidol, conditioned defensive burying & social interaction, rats, 4260
blocking effect of dizocilpine on the development of tolerance to diazepam's sedative & anxiolytic effects, male rats, 13727
bullous vasculitis & fever & neutrophilia after therapy with diazepam, 50-yr-old woman with chronic depression & alcohol dependence, 25204
buspirone vs diazepam vs fluvoxamine, aversive conditioning, healthy 18–30 yr olds, 23515
chronic diazepam, stress-induced brain levels of 3 alpha,5 alpha- tetrahydroprogesterone & corticosterone, male vs female & orchidectomized vs ovariectomized rats, 20389
clorazepate & diazepam & oxazepam, experimental aggression, healthy male 18–24 yr olds, 4292
clozapine & diazepam, transient syncope & electrocardiogram changes, 50 yr old male with paranoid schizophrenia, 38323
compared central benzodiazepine binding characteristics & pharmacological profiles of 2 synthetic flavonoids with those of diazepam, male rats, 30003
design & materials for study of prenatal diazepam or promethazine exposure, postnatal somatic development, newborns, 2 yr longitudinal study, 21646
diazepam & zolpidem, cocaine- & amphetamine-induced place preference, male rats, 10622
diazepam &/vs flumazenil, head dipping & open-arm avoidance in plus-maze, male mice, 13711
diazepam before vs after convulsive stimulation, contingent tolerance & compensatory response & physical dependence, amygdala-kindled male rats, 7220
diazepam binding inhibitor & fragment octadecaneuropeptide, pentobarbital-induced sleep, group housed vs socially isolated male mice, 17034
diazepam regimens of daily subcutaneous injections vs osmotic minipump, development of tolerance in exploration & locomotor activity & tests of anxiety, rats, 33394
diazepam vs chronic alcohol, spatial reversal learning & proactive interference, male mice, 13699
diazepam vs fluphenazine treatment, symptom exacerbation, schizophrenics, 12155
diazepam vs non-selective vs selective 5-HT-1A receptor antagonists, defensive behaviors, male mice, 30004
diazepam vs tandospirone, hyperglycemia elicited by immobilization-induced stress, normal male mice, 4276
diazepam, dual task performance & attentional resource depletion to explain memory impairment, 18–26 yr old college students, 4157
diazepam, executive vs episodic memory task performance, healthy 21–41 yr olds, neurophysiological implications, 33382
diazepam, fear-potentiated startle vs fear-inhibited light reflexes, male 18–28 yr olds, 36530
diazepam, morphine tolerance & dependence & spinal mu opioid receptors, male rats, 4279

diazepam, proactive interference & list discrimination in temporal context encoding impairment, healthy adults, 4156
diazepam, propofol-induced loss of righting reflex, male diabetic mice, 33467
effect of chronic diazepam treatment on isoflurane sensitivity & effect of repeated isoflurane exposure on diazepam sensitivity, mice, 13732
flumazenil with vs without diazepam, acquisition performance during active-avoidance task & locomotor activity, male rats, 13709
GABAAalpha6 Pro385Ser & sensitivity to diazepam, offspring (aged 18–25) of parents with alcoholism, 34362
high vs low dose clonidine vs diazepam, spatial working memory, 4–15 yr old female monkeys, 36558
imidazenil vs diazepam, tolerance liability & cocaine-induced activity & extracellular dopamine in nucleus accumbens shell & striatal dialysates, male rats, 668
instructions about drug nature as stimulant vs sedative, discrimination between dextro-amphetamine vs diazepam & tripelennamine vs saline, 22–48 yr olds, 684
longterm therapy with diazepam, motor cortical excitability threshold & silent period duration after transcranial magnetic simulation, 17–45 yr old patients with anxiety disorders, 15323
lorazepam vs diazepam, picture completion & identification thresholds on basis of minima vs maxima vs inflections contour fragments, adult Os , 4289
melatonin agonist agomelatine, diazepam discrimination & methohexital self administration, monkeys & rats, implications for abuse liability, 7268
multitrial training-to-criterion procedure & diazepam, maze learning & memory & inhibitory avoidance, male rats, 20052
novel benzodiazepine omega receptor agonists Y-23684 vs RWJ-46771 vs diazepam vs clobazam, defense test battery performance & anxiolytic-like activity, male mice, 13741
prenatal physical stress & diazepam injected into pregnant female rats, body weight deficits & behavioral alterations, newborn rat pups, model for human intrauterine growth retardation, 17035
pretreatment of different dosages of nicotine, ethanol & diazepam impairment of air righting & ethanol impairment of radial maze performance, male rats, 30059
punishment level & ondansetron vs diazepam vs buspirone, anticonflict activity during FI program of punished & unpunished responding, pigeons, 639
small platform stress, diazepam withdrawal induced behavioral changes, mice, 7241
spermine with vs without diazepam & dizocilpine, acquisition & inhibition & retention of spatial learning in Morris water maze & cerebral lesions, rats, 3830

Dichoptic Stimulation—Serials

dichoptically cancelled textures & monocular input, motion-from-texture perception, Os, 26349
monocular gap size & disparity between left & right eye view of images & unpaired gap stereograms, binocular perceived depth, adult Os, 13196
transient-stereopsis system, dichoptic tuning to stimulus in vertical vs horizontal vs orthogonal orientation, Os, 23024
visual spatial integration & configuration saliency in short duration binocular rivalry, humans, 13188

Dichotic Stimulation—Serials

auditory selective attention task with consonant-vowel & noise-burst targets, dichotic listening performance, 21–52 yr olds, 16547
auditory verbal processing & dichotic listening, 3–6 yr olds with Landau & Kleffner Syndrome after recovery from epilepsy, 28186
dependencies of binaural detection on center frequency & bandwidth & interaural parameters, Ss, 36196
detection of functional asymmetry of brain with dichotic listening, 6–46 yr olds with situs inversus , 24727
dichotic listening performance, 6–11 yr olds with specific language impairment, 37722
dichotic listening tasks, laterality & short-term memory capacity & phonemic discrimination, preschool vs school-age vs post-pubertal bilingual undergraduates, 7078
ERP measured cerebral correlates of hemispheric lateralization during dichotic pitch discrimination task, 19–37 yr olds, 23415
functional cerebral asymmetry & ear advantage in dichotic stimulation with verbal stimuli in English as foreign language, 18–25 yr old female speakers of Croatian, 26622
incremental improvement of dichotic left ear accuracy & toe gnosis, 7–14 yr olds, implications for maturation of portion of corpus callosum & sense of self, 36756
left temporal lobe dysfunction & time course & topography of ERPs during phonetic & tonal dichotic listening tasks, 20–55 yr old patients with schizophrenia, 14537
pitch thresholds using new technique for generation of dichotic pitch stimuli, 10–12 yr olds with dyslexia, 1867
predictive relationship between dichotic listening deficits & substance use, young boys (mean age 11.3 yrs), 3 yr study, 30911
right ear attentional bias in dichotic listening, 8 yr olds, test of threshold effect hypothesis, 26992
synthetic speech syllables, attentional effects on right-ear advantage for verbal dichotic listening task, 29519
tomography of cerebral blood flow during dichotic presentation of consonant–vowel vs musical instrument stimuli, healthy 20–30 yr old males, 13552

Dieldrin [See Insecticides]

Diencephalon [See Also Hypothalamus, Thalamus]—Serials

expression of activated state with & without limb movements, decerebrate rats with & without posterior basal diencephalon, 23298
identification of 1st & 2nd order afferent connections of lateral habenula associated with maternal behavior, female rats, 23307
lesions in lateral habenular nucleus, nonhormonal & pup-mediated maternal behavior & pup retrieval & nest building, ovariectomized female rats, 7041
losartan, lateral parabrachial nucleus injected methysergide enhanced salt & water intake, male rats, implications for mediating role of angiotensin Type 1 receptors in subfornical organ, 4217

Dietary Restraint—Serials

attentional bias for body shape & weight words in processing of supraliminally & subliminally presented words in computerized Stroop task, female high vs low restrained eaters, 1324
binge first vs diet first course, body weight & weight anxiety & body image & age at onset & binge-purge relationship, 18–45 yr olds with bulimia, 11744
content specificity hypothesis in prediction of negative events & anxiety & dietary restraint, college students (mean age 21.76 yrs), 27353
diet & exercise, obesity, 35142
dietary restriction, vulnerability of hippocampal neurons to excitoxicity, knockin mice that express the AD-linked M146V PS1 mutation, implications for treatment of AD, 36471
dietary style & cognitive restraint & feminist values, 14–45 yr olds, implications for vegetarian dietary style as masking of dietary behavior, 14026
dieting & eating patterns & food-related nurturance & parental control & social context of eating & body weight & self-perception, 12 yr old males vs females, 17333
dieting status & dietary restraint & autonomy & self-efficacy & family functioning & peer & parental influence in sociopsychological model of initiation of dieting, 11–16 females, 12285
eating & dieting behavior & eating disorders, 17–50 yr old male vs female Australian vs Swaziland university students, 18188
eating-related risk factors & maternal restriction of child's access to snack foods as predictor of food intake, 3–6 yr olds & their parents, 30121
friendship clique & peer influences, body image & dietary restraint & extreme weight-loss behaviors & binge eating, females (mean age 15.5 yrs), 20595
health care cost impact of feeding a phenylalanine-restricted diet, 30–50 yr olds with previously untreated phenylketonuria, 11962
history & impact of dieting & dietary restraint on subsequent eating behavior, individuals with binge eating disorder, 11747
loneliness & dysphoria & dietary restraint & eating behavior, 17–34 yr old female college students, 11751
marital status & satisfaction, body image dissatisfaction & disturbance, dieters, 21407
masking hypothesis vs comfort vs learned helplessness vs distraction explanations for effect of stress on overeating, restrained vs unrestrained eaters, implications for dieters, 26700
personality & temperament & character dimensions of dietary restraint, 23–46 yr old females , 1316
planned behavioral approach to self efficacy & perceived control in eating low fat diet, 17–55 yr olds, 11189
plasma leptin levels, female patients with anorexia nervosa of restricting vs purging subtypes, 27979
positive & negative effects of group influence, eating & dieting behaviors, college residence members, 7796
psychological & other factors & body image & estimated body mass index & teasing, dieting & disordered eating, 10–16 yr olds, 18173
salt restriction vs potassium supplementation, cardiovascular responses during rest vs stress, 22–48 yr olds on high salt-low potassium diet, 17018
self-esteem & body-shape & -weight concerns assessed in subliminal vs supraliminal lexical decision tasks, female high-restrained eaters, 18182
subtyping along dietary restraint vs negative affect dimensions, eating pathology & clinical correlates & treatment response, 15–50 yr old females with bulimia, 27984
types of confounding of success & failure in restraint scores, dieters, 16328
tyramine content of pizzas & various soy products & dietary recommendations for use with MAO inhibitors, 17100
vegetarianism, weight control & dietary restraint, undergraduate females, 21411

Diets—Serials

age & diet, vocalization & belly-nosing in response to early separation from sow & weaning, 1–4 wk old piglets , 20043
altered dietary levels of protein or vitamins & minerals, morphine induced antinociceptive responses, male rats, 13758
amount & distribution of sperm stored by female mates & relationship of copulation duration & sperm storage, large & protein-fed male Mediterranean fruit flies, 33153
antidepressant drug–drug & drug–diet interactions, 2340
basal vs mid- vs high level dietary sodium chloride during pregnancy & lactation, plasma aldosterone & brain angiotensin II receptors & appetite & drinking responses, female rats, 36612
behavioral treatment, binge eating severity & self concept & dieting self efficacy & social support, 25–50 yr old obese females, 18 mo study, 34874
body image & dieting behavior & nutritional status, nationally ranked junior figure skaters, 982
chow vs cafeteria diet, flavor-nutrient learning, female rats , 13415
conditioning to solid food differing in caloric density & flavor, flavor–calorie learning & food intake, male golden hamsters , 10266
controlled motivation & goal-setting attributes, persistence with weight-loss dieting, 16–20 yr old females, 20946
controlled motivation & perceived importance of thinness for self-esteem & social context, persistence & intensity of dieting & subjective well being, 12–16 yr old females, 5 mo follow-up, 24045
development & evaluation of preventive nutrition initiative Healthy Eating Project, Air Force recruits in basic training, 28632
dietary protein restriction & subsequent selective preference for protein, male golden hamsters, 4034
dieting awareness & perceived self-worth, male vs female 8 yr olds, 928
dieting behavior & attitudes, 11–15 yr old females, 27072
dieting status & dietary restraint & autonomy & self-efficacy & family functioning & peer & parental influence in sociopsychological model of initiation of dieting, 11–16 females, 12285
eating & weight-related cognitions, 12–17 yr olds with chronic illness with vs without special dietary recommendations, 24722
effect of isocaloric intragastric carbohydrate vs fat infusions on food intake and preferences in low- vs high-fat diets, adult food-restricted female rats, 29681
effectiveness of program to increase fruit & vegetable consumption, callers to Cancer Information Service, 2517
evidence for & against association between light drinking & reduced mortality & confounding effects of diet & social class & social isolation & health status, implications for health behavior, 7763
factors affecting & promotion of health & healthy eating, 14–60 yr old & older island residents, Scotland, 5800
feasibility of diet intervention, cholesterol level, hypercholesterolemic low-income patients (mean age 56.7 yrs), 5290
feeding patterns, Procolobus versus vs Procolobus badius vs Colobus polykomos monkeys, 29715
food rules imposed on children, lower vs higher class mothers in Netherlands vs Belgium vs Germany, 1143
gender & socioeconomic variables, food & dietary health opinions & practices, 15+ yr olds, Norway, 17635
genetic & environmental influences on diet, monozygotic & dizygotic twins reared apart & spouses, 3811
high fat vs high carbohydrate vs Purina rodent chow diets, ethanol intake at 15% vs 30% concentration, male hamsters, 29991
high monunsaturated fatty acid intake, age related cognitive decline, 65–84 yr olds, Italy, 21607
high-fat diets &/vs enriched vs impoverished environmental influences, learning & memory, rats, 23477
hostility & weight status & weight cycling & dieting behaviors & nutrition attitudes, 5 yr longitudinal study, 20895
hypocholesterolemic dietary & drug therapy, dysphoric emotions, hypocholesterolemic male outpatients, 8488
imipramine & diet counseling & psychological support, obese binge eaters, 6 mo study, 34741
impact of dieting on mood & self-esteem & cognition & eating behavior & general psychological well being & alternative nondieting approaches toward eating, 35140
impact of factors on dietary behaviors, male vs female & Black vs White 4th graders, application of social cognitive theory framework, implications for children's nutrition education , 22087

impulsivity & dietary control & urge to binge, females (mean age 27.35 yrs) with bulimia, 34507
intracarotid glucose, neuronal activation of Fos-like immunoreactivity in hypothalamus, diet-resistant vs diet-induced-obese male rats, 699
leptin, selection of low- vs high-protein diets & physiological effects, male rats, 29974
light intensity & low vs high diet, alarm responses, larval mosquitoes, 3745
long-term low tryptophan diet, prolactin responses to serotonin agonists, adult male rats, 17039
maintenance on high- vs low-fat diets, sensitivity to satiating effects of cholecystokinin & bombesin, rats, 645
megavitamin & dietary treatment, schizophrenic patients, 15353
modeling log-transformed frequency distributions of interval lengths between feeding bouts, cows in various dieting conditions, 16413
muscimol stimulation of GABA-A receptors in medial vs ventral vs lateral nucleus accumbens shell, fat vs carbohydrate intake & saline vs sucrose vs saccharin taste preference, male rats, 16893
nitroprusside, food intake & glutamic & aspartic acid levels in nucleus accumbens, male rats on standard vs threonine-free diet, 721
nutrition knowledge & attitudes & fruit & vegetable consumption, African American vs White vs Hispanic vs other ethnic 9th graders, 25321
ontogeny of foraging behavior, neonatal garter snakes reared on different diets, 29711
perception of femininity & figure & diet & clothing before vs after inpatient treatment of female patients with bulimic-type vs restricting-type anorexia nervosa, 24660
personality predictors of mood & dieting, obese women (mean age 41 yrs), 8466
physical exercise & dietary habits, clinically relevant serum cholesterol levels, patients with anxiety disorders, 21188
planned behavioral approach to self efficacy & perceived control in eating low fat diet, 17–55 yr olds, 11189
poor vs high quality diet, sex role reversals in mating communication, tettigoniid bushcrickets, 3754
positive & negative factors influencing vegetable & fruit consumption & ideas for promoting their consumption, 20–45 yr old parents with children less than 12 yrs old, 22109
preference conditioning effects of mixed high-carbohydrate vs high-fat diet infusions during short- vs long-term sessions, adult female rats, 29680
preoccupying cognitions & working memory deficit associated with weight-loss dieting, female high vs low/medium restraint eaters vs dieters, 227
preparation & type of feed, diet preference, 24–48 mo old adult vs 6–12 mo old juvenile goats, 33090
protein-rich vs -poor meals after acute exercise, mood & memory performance, males (mean age 23.4 yrs), 4080
psychometric properties & factorial & predictive validity of Diet Readiness Test, 25–50 yr old females in obesity & binge eating treatment, 88
psychotherapeutic exercise demonstrating dieting–bingeing relationship, clients with eating disorders, 2174
public information about health & weight & dieting through governmental national health agenda, 35122
relationship of dieting behaviors with overeating & body mass & moods, adults (mean age 38.8 yrs), 30523
risperidone induced unremitting weight gain & subsequent implementation of low-glycemic carbohydrates & balance of proteins & fats, 9-yr-old male with autism & moderate mental retardation, 2334
salt restriction vs potassium supplementation, cardiovascular responses during rest vs stress, 22–48 yr olds on high salt-low potassium diet, 17018
social state & alimentary modifications & alcohol abuse & diagnosis of anxiety or depression, 65–87 yr olds living at home, 8044
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, commentary, 38418
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, 38421
study design & intervention & baseline survey results of Treatwell 5-a-Day program, consumption of fruits & vegetables, workers at community mental health centers, 9588
traditional vs nondiet weight control program, behavioral & psychological & biomedical outcomes, adults, 1-yr study, 38376
uncontrollable stress situation with carbohydrate rich vs poor & protein poor food, deterioration of mood & cognitive performance, 18–25 yr olds with high vs low stress-proneness , 4056
use of physician prescribed special diets & food preferences & daily & occasional drug use, elderly adults, 30262
weight loss programs & consumer protection & diet disclosure laws based on social science outcome data & state policies, 35804

Diets—Chapters

Diet, hormones, and health: An evolutionary-ecological perspective, 7142

Differential Diagnosis—Serials

age & occurrence of dementia & differential diagnosis of Alzheimers disease vs vascular dementia, 77–95+ yr olds, 24855
anxiety & related symptoms, 25–65 yr old patients with automatic implantable cardioverter defibrillators vs panic, 12337
anxious depression & differential diagnosis & treatment of coexisting depression & anxiety, 8067
Asperger's disorder misdiagnosed as borderline personality disorder, 12 & 10 yr olds with hyperactivity, 1669
assessment & differential diagnosis of phonological disorders & phonological structure of separate languages, bilingual 4.7–7.4 yr olds, 32639
clinical assessment & differential diagnosis & treatment planning, children & adolescents with obsessive-compulsive disorder, 34213
clinical overlap & use of methylation chromosome analysis for differential diagnosis of Rett vs Angelman syndrome, female 4–35 yr olds with Rett syndrome, 5203
clinical symptom overlap, patients with acute schizophrenia &/vs cocaine intoxication, 24286
cognitive & MRI features important in clinical diagnosis, patients with corticobasal degeneration vs progressive supranuclear palsy , 31323
Consortium to Establish Registry for Alzheimer's Disease measure, utility in differential diagnosis of memory disorders, adults aged 65 yrs & older, Jamaica, 16365
consultant evaluations & neuropsychological assessment in establishing differential diagnosis & psychotherapeutic & drug treatment protocol, man referred for depression with poor social functioning, 14406
cross-sectional validity of DSM-IV alcohol dependence & abuse diagnosis, adults, 11616
definition & diagnostic criteria & clinical recognition of paraphrenia as distinct from other schizophrenia-like illnesses, adult inpatients, 14575
deposition of beta-amyloid subtypes 40 and 42 in the differentiation of dementia with Lewy bodies from Alzheimer's disease, postmortem brains, 37870
development & validation of Positive and Negative Affect Scale for Children, differential diagnosis of anxiety & depression, normal 4th–8th graders & psychiatric inpatients of approximately same age, 30619
diagnostic accuracy of Schneider's first-rank symptoms for schizophrenia, inpatients with schizophrenia vs other psychoses, 14570
diagnostic characteristics, children with disordered eating behaviors vs eating disorder, application of case reports of 11 & 17 yr old females, 21428
diagnostic differences & distinguishability from other cluster B disorders, patients with bipolar mood disorder (mean age 47.5 yrs) vs borderline personality disorder (mean age 28.4 yrs) , 21021
diagnostic discriminability of low-education neuropsychological test norms, psychogeriatric inpatients with vs without dementia vs healthy elderly with limited education, 31276
diagnostic hierarchy for & differential diagnosis in Alzheimer's disease & Lewy body disease & vascular dementia, 5327
differential diagnosis & biopsychosocial clinical approach, low back pain patients, 14921
differential diagnosis & pathology, 67 yr old male with progressive dementia with parkinsonism, 18367
differential diagnosis of autism, preschool age children, 27942
differential diagnosis, Japanese patients with dementia with Lewy bodies vs Alzheimer's disease, 31251
differential diagnostic validity of affect trait scales of Multiple Affect Adjective Check List–Revised, patients with anxiety vs mood vs schizophrenic disorders, 6617
differential response to CO2 challenge, patients with respiratory vs nonrespiratory subtypes of panic disorder , 21172
differential selective-attention psychometrics, adults with obsessive–compulsive disorder vs panic disorder, 11460
evaluation of agitation vs aggression & management with drug treatment vs environmental manipulation, elderly patients with dementia, 28196
identification of types, 6–12 yr olds with sexual behavior problems, 1721
interpersonal functioning assessment & Chart of Interpersonal Reactions in Closed Living Environments, patients detained under Mental Health Act psychopathic disorder vs mental illness classification, 22296
Joubert syndrome diagnosis & features of hypotonia & ataxia & developmental delay & hyperpnea & apnea & facial appearance & oculomotor apraxia, children, 37881
major depressive episode severity assessed by 10-item Hamilton Rating Scale for Depression, adult unipolar & bipolar outpatients, 3308
medical procedures for detection of etiology & characteristics, children with infantile autism vs autistic-like behavior, 18122
misdiagnosis of neurological conversion as progressive neurological deterioration in childhood, 34558
MMPI-2 clinical & content scales, differential diagnosis of combat-related PTSD vs schizophrenia vs depression, male veteran psychiatric inpatients, 9887
neurological causes of indices of disorganized/disoriented attachment status & differential diagnosis guidelines, children, 36820
neurological evaluation & treatment with clonidine or haloperidol, resolution of persistent cough previously diagnosed as asthma & rediagnosed as Tourette's syndrome, 13 & 14 yr old males, 24811
nosological status & distinction, delirium & dementia syndromes, 37875
physical examination & laboratory screening & differential medical diagnosis as part of postdoctoral training in psychopharmacology demonstration project, 43 yr old female with mania & neurosyphilis, 25602
prognosis of continued complications through early adolescence, 3 yr old children with attention deficit disorder or conduct or oppositional defiant disorders or hyperkinesis, 14696
psychiatric morbidity, clinical vs neuropathological cohorts with dementia with Lewy bodies vs probable Alzheimer's disease, 1 mo study, implications for differential diagnosis of patients, 28121
psychosis, 88-yr-old female, implications for possible role of illness or medication use or dementia or sensory deficits, 4965
reliability & validity & diagnostic efficiency of the Rorschach Schizophrenia Index, patients with DSM-IV diagnosed schizophrenia or other psychotic disorder vs other personality disorders, 3317
Revised Psychopathy Checklist diagnosed psychopathy vs DSM-III diagnosed antisocial personality disorder, 19–57 yr old alcoholic inpatients, 19634
role of vascular changes in Alzheimer's disease vs vascular dementia diagnosis, 2028
social anxiety disorder & differential diagnosis & comorbidity & DSM-IV criteria, 21185
spectral analysis of EEG from prefrontal cortex, assessment & classification of ADHD, 6–30 yr olds with inattentive vs combined ADHD vs nonclinical controls, 24592
symptoms & mislabeling or comorbid diagnoses, obstructive sleep apnea & ADHD, male 20–50 yr olds with prior ADHD diagnoses, 34028
symptoms & neuroanatomical abnormalities in clinical criteria for differential diagnosis of Pick's disease as form of frontotemporal dementia, 31314
symptoms & neuroanatomical changes & differential diagnosis of frontotemporal dementia from Alzheimer's disease, 31213
use of medial temporal lobe MRI volumetry to clinically differentiate dementia with Lewy bodies from Alzheimer's disease, patients (mean age 72 yrs), 5353
use of SPECT & temporal-lobe oriented CT as supplement to clinical assessment & diagnosis of Alzheimer's disease, 53–96 yr olds with Alzheimer's disease vs other dementias, 7 yr study, 5359
validity of DSM-IV criteria for alcohol use disorders applied to adolescents, 13–19 yr olds with alcohol symptoms who do not qualify for DSM-IV abuse or dependence diagnoses, 1 yr followup, 24534
validity of DSM-IV criteria for each subtype of ADHD, 3–7 yr old children, 11692
validity of MMPI–Adolescent as inpatient assessment tool to distinguish eating disorder subtypes, 14–18 yr old females with anorexia or bulimia or eating disorder not otherwise specified, 29364

Differential Diagnosis—Chapters

Attention deficit/hyperactivity disorder, 1865
Cognitive behavior therapy, 31548
Dementia in public mental health settings, 24863
A guide to current psychopharmacological treatments for affective disorders in older adults: Anxiety, agitation, and depression, 31715
Neurologic aspects, 11953
Neuropsychiatric and mental health services aspects of tardive dyskinesia, 24188
Psychiatric symptoms due to medical illness, 11309
Psychosocial characteristics of children with pervasive developmental disorders, 27955
Sleep disturbances in late life, 5259

Differential Limen [See Thresholds]

Differential Personality Inventory [See Nonprojective Personality Measures]

Differential Reinforcement—Serials
absolute vs differential conditioning procedure & recognition strategy & visual field usage, pattern learning, honeybees, 13398
class-consistent differential reinforcement in matching-to-sample training, stimulus class formation, pigeons, 26486
differential reinforcement of texture & brightness cues on runway, pattern discrimination & serial learning & ordinal position effects, male rats, 33056
effects of treatment challenges with differential reinforcement of alternative behavior, 4- & 16-yr old boys & 17 yr old female referred for treatment of severe behavior problems, 15207
exposure to FR & differential-reinforcement-of-low-rate schedules & response instructions, response rates during subsequent FI schedule, college students, 32773
functional analysis of effectiveness of variable-momentary differential-reinforcement-of-other-behavior schedules, self-injurious behavior, 28–50 yr old females with mental retardation, 24637
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary reply, 25070
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary, 25065
prompting & reinforcement & amount of object manipulation, stereotypic self injurious behavior, 33 & 46 yr old males with developmental disabilities who engage in self injurious behavior, 15198
value transfer in simultaneous instrumental discrimination task, pigeons, 23194
within-trial reinforcement on timing behavior, rats, 16767
Difficulty Level (Test)—Serials
approach to predict the internal consistency for cognitively complex assessments, data from 1992 National Assessment of Educational Progress of 4th graders, 9942
correlations between Angoff ratings of minimum passing levels & observed item difficulty for borderline certification examinees, judges, 9813
self efficacy & uncertain self confidence, test scores on easy vs difficult final exams, college students, 15947
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13110
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13112
Difficulty Level (Test)—Chapters
Measuring and understanding G: Experimental and correlational approaches, 11248
Digestion—Serials
ethanol exposure, intestinal absorption, male Winstar rats , 33320
n-alkanes as markers for determination of digestive strategies, captive giraffes, 7133
postnatal emergence of osmotic dehydration anorexia & emergence of dehydration-induced inhibition of gastric emptying, 4–19 day old rat pups, 4025
Digestive System [See Also Esophagus, Gastrointestinal System, Liver, Mouth (Anatomy), Teeth (Anatomy), Tongue]—Serials
meal entrainment & suprachiasmatic nucleus lesions, plasma glucagon & glucose & insulin & motilin & corticosterone prior to vs during food anticipation, male rats, test of humoral signal hypothesis, 20053
Digestive System Disorders [See Also Cystic Fibrosis, Gastrointestinal Disorders, Liver Disorders]—Serials
behavioral assessment & treatment using prompting & reinforcement, unsafe eating behaviors, 14 yr old male with developmental disabilities & esophageal stricture, 24105
misdiagnosis of anorexia nervosa, 40 yr old female with achalasia & megaesophagus, 8499
Digit Span Testing—Serials
ERP correlates of visual short-term memory for low-load vs high-load digit recognition in delayed matching-to-sample RT task, adults, 279
memory span for Arabic numerals vs digit words, adults, implications for visuospatial short term storage system, 19844
Digits (Mathematics) [See Numbers (Numerals)]
Dihydroxyphenylacetic Acid—Serials
cocaine & haloperidol & clozapine & vitamin E & MK-801, brain dopamine dynamics following discontinuation of cocaine, male rats, model of schizophrenia, 768
prepulse inhibition of acoustic startle, dopamine & DOPAC in nucleus accumbens & striatum & apomorphine or sulpiride induced changes in evoked dopamine release, rats, 3945
Dilantin [See Diphenylhydantoin]
Dilation (Pupil) [See Pupil Dilation]
Diphenhydramine—Serials
thioperamide & scopolamine or diphenhydramine or methysergide, memory, male albino mice, 26822
Diphenylhydantoin—Serials
development of severe cerebellar atrophy & mild ataxia & some neuropsychologic problems after short-term phenytoin intoxication, young adult female with epilepsy, Finland, 2481
interaction of fluoxetine with & resulting increases in plasma levels of phenytoin & carbamazepine, 42 yr old male with grand mal seizures & behavioral problems & depression, 2 yr study, 37974
neurotoxic effects of neonatal administration of phenytoin on postnatal brain development, newborn mice, implications for human development, 13744
phenytoin, appetitive-to-aversive transfer learning, female rats, animal model of cognitive side effects of antiepileptic medication, 33363
phenytoin, cocaine self administration & cardiovascular measures & self reported craving, 20–45 yr old crack cocaine users, 18079
prenatal exposure to phenobarbital or phenytoin, hormone related cognitive functioning & spatial ability, adults, 2300
prenatal phenytoin, body & brain weight & maze learning & locomotor activity & righting & startle & orientation reflexes & eye opening & incisor eruption & negative geotaxis, male vs female rats, 20330
Diphenylhydantoin Sodium [See Diphenylhydantoin]
Diptera [See Also Drosophila]—Serials
motion adaptation & temporal delay filter, motion detection, drone-flies, 23423
Directed Discussion Method—Serials
scaffolded explanation-based approach to collaborative discussion, understanding of photosynthesis, 4th & 5th graders, 9423
Directed Reverie Therapy—Serials
cognitive-behavioral interventions & guided imagery vs progressive muscle relaxation, quality of life, 22–76 yr olds with HIV, 25050
guided imagery therapy to promote self soothing in individuals with bulimia nervosa, 18524
Launer method of guided day dreaming to uncover unconscious & subconscious conflicts, 50 yr old suicidal female, 12022
Direction Perception—Serials
acquisition of rapid calibration of reaching with & rate of adaptation to displacement prisms & movement times & peak velocities & path lengths of reaches, 18–28 yr olds, 32886
algorithmic recovery of illuminant direction from image data of smooth surface, 6463
attention switching & discrimination between 2 surfaces defined by transparent motion, adults, 26386
attention to heading vs 3-D object at focus of expansion in straight-line movement through stationary environment, perceived heading & object motion, Os, 10057
axis-of-motion of stimuli, visual direction & speed discrimination, Os, 19737
azimuth & elevation & distance functions in proximal-region auditory localization of sound source near head, listeners, 36193
changes in moving stimuli direction, smooth pursuit direction discrimination, Os, 10064
color &/vs luminance-based motion signals, perceived speed & direction of 1- vs 2-dimensional motion, Os, 23025
contrast vs spatial frequency vs flicker modulation classes of novel second-order reversed-phi stimuli, perceived motion direction, observers, 32825
course of learning & transfer of performance changes in direction discrimination of primary- vs temporal frequency- vs motion-defined stimulus, 13–56 yr olds, 16528
descriptions of route directions as navigational aids & spatial discourse in unfamiliar environments, 19–40 yr old residents of city of Venice, 19804
direction changes in orientation vs velocity of plaid stimuli, visual discrimination of angular motion, Os , 16526
direction discrimination at detection threshold for slow & fast chromatic motion, 6776
direction perception of 1- vs 2-dimensional barber-pole stimuli, adults, 16475
direction selectivity of motion-based filtering & role of target direction cues in visual search for conjunctions of motion & form, 17–42 yr olds, 29509
directional recruitment & perception of streaming in visual targets moving directly toward then past each other in ambiguous display, Os, 32848
eye movements & perception of heading direction, 23037
haptic vs visual perception of block letter orientation & uprightness, 17–39 yr olds, 29471
illusory shifts in visual direction, visual adaptation of saccadic eye movements, adult Os, 32785
learning transference between orientation & direction discrimination, adults, implications for neural mechanisms, 36266
lesions of extrastriate cortex, transient & permanent deficits in motion & direction perception & spatial orientation, monkeys, 16945
mechanisms of processing of direction discrimination of stochastic motion stimuli, Os, 3452
moving plaid stimuli viewed through elongated aperture, perceived direction of motion & direction of smooth eye movement response, adults, 3453
neuron responses in primary auditory cortex during sound stimulation of 2 ears designed to simulate sound motion in horizontal plane, rats, 20089
object-based motion information, heading judgments, adult Os, 13192
parsing of bimodal local-motion distributions into overlapping/transparent vs spatially segregated global-motion surfaces, adult Os, 13220
path perception & movement of stationary objects, Os , 23027
perception of ambiguous motion direction of 1- vs 2-dimensional moving gratings & plaids by motion mechanisms vs surface segmentation, adults, 16521
presence of nearby occluder object, perception of distant target & visual direction, Os, 36183
rapid shifts of target objects, attention & visual search, adult Os, 32863
route & survey knowledge from computer model vs direct experience vs maps of campus environment, 15–61 yr olds, 29592
same/different judgments about direction & color of apparent motion stimuli, 27 & 43 yr old males with posterior or complete forebrain commissurotomy, 15029
simulated movement through minimal but moderately naturalistic environments, constraining & accuracy of heading judgments, Os, 10010
simultaneous self-organization of place & direction selectivity in neural model of self-localization as analog of rat hippocampus, 32492
spatial frequency tuning functions for direction discrimination of optic flow patterns, adults, 32820
speed & direction of global 2nd-order motion discrimination in random-dot-kinematograms, adults, 36161
stereopsis & relative visual direction & cyclopean rules & binocular alignment, commentary, 26336
stereoscopic discrimination of apparent motion direction of sequentially presented depth patterns produced by random-dot stereograms, 23035
symmetrical vs elongated object shape, bias in perception of object motion direction, college students, 10048
target direction change, 2-dimensional tracking of motion by saccadic & smooth pursuit systems, human Ss , 19722
thresholds for visual detection of unidirectional vs bidirectional global motion signals, Os, 19721
trajectory of moving objects, perception of position, Os, 23039
tuning-curve bimodality & distortion properties of anterior thalamic head direction cells in attractor network model of head direction system, rats, 29801
utility of simple & multiple motion parallax & separation ratio for perception & control of heading in computer-simulated self-motion task, graduate students , 10028
variation in retinal eccentricity, discrimination of heading from optic flow & importance of acuity, Os (mean age 22.7 yrs) , 19710
visual stimulus parameters & retinal flow & visual field center of expansion during eye movements, systematical heading estimation errors in absence of extraretinal input, 20–35 yr olds, 32810
Disability Discrimination—Serials
Americans with Disabilities Act & pre-employment medical examinations, 9585
conscious & unconscious subjective experience of disability & role of social policies & structures & modern medicine in oppression, individuals with learning disabilities or sickle cell anemia, 34040
discriminative assumptions of utilitarian bioethics regarding persons with intellectual disabilities, 11723
experiences of stigma & discrimination, 12–94 yr old mental health consumers, 30637
feminist perspective on effects of culture of normalization on & oppressive nature of sex education, females with learning difficulties, 34470
oppression of disabled people, modernity, 17549
outcomes of employment discrimination charges filed under the Americans with Disabilities Act, individuals with psychiatric disabilities vs persons with other disabilities, 32528
perceptions of ADA & work & interpersonal & intrapersonal factors, workplace opportunities & participation, college students with disabilities, implications for rehabilitation counseling, 2665
personal account of similarities between discrimination concerning disabilities & race, White female, 11305

Disability Evaluation—Serials
collaborative model of state-provided assessment & policy development & assurance in Missouri's Disability Epidemiology & Health Project, 22077
improvements to access to disability benefits, homeless persons with mental illness (mean age 42.4 yrs), 2 yr study, 25456
issues in psychiatric disability determination & criteria & characteristics of petitioners & approaches to evaluation, psychiatrists, 34042
psychiatric symptom severity & laws & termination & appeal & recertification of Social Security disability benefits, adults disabled by alcoholism &/or drug addiction, 27889
relationship between impairment & disability measures for assessment of severity &/or improvement, 32–78 yr olds with aphasia, 18413
WAIS—R performance, detection of malingering, individuals with suspected neuropsychological deficits applying for disability vs vocational assistance, 9911
Disability Laws—Serials
Americans with Disabilities Act & pre-employment medical examinations, 9585
business response to & compliance with Americans with Disabilities Act & employment of individuals with mental disabilities, personnel managers or company representatives, 19529
construction & reliability & validity of instrument to assess attitudes toward the Americans With Disabilities Act & disability rights, 18–30 yr old college students , 45
cross-case analysis of visits to 9 sites to examine implementation of transition mandates of Individuals with Disabilities Education Act, 29016
development of Essential Functions Worksheet, determination of essential job functions & compliance with Americans with Disabilities Act, employees & supervisors, 6289
evolution of legal climate for school mental health services under Individuals with Disabilities Education Act, 35577
facts & issues related to & implications of Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, 29262
federal income support & cessation of support, check effect of increase in psychiatric emergencies, persons receiving benefits for alcohol & drug related disabilities, 15587
guidelines for understanding & application of Americans with Disabilities Act of 1990, psychiatrists, 19531
IDEA Amendments of 1997, special education reform, implications for school psychology, 12723
inclusion & individual education plan & school administration/personnel improvements & parent empowerment quality goals of 1997 Amendments to Individuals with Disabilities Education Act, children, 16273
legal basis for amendments to Individuals with Disabilities Education Act & 4-step approach to determine supplementary aids & services for children with disabilities, 9545
perceived benefits & instructional impact upon student outcomes of alternative assessments of the Individuals with Disabilities Education Act Amendments, teachers, 29024
perceptions of ADA & work & interpersonal & intrapersonal factors, workplace opportunities & participation, college students with disabilities, implications for rehabilitation counseling, 2665
social constructionist perspective on employees' requests for and employers' responses to reasonable accommodation provision of Americans with Disabilities Act, employees with disabilities, 3014
sociopolitical & psychometric & other issues raised by Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, commentary, 29261
violent behavior & accidents or errors in judgment & disability determinations as aspects of sleepiness & sleep disorders in workplace or while driving, 21474
Disability Laws—Chapters
AIDS as a legally defined disability: Implications from news media coverage, 8569
Assessing educational disabilities, 9744
Disability Management—Serials
demographic characteristics & professional development needs & vocational training, staff in employment services for people with disabilities, 9265
internal & external factors in organizational response to employee substance abuse, 342 private sector worksites , 16142
occurrence of psychiatric symptomatology & relationship to aspects of disability, family functioning, 6–18 yr olds with spina bifida, 8487
personal & professional & political issues of psychotherapy for clients with disabilities, 38657
social/contextual or environmental factors in assessing chronic pain & disability status, conference paper, 5210
Disability Management—Chapters
Behavioral health disability management, 25869
EAP intervention with workers' compensation and disability management, 25883
Special technology for the next millennium, 38591
Disabled [See Also Brain Damaged, Congenitally Disabled, Disabled Personnel, Emotionally Disturbed, Mentally Retarded, Multiply Disabled, Physically Disabled, Sensorially Disabled, Slow Learners, Speech Disabled]—Serials
disability, quality of life, persons with disabilities, 20978
adaptation to disabled infant, parents & their 6 mo old with Down's syndrome vs congenital heart disease vs cleft lip &/or palate, 37234
age normative precision in identifying disabilities, preschool test for children, 38905
analysis of court rulings & policies & professional educational programs, individuals with disabilities , 19525
approach to social justice & civil rights in community service care policies, persons with disabilities, 13003
assessment of disability & capacity for rehabilitation, aged, implications for public policy, 9930
association between depression & disability in late life, 7594
attachment & interpersonal characteristics & visibility & onset of disability & sex & use of physical assistance & mental health services, college students with vs without disabilities , 11794
attitudes toward enforced treatment & euthanasia, 17–18 yr olds with chronic diseases or disabilities, 37741
attitudes towards images representing disability in charity advertisements, disabled vs non-disabled 16–78 yr olds, 34535
awareness of nurses' involvement in & factors that affected their decisions to participate in euthanasia programs for handicapped & mentally ill children & adults during Nazi era, 21227
caregiver stress & burden & satisfaction & mental health, 49–90 yr old mothers vs fathers of children with chronic disabilities, 38548
chronic disability associated with use of wheelchair but with no organic disorder to account for disability & illness beliefs, 36–55 yr old wheelchair patients & their carers, 31046
collaborative model of state-provided assessment & policy development & assurance in Missouri's Disability Epidemiology & Health Project, 22077
commonality & difference in disabled people's movement in ethnicity & gender sexuality & age & class & simultaneous oppression, Black females & disabled Black people, 24108
content analysis of messages posted in online self-help disability issues group, 33573
coping issues in & teacher attitudes during educational mainstreaming, students with neuromuscular disease, 16016
counseling needs, student with mild disabilities in mainstream general education, 2963
criteria for controversial practices & treatment & field of early intervention & strategies for discourse between consumers, children with disabilities, implications for special education, commentary, 38904
criteria for controversial practices & treatment & field of early intervention, children with disabilities, implications for special education , 38899
critique of modernist conceptual framework of disability theory & need for disability theory with awareness of role of discourse & importance of local knowledges in shaping social & political world, 34542
demographic & physical & occupational stress & psychosocial factors, prediction of work disability, military personnel with occupational upper-extremity related disability, 5218
demographic & psychosocial & other risk factors for illicit drug use, females with disabilities, 4848
demographics & personal resources & dangerousness & degree of disability, prediction of initial legal status & commitment vs release decisions, psychiatric inpatients, 35816
dependency on government & special needs in housing, disabled persons, 12424
depression & emotional states, parents of children with disabilities, 14419
design repository & supporting tool environment in integration of accessibility guidelines into user interface development, people with disabilities, 37215
determinants of strain & correlations with level of impairment, Swedish 40–87 yr old caregivers of 80+ yr old dependent relatives, 31976
development & evaluation of distance learning program for training in services to individuals with severe/multiple disabilities, faculty & students & employers, 9435
development & use of alternate assessments for students with disabilities, implications for state policy making, 6669
development of handicap scale for elderly, assessment of hospital treatment outcomes, 76–95 yr olds, 25500
development of preschool play-based curriculum for children with disabilities, 35547
disabilities experienced & evolution of impairment & health-related quality of life, adults up to 1 yr post-stroke, implications for rehabilitation strategies, 24828
Disability-Adjusted Life Year as measure of health status & consideration of direct & indirect & social costs & economic burden of psychiatric disorders in health economics, 14415
disabled family member, health care utilization & expenditure patterns for disabled & other family members without disabilities, 18–65+ yr olds, 22112
disease & disability & activities of daily living, 65–84 yr olds vs 85 yr olds & older, 17407
disease course & severity & disability, health related quality of life, hospitalized patients with HIV, 14965
dynamics that led to successful international rehabilitation research effort, indigenous people with disabilities & vocational rehabilitation professionals, Mexico, 5910
effectiveness of service support models, parents of children with disabilities, 15500
emotional support & perception of helpfulness, grandparents with 1–19 yr old grandchildren with disabilities, 2084
employment status & decision making & attitudes toward parenting, parents of disabled vs normally developing preschoolers , 8493
essential components of community-based rehabilitation & realities of manner in which they interact & way they should interact, Spastics Society of Eastern India, 12492
etiological classification system incorporating ICD-10 diagnoses based on time & mechanism of injury to CNS for patients with intellectual disabilities, physicians, Finland, 24639
evaluation & development of treatment services, pediatric disability team, 15405
evaluation of multidisciplinary services, children with disabilities, 15485
experience as prisoner of war as a risk factor for chronic disease & later disability, male veterans (mean age 73.7 yrs), 11283
experiences & activities & peer & adult interactions & social behavior in inclusive preschool programs, 3–5 yr olds with vs without disabilities, 38885
experiences & perspectives of economic & psychological benefits of employment, employed mothers with at least 1 disabled child, 30569
exposure to interactive multi-sensory environment, achievement & generalization of Foundation Outcome Statement skills, 5–18 yr olds with severe or multiple disabilities, 9552
facilitated sex as need vs want, disabled students & personal assistants, 24081
facilitation of friendships between children with disabilities & nondisabled peers, Hispanic parents of disabled children, 34446
factors affecting decision to care for child at home vs seek out-of-home placement, families of 15 mo to 9 yr olds with severe disabilities, 25401
factors in inclusive vs noninclusive educational program placement, preschool children with disabilities, 16005
federal income support & cessation of support, check effect of increase in psychiatric emergencies, persons receiving benefits for alcohol & drug related disabilities, 15587
fluoxetine vs placebo, PTSD severity & disability & stress vulnerability & treatment efficacy in relation to chronicity, civilians (mean age 37 yrs), 28412
framework for defining & measuring quality in early intervention programs, infants & toddlers with disabilities & their families, 9541
global disability item in health surveys for measuring impact of health problems on functional abilities in older persons, 22908
grouping format during instruction, reading outcomes, students with disabilities, 15998
guidelines for avoiding due process hearings resulting from parents' dissatisfaction with their disabled childrens' special education program, individualized education program teams, 3252
Health Care Options Plus Medicaid program for people with disabilities & its impact on future of professional psychology & health care delivery, 35241

equity & gender discriminatory narratives & discursive resources used in construction of gender, 7–11 yr olds, 10844
ethnic identity & pluralism in political & racial/ethnic attitudes displayed in local public conversations, Americans, 7716
event-structure analysis of organizational mobilization & change, 16146
experience with & ability to use science tools & related discourse, mediation of learning about electric circuits, 9th grade science students, 12648
experiences of ways of coping with depression, 23–60 yr old females in rural communities, 21106
factors influencing behavior requests, 55.7–75.2 yr olds with right-hemisphere brain damage, 31192
feminist approach on utility of community of practice concept in discourse analysis of language used in date rape disciplinary tribunal, male & female tribunal members & female victims, 26903
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, 27229
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, commentary, 27236
frequency of discourse markers, action level vs descriptive level, 4 vs 7 yr olds, 33555
grounded theory analysis of becoming demoralized & feeling betrayed, previously depressed women (aged late teens to mid-50s), 21084
H. Bloom's anxiety of influence thesis & application of literary criticism to marketing literature , 12930
history of psychoanalysis & analytical psychology & interpretation of stories from different cultures from theoretical perspectives of Freud & Jung & J. Lacan & J. Derrida, 1372
Korean connective nuntey in spontaneous conversational discourse, 7310
loss of narrative innocence & development of narrative consciousness, literary analysis of stories written by 8–11 vs 15–18 yr olds, 7438
metaphors in talk of depressed women in psychotherapy, 21096

miscommunication & misunderstanding between speakers, analysis of conversational text in Hebrew short story, 23637
model of conceptual processes & constraints, tailoring speaker spatial descriptions for successful communication to listeners, 7302
narrative analysis for conceptualizations of satisfaction with physician—patient communication, 33–70 yr old female breast cancer patients, 21508
narrative elicitation task, discourse coherence & cohesion, adolescents with brain injury, 34655
narrative of dialogical engagement with voices, 59 yr old schizophrenic woman with secodnary-person auditory hallucinations, 24250
ontological & constructivist perspective of classroom discourse & cultural production, elementary school children, 15982
open-ended vs focused prompts, number of words spoken & details elicited in investigative interviews, 5–6 vs 9–10 yr olds alleging physical abuse by their parents, 13940
paradox of loss & happiness in postpartum depression over transition to motherhood, 21–41 yr old females, longitudinal study, 21101
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9294
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9298
parallels between narrative tradition in novels & paradigmatic discourse in psychology, 7272
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9303
phenomenological analysis of descriptions of guilt & its meaning, 30–45 yr old working mothers, 17659
pragmatic-rhetorical analysis of sequential structure & argumentative patterns & rationality & progress in historical economic scientific correspondence, T. R. Malthus & D. Ricardo, 33543
psycho-discursive practices & strategies involved in negotiating & constructing hegemonic masculinity, 20–64 yr old males, 33822
ratings of oral narratives by Euro-American vs African-American vs Latino 6.5–7 yr olds & child IQ & emotional/behavioral & learning/language problems & diagnoses, child clinicians, 7422
relationship of discourse to environment & organism, right-hemisphere brain-damaged Ss, 29601
repair procedures to characterize dramatic discourse approached from a conversational analysis perspective, contemporary playwrights, 26880
rise of fear in selected news media & expanded use & movement of discourse of fear across topics over time, 33570
seductive strategies in blues lyrics, 17156
societal construction of meanings, critical discourse analysis as methodology for critical nursing inquiry on notions about humans & health & illness, 15380
sociolinguistic significance of apology routines within community context via analysis of Creole word sore usage, males vs females living in Bislama, 27297
standard vs forced-choice question format, patterns & problems of responses to yes-no questions about videotaped event, 3–7 yr olds, implications for forensic interviews, 13931
topical coherence in small group discussions, college students, 27301
use of ''oh'' discourse markers in listening to spontaneous speech & in recognition of other words, college students, 10697
use of discourse marker ''whatever'' to lend appearance of fairness & rationality in attitude-laden discussion/pseudo- arguments, college students, 811
use of temporal & referential devices to create autonomous pretend play narratives, Chinese Mandarin-speaking 4 vs 6 yr olds, 7383
vagueness & approximation as examples of loose talk & relevance theory vs systemic-function & social semiotic framework-based analysis, commentary, 17161

Discourse Analysis—Books

Narrative comprehension, causality, and coherence: Essays in honor of Tom Trabasso, 32934
Social constructionism: Discourse and realism, 4324

Discourse Analysis—Chapters

Across the S–S divide, 4342
As one in a web? Discourse, materiality and the place of ethics, 4330
Can focus groups be analysed as talk?, 22982
Couples, culture, and discourse: A narrative approach, 18630
Creating an involvement-focused style in book reading with deaf and hard of hearing students: The visual way, 35556
Discourse analysis in traumatic brain injury, 37933
Discourse patterns for mediating peer learning, 19281
Dominant discourse in heterosexual relationships: Inhibitors or facilitators of interpersonal commitment and relationship stability?, 37090
Five dimensions of narrative comprehension: The event-indexing model, 32952
Improving our gender equity 'tools': A case for discourse analysis, 2960
An interpretive poetics of languages of the unsayable, 23806
Intersubjective attunement and linguistically mediated meaning in discourse, 17224
Modeling causal integration and availability of information during comprehension of narrative texts, 6886
Social represenations and development: Experts' and parents' discourses about a puzzling issue, 4506
Time to ''connect'': Synchronous and asynchronous case-based dialogue among preservice teachers, 804

Discovery Teaching Method—Serials

discovery-learning-based exploration practice vs worked-examples practice, cognitive load & domain knowledge in database program learning, college students, 28947
scientific discovery learning through computer simulations of conceptual domains, 6095
use of electronic Human Relations Area File databases for cross-cultural comparison & discovery mode teaching, college students in anthropology & archaeology classes, 28933

Discrimination [See Also Cognitive Discrimination, Drug Discrimination, Perceptual Discrimination, Social Discrimination, Stimulus Discrimination]—Serials

cognitive mechanisms in personal/group discrimination discrepancy perceptions, adult females, 37164
dissipation effect as model of causal interactions in physical systems, judgments of perturbation on populations of species in food web, college students, 36245
ethnocentrism & low vs high ingroup identification, discrimination, college students, 7813
naltrexone, ethanol reward vs discrimination, male mice, 13785
optimal acceptance threshold model, context dependent nestmate discrimination, paper wasps, 3765
paradigms of sensory memory & trace discriminability theories of tactile recency, college students, 16649
stigma & discrimination, users of mental health services, 4852
visual &/or auditory contact, individual sibling recognition, newly hatched common tern chicks, 33140

Discrimination [See Also Cognitive Discrimination, Drug Discrimination, Perceptual Discrimination, Social Discrimination, Stimulus Discrimination]—Chapters

The Black-White gap in perceptions of discrimination: Its causes and consequences, 35678
Group distinctiveness and intergroup discrimination, 30473
Reality monitoring, psychological tools, and cognitive flexibility in bilinguals: Theoretical synthesis and pilot experimental investigation, 6885

Discrimination (Cognitive) [See Cognitive Discrimination]

Discrimination (Social) [See Social Discrimination]

Discrimination Learning [See Also Drug Discrimination, Matching to Sample, Reversal Shift Learning]—Serials

ability to discriminate between gray & other colors, horses, 10286
ability to discriminate between gray & other colors, horses, erratum, 23215
ability to learn transverse patterning problem, amnesic patients, implications for effect of declarative memory on 2-choice discrimination tasks, 11929
activity-regulated c-fos gene expression in evaluation of differentiated involvement of hippocampus vs amygdala in training & performance of two-odor learning, rats , 470
allocentric vs egocentric spatial learning capabilities in landmark discrimination task, dogs, 13411
approach vs bar-press settings in auditory delayed matching-to-sample task, learning & performance, male dogs, implications for studies of neural substrate of auditory recognition memory, 13408
brain lesions of rhinal cortex or parahippocampal gyrus or hippocampus, object & place discrimination & reversal & spatial scene learning & memory, rhesus monkeys, 7080
cannabinoid ligands, learning & performance, old world monkeys, 33511
cholinergic immunotoxin ME20.4IgG-saporin vs glutamate blocker MK801 in diagonal band of Broca &/vs basal nucleus of Meynert, simple vs conditional visual discrimination learning, monkeys, 17089
combined subicular & cingulate cortical vs hippocampal lesions, thalamic training-induced neuronal activity during discriminative avoidance learning, male rabbits, 481
concurrent discrimination task & explicit memory & habit learning in humans, 69 & 62 yr olds with amnesia, 37851
conflict in explanations of retrospective revaluation of contingency judgments vs perceptual learning in rats, 20–40 yr olds, 19937
delayed matching to sample procedure, remembering time, pigeons, test of model of remembering in context of conditional discrimination, 10290
differential reinforcement of texture & brightness cues on runway, pattern discrimination & serial learning & ordinal position effects, male rats, 33056
difficulty of initial training & acquisition & transfer of strategic processing skills & memory for processed stimuli during visual discrimination tasks, 18–25 yr olds , 32769
diffuse contextual stimuli with embedded associations & contextual stimuli with features that preceded associations, associations between contexts & features, rats, 23199
discrimination & parasitism of conspecific-parasitized hosts, female wasps , 23241
discrimination analysis of training-structure effects on stimulus equivalence outcomes, 26488
discrimination of kappa opioid agonist U69,592 from vehicle & diuretic effects during FR food reinforcement trials, male vs female rats, 646
discrimination vs reinforcement in FI operant conditioning, behavioral outcomes & in vivo microdialysis measurement of hippocampal dialysate acetylcholine concentration, rats, 23201
discriminative vs nondiscriminative contextual fear conditioning with footshock, acoustic startle response & fear measured by freezing duration & defecation, male rats, 3652
dopamine D2 agonist quinpirole, temporal discrimination entrainment & attention to darkness signal duration, male rats, 4274
elemental vs configural stimulus representations, discrimination learning, adults, 155
excitotoxic hippocampal lesions, acquisition & reversal of simple & conditional discrimination learning, male rats, 10439
excitotoxic lesions of basolateral amygdala, conditional discrimination learning with primary & conditioned reinforcers, male rats, 13522
exposure to cocaine in utero during acquisition & reversal learning of discriminative avoidance response, neuronal activity in cingulate cortex & limbic thalamus, male vs female Dutch-belted rabbits, 10377
facilitation of luminance vs star discrimination in relational learning & transposition of rectangles, pigeons, 10260
fixed interval reinforcement, circadian vs ecologically-cued time-of-day discrimination & related behaviors, pigeons, 33021
formation of stimulus classes on basis of same response in conditional concurrent discriminations during overtraining, rats, 13412
fornix transection, object–place encoding & discrimination & scene memory, male rats, animal analog of amnesic episodic memory deficit, 3915
functional MRI assessment of temporal coherence of subcortical brain activity during tactile discrimination task, Ss, 26678
generalized matching law & contingency discriminability model & concurrent performance & foraging theory, performance on concurrent variable-interval reinforcement schedule, pigeons, 19929
handler vs nonhandler exchanged color of coveralls, discrimination between handlers in behavioral tests using operant conditioning, miniature pigs, 10275
hippocampal lesions, acquisition of & strategies used to learn serial feature negative vs positive conditional vs nonconditional discriminations & activity levels & behavior, male rats, 20105
hippocampal lesions, spatial operant discrimination, pigeons, 33085
hippocampal system, timing of conditioned eyeblink responses & acquiring & extinguishing responses within temporal discrimination task, bitemporal amnesic patients, 11919
increasing retention intervals & decreasing intertrial intervals, working memory, rats, test of the trial tracking hypothesis, 23192
intertrial intervals, learning & performance in Pavlovian serial feature positive discriminations, rats, 23198
learning to time vs scalar expectancy theory explanations of discrimination learning in temporal tasks, pigeons, 23207
lesions in lateral internal medullary lamina or intralaminar nuclei or midline nuclei, retention of object pair discriminations & acquisition to novel stimuli, male rats, 7088
lesions of hippocampal structure with vs without extrahippocampal destruction, delayed-match vs nonmatch-to-sample, male rats, 10416
lesions to cerebellar vermis vs hemispheres, numerical & temporal discrimination, rats, 10394

medial thalamic vs prefrontal cortical lesions, conditional discrimination with vs without memory delays in auditory match-to-position task, male rats, 3921
multimodal stimulus combinations, autoshaping & conditioned suppression & instrumental discrimination learning, female pigeons & male rats, 6972
neural encoding in orbitofrontal cortex & basolateral amygdala during olfactory discrimination learning, male rats, 13587
neural network modeling of developmental effects in discrimination shifts, 9721
nonassociative connectionist model of perceptual learning & effects of similarity & experience on discrimination learning, 23213
number of sample stimuli & number of choices, conditional stimulus–response discrimination in detection task, pigeons, 26479
object discrimination learning embedded within unique contexts, rhesus monkeys with hippocampal lesions, 7037
operant conditioning apparatus, ability to visually discriminate between different insects, pigeons, 23196
orthogonal stimulus variation, attention during visual discrimination task, homing pigeons, 23197
presentation of stimulus chains during delay-of-reinforcement interval, discrimination learning, albino rats, 33088
response selection deficits in discrimination & reversal & shift learning, patients with early-stage clinically symptomatic Huntington's disease, 37868
rhinal cortex lesions, visual discrimination learning for auditory secondary reinforcer, rhesus monkeys, 16894
role of stimulus in signaling trial outcome & attention paid to stimulus, acquired distinctiveness of relevant & irrelevant stimuli, pigeons, 23195
sample duration & presentation frequency, delayed matching accuracy, pigeons, 29688
serial feature-positive discrimination training within conditioned lick suppression preparation, latent inhibition & learned irrelevance of occasion setting, rats, 19950
signal presentation & reinforcement ratios, line orientation discrimination, pigeons, 26482
spatial biases in visual discrimination learning, 4–6 vs 1–15 yr olds, 30158
spatial working memory & reference memory in holeboard discrimination task, Brown Norway vs albino WAG rats, 10288
temporal specificity in patterning of nictitating membrane response to stimulus compounds, rabbits, 13426
time spent in start arm & to make avoidance response & intertrial interval, discriminated Y-maze avoidance learning, C57-SJL vs BALB vs DBA vs C57BL/6J vs CD1 mice, 10272
transfer of learning between concurrent discrimination & matching or non-matching to sample discriminations, rats, 19949
transverse patterning training, configural learning & problem solving, college students, 3582
value transfer in simultaneous instrumental discrimination task, pigeons, 23194
variability discrimination in successive same-different visual task, pigeons, 33089
Discrimination Learning [See Also Drug Discrimination, Matching to Sample, Reversal Shift Learning]—Chapters
Stimulus-control procedures, 3421
Discriminative Learning [See Discrimination Learning]
Discriminative Stimulus [See Conditioned Stimulus]
Discussion (Group) [See Group Discussion]
Disease Course—Serials
15-yr outcome & patterns of Chinese patients with schizophrenia, Hong Kong, 4948
acute vs chronic stress as predictors of cancer relapse, female patient with breast cancer, 31156
age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31780
age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31801
age & gender & type of onset & premorbid development & relation to social adaptation, 7–14 yr olds with childhood onset schizophrenia, 42-yr study, 37357
atypical vs traditional antipsychotic medications, long term course of schizophrenia, 5616
autobiographical memory functions & course of depression, 20-73 yr olds with major depression, 6-mo followup, 27582
behavioral & personality characteristics not related to mental retardation or obesity & age-related appearance in disorder course & effect of therapy, 0.8–36.3 yr olds with Prader-Willi syndrome, 24681
binge first vs diet first course, body weight & weight anxiety & body image & age at onset & binge-purge relationship, 18–45 yr olds with bulimia, 11744
cerebellar abnormalities & symptom duration & psychosocial outcome, patients with schizophrenia spectrum disorders, 7-yr study, 11450
cerebro-craniofacial dysmorphogenesis & neurodevelopmental perspective on course of schizophrenia development, 27713
cerebrovascular disease & education & occupation & other demographic variables & age of onset & rate of progression of Alzheimer's disease, patients with dementia, 5313
changes in aggressive behavior during course of dementia, patients with dementia, 10 yr study, 31257
changing symptoms of anorexia nervosa, female outpatients with anorexia of restrictive vs bulimic subtype, 15 yr study, 8461
chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, erratum, 24231
chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, 11383
childhood psychiatric disorders & emotional disturbance, adolescent outcomes & disorders & functioning, male vs female 7–11 yr olds, 5–7 yr followup, 11319
clinical & demographic features & long-term course & presence of mental disorders at follow-up, inpatients with 1st time psychotic postpartum disorder, 11 yr retrospective follow-up, 34117
clinical & neurobiological evidence for hypothesis that schizophrenia involves limited neurodegenerative process with psychotic symptoms that is most active in early stages, 34172
clinical & neuropsychological & SPECT imaging changes, 65–91 yr olds with depression, 2-yr followup, 34105
clinical characteristics & diagnostic criteria & risk factors & development & progression & model of etiology & treatment of masticatory myofascial pain, 37751
clinical characteristics & prevalence & biologic features & response to treatments, patients with bipolar disorder, 37310
clinical course & prognostic factors associated with nonspecific neck pain, adults, 5196
clinical features & course & prognostic factors, survivors vs nonsurvivors with severe alcoholic liver injuries, 21308
clinical outcomes & patterns of course of 1st-episode psychoses & diagnostic stability, 1st & 2nd generation African-Caribbeans vs other patients, 3 yr followup, UK, 27673
clinical presentation & outcome, 16–55 yr olds with vs psychiatric inpatients receiving neuroleptics without neuroleptic malignant syndrome, 11878
coexisting anxiety disorder, persistence of depressive illness, 18–64 yr old primary care patients, 12-mo prospective study, 27593
cognitive & functional changes with aging in schizophrenia, 37360
cognitive behavioral therapy, coping with vitiligo & self esteem & body image & quality of life & vitiligo progression, vitiligo patients (mean age 39.3 yrs), 38074
cognitive status & behavior problems, elderly nursing home patients with dementia, 2 & 7 yr follow ups, 8652
cognitive-behavioral therapy vs supportive psychotherapy plus antidepressant medication or placebo vs medication alone, predictors & processes of change, 18–45 yr old females with bulimia nervosa , 28265
comorbid tic disorders, disorder course & outcome, 6–17 yr old males with ADHD, 4-yr follow-up, 34441
concept of psychosis in schizophrenia as neurodevelopmentally determined expression of active morbid process underlying progressive deterioration & impact of effective antipsychotic medication, 4971
continuity between schizophrenia spectrum disorders in childhood & adolescence & variability in outcomes, patients aged 11 yrs 7 mo to 19 yrs 10 mo, 1–7 yr followup, 37348
correlates of personality dimensions & progression of simian immunodeficiency virus disease, adult male rhesus monkeys, 24745
course & mechanisms & treatments of mild unipolar mood disorders & affective conditions specific to female, 1556
course & predictors of stress-specific & general symptomatic distress after critical incident exposure, emergency services personnel, 3.5 yr study, 12625
course & psychopharmacological management of bipolar disorder during pregnancy & postpartum period, 2403
course & status of cognitive & functional impairment, 65 yr old & older chronically institutionalized inpatients with schizophrenia, 30-mo followup, 11416
course of adolescent major depressive disorder, 24 yr olds observed since adolescence, 11367
course of illness,somatostatin level variance, patients with multiple sclerosis (mean age 42 yrs), 2 yr study, 31312
decline of cognitive abilities after 1st episode schizophrenia, adults, 5 yr follow up, 34159
definition & diagnosis & manifestations & developmental stages of & therapy for dissociation & relationship with cults/sects, 5001
demographic & clinical characteristics in disorder recurrence after recovery, patients with major depressive disorder, 15 yrs of observational follow-up, 27615
demographic & medical & psychosocial factors, fatigue, 18–85 yr old cancer patients, 11847
demographic factors & onset of 1st manic episode, disease course & risk of recurrence, hospitalized patients with manic vs depressive 1st episode with vs without later manic episode , 27599
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, 7986
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, commentary, 8008
development of chronic daily headache, headache practice patients, 5243
development of dementia, African American brothers with hyperphosphatemic tumoral calcinosis, 35 yr study, 5192
development of staging systems for Alzheimer's disease based on Global Deterioration Scale & Mini Mental State Examination, 2047
development of unilateral spatial neglect in late stage of disease, patients with dementia of Alzheimer's type, 8681
developmental progression of comorbid oppositional defiant disorder, 6–10 yr olds with ADHD, 4 yr study, 37621
diagnosis & treatment & disease course & outcome, 0.9–18 yr olds with neuroleptic malignant syndrome, 11338
disabilities experienced & evolution of impairment & health-related quality of life, adults up to 1 yr post-stroke, implications for rehabilitation strategies, 24828
discrete effects of developmental vs social risk factors in onset & outcome of various functional psychoses, 8158
disease course & characteristics & predictors, patients with schizophrenia, 3 yr followup, 14589
disease course & dieting & weight loss, 16–58 yr old binge eating disordered vs 16–38 yr old non-purging bulimic outpatients, 11752
disease course & remission, adults with generalized anxiety vs panic disorder, 5 yr followup, 11482
disease course & severity & disability, health related quality of life, hospitalized patients with HIV, 14965
disease course & symptoms & psychological profiles, 9 & 12 yr old males with X-linked adrenoleukodystrophy, implications for differential diagnosis of childhood neurodegenerative disorders, 11903
disease course of obsessive compulsive disorder, 40 yr study, commentary, 11473
disease course of obsessive compulsive disorder, psychiatric patients, 40 yr study, 11476
disease process & joint damage & health status & self-efficacy, patients with rheumatoid arthritis living in affluent vs less affluent areas, 28007
disease progression & employment status & poverty, individuals with HIV and AIDS, 31122
disease status & progression & changes in sexual risk behaviors, 24–55 yr old HIV positive vs negative females, 4 yr study, 1977
duration of disorder & degree of cognitive impairment, patients with unilateral temporal lobe epilepsy with or without anterior temporal lobectomy, 6 mo followup, 31254
duration of disorder, efficacy of more vs less intensive & phase specific drug & psychological treatment, patients with 1st episode psychosis, 12 mo follow up, 34731
duration of illness & structure of symptoms, patients with schizophrenia, 34178
duration of untreated psychosis in 1st-episode schizophrenia, implications for early intervention & secondary prevention, 37376
early course of illness & 1st onset of psychotic symptoms, neuropsychological function & psychopathology, 1st episode schizophrenics, erratum, 8132
early psychiatric symptoms, prediction of later physical aggression & hyperactivity, community dwelling dementia patients, 2058
epidemiological study of current medical knowledge on course of schizophrenia, 8151
epidemiology & course of & comorbid conditions associated with obsessive-compulsive disorder, children & adolescents, 34234
epidemiology & natural history of depression & preventative treatment, 27643
epidemiology & possible etiology of visual disturbances, patients with advanced cancer, 14978
epidemiology & predictors & long-term course & outcome of panic disorder, 8184
epidemiology & risk factors & correlates & disease course of schizophrenia, 37354
etiology & presentation & life cycle of social anxiety disorder, 1634
evolution of positive psychopathological symptoms, patients with schizoaffective and paranoid schizophrenia, 37371

expression & progression of clinical deterioration in schizophrenia, 4951
factors identified at initial or post-treatment assessment best predicting outcome, 25–75 yr old psychiatric outpatients with neurotic disorders, 5-yr followup, 1655
family myths & rules & themes & stages of development & the clinical course of cancer, assessment of family functioning of adult cancer patients, 28358
frequency of episodic vs chronic course, obsessive-compulsive disorder patients with 10 yr illness history, 8196
frontal lobe brain tumor with atypical presentation & slow deterioration in living skills & depression, 68 yr old male psychogeriatric assessment ward patient, 24847
glycemic control & disease duration & somatic complaints, psychological functioning, 18–55 yr olds with asymptomatic insulin-dependent diabetes mellitus with aberrant parasympathetic cardiac input, 21479
illness course & treatment history & social functioning, patients diagnosed in adolescence with major depressive disorder, 10–15 yr followup, 21117
illness course, females with binge eating disorder, 6 mo study, 11735
illness duration, change in symptom classification over time, 13–85 yr old psychiatric inpatients with schizophrenia, 27678
incidence & nature & long-term outcome of psychosis, 16–54 yr old patients of Black vs Asian vs White vs other ethnicity, UK, 5 yr study, 27672
individual changes in blood lead concentrations & measures of cognitive development & ability, 2 yr olds, 9–11 yr study, implications for reversibility of lead induced cognitive deficits, 8442
life course cohort studies as form of research on schizophrenia, 24295
life satisfaction & depressive symptoms, ageing adults with post-polio vs spinal cord injury, 24819
lifetime & 12 mo & 1 mo prevalence of psychiatric disorders as assessed in Netherlands Mental Health Survey & Incidence Study, 18–64 yr olds, 8042
long term outcome & mortality, medicated vs unmedicated bipolar & depressed patients, 32 yr study, 5599
long term treatment, life course of schizophrenia, 5461
long-term course & outcome of severe postpartum psychiatric disorders, 30–59 yr old women re-examined 6–26 yrs after first-episode, 27544
manic vs major depressive polarity sequence of 1st episode vs 2nd–4th episodes & episode duration & overall morbidity, bipolar I patients, 15 year prospective study, 14510
maternal psychopathology & family climate & life stresses as correlates/predictors of stability & change in psychiatric disorders, 2–5 yr olds, 42–48 mo study, 8005
mathematical model of consequences of deterministic & random dynamics for course of affective disorders, 27596
measurement of pattern of change in early-onset dementia, patients with Alzheimer's type vs alcohol-related vs multi-infarct vs mixed or other dementia etiology, 1 yr followup , 31342
mood & cognitive & activity disturbances & anxiety & somatic symptoms related to depression course, 6 yr olds with depression, 3 & 6 yr followups, 14478
mood & psychological well-being as a predictor of disease outcome 6-mo later, 26–85 yr olds newly diagnosed with amyotrophic lateral sclerosis/motor neurone disease , 21465
neurodegenerative & neurodevelopmental mechanisms involved in pathogenesis & clinical course of schizophrenia , 24273
neuropsychological assessment & course of fronto-temporal dementia, 58 yr old male with amyotrophic lateral sclerosis/motor neuron disease, case report follow up, 37839
neuropsychological function assessed at early disorder stage, children (mean age 12.3 yrs) with obsessive-compulsive disorder, 21170
objectives & design of Netherlands Mental Health Survey & Incidence Study, 18–64 yr olds, 6729
occurrence of depression during longitudinal course of schizophrenia, patients with schizophrenia vs schizoaffective & major depressive disorders (mean age 23 yrs), 4.5 & 7.5 yr followup, 14578
origin & course & treatment of schizophrenia, commentary, 4937
pattern of use & dependence & criminal justice history & user characteristics, progression of use between powder cocaine & crack, 18–69 yr old arrestees, 18076
perception of life expectancy, mental representations of social partners, healthy 18–88 yr olds vs HIV-negative vs -positive asymtomatic vs -positive symptomatic gay men, 1972
perceptions of variables mediating illness course & coping strategies, females with chronic fatigue syndrome in primary care, 5238
persistence of self identity, patients in middle- to late- stages of Alzheimers disease, 24851
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, commentary, 17905
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, 17924
prediction of quality of life from symptomatology in schizophrenia at exacerbation & stabilization, patients with schizophrenia, 24243
predictors of drug treatment response, patients with first-episode schizophrenia or schizoaffective disorder, 18730
presentation & course & assessment & psychotherapeutic & pharmacologic treatment of major depression in children & adolescents, 1504
preserved piano playing & transfer ability, female 79 yr old with Alzheimer's disease, 3 yr study , 37815
prevalence & incidence & patterns of change & stability of depressive disorders, 14–17 yr olds, 20-mo followup, 24217
prevalence of autistic disorder & Asperger's syndrome & other autistic-like conditions & stability of diagnostic symptoms & degree of impairment, 7-yr-olds from midsized Swedish town, 4 yr study, 34431
prevalence of depressive symptoms, adults in early course of schizophrenia, 5 yr study, 11451
prevalence of symptoms & changes over time & incidence & correlates of depression, 84–90 yr olds, 6 yr study, 24232
prevalence of traumatic stressors meeting criterion for PTSD & effect on clinical progression of HIV, HIV+ 18–45 yr old African American females, 34584
prodromal evolution of cognitive deficits, 60–100 yr olds at risk for developing Alzheimer's disease, 3 yr study, 31330
prognostic significance of cognitive impairment in schizophrenia & relation to disease course & recovery, implications for cognitive rehabilitation effectiveness, 24289
progression of clinical–pathological correlations & intellectual status & density of lesions, females aged over 75 yrs with Alzheimer's disease, 5332
progression of neuropsychological & cognitive deficits & behavioral & neuroanatomical changes & drug therapy, 46–85 yr old outpatients with frontotemporal dementia, 2–6 yr study, 31299
progression of parkinsonism & other symptoms of manganese poisoning, 80 yr old male, 14 yr followup, 11770
prospective analysis of course & predictors of PTSD, Gulf War veterans, 2 yr followup, 27735
psychosocial factors influencing & perceptions of long-term nonprogression of disease, HIV-positive 24–59 yr olds, 34579
psychostimulants & hyperdopaminergic states in schizophrenic illness phases, patients with schizophrenia (mean age 40 yrs), 27689
relationship of animal abuse to violence against humans, 11–76 yr old criminal animal abusers, 37589
remission & relapse patterns, patients with obsessive compulsive disorder, 21176
response to neuroleptic treatment & clinical course, patients with neurological disorder & Psychosis due to General Medical Condition, 4 yr study, 1928
responsiveness in health related quality of life indices in multiple sclerosis patients, 36021
role of atrial natriuretic peptide in the development of arterial hypertension, 13–24 male patients with pubertal hypothalamic syndrome, 5292
role of depression in disease progression, HIV-positive women with moderate to severe immunosuppression, 2 yr study study, 18319
role of hypothalamic-pituitary-adrenocortical system hyperactivity & corticotropin-releasing hormone secretion in development & course of depression, 17867
role of psychological factors in & psychological intervention on cancer initiation & progression & outcome & psychoneuroimmunological processes in tumor growth & development, 14976
role of somatic disease & physical injury in development & course of alcohol withdrawal delirium, 18–81 yr old hospitalized patients, 11648
safety & efficacy of olanzapine vs haloperidol, adults (mean age 28 yrs) with first-episode psychosis , 8943
schizophrenia developmental trajectory & disease course & amelioration by antipsychotics, 4968
self-development through caregiving journey, 34–83 yr olds caregivers of relatives with Alzheimer's disease, 31181
serum levels of autoantibody to nerve growth factor, 25–50 yr olds with paranoid- vs recurrent/progressive- vs slowly progressive schizophrenia, 30728
severity of agoraphobia & presence of hypochondriacal symptoms & duration of illness & age at onset as predictors of 1-yr outcome, outpatients with panic disorder treated at Japanese hospital, 11475
sex differences & early disease course, patients with schizophrenia, 12 yr study, 4942
sex, objective & subjective quality of life, 18–59 yr olds with schizophrenia at first admission to hospital, 8152
short term & maintenance & prophylactic uses of mood stabilizing & anticonvulsive & antipsychotic drugs, bipolar patients, 34999
sociality & disease resistance, dampwood termites, 7002
sociodemographic variables & clinical parameters & family history in rapid cycling affective disorder, 27575
stability of impulsivity vs other aspects of borderline personality disorder & ability of impulsivity to predict disorder persistence & psychopathology, 18–65 yr olds, 2 & 7 yr follow-ups, 17963
stress & social support & depressive symptoms, progression of infection, HIV-infected gay males (mean age 30.3 yrs), 21503
substance dependence & eating disorder sequence & comorbidity, young adult female inpatients & outpatients with anorexia nervosa binge–purge type vs bulimia nervosa vs other eating disorders, 37242
successful valproate treatment of brain injury-induced rapid-cycling affective disorder, male S, 35002
Swedish version of Quality of Life Index, assessment of changes in life situation & relation to initial perceptions of epilepsy, newly diagnosed 19–65 yr old patients, 36025
symptom-based risk factors as predictors of chronic course of treated depression, unipolar depressed patients (mean age 37.6 yrs), 10 yr study, 24216
symptomatology during 1st episode & symptom dimensions across life span, patients (mean age 11.8 yrs) with childhood onset schizophrenia, 42 yr study, 37355
temporal stability of neurological abnormalities, 26–45 yr old 1st episode patients with schizophrenia, 5 yr follow up, 34174
timing of 1st administration of antipsychotic medication after 1st onset of psychotic symptoms, symptoms & clinical course, patients with schizophrenia or schizophreniform or schizoaffective disorders, 5630
transcutaneous electrical nerve stimulation, short-term & long-term memory & behavior, 70–91 yr olds with midstage of Alzheimer's disease, 15041
trends in course of illness & treatment, patients with major depressive disorder, 10-yr study, 17860
unipolar vs bipolar affective disorder & age & gender & marital status, changes during disease course in rate of recovery from successive hospitalized episodes, patients with recurrent episodes, 37314
use of avoidance coping & active coping in prediction of disease progression, gay males with HIV infection, 7 yr prospective study, 11837
use of errorless learning principles to teach face–name associations, 72 yr old male in early stages of Alzheimer's disease, 11879
vaccinations & steroids, disease progression & moods, 25–57 yr olds with multiple sclerosis, 28033
weight loss & severity & stage of disease, Alzheimer's disease patients, longitudinal studies, 2102

Disease Course—Books

Psychosis in the inner city: The Camberwell First Episode Study , 17925

Disease Course—Chapters

Adolescent and adult outcomes in attention-deficit/hyperativity disorder, 24497
Age-limited populations: Youth, adolescents, and older adults, 34395
Age-related cognitive decline and the dementia threshold, 2110
Aging and dementia, 11950
Anxiety sensitivity in children, 11492
Borderline personality disorder: Costs, course, and treatment outcomes, 30800
Continuity and change in the development of children with autism, 37670
The course of treated and untreated substance use disorders: Remission and resolution, relapse and mortality, 34389
Early intervention in psychosis: The critical period, 30760
Environmental interventions in schizophrenia 1: The individual and the domestic levels, 34766
Field research on the relationship between stress and disease activity in rheumatoid arthritis, 28063
Klinefelter syndrome, 31093
Outcomes of children and adolescents with oppositional defiant disorder and conduct disorder, 24490
Overview of descriptive epidemiology of mental disorders, 30596
Personality and post-traumatic stress disorder, 21214
Perspectives of a care provider, 11951
Schizophrenia among Hispanics, 27717

Schizophrenia: Evidence for a ''cascade'' process with neurodevelopmental origins, 24317
Diseases (Venereal) [See Venereal Diseases]
Disgust—Serials
behavioral validity of Disgust Scale, measurement of individual differences in disgust sensitivity using behavioral tasks, 17–23 yr old college students , 29337
Big Five personality traits & disgust sensitivity, male vs female college students, 14301
disgust sensitivity & its relation to obsessive-compulsive disorder & social phobia symptoms & specific phobias, 8–13 yr old primary school children, 30782
disgust sensitivity & preference for environmental education activities that involve manipulation of organic materials, middle school students, 19471
image-elicited fear vs disgust vs anger, fear vs faintness in response to blood-injury phobic stimuli, 17–26 yr olds, 14308
information processing biases toward medical & disgust-threat stimuli, participants with blood-injection-injury phobia, 14621
sex, disgust sensitivity & self-assessed fears to common indigenous animals, 14–79 yr olds, 14293
Dishonesty—Serials
factors inhibiting or contributing to cheating & plagiarism, college of education graduate students, 9522
lie detection, law enforcement officials vs clinical psychology professionals, 24406
receiver communication style, dishonest vs sincere displays & feedback of sender, pairs of adults, 20825
Dislike [See Aversion]
Disorder Course [See Disease Course]
Disorders [See Also Mental Disorders, Physical Disorders]—Serials
age & parenting practices & conduct problem behavior, 6–17 yr olds with behavioral or emotional or learning disorders, 7995
automatic detection of arousals during sleep, 19–67 yr olds with different pathological conditions, 34031
boma disease virus infection during different brain developmental stages, pathological & clinical disease sequelae, rats, 16944
child abuse vs accidents vs disease as cause of subdural hematomas & main clinical features at presentation, children under 2 yrs of age, 10 yr study, 1997
classical psychiatric diagnoses vs relational V-code conditions, relation to markers of clinical severity & resource allocation for treatment, birth to 43 yr olds, implications for family therapy, 17781
CNS alteration of sleep & other behaviors & peripheral immune system responses to invading pathogens, 21483
conceptualization of health & illness & competence for consent & guidelines for practitioner communication regarding treatment & hospitalization & health promotion, children, 28571
construct of questionnaire for measurement of psychosocial adaptation related to short stature, parents of growth-retarded children, 3292
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, comment, 28496
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, commentary reply, 28509
development & psychometric properties of 3 scales, assessment of sex knowledge & experience & needs, adults with mild intellectual disabilities vs physical disabilities vs general population, 26150
distinct adverse reactions to fluvoxamine & subsequent withdrawal, female 45 yr old with major depression & PTSD & whiplash & temporomandibular joint pain, 2415
early parental loss & recent stressful events, global health status & number of acute & chronic conditions, 65 yr olds & older , 1007
efficiency & safety of viral gene delivery systems & its application in treatment of neurogenerative disorders, 10384
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, 7985
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, commentary, 8013
evaluation of discrete-disease- vs noncategorical- vs mixed-theoretical model of psychosocial adjustment, 8–15 yr olds with cancer or sickle cell disease or hemophilia or arthritis & their parents, 28020
family experiences with chronic childhood illness & religious faith & families' spiritual & secular responses to illness, 21–51 yr old Mexican-American parents of children with chronic illness, 17774
Family Systems-Illness Model as psychosocial framework for coping with parental illness or disability, family members, 31562
health promotion intervention, 65+ yr olds discharged from hospital to home care for chronic medical conditions, 22 wk & 1 yr followup, 18876
history of childhood abuse & mental health problems & medical problems, 18–35 yr old & older Latinas, implications for substance abuse treatment, 30561
identity salience & frame of reference on evaluation of injury & illness, female secretaries & male rugby players, 12332
loss or reduction in beta subunit of GABA receptor in production of seizures & behaviors similar to symptoms of Angelman syndrome, mice, 1392
multimodal input system based on 2 gestural input channels, individuals with cerebral palsy or muscular dystrophy or head injury of Friedrich's ataxia, 18264
neuropsychological evidence for dissociation in explicit categorization, male 60 yr old with naming difficulties, 24843
new statewide data on child & adolescent morbidity & hospitalizations & subsequent development of community based mental health strategy for manic depressive disorder:, 18974
number of case vignettes needed to produce reliable assessments of disease-class-specific diagnostic ability, postgraduate medical residents, 2764
occupational grade & working conditions & sex role orientation & minor morbidity, male vs female bank employees, 14392
odorants & fragrances, sensitization or elicitation of multiple chemical sensitivities, 24720
one stop clinics vs conventional arrangements in diagnosis of symptomatic breast problems, female adults, 11791
outpatient comprehensive geriatric assessment consultation & adherence intervention, physical functioning & health-related quality of life, 65+ yr olds with geriatric conditions, 15-mo followup, 15390
presence of concurrent disease & pheromonal treatment, urine spraying, cats, 10513
prevalence & patterns & magnitude & changes over time of sex differences in indicators of ill health, 25+ yr olds, 8 yr study, 14404
psychological problems & stress & demographics, self-reported formal & informal help seeking, college students, 22563
racial differences in self-reported vs physician evaluated morbidity & predictive validity for self-assessed health & morbidity, White & Black 25–74 yr olds, 17757
rate of physical & psychiatric & neurodevelopmental disorders of 1st degree relatives, teenagers with anorexia nervosa, 5 yr followup, 8464
reliability & validity of Self-Understanding of Interpersonal Patterns self-report measure, patients with major depressive or generalized anxiety disorder or cocaine dependence, 35929
risk & protective factors in successful prevention programs, children & adolescents with various disorders, 2129
selected bibliography on chronic medical conditions & educational or behavioral issues, 27457
self assessed health & likelihood of experiencing functional impairments in activities of daily living, 60–85+ yr old males vs females, 14384
social inequality in self rated health & limiting long standing illness & psychological distress & respiratory symptoms & height & obesity, male vs females, 33 yr longitudinal study, 14408
stability of prepulse inhibition & habituation & other startle response measures as neurobiological markers for illnesses, 20–46 yr old males, 10380
temporal processing, phonological processing problems, 8–10 yr olds, 30574
valproate induced hyperammonemia, 53 yr old female with bipolar disorder & alcohol dependence & 23 yr old male with schizoaffective disorder & mania, 35009
Disorders [See Also Mental Disorders, Physical Disorders]—Books
Casebook in abnormal psychology (4th ed.), 30586
Children in difficulty: A guide to understanding and helping, 1747
Comprehensive clinical psychology, Vol. 9: Applications in diverse populations, 1494
Handbook of neurodevelopmental and genetic disorders in children, 31086
How expectancies shape experience, 31392
The human frontal lobes: Functions and disorders, 7097
Innovations in clinical practice: A source book, Vol. 17, 14424
An introduction to cognitive psychology: Processes and disorders, 29615
Primary care psychiatry and behavioral medicine: Brief office treatment and management pathways, 12293
Treating complex cases: The cognitive behavioural therapy approach, 14423
Disorders [See Also Mental Disorders, Physical Disorders]—Chapters
Anxiety and disease: African and Western aspects, 34236
Assessment of social-emotional functioning and adaptive behavior, 6643
Axis I and Axis II: Comorbidity or confusion?, 22890
The basal forebrain corticopetal system revisited, 26671
Child health and well-being: Psycho-social care within and beyond the hospital walls, 37253
Cognitive behavior therapy, 31537
Cross-cultural concepts of health and disease, 9073
Determinants of psychosocial disorders in cultural minority children, 27569
Developmental psychopathology and child psychotherapy, 37254
Expectations of sickness: Concept and evidence of the nocebo phenomenon, 30593
Extrapyramidal disorders and frontal lobe function, 8692
Family love and lifelong health? A challenge for clinical psychology, 1441
Folk illnesses, 1429
Group dynamics and psychological well-being: The impact of groups on adjustment and dysfunction, 14259
Health and disease among Hispanics, 2451
Health and disease in midlife, 8033
Health effects of tobacco, 14770
How to master workplace stress, 5539
5-HT receptor knockout mice: Pharmacological tools or models of psychiatric disorders, 26553
Hypnosis and pediatrics, 37984
Integrated approaches to acute illness, 37251
Is the placebo effect dependent on time? A meta-analysis, 31413
Labour market disadvantage, deprivation and mental health, 3096
The lifestyle approach, 31997
Migrant health, 1439
Oral-motor skills and swallowing, 14935
Pacific Islander health and disease: An overview, 8027
Parentification of siblings of children with disability or chronic disease, 21016
Part IX: Special topic areas, 27498
Part VIII: Psychiatric disorders of childhood onset, 27502
Psychiatric symptoms due to medical illness, 11309
Psychological and psychiatric consequences of alcohol, 1818
Psychological and psychiatric consequences of amphetamines, 1825
Psychological and psychiatric consequences of inhalants, 1814
Psychological disorders and problems of childhood and adolescence, 11310
Psychopharmacological approaches, 37248
Refugee health, 1440
Revelations of family perceptions of diagnosis and disorder through metaphor, 17796
Self-regulation and psychopathology, 14427
State-level supports for community-based services, 37246
Supporting families with young children in the community: A parent's perspective, 37244
Disorientation (Place) [See Place Disorientation]
Displacement (Defense Mechanism)—Chapters
Unconscious fantasy as an experience of action, 34026
Disposition [See Personality]
Disruptive Behavior [See Behavior Problems]
Dissatisfaction—Serials
identification & factors & consequences of discontent & problems & stress, 20 yr olds & younger vs 21–40 yr old college students , 28993
loneliness & social dissatisfaction & relation with self-efficacy for peer interaction, 9–11 yr olds, 27046
Virtual Environment for Body Image Modification system for treatment of body image disturbances & dissatisfaction in eating disorders, healthy adults , 5473
Dissociative Identity Disorder—Serials
attitudes regarding diagnostic status & scientific validity of DSM-IV categories of dissociative amnesia & dissociative identity disorder, board-certified American psychiatrists, 12616
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, commentary , 24143
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, 24155
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, commentary reply, 24147
clinical differences between dissociative identity disorder & schizophrenia & panic disorder & complex partial epilepsy, patients, 8084
clinician's development of reflective belief in validity/invalidity of reported child abuse using case of dissociative identity disorder, 12576

definition & diagnosis & manifestations & developmental stages of & therapy for dissociation & relationship with cults/sects, 5001
form & content of chronic auditory hallucinations, patients with schizophrenia (mean age 37 yrs) vs patients with dissociative disorder (mean age 40 yrs) vs nonpatient voice-hearers (mean age 56 yrs), 1395
frequency of corroboration of clients' premorbid dissociative symptomatology in dissociative identity disorder, clinicians, 24331
modern psychoanalytic treatment, 38-yr-old woman with symptoms of dissociative identity disorder & moderate to severe mental retardation, 31607
neuronal substrate involved in personality switches, 47 yr old female with dissociative identity & PTSD, 30636
prevalence of dissociative identity disorder, 18–65 yr olds, Turkey, 14435
reexamination of evidence for sociocognitive model of dissociative identity disorder, commentary reply, 30621
significant US cases & judicial decisions, individuals with multiple personality disorder, implications for issues of responsibility & individuality & punishment, 1464
step-by-step therapy plan & process & termination, 40 yr old female with dissociative scripts, commentary reply, 5504
step-by-step therapy plan & process & termination, 40 yr old female with dissociative scripts, commentary, 5492
step-by-step therapy plan & process & termination, 40 yr old female with dissociative scripts, commentary reply, 5503
step-by-step therapy plan & process & termination, 40 yr old female with dissociative scripts, commentary, 5512
temporary depersonalization & multiple personality symptoms of dissociative disorder following mild traumatic brain injury, 32 yr old male, 31194
use of Adlerian assessment techniques for eliciting lifestyle information, 28-yr-old male with dissociative identity disorder, 24958

Dissociative Identity Disorder—Books

Creating hysteria: Women and multiple personality disorder, 34082

Dissociative Identity Disorder—Chapters

Body–ego integration in dissociative identity disorder, 24189
Dissociative disorders in childhood and adolescence, 17853
Dissociative identity disorder, 30644
Neurotherapy in the treatment of dissociation, 28276
Pierre Janet and modern views of dissociation, 21061
Skin/paper/bark: Body image, trauma and the Diagnostic Drawing Series, 22887
Somatoform dissociative phenomena: A Janetian perspective, 22889
Subpersonalities and multiple personalities: A dissociative continuum?, 21064
Trauma, invisibility, and loss: Multiple metaphors of parentification, 21727

Dissociative Neurosis [See Dissociative Patterns]

Dissociative Patterns [See Also Amnesia, Fugue Reaction]—Serials

assessment of dissociation, highly functional transsexuals, 7757
childhood abuse & adult tendency toward use of repression & relation to reality testing & dissociation & emotional distress, 18–30 yr old females reporting childhood sexual &/or physical abuse, 30816
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, commentary reply, 24147
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, commentary , 24143
childhood abuse & dissociative symptoms, 15–44 yr old murderers with dissociative identity disorder, 24155
childhood abuse & unique missions-related psychological stress, 24–37 yr old female missionary kids with dissociative disorder, 27548
childhood sexual abuse, dissociation, 18–55 yr old female outpatients in therapy, 27774
childhood trauma & dissociative symptoms, male sex offenders (mean age 37.5 yrs) vs childhood sexual trauma patients (mean age 34.1 yrs), 24408
childhood trauma & parental early separation & perceived dysfunction, etiology of dissociative symptoms, psychiatric inpatients with mean age 35.6 yrs, 14547
childhood trauma & pathological & nonpathological dissociation, 18–58 yr olds, 14452
construct validity of French version of Dissociative Experiences Scale, rape victims (mean age 23.6 yrs), scale appended, 19615
contribution of cognitive control failures & fantasy proneness to dissociative experiences measured by Dissociative Experiences Scale, undergraduates, implications for utility of scale for screening, 13052
cultural considerations in & suggestions for nosology of DSM-IV dissociative disorders section, 1603
dissociation & amnesia & corroboration of memories of childhood abuse, 18–60 yr old female with trauma-related disorders, 21174
dissociation & projective identification as reconstitutive symbolic metaphors & mythopoetic expressions in narrative reconstruction of Self in magical pre-Oedipal & pre-individuation processes, 11271
dissociation vs memory vs divine sensory perceptions in response to trauma, war veterans, 37259
dissociation, Black vs White males in treatment for substance abuse, 8046
dissociation–personality relationship assessed with five-factor personality model & correlated with childhood trauma &/or abuse, college students, 21048
dissociative experiences & reality monitoring disruptions & false positive confabulations & fantasy proneness, 16–43 yr old college students, implications for retrospective study of trauma, 36269
dissociative symptoms & psychopathology, patients with conversion disorder vs psychiatric inpatients with other mental disorders, 11813
imagery vividness & interrogative vs hypnotic suggestibility & dissociativity, inflation of likelihood of judging imagined childhood events as real, college students, 29635
laboratory techniques for induction of dissociative symptoms, undergraduate students with high vs low predisposition to dissociative experience in daily life, 316
naltrexone, 17–47 yr old patients with borderline personality disorder & dissociative symptoms , 38212
neurophysiological contributions to & clinical implications for memory impairment & encoding failures & reversible amnesia & dissociative detachment, 14436
objective & subjective characteristics of abuse, general psychopathology & dissociation symptoms, 16–84 yr old females sexually abuse during childhood or adolescence, 14679
post-traumatic stress responses & dissociation symptoms, 7–16 yr olds with liver transplantation, 15435
presence & severity of childhood sexual abuse, maturity of coping/defense styles & dissociation, 26–70 yr old females, 27813
reality testing & perceptual disorders & dissociative symptoms, 18–30 yr old female survivors of childhood sexual &/or physical abuse, 37506
recovered memories of abuse & childhood memories & repression & dissociation, college students (mean age 19.14 yrs), 37488
relation between dissociative experiences of depersonalization & fantasies & self-reported coping behavior, 17–76 yr olds with vs without depression vs anxiety vs schizophrenia, 11343
relations among psychological trauma & dissociative phenomena & trauma-related distress, 24135
reliability & factor structure of revised version of Dissociative Experiences scale, assessment of demographic & personality variables, 22–90 yr olds, 19618
role of neuroticism & schizotypy in self reported dissociative experiences & victimization, 18–58 yr olds, 8182
temporary depersonalization & multiple personality symptoms of dissociative disorder following mild traumatic brain injury, 32 yr old male, 31194
trauma-induced dissociative amnesia, WWI combat soldiers, implications for current understanding of amnesia in childhood sexual abuse, 14629
traumatic experiences, PTSD & dissociative symptoms & major depression disorder, 15–54 yr old refugees from former Yugoslavia, 21026

Dissociative Patterns [See Also Amnesia, Fugue Reaction]—Chapters

Body image and self-perception in women with histories of incest, 24482
Body-image distortion and childhood sexual abuse, 24183
Combining disruption and activation techniques to map conceptual and perceptual memory processes in the human brain, 33310
Disorganization of attachment as a model for understanding dissociative psychopathology, 37297
Dissociation and physical difference: The case of the transformed ''short'' person, 2262
Dissociative psychopathology and psychotherapy of bulimia, 5173
Forgetting and reexperiencing trauma: From anesthesia to pain, 24355
Listening to the body: Somatic representations of dissociated memory, 2265
Pierre Janet and modern views of dissociation, 21061
Psychosomatic dissociation and eating disorders, 4860
Three realms of the unconscious (1992), 20977

Dissonance (Cognitive) [See Cognitive Dissonance]

Distance Discrimination [See Distance Perception]

Distance Perception [See Also Apparent Distance, Motion Parallax]—Serials

azimuth & elevation & distance functions in proximal-region auditory localization of sound source near head, listeners, 36193
cue interactions in triangulation account of distance perception, 18–35 yr olds, 19756
distance between attended items, attention to & identification of target letters, Os, 10018
electrolocation & distance discrimination, weakly electric fish, 417
estimation of orientation angle to & distance between foraging area & shelter, cockroach larvae, 13396
haptic perception, perceived distance walked, blindfolded 19–40 yr olds , 21633
independence of distance vs shape vs size judgments, adults, 16472
map vs computer model view of environment & orientation specificity perception of angle & distance, adults, 3481
memory representation of alphabetic position & interletter distance estimations & comparative judgments of alphabetic order, college students, 16643
model for role of distance scaling in stereoscopic slant perception, Os, 19713
Mueller-Lyer illusion, distance judgments & decision making in map reading, college students, 32808
presence of nearby occluder object, perception of distant target & visual direction, Os, 36183
role of vergence & accommodation in distance perception, 19739
signal detection theory & lateral-line excitation patterns & prey capture behavior, mottled sculpin, 33106
sound azimuth & distance in accuracy of sound localization & perception of auditory distance, male passerine birds, 3633
source distance in sound localization in spatial hearing, humans & animals, 23061
stimulus sheet inclination & dot spacing & viewing distance in subjective staircase & number & height of apparent steps in wallpaper illusion, Os, 10049
type of stimulus object & lateral position & direction & type of motion & time for exploratory motion, haptic perception of linear extent, 18–54 yr olds, 32777
visual measurement of relative 2-D vs 3-D distance of collinear dots rotating in slanted plane, Os, 19758

Distortion (Perceptual) [See Perceptual Distortion]

Distractibility—Serials

chlorpromazine vs lorazepam, abnormal antisaccade & no saccade distractibility, healthy adult males, implications for schizophrenia , 672
distractibility at or near peak vs nonpeak cognitive performance times, 17–20 yr old evening vs 63–75 yr old morning-type persons, 6855
ERPs to auditory stimuli during concentration on demanding visuo-motor tracking task, distractibility, 23–47 yr old males with closed head injuries, 31256
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, 14834
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary, 35972
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary reply, 35953

Distraction—Serials

'mudsplash' superimposed simultaneously with large change to pictorial stimuli, change-blindness, Os, 13216
absence or presence of distractors, spatial interval discrimination, Os, 16470
attention to distractors, negative priming in referent size-selection task, college students, 16690
auditory vs visual presentation & irrelevant information & phonological similarity, word recall, undergraduates, 26449
brief video cartoon or short story distraction techniques involving parents, distress during repeated medical procedures, 2.4–4.5 yr olds with cancer, 35100
classical vs rock music & volume level, response time & accuracy of visual perception of Arabic numbers, male & female humans, 19745
complexity of background music, performance on 4 cognitive tasks, introverts vs extroverts, 11205
dissociation logic approach to attentional processing in flanker recall & flanker validity effect, college students, 19831
distraction & attentional narrowing in auto racing simulation, female college students, 13363
distraction caused by alcohol-related vs emotional words on Stroop task, alcohol abusers vs (mean age 43.5 yrs) nonabusers, 1758
distraction, distress behavior & self report of pain during medical procedures, children, meta-analytic study, 12330
distraction, pain perception, 26–39 yr old males, 19707

distractor words & picture naming of objects with homophonic names, semantic & phonological information flow in lexical access, adult speakers, 10092
distractor-stimulus memorability or salience, metacognition & memory for nonoccurrence, college students, 10137
instructions to recall as many words as possible vs fill all available spaces, confidence about recall & false recall for central concept words associated but not on word list, college students, 29644
interviews conducted with vs without cues & distractors, recall 1 or 2 yrs after an event, 6 vs 9 yr olds, 20517
overt vs covert cued attention & discrimination of visual target vs distractor, inhibition of return, college students, 6782
position of elements in target & distracter stimuli, accuracy of visual search, 17–48 yr olds, 16508
presence of salient distractor, performance on target-present trials in conjunction search, college students, 16689
role of retinal location on spatial distribution of visual attention, 29488
rumination vs distraction task sequencing, depressed & dysphoric mood induction, 18–77 yr olds, implications for response styles theory, 27406
secondary task performance as distractor, expression of knowledge of primary task, 19–49 yr olds, test of suppression hypothesis in implicit learning, 6904
seizure disorders, inattention & learning processes , 2000
selective attention & auditory distraction, 23159
selective attention cues & external random white noise, threshold contrast in location-cued orientation discrimination task, graduate student 0s, 3475
sequence of pretest & verbal distractor & listening to 1st movement of Mozart piano sonata, Mozart effect as seen in performance on spatial reasoning task, college students, 29600
shallow vs deep encoding instructions, same-different discrimination task performance & negative priming, undergraduates, 183
spatial organization of distractors in visual search, Os, 26342
target & distractor familiarity, visual search & RT & latent inhibition & novel pop-out, male vs female de novo Parkinson's disease patients (mean age 56.7 yrs) with right vs left side symptoms, 24826
target knowledge & orientation & salience, override of stimulus-driven interference in simple vs compound search tasks, 19–33 yr olds, 10228
temporal & spatial interactions between top-down control of attention & bottom-up interference from salient distractor in visual search, 21–54 yr olds, 32999
tone duration & task-irrelevant frequency deviants, individual-level auditory distraction assessed by EPs & attention-switching, 19–36 yr olds, 3508
type of background noise, ability to process spoken language, 61–79 vs 18–22 yr olds, 36773
uncertainty vs distraction mathematical models of nonlinear psychometric effects on spatial attention, 10039
visual vs auditory distractor words, semantic & phonological effects in picture naming, college students, 10093
visuomotor processing efficiency of reaches & interference from distractors to target location during visual search & target-directed action tasks, college students, 32889
vocal & instrumental music as distractors, cognitive test performance, introverted vs extraverted 16–18 yr olds, 20566

Distress—Serials

academic distress & somatic & emotional stress symptoms & coping & achievement strategies during 2.5 yr preclinical training, medical students, 2.5 yr study, 28858
acculturation related vs nonspecific daily hassles, psychological distress & depression, 19–34 yr old Vietnamese college student immigrants, Canada, 4878
accuracy of symptom perception & demographic & distress factors, parents & their 6–18 yr olds with asthma from underserved urban communities, 11819
adverse psychological reactions to ECT, ECT recipients ages 20–67, 18759
age & distress & injury & hospital stress reactions, coherence of self constructed narratives, 2–12 yr olds visiting emergency rooms with trauma injuries, 7332
age & sex, psychological distress ratings, 17–93 yr old Russian-born immigrants to Israel, 14139
age-18 dysphoric symptoms, emotional distress & psychological adjustment, 23 yr old males vs females, 1518
alexithymia & hypochondriasis & psychological distress, males vs females who frequently attend primary health care, 27528
alteration of memory of previous lumbar punctures, anticipation & procedural distress during subsequent punctures, 3–18 yr olds with leukemia, 1 wk followup, 28590
anxiety & delusional distress, patients with persecutory delusions vs generalized anxiety disorder, 14447
application of High Risk Model of Threat Perception, differentiation of patients who do vs do not somatize psychological distress into physical symptoms, primary care adult patients, 24711
attachment style & coping, psychological distress & interpersonal functioning, 14–16 yr olds female survivors of childhood sexual & other abuse & neglect, 37511
attention control & imagery training &/vs cognitive restructuring, distress & cognitions & coping strategies, patients with chronic distressing tinnitus, 9002
biopsychosocial distress adaptation model of depression, 27578
breast-conserving surgery vs mastectomy, perceived social support & distress & psychological & physical functioning, 36–86 yr females with breast cancer vs their partners, 13 mo study, 18832
brief video cartoon or short story distraction techniques involving parents, distress during repeated medical procedures, 2.4–4.5 yr olds with cancer, 35100
caregiver religious/spiritual coping & psychological distress & caregiver/receiver relationship quality, 30–90 yr old informal caregivers of 81–103 yr old community-residing disabled elders, 5878
child & parental & marital & custody related factors, behavior problems & emotional distress symptoms, 1–15 yr old children of parents involved in acrimonious divorce with custody/visitation conflicts, 30215
childhood abuse & adult tendency toward use of repression & relation to reality testing & dissociation & emotional distress, 18–30 yr old females reporting childhood sexual &/or physical abuse, 30816
client characteristics & psychological effects of damaging group experiences, social work group clients, 34894
cognitive performance & severity of injury & psychological distress, 12-72 yr olds with multiple head traumas, 3 yr study, 31219
comorbidity & distinctness of PTSD & disorders of extreme stress not otherwise specified, 28–67 yr old military veterans assessed after exposure to war-zone military trauma, 11463
comorbidity between prolonged fatigue & other forms of psychological distress, patients, 34064
coping & emotional distress in prediction of survival time, 32–84 yr old patients with lung cancer, 31158
coping & emotional distress, unemployed adults (aged 22–63 yrs), 33976
coping congruency & level of couple coping, psychological distress & dyadic & individual adjustment to chronic illness, care receivers with multiple sclerosis & their caregivers, 12 mo study, 5883
coping styles & anxiety & well being & psychological distress, 19–41 yr old sociotropic vs autonomous college students, 12–13 wk follow up, 24046
course & predictors of stress-specific & general symptomatic distress after critical incident exposure, emergency services personnel, 3.5 yr study, 12625
development & progress of awards for emotional distress since Fair Housing Act of 1968, plaintiffs, 26046
development & validity of Obesity Related Well Being questionnaire, assessment of physical & psychosocial distress, obese 15–73 yr olds , 19624
development of measurement questionnaire of cultural identity & relation to the self & mental distress, immigrants with connections with Indian subcontinent, 30482
discontinuation of benzodiazepines, psychological distress & quality of life & adaptation difficulties, 21–65 yr olds diagnosed with nonpsychotic anxiety or insomnia, 26827
disease recurrence & family history of cancer & physical disability & attitudes of medical skepticism toward physicians, psychological distress, cancer survivors aged over 50 yrs, 31164
distraction, distress behavior & self report of pain during medical procedures, children, meta-analytic study, 12330
distress & ambivalence in donating & spousal anxiety, bone marrow volunteers, 11020
distress & professional impairment due to work factors & life events, psychologists in clinical practice, implications for training & administration & the profession, commentary, 9381
distress moderated by conscientiousness & mammography utilization, female 40 yr olds & older with family history of breast cancer in first degree relative, 25368
DSM-IV personality disorders & Defense Mechanism Rating Scale profiles & symptomatic distress, outpatients (mean age 29.64 yrs) seeking personality assessment & psychotherapeutic treatment, 16343
economic pressure & mediating role of spousal interactional characteristics, emotional–marital distress, married couples, implications for family stress model, 11004
emotional distress & depression, 4–12 yr old hospitalized pediatric patients, 5236
ethnicity & prosocial vs antisocial coping, acquisition of social support & psychological distress, male vs female 17–60 yr old & older postal workers, 6316
expectations of & satisfaction with & distress during fertility clinic medical consultation, sub-fertile males, 12326
experience of emotional & physical abuse in heterosexual dating relationships & psychological distress, 18–50 yr old undergraduate males, 8290
factor structure & psychometric properties & predictive power of self esteem & psychological distress subscales of Chinese Frost Multidimensional Perfectionism Scale, 13–18 yr olds, Hong Kong, 35892
factors associated with distress experienced after breakup of romantic relationship, college students, 7940
factors predicting distress & adjustment & personal growth, 16–40 yr old mothers of infants with life threatening illness requiring hospitalization & technology for survival, 16 mo study, 21476
femininity & bulimia & distress, female college students, 5162
financial strain & social relations & psychological distress, older adults (mean age 70.24 yrs), Fiji vs Republic of Korea vs Malaysia vs Philippines, 17405
frequency of childhood emotional & physical & sexual abuse & childhood bully victimization by peers & current psychological distress, college freshmen, 11520
gender & psycho-existential distress & problem behavior, 18–77 yr olds , 37108
genetic & environmental factors, psychological distress & fatigue & immune responsiveness, 31–84 yr old twin pairs, 17820
health & prevalence of emotional distress & physical illnesses, social workers, 9368
heightened empathic accuracy in relationship-threatening situation & personal & relational distress, anxious–ambivalent adults in dating relationship, 17615
household composition, psychological distress & satisfaction, US vs Indian adults, 11015
individual differences in attention & duration & facial reactions to distress, 3-mo-olds, 2 & 8 mo followups, 10758
institutionalized care in orphanages, educational status & psychological well-being & distress & stress-related chronic physical symptoms, 45–68 yr olds raised in orphanages, 12477
interview accounts of psychosocial health & experience of distress, 20–89 yr old females, Wales vs Ghana, 20783
kin composition & convey dimensions of social support networks, psychological distress, 18–59 vs 60+ yr olds, 36918
life stress & social support & psychological distress, male vs female 11th grade students, 18 mo study, 10892
lipid levels & age & drug use & exercise & obesity, emotional distress, male 18–24 yr old college students, 29967
maltreatment, narrative representations of responses to relieve distress & parent–child role reversal, low socioeconomic status 3.8–5.8 yr olds, 11541
marital satisfaction, change in emotional distress between 15 & 34 mo after diagnosis, 34–81 yr old females with breast cancer & their 28–82 yr old husbands, longitudinal study, 31167
marital status & psychological distress, adults at 23 & 33 yrs old, 17484
masking hypothesis vs comfort vs learned helplessness vs distraction explanations for effect of stress on overeating, restrained vs unrestrained eaters, implications for dieters, 26700
maternal involvement & support networks & dependent offspring's participation in day treatment or ambulatory care, well-being & psychological distress, mothers of adults with psychiatric disabilities, 18952
maternal soothing & everyday distress, cortisol & behavioral stress responses, infants, 13895
means–end social problem-solving skills & psychological distress, 16–21 yr old incarcerated male offenders institutionally identified as bullies vs victims of bullying, 27903
mediating processes & gender differences in symptoms of subjective distress, 12 & 13 yr old adolescents tested in 7th & 8th & 9th grades, 3-yr study, 14024
medical concerns & physical & mental health issues in planned human mission to Mars, 11969
medically unexplained physical symptoms & relationship to psychological distress & psychiatric disorders & personality & other psychosocial factors in primary care settings, 8000
Men's Advice Network for working class unemployed men experiencing psychological distress, England, 22181
mental distress after violent death of adolescent or young adult child, parents, longitudinal study, 11219
minor life events & subjective ratings of distress, 16–65+ yr olds with generalized anxiety disorder, 27724
model of cognitive appraisal & coping strategies in response to job loss following company closing, airline personnel , 12844
negative affective cues & activation of alcohol concepts, 21-54 yr old problem drinkers with high vs low psychiatric distress, 27893

negative affects associated between wives' pursuit & husbands' withdrawal during marital conflict, distressed husbands & wives, 1133
neuropsychological evaluation & MMPI patterns & potential effects of psychological distress on physical symptoms, 21–56 yr old Persian Gulf War Veterans, 25985
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31080
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31068
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31083
number of children & spouse support & marital problems & psychological distress, full time employed 22–53 yr old mothers, 23885
parent behaviors & child distress behaviors during urethral catheterization, 3.2–6.9 yr olds & their parents, 38413
patient stop signals, pain & distress & state anxiety, 26–78 yr old chronic pain patients undergoing diagnostic nerve block/local anesthetic injection, 37774
patient-centered goal planning, reduction of anxiety & distress, patients receiving neurological rehabilitation, 35294
personal distress & attitudes toward counseling & social support & self-concealment, seeking of psychological counseling, psychology undergraduates, 24971
Personal Disturbance Scale length based on structural cross-validation of item subsets & clinical uses, 17–64 yr old psychiatric outpatients, 19609
physician's psychosocial inquiry & physician patient familiarity & severity of distress, psychosocial problem disclosure, somatically presenting psychologically distressed primary care patients, 22146
positive & negative affect & dissatisfaction with illness related abilities in self evaluation process, psychological distress, adults with newly diagnosed rheumatoid arthritis (mean age 52.4 yrs), 5195
pre & post migration variables predicting psychological distress & self-destructive behavior, 17–29 yr old Vietnamese Amerasians fathered by US servicemen & civilians during Vietnam War, 1097
pre- and postmigration cognitions & feelings toward American biological fathers, distress & self-destructive behavior, 17–29 yr old European vs African Vietnamese Amerasian males vs females, 27459
predictive validity of Intrusive Thoughts Questionnaire for trauma distress, 18–80 yr old survivors of automobile accidents vs hurricanes vs airline disaster recovery work, 9812
predictors of psychological distress & adjustment to loss of parent to cancer, school age children, 23780
prevalence of emotional distress & relation to domestic violence, 15–49 yr old females, Nicaragua, 11522
prevalence of mental distress & neurotic symptoms & association with sociodemographic characteristics, rural residents aged 15 yrs & above, Ethiopia, 34053
prevalence of somatic indicators of distress, patients with diabetes mellitus, 8485
psychological & neuropsychological predictors of coping patterns to disease-related stressors, patients with multiple sclerosis, 11906
psychological distress & coping behavior, male partners (mean age 37 yrs) of gay men with HIV related disease, 21500
psychological distress & depression & demoralization, 28–64 yr old Russian-Jewish immigrants in primary care, 14449
psychological distress & parenting stress, mothers of high vs low risk very low birth weight infants, 1 & 8 mo & 1 & 2 & 3 yr followups, 11046
psychological distress & personality & psychiatric variables, 17–87 yr old outpatients diagnosed with organic vs functional dysphonia, 28038
psychological distress assessed using Symptom Checklist-90 Revised, 24–70 yr old complex regional pain syndrome patients with dystonia, 24729
psychological distress pre- vs post-rhinoplastic surgery in male vs female patients with functional vs aesthic motivation, 5 year follow-up, 38401
psychological distress pre- vs post-rhinoplastic surgery in male vs female patients with functional vs aesthic motivation, 38400
psychological stress, 30–68 yr olds awaiting heart transplantations, 2489
psychological well-being & distress & subjective health & health & illness behaviors & actual physical & psychiatric health, Ss exposed vs not exposed to radiation fall-out from Chernobyl disaster, 26001
psychophysiological responsiveness to distress cues vs threatening vs neutral stimuli, children with autism, 11684
psychosocial functioning, patients after cardiac transplantation vs artery bypass graft vs awaiting transplantation, 2482
racial minority status, distress, 10–17 yr old Black & White & Hispanic children, 10853
relations among psychological trauma & dissociative phenomena & trauma-related distress, 24135
relationship between age at time of abuse discovery & psychological distress, male vs female 8–15 yr old victims of sexual abuse, 17989
relationship partner devaluation & rejection & reassurance-seeking & self-esteem, emotional distress, 16–29 yr olds, test of interpersonal theory of depression, 7800
religiosity & religious coping & involvement, emotional distress pre- & post-surgery & at 3 & 6 & 9 mo followups, 35–78 yr old Catholic vs Evangelical Hispanic women with breast cancer, 28092
religious doubting & adverse life events & family environment & emotional distress, Protestant vs Catholic parochial high school students, 17352
salivary cortisol & behavioral responses to physical examination & relation to home sleep/wake activity, 7–15 wk olds, 7408
self-rated & objective cognitive ability & subjective cognitive complaints & affective distress, Gulf War veterans (mean age 32.7 yrs), 27509
separation & environment novelty, distress vocalizations & blood serum cortisol, marmosets, 16845
sex & impact of amount & division of household labor, psychological distress, 18–65 yr old males vs females, 4 yr study, 14190
social comparison & affiliation theory approaches to outperformance construct of 'sensitivity about being the target of a threatening upward comparison' , 17565
social control & health behavior change & psychological distress, adults, 7871
social functioning, military veterans with combat-related PTSD, 8208
social inequality in self rated health & limiting long standing illness & psychological distress & respiratory symptoms & height & obesity, male vs females, 33 yr longitudinal study, 14408
social problem solving & distress reactions to stressful events, diagnosed cancer patients & females who underwent surgery for breast cancer, 24756
social problem solving skills & psychological distress in adjustment to prison regime, suicidal vs bullied vs protected male inmates, Scotland, 21362
social support & psychological distress, male vs female 35–55 yr olds, 14606
sociodemographic variables & prevalence of symptoms of mental distress & neurosis, city residents, Ethiopia, 34066
spousal support & resourcefulness & work–family conflict, psychological distress, 23–40 yr old mothers in equalitarian vs nonequalitarian marriages, 11013
spouse avoidance & criticism, intrusive thoughts & psychological distress, 29–75 yr old cancer patients , 28097
state-funded programs offering prevention & intervention services, preteen & adolescent females in distress, Israel & Arab sectors, 12455
statistical association of mental distress & risk of hip fracture & use of tranquilizers or sedatives or hypnotics, 50–101 yr old females, 3 yr followup, 24696
temporal patterns of distress, Russian immigrants to Israel (mean age 40.7 yrs), 5 yr study, 30517
theories & predictors & consequences of polydrug problems & psychological distress, 28–32 yr olds, 4 yr study, 27872
time-worked vs performance-contingent pay systems & work monotony, emotional distress, blue-collar workers, 35611
trait personal distress & sympathy & perspective taking & social desirability, prosocial behavior, college students, 37103
validity of Assessment of DSM-IV Personality Disorders questionnaire, measurement of trait & distress characteristics, 18–67 yr olds, 89
work & family stressors, work & family & life distress & physical health & turnover intentions, university professors, application of Conservation of Resources Theory, 19414
workload, performance & mental effort & distress, adult inpatients with severe closed head injury, 18410

Distress—Books

How to make yourself happy and remarkably less disturbable , 25059

Distress—Chapters

The assessment of the child with autism: A family perspective, 37666
Determinants of psychosocial disorders in cultural minority children, 27569
Environments and stress reduction, 20471
Family caregiving: Stress, coping, and intervention, 5887
Family status and mental health, 30331
Moral development and mental distress: A feminist proposal, 36915
The SCL-90-R, Brief Symptom Inventory, and Matching Clinical Rating Scales, 26172
The sense of personal control: Social-structural causes and emotional consequences, 30475
Speaking the unspeakable: Self-disclosure and mental health, 14230
Work and mental health, 32385

Distress Calls (Animal) [See Animal Distress Calls]

Distributed Practice—Serials

distributed vs massed practice schedule & short vs long term retention interval, learning in multiplayer decision making task, 2-person teams, 6317
massed vs spaced practice conditions & methodological rigor & task type & intertrial interval, task acquisition vs retention performance, 36117
nootropic agent L-pyroglutamyl-D-alanine amide, learning & long-term memory in contextual & conditioned reflex freezing, massed vs spaced trained rats, 20382

Distribution (Frequency) [See Frequency Distribution]

Distributive Justice [See Justice]

Distrust [See Suspicion]

Disulfiram—Serials

experience with & attitudes toward naltrexone or disulfiram as pharmacotherapy for alcoholism, 24–67 yr old alcoholic patients in treatment, 9252

Diuresis—Serials

clocinnamox & quadazocine pretreatment, in vivo kappa opioid activity of butorphanol vs nalbuphine as seen in ethylketocyclazocine discrimination & diuresis, rhesus monkeys, 26861
discrimination of kappa opioid agonist U69,592 from vehicle & diuretic effects during FR food reinforcement trials, male vs female rats, 646
serotonin reuptake inhibitor-induced syndrome of inappropriate secretion of antidiuretic hormone, 78–89 yr old female patients, 21876

Diuretics [See Also Acetazolamide, Caffeine, Theophylline]—Serials

antihypertensive medication & diuretics, protection against dementia & cognitive decline, patients 75 yrs & older with dementia, 35085
ip vs intrathecal vs icv amiloride, antinociception & antihyperalgesia, male mice, 33397

Diurnal Variations [See Human Biological Rhythms]

Divergent Thinking—Serials

cognitive development & processes & control mechanisms & structures in creative thinking & effective novelty, children & adults, implications for gifted individuals, 30160
complex innovative decision-making in business game, graduate students with vs without sleep deprivation, 19812
convergent vs divergent cognitive processing, attitude change in relation to minority vs majority approval, undergraduates, 14264
divergent thinking training & prior experience, creativity for promised reward, 5th–6th graders, 22433
EEG complexity & performance while solving tasks of divergent & convergent thinking & during mental relaxation, 22–35 yr old males, 10520
effects of lag requirements on sustained vs habitual levels of variability in computer game playing, female college students, implications for individual differences in creativity, 30524
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, commentary, 927
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, 945
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, commentary, 930
negative schizotypal traits & relation to divergent thinking & personality & perception as dimensions of creativity, 17–24 yr old college students, 30491
relationship between deviance & creativity & social mechanisms to repress new ideas, eminent people who were imprisoned, 30486
reliability & external validity of rating scales for measurement of independent divergent attitudes in organizations, managers, 32724
schitotypy & creativity–divergent thinking & reduced cognitive inhibition assessed by negative priming, 17–47 yr olds, 20910
scores on measure of divergent thinking, 4–12 yr olds with vs without severe congenital visual impairment, 24892

Divided Attention—Serials

alcohol, individual differences in regional cerebral glucose metabolic rate during divided attention, male light to moderate social drinkers, 10584

attention to heading vs 3-D object at focus of expansion in straight-line movement through stationary environment, perceived heading & object motion, Os, 10057
concurrent performance of primary & secondary item vs source memory tasks, divided attention & frontal lobe functioning, college students, 32930
diazepam, dual task performance & attentional resource depletion to explain memory impairment, 18–26 yr old college students, 4157
divided & selective attention, auditory signal detection & localization, adults, 23059
divided attention & time course, automatic & consciously controlled components of memory, young (mean age 20 yrs) vs old (mean age 73 yrs) adults, 19864
divided attention, encoding or retrieval on recall or task performance, males with alcoholic Korsakoff syndrome & patients with amnesias of varying etiologies, 18354
divided attention, perceptual & conceptual memory, college students, 19863
divided attention, temporal processing, adult patients with lesions in cerebellum vs prefrontal cortex, 8614
driving performance in on-road vehicle vs simulator using concurrent telephone dialing task, 20–30 yr olds vs 60+ yr olds, 32927
effect of presentation of instructional materials on working memory size, management of split-attention & redundancy in multimedia instruction, trade apprentices &/or company trainees, 32347
ERPs & RT during forced choice visual discrimination RT task presented with irrelevant standard vs novel vs deviant auditory tones, 21–40 yr olds, test of involuntary attention , 545
ERPs for visual selective attention to color vs pattern vs pattern with changing target vs dividing & switching attention between color & pattern, 18–32 yr old males , 16691
full & divided attention, explicit & implicit memory, individuals (mean age 28.66 yrs) with severe traumatic brain injury, 24857
full attention vs divided attention, word stem completion for novel associations & cued recall & recognition & use of memory strategies, college students, 19848
global vs local precedence in divided vs selective attention tasks, 6.7–16.7 yr olds with autism, 27934
impairment on divided attention tasks requiring working memory, patients with severe traumatic brain injury, 34667
movement amplitude vs target width, divided attention during concurrent bimanual motor responses, college students (mean age 25.3 yrs) , 23071
narrowly focused vs broadly spread attention, self organization of unidirectional vs oscillatory motion patterns for visual elements, college students, 165
psychoanalytic perspective of the development & evolution of divided attentional processes & total awareness, 27445
role of divided attention in conceptual priming & implicit memory, college students, 26445
salty food & breath alcohol concentration & divided attention on task performance, 21–50 yr old female moderate drinkers, 27262
selective vs divided attention, implicit sequence learning, college students, 6911
task-driven attention to visual coherent motion & acoustic stimuli, gamma-band magnetoencephalographic activity, 22–36 yr olds, 29919
time-sharing of attention to child-focused vs adult-focused events, 14–20 mo olds & their caregivers in Guatemalan Mayan vs European American families, 23759
unimanual vs bimanual vs dual task conditions, attentional processing capacity in performance on 2 motor tasks, 27–55 yr olds with schizophrenia, 30708

Division of Labor [See Also Animal Division of Labor]—Serials

attitudes toward family resources & satisfaction with division of labor & coping & worries after birth of 1st child, 1st-time mothers & fathers, 23892
demands on family members, division of roles & responsibilities within families, parents or carers, 36957
equality in division of labor in home & income, cohesion & marital stability, married & cohabitating couples , 27173
judgments regarding fairness of division of housework, adult females, 23873
marital satisfaction & family division of paid & domestic work & value preferences for gender division & balance of power & perceptions of equity & empathy, 2-earner couples, 4624
perceptions of female specialization as bass players in alternative rock bands, musicians, 17515
relational identity & division of household responsibilities & hours devoted to employment & relationship satisfaction, 18–59 yr old married & unmarried couples, 37058
sex & impact of amount & division of household labor, psychological distress, 18–65 yr old males vs females, 4 yr study, 14190
solo member attributions & task assignments, Black & White college students in 5- & 10-member groups, 1217
traditional values &secularization & democratization & Catholicism, gender division of labor & traditional reactions to parenthood, married couples, Spain, 33774

Division of Labor (Animal) [See Animal Division of Labor]

Divorce—Serials

adjustment to parents' divorce & developmental stage as reflected through drawings, 4–6 yr olds whose parents recently divorced, 17327
attitudes toward divorce & marital quality, spouses, test of exchange vs cognitive dissonance theories, 8 yr study, 7662
characteristics & legal & clinical aspects of & research on parental alienation syndrome involving allegations of parent–child sexual abuse in situations of divorce, commentary reply, 1690
characteristics & legal & clinical aspects of & research on parental alienation syndrome involving allegations of parent–child sexual abuse in situations of divorce, commentary, 1693
child & parental & marital & custody related factors, behavior problems & emotional distress symptoms, 1–15 yr old children of parents involved in acrimonious divorce with custody/visitation conflicts, 30215
child custody decision & counseling guidelines for divorcing parents, 7689
childhood experience of parental divorce & indices of adult adjustment, 14–46 yr old pregnant females, 27069
children's temperament & impulsivity & attentional focusing, post divorce threat appraisals, 9–12 yr olds & their parents, 13894
cognitive appraisal biases & psychological adjustment to stressful divorce-related events, 9–12 yr olds, 14159
construct definition of reasons for divorce, Arab females, Israel, 7690
conventional vs pluralistic patterns of family structural diversity, 55–88 yr olds with at least 1 living 16 yr old or older grandchild, 20717
custody arrangement & marriage length & divorce hostility & spousal support & conflict & coparenting relationship, post-divorce attachment to former spouse, custodial mothers (mean age 36 yrs), 27194
Depression Prevention Program for Children, 5th & 6th graders from intact vs divorced families, 2-yr study, 18939
developmental stages in & multilevel phase related intervention model during divorce & dissolution of families with children, 32525
direct vs indirect influences of divorce through maternal strain & family SES & quality of family's interpersonal relationships & mother–child interaction, psychosocial adjustment, 3–5 yr olds, 20596
divorce & adjustment & vulnerability & resiliency of children, 10852
divorce & family relations & marital status, children's adjustment, low income African American vs European American families, 2 yr study, 23898
divorce & marriage & birth rates, prediction of suicide rates, 1950–1990, Canada, 30822
divorce, academic achievement, 8th–12th graders living with neither parent, 27193
economic & social–psychological well-being, family & life satisfaction, noncustodial fathers 3 yrs following divorce, 23897
effectiveness of group counseling program, 9–12 yr olds in families touched by separation or divorce, 21782
effectiveness of mandated parent education program, parent–child relationship, divorced parents, 20737
effects of & transitions that accompany divorce & clinical interventions to promote resilience & long-term connections with parents, children experiencing divorce & family reordering, 38104
evaluation of Divorce Education Program, divorced nonresidential fathers (mean age 37 yrs), 17498
examination of best school-based interventions & their effectiveness for children of divorce, elementary & junior high school students & their parents, 38925
family characteristics prior to divorce & mediation, child & parent perceptions of distress & psychological well-being & adjustment, 4–16 yr olds & their parents, 1 mo follow-up, 19541
family functioning & communication & child adjustment, 4–18 yr olds of recently divorced parents, 17353
gender-related patterns of interactional dominance in divorce mediations, 6490
husband vs wives resources & marital dissolution, examination of the wive's independence hypothesis & the husband's income hypothesis, 4629
impact of parental divorce on dreaming & sleep, 11–13 yr olds, 17368
marital beliefs & marital losses & gains, depression, 19+ yr olds, 27185
marriage & divorce, testosterone level, 32–68 yr old male Air Force veterans, 10 yr study, 1125
marriage & family law in rapidly changing society, Vietnam, 32530
maternal education & occupation & income & parenting practices, child's academic achievement, recently separated mothers of 6–9 yr old boys, 36977
mediation in divorce & custody proceedings & parental alienation syndrome, partners involved in custody fights as result of divorce or separation , 9760
mediator neutrality in divorce mediation, 34 yr old male & 30 yr old female divorcing spouses, 32550
mediator role & approach & nature of interventions in family mediations, mediators, application of simulated client data in case of unresolved marital attachment, 6494
models of the child & ideologies of childhood in separation & divorce & the role of the law & voices of children, 20736
newlywed interaction, prediction of divorce & marital stability, married couples, 6 yr study, comment, 27175
number of grandchildren affected by divorce, relationship with children & proximity & contact & emotional involvement & own health & coping, grandparents, 27192
parental conflict prior to divorce, academic & adjustment difficulties in children with parents who are or are not divorced, 30333
parental divorce & parent–child relations, early adult relationships, 13–16 yr olds, 10 yr study, 7496
parental divorce, conflict management & premarital communication, engaged couples, 11014
positive & negative emotional content in conversations about marital conflict, prediction of divorce & future marital relations, young adult newlywed husbands vs wives, 4–6 yr study, 36955
positive emotional & conflict resolution conversations, prediction of marital adjustment or divorce, spouses with marital conflict in marriage counseling, 4-yr follow-up, 38112
post-divorce adjustment & attachment in former spouses after children leave home, 27190
power & control dynamics of child support following divorce, obligor & obligee parents, implications for parent education program development, 27195
predictors of dysfunctional marital interaction & deterioration & divorce based on Time-1 interaction, 4 yr study, 23896
principles of & flaws in American Law Institute's proposed model statute on child custody & visitation & special sections addressing domestic violence during & after divorce, 32529
psychoeducational counseling group for college students (aged 21–24 yrs) from divorced families, 38118
psychosomatic disturbances following parents' divorce, children (aged 3 yrs & under at divorce), 27196
quality of & strengths in mother–child relationships, adult children of divorced mothers, implications for adolescent development & boundary notions, 20733
recognition of & responses to domestic violence & effects on court mediation process in custody/visitation & divorce cases & implications for mediators & mandatory mediation, 32554
recommendation of changing name of Divorce-Related Malicious Mother Syndrome to Divorce-Related Malicious Parent Syndrome based on recent gender-neutral case material, implications for research, 14160
relationship dynamics, 18.5–24 yr olds & their fathers following divorce, implications for family therapy, 12086
relationship with former spouse, marital satisfaction, remarried 25–83 yr olds, 20734
remarriage after divorce & family structure vs race vs socioeconomic status, academic achievement, 8th graders, 28964
sequential process model for intergenerational transmission of offspring's marital conflict & parental divorce, newlyweds (mean age 25 yrs), 3 yr study, 36970
socioeconomic status & demographic & attitudinal & interactional characteristics, marital disruption, husbands vs wives, 7688
stepmothers & stress, 17497
test of hypothesis based on withdrawal threshold for explanation of intergenerational transmission of divorce, adolescents of divorced vs married parents, 30332
typology for divorce mediation, divorcing couples, 33779
use of MCMI-III in child custody litigation, divorcing couples , 35900
validity of Child Adjustment Inventory, adjustment to early phase of divorce & family functioning, 5–16 yr olds from divorcing families, 16312
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, 39079
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39082

value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39072
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39073
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39078
values & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39075
Divorce—Books
Alone together: Law and the meanings of marriage, 20728
Changing families, changing responsibilities: Family obligations following divorce and remarriage, 23899
Coping with divorce, single parenting, and remarriage: A risk and resiliency perspective, 11028
Marriage, divorce, and children's adjustment (2nd ed.), 17389
The postdivorce family: Children, parenting, and society, 20738
Divorce—Chapters
Causes and consequences of divorce: Reflections on recent research, 20739
Children of divorce, 11031
Children of divorced parents as young adults, 10897
The custody of children of divorcing families: Weighing the alternatives, 20742
Developmental identity crisis in nontraditional families: Cases of Emma, age 8, and Chad, age 13, children of lesbian parents, 33693
Effects of adult children's divorce on grandparenthood, 4535
The effects of divorce and custody arrangements on children's behavior, development, and adjustment, 7692
The effects on attachment of overnight visitation in divorced and separated families: A longitudinal follow-up, 36868
Forged by fire: Indian-American women reflect on their marriages, divorces, and on rebuilding lives, 20712
Identification and treatment of alienated children in high-conflict divorce, 14161
Improving the law relating to postdivorce arrangements for children, 22791
Marriage and divorce, 4528
Multiple risks and adjustment in young children growing up in different family settings: A British community study of stepparent, single mother, and nondivorced families, 10903
Noncustodial parents, 7693
Postdivorce family life for children: An overview of research and some implications for policy, 20740
Predicting the future of marriages, 11029
Resilience in postdivorce mother–child relationships, 30334
Should we stay together for the sake of the children?, 10910
Social capital and the development of youth from nondivorced, divorced and remarried families, 13977
Unresolved conflicts in a divorced family: Case of Charlie, age 10, 34855
Values, policy, and research on divorce: Seeking fairness for children, 20743
Divorced Persons—Serials
effectiveness of mandated parent education program, parent–child relationship, divorced parents, 20737
factors affecting marital stability following HIV notification, divorced or separated vs intact HIV discordant couples, northern Thailand, 37794
family meeting for facilitating dialogue, divorced families, 34886
maternal anger & child behavior problems, divorced custodial mothers (mean age 41.87 yrs) & children (mean age 14.92 yrs), 27191
post-divorce adjustment & attachment in former spouses after children leave home, 27190
Divorced Persons—Chapters
Examples of commitment in postdivorce relationships between ex-spouses, 36971
Resilience in postdivorce mother–child relationships, 30334
Dizygotic Twins [See Heterozygotic Twins]
Dizziness [See Vertigo]
DNA (Deoxyribonucleic Acid) [See Deoxyribonucleic Acid]
Doctors [See Physicians]
Dogmatism—Serials
high fat diets & myocardial infarction & popular dogmas as inhibitors to advancement of knowledge, 36643
Dogs—Serials
construct validity of rating scales to measure behavioral severity of canine compulsive disorder, 26
environmentally enriched dog housing at pet-based research center, 3632
inter- & intra-sexual behavior, free-ranging dogs, 10339
racial composition of areas patrolled & deployment of police dogs to apprehend crime suspects & dog bites, Los Angeles police department, 6481
satisfaction with dog & commitment to dog's welfare & changes in life brought about by obtaining dog, 13–84 yr olds with physical disabilities & assistance dogs, 5221
socialisation & training vs socialisation vs training vs feeding programs, command responsiveness & social interaction, 6–16 wk old dogs , 10256
visual contact, cage position & activity & vocalization, dogs, 337
Doll Play—Serials
doll play evaluation & techniques, moral development & attachment beyond infancy & behavior problems, preschool children, 36832
utility of & representational consistency in family doll play & storytelling interpretation in revealing family relations among family member dyads & emotional climate, 4 yr olds, 1 mo study, 19578
Dolphins—Serials
influence of embodied context of Autidolfijn project designed to assess effect of dolphin interaction on learning & attention on experimental results, autistic children & dolphins, 22958
Domestic Service Personnel—Serials
treatment by Chinese vs Western employers, 24–56 yr old Filipina domestic helpers, 6308
Domestic Service Personnel—Chapters
One of the family, or just the Mexican maid's daughter?: Belonging, identity, and social mobility, 33759
Domestic Violence [See Family Violence]
Domestication (Animal) [See Animal Domestication]
Dominance [See Also Animal Dominance, Cerebral Dominance, Dominance Hierarchy]—Serials
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33886
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary reply, 33873
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33901
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33890
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33878
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33888
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, 33872
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33904
developmental evolutionary perspective of social dominance in humans, 10733
gender-related patterns of interactional dominance in divorce mediations, 6490
global dominance outside focus of attention, 19885
heterosexual dominance in Cultural Context Model for treating domestic violence, couples, 28343
history & effects of Dutch Individual Health Care Professions Bill on medical profession dominance & position of alternative medicine, 15700
history of relationship between medicine & dentistry & limits of medical dominance, 1868–1918, 15694
metamotivational dominance & participation & injuries in risk & safe sports, male snowboarders vs badminton players, 22681
partnership role attitudes & marital satisfaction & wife's occupational status & individual investment expertise, spouses' relative dominance in various investment decisions, 29–75 yr old couples, 36961
patterns of relational communication & control in conjoint behavioral consultation, consultant-psychologists & teachers & parents, 25832
perception of dominance from schematic faces & study administration on the Internet vs paper & pencil, Ss, 23111
perception of schematic eye gaze & sad mouth faces for social dominance & maleness, 15–55 yr olds, 33930
personality & sex & dominance during interaction vs exposure to dominant other & hostility, cardiovascular reactivity & blood pressure & heart rate, undergraduates, 13677
physical attractiveness &/or social dominance of same-sex individual, self-assessment of desirability in mate selection, male vs female college students, 33887
pleasantness & arousability & dominance personality traits, marital satisfaction, 20–85 yr old married couples, 11192
preference for dating hypothetical male described as dominant vs nondominant vs no description, female college students , 30397
right-wing authoritarianism & social dominance orientation as individual difference variables underlying prejudice, college students, 27411
sex, jealousy as function of rival's physical attractiveness & dominance as perceived in facial photographs, college students, 1219
testosterone level & physical development & social dominance & antisocial behavior, boys assessed from ages 6 to 13, 7336
trend analysis of height of US presidents as evidence for height as heuristic for dominance, 1948–96, 4644
Dominance [See Also Animal Dominance, Cerebral Dominance, Dominance Hierarchy]—Books
Social dominance: An intergroup theory of social hierarchy and oppression, 30387
Dominance [See Also Animal Dominance, Cerebral Dominance, Dominance Hierarchy]—Chapters
Hormonal correlates of personality and social contexts: From non-human to human primates, 7141
The racial discourse of civil society: The Rodney King affair and the city of Los Angeles, 4560
Dominance (Animal) [See Animal Dominance]
Dominance Hierarchy—Serials
age & individual size & fluctuating asymmetry, hierarchy rank & reproduction, queenless ant colonies, 36338
age & rank & demographic characteristics, threats & proximity relations, highland ponies, 3757
alliances & reproductive success, low-ranking Camargue stallions, 16801
cognitive perspective on concept of formal dominance & dominance hierarchies & aggressive/submissive behaviors, primates, commentary reply, 10332
cognitive perspective on concept of formal dominance & dominance hierarchies & aggressive/submissive behaviors, primates, commentary, 10346
competitive weight vs rank, truncated vs semitruncated vs mixed predicted distributions across food patches in relation to foraging success according to ideal free models, great tits, 13456
contexts of kin conflict over caste determination, social Hymenoptera, 36330
cost of peripheral males to dominant males & females in mating season, brook trout, 16778
demonstrator social status & prior foraging success, social learning, hens, 10336
discrimination among nestmate queens concerning worker attacks, fire ant workers in newly founded colonies, 19959
dominance rank & group size, lifetime reproductive success, female Macaca fascicularis, 13482
dominance rank & hierarchy & presence of infant, proximity & grooming partner preferences, adult female feral yellow baboon dyads, 19964
dominant vs subordinate status in home cage, play fighting with unfamiliar opponent, male rats, 10359
effects of auxiliary male on territory ownership & attributes of multimale groups, male oribi, 10295
formation of dominance hierarchies in aviary groups, male juvenile great tits characterized as fast vs slow explorers, 13484
high- vs low-social dominance orientation, allocation of social resources between meritorious & needy parties, undergraduates, 17551
high- vs low-status ethnic groups, social dominance & social identity, White–Latino relations in the US & Ashkenazim–Mizrachim & Jewish–Arab relations in Israel, 17575
individual-based model of territorial behavior in variable environments, animals in hierarchy of competitive ability, 26528
interactive effects of social dominance orientation & perceived justice & group status, undergraduate students, 17579
knowledge of third-party rank relationships to recruit allies, male bonnet macaques, 26531
male dominance rank & female reproductive status, male mating patterns, wild multimale mountain gorilla groups, 20022
maternal kinship & reciprocity & dominance rank, social relationships, female baboons , 33149
method based on mathematical model of paired comparisons for assignment of dominance ranks, red deer stags, 19994

multiple paternity & queen number & mating frequency, ants, 16849
nematode infection, morphology & social behavior & rank & mate choice, female red junglefowl, 3789
occupational status & anti-occupation activism & institutional activities & refugee status & education status, vertical & horizontal internal stratification, Palestinian elites, West Bank & Gaza Strip, 33733
olfactory recognition of urine signals of dominant males, duration & aggression in agonistic interactions, male lobsters, 3716
paternity, alpha-male elephant seals in northern vs southern harems, 36341
presence of gamergate signals, regulation of worker reproduction, Diacamma ant colony members, 33156
relationship between housing & social rank on cortisol & beta-endorphin & dynorphin secretion, sows, 4013

Dominance Hierarchy—Chapters

Models of American ethnic relations: A historical perspective, 27161
Peering into the jaws of the beast: The integrative dynamics of social identity, symbolic racism, and social dominance, 27114
Social norms and other minds: The evolutionary roots of higher cognition, 262

Domination [See Authoritarianism]

DOPA—Serials

apomorphine infusion, dopamine synthesis rates & dopaminergic tone, female Rhesus monkeys, 4280
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary, 14728
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary reply, 14763
tactile discrimination of macrogeometric objects & FDOPA metabolism in basal ganglia, 41–66 yr old patients with Parkinson's disease, 28213

DOPAC [See Dihydroxyphenylacetic Acid]

Dopamine—Serials

(-)-pindolol with vs without 5-HT reuptake inhibitors, dopamine & noradrenaline & 5-HT levels & activation of beta-adrenergic & 5-HT receptors, freely moving rats, 26779
18-methoxycoronardine, nicotine-induced dopamine release in nucleus accumbens & nicotine preferences, rats, comparison with ibogaine, implications for smoking treatment, 669
6-hydroxydopamine, 5-HT turnover & alterations in alcohol consumption in brain, neonatal rats, implications for alcohol dependence, 20392
7-OH-DPAT & PD 128907, core temperature & locomotor activity & catalepsy & grip strength, dopamine D-2 receptor knock-out mice, 36533
[F]DOPA & presynaptic dopaminergic accumulation in high midbrain, 10–17 yr olds with ADHD, 30815
abnormalities in cerebral serotonin vs dopamine transporter binding, male users of ecstasy vs other drugs, 26847
accumbens dopamine depletion, rate of progressive ratio responding, male rats, 36418
actions of scopolamine vs dopamine vs 5-HT vs adrenoceptor vs histamine for discrimination of clozapine, female mice, 7198
activity of natural autoantibodies reacting with dopamine & serotonin, autoimmune system, bulimic females (mean age 22 yrs), 34497
acute vs chronic parkinsonism induced by neurotoxin, striatal dopamine dennervation & preproenkephalin gene expression, male monkeys, 26844
acute vs chronic phenelzine administration, defensive behaviors when faced with natural threat & 5-HT & norepinephrine & dopamine levels & MAO A & B activity, mice, 4161
acute vs repeated estrogen vs progesterone, amphetamine induced striatal dopamine & stereotyped behavior, ovariectomized female rats, 36526
age at intrastriatal 6-OHDA lesion, effects of dopamine agonists on dyskinesias & rearing & grooming & gnawing & jumping & self biting behavior, adult rats, 20347
allele frequencies of 40-bp VNTR in 3'-untranslated region of dopamine transporter gene, individuals from 30 world populations, 26555
amineptine, striatal dopamine uptake inhibition & locomotion, male mice, 26859
amphetamine & reserpine, D(subscript 1)-like dopamine receptor binding, monkey brains, 36540
amphetamine administered in novel vs home environment, neuronal activation & behavior & c-fos mRNA expression & dopamine release, rats, 7163
antisense RNA vector vs haloperidol, long-term inhibition of D2 dopamine & up-regulation of receptors, male mice, 4133
apamin & d-tubocurarine as small conductance calcium activated potassium current blockers, action of ethanol on dopaminergic ventral tegmental area neurons & ethanol reward, 26742
apomorphine induced striatal immunoreactivity, male rats with 6-OH-dopamine lesions, 23346
association between dopamine receptor "A" system alleles or haplotypes & PTSD, combat veterans, 14607
association of TaqI A1 allele & functional –141C Ins allele of dopamine D2 receptor (DRD2) with alcohol dependence, alcohol dependent adults (mean age 42.4 yrs), 21341
attractor network model of role of dopamine in working memory & prefrontal cortex neurons, 22766
behavioral role of neurons containing D1 dopamine receptor, transgenic mice, 23451
benztropine & haloperidol, substantia nigra dopamine neuron electrophysiological activity, male rats, implications for treatment of antipsychotic drug-induced movement disorders, 17112
bilateral intraaccumbens quinpirole, parameters of circling behavior & 1st stage of head turning, rats, implications for role of D2 dopamine receptors on movement initiation, 4128
boldine vs glaucine, raclopride vs SCH 23390 striatal dopamine D1 & D2 receptor binding & apomorphine-induced climbing & sniffing & grooming & yawning & penile erections, male rats & mice, 10531
brain dopamine transporter density, outpatients with major depression, 27603
carbachol & SKF 38393 & quinpirole nucleus accumbens shell & core injections, behavior & dopamine levels, male rats, 36573
central dopaminergic sensitivity during alcohol withdrawal, alcoholics with Asn40Asp vs Asn40Asn genotype of human mu-opioid receptor, 24538
ceruletide, PCP & NMDA receptor antagonist dizocilpine induced changes in extracellular levels of dopamine & 5-HT in prefrontal cortex & striatum, male rats, 658
changes in nucleus accumbens dopamine activity, lead-induced disruption of fixed interval schedule-controlled behavior, rats, 4125
cholecystokinin, neuroleptic-like effects on dopamine-related behaviors, rats, animal models of psychosis & implications for treatment, 7188
chronic cocaine vs GBR 12909 or RTI-117 vs nisoxetine, locomotor activity patterns, male rats, 13750
chronic ethanol consumption, ventral tegmental area electrical activity & striatal & cortical dopamine release, male mice made physically dependent on ethanol, 4098
chronic isolation, CA2+ dependent release of 5-HT & dopamine in CNS, rats, test of animal model of depression, 683
clozapine & risperidone & sulpiride & haloperidol & olanzapine & amperozide, serotonin receptor antagonism & extracellular dopamine in medial prefrontal cortex & nucleus accumbens, male rats, 17054
clozapine or haloperidol, dopamine release in prefrontal cortex vs caudate nucleus, rhesus monkeys, 13839
cocaine &/vs heroin self-administration, nucleus accumbens extracellular dopamine concentration, male rats, 7204
cocaine vs cocaine analog WIN 35,065-2 vs dopamine reuptake inhibitor GBR 12909 in ventral tegmental area, behavioral sensitization, rats, 7258
cocaine vs methylphenidate, dose-striatal dopamine transporter receptor occupancy & dose- locomotor activity effect relationships, male mice , 36559
cocaine withdrawal, midbrain dopamine neurons in substantial nigra pars compacts & ventral tegmental area, rats, 23533
computational neural network model of dopaminergic striatal circuitry in attentional learning by reinforcement, 32506
conditioned & unconditioned approach responses to stimuli predictive of food, transgenic mice with impaired glucocorticoid receptor function, 23355
connectionist computational simulation model of role of dopamine & prefrontal function in cognitive control, patients with schizophrenia, 30698
D1 & D2 & D3 receptors & manic–depressive illness, 20–80 yr old bipolar type 1 patients , 1542
D2 & D4 exon 3 & gamma-amino-butyric acid Type A receptor alpha-1 subunit gene, lithium efficacy, patients (mean age 46.65 yrs) with mood disorders, 35018
D2 dopamine receptor density in schizophrenia, test of biological hypothesis, 4972
D2 dopamine receptor gene allele & haplotype frequencies & association with phenotype & phenotype severity, alcohol dependent adults, 21309
development of dopamine D1 receptors in caudate & putamen, 9 wk–49 yr olds, 36708
dextro-amphetamine self administration vs maintenance vs extinction vs reinstatement, dopamine fluctuations in nucleus accumbens, male rats, 20135
diagnosis & pharmacologic treatment of dopaminomimetic-induced psychosis, patients with Parkinson's disease, 22074
differential binding of benztropine-based photoaffinity ligands on dopamine transporters, male rats, animal model of cocaine abuse, 10675
distribution of dopamine D3 receptors & neurons positive for D3 mRNA vs dopamine D2 receptor/mRNA in subcortical regions of human brain, 7053
dopamine & dopamine antagonists, appetitive quality of novel-object recognition, rats, 33365
dopamine & serotonin occupancy of amoxapine, 24–32 yr olds, 21910
dopamine agonist exposure, adenylate cyclase activity in HEK293 cells stably expressive recominant-D4 receptors, 10677
dopamine agonist SKF 82958 & quinpirole, dopamine receptors & sensitization of amphetamine-induced stereotyped behavior, male rats, 23322
dopamine D-2 receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenic patients vs German & British data, Canada & US, 17923
dopamine D4 receptor gene & personality traits, Swedish 21–67 yr olds, 4779
dopamine D4 receptor gene variants & excitement & depressive & disorganized & delusional symptomatology, psychiatric inpatients with major psychoses, 30749
dopamine D_4 gene 7-repeat allele, adult with ADHD & their spouse & child with ADHD, 21385
dopamine delivery at target structures & direct learning & decision-making, Ss & network based on predictive model of mesencephalic dopamine systems, 3210
dopamine depletion in fronto-striatal system, sentence comprehension, patients with Parkinson's disease, 28156
dopamine modulation of kappa opioid agonist induced ultrasonic vocalization vs antinociception vs activity level, preweanling rats, 30039
dopamine receptor genetic variation & psychosis, elderly outpatients with probable Alzheimer's disease, 1–9 yr followups, 2093
dopamine receptor mediated guanosine 5'-O-(gamma-[35S])thio)triphosphate binding in striatal membranes, rats, 36560
dopamine release & metabolism in prefrontal cortex & ventrolateral striatum during enhanced rebound hyperphagia induced by space restriction, female rats, animal model of binge eating, 7061
dopamine sensitization & amphetamine induced stereotyped behaviors, male rats, 17053
dopamine synthesis in striatum & medial prefrontal cortex, 21–49 yr old schizophrenic patients, 34173
dopamine system dysfunction & behavioral symptomatology, HIV associated dementia, 31129
dopamine transporter availability & depressive symptoms during alcohol withdrawal & after sobriety, 24–69 yr old alcoholics, 32041
dopamine transporter SLC6A3 & D2 dopamine receptor DRD2 receptor genes, 18–80 yr old smokers & nonsmokers, 7767
dopamine uptake by platelet storage granules, first-degree relatives of patients with Tourette's syndrome, 8663
dopaminergic genes & smoking behavior & personality traits, 18–84 yr old nonsmokers vs current vs former smokers, 7772
dopaminergic neurotoxin methylphenyltetrahydropyridine, cocaine & methamphetamine-induced locomotor activity, mice, 20305
dorsal striatal dopaminergic innervation, 20–46 yr olds with Tourette's syndrome, 28187
DRD4 gene polymorphisms & drug responses, patients with chronic psychosis who responded well to typical neuroleptics vs clozapine, 12156
early withdrawal from repeated cocaine, neostriatal muscarinic & dopaminergic receptor binding density, female rats, 10665
electrical stimulation of dopamine cell bodies in ventral tegmental area/substantia nigra, dopamine release from dopamine terminals in nucleus accumbens & intracranial self stimulation, male rats, 13397
electrophysical data on dopamine action in prefrontal cortex underlying neuronal model of schizophrenia pathophysiology, 27715
endogenous dopamine concentration in rostral agranular insular cortex, nociception & activity of spinal nociceptive neurons, male rats, 20269
environmental restriction vs enrichment, development of stereotypy, striatal dopamine D1 & D2 receptor density, mice, 20058
exposure to repeated low dose amphetamine, behavior, rhesus monkeys, 28 mo study, implications for role of dopamine in schizophrenia etiology, 7172
fluoxetine vs desipramine vs tranylcypromine, expression of dopamine D1 and D2 receptors in nucleus accumbens & other striatal regions, male rats, 7160

fluoxetine, increased serotonergic function & alteration of amphetamine metabolism & locomotor activity & release of dopamine in nucleus accumbens, male rats, 10661
forebrain dopamine systems & frontal & temporal corticostriatal transmission interactions in pathophysiology & psychopathology of schizophrenia, 27696
frequency of dopamine DRD2 genetic polymorphism, Chinese schizophrenic 15–65 yr olds & their parents vs schizophrenic Caucasians vs nonaffected controls, 4949
functional hyperdopaminergia, dopamine transporter gene knock-out mice, implications for psychopathology, 79794
functioning of ventral tegmental area & dopamine production system in psychobiological threshold model of individual differences in incentive motivation & extraversion, 24 comments & reply included, 27363
GABA receptor agonists & antagonists in ventral tegmental area, dopamine release in nucleus accumbens & heroin self administration, male rats, 3943
galanin, forebrain dopaminergic monoamine synthesis & open-field locomotor behavior, male rats, 23306
gamma-hydroxybutyrate vs cocaine, mRNA expression of D1 & D2 dopamine receptors, male rats, 36619
genetic association in 5 polymorphisms in dopamine system genes, patients with obsessive–compulsive disorder, 1636
genetic linkage & allelic & genotypic association between schizophrenia & D3 dopamine receptor gene DRD3, family pedigrees multiply affected by schizophrenia, 1597
genetic studies of dopamine D4 receptor gene variants in novelty seeking & alcoholism & drug abuse & attention deficit hyperactivity disorder, 24157
ginsenosides, cocaine-induced hyperactivity & conditioned place preference & postsynaptic dopamine receptor sensitivity, male mice, 33426
glial cell line-derived neurotrophic factor, extracellular levels of dopamine in striatum 24 hrs postadministration & protection against neurotoxic effects of methamphetamine, male rats, 29775
haloperidol vs clozapine vs risperidone, extrapyramidal motor symptom of handwriting area & D2 dopamine receptor occupancy, 29–65 yr olds with schizophrenia, 18701
hydroxydopamine-induced dopamine depletion in medial prefrontal cortex, motor & neurochemical response to cocaine, male rats, 33366
hypothalamic serotonin, nucleus accumbens dopamine during mating behavior, male rats, implications for sexual satisfaction, 33442
icv melatonin vs pinealectomy vs constant light, dopamine & motor impairment in experimental models of Parkinson's disease, male rats, 26653
idazoxan & raclopride, dopamine output in medial prefrontal cortex & conditioned avoidance responding, rats, test of dopamine hypothesis of schizophrenia, 36566
imidazenil vs diazepam, tolerance liability & cocaine-induced activity & extracellular dopamine in nucleus accumbens shell & striatal dialysates, male rats, 668
in vivo potency of methylphenidate vs cocaine in striatum vs cerebellum dopamine transporters for abuse liability, 30–40 yr old normal vs cocaine abusers , 30065
incomplete nigrostriatal dopaminergic cell loss & partial reductions in striatal dopamine, parkinsonian symptoms, young vs middle-aged rats, 23328
individual differences of prepulse inhibition in startle reflex as measure of individual dopamine function, male rats, 36417
inhibition of mesoamygdala dopaminergic pathway with D1 or D2 antagonists vs agonists, Pavlovian conditioned fear, male rats , 36593
inhibitory role of dopamine & GABA in frontal cortex & behavioral sensitization to amphetamine & cocaine, male mice, 687
integrity of presynaptic dopaminergic function, 12–17 yr olds with Tourette's disorder, 11886
interaction of dopaminergic neurotransmitter system with conditioning mechanisms of associative learning & cognition, implications for drug abuse, 23107
interleukin-1-alpha in ventromedial hypothalamic nucleus, food intake & dopamine & serotonin release, male rats, 10682
intra-lateral hypothalamic nicotine, 5-HT vs dopamine vs DOPAC vs 5-HIAA in lateral hypothalamus & food intake, male food-deprived rats, 36635
involvement of 5-HT & dopamine in action mechanisms of tricyclic antidepressants & monoamine oxidase inhibitors & selective serotonin reuptake inhibitors, treatment of major depression, 8873
involvement of dopamine D2 receptors in modulation of prepulse inhibition & acoustic startle & role of amphetamine in prepulse inhibition, mice, implications for treatment of schizophrenia, 20134
ip vs local infusion of chlorobenztropine &/vs cocaine, locomotor activity & stimulus discrimination & extracellular dopamine levels in nucleus accumbens, male rats, 20375
isoflurane vs ketamine anesthesia induction, dopamine D2 receptor binding of [18F]fluoroclebopride in basal ganglia, monkeys, 33236
kappa agonist U62066 or ibogaine, cocaine induced locomotor stimulation & kappa opioid or NMDA modulated dopaminergic function, male vs female mice, 4267
kava extract & kavapyrones, dopamine & 5-HT levels & concentrations in nucleus accumbens, male rats, 623
lead, waiting behavior in fixed-ratio paradigm & dopamine receptors, male rats, 33369
levodopa, stuttering, 44 yr old male with developmental stuttering & Parkinson's disease, 28392
long term administration of rubidium or lithium, reactivity to stress & dopamine output in the nucleus accumbens, male rats, 20290
long term exposure to light, dopaminergic supersensitivity induced by repeated treatment with haloperidol, rats, 23482
low dose 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, frontal cognitive & oculomotor & skeletomotor dysfunctions in spatial delayed response task, female rhesus monkeys, 17103
low vs high dose methamphetamine, extracellular caudate nucleus & nucleus accumbens dopamine levels & locomotion & stereotypic responses, male rats, 36632
mecamylamine in ventral tegmentum, nicotine withdrawal & dopamine output in nucleus accumbens, male rats chronically treated with nicotine, 33213
methylphenyltetrahydropyridine, Parkinson symptoms & brain levels of dopamine & DOPAC & HVA, minipigs, animal model of drug induced parkinsonism syndromes, 20339
microinfusions of opioid subtype-selective agonist & antagonist into ventral tegmental area, self administration of cocaine, rats, implications for role of mu opioid receptors in cocaine reinforcement, 10554
microinjection of galanin vs neuropeptide Y into paraventricular nucleus, dopamine and acetylcholine release in nucleus accumbens & feeding, male rats, 3897
microinjection of serotonergic 5-HT1B agonist S-CM-GTNH2 into dorsal subiculum, dopamine release in shell area of nucleus accumbens, male rats, 631
morphine, metabolism of dopamine & serotonin, alcohol-preferring vs alcohol-avoiding rats, 23517
naltrexone suppression of ethanol self-administration, attenuation of ethanol-induced increase in dialysate dopamine levels in nucleus accumbens, male rats, 7197
neonatal excitotoxic lesions of ventral hippocampus, locomotor activity & stress-induced dopamine levels in nucleus accumbens, male rats, 29771
neural network model of activity of short- & long-term information processing by dopamine & prefrontal cortex within cortico-striatal circuits during reward-related approach learning, 32483
neurobiology of & adrenergic & GABA & dopaminergic & serotonergic role in social anxiety disorder, 1647
neurochemical & behavioral effects of nucleus accumbens dopamine depletions & rate of responding, 26640
neuroleptic & dopaminergic drug therapy for reduced dopamine binding sites, 43 yr old female & 61 yr old male with paranoid schizophrenia & parkinsonism, 5670
neuroleptic sensitivity & substantia nigra neuron densities & striatal dopamine & HVA & autoradiographic binding, patients with dementia with Lewy bodies vs Parkinson's disease, 2379
neuroprotective & restorative properties of glial cell line derived neurotrophic factor for nigrostriatal dopamine system & motor function in animal models of Parkinson's disease, 3845
NMDA receptor antagonists, apomorphine-induced climbing behavior, reserpine-treated vs intact male mice, 13762
normal & drug induced locomotor behavior & release capacity of dopamine neurons in nigrostriatal & mesolimbic systems, 4–6 vs 10–12 vs 18–20 vs 24–26 mo old male rats, 4041
novel antipsychotic aripiprazole & its metabolites, dopamine & serotonin receptor subtypes, rat cells , 20320
NRA0045 vs haloperidol or risperidone or clozapine, in vivo receptor occupancy of 5-HT2A & alpha1 & dopamine D2 & D3 receptors in frontal cortex & striatum & nucleus accumbens, male rats, 33377
olanzapine dosage, dopamine D-2 receptor occupancy & extrapyramidal side effects & therapeutic response, schizophrenic 19–55 yr olds, 25211
olanzapine vs other atypical vs typical neuroleptics, blockade of dopamine D1 & D2 & D3 & 5-HT2A & muscarinic receptors in brain, male rats , 10685
olanzapine, dopamine D1 & D2 receptor locomotor stimulant effects, dopamine depleted male mice, 13793
opioid receptor antagonist naloxonazine, acceleration of morphine & etonitazene induced dopamine transmission & metabolites in dorsal striatum & nucleus accumbens, male rats, 26832
orphan neurones & dopamine excess & role of neuropathic changes in etiological factors & treatment, Parkinsonism & neuropsychiatric disease, 5417
passage through blood-brain barrier & occupancy of striatal D2-like dopamine receptors of panamesine EMD 59983 metabolite EMD 57445, patients (aged 30–55 yrs) with schizophrenia, 38251
patterns of dopamine receptor change, brain tissue from deceased 56–86 yr olds with parkinsonism vs Alzheimer's disease vs Parkinson's disease , 2043
Pavlovian differential fear conditioning with aversive CS, excitation vs inhibition of ventral tegmental dopaminergic neurons assessed electrophysiologically, female rabbits, 13543
periodic isolation stress as neonate, brain dopamine systems & response to amphetamine & behavior, rat pups, 7063
pertussis toxin lesions, inhibitory effects of S(-)3-amino-1-hydroxypyrrolidone-2 on nigral dopamine & possible mediation by GABA-B, male rats, 36459
pharmacological & behavioral effects of 3-alpha-diphenylmethoxy-1alphaH,5alphaH-tropane analogs & similarities to cocaine effects, rats , 7219
positron emission tomographical study on reduced dopamine transporter density, 18–65 yr old abstinent methamphetamine vs methcathinone users vs patients with Parkinson's disease, 1404
positron emission tomography, 5-HT modulation of dopamine release in basal ganglia, psilocybin-induced psychosis, 25–29 yr olds, 14590
postnatal development of tyrosine hydroxylase & dopamine transporter immunoreactive axons in rostral entorhinal cortex, 2 day to 18+ yr old rhesus monkeys, 3839
prediction of reinforcing responses to psychostimulant using brain dopamine D2 receptor levels, males (mean age 34 yrs) who liked vs disliked iv methylphenidate, 33506
prepulse inhibition of acoustic startle, dopamine & DOPAC in nucleus accumbens & striatum & apomorphine or sulpiride induced changes in evoked dopamine release, rats, 3945
prior sexual experience on extracellular concentrations of dopamine in nucleus accumbens, female hamsters, 10427
proboscis extension response assessment of effects of dopamine & serotonin & putative receptor ligands in alpha lobe of mushroom body, honeybees, 630
properties of excitatory synapses on ventral tegmental dopaminergic & GABAergic cells & long term potentiation, rats, implications for drug dependency, 20075
psychopharmacology of conditioned reward & theoretical model of reward-related learning at D1-like dopamine receptors, 30057
psychostimulants & hyperdopaminergic states in schizophrenic illness phases, patients with schizophrenia (mean age 40 yrs), 27689
rapid displacement of clozapine & quetiapine from dopamine D2 receptors by competing compounds, implications for antipsychotic withdrawal & early clinical relapse in treatment of schizophrenia , 23580
relationship between prefrontal neuronal pathology & dopamine activity, patients with schizophrenia vs monkeys, 14534
relationship of 5-HT2C & D1 receptors, neonatal 6-OHDA rat model of Lesch-Nyhan syndrome, 33359
relative density & laminar distribution of dopamine axons in prefrontal cortex, postmortem brains of humans with schizophrenia & monkeys treated with haloperidol, 37345
release of dopamine in nucleus accumbens during development & realization of an emotional conditioned response, male rats with lesions to hippocampal formation, 3907
repeated dextro-amphetamine, sensitization of mesoaccumbens dopamine projection & enhanced appetitive conditioning, male rats, 4166
repeated low vs high dose nicotine pretreatment, mesoprefrontal dopaminergic & behavioral responses to acute footshock stress, male rats, implications for schizophrenia, 4153
response contingent food reward, changes in medial prefrontal cortex dopamine levels, male rats, 510
reward vs schizophrenia hypothesis & functions of the mesolimbic dopaminergic projection to the nucleus accumbens, 26596
risperidone vs clozapine, amphetamine induced striatal dopamine release, 23–50 yr olds with chronic schizophrenia or manic depression, 15281
role of 5-HT1B receptors in modulation &/or mediation of cocaine self administration & reinforcement, male rats, 7235
role of brain opioids & dopamine in MK801 induced NMDA inactivation antinociception, male rats, 23308

role of clozapine in aleviating dysfunction in dopaminergic mediated mesocorticolimbic reward system, patients with comorbid schizophrenia & substance use disorder, 15297
role of D1 & D2 receptors & hippocampal input to the nucleus accumbens, foraging for food in radial-arm maze, male rats, 26774
role of dopamine & norepinephrine & acetylcholine in core cognitive deficits of schizophrenia, therapeutic implications, 12170
role of dopamine D3 receptor & effect of agonists on hypothermia & hypolocomotion, D3 homozygous vs heterozygous vs mutant mice, 23490
role of dopaminergic & cholinergic systems in memory storage, mice treated with D1 vs D2 dopamine receptor agonist or antagonists, 6961
role of dopaminergic & noradrenergic & serotonergic neurotransmitter systems in nicotine discriminative stimulus, male rats, 705
role of NMDA glutamate receptors in priming of D2 dopamine-mediated rotational behavior & striatal Fos expression, 6-hyroxydopamine lesioned male rats, implications for Parkinsons disease, 29843
role of serotonin & dopamine in schizophrenia & new antipsychotic agents, 5661
role of serotonin in calming effect of psychostimulants on hyperactivity, dopamine transporter knockout mice, implications for ADHD in humans, 10578
role of serotonin inhibition of dopaminergic transmission in antidepressant-induced sexual dysfunctions, 18238
role of telencephalon & dopaminergic system in open field locomotor activity, cichlid teleosts, 3887
SB 242 084 & RO 60-0175, nigro-striatal & mesolimbic dopaminergic function, male rats, implications for treatment of schizophrenia & neuropsychiatric disorders, 33387
selegiline, long term changes in dopamine efflux & stress immobility following opiate withdrawal, male Wistar rats, 4160
serotonergic vs dopaminergic mediation of effects of morphine on formalin induced nociception, streptozotocin induced vs noninsulin dependent genetically diabetic db/db mice, 4277
serotonin 5-HT2 & D2 receptor occupancy of clozapine & risperidone & olanzapine, 19–54 yr olds with schizophrenia, 12192
serotonin receptor antisense oligonucleotide, grooming behavior mediated by dopamine receptor SKF 38393, male rats, 26842
serum dopamine beta-hydroxylase activity before & after hospital treatment, 62–92 yr old delusional vs nondelusional depressed patients , 14492
social subordination stress & brain dopaminergic activity & behavior, female cynomolgus monkeys, 607
striatal & temporal cortical D2/D3 dopamine receptor occupancy by typical antipsychotic drugs, 25–58 yr old schizophrenic patients being treated with antipsychotics, 34961
striatal dopamine D-2 receptor binding measured by iodobenzamide & SPECT before vs after selective serotonin re-uptake inhibitor, 29–71 yr old patients with major depression, 25183
striatal dopamine deficiency & RT & movement times, 31–74 yr old patients with untreated Parkinson's disease, 37891
striatal dopamine levels, susceptibility of striatal neurons to 3-nitropropionic acid induced toxicity, female rats, animal model of Huntington's disease , 7084
striatal dopamine-2 receptor occupancy, 19–54 yr old schizophrenic patients treated with olanzapine vs clozapine vs haloperidol, 12245
striatal dopaminergic abnormalities, adult cocaine users, 10435
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, comment, 28464
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, commentary reply, 28407
TaqI-A & TaqI-b genotypes & haplotypes at DRD2 locus & alcoholism, alcohol dependent Chinese Han (mean age 38.11 yrs), 21319
tetrahydropapaveroline in ventral tegmental area, dopamine & its metabolites in nucleus accumbens, high-ethanol-preferring rats, 23557
theory of relationship between brain dopamine levels & positive affect & performance on cognitive tasks, 26571
tropane analog self-administration & selective binding affinity for dopamine vs 5-HT transporters, male rats trained to self-administer cocaine, 26839
tumor necrosis factor alpha, sickness behavior & plasma corticosterone & central monoamine levels & turnover at hypothalamic & extrahypothalamic sites, mice, 26704
type 4 dopamine receptor gene, novelty seeking, 32 yr olds, 33177
ultrastructure of synaptic contacts in immunocytochemically identified dopaminergic neurons in substantia nigra, patients with schizophrenia (aged 66–75 yrs at time of death), 21142
unrestricted ethanol self-administration, reactivity of striatal dopamine & dopamine-sensitive neurons & acetylcholine release in nucleus accumbens slices, ethanol-experienced vs naive male rats, 10632
use of positron emission tomography to study serotonin- 2/dopamine-2 receptor effects of antipsychotics, implications for understanding schizophrenia & its pathophysiology, 21942
voluntary control of saccadic eye movements, males (mean age 32.7 yrs) with history of amphetamine use, implications for role of dopamine neurotransmission, 36552

Dopamine—Chapters

Cross-species studies of sensorimotor gating of the startle reflex, 26878
D_3 dopamine and kappa opioid receptor alterations in human brain of cocaine-overdose victims, 27901
D_3 receptors and the actions of neuroleptics in the ventral striatopallidal systems of schizophrenics, 26871
Dopamine projections and frontal systems function, 8087
Modulation of cell firing in the nucleus accumbens, 27719
The ''psychic'' neuron of the cerebral cortex, 26690

Dopamine Agonists [See Also Amphetamine, Apomorphine, Morphine, Quinpirole]—Serials

7-OH-DPAT & various dopamine agonists & antagonists, antinociceptive effects of mu opioids morphine & dezocine, male rats, 26753
7-OH-DPAT dose, d-amphetamine induced stereotypy & conditioned place preference & dose-response curves, male rats, 688
7-OH-DPAT into central nucleus vs basolateral nuclei of amygdala, Pavlovian vs instrumental conditioned approach responses, male rats, 7209
aprippazole, modification of striatal neurons as dopamine D2 receptor agonist or antagonist, male rats, 36588
behavioral interactions between DAergic drugs & cannabinoid agonist HU 210, male rats implications for studying psychosis, 33395
coadministration of cocaine or apomorphine with 7-hydroxy-N,N-di-n-propyl-2-amino-tetralin, conditioned place preference & locomotion & sniffing & oral stereotypy & headbobbing, male rats, 17048
cocaine vs morphine pre-exposure & conditioned place preference induced by dose range of cocaine & sensitization to the rewarding effects of the specific dopamine uptake inhibitor GBR12783, rats , 4240
D1 vs D2 receptor specific dopamine antagonists, behavioral sensitization to 7-OH-DPAT, male rats, 7225
dopamine agonist 7-OH-DPAT or antagonist nafadotride, proneurotensin/neuromedin N mRNA levels in striatum & nucleus accumbens shell, male rats, 26803
dopamine agonist exposure, adenylate cyclase activity in HEK293 cells stably expressive recominant-D4 receptors, 10677
dopamine D1 receptor agonists & dose–response & D1/D2 receptor antagonism, enhancement of acoustic startle response, male rats , 26817
dopamine D1 receptor agonists, ethanol & saccharin self-administration vs grooming & locomotor activity, rats, implications for efficacy of dopamine receptor agonists in treatment of alcohol abuse, 13705
dopamine D1 vs D2/3 agonists vs D1 vs D2 antagonists vs uptake inhibitor, electrical brain self-stimulation reward thresholds & response latencies, male rats, 13693
dopamine partial agonist terguride, cocaine self- administration, rats, 4250
dopamine receptor agonist 7-OH-DPAT, visual object discrimination & task reversal, marmosets, 26851
dopamine receptor agonist pergolide, 43–80 yr old patients with restless legs syndrome, 8886
dose-dependent effects of intramygdaloid infusions of dopaminergic selective agonist vs antagonist on acquisition & expression of Pavlovian fear conditioning, female rats, 30005
drug addiction & selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, commentary, 26733
efficacy & safety of pergolide, patients with Parkinson's disease, 31777
efficacy & side effects of levodopa & other dopaminergic & neuroprotective drug therapies & surgery options for Parkinson's disease patients, 31795
estrous cycle phase & dopaminergic agonism vs antagonism, avoidance conditioning & spontaneous locomotion, estradiol-primed vs ovariectomized vs male rats, 10561
fluoxetine & desipramine & tranylcypromine, behavioral response to apomorphine or SKF 38393 or SKF 81297 or RU 24213 or quinpirole, male rats, 617
intra-amygdala R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated Pavlovian conditioned locomotor responses, male rats, 7208
intra-amygdaloid R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated instrumentally conditioned locomotor responding, male rats, 7210
neural network approach to effect of dopamine receptor agonists amphetamine & nicotine & antagonists haloperidol and alpha-flupenthixol on latent inhibition, 9720
phosphoinositide-linked dopamine D1 receptor & repetitive jaw movements, male rats, 7252
PLG & peptidomimetic analogs, anticataleptic effects through dopamine modulation, male Sprague-Dawley rats, 36542
postnatal administration of cocaine with vs without Delta-9-tetrahydrocannabinol, open field behavioral response to D1 dopamine receptor agonist administration, male vs female rat pups, 26 day study, 33452
potential of D1 receptor agonists in pharmacotherapy of Parkinson's disease, erratum, 28618
pramipexole augmentation, male 50 & 33 yr olds with treatment-resistant bipolar disorder, 21897
preferential roles of dopamine D2 vs D3 receptors in ethanol self-administration, male rats, 7176
quinpirole infusion in acquisition of appetitive differential conditioning task, rats, 13790
rapid- vs slow-titration schedules for start on pramipexole, patients with Parkinson's disease on carbidopa/levodopa & bromocriptine or pergolide, 18821
receptor specific dopamine agonists quinpirole vs quinelorane vs 7-OH-DPAT, intracranial self-stimulation of lateral hypothalamus, male rats, 7203
role of dopamine D3 receptor & effect of agonists on hypothermia & hypolocomotion, D3 homozygous vs heterozygous vs mutant mice, 23490
role of telencephalon & dopaminergic system in open field locomotor activity, cichlid teleosts, 3887
SCH23390 vs raclopride vs haloperidol vs clozapine, hyperlocomotion induced by cocaine vs amphetamine vs MK-801 vs dopamine agonist C-APB, mice, 33465
selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, 26833
SKF38393, entrainment of circadian pacemaker & induction of Fos, neonatal Syrian hamsters, 17043

Dopamine Antagonists [See Also Sulpiride]—Serials

(-)-OSU6162 on dopaminergic system, 50 yr old female with Huntington's disease, 38318
5-HT-1A vs 5-HT-2 receptor agonism vs antagonism, footshock-induced ultrasonic vocalization & inhibition by EEDQ, male rats, 26841
7-OH-DPAT & various dopamine agonists & antagonists, antinociceptive effects of mu opioids morphine & dezocine, male rats, 26753
antisense RNA vector vs haloperidol, long-term inhibition of D2 dopamine & up-regulation of receptors, male mice, 4133
benzoindane S 18126 vs raclopride vs L 745,870, dopamine D/4 receptor blockade & in models of antipsychotic & extrapyramidal properties, rats, 718
chronic dopamine D1 & dopamine D2 & combined D1 & D2 antagonist treatment, psychosis & extrapyramidal side effects, monkeys, 7236
cis-flupenthixol, locomotor activity during withdrawal from self- vs experimenter-administered cocaine, male rats, 10533
clonidine & fusaric acid, induction of food intake, male neonatal broiler chicks, implications for role of noradrenergic system, 20268
conditioning to long-term dopamine D1 antagonist intraperitoneal injections, catalepsy, male mice, 36538
D1 & D2 dopamine receptor antagonists, cocaine-induced self-stimulation & locomotor activity, male rats, 13764
D1 vs D2 receptor specific dopamine antagonists, behavioral sensitization to 7-OH-DPAT, male rats, 7225
D4 dopamine receptor antagonists, cognitive functioning of frontostriatal system as measured by performance on object retrieval/detour task, monkeys repeatedly exposed to phencyclidine, 13754
dopamine & dopamine antagonists, appetitive quality of novel-object recognition, rats, 33365
dopamine agonist 7-OH-DPAT or antagonist nafadotride, proneurotensin/neuromedin N mRNA levels in striatum & nucleus accumbens shell, male rats, 26803
dopamine antagonist Schering 39166, copulation-induced Fos-like immunoreactivity in medial preoptic nucleus, sexually experienced vs naive male rats, 23540
dopamine antagonists & accumbens dopamine depletions, time constrained progressive-ratio responding for food reinforcement, male rats, 612
dopamine autoreceptor antagonist (–)DS121, wakefulness & locomotor activity & body temperature & sleep, adult male rats, 3892
dopamine D1 &/vs D2 receptor specific antagonists, naloxone induced morphine withdrawal-induced aggression, male mice, 36609
dopamine D1 receptor antagonist SCH 23390 administered to amygdala, fear-potentiated startle, rats, 4190

dopamine D1 vs D2 receptor antagonists, cerebral-ischemia-induced hyperactivity, male gerbils, 20256
dopamine D1 vs D2 receptor specific antagonists, demand for smoked cocaine under chained FR schedules, monkeys, 26744
dopamine D1 vs D2/3 agonists vs D1 vs D2 antagonists vs uptake inhibitor, electrical brain self-stimulation reward thresholds & response latencies, male rats, 13693
dopamine D2 receptor specific antagonist cyamemazine, voluntary ethanol intake & withdrawal, male rats & mice, 7230
dopamine D3 antagonist U-99194a maleate, social & aggressive & locomotor activity, male mice, 23573
dose-dependent effects of intramygdaloid infusions of dopaminergic selective agonist vs antagonist on acquisition & expression of Pavlovian fear conditioning, female rats, 30005
estrous cycle phase & dopaminergic agonism vs antagonism, avoidance conditioning & spontaneous locomotion, estradiol-primed vs ovariectomized vs male rats, 10561
fananserin treatment, 38 yr old patients with paranoid schizophrenia, 15349
flupenthixol &/vs quadazocine, self administration of cocaine & heroin speedballs, rhesus monkeys, implications for polydrug abuse treatment, 33450
glycine transport inhibitors, phencyclidine-induced activity, rats, 13752
haloperidol or SCH-23390, ethanol-induced conditioned taste aversion, male mice, 30047
haloperidol, discriminative cuing of heroin- or food-reinforced conditioned place preference or locomotor activity, male rats, 13782
idazoxan & raclopride, dopamine output in medial prefrontal cortex & conditioned avoidance responding, rats, test of dopamine hypothesis of schizophrenia, 36566
injection of dopamine antagonists SCH23390 & raclopride into orbital prefrontal cortex, cortical modulation of prepulse inhibition of acoustic startle reflex, adult male rats, 20394
methylergonovine, blocking of synaptic connections from esophageal nerve reinforcement pathways & contingent-dependent enhancement of reinforced motor activity, isolated buccal ganglia of Aplysia, 20124
nemonapride, onset of acute dystonia & its characteristics & risk factors, 17–58 yr olds with schizophrenia, 12196
neural network approach to effect of dopamine receptor agonists amphetamine & nicotine & antagonists haloperidol and alpha-flupenthixol on latent inhibition, 9720
peripheral or intra-nucleus accumbens injection of alpha-flupenthixol, testosterone conditioned place preference, male rats, 4239
pharmacological & behavioral effects of 3-alpha-diphenylmethoxy-1alphaH,5alphaH-tropane analogs & similarities to cocaine effects, rats , 7219
quetiapine monotherapy, 14-yr-old male with refractory schizophrenia, 2400
remoxipride vs scopolomine, toluene induced hyperactivity, male rats, implications for inhalant abuse potential, 10648
SCH23390 vs raclopride vs haloperidol vs clozapine, hyperlocomotion induced by cocaine vs amphetamine vs MK-801 vs dopamine agonist C-APB, mice, 33465
SCH23390 vs raclopride, stress induced anxietylike behaviors & locomotor activity, male rats, 13823
SCH23390 vs sulpiride, ethanol induced place preference & its enhancement by mu vs delta opioid receptor agonists, male rats exposed to conditioned fear stress, 33447
specific dopamine uptake inhibitor GBR 12783, inhibitory avoidance learning & hippocampal acetylcholine release, male rats, 724
tiapride, psychomotor performance & cognitive functions & EEG, 65–75 yr olds, 33469

Dopamine Metabolites [See Also Dihydroxyphenylacetic Acid, Homovanillic Acid]—Serials

apomorphine infusion, dopamine synthesis rates & dopaminergic tone, female Rhesus monkeys, 4280
CSF HVA & MHPG & altered dopamine neuronal function, females recovered from restricting type anorexia &/vs bulimia nervosa subtypes vs controls, 34501
ethanol, production of (R)- & (S)-salsolinol & salsoline & THP in the nucleus accumbens, male alcohol-preferring vs alcohol-avoiding rats, implications for family alcoholism, 29749
methylphenyltetrahydropyridine, Parkinson symptoms & brain levels of dopamine & DOPAC & HVA, minipigs, animal model of drug induced parkinsonism syndromes, 20339
ovine prolactin, sexual behavior & dopamine & serotonin metabolites, male rats, 29925
tetrahydropapaveroline in ventral tegmental area, dopamine & its metabolites in nucleus accumbens, high-ethanol-preferring rats, 23557

Dormitories—Serials

college residence vs commuting, critical thinking skill development, college dorm residents vs commuters, 9519
development & validity & reliability of Resident Assistant Self-Efficacy scale, assessment of beliefs about ability to positively influence student development, college resident assistants, 28984
developments in collective & personal self esteem & residence hall membership, prediction of academic & social adjustment, 1st yr college students studied at beginning vs end of academic yr, 38859
positive & negative effects of group influence, eating & dieting behaviors, college residence members, 7796
residential learning communities, learning & intellectual development & involvement, college freshman, 28965

Dormitories—Chapters

Sense of community in cluster versus corridor dormitory design, 29009

Dorsal Horns—Serials

adrenoceptor agonists & antagonists, NMDA-evoked neuronal activity in medullary dorsal horn, rats, 773
calibrated vs percutaneous electrical stimuli & nociceptive responses, somatosensory properties of ventromedial thalamic neurons in dorsal horn, rats, 36438
calmidazolium, dorsal horn nociceptor vs mechanoreceptor or proprioceptor neuronal activity induced by noxious vs nonnoxious stimuli, male rats, 20337
changes in substance P & calcitonin gene-related peptide binding in dorsal horn of spinal cord after sciatic nerve poisoning with pronase, rats, implications for sensory processing in neuropathic pain, 16918
electrical stimulation of thalamic nucleus submedius vs periaqueductal gray, visceral nociceptive responses of spinal dorsal horn neurons, rats, 29836
intrathecal aminophylline, intrathecal norepinephrine vs serotonin suppression of noxiously evoked discharges in thalamic parafascicular neurons, rats, 3946
latexin expression in primary sensory neurons of dorsal root & trigeminal ganglia, male rats, role in nociceptive information transmission/modulation, 3925
model of behavioral symptoms of neuropathic pain & associated changes in dorsal horn neurons, male rats, 20152
regulation of delta-amino-3-hydroxy-5-methyl-isoxazole-4-propionate receptors in dorsal horn following pronase-induced deafferentation, male rats, 16917
response properties of nociceptive vs nonnociceptive neurons in medullary dorsal horn, rats, animal model of persistent orofacial inflammation, 36381
role of GABA & glycine receptors in inhibition of dorsal horn neurons of spinal cord, rats, implications for pain perception, 33195
role of membrane conductance of spinal nociceptors in generation & maintenance of plateau potentials in dorsal horn neurons, rats, implications for pain perception, 33296
spinal substance P receptor expression & internalization in dorsal horns in acute vs short-term vs long-term inflammatory pain states, rats, 33215

Dorsal Roots—Serials

electrophysiological & behavioral property changes in dorsal root ganglia cells after spinal nerve transection, allodynia-negative vs allodynia-positive rats, 23390
pacific ciguatoxin-1, tetrodotoxin-sensitive vs -resistant sodium channel activation & inactivation in acutely dissociated root ganglion neurons, rats, 7259
up-regulation of glial-derived neurotrophic factor signals in dorsal root ganglion & motoneurons, aged vs young adult rats, 23332

Doubt—Serials

defense mechanisms in depression & dynamics in experience of losing feelings of ability to love & psychotherapeutic relationship in psychoanalysis, 31599

Doubt—Chapters

Social uncertainty and the problem of trust in social groups: The social self in doubt, 11174

Downs Syndrome—Serials

American Indian Gestural Code vs ASL, sign comprehension & imitation & retrieval learning, mentally retarded male 30–57 yr olds with Down's Syndrome, 38897
association of behavior problems with family responsibilities & parental stress, siblings of 4.5–7.5 & 12.5–15.5 yr olds with Down syndrome, 1876
attentional processes & performance asymmetries in goal directed aiming, 18–32 yr olds with Downs syndrome, 18163
auditory- & event-related potentials, adolescents with mental retardation of Down's syndrome vs organic vs cultural–familial etiology, 8452
cerebral dominance for speech production & mouth asymmetry, persons with Down syndrome (mean age of 22.73 yrs), 34475
cervical spondylarthrotic myelopathy, patients with Down's syndrome, 30998
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary reply, 18133
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, 18134
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary, 18127
child diagnosis & age & current educational placement, perceptions of educational placement & opinion of inclusive education vs mainstreaming, parents of 2–18 yr olds with Down's syndrome vs autism, 34432
child intellectual/adaptive functioning & maternal sensitivity & attachment security, 14–30 mo olds with Down's syndrome & their mothers, 2 yr study, 37687
chronological & mental age & gazing behavior & performance on theory of mind tasks, 10–40 yr olds Ss with autism vs Down's syndrome vs mental retardation vs normal 5–11 yr olds, 34448
cognitive & behavioral development, 5.5–18.3 yr old males with fragile X vs Down's syndrome, Israel, 24577
comparison of rating scales vs clinician diagnosis of dementia, 35–72 yr olds with Down's syndrome, 35932
context manipulations of traditional treadmill protocol during transitional stepping period, alternating steps & other step types & overall number of steps, 9.5–18.5 mo olds with Downs syndrome, 5157
dementia & decline in social & cognitive abilities with age, 35–63 yr old Ss with Down's syndrome vs 45–68 yr olds with non-Down's syndrome learning disabilities, 12 mo study, 37703
determinants of aggression & adaptive & maladaptive behavior, 35–75 yr olds with Down's syndrome with moderate vs severe intellectual disability with vs without dementia, 37690
donepezil treatment, 57-yr-old male & 59-yr-old & 65-yr-old females with Alzheimer's disease associated with Down's syndrome, 34983
Down syndrome & life events, behavior problems, mothers vs teachers of 6–15 yr olds with Down syndrome, 24632
early intervention as history-graded influence on development, 11–14 yr olds with Down syndrome & their families, 2127
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, 31006
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, comment, 30999
family environment, adaptive development, infants with Down Syndrome, 5 yr study, 28025
functional analysis of relationship between & antecedents & consequences of communicative & aggressive behaviors, 7-yr-old male with Down's syndrome & severe developmental disabilities, 24638
gene hunting in increased vasopressin in Down syndrome or Alzheimer's disease fetal brains, implications for learning & memory, 4847
health status & screening & attendance for general health care, adults with Down's syndrome, 1885
imaging findings, children with Down's syndrome, 30944
importance of self-regulation skills in young children with Down syndrome, 1877
isokinetic muscle torque in knee, mentally retarded men with vs without Down's syndrome (mean age 19 yrs) vs sedentary men (mean age 23.9 yrs), 30997
knowledge of fragile-X syndrome & Down's syndrome & autism, special education & mainstream teachers, 32201
memory & motor performance deterioration & dementia in onset & course of Alzheimers disease, 17–29 vs 30–39 vs 40–49 vs 50–58-yr-olds with Downs syndrome, 3 yr study, 31000
mothers' patterns of talk with preschool children about physical disabilities & Down syndrome, children's ideas about & interactions with classmates with disabilities, 4.7 yr olds & their mothers, 27472
motor development, 10–16 yr olds with Down syndrome, 10 yr study, 1881
MRI volumes of hippocampus & amygdala, 26–59 yr olds with Down's syndrome with or without dementia, 18158
olfactory event-related potentials & dementia, adults with Down's syndrome, 37707
olfactory function & dementia, Alzheimer's vs Huntington's disease patients vs persons with Down syndrome vs APOE4 allele, 21587
oral health & effects of behavioral problems on treatment , patients with Downs Syndrome, 24635
performance on neuropsychological tests of early signs of age-related cognitive deficits associated with dementia, 28–58 yr olds with Down's syndrome , 1875

plasma lipoprotein-free amyloidogenic peptides, patients (mean age 76.6 yrs) with Alzheimer's disease vs 3–41 yr olds with Down's syndrome, 20992
quality of life research & research development in Down syndrome, 1873
rate of production of CSF & caudorostral gradients of total CSF protein, patients with Downs syndrome vs patient with probable Alzheimer's disease vs normal Ss, 5155
research on development in children with Down syndrome, 1888
self-concept & social support & perception of parental preferences, behavioral adjustment & problems, 8–16 yr old siblings of 4–14 yr olds with pervasive developmental disorder or Down's syndrome, 8444
sex differences & APOE genotype, AD, 35–79 yr olds with Down syndrome, 27962
sleep disturbances & their behavioral & maternal stress associations, children with Down's syndrome, 8457
stress & coping resources & perception of family life, mothers of children with Down syndrome vs spina bifida vs no disability, 1388
suicide attempts due to underlying psychiatric disorders, 25 & 26 yr old Down's syndrome patients, 8454
suitability of Cambridge Cognitive Examination, neuropsychological assessment, 30–65 yr olds with Down's Syndrome at age of risk for dementia, 22894
understanding of emotional facial expression meaning, 5–16 yr olds with autism or Downs Syndrome, 14815
use of COACH & VISTA educational planning tools in inclusive preschool program, 4 yr old male with Down's syndrome attending general education preschool, 9548
visuo-spatial & verbal short-term memory deficits, children & young adults with Down's or Williams syndrome or moderate learning difficulties, 24704
Wisconsin Card Sorting Task performance, regional cerebral blood flow, 19–35 yr olds with Down syndrome, 21404

Downs Syndrome—Chapters
Aging and dementia, 11950
Boys and girls with disabilities: Maternal expectations of gender behaviour and independence, 1430
Developmental deficits in children with Down syndrome, 31012
Down syndrome in cognitive neuroscience perspective, 30970
Down syndrome, 31008
Down's syndrome, 11729
Language development in atypical children, 24643
Learning and development in children with Down's syndrome, 14870
Neonatal imitation and imitation among children with autism and Down's syndrome, 18143
A parent's experience, 11727
People with Down syndrome and mental health needs, 31009
Perspectives of a care provider, 11951
Risk factors and biological consequences, 11952
Specialty clinic perspectives, 12431

Doxepin—Serials
focal cortical myoclonus, 65 yr old male treated with lithium & doxepin for bipolar disorder, 12165

Draftees—Serials
military service, electoral & nonelectoral political participation, Latino vs Anglo veterans who were drafted vs who volunteered for military, 27216

Drama—Serials
biographical note of friendship between Freud & Y. Guilbert & psychodynamics of performing, 4818
dramatherapy & crisis intervention, support groups following mass evacuation, 15376
effectiveness of drama for communicating HIV/AIDS information & effect on HIV/AIDS knowledge & attitudes toward persons with AIDS, 15–45 yr olds, 28652
effectiveness of short course dramatherapy, 16–69 yr olds in a neurorehabilitation unit subsequent to head injury, 22034
long term verbal recall of play script 20 days vs 5 mo after original learning & influence of motoric cues, actors, 19859
methods of teaching of Shakespeare in secondary schools, teachers, 6135
panhandling as dramaturgical routines to gain attention & interest of passersby, homeless persons, 17446
psychoanalytic perspective on representation of father in American heterosexual vs homosexual drama, 17142
repair procedures to characterize dramatic discourse approached from a conversational analysis perspective, contemporary playwrights, 26880
self psychology theory & role play in drama therapy, 2433
use of isoprinciple in poetry therapy to treat jealousy, Paulina in Shakespeare's "A Winter's Tale", 22000

Drama—Books
Ring of power: Symbols and themes love vs power in Wagner's ring cycle and in us: A Jungian feminist perspective, 10687

Drama—Chapters
Drama games with 6-year-old children: Possiblities and limitations, 10901
Drama therapy in action, 22004
Fictional absorption: Emotional responses to make-believe, 17208
More! From melodrama to magnitude, 26884

Draw A Man Test [See Human Figures Drawing]

Drawing—Serials
AC pulsed electromagnetic fields in picotesla flux density, cognitive function as assessed by picture orientation on Draw-A- Bicycle Test, 42–71 yr olds with Parkinson's disease or Parkinsonism, 2483
adjustment to parents' divorce & developmental stage as reflected through drawings, 4–6 yr olds whose parents recently divorced, 17327
age & gender & topic, use of color in drawings as indication of emotional response, 4–14 yr old mental health outpatients, 38357
aging, planning & drawing abilities during figure copying tasks, 24–42 vs 65–78 yr olds, 27091
alcohol & frustration, grafitti scrawling, 19–32 yr olds, 7768
artistic response to musical intervals, White vs Black 8–13 yr olds, South Africa vs US, 36769
design type & elements & phase of construction, use & perception of dynamic balance in visual displays & pictorial compositions, adults, 3474
drawing in art therapy, encouragement of verbalization about past traumatic experience, 36-yr-old female survivor of child sexual abuse, 2434
drawing, verbal report of unique past experience, 5–6 yr olds, 1 day & 6 & 12 mo followups, implications for clinical & legal contexts, 30165
efficacy of clock drawing test to predict presence of very mild Alzheimer's disease, outpatients with probable Alzheimer's disease, 101
hand pressure & velocity of drawing movement & time & penlifts in graphic shape copying task, 4–6 yr olds, 4439
hierarchical deficit vs executive function hypothesis of hierarchical order & constancy & effect of geometrical impossibility on graphic construction in copying task, nonsavant autistic individuals, 27933
improvement of generative drawing ability, 47–66 yr olds with severe aphasia, implications for effective therapy, 28201
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression , 8112
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression, erratum , 14493
model for defining developmental stages in drawing of geometrical objects, 2–43 yr olds, 36772
models & theories of cognitive processing of drawing abilities & cognitive neuropsychological perspective of constructional apraxia, 26393
norms for line drawings standardized on name & image agreement & familiarity & visual complexity & image variability & age of acquisition, college students, France, 36116
pictography as notational system for preserving story content in narrative language intervention, children with language disorders, 2974
Rectangle & Bar vs Line commands in method for optimizing line-drawing in Turbo Pascal & spatiotemporal resolution of online-generated motion displays, 36087
right & left & upper & lower & basic gestalt & inner detail aspects of visuoconstructional deficits, patients with Alzheimer's disease (mean age 72.9 yrs) vs vascular dementia (mean age 67 yrs), 18355
rotation of Rey complex figure during copy & recall, 8.10 & 10.8 yr old males with normal perceptual & cognitive development, 26990
sensitivity of ten-point clock test, screening for cognitive impairment of early stage Alzheimer's disease, patients with Mini-Mental State Examination scores greater than 23, 26149
sensitivity to meaning in response to perceptual ambiguity in drawing sequences, 6–10 vs 19–32 yr olds, 13962
simple drawing tasks, assessment of psychomotor retardation, depressed 18–65 yr olds receiving antidepressants, 34129
sketching expertise & imagery-alone vs externalization conditions, use of combining &/vs restructuring with vs without sketching in object drawings in figure combination task, 17–39 yr olds, 3488
use of children's drawings of early recollections in Adlerian play therapy, 34810
visual memory disturbance in schizophrenia, Rey-Osterrieth Figure Test performance, acute & chronic & remitted schizophrenic patients , 1618
visuoconstructional drawing ability, patients with depression or neurologic compromise, 17777

Drawing—Chapters
Graphic perceptions, 38144

Dream Analysis—Serials
analysis of communication of aggression turned against self in dreams , 8847
analysis of unresolved problems in Freud's dream of Irma's Injection, 30547
archetypal defenses portrayed in dreams, 53-yr-old female undergoing analysis, commentary reply, 2249
archetypal defenses portrayed in dreams, 53-yr-old female undergoing analysis, commentary, 2243
author's spontaneous precognition during dreams, 1 yr naturalistic study, 3618
brief psychotherapy like session of dream interpretation, belief in false memory about early traumatic event, college students, 5511
changing beliefs & memories about past events through dream interpretation with highly personalized suggestion, college students, 19856
daydream vs dream perspectives, college students, 29666
dream contents & characteristics, 19–66 yr olds with personality disorders, 11497
dream interpretation & development of false beliefs, 12034
dream recall & interpretation training, attitudes toward & recall & interpretation of dreams, 17–36 yr olds, 6938
dreams as tools for interpreting countertransference, 5588
historical & comparative & pedagogical connection between translation & dreaming, 17732
historical & content analysis of dreams during late Archaic period in ancient Greece, females, 1379
interdisciplinary approach for analysis of influential interaction of dreams & films as reflection of culture & dimensions of human development:, 17168
Jungian vs Black African perspectives on dreams for psychodynamic therapy, White African social workers & Black African clients, South Africa, 31467
methodological conditions for extended naturalistic observations in dream study, 16431
outcome of brief psychotherapy focused on interpretation of recurrent dream & assimilation of key themes in dream, 19 yr old female, 5501
process protocols & leadership skills & member preparation & stages of small group dream work, 18634
relationship of & reconstructive processes in etymology & dreamwork, 17736
sleep as way of analysis, 37 yr old male, 34929
use of analysis to understand unconscious meaning of dreams & to resolve homosexual panic, male college student, 31594
use of dream work in personal growth groups, graduate counseling students, 18636

Dream Analysis—Books
The dimensions of dreams: The nature, function, and interpretation of dreams, 11276
Dreams and nightmares: The new theory on the origin and meaning of dreams, 3615
The interpretation of dreams, 37198

Dream Analysis—Chapters
A cognitive-experiential model for working with dreams in psychotherapy, 15174
Ethical instinct, 14382
The evolutionary significance of archetypal dreams, 11277
The interpretation of dreams from the perspective of cognitive-experiential self-theory, 13324

Dream Content—Serials
author's spontaneous precognition during dreams, 1 yr naturalistic study, 3618
content of medical students' & residents' dreams & issue of their empathy & emotional involvement with patients & role of psychoanalysis & psychodynamics in medical school training, 22334
daydream vs dream perspectives, college students, 29666
dream contents & characteristics, 19–66 yr olds with personality disorders, 11497
dreams as tools for interpreting countertransference, 5588
historical & content analysis of dreams during late Archaic period in ancient Greece, females, 1379
impact of parental divorce on dreaming & sleep, 11–13 yr olds, 17368
relation of dream content to state or situational factors that define content of altered states of consciousness, 3614
relations between attributional style & depression & dreaming, 18–56 yr olds, 1359
REM sleep & emotional content & recall of dreams in prediction of remission from depression, adults tested close to vs 1-yr after marital separation , 1510
repetitive posttraumatic nightmares & anxiety dreams, outpatient military veterans & civilian war victims, 8200
structure & content & awareness in dream reports collected at sleep onset vs spontaneous morning awakening, college students, 4027

Dream Content—Books
The dimensions of dreams: The nature, function, and interpretation of dreams, 11276

Dreams and nightmares: The new theory on the origin and meaning of dreams, 3615
Dream Content—Chapters
A cognitive-experiential model for working with dreams in psychotherapy, 15174
Dream Interpretation [See Dream Analysis]
Dream Recall—Serials
changing beliefs & memories about past events through dream interpretation with highly personalized suggestion, college students, 19856
dream cognition & self-reflectiveness & rapid eye movement sleep in narcolepsy syndrome, females, 24825
dream recall & interpretation training, attitudes toward & recall & interpretation of dreams, 17–36 yr olds, 6938
personality & mystical experience & psychopathology & belief in paranormal as transliminality & dream recall & interpretation & religiosity, adults, 24173
relationship of boundary thinness to visual-spatial processing in dreaming & waking thought, visual art students vs Wall Street brokers, 7915
REM sleep & emotional content & recall of dreams in prediction of remission from depression, adults tested close to vs 1-yr after marital separation , 1510
Dream Recall—Chapters
A cognitive-experiential model for working with dreams in psychotherapy, 15174
Dreaming [See Also Lucid Dreaming, Nightmares, REM Dreams]—Serials
compromise formation theory of sleeping & dreaming on couch as enactments motivated by complexes of conscious & unconscious fantasies during psychoanalysis, males, 12130
contributions to paired-associate learning & effect of sleep & dreams on memory, B. R. Ekstrand, 12562
dream & dreamlike states as possession, implications for mediumship & ESP & survival, 3622
historical & comparative & pedagogical connection between translation & dreaming, 17732
impact of parental divorce on dreaming & sleep, 11–13 yr olds, 17368
interdisciplinary approach for analysis of influential interaction of dreams & films as reflection of culture & dimensions of human development:, 17168
issues in Merleau-Ponty's dreaming & its relevancy to comtemporary psychology, 9778
medieval Tibetan Buddhist dream practices as religious & philosophical connection between body & consciousness, 17461
memory maintenance mechanisms & sleep adaptations & pathologies & dreaming, dynamic stabilization of neural circuitry & etiologies of delirium & fatal familial insomnia & epilepsy, 29814
methodological conditions for extended naturalistic observations in dream study, 16431
relationship of & reconstructive processes in etymology & dreamwork, 17736
role of REM sleep & dream affect in overnight mood regulation, normal students, 312
structure & content & awareness in dream reports collected at sleep onset vs spontaneous morning awakening, college students, 4027
symbolic interactionist approach to grieving & identity in dreams of deceased, 24–77 yr olds, 7917
Dreaming [See Also Lucid Dreaming, Nightmares, REM Dreams]—Books
Bodily rhythms and states of awareness, 19894
Children's dreaming and the development of consciousness, 10748
The dimensions of dreams: The nature, function, and interpretation of dreams, 11276
Dreams and nightmares: The new theory on the origin and meaning of dreams, 3615
The interpretation of dreams, 37198
The paradox of sleep: The story of dreaming, 29668
Visions of the night: Dreams, religion, and psychology, 33017
Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Water Intake]—Serials
acupuncture on correct vs incorrect points, compliance & craving & drinking, 26–70 yr old male vs female alcoholics, 32051
co-morbid depression, drinking outcome, alcohol-dependent patients (mean age 41.1yrs), 5 mo follow-up, 1766
correlation between food liking & consumption & moderating effect of affective & cognitive aspects of liking for non-alcoholic beverage, young adult females (mean age 20 yrs), 30488
drinking & responding for ethanol & saccharin during limited-access conditions, alcohol-preferring rats, 33464
factor analysis of effects of alcohol use on different behavior patterns, rats & mice, 13469
habitual alcohol intake, breath-alcohol concentrations following prolonged drinking, males aged 20–35, 592
nicotine exposure alone or with mecamylamine, acquisition of ethanol consumption, male rats, 17105
orexins, drinking behavior, male rats, 36578
saccharin drinking behavior & locomotor activity & long-term alcohol self-administration, male rats, 30018
sex & age, endorsement of undesirable vs desirable expectancies toward alcoholic vs non-alcoholic beverage, 2nd & 3rd graders, 882
Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]
Driver Education—Serials
effects of driver education courses or legislation, individual & community motor vehicle crash rates & violations & licensure, high school age drivers, 15901
victim impact panel DUI education program, probability of rearrest for drinking & driving, 16–51+ yr old DUI offenders, 6 & 12 mo follow ups, 28767
Driver Safety [See Highway Safety]
Drivers—Serials
administrative per se laws & license revocation or suspension, drunk driving recidivism & traffic crashes, drivers arrested on DWI charges, 14743
age-related navigation difficulties & restricted car travel, 21–85 yr old motorists, 19478
agreement between self-reports & state records regarding factors involved in vehicle crashes & prevalence of visual & cognitive impairments, 55–85 yr old & older drivers, 3200
annual mileage & driving violations & accident involvement, disaggregated driver population data, Netherlands , 29231
characteristics of traffic crashes, 15–34 vs 35–54 vs 55+ yr old drivers, 16243
cognitive simulation model for representation of driving knowledge, drivers, 12969
delayed licensure, motor vehicle crash involvement, teenage drivers, Louisiana vs Mississippi vs Florida, 16252
descriptive model of psychological & behavioral & environmental factors that contribute to relapse process, male disqualified drivers, 34417
driving behavior & estimates of alcohol-impaired driving, adult drivers vs passengers, 24520
EEG response to enforced darkness reminiscent of night driving, Type A behavior, professional drivers with ischemic heart disease vs hypertension , 5287
epileptic patient driving characteristics & attitudes toward driving by epileptics, epileptic patients vs doctors vs general public, 5401
evaluation of effectiveness of graduated driver licensing programs & nighttime restrictions, motor vehicle crashes & fatalities & injuries, young drivers, 16240
evaluation of effectiveness of low blood alcohol concentration laws, alcohol-related motor vehicle crashes & injuries & fatalities, younger drivers, 14764
interface pressure & car seat driving discomfort, middle-aged male vs female drivers, 12945
law change concerning right of way at bicycle crossings, knowledge of law & driving behavior at crossings under different priority regulations, car drivers & bicyclists , 16246
perception that traffic in other lanes is moving faster than theirs, drivers, 32842
perceptions regarding role in assessing driving abilities of rural elders & influence on elders' decision to stop driving, 28–56 yr old rural nurses, 9708
performance on driving simulator as predictor of future automobile accidents, aged adults, 14083
prevalence of daytime sleepiness, 16–84 yr old drivers, 10239
reduction of job hassles through job environment intervention & effects on physiological & perceived stress, urban bus drivers, 16102
self-enhancement bias in perceptions of own vs others' driving speed & skill, drivers, 3202
sensitivity to driver complaints & turnover, trucking company dispatchers, implications for driver retention, 25911
speech signal rate & intonation as assessments of ideational & motor & intonational states, diagnosis of mental states, operators of mobile objects & depressed psychiatric patients, 19406
waking sound system, immediate & long-term self-reported changes in wakefulness, 30–60 yr old male lorry drivers, implications for driver drowsiness & road safety, 29230
Driving Behavior [See Also Driving Under The Influence]—Serials
"road rage" & epidemiology of impulsive driving related violence between strangers, drivers, 1991–95, 1697
acquisition pathways & severity of driving-related fears & anxiety response patterns & reactions to motor vehicle accidents & help-seeking, adults, test of S. Rachman's fear acquisition theory, 22750
acquisition pathways & severity of driving-related fears & anxiety response patterns & stability of fear reactions to motor vehicle accidents, adults, 1-yr follow-up, 32456
age-related navigation difficulties & restricted car travel, 21–85 yr old motorists, 19478
alcohol, simple vs complex psychomotor performance (driving) & mood & equilibrium, 18 adults (mean age 32 yrs), 19789
alertness maintenance gamebox device, drowsiness & mental effort & driving quality & safety in advanced driving simulation, 25–49 yr old drivers, 16253
analysis & model of safety & total driving costs of warning sign installations in traffic , 35769
annual mileage & driving violations & accident involvement, disaggregated driver population data, Netherlands , 29231
cannabis, visual & verbal memory & cognitive & driving ability, adults, 23530
car-controlling movements, skilled driving performance, younger vs older drivers, 33697
cellular phone-related tasks & cognitive load, ability to detect car ahead decelerating & brake RT, 20–29 yr old drivers, safety implications, 35770
characteristics of traffic crashes, 15–34 vs 35–54 vs 55+ yr old drivers, 16243
cognitive simulation model for representation of driving knowledge, drivers, 12969
compensatory driving strategy & increased driving risk in drivers less than 25 yrs vs 35–55 yr olds vs 65+ yrs & concordance for psychotropic drug use in older married couples, 3197
concurrent verbal task interference, automatism & practiced dynamic risk-taking judgments, drivers (mean age 20.8 yrs) , 23098
constraints on environmental behavior & crucial predictors of driving frequency, adults (mean age 46 yrs), 32449
culture & driving behaviors & knowledge of driving laws & safety device usage, 17–49 yr old Hispanic migrant farm workers, 16251
demographic factors & conditions of use & risk-taking driving behavior & prior driving history & attitudes toward motor vehicle laws, pickup truck vs automobile drivers, 12966
descriptive model of psychological & behavioral & environmental factors that contribute to relapse process, male disqualified drivers, 34417
detection of relevant changes in traffic circumstances & anticipatory responses to decelerations of lead cars during driving simulation, drivers, 12985
difficulty of concurrent simulated driving task, working memory, 19–51 yr olds, 19481
dimensional structure & correlates of translated Driver Behaviour Inventory, individual differences in vulnerability to driver stress, 18–79 yr old Japanese drivers, comparison with British drivers, 9816
distraction & attentional narrowing in auto racing simulation, female college students, 13363
driver characteristics & trends in use patterns & driver behaviors, adolescent & adult drivers of all terrain vehicles, implications for vehicle related accidents, 26012
driver compliance with stop signs at pedestrian crosswalks on university campus, drivers, 20904
driving ability evaluation by neurologist with multidisciplinary neurological rehabilitation team & traffic psychologist vs spouse vs self, male stroke patients, 26199
driving behavior & estimates of alcohol-impaired driving, adult drivers vs passengers, 24520
driving behavior & sociodemographic characteristics & motor vehicle accidents, cohort data for 18–23 vs 45–50 yr old female drivers, Australia, 29228
driving habits & community independence & recommendations, 62–75 yr olds with Alzheimer's disease, 21603
driving habits & crash risk, 55–85 yr olds with cataracts, 19480
driving history & driving habits & attitudes about cessation of driving, 64–88 yr olds with probable Alzheimer's disease or other dementias & family members, 21525
driving performance in on-road vehicle vs simulator using concurrent telephone dialing task, 20–30 yr olds vs 60+ yr olds, 32927
driving while fatigued & motor vehicle fatalities 1981-present at a large private university, college students, 12980
effects of driver education courses or legislation, individual & community motor vehicle crash rates & violations & licensure, high school age drivers, 15901
ephedrine, development of fatigue in prolonged driving-related task, 18–37 yr old participants, 33456
epileptic patient driving characteristics & attitudes toward driving by epileptics, epileptic patients vs doctors vs general public, 5401
establishment of drinking age laws & long-term change in alcohol use & impaired driving behaviors, 16–24 yr olds, 14-yr study, 3222

evaluation of driving ability by occupational therapists, stroke victims, 8637
exposure to intermittent glare & driving time, performance in driving simulator, 31–53 yr old experienced male truck drivers, 35774
extraversion–boredom vs disinhibition–honesty personality clusters & self-rated drowsiness susceptibility & eye blinks as predictors of accidents in night-driving simulator, 22–55 yr olds, 37173
field dependence & visual search skill & working memory & RT in decision time & gap choice in left-hand turning, 61–84 yr old females in simulated driving task, 12975
human interactive personal contact vs passive video presentation vs interactive kinetic model, motivation to use correctly positioned head restraints, drivers, 3199
human- vs computer-adjusted warning thresholds, 18–28 yr olds in simulated driving task, 16223
in-car tutoring system to indicate deviation from normative driving behavior, law-abiding driving behavior, 30–45- vs 60–75-yr-olds, 12972
installation of road lighting & vehicular speed & driver concentration adjustments, adult drivers, test of risk compensation hypothesis, 29226
law change concerning right of way at bicycle crossings, knowledge of law & driving behavior at crossings under different priority regulations, car drivers & bicyclists , 16246
licensing process & vehicle ownership & risky driving behavior & accident rates, teenage drivers & parents, 4 yr study, 16237
long-term effects of alcohol warning labels on drinking during pregnancy & drinking & driving & conversations about alcohol & precautionary behaviors, 18 yr olds & older, US vs Canada, 20803
luminance & blur & age, accuracy in nighttime driving, 21–55 & 67–78 yr olds, test of selective degradation hypothesis, 26343
mortality salience, risk taking while driving, 18–21 yr old male soldiers who did vs did not perceive driving as relevant to his self esteem, Israel, implications for terror management theory, 11191
nature & extent of urban vs rural differences in self-reported drinking & driving, 17–19 yr olds, 11078
patient characteristics in decision making regarding driving cessation & independent living & power of attorney, patients with dementia & their caregivers, 37922
perceived control, risk taking in simulated driving activities, adults, 12977
perception that traffic in other lanes is moving faster than theirs, drivers, 32842
perceptions of influence of family & friends on decision to stop driving & perceptions of friends & family on influencing that decision & effects of decision, 71–98 yr olds, 9709
perceptions regarding role in assessing driving abilities of rural elders & influence on elders' decision to stop driving, 28–56 yr old rural nurses, 9708
personal & physical & medical & mental & functional characteristics & driving habits & status & adaptations, 60+ yr olds, implications for geriatric assessment, 14084
prevalence & characteristics of red light running crashes, US, 35775
prevalence & effect of traffic police presence on unsafe bus driving & stopping & passenger embarking & disembarking behaviors, bus drivers & passengers at city intersections, Pakistan, 26010
problems in using private passenger vehicles & assistive technology & selection of vehicles to reduce problems, frail 60 yr olds & older with disabilities, 29235
processes & countermeasures in overtaking road accidents, drivers, 22747
production costs of road safety TV commercials, self-reported future intentions to comply with advocated road safety behavior, adolescents & adults, 16239
psychological testing of patients in psychopathic clinics involved in traffic violation or collision, 27507
relationship between lifestyle & road traffic accident risk, 18–24 yr old drivers, Greece, 35767
relationship between neuropsychological testing & on-the-road driving test performance, adults (mean age 70 yrs) with vs without Alzheimer's disease, 5309
relationship between substance use & behaviors that increase risk for motor vehicle crashes & crash-related injuries, college students, 34355
risky pedestrian behaviors & resulting vehicle swerving & extent & effect of sidewalk encroachments, pedestrians in Pakistan city, implications for pedestrian traffic accidents, 26009
safe-driving &/vs health-maintenance behavior trends, 1985–95, US, 29234
self-enhancement bias in perceptions of own vs others' driving speed & skill, drivers, 3202
self-monitoring of driving with driving diary, driving performance, senior drivers (aged 59–87), 33700
sensory & cognitive & motor deficits & advice about driving & impaired driving behavior, traumatic brain injury survivors, 5336
silence vs low- vs high-intensity music, low- vs high-demand driving-related tracking & vigilance tasks, 18–24 yr olds, 35766
sleep or drowsiness or fatigue as contributing factors to road accidents, accident-involved drivers, 35776
social deviance & driving violations & errors & speed preference, accident involvement, 15–21 yr old male offenders, 5132
speed behavior at zebra crossings when encountering pedestrians, drivers, 3201
system performance & driver opinion of in-vehicle advanced traveler information systems vs written instructions, 19–80 yr olds, 29229
task effects & coping with critical traffic situations, fatigue symptoms in long-term night driving, drivers, 22749
use of backward masking task to assess effects of visible light transmittance & illumination & target contrast on cognitive & visual processing speed, young vs elderly drivers, safety implications, 12970
use of designated driver & amount of alcohol consumed, college students, 12973
use of motor vehicle seatbelts, nursing faculty & students, 22085
use of red light cameras to enforce against noncompliance with traffic signals, driver compliance & public opinion about program, drivers & community residents, 16247
utility of neuropsychological assessment, prediction of driving competency, patients with neurological injuries (mean age 46.75 yrs), 32682
vehicle impoundment, driving behavior, suspended & unlicensed drivers vs repeat offenders, 1 yr followup, 12974
vehicle-based driving simulation showing risk probability in terms of safety margin of time headway vs kinetic energy, young & low-experienced male drivers, 3203
visual & attentional & perceptual & cognitive & psychomotor abilities & structured road test performance, 62 yr old & older drivers with vs without unsafe driving incidents, 29232
visual attention focused on display located at different positions in car, detection of decelerating car ahead, 19–27 yr old drivers, 22748

Driving Behavior [See Also Driving Under The Influence]—Chapters

Assessment of driving capacity, 32590
Choice of transportation mode: Factors influencing drivers' willingness to reduce personal car use and support car regulations, 32453
Expectancy and control: Perceptual and cognitive aspects of the driving task, 22751
Risky driving behavior among adolescents, 4415

Driving Under The Influence—Serials

administrative per se laws & license revocation or suspension, drunk driving recidivism & traffic crashes, drivers arrested on DWI charges, 14743
age & sex & Black vs White vs Hispanic vs other ethnicity, drinking & driving risks, 12–80 yr olds, 8356
attitudinal & behavioral factors associated with planning & successful avoidance of drunk driving, 21–35 yr old males who consume alcohol & live in high risk areas for traffic fatalities, 21331
automobile ignition interlocks for breath test of blood alcohol content, DWI recidivism, drivers, 16238
blood alcohol concentration & age & sex & weekday & time of day when apprehended, 28–68 yr old drunk drivers with unusually high blood alcohol concentrations, 21316
drink driving & criminal behaviors as risk factors for receipt of disability pension & sickness benefits, males, 22 yr study, 30854
drinking norms vs alcohol purchasing practices vs problem behavior syndrome vs exposure to drinking driver models, non- vs infrequent vs frequent drinking drivers & types of passengers, 11643
driving behavior & estimates of alcohol-impaired driving, adult drivers vs passengers, 24520
evaluation of effectiveness of low blood alcohol concentration laws, alcohol-related motor vehicle crashes & injuries & fatalities, younger drivers, 14764
evaluation of random alcohol screening & breath testing & sobriety checkpoints, motor vehicle crashes & fatalities & injuries, 14750
high risk for & self-perception of impaired driving & overlap in daily volume of ethanol intake & frequency of drinking 5+ drinks & alcohol dependence, alcohol drinkers, 24519
issues related to design & assessment of parent-based interventions for reduction of adolescent alcohol-impaired driving, 19479
judgments of drunkenness & binge drinking & drunk-driving tendencies, 16–18 yr olds with vs without family history of alcohol abuse, 30910
media attention & social institutional response, drunk driving behavior, 1978–96, 30115
perceived certainty vs severity of punishment & binge drinking pattern, drinking & driving, male vs female 12th graders , 34356
practices & perceptions & attitudes about enforcement of impaired-driving laws, police officers, Canada, 29286
prevalence of alcohol influenced motor boat driving, adults, 24527
risk analysis for chronic drinking & binge drinking & drunk driving in Rhode Island, US, 17534
use of alcohol-related mortality & assaults & drunken driving & suicide as indicators of per capita alcohol consumption, Norway, 1973–1994, 1798
use of designated driver & amount of alcohol consumed, college students, 12973
use of video cassette recorders during traffic stops for drunk driving, case dispositions & prosecution rates, drunk drivers, 12978
victim impact panel DUI education program, probability of rearrest for drinking & driving, 16–51+ yr old DUI offenders, 6 & 12 mo follow ups, 28767

Driving Under The Influence—Chapters

Driving under the influence, 14784

Drosophila—Serials

preference for courtship song & sexual selection, female fruit flies, 3755
regulation of courtship behavior by nuclear receptor of dissatisfaction gene mutation, Drosophila , 20064

Drowsiness [See Sleep Onset]

Drug Abstinence [See Also Sobriety]—Serials

1-yr abstinence from substance-abuse, dyadic adjustment & relationship satisfaction & stability, conflicted couples with vs without substance-abusing male &/vs female partner, 11609
20 vs 30 mg tetrahydrocannabinol, abstinence symptoms, 21–29 yr old marijuana smokers, 11615
abstinence from substance abuse after treatment with clozapine, 43 yr old male with history of paranoid schizophrenia & cocaine & alcohol abuse , 28506
abstinence, pattern of cognitive deficits & time-dependent recovery, 24–60 yr old male alcohol-dependent patients, 6 wk study, 32044
ad libitum smoking vs abstinence vs 0–4 mg nicotine gum, cooperative responding initiated by self vs other, 21–39 yr old male vs female smokers, 752
age & length of abstinence, recovery of neuropsychological function, chronic male alcoholics, 2 yr study, 18075
association between depression & outcome from alcohol rehabilitation, 23–65 yr old alcoholics seeking treatment, 3 yr follow-up, 11619
changes in predictors of abstinence depending on timing of follow-up after alcohol treatment, adult males who completed inpatient alcohol treatment, 12 mo study, 11604
chromosomal aberrations in peripheral blood lymphocytes after abstinence, 23–59 yr old alcoholics in outpatient treatment, 3 & 12 mo followups, 12515
cigarette monetary price fluctuations & abstinence effects, demand for cigarettes, 27–47 yr old cigarette smokers, 30375
cocaine, depressive symptoms during abstinence & subjective high produced by subsequent administration, cocaine-addicted males (aged 25–47 yrs), 34378
cognitive functioning after minimum of 4 days of abstinence, mildy to moderately alcohol dependent outpatients, 21313
development & validation of Quitting Time for Alcohol Questionnaire, 18–78 yr olds from the community & college students, 19574
drug network characteristics & cessation of drug use, adult injection drug users, 32042
drug-related cues, cravings & mood & physical symptoms, 20–42 yr old posttreatment abstinent opiate users, 15618
effectiveness of media campaign to promote smokeless tobacco cessation, users of smokeless tobacco, Nebraska, 20797
familial & socioregional environmental factors, alcohol abstinence, 16 yr old twins, 17371
level of drinking & alcohol consumption patterns & reasons for abstinence & use of CNS-depressant medications, self ratings of health status & life satisfaction, 65–96 yr olds, 4519
long-term cocaine abuse, mood & performance on procedural & episodic memory tasks, abstinent patients with cocaine dependency (mean age 39.2 yrs), 11644
maintenance on slow-release morphine vs methadone, neonatal abstinence syndrome, 17–40 yr old pregnant female opiate or polysubstance abusers, 19060
metacognitive effects of substance use & metacognitive consequences of refraining from substance use, adult treatment-seeking substance abusers, 21351
methadone, pharmacodynamic & pharmacokinetic effects, abstinent rats, 7195

monetary incentives & trait depression & personality factors, abstinence after immediate- vs delayed-quitting assignment, male smokers, 17536
mortality risks in alcoholism & effects of abstinence & addiction treatment, 27870
motivation & other factors associated with sustained abstinence from street drugs during treatment, 17–44 yr old amphetamine users, 9 mo study, 28773
neurophysiological responses to corticotropin-releasing factor & neuropeptide Y after chronic ethanol exposure & withdrawal, male rats, 26850
nicotine presence from smoking vs smoking abstinence, perceptual & motor processes & working memory, 18–22 yr olds, 731
personality variables, prediction of abstinence & attendance at self-help group meetings, 20–50 yr old alcohol/substance use disorder patients, 28772
planning prevention & treatment & abstinence maintenance interventions for marijuana & other drug abuse in schools, 12757
reinforcement magnitude, voucher-based reinforcement of cocaine abstinence, treatment-resistant methadone patients (mean age 35.7 yrs), 38620
sertraline, depressed recently abstinent alcoholics, 2387
service utilization for drug use, former drug users aged 15 yrs or older, 22256
severity of disorder & patterns of self efficacy for abstinence in future, 17–71 yr old inpatients with vs without comorbid alcohol/drug dependence & personality disorders, 4855
social & attitude & intrapersonal & violence & drug use related factors, marijuana use cessation, 14–19 yr olds who use marijuana, 21350

Drug Abstinence [See Also Sobriety]—Chapters

Measuring the self-efficacy of pregnant and postpartum women in recovery, 98
Reducing drug use by encouraging alternative behaviors, 18581

Drug Abuse [See Also Alcohol Abuse, Drug Dependency, Inhalant Abuse, Polydrug Abuse]—Serials

1-yr abstinence from substance-abuse, dyadic adjustment & relationship satisfaction & stability, conflicted couples with vs without substance-abusing male &/vs female partner, 11609
abstinence from substance abuse after treatment with clozapine, 43 yr old male with history of paranoid schizophrenia & cocaine & alcohol abuse , 28506
acculturation, illicit drug use, male vs female Mexican-origin 18–59 yr olds living in urban vs rural California, 8384
addiction & psychiatric treatment rates during 6-mo period before hospital admission, 18–55 yr old inpatients with vs without comorbid PTSD in substance abuse treatment, 21644
administrative component strategies of home visitation intervention program, paraprofessional advocates working with high-risk alcohol & drug-abusing mothers & their newborn infants, 12406
admission to residential therapeutic communities, HIV risk behaviors, male vs female adolescent drug abusers, 32037
adolescent cigarette smoking, future alcohol & cannabis & other drug abuse disorders, young adults, 6–10 yr study, 30893
adolescent-specific relapse prevention & recidivism reduction protocol, substance abusing juvenile offenders, 1835
aggression & substance abuse, adult patients in psychiatric emergency rooms, 37557
aggression & violent offending, patients with psychosis vs dual diagnosis of substance misuse & severe mental illness, commentary, 4854
aging, personality, 20-74 yr old psychiatric patients with personality disorder & comorbid substance abuse, 27481
AIDS Community-Based Outreach/Intervention Program, drug- & sex-related risk behaviors, adult HIV negative vs positive intervenous drug vs crack cocaine users, 6 mo follow up, 2497
alcohol & drug abuse & dependence & mental disorders, 18–68 yr old homeless males, Germany, 18042
alcohol & drug abuse in adolescence, cumulative health problems in late adolescence & young adulthood, 12–18 yr olds, 2 & 4 & 6 yr followups, 24508
alterations of T-lymphocyte proliferative responses & immunophenotypic markers on lymphoid cells, 20–40 yr old male heroin addicts & heroin withdrawal Ss, 5078
Amity prison therapeutic community & aftercare program, reincarceration outcomes, male inmates treated for substance abuse, 12 & 24 mo follow-ups, 22299
antisocial personality & substance abuse, 5049
antisocial personality disorder, predictor of baseline severity, inpatient & outpatient substance abusers, 30872
assessment of risk factors in & prevalence of drug users giving or receiving injections from other injection drug users, 24525
attendance feedback & prompts to attend, adherence to substance abuse aftercare group therapy, substance dependent adults, 15626
attention, patients with cocaine abuse or dependence, 18054
attitudes toward & availability & provision of services for drug misusers, community pharmacists, 38719
auditory P50 amplitude & suppression, African-American chronic cocaine abusers vs Caucasian gay or bisexual alcoholics, commentary reply, 1769
auditory P50 amplitude & suppression, African-American chronic cocaine abusers vs Caucasian gay or bisexual alcoholics, commentary, 1760
axis I & axis II psychiatric comorbidity, adult male heroin using prisoners vs psychiatric hospital patients, 30873
barriers & motive for quitting smoking & health risk knowledge & readiness to change, long term care psychiatric patients with vs withoug substance abuse disorder, 20981
beginning of findings from National Longitudinal Epidemiologic Survey on impact of early onset tobacco use on both illicit drug abuse & dependence & major depressive disorders, adults, 14398
behavior change as basis of model culturally congruent intervention for drug use involving dyadic counseling & motivational interviewing, African American drug users, 27859
behavioral & neurobiological evidence on function of nicotine as drug of abuse, 4242
biological & psychological theories about self-medication with alcohol & drugs, persons with serious mental illness, implications for nursing, 31887
brain metabolic activation during cocaine cue-elicited cravings & physiological responses, 26–48 yr olds, 13597
brain perfusion deficits, crystal methamphetamine abusers with psychotic symptoms, 18031
bupropion, symptoms of ADHD, 14–17 yr old males with conduct & substance use disorders & ADHD in residential treatment program, 5 wk study, 8938
Ca ++ antagonists in treatment of subarachnoid hemorrhages & stroke & migraine & dementia & psychiatric & substance abuse disorders & Meniere's disease & amyotrophic lateral sclerosis, 5478
cannabis use, schizophrenia patients (mean age 24.2 yrs), 68.7 mo followup, 18035
cannabis-related incidents, management in secondary & intermediate schools, principals & Board personnel in New Zealand, 9501
causal relationship between risk of PTSD & drug use disorders, 21–30 yr olds with exposure to traumatic events, 3 & 5 yr followup, 1450
cerebral phosphorus metabolite abnormalities & treatment duration, opiate-dependent polydrug abusers in short- vs long-term methadone maintenance therapy, 32039
characteristics & factor structure of PTSD symptoms, nontreatment seeking 30–50 yr old female substance abusers, 21349
childhood psychiatric disorders, prevalence & timing of substance use & abuse, 9–13 yr old boys vs girls, 30564
client satisfaction with residential facilities & treatment outcomes, male homeless veterans with drug & psychiatric problems, 19452
clinical symptom overlap, patients with acute schizophrenia &/vs cocaine intoxication, 24286
clinical utilization of opinions & comments of recovering substance abusers, 2688
clonidine use & illicit abuse, 24–59 yr old methadone program patients & applicants, 9229
clozapine therapy, aggression & substance abuse in schizophrenic patients, 25229
cocaine & alcohol use & stress & coping & social support characteristics, completers vs dropouts from residential treatment program for cocaine abuse, 15628
cocaine & cannabis & opiate & alcohol use, sexual risk behavior for HIV infection, 18–39 yr olds, 33834
cocaine abuse, patient history & treatment course, hospitalized schizophrenic patients, 8138
cognitive & experiential group therapy, self efficacy & perceptions of employability, women with chemical dependence (mean age 32.7 yrs), 21798
common & unique factors to drug use among White & Hispanic youth, 11640
comorbid psychiatric diagnoses, amount of treatment & continuation of care & 1-yr outcomes, patients with substance abuse &/or psychosis &/or anxiety/depression &/or personality disorders , 15635
comorbidity of bipolar disorder & substance abuse, prevalence & course & diagnosis & treatment, 37238
comparability of male violent substance abusers, dual problem males in substance abuse vs violence treatment milieus, 37957
compulsive weight lifting & anabolic substance abuse, 21–40 yr old females who were raped, 27778
computer algorithms for pharmacotherapy of anxiety disorder patients with chemical abuse & dependence, 25206
computer-administered retrospective diary vs quantity- frequency index measures of weekly alcohol consumption, substance misusers, 30908
concurrent substance abuse, patients with schizophrenia receiving clozapine vs other antipsychotic medications, 2355
conduct disorder & peer pressure, prediction of illicit drug use, boys vs girls aged 12–17, 34339
congruence of MCMI-II & MCMI-III, urban poor cocaine abusers (mean age 35 yrs), 3320
construction & validation of conjoint intake & follow-up scales for Addiction Severity Index, change in opioid or cocaine or alcohol dependence, substance dependent adults, 6602
cortisol reactivity & androgens & pubertal status & parental personality & family & peer dysfunction, behavioral self-regulation, 10–12 yr old boys at high vs low risk for substance abuse, 24518
cost-effectiveness of substance abuse & drug-abuse treatment interventions & implications for policy making, 28781
counseling attendance & opiate abstinence at Week 2 of methadone maintenance treatment, prediction of treatment retention & ongoing drug use at 6 & 9 mo, 24–66 yr old drug abusers, 25532
current state of substance abuse prevention & research, Jordan & Israel & Palestine, 19090
current substance use disorders, co-occurring mood or disruptive or antisocial personality disorder or other psychiatric disorders, 14–17 yr olds, 24139
curriculum development & implementation of drug & alcohol abuse psychoeducational program for 8–9 yr olds from families with drug & alcohol abuse, 16027
decade of birth & sex, age of initiation to heroin use, heroin users, Australia, 1791
decision making & avoidance & sexual risk taking behavior, 13–21 yr old substance abusers, 37571
decisional balance of pros & cons of continuing vs quitting substance use, 28–59 yr old outpatients with comorbid schizophrenia & substance use disorders, implications for treatment planning, 30701
deficits in reflective cognitive abilities, male drug abusers (mean age 31.1 yrs), 30886
demographic differences & efficacy of standard & innovative HIV prevention interventions, crack cocaine-using rural vs urban females, 18875
demographics & drug use history & urine toxicology & detoxification medication & admission day, self-discharge against medical advice, adult patients in hospital drug detoxification unit, 35272
design & implementation of model for training in substance use disorders assessment & treatment within traditional outpatient mental health clinic, psychology interns & graduate students, 25614
detection of drug & alcohol abuse by MMPI—2 screening scales, drug abusing vs nonabusing psychotherapy clients (mean age 37.7 yrs) in community mental health centers, 9901
development & reliability & validity of Personal Experience Inventory for Adults, substance abuse assessment, drug rehabilitation patients & criminals, 16357
development & reliability & validity of the Maudsley Addiction Profile (MAP) for assessing treatment outcome, adult (mean age 35.5 yrs) drug or alcohol users, 6619
development & validation of simpatía scale for use in drug treatment, measure of agreeableness & respect for others & politeness, Hispanic opioid users, 77
development & validation of the Drug Problem Index, measurement of interstate variations on drug abuse problems, data collected from 50 US states, 9934
development & validity of theoretically-based substance abuse scale for personnel selection, 12812
development of alcohol & drug disorders in successive editions of the ICD, 1803
development of combined primary care & residential addiction treatment unit, 13–64 yr old substance abuse patients, 2 yr study, 22268
development of reliable & valid brief measure of coping self-efficacy, 20–67 yr old substance users, 25542
development of Satz-Mogel short form of WAIS-III, validity& clinical utility of full IQs & subtest profiles, men in substance abuse outpatient program, 29389
development of theoretical models & methodological & training issues in conducting drug abuse research with minority populations, 8344
differences in psychiatric hospitalization in community hospitals, patients with substance use disorders &/vs mental illness, 9205
differential binding of benztropine-based photoaffinity ligands on dopamine transporters, male rats, animal model of cocaine abuse, 10675
discounting of delayed rewards, adult substance abusers with gambling problems, 34295
distinctness of DSM-IV substance abuse & dependence constructs, 14–18 yr olds, 30883

dose of auricular acupuncture, cocaine abuse, residential & day treatment patients with mean age 30.2 yrs, 15612
dose-related association between chronic cocaine use & neurobehavioral performance, 21–46 yr old abstinent chronic cocaine abusers, 30869
drug & alcohol abuse in South Africa, 14741
drug & health service contact, female injecting drug users, London, 2568
drug rehabilitation, substance abusing pregnant females, 19067
drug use & HIV risk behaviors, drug using migrant farm workers (mean age 35 yrs) on DelMarVa Peninsula, 18058
drug use & medical & psychiatric & criminal history, male cocaine users with current vs past vs no iv use, 1789
drug use predictors of domestic violence perpetration & victimization, females in methadone treatment for opiate addiction, 5071
drug use prevalence & trends among college students, Spain, literature review, 21293
drugs of abuse & transcription factor proteins & changes in cellular gene expression, 36628
DSM-III-R vs DSM-IV-R criteria for alcohol & cannabis use disorders, 12–19 yr olds in a drug clinic, 19635
DSM-IV diagnosis of ADHD & response to methadone maintenance treatment, patients with comorbid diagnosis, 30942
dyadic case management as strategy for prevention of homelessness, adults with alcohol & drug dependence, 6 & 12 mo followup, 35232
ecstasy (methylenedioxymethamphetamine) dependence, case reports of 19 & 25 & 30 yr old addicted males, 11622
effectiveness of 12-Step Program as aftercare resource, 18–54 yr olds in alcoholism & drug abuse treatment, 2 yr followup, 19059
effectiveness of corrections-based treatment for drug-abusing criminal offenders, 38612
effectiveness of educational interventions directed at prevention or reduction of use of illicit substances by young people, 2700
effectiveness of HIV/AIDS interventions on drug use & needle risk behaviors, 17+ yr old out-of-treatment injection drug users, 2492
effectiveness of homelessness prevention intervention program using therapeutic community principles & methods, 17–47 yr old drug abusing females & their children, 35239
effectiveness of low-threshold methadone maintenance programs, reduction of overdose mortality, injecting drug users (mean age 32.8 yrs), 28786
effectiveness of student assistance group counseling program, 14–18 yr old substance abusing high school students, 35578
effects of childhood physical &/or sexual abuse on treatment outcomes & retention & psychological adjustment, substance abusing mothers of young children in drug rehabilitation, 21246
efficacy & effectiveness issues in the National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS intervention for out-of-treatment drug users , 2528
efficacy of government implemented drug detoxification & rehabilitation plan, drug abusers, Peoples Republic of China, 32054
efficacy of matching drug treatment services to client needs, 18–59 yr old drug abusers in community-based programs, 6 mo followup, 25528
efficacy of paraprofessional advocacy home visitation intervention program, high-risk alcohol & drug-abusing mothers & their newborn infants, 12399
endorsement of DSM-IV dependence & abuse criteria, caffeine users, 1780
environmental reinforcers associated with drug abuse as adjunctive or schedule-induced behavior, 1768
epidemiology & prevention in the AIDS epidemic, drug abusers, 8351
epidemiology & psychiatric comorbidity & assessment & prevention & treatment of substance use & disorders in adolescents, 27857
estimates on current & future need for drug abuse treatment, marihuana users, 25523
ethical issues in informed consent with substance abusers who participate in research, drug abuse researchers, 14744
ethnicity & cultural identification & primary socialization theoryprocess, substance abusers, 4594
ethnicity & sex, drug use & refusal of drug offers & drug offer processes, African American vs Mexican American vs White American 7th graders, 20439
etiology & developmental aspects of & psychopathology & other risk factors for adolescent drug use disorders, 30874
evaluation of prison-based therapeutic community via rearrest rates, inmates with history of drug abuse (mean age 31.2 yrs), 25569
executive cognitive functioning & risk for substance abuse, 24523
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance treatment, 19082
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary reply, 19081
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary, 19057
extent of witnessing overdose & acceptability & impact of naloxone distribution & training, injection drug users & opiate addicts in methadone maintenance treatment, commentary, 19066
factor structure & validity of Drug-Taking Confidence Questionnaire, assessment of coping self-efficacy, male vs female alcohol vs cocaine abusers, 19628
factor structure of DSM-IV substance disorder criteria, adult alcohol & cannabis & cocaine & opiate users, 30900
factor structure of Locus of Control Scale, substance-abusing clients (mean age 33.2 yrs) in treatment program, 19064
factors affecting & levels of & costs associated with legal system involvement, adults with comorbid mental illness & substance use disorders, 20982
factors associated with engagement in outpatient treatment, patients with dually diagnosed substance abuse disorder & psychiatric disorder, 2553
factors influencing initiation of drug & alcohol use & social & health consequences of use, 18–50 yr old homeless women using drugs &/vs alcohol vs no drug or alcohol use, 30274
family & peer correlates of behavioral self regulation, 10–12 yr old males at risk for substance abuse & their fathers, 21303
Family Assessment Device scores & premature discharge from opiate withdrawal program, 17–34 yr old opiate misusers, 15631
father substance abuse disorder status & sons' externalizing behaviors, 10–12 yr olds & their fathers, 6 yr study, implications for etiology of substance abuse, 37550
frequency of & factors associated with previous HIV testing, patients with substance abuse, 21340
gender differences related to development & diagnosis & trends in substance use disorders, 27841
gender-related differences in alcohol-related problems & alcohol-induced illness, implications for diagnostic evaluation of alcohol & drug abuse problems in females, 1795
gene for metallo-membrane endopeptidase & neutral endopeptidase & enkephalinase & P300 wave amplitude, male patients with substance abuse, 34346
general cognitive ability &, complexity of job, alcohol & cigarette & marihuana & cocaine use, adults , 34368
genetic studies of dopamine D4 receptor gene variants in novelty seeking & alcoholism & drug abuse & attention deficit hyperactivity disorder, 24157
genetics of alcoholism & substance abuse, 27846
glycine site & NMDA receptor antagonists, naloxone & morphine-produced behaviors related to opioid abuse, male mice & rats, 4246
group treatment for substance abuse including support & psychoeducation & social skills training components, adults with schizophrenia & substance abuse problems, follow-up study, 2679
group work & Alcoholics Anonymous, self & spiritual development, drug & alcohol abusers, 5936
guidelines for determination of incapability to receive Social Security insurance benefits & assignment of representative payees, substance abusers, 9167
heaviness of abuse & drug preferences & personality organization, drug abusers, 11637
high risk behaviors & unintended pregnancies & school dropout & multigenerational poverty & need for interventions teaching skills in decision making & assertiveness, adolescent mothers, 7517
HIV infection & AIDS prevention among injection drug users, 12354
HIV needle risk behaviors & drug use in injection drug users, crack-smoking vs non-crack smoking adults, 37552
HIV/AIDS risk behaviors & knowledge level, 12–18 yr olds with substance use vs psychiatric disorders, 14389
how motivational readiness to change conceptualized within transtheoretical model contributes to recovery from substance abuse, implications for substance abuse treatment, 24521
identification of potential substance abuse &/or addiction behaviors in client during initial interview, vocational rehabilitation professionals, 5980
identification of subgroups, crack cocaine abusing, African-American women , 37553
impact of 'alcohol & alcoholism' among substance abuse journals, 12565
implementation of carve-out plan, spending for episodes of inpatient &/vs outpatient mental health & substance abuse treatment, managed behavioral health care program, 9118
importance of & barriers to effective multi-agency partnerships in substance abuse services for young people, UK, 28658
increases in cost of health services, patients with substance abuse & psychiatric disorders, 6 yr study, 38485
individual & contextual characteristics, substance abuse or dependence or affective diagnoses, offspring of alcoholics with positive family history vs offspring of nonalcoholics with negative history, 37576
individual differences in coping with alcohol and/or drug problems, adult family members of problem drinkers or drug users, Mexico vs England, 8374
individual exposure to coworker substance use & work group membership, negative consequences, municipal employees, 34341
individual risk & protective factors for adolescent substance abuse, 27080
influence of social relationships on co-occurrence of depression & substance abuse, high school students, 4865
inhalant abuse & other substance of abuse, 12–19 yr olds incarcerated in juvenile detention facility, 21356
injected & crack cocaine & heroin use & spread of HIV & AIDS in South America & Caribbean, 24744
innovative intervention programs for adolescent substance abuse, 12533
inpatient vs outpatient substance abuse treatment, treatment outcomes, substance abusers, 38609
interaction of dopaminergic neurotransmitter system with conditioning mechanisms of associative learning & cognition, implications for drug abuse, 23107
internal & external factors in organizational response to employee substance abuse, 342 private sector worksites , 16142
interventions on pretreatment dropout rates, outpatients (mean age 35.9 yrs) at substance abuse clinic, 28782
intoxication in combination with alcohol & history & personality profile & nature & frequency of criminal offenses & violence, 14–20 yr old incarcerated male abusers of flunitrazepam, 17986
intranasal abuse of prescribed methylphenidate & side effects, 15 yr old male with ADHD, comment, 8349
iv cocaine vs nicotine, subjective & physiological effects, 25–43 yr old cigarette-smoking cocaine abusers, 8357
level of collaboration between agencies providing community services to homeless persons with comorbid psychiatric & substance use disorders, 9149
life stage & substance use & health behaviors, African American adults previously assessed at age 12–17 & 18–23 & 26–31 yrs, 21300
limitations of current research methods & treatment strategies & empirically based model of substance abuse treatment, females with substance abuse problems, 22948
links between rates of suicide & depression & conduct disorder & crime & substance misuse, 8–18 yr olds referred to psychiatric services, data from 1970–1990, 4841
living arrangements & social support & crack cocaine use, 18–76 yr old rural migrant workers & their sexual partners, 18085
major mental illness & problematic substance use, implications for treatment & management of comorbidity, 1414
maternal depression &/or anxiety & substance use disorders, reports of their children's internalizing & externalizing behavior problems, commentary, 1463
maternal smoking during pregnancy, ADHD & conduct disorder & substance abuse, 6–23 yr old offspring, 10 yr study, 27492
mathematical analysis of changes in incidence of heroin/cocaine use, Switzerland, 1979–97, application of compartment model, 21317
medical consequences of alcohol & opiate & heroin abuse, patients with HIV, 28081
medical specialty, self reported drug use & abuse, physicians, 21314
meeting presentations & recommendations on drug abuse treatment entry & engagement & readiness, drug abusers, 22252
memory impairment & decrements in CSF 5-HIAA, 20–44 yr old MDMA (Ecstasy) users, 8336
mental health care needs & ethical dilemmas, rural residents with mental illness & substance abuse, 18929
mental health service & substance abuse treatment collaborative program to prevent homelessness, persons with mental illness &/or drug & alcohol abuse who are at risk for homelessness, 35188
metacognitive effects & consequences of craving, treatment-seeking substance abusers (mean age 39.5 yrs), 22270

metacognitive effects of substance use & metacognitive consequences of refraining from substance use, adult treatment-seeking substance abusers, 21351
methadone maintenance & dose vs naltrexone vs drug-free program, retention in treatment, heroin users , 2684
methadone take-home contingencies, cocaine & opiate use, persistent opiate & cocaine abusers, 15613
method for sampling recidivism rates based on attention to access to care, clients in substance abuse treatment programs, 2697
methods of changing substance use patterns, 28–59 yr olds with schizophrenia & comorbid substance abuse, 38614
methylphenidate induced craving, glucose metabolism in brain, male cocaine abusers (mean age 36 yrs), 8294
model of consumer preference supported housing program, adults with substance abuse & psychiatric disabilities who are at risk for homelessness, 35243
molecular genetics of substance abuse vulnerability, 8382
monetary vs nonmonetary incentives & educational intervention vs usual encouragement, return for tuberculosis skin test reading & disease prevalence, 18–67 yr old drug injecting or crack cocaine users, 14742
mortality associated with illicit opiate use, 18056
motivation & other factors associated with sustained abstinence from street drugs during treatment, 17–44 yr old amphetamine users, 9 mo study, 28773
motivational therapy intervention, treatment adherence & completion, patients (mean age 33.6 yrs) with comorbid depressive disorder & cocaine dependence, 2155
multimethod assessment approach for evaluating the dyadic adjustment of drug-abusing patients & their intimate partners, 14733
multiple group psychotherapy approach, adolescents with psychiatric & substance abuse comorbidity, 38119
mutism subsequent to crack-cocaine abuse, 35 yr old female, 37570
Myers-Briggs Type Indicator personality profiles, inpatient alcohol/substance use disorder patients with vs without comorbid affective disorder, 27856
National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS interventions for out-of-treatment drug users, 2508
National Institute on Drug Abuse-supported effort to develop interventions to engage drug abusers in behavior change interventions in the community setting, 2535
nature of drug addiction & treatment principles & role of primary care physicians in screening & referral of drug abusers , 38613
needs & obstacles to seeking help & conceptions of & reasons for engagement in treatment, males vs females with dual diagnosis of chronic psychotic illness & substance abuse, 18495
neural & molecular mechanisms & drug induced neuroadaptations in brain reward & other regions & drug relapse, 4266
neurocognitive changes associated with substance abuse & nature of alcoholic deficit & recovery of function, alcoholics who do vs do not abuse other substances , 24531
neurocognitive functioning & addiction relapse coping strategies, prediction of alcohol & drug involvement, 14–18 yr old substance abuse treatment inpatients, 1 & 2 yr follow ups, 28783
neuropsychological functioning, adult cocaine abusers with vs without alcohol dependence, 11636
occupational risk factors for alcohol & drug problems, adults, implications for G. M. Ames & C. R. Janes explanatory framework of alcohol/drug use of workers, 21326
onset & comorbidity & role of behavioral problems in substance use disorder during adolescence, 5-yr olds with vs without early childhood speech language impairment followed prospectively for 14 yrs, 31026
onset of psychopathology & alcohol & cannabis use & substance-related problems from late childhood through early adolescence, sons of fathers with vs without substance use disorder, 30875
order of onset of polysubstance or drug or alcohol abuse & major depressive episodes, 18–65 yr old outpatients with major depressive disorder, 11280
orphenadrine as drug of abuse, patients not using antipsychotic drugs, 27860
outcome evaluation package and outcome report of integrated day-hospital program, patients (mean age 38.8 yrs) with substance use disorder & comorbidity, 3- & 6- & 12-mo followups, 22258
outcomes & cost analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo followup, erratum, 38524
outcomes & costs analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo follow up, 18963
outcomes of 12-Step & cognitive-behavioral treatment to substance use outcomes, substance abuse patients, 15617
parenting stress & coping behaviors & child abuse or neglect, mothers of children under age 4 prenatally exposed to cocaine, 5081
parent–child relationship, sexual & alcohol & drug abuse, 17–26 yr olds, South Africa, 18011
past vs current vs other drug problems & punitiveness toward their children, female adults, 34366
pathological gambling & substance misuse, 1731
patient carisoprodol usage patterns & physician knowledge of abuse potential, patients & physicians, 22065
patient-treatment matching hypothesis for 12-Step & cognitive-behavioral treatments for substance abuse, 15634
patients' religiosity, referral to & benefit from 12-step self-help groups, male substance abuse inpatients (mean age 43 yrs), 35045
patterns & behaviors predictive of drug use, high school students, Mexico, 1808
patterns & correlates of injecting vs smoking routes of heroin use, Indochinese vs Caucasian heroin users (mean age 26 yrs), Australia, 11641
patterns of health care costs, adults with depression &/or substance abuse, 12397
patterns of marijuana use & other illegal drugs, adult rural vs urban drug abusers, 5090
peer & academic variables & family conflict in adolescence, use of alcohol with vs without tobacco with vs without marijuana with vs without other drugs, male vs female 7–9 yr olds, 7 yr follow up, 18053
perceived authoritative parenting & disciplinary consequences & parental approval & prevention strategies, early adolescent substance use, 13–16 yr olds & their parents, 36797
perceived risk of harm & marijuana use among youths in the US, 11605
perception of AIDS susceptibility & sociodemographic characteristics & engaging in high risk behaviors, drug using migrant farm workers & their sex partners, implication for AIDS prevention models, 18069
perception of own mothering practices, 20–41 yr old drug-abusing mothers, 21294
performance on Halstead-Reitan Neuropsychological Test & General & Left & Right Neuropsychological Deficit Scales, patients with substance abuse or psychotic disorders with vs without cerebral trauma, 24079
permanent focal hyperhidrosis following termination of opiate abuse, 21 yr old female & 39 yr old male, 30868
persistence of substance use-related hospital utilization, 15–82 yr old psychiatric consultation-liaison patients, 28729
personality traits & coping & negative consequences in affect regulation model of comorbid substance use, patients with schizophrenia or schizoaffective disorder (mean age 42 yrs), 11401
personality, males vs females with alcoholism &/vs drug use disorder vs no substance use disorder, 27867
pharmacological intervention & treatment guidelines, substance abusers with adult ADHA, 31669
pharmacological treatment of cocaine abuse & dependence, 5659
phenomenology & qualitative aspects of craving experience, substance abusers (mean age 36 yrs), 21329
physical measures & perceived physical ability & body acceptance, 18–61 yr olds with severe depression or substance abuse, 17783
physician education & training in working with patients with addictive disorders, 28845
physician-perceived drug use & patient clinical & psychosocial factors, prescription of antiretroviral drugs, 30–37 yr old HIV infected former vs active injection drug users, France, 15586
polydrug abuse, sustained attention & visuographic function & reaction time, 20–37 yr olds, 24509
polydrug misuse, male vs female 14–55 yr olds, 14727
predictors of illicit substance use, adolescents & young adults, 1800
prepubertal salivary cortisol reactivity to anticipated stressor & subsequent drug use behavior during adolescence, 10–12 yr old sons of fathers with substance abuse disorder, 4 yr followup, 24530
prescribing & dispensing of methadone & other drugs to drug misusers, community pharmacists in Scotland, 35323
presentation & differential diagnosis & treatment with trihexylphenidyl & clinical & MRI course, 19 yr male with severe extrapyramidal syndrome with oculogyric crises following intranasal heroin abuse, 18417
prevalence & course of benzodiazepine abuse, heroin abusers in methadone maintenance treatment, prospective 1 yr study, 25522
prevalence & pattern of substance abuse & diagnosis & demographic characteristics, patients presenting with 1st episode psychosis, 14540
prevalence & predictors of & co-variation between non-fatal overdoses & suicide attempts, 15–31+ yr old drug addicts admitted to treatment, 18074
prevalence & risk & protective factors & prevention of substance abuse & suicide, adolescents, 920
prevalence of & factors associated with mental health services use, 15–64 yr olds with substance abuse disorder, 34376
prevalence of caregiver substance abuse, maltreated children (aged birth–16 yrs) placed in out of home care, 21299
prevalence of comorbid substance use disorders, patients referred for treatment of personality disorders, 21224
prevalence of injection-related HIV risk behaviors, adult Mexican-American vs Puerto Rican vs African-American drug injectors, 1767
prevalence of major mental disorders & substance dependence & associated sociodemographic characteristics, rural residents aged 15 yrs & over, Ethiopia, 34027
prevalence of sexual abuse, female patients with anorexia nervosa (aged 16–39 yrs) vs bulimia nervosa with vs without comorbid substance abuse (aged 17–43 yrs), 11738
prevalence of substance abuse & risk factors & treatment in old age, 65+ yr old baby boomers, 34370
prevalence of substance use disorder, young adult patients with borderline vs antisocial personality disorders, 27744
prevalence of viral infections & chemically defined drug abuse, psychiatric patients admitted to psychiatric emergency ward, 28736
problem use of drugs & alcohol, 14–17 yr olds, Canada, 27895
process & outcome of community outreach for recruitment for AIDS research & education projects, drug users, 18957
program legitmacy vs cost, closure & change of Veterans Affairs substance abuse treatment programs , 38604
program quality factors, conference presentation & treatment effectiveness evaluation patient outcomes & treatment response, substance use patients attending methadone maintenance programs, 27862
Project H.O.M.E homelessness prevention intervention program, 18–60+ yr olds with mental disorders &/or substance abuse who are at risk for homelessness, 35224
psychiatric comorbidity & psychosocial functioning, 12–17 yr old substance-abusing juvenile offenders, 16-mo followup, 34412
psychiatric comorbidity with substance misuse in children & adolescents & implications for early identification & treatment, UK, 27894
psychological & pharmacological treatment interventions & outcomes for adolescent substance abusers, 28247
psychological characteristics for assessment of liver transplant candidates, US military veterans with history of substance abuse, 38433
psychometric properties of instruments used to assess readiness to change substance abuse, 35926
psychosocial & drug use variables in adolescence predictive of drug use problems in adulthood, 16 yr old females, 3 yr study, 18081
psychosocial factors of cigarette smoking & recommendations for tobacco smoking cessation intervention in drug abuse treatment, adolescent substance abusers, 25533
rapid assessment instruments vs Substance Abuse Subtle Screening Inventory, substance abuse screening, public welfare & Child Protective Service clients, 21337
rates & demographic & psychosocial & biological factors associated with development of substance use disorders, adolescents with unipolar major depression, 7-yr followup, 34126
reasons for combining cocaine & cigarette use & preference for mentholated or nonmentholated cigarettes, 26–59 yr old cocaine & nicotine dependent outpatients, 8389
reasons for obtaining & expectations of methadone & other substitute drugs, persons who misuse illicit drugs, 15319
recommendations for urban & rural drug use & user research & practice , 18064
recreational use of 3,4-methylenedioxymethamphetamine, immediate & delayed recall, polydrug & other drug users, 11631
reduction of N-acetyl aspartate in thalamus, 25–45 yr old cocaine abusers, 21324
relapse prevention group for patients with bipolar & substance use disorders, 15218
relation between change in diagnostic system from ICD-8 to -10 & increase in number of registered drug abusers in Danish mental hospitals, data from 1970 to present, 2649
relation between cognitive distortions & aggressive behavior & drug use, 15–17 yr old boys with vs without family history of substance use disorder , 11614
relationship among sexual abuse or exposure to violence & mental health & behavioral functioning, 12–17 yr old juvenile offenders with substance abuse or dependence, 24558
relationship between incidence of ulcers & urinary tract infections resulting in hospital stays & substance abuse, 13–65 yr old inpatients with spinal cord injury, 2669

relationship betweensubstance abuse & patient characteristics associated with autonomy to mood disorders, 24–56 yr old cocaine using methadone patients, 17776
relationship of ADHD & major depression & other illicit substance use disorders & onset & severity of nicotine dependence, 13–19 yr olds with conduct & substance abuse disorders, 24455
relationship of family violence & substance abuse & aggression, females, 5079
relationships among substance abuse & suicidal ideation & suicide & other drug related deaths & requests for treatment, 24446
reliability & validity of 2 versions of Drug Abuse Screening Test, psychiatric outpatients, 6607
residential detoxification for substance abusers with HIV/AIDS, 15637
residential treatment course & risk factors for treatment completion, 15–44 yr old pregnant females with substance use with vs without comorbid mental disorders, 19053
responsibility to understand ethical & legal confidentiality guidelines to protect client & counselor & professional interests, substance abuse counselors, commentary, 2794
review of report on alcohol & other drug misuse by doctors & response by Scottish region, UK, 38757
risk factors for HIV incidence, 18–80 yr old out-of-treatment drug users, 6 mo follow up, 1770
risk factors for homelessness, 20–52 yr old recent participants in residential treatment program for low-income substance abusers, 18061
risk for substance use disorder, 12–18 yr olds with child- vs adolescent-onset bipolar disorder with vs without other comorbid psychopathology, 24230
role of familial-environmental & genetic factors, use & abuse of & dependence on hallucinogens & opiates & sedatives & stimulants, 22–62 yr old female twins, 30889
role of novel cocaine & amphetamine regulated transcript peptide neurotransmitters & cotransmitters in drug abuse & feeding behavior & sensory processing & stress & development, 26611
schizophrenia & substance abuse & brain morphology, schizophrenia patients, 11435
school-based Woodrock Youth Development Project, alcohol & tobacco & drug use prevention & reduction & self-esteem & race relations & aggression & school attendance, 6–14 yr old at-risk youth, 38805
school-related variables relating to substance abuse, elementary & middle & high school students, 14729
screening & assessment instruments for alcohol & drugs, 37569
selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, 26833
self-reported cognitive deficits & objectively measured cognitive performance, patients entering substance abuse treatment, 25527
service utilization & nature of interaction in US needle exchange programs, anabolic steroid injectors, 38462
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients, 12 mo followup, 25525
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients in treatment for drug abuse, 12 mo followup, 25541
severity of substance abuse & social functioning & legal problems & violent victimization & medical problems & depression & anxiety, male vs females with schizophrenia or schizoaffective disorder, 7989
sex, demographic & employment & drug use & mental & medical & criminal & psychosocial & sexual risk taking differences at intake & follow-up, opiate abusers in methadone maintenance, 21301
sex, differences in drug use, rural vs urban 12th graders, 18041
similarities & differences in presentations for treatment assessment, female vs male physicians with substance use disorder, 8365
similarities & relationships between impulse control & substance use disorders, 1416
situational triggers of substance use, substance abuse patients with vs without PTSD symptoms in relapse-prevention treatment program, 21343
social area characteristics as predictors of need for substance abuse & prevention & treatment, application of census & archival data, 14756
social impairments & other predictors of substance use disorders, nonreferred 9–18 yr old siblings of boys with vs without ADHD, 4 yr follow-up, 30941
social phobia & negative events & chronic stress in childhood, adolescent & adult drug problems, 16–64 yr olds, retrospective study, 11607
social support & preventive health behavior & childhood & adulthood victimization, risky drug use & sexual behavior, homeless African-American vs Latina women (mean age 33.2 yrs), 31123
social support networks, self efficacy & condom use, female crack cocaine abusers not in treatment, 5088
social-cognitive theory of substance abuse that incorporates human agency & perceived self- & collective efficacy , 24511
sociodemographic & clinical characteristics & substance abuse problems & lifetime criminal behavior & arrests, offenders supervised by psychiatric probation & parole service, 25571
sociodemographic characteristics & drug-using behaviors & HIV risk & HIV seroprevalence, chronic drug users from rural vs urban areas in Florida, 18310
sociodemographic characteristics & illness & violence history & clinical status & medication adherence & substance abuse as predictors of violence, inpatients with severe mental illness, 8020
sociodemographic profiles & psychiatric dual diagnosis & psychological symptoms, homeless mentally ill with chemical abuse in therapeutic community treatment, 9250
socioeconomic indicators, opioid use prevalence, residents of Barcelona, Spain, 34256
solution-oriented parenting group for parents of adolescents with substance abuse & behavior difficulties , 25540
stage of "readiness" to change & acceptance of problem, outpatients with schizophrenia & substance abuse, 17748
stigmatized image of being a crack head as barrier to cocaine use, 16–21 yr olds at risk for drug abuse, 18043
strengths & weaknesses of prospective vs retrospective vs near real time methodologies, study of antecedents or consequences of post substance abuse treatment relapse, 28776
structural & functional neuroimaging findings related to alcohol & cocaine use & dependence & neuropathologic changes associate with acute & long-term substance consumption, 27871
subject-collateral reports of substance abuse, alcholic inpatients with vs without cocaine dependence, 21348
substance abuse consultation service in hospital setting, length of stay & total cost & reimbursement & readmission & appropriateness of care, patients with medical & substance abuse diagnoses, 22233
substance abuse recovery process from treatment-career perspective, profiles of clients (mean age 33.2 yrs) entering treatment for 1st time vs returning to treatment, 28762
Substance Abuse Subtle Screening Inventory-3, efficacy in identifying substance dependence disorders in clinical settings, adults independently diagnosed with vs without substance dependence disorder, 3319
substance abuse treatment & effectiveness of self-help groups, male substance abuse inpatients, 15623
substance abuse treatment programs, treatment orientation vs amount of care vs 1-yr outcomes, inpatients , 15629
substance abuse treatment, male substance abuse patients with or without posttraumatic stress disorder, 9249
substance misuse before arrest to assess degree of dependency on opiates & stimulants & prison treatment, 16–70 yr old remanded prisoners, implications for treatment opportunity, 8337
substance misuse education in medical schools, academic deans & department heads, England & Wales & Scotland & Northern Ireland, 24517
substance use & PTSD & sexual assault history, 21–54 yr old female veterans, 16177
substance use by victims &/or assailant & sexual assault, sexual assault victims aged 12–85 yrs, 18015
subtypes, homeless mentally ill substance abusers, implications for therapeutic community treatment, 32030
suicidal behavior, patients with comorbid mood & substance use disorders, 11303
technology transfer of Network Therapy vs treatment as usual, patients with cocaine abuse, 15625
test of theoretical model of social control with reciprocal relationships to drug use & delinquency, 13–20 yr old high school students, implications for social work, 10726
test–retest reliability of self-reported work status & income variables measured by Risk Behavior Assessment, adult drug users, 26146
theoretical & research & clinical issues in the assessment of adolescent drug & alcohol use, 27869
theoretical model of self-control & coping motives as mediators of C. R. Cloninger's constructs & substance use level & problems, adolescents (mean age 15.5 yrs), 18086
theory of social influence as framework for examining psychosocial processes underlying substance abuse, persons with severe mental illness, 1413
therapeutic alliance & psychiatric severity as predictor of completion of treatment, opioid dependent outpatients, 12526
tobacco smoking & alcohol use as risk factors for lifetime & past year nonmedical psychostimulant use, 12+ yr old US residents, 27892
topographic quantitative EEG, chronic marihuana users vs nonusers who were medically & psychiatrically normal, replication, 37581
toxicity & psychopathology & neurotoxicity & potential interactions & abuse of oral consumption of 3,4-methylenedioxy analogues of amphetamine, humans, 21311
transitions in route of cocaine administration, adult current and ex-cocaine & crack users, 30881
treatment & after care needs, incarcerated females with drug abuse, 9284
treatment career & current length of stay & drug use outcomes, drug abuse treatment study clients, 5930
treatment for drug abuse, risky sexual behavior, adult drug abusers in inpatient or outpatient drug treatment, 5933
treatment history & cost, adults with comorbid substance-related disorder & dysthymia vs substance-related disorder alone, 2699
treatment outcome evaluation of management in modified therapeutic community, 18–55 yr old mentally ill chemical abusing clients in residential program, 9232
treatment outcomes & coping & psychosocial functioning, male patients with substance use disorders with vs without PTSD, 2-yr study, 21333
treatment process and outcome, Type A vs Type B adults (mean age 35.6 yrs) in 12-Step oriented substance abuse treatment, 12-mo study, 9246
treatment protocol for laxative withdrawal & treatment response at 3–20 mo, eating-disordered females, 18479
typology & concordance of common psychiatric diagnoses, female twins , 1419
untreated symptoms of posttraumatic stress disorder, cocaine-dependent patients in pharmacologic trial, 36-mo study with 3-mo followup, 8343
use of lemon juice as heroin solvent, injection drug users, Spain, 21334
use of node-link mapping in enhancement of participation & progress for 4-mo residential drug abuse treatment, 17–70 yr old male probationers & female counselors in correctional facility setting, 9287
use of play & art therapy, adults in substance abuse treatment with history of incest victimization, 25524
utility of primary socialization theory with bio/psycho/social/spiritual practice models in drug abuse treatment & prevention interventions, 28775
utility of psychodiagnostic interview in MMPI–2 screening scales in prediction of drug abuse, mental health outpatients (mean age 33.22 yrs) without primary diagnosis of drug abuse, 9906
validity of Timeline Follow-Back & weekly calendar reports as self-report methods for estimating cocaine use, patients with cocaine use disorders, 11617
ventrointermedius thalamotomy, toluene induced hand tremors, 22 yr old male toluene misuser, 28607
violent behavior, 18–40 yr olds discharged from acute psychiatric facilities, 1 yr study, comment, 24464
vulnerability & proximal factors in relapse & near miss episodes & aftercare, adult cocaine-dependent patients, 1 yr followup, 34365
workplace access to substances, prescription-type drug misuse, nurses, 22388
written substance abuse policies, large teaching hospitals, 14746
youth characteristics & interactive vs non-interactive program type, effectiveness of school-based drug prevention programs in the US, 12759

Drug Abuse [See Also Alcohol Abuse, Drug Dependency, Inhalant Abuse, Polydrug Abuse]—Books

Addiction and pregnancy: Empowering recovery through peer counseling, 2702
Addictions: A comprehensive guidebook, 34382
The alcohol and drug wildcard: Substance use and psychiatric problems in people with HIV, 17790
The American Psychiatric Press: Textbook of substance abuse treatment (2nd ed.), 25548
The chemical dependence treatment documentation sourcebook: A comprehensive collection of program management tools, clinical documentation, and psychoeducational materials for substance abuse treatment professionals, 9258
Clinical textbook of addictive disorders (2nd ed.), 5094
Cocaine abuse: Behavior, pharmacology, and clinical applications, 5096
Comparative treatments of substance abuse, 35329

Drug Addiction [See Also Heroin Addiction]—Serials
abstinence, pattern of cognitive deficits & time-dependent recovery, 24–60 yr old male alcohol-dependent patients, 6 wk study, 32044
access to & expansion of methadone maintenance treatment for opioid addiction, 22265
addiction education groups, adult inpatients with dual diagnoses, 5570
aggregation for depressive & anxiety & disruptive disorders & other psychopathology, 6–17 yr old sibling pair offspring of opiate addicts with vs without comorbid psychopathology, 30905
American Society of Addiction Medicine programs as national response to challenges of managed care, 22254
amphetamine-related video cue reactivity, dependent injecting amphetamine users (mean age 24.4 yrs), 1806
analysis of treatment costs of 180 day methadone detoxification with vs without contingency contracting, 23–60 yr olds with opioid addiction, 22262
art therapy in a community outpatient treatment program for patients with severe mental illness & chemical dependencies, 18766
arterial nicotine blood concentrations during cigarette smoking vs iv nicotine administration, Ss, implications for drug addiction, 36610
biopsychosocial profile, offenders vs nonoffenders in treatment for addiction vs addicted inmates, 15606
bupropion & behavior modification, 31 yr old male with smokeless tobacco addiction, 15611
cellular & molecular actions of cocaine & amphetamine in mesoaccumbens & related dopamine systems & chronic exposure induced neuroadaptations & addiction & withdrawal states, 4295
cerebrovascular toxicity, 25–58 yr old males with cocaine dependence asymptomatic of vasospasm, 21295
clinical measurement of craving in alcohol & nicotine & cocaine & other drug addiction, 1755
cocaine, depressive symptoms during abstinence & subjective high produced by subsequent administration, cocaine-addicted males (aged 25–47 yrs), 34378
cognitive factors & the role of the nucleus accumbens in the goal-directed behavior of heroin & cocaine addiction, rodent models of drug seeking, 26549
comorbidity of criminal & addictive behaviors, development of HIV risk related behaviors,18–35 yr old female inmates addicted to drugs, 30921
counselor & client education in nicotine addiction, clients' treatment readiness for smoking cessation program, clients & counselors from short term residential alcohol treatment facility, 22105
crack cocaine & schizophrenia as risk factors for tuberculosis, 17–60 yr old inpatients with dual diagnoses in psychiatric unit , 9253
decrease in illicit market availability of temazepam gel-filled capsules, polydrug-using repertoires, individuals addicted to opiates, 24522
deleterious issues in prescription of benzodiazepines, patients with comorbid anxiety & addictive disorders, commentary, 25156
demographic & clinical & treatment characteristics, patients with severe & persistent mental illness & opiate addiction in dual diagnosis outpatient treatment, 1396
dependence & addiction & withdrawal syndrome potential of antidepressants, 38253
development & reliability & validity of the Maudsley Addiction Profile (MAP) for assessing treatment outcome, adult (mean age 35.5 yrs) drug or alcohol users, 6619
development of alcohol & drug disorders in successive editions of the ICD, 1803

development of dextro-amphetamine addiction, rats, animal model, 7207
drug & health service contact, female injecting drug users, London, 2568
drug addiction & positron emission tomography & SPECT imaging of living human brain, 5075
drug addiction & selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, commentary, 26733
drug addiction as compulsive sadistic attacks on internal objects perceived by addict to be dead or dying, 17737
drug addiction severity in patient-treatment matching, 19–59 yr old patients in high-structure behaviorally oriented or low-structure facilitative individual counseling, 9254
drug craving & withdrawal symptoms & associated mood states, male patients in rehabilitation for addiction to 1 or more drugs, 3149
drug tolerance vs withdrawal with vs without tolerance vs no physiological dependence, adults with addiction to marijuana vs cocaine vs opiates vs amphetamines, 8289
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary, 14728
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary reply, 14763
effectiveness of opioid addiction pupil dilation test in rapid diagnosis, 18–52 yr old opioid dependent patients in outpatient drug dependency unit, 30884
electrical & drug activation of brain reward pathways & drug addiction, 4297
epidemiology & psychiatric comorbidity & assessment & prevention & treatment of substance use & disorders in adolescents, 27857
epidemiology of addictions & psychiatric comorbidity & sex differences & diagnostic challenges & criteria & clinical management, 27470
evaluation of addiction treatment program, 55–85 yr old clients, 38624
evolutionary constructivism as vantage point for understanding substance use & addiction, cocaine users, 11599
flunitrazepam, acute subjective & psychomotor effects, male 22–40 yr olds on methadone maintenance, implications for abuse liability, 7187
group motivational treatment for addiction, clients in treatment, 38605
identification of potential substance abuse &/or addiction behaviors in client during initial interview, vocational rehabilitation professionals, 5980
importance of knowledge of twelve step & mutual help programs in treatment of addictive disorders, psychiatrists, 28761
importance of motherhood, Puerto Rican drug addicts in various stages of recovery, 34358
interaction quality in feeding & teaching situations, 17–36 yr old drug-addicted mothers & their infants, 9 mo study, 24513
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, commentary, 16429
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, 16420
methodological framework for cost-benefit & cost-effectiveness analysis of drug abuse treatment services & economic model of addict choice & drug markets, 2682
nature of drug addiction & treatment principles & role of primary care physicians in screening & referral of drug abusers , 38613
need for continuing postgraduate education & training in addiction disorders, medical students in & out of psychiatry, 28837
nefazodone, 29 & 46 yr old males & 32 & 37 yr old females with depression & opiate addiction, 2330
negative childhood experiences, psychological functioning & social support & parenting, mothers (aged 20–43 yrs) recovering from addiction, implications for drug rehabilitation, 21310
neural substrates of drug craving & drug relapse, drug addicts, 5091
neurobiology of tobacco smoking & addictive disorders, 27849
parent with vs without depression in methadone maintenance, prevalence of psychiatric disorders & or impairment, 6–17 yrs, 1473
parental absence & support & conflict during childhood, adolescent & adult antisocial behavior, adult heroin addicts, 5083
parental divorce/separation prior to age 11 & deviant behavior among friends at ages 12–14 yrs, narcotic addicted men, 5089
pregnancy-specific interventions vs traditional treatment program, treatment retention, cocaine-addicted pregnant women, 15641
prevalence of & risk factors for & recovery issues in addiction, physicians, 27863
prevalence of hepatitis C virus, injecting drug users with short injecting histories vs users after expansion in harm reduction programs, 31960
prevalence of personality disorders, 18–45+ yr olds in treatment for drug addiction, 34367
psychiatric symptom severity & laws & termination & appeal & recertification of Social Security disability benefits, adults disabled by alcoholism &/or drug addiction, 27889
psychoanalytic psychodynamic framework & Alcoholics Anonymous philosophy in treating drug addictions with self disclosure, therapists, 9243
psychodynamic conflicts & areas of resistance emerging from therapeutic relationship, physicians in group psychotherapy for addiction, 28765
regional cerebral blood flow & comorbid diagnosis of major depression, 24–33 yr old opiate addicts, 5076
relapse & recovery rates, drug addicted anesthesiologists vs other physicians, retrospective study, 22387
relapse psychosocial well-being after addictions treatment & relapse prevention, drug vs alcohol only users, 12 mo followup, 27852
relationship among history of physical & sexual abuse & alcoholism & drug addiction, 20–60 yr olds with chronic facial or myofascial pain or fibromyalgia, 14901
reliability of predicted severity ratings in computer-administered Addiction Severity Index, drug & alcohol abusing 19–61 yr olds , 8339
religious & spiritual dimension in alcohol & other drug addiction & recovery, commentary, implications of social disparity & socioeconomic conditions, 18066
responsiveness of central serotonergic system following cocaine discontinuation & prolactin responses to sequential DL-fenfluramine challenges, cocaine addicts, 25515
risk factors & early deviant & self-reported behaviors, 12–17 yr old offsprings of adult narcotic addicts participating in methadone maintenance programs, 18072
role of central cannabinoid receptor in physical dependence on & addiction to opiates, mutant mice, 10432
role of former addicts & their skills in addiction prevention & treatment programs, 35322
role of physician in prevention & treatment of addiction disorders, 28778
self efficacy & work dysfunction & drug addiction, 18037
short vs long-access to cocaine, dose–response curve in drug self-administration escalation, rats, implications for role of hedonic set point, 616
smoking cessation & nicotine dependence as coping behavior, drug abuse treatment outcomes, substance abusers, implication for treatment of drug addiction, 5932
social & personality factors & psychopathologies in etiology of deviance & substance use & narcotic addiction in relation to primary socialization theory, 27803
social anxiety & low-intensity enhanced methadone maintenance intervention vs high-intensity day treatment program, methadone maintained opioid dependent patients (mean age = 36.7 yrs), 9224
social indicators & prediction of drug & alcohol addiction & treatment costs, adults, 1793
stage of change model approach to alcohol & drug addiction in medical settings, 5937
supplemental social services, public addiction treatment outcome, outpatient addiction treatment patients, 2693
treatment of drug addiction & HIV risk behaviors, 16–42 yr old drug addicts, Peoples Republic of China, 8550
treatment of problem drinking, injury risk, 32031
treatment process beliefs, staff of specialized addition treatment services, commentary, 38713
trends in suicide rates & drug overdose & other methods, 15–54 yr old registered addicts, UK, 1968–92, 34369
use of single session Eriksonian & traditional hypnosis treatment, male cocaine addict, 31745
validity & reliability & impact of loss of information of MMPI-2 computerized adaptive administration, 27–72 yr old veterans in treatment for addictive disorders, 32034

Drug Administration Methods [See Also Injections]—Serials

24-hr treatment vs evening treatment with lorazepam, 21–48 yr old patients with primary insomnia with daytime symptoms, 18662
4-day vs 4-wk treatment with diazepam vs lorazepam, development of physical dependence measured by withdrawal excitation determined by EEG threshold method, male rats, 26796
acamprosate, morphine-induced sensitization & heroin self administration & relapse induced by heroin or stress, rats , 751
accidental iv zuclopenthixol acetate administration for rapid tranquilization, non-compliant 37 yr old male with schizo-affective disorder, implications for treatment of psychiatric emergencies, 28458
acquisition rate of cocaine & heroin self-administration, male vs female rats, 23541
acute & chronic administration of olanzapine vs clozapine & haloperidol, firing rate of substantia nigra reticulata neurons, male rat brains , 26857
acute & repeated administration of cocaine, stereotyped behavior, male vs female rats, 26849
acute administration of hydrocortisone, 5-HT receptor function, 18–40 yr old males, 732
acute vs chronic corticosterone administration, expression of neural cell adhesion molecule in different brain regions, male rats, 23578
acute vs chronic fluoxetine, forced swimming test vs elevated plus-maze behaviors, male Wistar–Kyoto rats, validity test of animal model, 33410
acute vs chronic methamphetamine, levels of activity regulated cytoskeleton associated protein in brain regions, male rats, 4184
acute vs chronic paroxetine, self-stimulation/reward & food intake, rats, 33431
acute vs chronic treatment with typical & atypical neuroleptics, c-fos mRNA expression in forebrain regions, male rats , 23581
afternoon dosing of phentermine & lower dose fenfluramine, short-term weight loss, 37–56 yr old obese females with medical complications, 18826
alternatives to oral intake method for administration of antidepressants, 8916
arterial nicotine blood concentrations during cigarette smoking vs iv nicotine administration, Ss, implications for drug addiction, 36610

bilateral microinjections of carbacholine & scopolamine into striatum, signal differentiation, dogs, 3913
bombesin injections into lateral parabrachial nucleus vs ip vs 4th ventricular routes, salt intake, area postrema-lesioned rats, implications for sites of antinatiorexic activity, 650
Butorphanol nasal spray, detoxification, 23–66 yr olds with opioid dependency, 38246
caffeine or SCH58261 or DPCPX dosages administered immediately or 180 min after passive avoidance task training, memory retention, male mice, 36576
chronic oral nicotine exposure, sensitivity to nicotine & brain nicotinic cholinergic receptors, female C57B1/6 mice, 10667
citalopram administered during luteal phase vs entire menstrual cycle, premenstrual dysphoria, adult females, 2407
clinical & pharmacokinetic features of oral vs iv administration of methadone, heroin dependent Ss in methadone maintenance treatment programs, 25520
cocaine priming threshold as measure of reinstatement of cocaine self-administration, male rats, 30040
contingent infusions of heroin vs RU 51599, sensitization of motor activity, rats, 707
contingent vs noncontingent cocaine administration, drug-seeking behavior in reinforcement, male rats, 20327
continuous vs episodic administration & plasma high concentration vs repetitive increases of somatotropin-releasing hormone, sleep, 22–36 yr old normal men, 10611
delayed neuronal loss induced by icv kainic acid, preweanling rats, 10628
development of technique for microinjections glutamate & angiotensin II into the A5 region & effects of stimulation of the A5 region on renal sympathetic nerve activity, conscious rabbits, 13562
diazepam regimens of daily subcutaneous injections vs osmotic minipump, development of tolerance in exploration & locomotor activity & tests of anxiety, rats, 33394
dose- & time-dependant central analgesia induced by endomorphin-2 vs D-pro2-endomorphin-2 vs ala-pro-2naphthylamide & alteration by dipeptidyl peptidase IV, rats, 13589
dose-response effects of oral vs transdermal selegiline, antidepressant like activity, male rats, 33405
dosing conditions of & duration of exposure to caffeine, withdrawal symptoms, adults, 20286
effectiveness & safety of transdermal therapeutic system fentanyl, cancer pain, adult cancer patients requiring opioid analgesics for pain, 5672
effectiveness of once daily Adderall vs twice daily methylphenidate, 5–17 yr olds with ADHD, 28459
effects of chronic administration of nicotine & withdrawal, operant ethanol self administration, rats, 13792
effects of microinjection of D2 dopamine antagonist raclopride into ventral tegmental area, ethanol & sucrose self-administration, male Long-Evans rats, 13809
epidural resiniferatoxin, prolonged regional analgesia, rats, implications for treatment of cancer pain, 36627
experimenter- vs self-administered ethanol, discriminative stimulus effects, male rats, 4268
gender specific ethanol dosing protocols, peak breath alcohol concentrations, male vs female 21–30 yr olds, 26775
glycine vs glycine receptor antagonist HA966 microinjections along rostrocaudal axis of dorsal periaqueductal gray matter, elevated plus-maze performance, rats, 10671
icv vs sc vs dorsal raphe nucleus infusion of L-NAME, sleep–wake cycle & REM sleep, male rats , 13788
inhaler differences & patient characteristics & self management program with inhaler use instruction, correct inhalation technique, asthma patients (mean age 45.1 yrs), 1 yr follow up, 35058
injection environment conditioning & tolerance, asymmetric cross sensitization between phencyclidine & MK-801, female rats, 33513
injection or infusion of neuropeptide Y in suprachiasmatic nucleus, macronutrient & water intake, male rats, 33493
intracerebroventricular administration of substance P, feeding & drinking behavior, food and water deprived male rats, 29990
intracranial drug self-administration & place conditioning study findings & implications for brain reward mechanisms, rats, 23548
intranasal administration of growth hormone-releasing hormone, endocrine & sleep functions, 21–33 vs 71–81 yr old healthy men , 29940
intravenous vs intercerberal progesterone administration & actions at estradiol-induced intracellular progestin receptors in facilitation of lordosis, 3 strains of ovariectomized mice, 13542
ip vs intrathecal vs icv amiloride, antinociception & antihyperalgesia, male mice, 33397
ip vs local infusion of chlorobenztropine &/vs cocaine, locomotor activity & stimulus discrimination & extracellular dopamine levels in nucleus accumbens, male rats, 20375
iv clomipramine, 18–55 yr old patients with obsessive-compulsive disorder refractory to oral clomipramine, 2312
iv valproate loading, acutely manic & depressed bipolar I patients, 28433
iv vs icv vs intrathecal administration of adrenoceptor agonists & antagonists, tonic electrical activity of anal sphincter, anesthetized cats, 4090
iv vs oral cocaine, reinforcement response rate & non-reinforced response rate, male rats, implications for pharmacodynamics & pharmacokinetics, 26808
latency & magnitude & duration of long-duration response to levodopa administered at different interdose intervals, patients with Parkinson's disease , 31809
mechanisms of action of cis-8,10-di-n-propyllobelidiol hydrochloride dihydrate vs standard analgesic drugs, systemic & spinal & supraspinal chemical & thermal antinociception, male mice, 20366
naltrexone implant, social interactions & cocaine-induced conditioned place preference, male rats, 10627
neurobiological effects of icv infused anxiolytic compounds in animal models of anxiety, 20335
nociceptin & dose, heroin self administration & locomotor activity, male rats, 4291
nonenteral administration of psychotropic medications, 21965
nonresponse vs response contingent delivery of cocaine & animal's cocaine history & sex, hypothalamic pituitary adrenal axis effects & corticotropin releasing hormone, rhesus monkeys, 26740
oral vs subcutaneous administration of different doses of naloxone & naltrexone, drug discrimination, morphine-treated rhesus monkeys, 30001
pharmacological effects of methamphetamine-HCl & methcathinone-HCl & cocaine & ephedrine via inhalation exposure on locomotor activity, male mice, 10621
phenytoin, cocaine self administration & cardiovascular measures & self reported craving, 20–45 yr old crack cocaine users, 18079
predictive variables for & response to acute iv clomipramine vs chronic oral clomipramine & fluoxetine, patients with obsessive compulsive disorder, 12214
preferences for quinine & phencyclidine & caffeine solutions to water, rats, 13722
progressive-ratio schedules of drug delivery in analysis of drug self-administration, 753
rapid- vs slow-titration schedules for start on pramipexole, patients with Parkinson's disease on carbidopa/levodopa & bromocriptine or pergolide, 18821
rectal vs oral administration & pharmacokinetics & pharmacodynamics of sedative-hypnotic & anticonvulsant drug clomethiazole, healthy 24–32 yr olds, 30046
repeated heroin administration, extracellular opioid peptide levels in globus pallidus/ventral pallidum, freely moving rats, 726
role of spinal nitric oxide in antinociception induced by peripheral &/vs intrathecal injections on oxotremorine, male rats, 17060
safety & efficacy of patient controlled analgesia program, 7–17 yr old surgical patients, 28593
self-administration of d-amphetamine across reinforcement schedules & access conditions, brain serotonin depleted male rats, 36556
spinal administration of mexiletine, somatosensory transmission of spinal neurones, neuropathic rats, 540
subchronic vs acute administration of haloperidol dosages, intact & dizocilpine-disrupted prepulse inhibition, male rats, 36554
sustained vs repeated exposure to phencyclidine, prepulse inhibition, rats, 23547
systemic & spinal & supraspinal L-arginine & nitric oxide & cyclic guanosine monophosphate pathway & glutamate induced thermal hyperalgesia, male mice, 26767
systemic vs intrathecal vs peripheral administration of zinc chloride, thermal hyperalgesia, rats with vs without sciatic nerve injury, 23539
tail flick vs hotplate latency tests of spinal or supraspinal structure mediated antinociception following ip vs iv vs icv morphine vs morphine-6-glucuronide, rats, 4273
time between 1st & 2nd intracarotid amobarbital procedure injections, memory, patients (mean age 28.8 yrs) undergoing epilepsy surgery , 22053
transdermal nicotine, mood & EEG & behavioral performance & ERPs, adult males, 26795
transitions in route of cocaine administration, adult current and ex-cocaine & crack users, 30881
venlafaxine vs paroxetine, growth hormone response to iv infusion of L-tryptophan, 18–40 yr old males, 36606

Drug Administration Methods [See Also Injections]—Chapters

Cocaine self-administration research: Implications for rational pharmacotherapy, 5949
The psychology and physiologic effects of active cannabinoids, 17137

Drug Adverse Reactions [See Side Effects (Drug)]

Drug Dependency [See Also Drug Addiction]—Serials

4-day vs 4-wk treatment with diazepam vs lorazepam, development of physical dependence measured by withdrawal excitation determined by EEG threshold method, male rats, 26796
6-hydroxydopamine, 5-HT turnover & alterations in alcohol consumption in brain, neonatal rats, implications for alcohol dependence, 20392
abuse potential & dependence & tolerance & withdrawal & sites & mechanisms of action of caffeine, 4131
acute vs chronic ethanol, withdrawal & dependence & motor behaviors, pentylenetetrazol-kindled male rats, 36546
ad libitum cigarette smoking, adults with cocaine dependence, 1802
adaptation of existing social skills behavioral therapy for rural populations including development of manual & supervision & training of therapists, rural drug users & drug dependents, 19068
adaptation to response pattern change in laboratory experiment, 21–46 yr olds with vs without short vs long history of drug dependence, 5084
additional methadone increases, drug craving & mood & cognitive & psychomotor functioning, chronic opiate patients in methadone substitution treatment, 25154
alcohol abuse & dependence prevalence estimates in general hospital across wards & intake months & reduction of sample selection bias, 18–64 yr old inpatients, 37568
alcohol consumption as risk factor & genetic polymorphism of related enzymes aldehyde dehydrogenase 2 & cytochrome P-4502E1, patients with upper aerodigestive tract or multiple cancers, 21513
antisocial personality disorder & psychopathy, females with cocaine dependency, 24101
arachidonic acid cascade inhibitors, acute dependence induced by & opiate withdrawal mediated by selective mu & kappa & delta opioid receptor agonists, male guinea pig ileum & rabbit jejunum, 26746
association between D2 dopamine receptor alleles or haplotypes & severity of substance dependence, cocaine-dependent European- vs African- vs Hispanic-Americans, 11612
attitudes & practices of amphetamine prescription to dependent users, senior medical specialists in drug dependence, England & Wales, 2778
auditory ERPs & psychotic symptoms, methamphetamine dependent patients, 8354
behavioral & emotional problems, 2–18 yr old children of cocaine & opiate dependent parents vs children referred for mental health problems vs nonreferred children, 18082
behavioral effects of various agonists of glutamate receptors & nitric oxide donor, morphine dependent rats, 26760
biopsychosocial characteristics & treatment outcomes of pregnant cocaine-dependent women in residential vs outpatient substance abuse treatment, 38600
biopsychosocial model of drug dependency treatment, 17 yr old male & 24 yr old female patients with drug dependency, 19070
buprenorphine dosing conditions, opioid withdrawal & intoxication effects, 21–44 yr old opioid-dependent outpatients , 38211
buspirone, voluntary ethanol intake, ethanol dependent male rats, animal model of alcoholism, 20298
Butorphanol nasal spray, detoxification, 23–66 yr olds with opioid dependency, 38246
caffeine dependence & tolerance & reinforcement & withdrawal, humans & animals, 20348
cannabis & endogenous cannabinoid systems in brain & drug tolerance & reward & dependence, 4119
causal relationship between risk of PTSD & drug use disorders, 21–30 yr olds with exposure to traumatic events, 3 & 5 yr followup, 1450
changes in frequency & composition of suicide rate after introduction of new guidelines for coding drug-related deaths, Scotland, 1990–1996, 30847
changes in mood & personality characteristics, cocaine dependent females in therapeutic community, 12 mo followup, 15638
characteristics of dependent vs nondependent regular users of codeine, 18–82 yr olds, 27882
chronic ethanol consumption & withdrawal, GABA type A receptor subunit gene expression & sensitivity & seizure thresholds & susceptibility, female vs male rats, 4135
chronic ethanol consumption, ventral tegmental area electrical activity & striatal & cortical dopamine release, male mice made physically dependent on ethanol, 4098
chronic morphine administration, GABAergic synaptic transmission in periaqueductal gray area, rats, implications for mechanism of opioid dependence, 7212
citalopram, voluntary ethanol intake, male rats with induced ethanol dependency, 677
clinical characteristics, 21–55 yr old females with PTSD with vs without substance dependence , 21186

clozapine vs haloperidol vs clonidine, naloxone induced withdrawal jumping & locomotor activity, morphine dependent male mice, 13694
cocaine vs cocaethylene, acute development of tolerance to neurochemical & behavioral effects of cocaine, male rats, 36534
comorbidity & shared neurobiology & impact on pharmacotherapy, patients with stimulant dependence & depression, 8002
comparative sociodemographic & substance use & psychiatric symptoms & medical status findings, adults seeking marijuana- vs cocaine-dependence treatment, 1761
congruence of MCMI-II & MCMI-III, urban poor cocaine abusers (mean age 35 yrs), 3320
coping & social skills training for alcohol & cocaine dependence, 28780
cross cultural differences in description of ICD-10 physical/psychological alcohol dependence criteria, addiction specialists & health/social service workers & heavy alcohol users & family, 27879
cross-sectional validity of DSM-IV alcohol dependence & abuse diagnosis, adults, 11616
cue-induced craving, regional cerebral blood flow in limbic regions, cocaine dependent adults (mean age 37 yrs), 8252
current substance use disorders, co-occurring mood or disruptive or antisocial personality disorder or other psychiatric disorders, 14–17 yr olds, 24139
day treatment vs enhanced standard methadone care, efficacy & cost, opioid dependent patients, 6 mo followup , 9225
dependence & addiction & withdrawal syndrome potential of antidepressants, 38253
depressive symptomatology & cocaine-induced hypothalamic-pituitary-adrenal axis activation, adults with cocaine dependence, 34352
desipramine, buprenorphine- vs methadone-maintained opioid-dependent cocaine-abusing 20–53 yr old males vs females, 35004
development & psychometrics of Benzodiazepine Dependence Self Report Questionnaire, general practice patients vs psychiatric outpatients vs self help patients, 26147
development & reliability & validity of Tobacco Dependence Screener, measurement of tobacco/nicotine dependence according to ICD-10 & DSM-III-R & DSM-IV, adult smokers, 19622
diazepam before vs after convulsive stimulation, contingent tolerance & compensatory response & physical dependence, amygdala-kindled male rats, 7220
distinctness of DSM-IV substance abuse & dependence constructs, 14–18 yr olds, 30883
dose ratios of buprenorphine & naloxone combination, agonist effects, withdrawal, morphine-stabilized opiate-dependent 27–45 yr olds, 12523
drug tolerance vs withdrawal with vs without tolerance vs no physiological dependence, adults with addiction to marijuana vs cocaine vs opiates vs amphetamines, 8289
DSM-III-R comobidity, patients with benzodiazepine dependence, 12033
ecstasy (methylenedioxymethamphetamine) dependence, case reports of 19 & 25 & 30 yr old addicted males, 11622
effect of Community Reinforcement Approach on AIDS risk behaviors & comorbid psychiatric disorders, 20–63 yr olds with opioid dependency, 18 mo study, 9222
effectiveness of opioid addiction pupil dilation test in rapid diagnosis, 18–52 yr old opioid dependent patients in outpatient drug dependency unit, 30884
effects of chronic lithium treatment on naloxone precipitated withdrawal-like syndrome & antinociception, mice, animal model of chronic cholestasis liver disease, 4134
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25544
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25516
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, 25518
efficacy of monetary reinforcers in drug rehabilitation, cocaine dependent patients (aged 20–55 yrs), 38619
endorsement of DSM-IV dependence & abuse criteria, caffeine users, 1780
event related potential indices of auditory selective attention, 18–27 yr olds with amphetamine dependence, 21328
existence of outcome related neurophysiological subtypes, 17.7–48.5 yr old males with cocaine dependence in residential therapeutic community, 19077
exposure to cocaine cues, skin temperature & resistance & heart rate & self reported drug states & negative moods, male vs female cocaine dependent outpatients, 18073
family history of conduct disorder & substance dependence, P300 event related brain potentials, 15–20 yr olds, 24123
fenethyllin-induced psychosis with rapid resolution upon cessation of drug usage, 36 & 56 yr old drug dependent males, 35022
flupenthixol, psychiatric symptomatology & side effects & cocaine use, 22–62 yr olds with schizophrenia or schizoaffective illness & cocaine dependence, 5646
genetic & environmental risk factors for & prediction of smoking initiation & nicotine dependence, female twins, 17537
genetic and/or family environmental influences common to nicotine & alcohol dependence, male Vietnam era veteran twin pairs, 27886
hospital readmission rates, neuroleptic compliant schizophrenics with vs without comorbid alcohol or drug dependence, 2 yr study, 30710
identification of alcohol dependence criteria, adults consuming 12 or at least 1 drink in the last 12 mo, 18032
illicit prescription drug abuse, recovering drug dependent pharmacists, 17985
incidence & severity of perceived withdrawal symptoms, adults seeking treatment for marijuana dependence, 37551
intimate physical assault & PTSD, 20–51 yr olds seeking treatment for cocaine dependence, 21302
ketamine dependency, male anesthesia providers, 28901
lamotrigine, naloxone-precipitated opiate withdrawal, heroin-dependent 29–41 yr olds, 2696
levo-alpha-acetylmethadol dose, adults with opioid dependence, 1799
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency, commentary reply, 12174
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency disorders, commentary, 12228
long-term cocaine abuse, mood & performance on procedural & episodic memory tasks, abstinent patients with cocaine dependency (mean age 39.2 yrs), 11644
long-term use of weak opioid analgesics, substance dependence, 60–87 yr olds, 11608
mecamylamine, cue-induced cocaine craving, cocaine-dependent patients , 10646
medications used to reduce urges for alcohol & nicotine & other drugs, 15627
mesencephalic neuron kappa opioid tolerance & dependence, rats, implications for treatment of cocaine addiction, 26758
methadone dosage, treatment outcomes, opioid dependent patients, 19052
methadone, pharmacodynamic & pharmacokinetic effects, abstinent rats, 7195
moderate vs high daily dose methadone, patients with opioid dependence, 15640
modulation of skin conductance response & electrodermal activity preceding aversive stimulus, heart rate & risk for drug dependency, 16–18 yr old males, 14761
morphine vs tramadol, antinociception & tolerance & physical dependence, male mice, 719
morphine with competitive or noncompetitive NMDA antagonist, development of tolerance to discriminative stimulus effects of morphine & behavioral dependence, male rats, 26739
motivational profiles & validity of profiles & stages of change, adult polysubstance-dependent patients vs alcohol-dependent patients, 21307
naloxone dosages, heroin self-administration response rates, morphine dependent male rats, 29983
naltrexone & pharmacological aversion treatment, patients dependent on or abusing alcohol, 2 yr followup, 31665
naltrexone, patients with alcohol & cocaine dependency, 15632
neuropsychological functioning, adult cocaine abusers with vs without alcohol dependence, 11636
neuropsychological performance, recently abstinent cocaine-dependent 18–45 yr olds, 1772
nicotine dependence & withdrawal, stress level, adolescent & adult regular smokers, 33854
nicotine dependence, pregnant teen smokers (mean age 17 yrs), 23752
no vs 1 or 2 vs 3+ symptoms of alcohol use disorder & diagnosis of alcohol dependence, 18–50+ yr olds, 18049
outcome of comparative treatmeat effectiveness on program modality & drug history in drug use reduction, patients with drug dependency, 1-yr followup, 9237
overnight smoking withdrawal & nicotine dependence & prepulse inhibition of acoustic startle reflex, 19–45 yr old male smokers, 11628
pattern of use & dependence & criminal justice history & user characteristics, progression of use between powder cocaine & crack, 18–69 yr old arrestees, 18076
perceptions of denial in drug recovery process, 18–31 yr old & older pregnant & parenting chemically dependent females in treatment, 19058
personality characteristics & psychopathology, 19–34 yr old treatment seeking HIV+ pregnant drug dependent women , 8381
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, 38258
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38259
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38254
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38208
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38209
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, reply, 38257
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38324
pharmacological treatment of cocaine abuse & dependence, 5659
pharmacological treatments which serve to augment psychosocial therapies in the rehabilitative treatment of patients with opioid & nicotine & alcohol & cocaine dependence, 28774
physical dependence, relative reinforcing effects of caffeine vs placebo, 22–49 yr olds, 663
plasma concentrations 24 & 48 & 72 hrs post administration of different doses of buprenorphine & opiate withdrawal symptoms & agonist effects & use of other drugs, opiate dependent outpatients, 25517
platelet & erythrocyte membrane fluidity, 39–63 yr old alcohol dependent patients assessed at start vs completion of alcohol withdrawal, 27884
predicting dropouts from outpatient treatment, adults with cocaine dependency, 15630
presentation to medical services & rehabilitation management, 60–95 yr old patients diagnosed with alcohol dependence or abuse, 31892
prevalence & psychosocial correlates of nicotine dependence, men vs women in US naval services, 27054
prevalence & subtypes of ADHD, hospitalized patients with alcohol &/vs cocaine dependence, 30876
process perspective on initiation & cessation of chemical dependency & current state of & role of psychology in prevention research & practice, 22012
PROP taste sensitivity & parental history of alcohol dependence, 25–59 yr olds with alcohol dependence, 1786
protocol for & risks associated with benzodiazepine treatment for alcohol dependency, 9240
quality of life, heroin dependent patients, before vs 1 yr after start of methadone maintenance treatment, 2685
rate of change of serial gamma-glutamyl transferase, alcohol-dependent 26–63 yr olds during abstinence while in alcohol treatment program, implications for use as biological marker, 8353
rationales & beliefs about & motivations for smoking & nicotine dependence & perceived dependence & intention & motivation to quit, adolescents (mean age 17.6 yrs), 23940
relation of GABA type A and NMDA & 5-HT receptor agonists & antagonists to discriminative stimulus & substitution effects of ethanol, humans & animals, implications for drug dependence, 7221
relationship between methadone treatment & reduction of criminal activity, male opiate-dependent 21–55 yr olds, 1987–1993, 2-yr followup, 25510
relationship of ADHD & major depression & other illicit substance use disorders & onset & severity of nicotine dependence, 13–19 yr olds with conduct & substance abuse disorders, 24455
repeated ethanol administration in plus maze in producing anxiety-related behaviors, male mice, animal model for conditioned abstinence behavior, 17029
research & clinical management of cancer-related pain & opioid responsiveness & tolerance & psychological dependence, 22047
role of central cannabinoid receptor in physical dependence on & addiction to opiates, mutant mice, 10432
scopolamine-produced learning & memory impairment, morphine tolerance & dependence, rats, 30072
selegiline, cocaine-induced changes in medial temporal lobe metabolism & euphoria, cocaine-dependent adults, 21296
self-rated alcohol drinking patterns vs DSM-III-R diagnoses of alcohol abuse & dependence, adult males (mean age 38.7 yrs) , 37556
sensitivity & specificity of CAGE vs TWEAK screening tests, identification of alcohol dependence, 18–50+ yr old ER vs primary care patients vs general population, 1763

severity of choreoathetoid movements, 25–56 yr old males with cocaine dependency, 24512
severity of disorder & patterns of self efficacy for abstinence in future, 17–71 yr old inpatients with vs without comorbid alcohol/drug dependence & personality disorders, 4855
sex & injury status & level of acculturation, performance of screening instruments for alcohol problems, Hispanic adult emergency department patients, 9929
sex, psychoactive substance dependency & other characteristics, 17–77 yr old suicide victims, 14463
sick leave use, 24–65 yr old females with vs without alcohol dependence/abuse with vs without comorbid psychiatric disorder, 8378
small vs large P300 ERP amplitude, risk for substance dependence & externalizing psychopathology, 16–18 yr old males, 30808
smokeless tobacco (ST) pattern usage & extent of dependence & attempts to quit, ST users (mean age 30.8 yrs) seeking treatment, 28769
social & demographic variables & nicotine dependence & constructs of planned behavior theory, prediction of smoking cessation during pregnancy, pregnant females , 27197
standard group counseling vs individualized relapse prevention, substance use & personal health & social functioning, cocaine dependent male veterans in outpatient continuing care, 2 yr study , 28777
statistical estimation of expected number of annual prison suicides based on age & gender & opioid dependence, 15–54 yr old inmates, England & Wales & Scotland, 27777
stress & dysregulation of brain reward pathways & drug dependence, 4188
stress, reinstatement of nicotine vs sucrose seeking behavior, male rats, 29982
subject-collateral reports of substance abuse, alcholic inpatients with vs without cocaine dependence, 21348
Substance Abuse Subtle Screening Inventory-3, efficacy in identifying substance dependence disorders in clinical settings, adults independently diagnosed with vs without substance dependence disorder, 3319
substance dependence & eating disorder sequence & comorbidity, young adult female inpatients & outpatients with anorexia nervosa binge–purge type vs bulimia nervosa vs other eating disorders, 37242
substance misuse before arrest to assess degree of dependency on opiates & stimulants & prison treatment, 16–70 yr old remanded prisoners, implications for treatment opportunity, 8337
symptom profile & factorial structure of DSM-IV alcohol dependence, Mexican vs Mexican-American males in treatment for alcohol problems, Mexico vs US, 30871
test–retest interval & reliability of Addiction Severity Index, post-rehabilitation adaptive behavior, cocaine &/or alcohol dependent veterans in VA rehabilitation unit (mean age 42 yrs), 9875
tobacco education & intervention skills, medical school curricula, associate deans , 38842
treatment & maternal & infant outcomes, pregnant 16–19 yr olds vs adult females in intensive outpatient vs short term residential chemical dependency treatment program, 15616
treatment issues, 53 yr old female with comorbid alcohol-dependency & substance abuse-dependent & -independent depression, 31427
treatment modality, psychosocial functioning, cocaine-dependent male veterans, 2 yr followup, 12518
treatment outcomes & completion of high vs low intensity cognitive-behavioral therapy, cocaine dependent methadone patients, 15 mo followup, 25539
treatment strategies, hospitalized patients with bipolar mood disorder & concurrent substance dependence, 21667
tryptophan metabolism & other amino acid concentrations in relation to alcohol-withdrawal syndrome, alcohol-dependent males undergoing elective upper digestive tract tumor resection, 8334
use of family links & social networks to overcome resistance to treatment, chemically dependent individuals, 19062
validity & reliability of Cocaine Risk Response Test, prediction of relapse & change in coping ability in relation to intervention type, Ss with cocaine dependency (mean age 29.4 yrs), 9877
validity & reliability of Voris Cocaine Craving Scale, 27–62 yr old recently withdrawn cocaine-dependent patients, 11639
validity of Fagerstrom Test for Nicotine Dependence & Heaviness of Smoking Index, smokers, 18040
withdrawal precipitation with naloxone vs CTOP vs naltrindole vs nor-binaltorphimine, involvement of spinal opioid receptors in morphine vs butorphanol dependence, male rats, 4300
work & demographic factors, lifetime & current use of licit & illicit & prescription & over-the-counter drug use & dependence & negative consequences of alcohol consumption, 19–72 yr old female nurses, 24516
zoplicone, withdrawal from chronic flunitrazepam & sleep pattern changes, 32–64 yr olds with insomnia & chronic benzodiazepine dependence, 8929

Drug Dependency [See Also Drug Addiction]—Books
Introduction to addictive behaviors (2nd ed.), 27896
Treatment of addiction: Current issues for arts therapies, 19095

Drug Dependency [See Also Drug Addiction]—Chapters
Alcohol, 33518
Benzodiazepines: Behavioral and pharmacologic basis of addiction, tolerance, and dependence, 25249
Brief interventions for alcohol and drug problems, 22281
Challenges and techniques for the treatment of nicotine dependence by physicians and dentists, 12543
Cocaine and stimulants, 5112
Cognitive therapy, 5941
Dependence, tolerance, and alteration in gene expression, 17132
Developmental stages of involvement in substance use, 14223
Differential therapies and options, 5940
The disease model, 35352
Do I do what I say? A perspective on self-report methods in drug dependence epidemiology, 36098
Effective treatment of homeless substance abusers: The role of contingency management, 18586
Evaluation of potential pharmacotherapies: Response to cocaine challenge in the human laboratory, 4308
Increasing the impact of nicotine dependence treatment: Conceptual and practical considerations in a stepped-care plus treatment-matching approach, 22273
Methadone maintenance, 15664
Monitoring therapist and patient behavior during behavioral interventions for illicit-drug use: Process research perspectives, 18582
Network therapy, 15657
Opioids, 34397
Spiritual and religious factors in substance use, dependence, and recovery, 1073
Substance abuse and dependence., 5120

Tobacco, 5109

Drug Discrimination—Serials
5-HT receptor subtype specificity, 5-HT receptor agonist generalization to ethanol, male rats, 4212
benzodiazepine receptor ligand U-78875, discrimination of lorazepam vs diazepam vs pentobarbital, rats vs baboons, 23485
bias in reinforcement frequency sensitivity, morphine discrimination, male vs female rats , 4126
cadmium chloride exposure, discrimination of cocaine vs d-amphetamine vs apomorphine vs dopamine agonist SKF 38393 vs SKF 82958 vs quinpirole vs antagonist GBR 12909 vs procaine vs morphine, male rats, 17075
concurrent FR FR schedule, pentobarbital discrimination, pigeons, 33448
concurrent variable &/or fixed interval training history, drug discrimination response, pigeons, 26816
dextromethorphan & dextrorphan, reinforcing properties & phencyclidine-like discriminative stimulus effects, rats & rhesus monkeys, 36596
discriminative stimulus effects of norepinephrine reuptake inhibitors vs serotonin reuptake inhibitors vs atypical antidepressants vs clenbuterol, male rats, 26811
discriminative-stimulus & antinociceptive effects of hydrocodone & hydromorphone with vs without cytochrome enzyme inhibitors budipine or quinidine, female rhesus monkeys, 23534
discriminative-stimulus effects of midazolam & triazolam, rhesus monkeys, 13773
dopamine-releaser phentermine vs 5-HT releaser fenfluramine, methamphetamine discrimination & self-administration, male rats, 10629
drug discrimination & generalization & pharmacokinetics of S(−)-methacathinone vs other CNS stimulants vs fenfluramine vs haloperidol, male rats, 7271
experimenter- vs self-administered ethanol, discriminative stimulus effects, male rats, 4268
fluoxetine & fluvoxamine & venlafaxine, discriminative effects of lysergic acid diethylamide & stimulus effects of hallucinogens, male rats, 33512
genetic factors, discriminative stimulus properties of nicotine, C57BL/6 mice, 20378
increased specificity of ethanol's discriminative stimulus effects in ethanol vs pentobarbital vs water discrimination task, male rats, 23491
instructions about drug nature as stimulant vs sedative, discrimination between dextro-amphetamine vs diazepam & tripelennamine vs saline, 22–48 yr olds, 684
involvement of 5-HT-2C receptors in discriminative stimulus effects of citalopram, male rats, 17068
ketoconazole, cocaine discrimination & induced reinstatement of cocaine-seeking, male rats, 36585
ketoconazole, stressor-induced reinstatement of extinguished cocaine seeking behavior & generalization of discriminative stimulus to cocaine, male rats, 17061
L-type voltage-sensitive calcium channel modulators, discriminative stimulus effects of ethanol, male rats, 20293
low vs intermediate vs high efficacy mu-opioids, antinociception & drug discrimination, F344 vs Sprague-Dawley vs Long-Evans vs Lewis rat strains, 20344
lowering training dose, nicotine discrmination, adults, 33471
mecamylamine vs trimethaphan, nicotine discrimination, 19–31 yr old smokers, 14222
melatonin agonist agomelatine, diazepam discrimination & methohexital self administration, monkeys & rats, implications for abuse liability, 7268
methylphenidate vs dextro-amphetamine, discriminative & self-rated effects, 8–12 yr olds with ADHD, 1853
morphine training dosage, nalorphine substitution for morphine, female rats, 33407
mu vs mu/kappa receptor opioids, delta opioid discrimination, female pigeons, 4243
naltrexone & morphine pretreatments, discrimination & plasma levels of ethanol, rats, 13768
naltrexone, reinforced responding for solution via production of interoceptive stimulus, opioid antagonist-naive rhesus monkeys, 20387
neuroactive steroids that modulate GABA type A or NMDA receptors, discriminative stimulus &/or rate suppressing effects of ethanol, male rats, 20264
neuropeptide Y, morphine induced discrimination & antinociception, male rats, 36604
nicotine discrimination & self-administration, C57BL/6 vs DBA/2 male mice, 10668
nitric oxide synthase inhibitors NG-nitro-L-arginine methyl ester & 7-nitroindazole & precursor L-arginine, ethanol discrimination & substitution, male rats, 13767
NMDA receptor antagonists, discriminative stimulus properties of naloxone, morphine dependent rats, 4215
oral vs subcutaneous administration of different doses of naloxone & naltrexone, drug discrimination, morphine-treated rhesus monkeys, 30001
pharmacological profile & discriminative stimulus effects of gamma-hydroxybutyric acid on GABA receptors, male rats, 4122
relation of GABA type A and NMDA & 5-HT receptor agonists & antagonists to discriminative stimulus & substitution effects of ethanol, humans & animals, implications for drug dependence, 7221
role of dopaminergic & noradrenergic & serotonergic neurotransmitter systems in nicotine discriminative stimulus, male rats, 705
Salvia miltiorrhiza, alcohol absorption & preference & discrimination, ethanol-preferring rats, 23496
serotonergic vs dopaminergic vs muscarinergic antagonists, discriminative stimuli properties of S-16924 & cocaine, male rats, 20341
single vs cumulative dosing procedures, triazolam discrimination, 19–32 yr olds, 20372
tetrahydrocannabinol dose discrimination, (R)-methanandamide generalization, male rats, 7216
three-choice hydromorphone dose-discrimination procedure, assessment of opioid partial agonist activity, 30–40 yr old male nondependent heroin users, 23520
time-course of discriminative & subjective effects of oral cocaine & acquisition of discrimination of placebo vs oral cocaine, 22–35 yr old male cocaine abusers, 34354
training dose, receptor mediated activity & overshadowing by components of heterogeneous discriminative stimulus effects of ethanol, male rats, 673

Drug Dissociation [See State Dependent Learning]

Drug Distribution—Serials
causal analysis of drug trafficking &/vs use, urban African-American 9–15 yr olds, 2 yr study, 943
cultural framework of ritual of initial conversation for gaining cooperation to conduct ethnographic research, persons who sell drugs & their families, 8347
motives & mechanics of operations & strategies to avoid detection of illicit drug-dealing activities, 20–48 yr old drug dealers in court diversion program, 11678

Drug Distribution—Chapters
The distribution of consumption of alcohol and marihuana, 18096
FDA regulation of prescription of controlled substances, 19520
Federal regulations for the prescription of controlled substances: Drug enforcement administration (DEA), 19519

Drug Dosages [See Also Drug Overdoses]—Serials
20 vs 30 mg tetrahydrocannabinol, abstinence symptoms, 21–29 yr old marijuana smokers, 11615

7-OH-DPAT dose, d-amphetamine induced stereotypy & conditioned place preference & dose-response curves, male rats, 688
8-OH-DPAT dose, long-term sequential ontogenic development of serotonin behavioral syndrome, rats, 7179
acute vs repeated administration of caffeine & pentoxifylline, anxiety-like behavior, diazepam treated vs untreated male mice, 23569
acute vs subacute cholecystokinin A receptor agonist AR-R 15849, food intake & activity level & tolerance, male rats, 10663
afternoon dosing of phentermine & lower dose fenfluramine, short-term weight loss, 37–56 yr old obese females with medical complications, 18826
amphetamine & phentermine & fenfluramine, alcohol intake, rats fed a tryptophan-enhanced diet, 23511
antiepileptic drug load & monotherapy vs polytherapy, grip strength & accelrod performance, rats, 17091
average daily dose & need for dose escalations of selective serotonin reuptake inhibitors in VA outpatient facilities, 12252
buprenorphine dosing conditions, opioid withdrawal & intoxication effects, 21–44 yr old opioid-dependent outpatients , 38211
caffeine dosage, visual task performance & information processing, 18–26 yr olds, 20364
chronic administration of N-methyl-D-aspartate receptor antagonists memantine & amantadine & (+)MK-801 on behavioral profile, rats, 13746
chronic administration or mecamylamine-blocked administration of different dosages of nicotine, REM sleep, male rats, 33477
clinical trial of low doses of clozapine, patients (mean age 72 yrs) with Parkinson's disease & antiparkinsonian drug-induced psychosis, 15347
cocaine dosage, pharmacokinetic & metabolite profiles & response rate in contingency-controlled timing behavior, food-limited rats, 17056
cocaine vs methylphenidate, dose-striatal dopamine transporter receptor occupancy & dose- locomotor activity effect relationships, male mice , 36559
cocaine vs morphine pre-exposure & conditioned place preference induced by dose range of cocaine & sensitization to the rewarding effects of the specific dopamine uptake inhibitor GBR12783, rats , 4240
concurrent progressive-ratio schedules of different phencyclidine concentrations, relative vs absolute reinforcing effectiveness & drug sensitivity, male rhesus monkeys, 30049
diazepam & gepirone dosages & novel object vs no object in familiar compartment, novelty-induced place preference, male rats, 20311
dopamine D1 receptor agonists & dose–response & D1/D2 receptor antagonism, enhancement of acoustic startle response, male rats , 26817
dosage & acute behavioral effects of benzodiazepine-receptor ligands quazepam vs triazolam, 20–41 yr olds, 28490
dose & age & body weight, plasma levels of clozapine & its metabolites, male vs female inpatients with schizophrenia, 12198
dose & time dependent effects of ethanol administration on testicular antioxidant system, male rats, 30054
dose & time dependent effects of ethanol ingestion on antioxidant system & lipid peroxidation in plasma, rats, 13812
dose & time of nicotine treatment, expression of diverse nicotinic acetylcholine receptor subtypes, model cell culture systems, 4179
dose ratios of buprenorphine & naloxone combination, agonist effects, withdrawal, morphine-stabilized opiate-dependent 27–45 yr olds, 12523
dose response profiles for antiparkinsonian & dyskinesiogenic effects of levodopa, 45–77 yr olds with Parkinson's disease, commentary & commentary reply, 5356
dose- & time-dependant central analgesia induced by endomorphin-2 vs D-pro2-endomorphin-2 vs ala-pro-2naphthylamide & alteration by dipeptidyl peptidase IV, rats, 13589
dose-related association between chronic cocaine use & neurobehavioral performance, 21–46 yr old abstinent chronic cocaine abusers, 30869
dose-response effects of oral vs transdermal selegiline, antidepressant like activity, male rats, 33405
dose–response relationship between drinking & serum tests, 40–59 yr old drinking males, Japan, 14220
dose–response relationship of gestational chronic maternal cocaine, onset of & established maternal behavior, lactating female rats, 7231
effect of ascending & descending doses of pretreatment naloxone on oral methadone as self administered reinforcer, male rhesus monkeys, 23599
effectiveness of anticholinergics & neuroleptic dose reduction, neuroleptic-induced pleurotonus, psychiatric patients, 21958
effectiveness of fluphenazine decanoate injections every 2 vs 6 wks, outpatients with schizophrenia or schizoaffective disorder (mean age 35 yrs), 15285
efficacy & safety of 15 vs 20 mg eptastigmine, 52–90 yr old Alzheimer's disease patients, 15302
efficacy & safety of 4 doses of amphetamine Adderall, 7–14 yr olds with ADHD, commentary, 12164
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & auditory hallucinations & delusions, commentary, 21970
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & disorganized behavior & delusions & auditory hallucinations, 21903
efficacy & safety of accidental high-dose olanzapine, autistic 14 yr old male with psychotic symptoms & delusions & auditory hallucinations, commentary, 21974
efficacy & safety of low dose amisulpride, schizophrenic patients with predominately primary negative symptoms, 17904
efficacy & side effects of 2–3 mg/day vs .5–.75 mg/day haloperidol vs placebo, psychotic & disruptive behaviors, adults (mean age 72.1 yrs) with Alzheimer's disease, 2301
escalating dose regimen of chronic nicotine, brain reward stimulation, rats , 634
escalating dose-binge stimulant exposure of amphetamine or methamphetamine, emergent behavioral profile & differential caudate-putamen & nucleus accumbens dopamine responses, male rats, 13814
ethanol-beverage consumption, individual differences in stimulant-like vs sedative-like effects during ascending vs descending limbs of blood alcohol curve, 21–35 yr olds, 7148
ethoxyidazoxan doses, brain glucose metabolism & catecholamines responses & BP & behavior, 21–42 yr old males, comparison with idazoxan findings, 36617
exposure of cerebral vascular smooth muscle cells to methanol concentrations of 10–400mM, changes in concentration of intracellular free calcium ions, male canines, implications for CNS toxicity, 30024
factors affecting serum lithium concentrations & equation to predict lithium dose, 8–77 yr old psychiatric patients, 28504
fluoxetine dose, desensitization of hypothalamic postsynaptic serotonin receptors, male rats, 7245
full- vs half-cycle sertraline, patients with severe PMS, 12322
gender specific ethanol dosing protocols, peak breath alcohol concentrations, male vs female 21–30 yr olds, 26775
glucose dose-response curve, recall primacy & other memory processes, 17–48 yr old females, 717
haloperidol dose, conditioned active avoidance, male vs female mice, 13691
haloperidol dose, contact-seeking by muzzle-pushing as measure of maternal motivation, lactating rat dams & their pups, 13818
heaviness of abuse & drug preferences & personality organization, drug abusers, 11637
high dosages pemoline, 19–60 yr olds with attention deficit hyperactivity disorder, 21977
high dose olanzapine treatment in refractory psychosis, male patients with schizoaffective disorder, 18728
high fat vs high carbohydrate vs Purina rodent chow diets, ethanol intake at 15% vs 30% concentration, male hamsters, 29991
high vs low dose clonidine vs diazepam, spatial working memory, 4–15 yr old female monkeys, 36558
high vs low dose of clonidine vs guanfacine, effortful vs automatic attentional performance & RT, healthy 23–35 yr olds, 33423
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary reply, 12327
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary, 12323
high-dose thyroxine augmentation, 21–68 yr old outpatients with treatment resistant depression, 8-wk study, 15337
higher sensitizing dose of amphetamine, induction of oral stereotypy & tolerance, male rats, implications for elicitation of behavioral disruption , 7211
ibogaine pretreatment, dose-locomotor response function, rats chronically treated with cocaine vs saline, 33491
in utero exposure to morphine & dose & gestational period, play & social grooming behavior of juvenile offspring, male rats, 33461
infusion of neurotoxic doses of NMDA or electrolytic lesions into lateral hypothalamus, gastric mucosal erosions & eating & motor behaviors & body temperature, male rats, 36580
ingestion of beverages with unknown alcohol content, intoxication expectancies, aggressive vs nonaggressive social drinkers, 7761
inhaled 10%–60% concentrations of trifluoromethane freon vs nitrous oxide, neuropsychological findings & negative symptoms, healthy male 18–35 yr olds, 7246
intranucleus basalis magnocellularis saporin, dose-dependent acquisition & performance of go/no-go task & choline acetyltransferase activity, male rats, 17030
lamotrigine & dose-related Tourette syndrome, 7–12 yr olds with epilepsy, 18828
levo-alpha-acetylmethadol dose, adults with opioid dependence, 1799
lithium dose, acquisition & extinction of morphine aversion, rats, 26788
long term patterns of morphine use & dosage & pain intensity, 36–80 yr old pailiative care unit patients with chronic cancer pain, 28615
long-term efficacy of lower vs higher fixed plasma levels of maintenance nortriptyline, elderly with major depression, 31686
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22071
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22038
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22049
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, comment reply, 22069
low doses apomorphine vs amphetamine, operant responding, male rats, 33441
low vs high dose methamphetamine, extracellular caudate nucleus & nucleus accumbens dopamine levels & locomotion & stereotypic responses, male rats, 36632
low-dose fluphenazine induced neuroleptic malignant syndrome, female 21 yr old with first episode psychosis, 28430
lowering training dose, nicotine discrmination, adults, 33471
methadone dosage, treatment outcomes, opioid dependent patients, 19052
methamphetamine dosage, water intake & ambulatory activity during light vs dark cycle, male rats, implications for involvement of depletion of central dopamine &/or serotonin, 689
morphine training dosage, nalorphine substitution for morphine, female rats, 33407
naloxone dosages, heroin self-administration response rates, morphine dependent male rats, 29983
neuropeptide Y vs NPY 3–36 vs pancreatic polypeptide dose in 3rd ventricle, food intake, male rats, 13735
once-weekly dosing of fluoxetine following initial daily dosing, panic symptoms, 27–48 yr olds with panic disorders, 21883
optimal haloperidol dose, patients with 1st-episode psychosis, 15359
pituitary-adrenal cortical responses to low-dose physostigmine and arginine vasopressin administration, 22–52 yr olds, 13807
plasma concentrations 24 & 48 & 72 hrs post administration of different doses of buprenorphine & opiate withdrawal symptoms & agonist effects & use of other drugs, opiate dependent outpatients, 25517
propofol, visual evoked potentials & pattern electroretinographic responses, rheseus monkeys, 33308
rapid- vs slow-titration schedules for start on pramipexole, patients with Parkinson's disease on carbidopa/levodopa & bromocriptine or pergolide, 18821
rate-decreasing effects of mirfentanil & morphine & naltrexone & ketamine, pigeons before & after chronic mirfentanil treatment, 33400
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary reply, 28455
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary, 28478
reduction of drug dosage intervals to one time daily, older hospital patients, implications for treatment compliance, 21961
repeated low vs high dose nicotine pretreatment, mesoprefrontal dopaminergic & behavioral responses to acute footshock stress, male rats, implications for schizophrenia, 4153
S control of dose size & interdose interval, ethanol self administration, male rats, 697
sedative effects of single & repeated doses of 50 vs 150 mg tolperisone hydrochloride, 19–27 yr olds , 4139
sensitization of operant behavior to cocaine with increasing & repetitive dosage regimens, rats, 13777

sex & race & weight & smoking status & dose & age at 1st assay, prediction of steady state clozapine plasma concentration, patients with schizophrenia, 2378
short vs long-access to cocaine, dose–response curve in drug self-administration escalation, rats, implications for role of hedonic set point, 616
single dose flumazenil, 62–87 yr olds with Alzheimers disease, 28503
single vs cumulative dosing procedures, triazolam discrimination, 19–32 yr olds, 20372
single vs repeated doses of methylphenidate, regional brain metabolism, 24–39 yr old males, 4287
single-dose efficacy & tolerability of 12.5 vs 25 mg ketoprofen vs acetaminophen vs placebo, tension headache, adults, 5758
social stress & morphine dosages in periaqueductal gray matter, affective vocal & reflexive pain & defensive & submissive responses, socially inexperienced & defeated male rats, 36631
St Johns wort, antidepressant-like effect on sleep polysomnogram, 20–44 yr olds, 745
subchronic vs acute administration of haloperidol dosages, intact & dizocilpine-disrupted prepulse inhibition, male rats, 36554
subclinical doses of lithium & pilocarpine, learning & memory of radial maze, male rats, 4123
subjective & psychomotor & physiological effects of cumulative doses of opioid mu agonists, healthy 21–32 yr olds, 23597
suggested minimal effective dose of risperidone based on positron emission tomography measured dopamine & serotonin receptor occupancy, 18–52 yr old patients with schizophrenia, 25202
sulpiride dose, cognitive & subjective effects, males, implications for cognitive deficits in Parkinson's disease, 36589
tetrahydrocannabinol dose discrimination, (R)-methanandamide generalization, male rats, 7216
three-choice hydromorphone dose-discrimination procedure, assessment of opioid partial agonist activity, 30–40 yr old male nondependent heroin users, 23520
training dose, receptor mediated activity & overshadowing by components of heterogeneous discriminative stimulus effects of ethanol, male rats, 673
treatment effectiveness of low vs standard dose of loxapine, 17–56 yr olds with schizophrenia, 21926
treatment of with low doses of risperidone, hyperarousal symptoms, 48 yr old male veteran with PTSD, 28468
use & efficacy of low-dose ketamine, acute postoperative pain, 35105
various doses of analogs of C-terminal fragment of arginine-vasopressin, dynamics of development of a conditioned active avoidance response, male rats, 20381

Drug Dosages [See Also Drug Overdoses]—Chapters

D^9-tetrahydrocannabinol treatment in laboratory rats, 17135Does THC induce aggression?: Suppression and induction of aggressive reactions by chronic and acute
Gender differences in psychotropic medications, 28526
Neuroleptic dosing in Hispanics and Asian patients with schizophrenia, 28532
Pharmacotherapy in children and adolescents, 2416
Review of neuroleptic dosage in different ethnic groups, 28521

Drug Education—Serials

alcohol education program, perceptions of college drinking norms, male college students, 31840
attitudes about own & other's drug use & school-based drug education & parental drug knowledge & strategies to prevent drug use, 12 & 13 yr olds & their parents, 24536
British government policy on drug education & primary prevention, 35114
correction of peers' attitudes toward drinking, alcohol use, college students, 9057
curriculum development & implementation of drug & alcohol abuse psychoeducational program for 8–9 yr olds from families with drug & alcohol abuse, 16027
Drug Abuse Resistance Education program vs standard drug-education curriculum, drug use & attitudes & self-esteem, 6th graders, 10 yr followup, 28938
drug education practices, middle school teachers, 19248
effectiveness of educational interventions directed at prevention or reduction of use of illicit substances by young people, 2700
evaluations of educational seminars & workshops with alcohol-abuse & -dependence content, clinicians & reachable public, 9320
general public substance-abuse knowledge & attitudes as effectiveness measures in evaluation of multimedia drug education program, 15445
harm reduction in school-based drug education, Australia, 2865
lifestyle alcohol risk reduction program, attitudes toward & incidence of alcohol consumption & beliefs in myths about alcoholism etiology, fraternity & sorority members, 1 yr follow up, 28636
middle-school based substance abuse prevention program with social pressures resistance skills curriculum, alcohol & tobacco & marijuana & cocaine use at 12th grade followup, 6th–7th graders, 2873
prior information about relaxant & stimulant properties about drug & placebo & nocebo & other physiological & psychological responses to its administration, 18–38 yr olds, 13733
scope of alcohol use disorders in US & development & purpose & implementation of National Alcohol Screening Day as community based public education & screening & treatment referral program, 15621
substance misuse education in medical schools, academic deans & department heads, England & Wales & Scotland & Northern Ireland, 24517
substance use & impact of school-based drugs education, 4–18 yr olds, 8369
tobacco education & intervention skills, medical school curricula, associate deans , 38842
victim impact panel DUI education program, probability of rearrest for drinking & driving, 16–51+ yr old DUI offenders, 6 & 12 mo follow ups, 28767

Drug Education—Books

The educator's guide to substance abuse prevention, 35496

Drug Education—Chapters

Prevention in schools, 15914

Drug Effects [See Drugs]

Drug Induced Hallucinations—Serials

stress sensitivity associated with noradrenergic hyperactivity & dopaminergic change, spontaneous recurrence of methamphetamine-induced paranoid-hallucinatory states, female inmates , 21357

Drug Interactions—Serials

(−) vs (+) isomers of cocaine vs cocaine methiodide with vs without mianserin pretreatment with vs without morphine, antinociception, rhesus monkeys, 13736
2,3-dihydroxy-6-nitro-7-sulfamoyl-benzo[f]quinoxaline, amphetamine induced behavioral sensitization & conditioned locomotor activity, mice, 4214
5-HT1A receptor agonists alone & in combination, learning & performance, rats, 7269
7-OH-DPAT & various dopamine agonists & antagonists, antinociceptive effects of mu opioids morphine & dezocine, male rats, 26753
8-OH-DPAT, lordosis, female ovariectomized rats primed with estradiol benzoate & progesterone, 4174
acute & repeated cocaine dose, cocaine self-administration under FR reinforcement & sensitization & locomotor activity, male mice lacking gene encoding tissue plasminogen activator, 23570
acute lead acetate, ethanol- or d-amphetamine- or tert-butanol-induced locomotor activity & brain catalase activity, male mice, 20275
acute vs chronic antidepressant pretreatment, phencyclidine -induced locomotor hyperactivity, male rats, 13801
acute vs chronic cocaine, responses to ethanol induced hypothermia vs hypnosis, male rats, 7270
allopregnanolone action at GABA-A receptors & antidysphoric & anxiolytic profiles of selective serotonin reuptake inhibitors, 2328
alpha2-adrenoceptor agonist & antagonist, clozapine vs chlorpromazine activity, male rats responding for electrical stimulation of ventral tegmental area, 33455
ampakines & antipsychotic drugs, methamphetamine induced hyperactivity & neuroleptic induced catalepsy, male rats, implications for treating schizophrenia, 20307
anandamide treatment alone vs pre-treatment with naltrexone, memory consolidation, male C57BL/6 vs DBA/2 mice, 33375
angiotensin &/vs its analogs &/vs its receptor antagonists, nociception, male mice, 13738
antidepressant drug–drug & drug–diet interactions, 2340
antiepileptic drug load & monotherapy vs polytherapy, grip strength & accelrod performance, rats, 17091
arachidonic acid cascade inhibitors, acute dependence induced by & opiate withdrawal mediated by selective mu & kappa & delta opioid receptor agonists, male guinea pig ileum & rabbit jejunum, 26746
ascorbic acid, ethanol vs d-amphetamine vs methanol induced locomotor behavior in open field, male mice, 13786
behavioral interactions between DAergic drugs & cannabinoid agonist HU 210, male rats implications for studying psychosis, 33395
buspirone augmentation of fluoxetine or paroxetine or citalopram or clomipramine, outpatients with single or recurrent episode major depression, 8883
caffeine as analgesic adjuvant in combination with acetaminophen & aspirin, headache pain, 18–65 yr olds, 28592
calcium++ influx & mobilization from intracellular pools, expression of morphine tolerance, male mice, 13817
cannabinoid receptor antagonist SR 141716A, behavioral effects induced by anandamide, male rats , 20276
capsaicin with vs without kappa opioid agonists vs antagonists, thermal allodynia, rhesus monkeys, experimental animal model of pain, 20313
carbamazepine, worsening of methylphenidate-treated symptoms, 13 yr old female with ADHD, 12233
caroverine & haloperidol, positive & negative symptom ratings, 31–53 yr olds with schizophrenia, 38266
causality & clinical significance of drug interactions with psychostimulants, 17063
CCK receptor antagonists, GABAergic-induced antinociception in formalin test, male mice, 13803
chronic administration of N-methyl-D-aspartate receptor antagonists memantine & amantadine & (+)MK-801 on behavioral profile, rats, 13746
chronic SSRI use, MDMA subjective effects, 19 & 21 yr old females presenting with trichotillomania, 31697
ciprofloxacin & olanzapine, plasma concentration of olanzapine, 54-yr-old female with major depressive disorder with psychotic features, 21922
clozapine vs haloperidol vs clonidine, naloxone induced withdrawal jumping & locomotor activity, morphine dependent male mice, 13694
cocaethylene administered with cocaine vs alcohol, schedule-controlled responding behavior, rats, 33486
cocaine & 3-beta-phenyltropane cocaine analogs, antagonism of motor & antinociceptive & physiological effects of nicotine, male mice & rats, 23499
combination risperidone & fluoxetine therapy, symptom relapse, 21 yr old male with obsessive compulsive disorder, commentary & commentary reply, 18710
considerations for psychiatrists in combination antiretroviral drug therapy & effects on CNS & development of psychiatric symptoms, patients with HIV infection , 8900
cortical risperidone & auto- & heteroreceptors idazoxan & isamoltane & GR 127,935, frontal cortex 5-HT efflux, male rats, implications for schizophrenia, 33419
cotreatment with fenfluramine & development of tolerance to morphine analgesia, rats, 4093
cumulative use of pindolol & antidepressant drugs & point prevalence of disability pensions for major affective disorders, Ss in computer registry in Finland (mean age 55.9 yrs), 3 yr followup, 28484
cyanamide, brain catalase activity & ethanol- & d-amphetamine-induced locomotion, male mice, 33478
cyproheptadine as treatment for migraine, recurrence of depression during fluoxetine treatment, 17 yr old female with major depression, 12148
cytochrome P450 3A4 inhibitor itraconazole, haloperidol metabolism, 27–56 yr old patients with schizophrenia, 18754
cytochrome P450 enzymes & metabolism & interactions of atypical antipsychotics in schizophrenia treatment, 28481
d-amphetamine sulfate with vs without haloperidol pretreatment, foot shock stress induced immunological response, male rats, 13695
D1 & D2 dopamine receptor antagonists, cocaine-induced self-stimulation & locomotor activity, male rats, 13764
development of cross-tolerance between morphine & nicotine & antinociceptive responses, male albino mice, 17123
development of rapid transient hypotension after administration of low dosages of iv haloperidol, 43 & 56 & 78 yr old female medical inpatients given iv imipenem, 38402
diazepam, morphine tolerance & dependence & spinal mu opioid receptors, male rats, 4279
differences in interactions of 5-HT selective reuptake inhibitors , 4109
differential effects of SSRIs on inhibition of cytochrome P450 enzymes, implications for drug interactions, 733
differential interaction of benzodiazepines &/vs neuroactive steroids &/vs ethanol, motor function, male mice & Sprague Dawley rats, 10674
discriminative stimulus effects of cocaine/heroin speedball effect, male rhesus monkeys, 4230
discriminative-stimulus effects of midazolam & triazolam, rhesus monkeys, 13773
dosages of cocaine &/vs caffeine, conditioned place preference & locomotor activity & additivity, male rats, 626
dose ratios of buprenorphine & naloxone combination, agonist effects, withdrawal, morphine-stabilized opiate-dependent 27–45 yr olds, 12523
dose-related reinforcing effects of hydromorphone, abstinent vs nonabstinent heroin addicted 18–50 yr olds during outpatient buprenorphine maintenance, 38607
drug-drug interaction between bupropion & guanfacine in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, commentary on case study, 12189
drug-drug interaction between bupropion & guanfacine resulting in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, reply to commentary on case study, 12216

drug-drug interaction between bupropion & guanfacine resulting in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, commentary on case study, 12249
effect of RU 486 on progesterone inhibition of maternal responsiveness & brain sites & expression of intracellular progesterone receptors during pregnancy & lactation, rats, 26826
effects of prolonged alcohol consumption & nicotine on locomotor activity & influence of environmental cues, male mice, 23600
effects of withdrawal from chronic amphetamine vs fluoxetine administration on brain stimulation reward & acute vs chronic fluoxetine pretreatment on amphetamine challenge, rats, 33439
efficacy & safety of nefazodone & conventional neuroleptics, 18–51 yr old schizophrenic patients with predominantly negative &/or depressive symptoms, 34986
ethanol diet & cocaine, ethanol consumption & cocaine induced behavior & cocaine & ethanol levels & liver catalase & esterase activity, male rats, 13748
gabapentin, pharmacokinetic profile of lithium, adults with bipolar disorder or major depression, 8893
haloperidol &/vs MK-801, motor behavior & EEG, male rats, implications for phencyclidine model of schizophrenia, 4148
haloperidol, cognitive & behavioral & neuroendocrine & physiologic effects of ketamine, healthy adults, 33434
human CYP2D6 & metabolism of m-chlorophenylpiperazine, implications for prescribing psychiatric drugs, 8941
hypertension during coprescription of mirtazapine & low-dose amitriptyline, 47 yr old male with treatment resistant depression with psychotic features, 2414
icv injections of ethanol with vs without nitrendipine, nicotine-induced emesis & convulsions, cats, 30052
impairment of triazolam & alprazolam clearance by short-term low-dose ritanavir & clinical dilemma of concurrent inhibition & induction, 28431
insulin, anticonvulsant activity & brain concentration of carbamazepine, male mice with seizures induced by maximal electroshock, 13688
interaction between donepezil & paroxetine, 78-yr-old male with memory loss & dysphasia & 67-yr-old female with Alzheimer's disease, 31623
interaction of fluoxetine with & resulting increases in plasma levels of phenytoin & carbamazepine, 42 yr old male with grand mal seizures & behavioral problems & depression, 2 yr study, 37974
ip vs local infusion of chlorobenztropine &/vs cocaine, locomotor activity & stimulus discrimination & extracellular dopamine levels in nucleus accumbens, male rats, 20375
itraconazole, single oral dose pharmacokinetics & pharmacodynamics of alprazolam, adult males (mean age 31.7 yrs), 769
iv cocaine vs nicotine, subjective & physiological effects, 25–43 yr old cigarette-smoking cocaine abusers, 8357
kynurenine hydroxylase inhibitors mNBA or Ro 61-8048, immune-stimulated effect on quinolinic acid in blood & brain, male mice, 33378
lithium-neuroleptic combination therapy, delirium & persistent dyskinesia, 62 yr old female bipolar patient, 5660
low-dose standard neuroleptics in combination with novel antipsychotics, patients with treatment-resistant schizophrenia, 15354
mecamylamine, nicotine tolerance development, male rats, 10618
mechanism-based model for characterizing pharmacodynamic interaction between midazolam & its active metabolite alpha-OH-midazolam, male rats, 20376
metabolic interactions & CNS medications & selective 5-HT reuptake inhibitors, 30038
metabolic properties & inhibition of human cytochrome P450 & methodology for assessing drug interactions of selective serotonin reuptake inhibitors & related antidepressant drugs, 2325
method for evaluating increased cost of pindolol augmentation to accelerate action of paroxetine, depressed patients from placebo-controlled randomized trial, 3387
methylphenidate adjunct to carbamazepine or other antiepileptic drugs, behavior & EEG & antiepileptic drug levels, children with dual diagnosis of epilepsy & ADHD, 25169
morphine vs etorphine vs buprenorphine vs U50488 with vs without clocinnamox, antinociception, adult male squirrel monkeys, 4245
naloxone & beta funaltrexamine, morphine-d-glucuronide induced behavioral excitation in hippocampal &/vs other brain regions, male rats, 26781
naloxone, chlordiazepoxide induced anxiolysis in elevated plus maze task, male Swiss vs C57BL/6 vs BALB/c mice, 17022
naltrexone & morphine pretreatments, discrimination & plasma levels of ethanol, rats, 13768
neuroactive steroids that modulate GABA type A or NMDA receptors, discriminative stimulus &/or rate suppressing effects of ethanol, male rats, 20264
nicotine & ethanol pretreatment vs preexposure, respective ethanol & nicotine induced conditioned taste aversion, male rats, 13771
nicotine &/vs dizocilpine, working & reference memory performance on radial-arm maze, female rats, 700
nitric oxide synthase inhibitor, effects of neurosteroids on aging- & dizocilpine-induced long term memory & learning impairment, mice, 4254
nitric oxide synthase inhibitors, 5-hydroxytryptamine receptor & NMDA receptor mediated head-twitch response, male mice, 23526
NMDA receptor antagonist MK-801 &/vs levodopa, air stepping & gait coordination, developing 5–20 day old rats, 26815
olanzapine & haloperidol interaction, 67-yr-old male with bipolar disorder, 21898
olanzapine, effects of FG 7142 & dizocilpine on training & retention of active avoidance & spatial long term memory plus maze tasks, mice, 26825
opioid receptor agonists, analgesic effects of cocaine & more selective inhibitors of neuronal reuptake of dopamine & norepinephrine & serotonin, male rats, 13831
paroxetine &/vs pindolol, compliance & response at 6 mo & 1 yr & relapse, depressed patients with mean ages of 34.8 & 39.6 yrs, 5675
paroxetine vs amitriptyline augmentation of lithium, illness severity, 20–73 yr olds with major depression, 18660
peripheral administration of cholecystokinin receptor-specific antagonists, effect of morphine on maternal behavior, female postpartum rats, 36592
peripheral steroid sulfate, dehydroepiandrosterone & pregnenolone sulfate & memory retention, 8–10 wk old male mice , 36310
phenytoin, cocaine self administration & cardiovascular measures & self reported craving, 20–45 yr old crack cocaine users, 18079
pindolol vs mianserin augmentation of fluoxetine, onset of antidepressive action, 25–70 yr old patients with major & treatment-resistant depression, 18709
pindolol with fluoxetine, clinical response, patients with depression, 21868
pindolol, response to fluvoxamine, adults (mean age 47.4 yrs) with psychotic depression, 8964
possible inhibition of desipramine metabolism by ibuprofen, 15-yr-old male with comorbid attention deficit disorder & major depression & dysthymia, 2317
possible interaction between warfarin & quetiapine used for treatment, 71 yr old female with vascular dementia , 28486
postoperative delirium, 49 yr old female with history of depression following parathyroidectomy, implications for adverse interaction involving paroxetine & anesthesia, 38313
potentiation of antidepressants with lithium or carbamazepine, depression ratings & endocrinological indices, 20–70 yr olds with treatment-resistant depression, 38302
pretreatment with morphine vs amphetamine, short- vs long-term cross-sensitization & behavioral sensitization of their locomotor effects, rats, 33501
prosaptide in prevention of hyperalgesia & reduction in tumor necrosis factor receptor expression after nerve injection, animals, 4290
psychopharmacological treatment of & approaches to refractory obsessive-compulsive disorder & associated side effects & drug interactions, children & adolescents, 34980
psychopharmacology & interactions of sildenafil, adults with sexual dysfunction, 38425
psychosis due to prednisone–clarithromycin interaction, 50 yr old male treated for emphysema & bronchitis, 5744
quantification of synergism of FR combinations of morphine sulfate & clonidine hydrochloride, antinociception, mice, 20373
rate-decreasing effects of mirfentanil & morphine & naltrexone & ketamine, pigeons before & after chronic mirfentanil treatment, 33400
reduction or elimination of methylphenidate by carbamazepine & liver metabolism, 7-yr-old male with severe mental retardation & attention deficit disorder & grand mal epilepsy, 2278
reinforcement value of heroin/cocaine combination in progressive ratio schedule of drug reinforcement, male rats, 657
repeated nicotine treatment &/vs citalopram, locomotor activity & behavioral inhibition, rats, 13796
reserpine, hypothermia & tail flick & locomotion & hyper- & hypophagia & head shake & anxiety responses to agonists at 5-HT1A vs 1B vs 2A vs 2C receptor subtypes, male rats, 26784
risperidone & opioid concomitant treatment, withdrawal symptoms, 26-yr-old male & 31-yr-old female with opioid dependence, 22271
risperidone as adjunct to valproic acid, 50 yr old male with psychotic disorder with manic episodes, 15355
safety & efficacy of mood stabilizer combinations in treatment of bipolar disorder, literature review, implications for safety of lamotrigine in children & adolescents under 16 yrs, commentary reply, 25166
safety & efficacy of mood stabilizer combinations in treatment of bipolar disorder, literature review, commentary, implications for safety of lamotrigine in children & adolescents under 16 yrs, 25190
sedative like subjective & behavioral effects of ethanol & triazolam, 21–35 yr olds, 20300
self administered cocaine vs cocaine & heroin, breaking points in progressive ratio reinforcement schedule, male rats, implications for polydrug abuse & treatment, 4253
serotonin reuptake inhibitors with vs without inositol, 18–75 yr old patients with major depression, 12203
serotonin syndrome induced by clomipramine & fluoxetine, 34 yr old female with symptoms of obsessive–compulsive disorder & PTSD, 5609
sertraline added to haloperidol treatment, positive & negative symptoms & pharmacokinetic interactions, inpatients with schizophrenia, 2356
single vs multiple administration of zolpidem, memory & hypnotic effects of ethanol, chronically ethanol-treated rats, 30033
symptomatic methadone toxicity associated with addition of fluvoxamine treatment, 28 yr old female with severe asthma, 15400
tacrine &/or milameline, behavioral efficacy & continuous performance during scopolamine-induced impairments, rhesus monkeys, implications for treatment of Alzheimer's disease, 26743
therapeutic index & adverse & antiamphetamine effects of quetiapine & NNC 756 & NNC 22-0031 & DOD 647 & haloperidol & melperone vs clozapine, monkeys, 26831
toxicity & psychopathology & neurotoxicity & potential interactions & abuse of oral consumption of 3,4-methylenedioxy analogues of amphetamine, humans, 21311
triodothyronine with vs without clomipramine, frontal cortex serotonin levels & serotonin autoreceptor activity, rats, 7202
tyrosine depletion, effects of d-amphetamine on subjective affective & alertness & hunger ratings, healthy 23–46 yr olds, 23549
urinary retention & severe constipation following sertraline augmentation, 29-yr-old female with erotomanic delusional & panic & obsessive–compulsive disorders on haloperidol & clonazepam, 8868
valproic acid with coadministration of guanfacine, plasma valproate concentration, 8 yr old male & 9 yr old female with comorbid ADHD & disruptive behavior disorder not otherwise specified, 8862
venlafaxine & dose & 5-HT1A antagonist WAY100635 augmentation, extracellular concentrations of 5-HT & noradrenaline in frontal cortex, male rats, 33384
venlafaxine combined with fluoxetine, anticholinergic side effects, 21–73 yr olds with major depression, 12146
ventromedial nucleus of hypothalamus infused estrogen, 8-OH-DPAT inhibition of lordosis, female rats, 23592

Drug Interactions—Books

Handbook of psychopharmacotherapy, 38336
The Hatherleigh guide to psychopharmacology, 25239

Drug Interactions—Chapters

Controlled laboratory studies on the effects of cocaine in combination with other commonly abused drugs in humans, 5117
Current status of monoamine oxidase inhibitors in psychiatric practice, 25243
Evaluation of potential pharmacotherapies: Response to cocaine challenge in the human laboratory, 4308
Interactions of marihuana and THC with other drugs: What we don't, but should, know, 17133
Pharmacokinetics of protease inhibitors and drug interactions with psychoactive drugs, 31140
The pharmacology and drug interactions of the newer antidepressants, 25242
Physiological and pharmacological interactions of marihuana (THC) with drugs and anesthetics, 18510
Psychoactive drug–drug interactions in children, adolescents, and adults, 25241

Drug Laws—Books

The drug legalization debate (2nd ed.), 39092

Drug Laws—Chapters

The development of drug treatment in the shadow of the narcotic law: The case of Austria, 5948
FDA regulation of prescription of controlled substances, 19520
Federal regulations for the prescription of controlled substances: Drug enforcement administration (DEA), 19519
Harm reduction and public policy, 2716
Illicit drugs in Germany and the emergence of the modern drug treatment system, 5974
Legal changes, political pressure, and drug treatment in Italy: From a hard-line approach to decriminalization, 5971

Societal control and the model of legal drug treatment: A Japanese success story?, 5958
The Swedish addiction epidemic in global perspective, 18091
Drug Legalization—Books
The drug legalization debate (2nd ed.), 39092
Drug Legalization—Chapters
Cocaine legalization: Designing the experiments, 6487
Drug Overdoses—Serials
accidental donepezil overdose, 74 yr old female with cognitive decline, 12180
acute extrapyramidal symptoms, olanzapine overdose, 9-yr-old male who attempted suicide, 1682
acute overdose of prescribed olanzapine, 29 yr old female with schizophrenia, 28423
changes in frequency & composition of suicide rate after introduction of new guidelines for coding drug-related deaths, Scotland, 1990–1996, 30847
demographic characteristics & symptomatology & type of psychotropic medication used for overdose, 15–75+ yr old patients hospitalized for parasuicide, 28442
detection of novel metabolite ethylphenidate in blood & liver samples, human female suicide victims who overdosed on methylphenidate & coingested alcohol, 27800
extent & nature of self-reported non-fatal overdose & injecting behavior, 14–54 yr old injecting drug users, 30904
extent of parasuicide & patient psychiatric & psychosocial profiles & drug overdose, 11–16 yr olds hospitalized after attempted suicide, Northern Ireland, 24400
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary reply, 19081
extent of witnessing overdose & acceptability & impact of naloxone distribution & training, injection drug users & opiate addicts in methadone maintenance treatment, commentary, 19066
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary, 19057
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance treatment, 19082
identification of costs associated with overdose of newer vs older antidepressants, 27853
medical & psychosocial features & type of treatment received, acute opiate overdose patients, 12 mo study, 1764
medical costs of antidepressant drug overdose & risk of suicide & toxicity of antidepressants, patients with major depression, 5663
olanzapine overdose in suicide attempt, 38 yr old female with schizophrenia, 31632
plasma concentration & outcome after acute clozapine overdose taken in suicide attempt, 19 yr old schizophrenic female treated with clozapine, 5608
prescribed methadone & near-fatal toxicity, 27 yr old opioid-naive male with renal colic, case report, letter, Australia, commentary, 2479
prevalence & predictors of & co-variation between non-fatal overdoses & suicide attempts, 15–31+ yr old drug addicts admitted to treatment, 18074
prevalence of childhood sexual abuse, 18–50 yr old female overdose patients, 8295
problem-solving & depression & anger & impulsivity & self-esteem, 12–18 yr olds who had taken overdoses, 6-wk followup, 34282
psychosis following overdose of fluoxetine & enalapril, 44 yr old female with major depression, 2343
QT interval prolongation following trazodone overdose, 29 yr old female, 24437
safety of mirtazapine in overdose, 44 & 51 yr old depressed & suicidal females, 2333
signs & symptoms & mortality in selective serotonin reuptake inhibitor antidepressant overdose, 2277
trends in suicide rates & drug overdose & other methods, 15–54 yr old registered addicts, UK, 1968–92, 34369
unintentional clonidine patch overdose, 6 & 15 yr old males with ADHD, 12150
Drug Overdoses—Chapters
D_3 dopamine and kappa opioid receptor alterations in human brain of cocaine-overdose victims, 27901
Drug Potentiation [See Drug Interactions]
Drug Rehabilitation [See Also Alcohol Rehabilitation, Detoxification]—Serials
alternate-day buprenorphine dose, precipitated withdrawal, female 34 yr old opiate addict , 12516
American Society of Addiction Medicine programs as national response to challenges of managed care, 22254
antisocial personality diagnosis & length of inpatient treatment in therapeutic community, treatment outcomes & post-discharge arrest & drug use, substance abusers, 38616
applicability & utility of computerized Drug Evaluation Network System for intake interviews & tracking data & trends, substance abuse treatment programs, adults, US, 38598
attitudes & expectations of & barriers to seeking treatment services, 17–44 yr old amphetamine users, England, 25547
attitudes toward & availability & provision of services for drug misusers, community pharmacists, 38719
attitudes toward buprenorphine maintenance drug abuse treatment, general practitioners, 2788
attitudes toward quitting smoking, alcohol-abusing clients in outpatient alcohol treatment program, 25519
attrition for intensive outpatient abuse treatment program, 20–76 yr old clients, 22260
behavior change as basis of model culturally congruent intervention for drug use involving dyadic counseling & motivational interviewing, African American drug users, 27859
biopsychosocial characteristics & treatment outcomes of pregnant cocaine-dependent women in residential vs outpatient substance abuse treatment, 38600
biopsychosocial model of drug dependency treatment, 17 yr old male & 24 yr old female patients with drug dependency, 19070
Butorphanol nasal spray, detoxification, 23–66 yr olds with opioid dependency, 38246
change in alcohol effect & self efficacy expectancies, 19–70 yr old inpatient drug & alcohol treatment patients, 4 wk study, 9231
changes & evolution in treatment modalities, drug-free therapeutic communities, Europe, 9230
characteristics of females in chemical dependency programs, 19087
characteristics of women-only vs mixed-gender residential or outpatient Los Angeles county drug abuse treatment programs, 38608
chemical-dependency treatment program, recidivism, jail inmates, 2 yr followup, 9283
client characteristics & engagement & treatment experiences, drug treatment clients (aged 18–55 yrs), 38602
clinical case management, access to & utilization of community social services as adjunct to & outcomes of outpatient substance abuse treatment, adults with substance abuse disorder, 6 mo study, 25530
clonidine use & illicit abuse, 24–59 yr old methadone program patients & applicants, 9229
cocaine & alcohol use & stress & coping & social support characteristics, completers vs dropouts from residential treatment program for cocaine abuse, 15628
commitment to working in addictions field, addiction counselors, 2789
common beliefs on essential elements of therapeutic community agencies for drug abuse treatment via Survey of Essential Elements Questionnaire, directors, 25531
community reinforcement training vs 12-step self-help group, treatment entry of drug users, 28–70 yr old family members & significant others of drug users, 10 wk followup, 35321
comparability of male violent substance abusers, dual problem males in substance abuse vs violence treatment milieus, 37957
coping & social skills training for alcohol & cocaine dependence, 28780
coping style & addiction related problems & severity & psychopathology & motivation, outcome of inpatient substance abuse treatment, 17–47 yr olds, 25521
cost & utilization patterns of substance abuse vs mental health treatment under private employer-sponsored managed behavioral health care plans, 9134
cost-effectiveness of substance abuse & drug-abuse treatment interventions & implications for policy making, 28781
counselor & client education in nicotine addiction, clients' treatment readiness for smoking cessation program, clients & counselors from short term residential alcohol treatment facility, 22105
counselor & supervisor characteristics & institutional compliance with professional standards & qualification requirements, drug rehabilitation centers, 38749
day treatment vs enhanced standard methadone care, efficacy & cost, opioid dependent patients, 6 mo followup , 9225
day vs residential therapeutic community drug abuse treatment program, outcomes related to addiction severity & depression & psychiatric symptoms & social support, clients, 18 mo followup , 28768
definition & consequences of inhalant abuse & strategies for prevention & intervention among children & adolescents, implications for mental health professionals, 1757
demographic & self reported variables related to entering communal living self help drug/alcohol recovery program, females with vs without children vs males, 22259
demographic characteristics & drug histories, cocaine users (aged 10–49 yrs) in drug treatment, 34351
demographic characteristics & pattern of illegal drug use, 16–47 yr olds in drug cessation programs, China, 19094
description & outcome evaluation of Intensive Multiphased Program of Assessment & Comprehensive Treatment for jail-based drug users, 19084
development & evaluation of substance use prevention & treatment program, low income mothers & pregnant women & children, 5 yr study, 19092
development of combined primary care & residential addiction treatment unit, 13–64 yr old substance abuse patients, 2 yr study, 22268
development of computerized automated decision making algorithm for implementing substance abuse treatment Patient Placement Criteria, substance or alcohol dependent 18–72 yr olds, 25545
development of Consumer Assessment of Behavioral Health Services instrument, quality of mental health & substance abuse services & insurance plans, 25–44 yr olds, 25391
development of reliable & valid brief measure of coping self-efficacy, 20–67 yr old substance users, 25542
dissociation, Black vs White males in treatment for substance abuse, 8046
drug addiction severity in patient-treatment matching, 19–59 yr old patients in high-structure behaviorally oriented or low-structure facilitative individual counseling, 9254
drug rehabilitation, substance abusing pregnant females, 19067
drug-related cues, cravings & mood & physical symptoms, 20–42 yr old posttreatment abstinent opiate users, 15618
early treatment compliance & recovery from substance abuse & alcohol, 22–32 yr olds who joined AA as adolescents, 19085
effect of Community Reinforcement Approach on AIDS risk behaviors & comorbid psychiatric disorders, 20–63 yr olds with opioid dependency, 18 mo study, 9222
effectiveness & cost & new models of substance user treatment & reasons why treatment does or does not work & role of health care staff in influencing quality & outcome of treatment, 9245
effectiveness of corrections-based treatment for drug-abusing criminal offenders, 38612
effectiveness of low-threshold methadone maintenance programs, reduction of overdose mortality, injecting drug users (mean age 32.8 yrs), 28786
effectiveness of student assistance group counseling program, 14–18 yr old substance abusing high school students, 35578
effects of carve-out models of cost control on quality of care in mental health & substance abuse managed care services, 24906
effects of childhood physical &/or sexual abuse on treatment outcomes & retention & psychological adjustment, substance abusing mothers of young children in drug rehabilitation, 21246
efficacy of government implemented drug detoxification & rehabilitation plan, drug abusers, Peoples Republic of China, 32054
efficacy of matching drug treatment services to client needs, 18–59 yr old drug abusers in community-based programs, 6 mo followup, 25528
efficacy of monetary reinforcers in drug rehabilitation, cocaine dependent patients (aged 20–55 yrs), 38619
efficacy of pharmacological treatments for alcohol dependence, 19061
employment status, male vs female substance abuse treatment clients, 2 yr study, 32053
environmental factors, drug relapse & risk of reincarceration, male inmates receiving aftercare services & assessed 3 mo after release, implications for drug treatment program effectiveness, 22250
estimates on current & future need for drug abuse treatment, marihuana users, 25523
evaluation of addiction treatment program, 55–85 yr old clients, 38624
evaluation of prison-based therapeutic community via rearrest rates, inmates with history of drug abuse (mean age 31.2 yrs), 25569
evaluation of substance abuse treatment training approach, physicians, 22264
existence of outcome related neurophysiological subtypes, 17.7–48.5 yr old males with cocaine dependence in residential therapeutic community, 19077
factor structure of Locus of Control Scale, substance-abusing clients (mean age 33.2 yrs) in treatment program, 19064
factors related to clinical management of drug craving, 2689

Family Assessment Device scores & premature discharge from opiate withdrawal program, 17–34 yr old opiate misusers, 15631
fidelity of programs to assertive community treatment model & client outcomes, clients in mental illness & substance abuse treatment programs, 25448
frequency of relapse & efficacy of treatment, drug users, 2681
group motivational treatment for addiction, clients in treatment, 38605
group treatment for substance abuse including support & psychoeducation & social skills training components, adults with schizophrenia & substance abuse problems, follow-up study, 2679
history of childhood abuse & mental health problems & medical problems, 18–35 yr old & older Latinas, implications for substance abuse treatment, 30561
identification of specific treatment needs & characterization & opiate use, 35–65 yr old male nonresponsive vs responsive patients in methadone maintenance treatment, 9227
importance of knowledge of twelve step & mutual help programs in treatment of addictive disorders, psychiatrists, 28761
incidence of anxiety disorders at admission & just before discharge from inpatient treatment, alcohol dependent patients, 37577
individual & geographical differences in HIV risk & risk reduction after rehabilitation, patients in outpatient methadone vs drug-free drug treatment modalities, 11 US cities, 35354
individual cognitive-behavioral substance dependence PTSD therapy, dual diagnosis patients, 38621
innovative intervention programs for adolescent substance abuse, 12533
inpatient vs outpatient substance abuse treatment, treatment outcomes, substance abusers, 38609
integrated treatment for mental health & substance abuse disorders, 8717
integration of coping skills training & motivational interviewing strategies, substance abuse & dependence treatment & relapse prevention, 38594
intensive outpatient methadone & psychosocial treatment program, retention & abstinence & health/social outcomes, heroin addicts hospitalized for other illnesses, 38593
limitations of current research methods & treatment strategies & empirically based model of substance abuse treatment, females with substance abuse problems, 22948
managed care & technical efficiency in outpatient substance abuse treatment units, 2550
meeting presentations & recommendations on drug abuse treatment entry & engagement & readiness, drug abusers, 22252
methadone maintenance & dose vs naltrexone vs drug-free program, retention in treatment, heroin users , 2684
method for sampling recidivism rates based on attention to access to care, clients in substance abuse treatment programs, 2697
methodological framework for cost-benefit & cost-effectiveness analysis of drug abuse treatment services & economic model of addict choice & drug markets, 2682
methods for handling attrition rate & missing data & application in assessment of effectiveness of substance use treatment program for teens, 29453
mortality rate & cost-effectiveness of methadone maintenance as method of substance abuse treatment, 25 yr old injecting heroin addicts, 32026
mortality risks in alcoholism & effects of abstinence & addiction treatment, 27870
motivation & other factors associated with sustained abstinence from street drugs during treatment, 17–44 yr old amphetamine users, 9 mo study, 28773
naltrexone, patients with alcohol & cocaine dependency, 15632
nature of drug addiction & treatment principles & role of primary care physicians in screening & referral of drug abusers , 38613
need for continuing postgraduate education & training in addiction disorders, medical students in & out of psychiatry, 28837
neurocognitive functioning & addiction relapse coping strategies, prediction of alcohol & drug involvement, 14–18 yr old substance abuse treatment inpatients, 1 & 2 yr follow ups, 28783
node link mapping in therapeutic community drug treatment, self efficacy & life skills motivation, probationers, 32064
opportunity for HIV/AIDS prevention in criminal justice & drug treatment settings, drug users (mean age 36 yrs) in rural Kentucky, 18858
optional smoking program development & implementation, attitudes & utilization, clients & staff at abstinence-based addiction treatment center, 38596
oral methadone formulations, opiate withdrawal symptoms, 30–55 yr old patients, 38606
organizational correlates of access to primary care & mental health services, drug abuse treatment units, 15619
organizational features & degree of onsite primary care & mental health services, drug abuse treatment units, 15620
origins & key elements of Minnesota Model of addiction treatment, 22251
outcome evaluation package and outcome report of integrated day-hospital program, patients (mean age 38.8 yrs) with substance use disorder & comorbidity, 3- & 6- & 12-mo followups, 22258
outcome of comparative treatment effectiveness on program modality & drug history in drug use reduction, patients with drug dependency, 1-yr followup, 9237
patient outcomes in 2 substance abuse treatment agencies, drug rehabilitation clients, 32040
perceptions of denial in drug recovery process, 18–31 yr old & older pregnant & parenting chemically dependent females in treatment, 19058
perceptions of role & skills & attitudes of generalist nurses toward specialist drug & alcohol nurses, specialist drug & alcohol nurses, Australia, 12611
perceptions of treatment for drug & alcohol dependence, 22–51 yr old inpatients, 25513
persistence of substance use-related hospital utilization, 15–82 yr old psychiatric consultation-liaison patients, 28729
personality variables, prediction of abstinence & attendance at self-help group meetings, 20–50 yr old alcohol/substance use disorder patients, 28772
pharmacological treatments which serve to augment psychosocial therapies in the rehabilitative treatment of patients with opioid & nicotine & alcohol & cocaine dependence, 28774
physician education & training in working with patients with addictive disorders, 28845
policies & services & staff & patient characteristics as determinants of treatment climate & outcome, patients & staff of residential psychiatric & substance abuse programs, 8742
potency of & reversal effects of naloxone on levo-alpha-Acetylmethadol vs methadone, 27–43 yr old opioid dependent males, 22257
predicting dropouts from outpatient treatment, adults with cocaine dependency, 15630
pregnancy status & other client characteristics & likelihood of completing drug treatment programs, women in women-only vs mixed gender programs, 22261
presentation to medical services & rehabilitation management, 60–95 yr old patients diagnosed with alcohol dependence or abuse, 31892
pressure from legal authorities, treatment retention, clients in long term residential drug treatment facilities, 9749
prevalence of psychiatric comorbidity, methadone maintained patients, 9244
process perspective on initiation & cessation of chemical dependency & current state of & role of psychology in prevention research & practice, 22012
processes & outcomes of group psychotherapy for abusers of substances, commentary, 15624
program legitmacy vs cost, closure & change of Veterans Affairs substance abuse treatment programs , 38604
program quality factors, conference presentation & treatment effectiveness evaluation patient outcomes & treatment response, substance use patients attending methadone maintenance programs, 27862
propranolol vs nefazodone vs combination of phentermine & fenfluramine vs multivitamin treatment using open trials, 18–65 yr old cocaine dependent patients, 22263
psychoanalytic psychodynamic framework & Alcoholics Anonymous philosophy in treating drug addictions with self disclosure, therapists, 9243
psychometric properties of Dutch version of Helping Alliance Questionnaire, assessment of therapist–patient relationship, drug dependent patients, 32633
psychometric properties of Revised NEO Personality Inventory, determination of clinical characteristics & potential responses to treatments, 23–52 yr old clients in outpatient drug rehabilitation program, 32049
psychosocial & sociocultural predictors of inpatient treatment outcome, adolescents with substance abuse problems, 8-mo study, 5926
psychosocial factors of cigarette smoking & recommendations for tobacco smoking cessation intervention in drug abuse treatment, adolescent substance abusers, 25533
recovering vs nonrecovering status of counselor vs supervisor & perceived satisfaction with supervisory relationship, 22–68 yr old substance abuse counselors & their supervisors, 32133
reliability & concurrent validity of Psychosocial History interview, assessment of status & needs, women clients in substance abuse treatment, 35928
reorganization of Veterans Affairs substance abuse program, cost-effectiveness & quality of care, patients & referring services, 22685
residential aftercare following prison-based substance abuse treatment, recidivism, male inmates, 32068
residential treatment course & risk factors for treatment completion, 15–44 yr old pregnant females with substance use with vs without comorbid mental disorders, 19053
risk factors for homelessness, 20–52 yr old recent participants in residential treatment program for low-income substance abusers, 18061
risperidone & opioid concomitant treatment, withdrawal symptoms, 26-yr-old male & 31-yr-old female with opioid dependence, 22271
risperidone, 25 yr old male with inhalant-induced psychosis & dependence, 38617
role of former addicts & their skills in addiction prevention & treatment programs, 35322
role of physician in prevention & treatment of addiction disorders, 28778
self-report & sleep index measures of tobacco withdrawal following nicotine replacement therapy, adult males vs females, 19091
self-reported cognitive deficits & objectively measured cognitive performance, patients entering substance abuse treatment, 25527
service components, retention in substance abuse treatment programs, homeless clients with alcohol/drug problems, 38618
service delivery & reaction to systemic pressures of publicly funded drug-user treatment programs & related health & human services in urban & rural communities, 19079
service utilization for drug use, former drug users aged 15 yrs or older, 22256
sexual abuse & perceptions of parental bonding & current social supports, treatment outcomes, 18–39 yr old perinatal females in residential substance abuse treatment, 15614
similarities & differences in presentations for treatment assessment, female vs male physicians with substance use disorder, 8365
smoking cessation & nicotine dependence as coping behavior, drug abuse treatment outcomes, substance abusers, implication for treatment of drug addiction, 5932
social anxiety & low-intensity enhanced methadone maintenance intervention vs high-intensity day treatment program, methadone maintained opioid dependent patients (mean age = 36.7 yrs), 9224
social area characteristics as predictors of need for substance abuse & prevention & treatment, application of census & archival data, 14756
sociodemographic profiles & psychiatric dual diagnosis & psychological symptoms, homeless mentally ill with chemical abuse in therapeutic community treatment, 9250
sociodemographics & patterns of drug use & drop out rate from drug treatment therapeutic communities, adult heroin users, Greece, 25537
solution-oriented parenting group for parents of adolescents with substance abuse & behavior difficulties , 25540
staff perceptions on integrating methadone maintenance clients into residential drug treatment, residential staff, 38626
stage of change model approach to alcohol & drug addiction in medical settings, 5937
standard group counseling vs individualized relapse prevention, substance use & personal health & social functioning, cocaine dependent male veterans in outpatient continuing care, 2 yr study , 28777
stimulant drug treatment as an HIV prevention tool, cocaine & methamphetamine abusers, 9251
strengths & weaknesses of prospective vs retrospective vs near real time methodologies, study of antecedents or consequences of post substance abuse treatment relapse, 28776
sublingual buprenorphine tablets vs methadone maintenance therapy, 18–39 yr olds in treatment for opiate addiction, 38603
substance abuse recovery process from treatment-career perspective, profiles of clients (mean age 33.2 yrs) entering treatment for 1st time vs returning to treatment, 28762
substance abuse treatment, male substance abuse patients with or without posttraumatic stress disorder, 9249
supplemental social services, public addiction treatment outcome, outpatient addiction treatment patients, 2693
technology transfer of Network Therapy vs treatment as usual, patients with cocaine abuse, 15625
test–retest interval & reliability of Addiction Severity Index, post-rehabilitation adaptive behavior, cocaine &/or alcohol dependent veterans in VA rehabilitation unit (mean age 42 yrs), 9875
therapeutic & cultural factors in effective substance abuse treatment, Asian American adolescents, 15643

therapeutic alliance & psychiatric severity as predictor of completion of treatment, opioid dependent outpatients, 12526
transtheoretical model for treatment of substance abuse, schizophrenic patients, 9228
treatment & after care needs, incarcerated females with drug abuse, 9284
treatment & maternal & infant outcomes, pregnant 16–19 yr olds vs adult females in intensive outpatient vs short term residential chemical dependency treatment program, 15616
treatment career & current length of stay & drug use outcomes, drug abuse treatment study clients, 5930
treatment for drug abuse, risky sexual behavior, adult drug abusers in inpatient or outpatient drug treatment, 5933
treatment history & cost, adults with comorbid substance-related disorder & dysthymia vs substance-related disorder alone, 2699
treatment history & outcomes, male vs female drug rehabilitation clients, 32033
treatment modality, psychosocial functioning, cocaine-dependent male veterans, 2 yr followup, 12518
treatment of drug addiction & HIV risk behaviors, 16–42 yr old drug addicts, Peoples Republic of China, 8550
treatment outcome evaluation of management in modified therapeutic community, 18–55 yr old mentally ill chemical abusing clients in residential program, 9232
treatment outcomes in evaluation of community based mental health treatment program, 18-74 yr olds with comorbid serious mental illness & substance use in urban area, 1 yr study, 18978
treatment process beliefs, staff of specialized addition treatment services, commentary, 38713
use of family links & social networks to overcome resistance to treatment, chemically dependent individuals, 19062
use of node-link mapping in enhancement of participation & progress for 4-mo residential drug abuse treatment, 17–70 yr old male probationers & female counselors in correctional facility setting, 9287
use of play & art therapy, adults in substance abuse treatment with history of incest victimization, 25524
use of wounded healer archetype in clinical practice, addiction treatment nurses, 5925
utility of primary socialization theory with bio/psycho/social/spiritual practice models in drug abuse treatment & prevention interventions, 28775
validity & reliability of Cocaine Risk Response Test, prediction of relapse & change in coping ability in relation to intervention type, Ss with cocaine dependency (mean age 29.4 yrs), 9877
validity of Santa Clara Strength of Religious Faith questionnaire, strength of religious faith, college students & recovering substance abusers, 35865
views on facilitation of perinatal substance abuse treatment & successful program components, pregnant women & program administrator & treatment provider focus group participants, 38610

Women, 34390

Drug Sensitivity—Serials

2,3-dihydroxy-6-nitro-7-sulfamoyl-benzo[f]quinoxaline, amphetamine induced behavioral sensitization & conditioned locomotor activity, mice, 4214
acamprosate, morphine-induced sensitization & heroin self administration & relapse induced by heroin or stress, rats , 751
acute & chronic tolerance to nitrous-oxide-induced hypothermia, male rats, 10643
acute & repeated cocaine administration, locomotor activity & behavioral sensitization, male vs female Hyperactive vs Spontaneous Hypertensive rats, animal model of ADHD, 36378
acute & repeated cocaine dose, cocaine self-administration under FR reinforcement & sensitization & locomotor activity, male mice lacking gene encoding tissue plasminogen activator, 23570
acute psychological stress, craving and stress reactivity & changes in sadness & anger & heart rate & salivary cortisol & anxiety & joy & fear & physiological responses, cocaine abusers , 18078

agonists vs antagonists of adenylate cyclase vs protein kinase A in ventral tegmental area, amphetamine induced long term sensitization and locomotor behavior, male rats, 20374
allele dose analysis in recombinant inbred mice strains & ethanol sensitivity & other behavioral phenotypes, 20062
amphetamine alone vs with MK-801 vs with CGS 19755, behavioral sensitization to amphetamine, male rats, 10606
amphetamine pretreatment & withdrawal & endogeneous cholecystokinin-A receptor activation with devazepide, potentiation of amphetamine-induced locomotion, male rats, 10560
anti-addictive agent ibogaine, cocaine-induced locomotor sensitization, female rats, 33490
behavioral response to repeated d-amphetamine administration & relation to personality characteristics, 18–45 yr olds, 7254
behavioral sensitization to apomorphine, adult rats exposed to cocaine during preweaning period, 33372
brief social defeat stress, c-fos expression in periaqueductal gray & behavioral sensitization to cocaine, male mice, 10624
calcium channel antagonists & calcium dependent protein kinases, expression of behavioral sensitization to cocaine, rats, 4244
chemical exposure over time, sensitization of EEG responses, Ss with chemical intolerance with vs without previous lifestyle changes associated with sensitivity, 20259
chronic cocaine exposure in late preweanling period, longevity of behavioral sensitization as seen in matrix crossings & stereotypy, rat pups, 4272
chronic oral nicotine exposure, sensitivity to nicotine & brain nicotinic cholinergic receptors, female C57B1/6 mice, 10667
chronic tolerance & sensitization to alcohol, at-risk sons of alcoholic fathers, 27873
circadian genes mutation, cocaine sensitization, Drosophila, 33361
cocaine priming threshold as measure of reinstatement of cocaine self-administration, male rats, 30040
cocaine sensitization, responding for conditioned reward produced by intra-accumbens amphetamine, male rats, 13822
cocaine vs cocaine analog WIN 35,065-2 vs dopamine reuptake inhibitor GBR 12909 in ventral tegmental area, behavioral sensitization, rats, 7258
cocaine vs morphine pre-exposure & conditioned place preference induced by dose range of cocaine & sensitization to the rewarding effects of the specific dopamine uptake inhibitor GBR12783, rats , 4240
cocaine, sensitized responding & conditioned locomotion, male vs female rats with neuronal nitric oxide synthase deficiency, 7213
concurrent progressive-ratio schedules of different phencyclidine concentrations, relative vs absolute reinforcing effectiveness & drug sensitivity, male rhesus monkeys, 30049
conditionability of cocaine-induced oscillation, male rats, 33435
contingent infusions of heroin vs RU 51599, sensitization of motor activity, rats, 707
D1 vs D2 receptor specific dopamine antagonists, behavioral sensitization to 7-OH-DPAT, male rats, 7225
delta-FosB expression, responsiveness to effects of cocaine, transgenic mice, 36571
different dosages of NMDA glutamatergic antagonist ketamine, sedation/arousal & locomotor activity & parkinsonian extrapyramidal symptoms of bradykinesia & dystonia & reactivity, monkeys, animal model, 36623
dizocilpine, ethanol sensitization, DBA/2J mice, 26741
dorsomedial hypothalamus mediation of response to chlordiazepoxide on trial 2 of elevated plus maze, male rats, 26770
effect of chronic diazepam treatment on isoflurane sensitivity & effect of repeated isoflurane exposure on diazepam sensitivity, mice, 13732
efficacy & tolerability of & differential sensitivity to extrapyramidal symptoms in treatment with typical & atypical antipsychotics, adolescents with schizophrenia, 5647
environmental context, sensitization of amphetamine-induced stereotyped behavior, male mice, 26737
environmental context, sensitization of stereotyped behavior, male mice treated with apomorphine, 36525
fluoxetine, expression & development of sensitization to morphine-induced oral stereotypy, male rats, 6 wk study, 36633
GABAAalpha6 Pro385Ser & sensitivity to diazepam, offspring (aged 18–25) of parents with alcoholism, 34362
genetic background & sensitivity & tolerance to sedative-hypnotic & hypothermic effects of ethanol, gamma-protein kinase C, null mutant mice, 13701
ginseng total saponin, nicotine-induced hyperactivity & reverse tolerance & dopamine receptor supersensitivity, mice, 33425
gonadal hormones, development & expression of stimulant effects of morphine on locomotor activity, intact vs castrated male vs intact vs ovariectomized female rats, 23276
induction of cocaine tolerance, sensitization of cocaine induced behaviors, male rats, implications for animal model of addiction to psychomotor stimulants, 4130
inhibitory role of dopamine & GABA in frontal cortex & behavioral sensitization to amphetamine & cocaine, male mice, 687
injection environment conditioning & tolerance, asymmetric cross sensitization between phencyclidine & MK-801, female rats, 33513
interindividual variability in paroxetine steady-state plasma concentration, White adults with heterozygous vs homozygous debrisoquine/spartenine hydroxylase genotype, 5-15 day study, 36600
intermittent amphetamine, lick speed acceleration hypersensitivity, male rats, implications for involvement of internal clock, 13692
involvement of dopamine & glutamate neurotransmission & neural substrates mediating context-dependent sensitization to psychostimulants, 26823
locomotor stimulation & morphine & cocaine-induced behavioral sensitization, alcohol-preferring vs -avoiding vs Wistar rats, 17047
MK-801 microinjected latorostroventromedial medulla, hypersensitivity to noxious & innocuous mechanical stimulation, male rats with segmental ligation of spinal nerves, 36470
morphine sensitivity & tolerance & withdrawal, spontaneously hypertensive vs Wistar-Kyoto & Sprague-Dawley male rats, 441
neuroleptic sensitivity & substantia nigra neuron densities & striatal dopamine & HVA & autoradiographic binding, patients with dementia with Lewy bodies vs Parkinson's disease, 2379
NMDA receptor antagonist CPP, development & expression of conditioned hyperactivity & sensitization induced by cocaine, male rats, 23503
novel environmental stimuli, susceptibility to amphetamine-induced locomotor sensitization, male rats, 20289
ontogeny of sensitivity to muscarinic agonists vs antagonists & number of muscarinic receptors, Flinders Sensitive vs Resistant Line rats at Postpartum Days 13–120, animal model of depression, 13714
orosensory stimulation & body weight gain & diet-induced naloxone sensitivity, male rats, 13815
orphanin FQ administered to intraventral tegmental area, cocaine induced hyperlocomotion & sensitization, male rats, 26824
pretreatment with morphine vs amphetamine, short- vs long-term cross-sensitization & behavioral sensitization of their locomotor effects, rats, 33501
psychogenic chemical sensitivity with pseudoseizures, 44 yr old woman, clinical case report, 34567
repeated d-amphetamine, mood & behavioral sensitization, 21–31 yr olds, 20383
role of 5-HT3 receptors in ethanol preference & sensitivity & intake, 5-HT3 overexpressing transgenic mice, 26765
role of neurotrophins & Ras/mitogen-activated protein kinase signal transduction cascade, behavioral sensitization to cocaine, male rats, 36449
role of prelimbic medial prefrontal cortex in development of cocaine-induced behavioral sensitization, lesioned rats, 4281
sensitivity to & diagnosis of akathisia during interferon-alpha therapy, 48 yr old female with hepatitis, 22055
sensitivity to nicotine, female never-smokers vs light-smokers, 37041
sensitization of locomotor activity & stereotyped sniffing following repeated methylphenidate treatment, rats, 26814
sensitization of operant behavior to cocaine with increasing & repetitive dosage regimens, rats, 13777
sex & ovariectomy with vs without estradiol &/vs progesterone supplementation, cocaine induced behavioral sensitization, inbred Fischer 344 & Lewis vs outbred Sprague-Dawley rats, 20371
single pretreatment with NMDA antogonist MK-801 vs cocaine, locomotor response, rats, implications for physiology of addiction & neurodevelopmental hypothesis of psychoses, 30041
subconvulsive dose of kainic acid, spontaneous behavior, male rats, 20340
THIP vs baclofen, sensitization to locomotor stimulant effects of ethanol, male DBA/2 J mice, 10547
tolerability & extrapyramidal symptoms & akathisia related to olanzapine vs risperidone, 33 yr old male with AIDS & major depression with psychotic features, 2366
treatment with NBQX an AMPA receptor antagonist, behavioral sensitization induced by methamphetamine or cocaine doses, male rats, 618
trial duration & cocaine dose & genetic differences in sensitivity to & rewarding effect of cocaine, cocaine-induced conditioned place preference, C57BL/6J vs DBA/2J male mice, 36543
use of neural network analysis for sensitized responses to amphetamine vs apomorphine, male rats, 10605

Drug Sensitivity—Chapters

Tolerance and sensitization to cocaine: An integrated view, 4315

Drug Synergism [See Drug Interactions]
Drug Testing [See Drug Usage Screening]
Drug Therapy [See Also Hormone Therapy]—Serials

(-)-OSU6162 on dopaminergic system, 50 yr old female with Huntington's disease, 38318
24-hr treatment vs evening treatment with lorazepam, 21–48 yr old patients with primary insomnia with daytime symptoms, 18662
5 mo continuation treatment following 6 mo of successful treatment with clonazepam vs tapered discontinuation, clinical response & relapse rates & withdrawal symptoms, 18–55 yr olds with social phobia, 2296
5-HT receptor antagonist zatosetron maleate, adults with anxiety, 18736
5-hydroxytryptamine receptor blockers cyproheptadine vs chlorpromazine in the treatment of serotonin syndrome, 18682
ability of monocytes to migrate towards chemoattracting benzodiazepines, 33–65 yr olds with generalized anxiety, 12231
abortive treatment with divalproex sodium, 46 yr old females with severe migraine attack, 35071
abstinence from substance abuse after treatment with clozapine, 43 yr old male with history of paranoid schizophrenia & cocaine & alcohol abuse , 28506
access to care & treatment for depression, Black vs White privately insured vs Medicaid patients, 22140
accidental donepezil overdose, 74 yr old female with cognitive decline, 12180
accidental iv zuclopenthixol acetate administration for rapid tranquilization, non-compliant 37 yr old male with schizo-affective disorder, implications for treatment of psychiatric emergencies, 28458
accurate diagnosis & psychosocial & pharmacological treatment of depression, elderly patients with dementia, 35168
acetazolamide added to valproic acid & perazine, 39 yr old male with history of bipolar affective disorder, 2283
acetylcholinesterase inhibitor metrifonate, cognitive performance & behavioral & psychiatric problems & performance of activities of daily living, patients with Alzheimer's disease, 22064
activation of alcohol-related memories by negative affective cues, 21–55 yr old anxious problem drinkers receiving benzodiazepines, 11651
acute behavioral effects & abuse potential of trazodone & zolpidem & triazolam, 33–48 yr old males with history of alcohol & drug abuse, 28491
acute dystonia following trazodone, 14-yr-old hospitalized male with major depressive disorder with psychotic features, 8953
acute dystonic reaction to fluoxetine treatment, 16 yr old Hispanic female admitted to inpatient psychiatry unit after attempted suicide, 18663
acute overdose of prescribed olanzapine, 29 yr old female with schizophrenia, 28423
acute phase cognitive therapy vs phenelzine, outpatients with major depressive disorder & atypical features, 21654
addition of chromium picolinate or chromium polynicotinate to antidepressant drug therapy, 24–50 yr old patients with antidepressant-refractory dysthymic disorder, 18716
adequacy of drug continuation & maintenance after hospital discharge, patients with depression, 15330
adherence to antidepressant continuation treatment guidelines, relapse or recurrence, patients with depression, 6–18 mo follow-up, 8925
adherence to antiepileptic drug treatment, patients, 9017
adjunctive chlorimipramine & serotoninergic agents for treatment of obsessive-compulsive symptoms, patients with schizophrenia, 38221
adjunctive dose & side effects of clonazepam during ongoing antidepressant treatment, 21–71 yr olds with prolonged depression, 28471
adjunctive use of gabapentin & other medication, 22–75 yr olds with treatment resistant bipolar I mixed episodes, 35010
adverse reactions of antidepressant, elderly patients, 38294
adverse side effects from olanzapine treatment, 70–86 yr olds, 2315
age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31780

age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31801
age & duration of illness & antipsychotic dosage & use of antiparkinsonism & antianxiety drugs, regional cerebral blood flow, male vs female 20–76 yr olds with schizophrenia, 21149
age & instrumentally derived tremor & baseline extrapyramidal signs & type of neuroleptic & severity of dementia, drug-induced parkinsonism, elderly psychiatric patients treated with neuroleptics, 28405
age & sex & duration of illness & dose of risperidone & total neuroleptic dose & serum-risperidone & 9-OH-risperidone & concomittant medication, symptomatology, patients with schizophrenia, 31671
age & sex, pharmacokinetics of desipramine, 6–17 yr old patients, 12157
age, setting-specific prevalence variations in psychotropic treatment with desipramine vs imipramine vs methylphenidate, 5–14 yr old male vs female Medicaid vs HMO enrollees, 8965
aggression as component of bipolar disorder & treatment options, 24225
aggressive behavior & physical restraint & psychoactive drugs & secured unit placement, nursing home residents with cognitive impairment, 35264
alertness & sleep, elderly insomniacs treated with vs without zolpidem, 38415
algorithms for pharmacologic treatment of schizophrenia, 2393
algorithms for pharmacotherapy of adults with developmental disabilities & difficult-to-diagnose behavioral disorders, 25197
allopregnanolone action at GABA-A receptors & antidysphoric & anxiolytic profiles of selective serotonin reuptake inhibitors, 2328
alprazolain vs imipramine, spectral & routine EEG, 16–51 yr olds with panic disorder, 9 & 19 wk follow-up, 2385
alprazolam, monoaminergic neurotransmitter metabolites & clinical response, 35–60 yr old females with primary late onset dysthymia, 5668
amantadine & adjunct dopaminergic drugs, frontal lobe dysfunction, 40 yr old female with bilateral frontal traumatic brain injuries & previous arteriovenous malformation bleed, 15413
amiodarone-induced delirium, 54 yr old man treated for congestive heart failure & atrial fibrillation , 28583
amisulpride vs amitriptyline medium-term treatment, safety & tolerability, 18–70 yr old outpatients with dysthymia , 38299
amisulpride vs flupenthixol, anterior pituitary & adrenal hormone secretion & treatment response, male vs female patients with schizophrenia, 12182
amitriptyline or mexiletine, pain relief, patients with HIV-associated painful sensory neuropathy, 8913
analgesic effect & tolerability of ketorolac vs tramadol, patients with pain following nasal surgery, 5734
anger & aggression prevalence & pharmacologic treatment, PTSD patients, 27736
anger attack prevalence & drug treatment, depressed patients, 27592
anti-androgenic agent cyproterone acetate, 49 yr old female with obsessive–compulsive disorder consisting of severe sexual obsessions, 2308
anticonvulsant drugs & other treatments of Lennox-Gastaut syndrome, 5737
anticonvulsant gabapentin, cognitive ability & quality of life, 21–71 yr olds with chronic epilepsy, 2480
antidepressant & antipsychotic & mood stabilizing & benzodiazepine drugs in mother's breast milk, infants, 18755
antidepressant & other pharmacologic treatment of paraphilias, 2275
antidepressant amineptine, patients suffering from amphetamine withdrawal, 15639
antidepressant drug therapy & sexual dysfunction, 18745
antidepressant drugs with vs without cognitive–behavioral psychotherapy, 18–65 yr olds with major depression & dysthymia, 6 & 12 mo followups, 24917
antidepressant drugs, sleep disturbances, patients with depression, 31703
antidepressant effectiveness in treatment of severe depression & melancholia, 15338
antidepressant efficacy of dual-acting mirtazapine, difficult to treat depressed patients, 31649
antidepressant efficacy of sertraline vs desipramine hydrochloride, females with premenstrual syndrome or dysphoric disorder, 38244
antidepressant medication vs cognitive behavior therapy treatment outcomes, outpatients with severe depression, mega-analysis of 4 randomized comparisons, 27590
antidepressant mirtazapine, patients with comorbid depression & anxiety, 31681
antidepressant treatment, depressed inpatients with vs without suicide attempt, 12220
antidepressant treatment, plasma concentrations of GABAergic neuroactive steroids & its precursors during depression vs after recovery, 34–66 yr old patients with major depression, 12244
antidepressant vs stimulant treatment, adults with ADHD, 12187
antidepressants, depression, patients with physical diseases, 34975
antiepileptic drug lamotrigine, symptom control, 39-yr-old female & 44-yr-old male with epilepsy-related psychosis, 18674
antiepileptic drug load & monotherapy vs polytherapy, grip strength & accelrod performance, rats, 17091
antihypertensive medication & diuretics, protection against dementia & cognitive decline, patients 75 yrs & older with dementia, 35085
antioxidant therapy in treatment of ADHD, 38260
antioxidant therapy, patients with Alzheimers disease, 8932
antipsychotic medication & psychosocial treatment, relapse of schizophrenia & adjustment , 5463
antipsychotic medication effectiveness, people with a dual diagnosis of intellectual disability & schizophrenia, literature review, 18676
antipsychotic olanzapine, development of panic attacks, 36-yr-old female with schizophrenia, 18711
antipsychotic olanzapine, priapism, 27-yr-old male being treated for psychotic symptoms, 18684
antiviral & immunomodulatory properties of lithium, patients with major depression & other affective disorders, 31688
anxiolytics & antidepressants, major depressive disorder & generalized anxiety disorder, 5610
anxious depression & differential diagnosis & treatment of coexisting depression & anxiety, 8067
appropriateness of journal advertisement advocating Risperdal in treatment of aggressive behaviors in older adults, 15279
arterial plasma levels of norepinephrine & other catechols during iv infusion of tritium-labeled norepinephrine, schizophrenic patients treated with clozapine vs fluphenazine, 8888
aspirin vs other drug treatments, plasma catecholamines & mood, patients with heart transplant vs coronary bypass vs as yet treated heart disease, 38430
assessment & management of antipsychotic-induced adverse events, 5612
assessment of safety & pharmacokinetics & biological activity of enlimomab administration & dosages, 29–88 yr old hospitalized patients with acute stroke, 5669
association between 102-T/C & His452Tyr polymorphisms of 5-HT serotonin receptors & clozapine response, clozapine-treated patients, 5602
atropine eye drops, clozapine-induced hypersalivation, schizophrenic patients, 21860
attitudes & practices of amphetamine prescription to dependent users, senior medical specialists in drug dependence, England & Wales, 2778
atypical antipsychotic drugs, neurocognitive impairment in schizophrenia, 25180
atypical antipsychotic olanzapine, patients with severe treatment-resistant psychotic depression, 25192
atypical antipsychotic, case of risperidone-induced rabbit syndrome movement disorder, 27 yr old male with paranoid schizophrenia, 15311
atypical properties & guidelines for selection of risperidone & olanzapine & quetiapine & loxapine & clozapine, patients with schizophrenia, 21955
atypical properties of loxapine, implications for use in treatment of schizophrenia, 21896
atypical vs traditional antipsychotic medications, long term course of schizophrenia, 5616
augmentation of antidepressants by estrogen, women with peri- & postmenopause, 2398
augmentation vs switching treatment strategies for selective serotonin reuptake inhibitor antidepressant nonresponders, 2370
augmentation with pindolol, 18–65 yr olds with major depression resistant to treatment with serotonin reuptake inhibitors, 10 day study, 18724
augmentation with risperidone, 36–75 yr old outpatients with major depressive disorder resistant to treatment with selective serotonin reuptake inhibitors, 1 wk study, 18721
available & potential treatments for cognitive disturbance in Alzheimer's disease, 5768
average daily dose & need for dose escalations of selective serotonin reuptake inhibitors in VA outpatient facilities, 12252
awareness of & attitudes toward & recommendations regarding medical use of marijuana for medical patients, oncologists & ophthamologists & neurologists, 18839
baclofen/botolinum toxin type A, motor & vocal tics, 6–18 yr olds with Tourette syndrome, 25302
basal ganglia volume changes, male (mean age 25.57 yrs) schizophrenic patients treated with typical vs atypical neuroleptics, 2 yr study, 31629
behavior therapy & fluvoxamine vs placebo, adults (mean age 35.5 yrs) with obsessive compulsive disorder, 5464
behavioral & developmental changes, naltrexone treated 5.2–8.3 yr olds with autism vs age- & IQ-matched medication-free autistic children, 6 mo study , 25231
behavioral & neuroendocrine & cardiovascular response to flumazenil, patients with panic disorder, 12243
behavioral & pharmacological treatment of social phobia, 5457
benefits & risks of maintenance treatment with atypical antipsychotics, schizophrenic patients, 8914
benefits of clozapine therapy for treatment-resistant schizophrenia , 25200
benfotiamine &/vs vitamins B6 & B12, 30–70 yr old outpatients with severe symptoms of alcoholic polyneuropathy, 9256
benzodiazepine action at GABA ligands in mammalian brain & implications for therapeutic anxiolytic application, 18705
benzodiazepine discontinuation, psychomotor performance, 22–75 yr old long-term benzodiazepine users, 12-wk study, 18729
benzodiazepine dosage tolerance & duration until waking up after initial sedation & pretreatment aggression, aggression on waking from sedation, 18–64 yr olds with schizophrenia, 25172
benzodiazepine hypnotics vs zopiclone, sleep & psychiatric symptoms, 22–39 yr olds with chronic schizophrenia, 21911
biological rhythms in efficacy of psychotropic drugs, 36595
bisphosphonates, bone cancer-related pain in palliative care, 5762
Botulinum Toxin Type A, tension type & migraine headaches, 32–49 yr old patients with chronic daily headache with migraine features, 28603
brain serotonin & mechanism of action of selective serotonin reuptake inhibitors & pharmacological treatment guidelines, elderly patients with depression, 8876
brief cognitive behavioral therapy & drug therapy for obsessive compulsive disorder, 37960
brown bag reviews, identification of medication problems & cost reduction, community pharmacists & medical patients (mean age 64.45 yrs), 28609
bullous vasculitis & fever & neutrophilia after therapy with diazepam, 50-yr-old woman with chronic depression & alcohol dependence, 25204
buprenorphine dosing conditions, opioid withdrawal & intoxication effects, 21–44 yr old opioid-dependent outpatients , 38211
buprenorphine vs naltrexone maintenance therapy, attenuation of opioid effects, opioid-experienced 35–49 yr olds, 35327
bupropion & behavior modification, 31 yr old male with smokeless tobacco addiction, 15611
bupropion & lithium, constipation, 80-yr-old female with major depression, 21909
bupropion & treatment efficacy of late-life- & major depression & pharmacokinetics & mechanism of action & side effects & bulimia & cytochrome P450 system & drug metabolism, comment, 18699
bupropion slow-release response, patients (mean age 44.9 yrs) with bipolar vs atypical vs typical depression , 2321
bupropion SR-induced increased libido & alteration in orgasm, 37 yr old male with attention deficit disorder, 5644
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary reply, 32038
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary , 32036
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups , 12517
bupropion, plasma imidazoline receptor binding protein immunodensity, depressed patients (mean age 41 yrs), 25237
bupropion, smoking cessation, male 41 yr old with schizophrenia, 21887
bupropion, symptom remission, 46–71 yr old male combat veterans with PTSD, 2290
buspirone for treatment of oppositional defiant disorder, 31634
buspirone, sexual dysfunction, depressed patients treated with selective serotonin reuptake inhibitors, 21917
butorphanol nasal spray vs fiorinol with codeine, patients with migraine headache, 5745
Butorphanol nasal spray, detoxification, 23–66 yr olds with opioid dependency, 38246
Ca ++ antagonists in treatment of subarachnoid hemorrhages & stroke & migraine & dementia & psychiatric & substance abuse disorders & Meniere's disease & amyotrophic lateral sclerosis, 5478

Drug Therapy—Serials

calcium channel blocker nimodipine with vs without carbamazepine augmentation, patients with treatment refractory affective disorders, 2377
calcium channel blocker nimodipine, 13-yr-old male with refractory ultradian rapid cycling bipolar disorder, 21879
carbamazepine & clonazepam alone & in combination, 68-yr-old female with Charles Bonnet Syndrome, 5781
carbamazepine vs valproate, haloperidol plasma levels & psychopathologic outcome, schizophrenic or schizoaffective Ss, 28437
carbamazepine, cannabis related schizophrenia like psychosis, 19 & 22 yr old males, 18706
carbamazepine, Kleine-Levin syndrome, 10- & 13-yr-old males , 28472
carbamazepine, Lyme disease-induced hyperacusis, 33 & 35 yr old women, 11804
carbemazepine & neuroleptic administration & neuroleptic malignant syndrome, 54 yr old male with chronic schizophrenia, 2373
cardiac & analgesic drug use & falls, older persons (aged 60+ yrs), meta-analysis, 12200
cardiac event, drug treatment for depression, 50–79 yr old cardiac patients, 28507
cardiovascular effects & safety of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression, 2319
cardiovascular effects of tricyclic antidepressants & selective 5-HT reuptake inhibitors, elderly patients & cardiac disease patients with major depression, 5624
cardiovascular monitoring & cardiovascular effects of psychotropic drug medications, children & adolescents, 31651
caroverine & haloperidol, positive & negative symptom ratings, 31–53 yr olds with schizophrenia, 38266
causes & assessment & treatment of sexual dysfunction, depressed patients being treated with antidepressant drugs, 31653
CCK-B antagonist CI-988, rate of panic attacks, 18–65 yr old patients with panic disorder with or without agoraphobia, 35008
cellular & molecular actions of anticonvulsant lamotrigine & contribution to treatment of bipolar disorder, 2412
cessation of long term naltrexone therapy, self injurious behaviors, adult female with profound mental retardation, presentation of 2 & 4 yr followup data, 12158
change from clozapine to olanzapine treatment, male patients (mean age 40.8 yrs) with refractory schizophrenia & self induced water intoxication, 28467
change from typical antipsychotics to risperidone, symptoms & side effects & social functioning, patients with schizophrenia, 31673
changes in use of antiepileptic drugs, inpatients with learning disabilities & epilepsy, 1993 vs 1995/96, 25147
characteristics of antiepileptic drug taking behavior, adults with epilepsy, 9016
chemotherapy with vs without cranial radiation therapy, attention functioning, 9.6–14.75 yr old survivors of childhood leukemia, 12334
childhood sexual abuse & PTSD symptoms & behavioral problems, implications for nefazodone treatment, 5047
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, reply to commentary on case report, 2281
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, commentary on case report, 2349
choice & assessment of level of anxiolytic & analgesic drugs, patient comfort & pain & sleep & stress in intensive care unit, critically ill patients with medical & surgical conditions, 15411
cholinergic antagonist tropicamide & diagnostic usefulness of videopupillography, pupillary dilation, patients (mean age 68 yrs) with Alzheimer's disease, comment & reply, 11944
chorea & tardive dyskinesia associated with risperidone treatment, 13.5-yr-old female patient with a history of aggression & defiance & noncompliance, 31624
choreoathetoid movement & euphoria induced by rapid adjustment to methadone, 26 yr old male who abused heroine & cocaine, 5922
chronic SSRI use, MDMA subjective effects, 19 & 21 yr old females presenting with trichotillomania, 31697
ciprofloxacin & olanzapine, plasma concentration of olanzapine, 54-yr-old female with major depressive disorder with psychotic features, 21922
cisapride, visual hallucinations, 75 yr old female & 74 yr old male with Charles Bonnet syndrome, 25212
citalopram administered during luteal phase vs entire menstrual cycle, premenstrual dysphoria, adult females, 2407
citalopram vs fluvoxamine, motor & vocal tic symptomatology, 6–14 yr olds with Tourette's disorder, 15277
citalopram, depression, 44–79 yr olds with idiopathic Parkinson's disease, 2406
citalopram, interindividual differences in cardiac conduction & repolarization, healthy males & 18–92 yr olds with major depression &/or Alzheimer's disease, 38298
citicoline treatment, mood states & craving, cocaine dependent adults, 15331
citocoline, neuropsychological functional recovery, male 41 & female 39 yr olds with traumatic brain injury, case reports, 18738
clarithromycin-induced delirium, 30–71 yr olds with respiratory illness, 9028
clarithromycin-induced mania, 52-yr-old female treated for sinusitis, 2460
clinical & cost effectiveness, clozapine or risperidone vs chlorpromazine or haloperidol, community mental health patients (mean age 37.3 yrs) with schizophrenia & schizoaffective & bipolar disorder, 31645
clinical & electrophysiological & neuropsychological evidence of prefrontal dysfunction & poor response to antidepressant treatment, elderly depressed patients (mean age 74.8 yrs), 31659
clinical benefits of piperidine-class acetylcholinesterase inhibitor donepezil, patients with Alzheimer's disease, 21881
clinical characteristics & adequacy of antipsychotic treatment in different illness phases, suicide victims with schizophrenia, 18689
clinical development process of cholinesterase inhibitor donepezil, patients with Alzheimer's disease, 21967
clinical developments in assessments & therapies & pharmacology of sex-offending behaviors, 18497
clinical effects & serum concentrations of fluvoxamine, patients with major depression, 5635
clinical efficacy & mechanisms of action & utility of novel antipsychotic medications in forensic settings, 18725
clinical efficacy of selective serotonin reuptake inhibitors, patients with social phobia, 25227
clinical features & drug treatment of intermittent explosive disorder & explosivity, 24442
clinical guidelines for & experience of new drugs in treatment of Alzheimer's disease, 28403
clinical issues in treatment with conventional vs novel antipsychotics, inpatients with acute exacerbation of schizophrenia, 8947
clinical management with vs without cognitive therapy, relapse prevention, 21–65 yr olds with residual depression, 34869
clinical management, adults with ADHD receiving pharmacotherapy, 28267
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary , 21975
clinical practice of combining methylphenidate & clonidine, children with ADHD, 21978
clinical profile & safety & tolerability of rizatriptan for relief of migraine, 35081
clinical profiles of newer antipsychotic drugs for treatment of schizophrenia, 12151
clinical properties & effects of clozapine & risperidone & amisulpride & olanzapine & quetiapine & sertindole & ziprasidone for psychotic disorders, 21869
clinical response to venlafaxine, nonrespondant selective serotonin reuptake inhibitor social phobia outpatients with vs without avoidant personality disorder, 34956
clinical safety & efficacy of risperidone vs haloperidol, treatment-refractory schizophrenia patients, 35032
clinical trial of low doses of clozapine, patients (mean age 72 yrs) with Parkinson's disease & antiparkinsonian drug-induced psychosis, 15347
clinical trial of placebo-controlled pharmacologic augmentation treatment, fluoxetine-resistant bulimia nervosa symptoms, 34 yr old with co-occurring alcohol dependence, 38227
clinician's guide to role of placebos in evaluation of psychiatric drug efficacy, 25210
clomipramine & selective serotonin reuptake inhibitors, 9–23 yr olds with obsessive–compulsive disorder, 5–22 mo followup, 8891
clomipramine on as-needed basis shortly before intercourse, 21–73 yr old males with premature ejaculation, 18840
clomipramine vs selective serotonin reuptake inhibitors, patients with obsessive compulsive disorder, 15326
clomipramine, 43–78 yr olds with delusional disorder of somatic type, 31708
clomipramine, desmethylclomipramine plasma levels & clinical outcome, 23–55 yr old patients with panic disorder with/without agoraphobia, 18712
clomipramine, serotonin syndrome, 60-yr-old female with hypertension & diabetes mellitus & depression & anxiety, 21946
clonazepam, panic disorder, adult chest pain patients, 38333
clonazepam-induced mania, 48-yr-old male hospitalized with bipolar disorder treated also with clomipramine, 5638
clozapine & diazepam, transient syncope & electrocardiogram changes, 50 yr old male with paranoid schizophrenia, 38323
clozapine & fluoxetine vs sertraline, clinical & motor & cognitive function & mood, male 44 yr old with schizophrenia, Canada, commentary, 2293
clozapine & paroxetine, 32-yr-old man with obsessive-compulsive features & schizophrenia, 24169
clozapine & risperidone & olanzapine, cognitive deficits in schizophrenia, 25196
clozapine &/vs citalopram/paroxetine, psychiatric patients with mental retardation/autism, 28505
clozapine as adjunctive treatment, 31–45 yr olds with treatment-resistant bipolar or schizoaffective disorder , 31698
clozapine induced alternating Pisa syndrome, 45 yr old female with schizophrenia, 2285
clozapine induced diabetes mellitus, 30 yr old Black male with schizophrenia, 15318
clozapine plus lamotrigine, 25–51 yr olds with treatment-resistant schizophrenia, 38236
clozapine therapy, aggression & substance abuse in schizophrenic patients, 25229
clozapine treatment, cognitive functioning, patients with schizophrenia, 25194
clozapine treatment, health care costs & health status, schizophrenic adults supported by public funds, 6-mo followup, 8871
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary reply, 8924
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary, 8939
clozapine vs fluphenazine, brain metabolism patterns, male vs female schizophrenia patients , 38224
clozapine vs olanzapine vs haloperidol, body weight & leptin plasma levels, psychiatric inpatients, 12197
clozapine vs olanzapine vs risperidone vs haloperidol vs sertindole, weight gain liability, male patients with schizophrenia, 25232
clozapine vs other neuroleptic drugs, emergence of obsessions, psychotic patients, 25158
clozapine vs risperidone, positive & negative symptoms & depression & parkisonian side effects & neuroendocrine function, 18–55 yr olds with schizophrenia, 12149
clozapine vs traditional antipsychotics in treatment of treatment-resistant schizophrenia, 25165
clozapine vs typical antipsychotics, impairment in information processing assessed by prepulse inhibition of startle response, 20–65 yr old male schizophrenic patients, 27685
clozapine vs typical neuroleptics, cognitive function, patients with neuroleptic-responsive schizophrenia or schizoaffective disorder (mean age 25.6 yrs), 6 & 12 mo followup, 25188
clozapine, hypoosmolemia & hyponatremia, polydipsic male 33–57 yr old inpatients with schizophrenia, 24-wk study, 11404
clozapine, neutropenia & circadian rhythm of white blood cells, 3- yr-old male with paranoid schizophrenia, 28391
clozapine, non-treatment resistant patients with schizophrenia, 8894
clozapine, pancreatitis, 34-yr-old male with schizoaffective disorder, 25148
clozapine, positive & negative & extrapyramidal symptoms, patients with resistant schizophrenia , 8869
clozapine, schizophrenia, family members, 31658
clozapine, severe self-mutilation & aggressive behavior, 26–47 yr old female patients with borderline personality disorder & psychosis, 31627
clozapine, severe tardive dyskinesia, 17–55 yr old schizophrenic patients, 8865
clozapine, stuttering, 49-yr-old female with psychotic episode , 38316
clozapine, treatment-refractory psychosis & negative symptoms & tardive dyskinesia, 51-yr-old female with schizophrenia, implications for changing pharmacological treatments, 5674
clozapine, treatment-resistant schizophrenia & aggressive & self- injurious behavior, 32 yr old male with moderate intellectual disability, 25177
clozapine-induced diabetic ketoacidosis, 40 yr old male with paranoid schizophrenia, 15341
clozapine-induced parotitis, 49 yr old female with chronic bipolar disorder, 15342
cognitive behavior therapy &/vs medication, obsessional beliefs, patients with obsessive compulsive disorders, 11977
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, 15089
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 15096
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, reply, 34745

cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 34742
cognitive benefit of D-cycloserine treatment, Alzheimer's disease patients (mean age 72.2 yrs), 15432
cognitive deficits in attention & memory & executive functions & treatment with cognitive training or antipsychotics, patients with schizophrenia, 34188
cognitive effects of antipsychotics, individuals with schizophrenia, 25223
cognitive function & age & social class & contacts & medication & leisure pursuits & alcohol & cigarette consumption, 55–69 yr old men, 13272
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, commentary, 38420
cognitive side effects of lithium treatment, patients with bipolar disorder, 31655
cognitive vs analytic psychotherapy, symptom change & medication usage & attitude toward treatment, patients with generalized anxiety disorder, 1 yr followup, 15130
cognitive-behavioral & interpersonal psychotherapy & pharmacological treatment for bulimia & anorexia nervosa & binge eating disorder, 24921
cognitive–behavioral therapy vs pharmacotherapy for unipolar depression, cognitive response to mood challenge, 18–65 yr old remitted depressed patients, 11983
combination antiretroviral therapy, psychomotor speed performance, homosexual males with human immunodeficiency virus seropositivity, 2 yr study, 22067
combination pharmacological therapy for Alzheimer's disease, 2302
combinations of naltrexone & buprenorphine taper over 8 days, withdrawal symptoms & medication use, 18–40 yr olds in opioid detoxification, 38622
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2-yr followup, commentary & reply, 31528
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary reply, 21766
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary, 21772
combined ECT & clozapine therapy, 22–42 yr olds with treatment resistant schizophrenia, 18485
combined serotonin & noradrenaline reuptake inhibitor venlafaxine, 20–57 yr olds with generalized anxiety disorder, 2341
combined use of traditional psychotherapy & music therapy & fluoxetine, 44 yr old female with somatization disorder & PTSD & depression, 28249
common classroom contingencies and/vs methylphenidate, disruptive & off-task behaviors, male 7–8 yr olds with ADHD, 15321
community based study on ADHD prevalence & medication among elementary school children as catalyst for formation of regional school health coalition, 19215
community symptom profiles & need for antidepressant therapy, adults with depression, 30688
comorbidity & shared neurobiology & impact on pharmacotherapy, patients with stimulant dependence & depression, 8002
comparative evaluation of side effects of newer antidepressants, 12162
comparison of methods for measuring & monitoring medication regimen adherence in clinical trials & practice, 31786
comparison of pharmacotherapies as treatments for migraine headaches, 35098
complete suppression of recurrent herpes labialis during treatment with lithium, 44-yr-old woman, 35075
compliance with zidovudine &/vs zalcitabine &/vs didanosine drug-treatment regimens monitored electronically, HIV-seropositive AIDS-asymptomatic 24–69 yr olds, 9023
computer algorithm for pharmacotherapy of bipolar disorder, 25155
computer algorithm for pharmacotherapy of schizophrenia, 25207
computer algorithms for pharmacotherapy of anxiety disorder patients with chemical abuse & dependence, 25206
concept of psychosis in schizophrenia as neurodevelopmentally determined expression of active morbid process underlying progressive deterioration & impact of effective antipsychotic medication, 4971
concurrent substance abuse, patients with schizophrenia receiving clozapine vs other antipsychotic medications, 2355
consensus guidelines for medical algorithms for drug treatment of major depression, 8942
consequences of settling for response to antidepressant drug therapy rather than complete recovery in patients with depression & drug strategies aimed at recovery, 18739
considerations for psychiatrists in combination antiretroviral drug therapy & effects on CNS & development of psychiatric symptoms, patients with HIV infection , 8900
continuation of fluoxetine after acute treatment, panic attacks & other symptoms, treatment responders with panic disorder, 24 wk study, 15317
continuous positive airway pressure vs theophylline treatments, respiratory variables & subjective & objective sleep & awakening quality, male patients with moderate sleep apnea, 21663
contradirect effects of antidepressant drugs & role of serotongeric & dopaminergic & noradrenergic neurotransmitter systems in etiology & treatment of depression, 4919
controlled-release physostigmine, 50+ yr old patients with probable Alzheimer's disease of mild to moderate severity, 18841
conventional vs atypical antipsychotics for elderly patients with schizophrenia or dementia, 8910
conventional vs typical neuroleptics, psychiatric symptoms, middle-aged & elderly patients with psychiatric disorders, 18697
cost benefit ratio of nootropic drug treatment, patients with Alzheimer's disease, 9022
cost effectiveness analysis of drug therapy for mycobacterium avium complex & quality-adjusted survival, HIV-infected patients on protease inhibitor therapy, 5727
cost-effectiveness analysis of donepezil in treatment of mild or moderate Alzheimer's disease, 18833
cost-effectiveness of clozapine vs haloperidol, patients with high vs low levels of hospital use, Veterans with refractory schizophrenia, 12 mo followup, 25216
cost-effectiveness of donepezil as adjunct to usual care, patients with mild-to-moderate Alzheimer's disease, 21932
cost-effectiveness of donepezil vs no treatment, Swedish patients with Alzheimer's disease, 35088
cost-effectiveness of psychotherapy vs medication alone vs combined treatment provided by psychiatrist or split treatment with psychologist or social worker using managed care & Medicare fee schedules, 12394
course & psychopharmacological management of bipolar disorder during pregnancy & postpartum period, 2403
course & treatment of atypical depression, 8113
Cu++/Zn++ dependent superoxide dismutase enzyme & low affinity nerve growth factor receptor gene & olanzapine, individuals with schizophrenia, 34171
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, commentary reply, 28509
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, comment, 28496
cumulative use of pindolol & antidepressant drugs & point prevalence of disability pensions for major affective disorders, Ss in computer registry in Finland (mean age 55.9 yrs), 3 yr followup, 28484
current approaches & new antipsychotic treatments, patients with treatment-resistant schizophrenia, 15314
current state of schizophrenia therapeutics & expectations for what constitutes acceptable outcomes, patients, 11963
cyproheptadine, nightmares & sleep quality, 47–75 yr old veterans with PTSD, 2-5 wk study, 38223
cytochrome P450 enzymes & metabolism & interactions of atypical antipsychotics in schizophrenia treatment, 28481
D-cycloserine, negative symptoms, schizophrenic outpatients being treated with clozapine, implications for role of glycine recognition site of NMDA receptor in action of clozapine, 13 wk study, 15294
D-serine & antipsychotics, schizophrenia, patients, 8957
D-serine & treatments based on N-methyl-D-aspartate antagonist model of schizophrenia, 8919
D2 & D4 exon 3 & gamma-amino-butyric acid Type A receptor alpha-1 subunit gene, lithium efficacy, patients (mean age 46.65 yrs) with mood disorders, 35018
daily use of analgesic drugs, rebound headache, 5–17 yr olds, 2–10 mo followup, 5782
dark induced pupil reactivity, fear & anxiety & norepinephrine functioning, college students, 33510
decision to prescribe antipsychotic therapy to schizophrenic patients, clinicians, 38277
decision to switch from clozapine to newer antipsychotic olanzapine & effect on functional & cognitive status & positive & negative & other symptoms, 40 yr old male with schizophrenia, 28483
dehydroepiandrosterone, 45–63 yr olds with midlife-onset dysthymia, 25143
delayed pimozide &/or lithium treatment, long-term adverse effect & prognosis, patients with functional psychosis, 38262
deleterious issues in prescription of benzodiazepines, patients with comorbid anxiety & addictive disorders, commentary, 25156
demographic & clinical characteristics & outcome of lithium treatment, 17–80 yr olds with recurrent bipolar affective disorder, 2–27 yr followup, 28450
demographic differences in medication use, 18-75 yr old patients with self reported major depression, 12179
demographic differences in medication use, 18–75 yr old patients with self reported major depression, commentary, 35017
demographics & prior experience with psychiatric & illicit drugs & beliefs & concerns about & attitudes toward pharmacotherapy, delinquent female adolescents in juvenile detention facility, 8962
depot antipsychotics, number of hospital admissions & affective episodes & length of hospital stay, 30–70 yr olds with bipolar affective disorder, 31674
deprenyl vs alpha-tocopherol, mortality rate & neuroprotection as seen in progression of disease, patients with Parkinson's disease, 10 yr study, 5772
design & implementation of Texas Medication Algorithm Project for Treatment of schizophrenia, comment, implications for use of clozapine, 21892
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, reply, implications for use of clozapine, 21874
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, comment, implications for use of clozapine, 21867
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, 8877
desipramine or fluoxetine treatment, relapse during tryptophan depletion, 20–65 yr old outpatients with depression, 28418
desipramine treatment, social functioning, patients with dysthymic disorder, 31644
desipramine vs fluoxetine, treatment response & catecholamine excretion, depressed patients, 2392
desipramine with vs without lithium, 23–64 yr olds with severe depression, 2291
desipramine, brain serotonin 2 receptor binding, 30–50 yr olds with major depression, 31714
desmopressin, pituitary-adrenal responsivity to corticotropin-releasing hormone, patients with chronic fatigue syndrome (mean age 38.9 yrs), 21952
detection & control for confounding by indication in observational studies of pharmacologic therapies, 22953
development & advantages & disadvantages of conventional vs atypical antipsychotic agents for treatment of schizophrenia , 12168
development & testing of specific medication guideline algorithms for medication treatment of severely & persistently mentally ill patients, 21948
development of & treatment for & death resulting from neuroleptic malignant syndrome after initiation of olanzapine, 60-yr-old female with chronic paranoid schizophrenia & multiple medical conditions, 38271
development of depression during bupropion treatment for smoking cessation, 35–55 yr olds, 32048
development of diabetes mellitus with olanzapine treatment, 50-yr-old Black male with paranoid schizophrenia & substance dependence & antisocial personality disorder, 34991
development of hyperammonemia & coma during therapy with valproic acid, 69 yr old female with affective disorder, 2310
development of major depression with psychotic features after discontinuation of interferon-alpha treatment for malignant melanoma, 34 yr old male, 28610
development of manic symptoms on antidepressant discontinuation, patients with bipolar disorder, 34977
development of neuroleptic malignant syndrome during treatment with atypical antipsychotics, 2286
development of scale on reluctance toward prescription of opioids for cancer pain to terminally ill, medical students, 19183
development of severe cerebellar atrophy & mild ataxia & some neuropsychologic problems after short-term phenytoin intoxication, young adult female with epilepsy, Finland, 2481
development of striae upon commencement of cyproterone acetate treatment, 22 yr old male with Asperger's syndrome, 5653
dexamethasone, female 72 yr old & male 74 yr old with recurrent treatment-resistant depression, 25144
diagnosis & comorbidity & level of impairment & implications for treatment of social phobia, 21184
diagnosis & drug & behavioral & other treatments of obsessive compulsive disorder, 34208
diagnosis & drug & cognitive behavioral treatment of PTSD, 34205
diagnosis & pharmacologic treatment of dopaminomimetic-induced psychosis, patients with Parkinson's disease, 22074

Drug Therapy—Serials

diagnosis & pharmacological & psychotherapeutic treatment of social anxiety disorder, 34216
diagnostic problems & epidemiological incidence & new antidepressants in treatment of anxiety &/or depressive disorders, 34962
diazepam vs fluphenazine treatment, symptom exacerbation, schizophrenics, 12155
diazepam, executive vs episodic memory task performance, healthy 21–41 yr olds, neurophysiological implications, 33382
differential effects of receptor blockade on clinical efficacy & safety of atypical antipsychotics, elderly patients with dementia or psychosis, 28451
differentiation of dementia from depression & delirium & drug treatment options for dementia-associated behavioral disturbance, 21543
dilemmas regarding prescribing of benzodiazepines, general practitioners, 32124
discontinuation of methylphenidate treatment, defiant behavior & neuropsychologic test scores, 9–13.5 yr olds with ADHD, 25236
disinhibition as adverse reaction to psychotropic medication in youths, 1740
distinct adverse reactions to fluvoxamine & subsequent withdrawal, female 45 yr old with major depression & PTSD & whiplash & temporomandibular joint pain, 2415
divalproex sodium, 63–83 yr old males with bipolar disorder, 21941
divalproex sodium, aggression & self-injurious behavior, 20–63 yr olds with intellectual disabilities, 18732
divalproex, 64–79 yr olds with bipolar disorder , 28470
documentation of & attitudes toward informed consent for administration of antipsychotic medication, psychiatrists, Canada, 9363
donepezil treatment, 57-yr-old male & 59-yr-old & 65-yr-old females with Alzheimer's disease associated with Down's syndrome, 34983
donepezil, cognitive & behavioral symptoms, 70–81 yr old patients with vascular dementia, 6 mo follow up, 22059
donepezil, improvements in cognition & activities of daily living & visual hallucinations, 71 yr old female with dementia with Lewy bodies, 12137
donepezil, P300 auditory & visual cognitive evoked potentials, 67–81 yr olds with Alzheimer's disease, 38424
donepezil, symptoms of post-operative delirium, 76-yr-old male patient with early Alzheimer's disease who underwent total knee arthroplasty, 15356
donepezil, visual hallucinations arising in postoperative period, 74-yr-old male who had operation for spinal stenosis, 28402
donepezil-induced behavioral disturbances, adults (mean age 76.4 yrs) with Alzheimer's disease, 2487
dopamine & serotonin receptors involved actions of atypical antipsychotics, individuals with schizophrenia, 25171
dose & age & body weight, plasma levels of clozapine & its metabolites, male vs female inpatients with schizophrenia, 12198
dose response profiles for antiparkinsonian & dyskinesiogenic effects of levodopa, 45–77 yr olds with Parkinson's disease, commentary & commentary reply, 5356
dose-related reinforcing effects of hydromorphone, abstinent vs nonabstinent heroin addicted 18–50 yr olds during outpatient buprenorphine maintenance, 38607
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, 2352
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, comment, 35027
drug information leaflets, knowledge of & satisfaction with drug therapy, patients with mental illness, 5600
drug therapies & resulting shift in burden of care & costs, Alzheimer's disease patients, 25193
drug therapy & Dialectical Behavior Therapy for borderline personality disorder, 18482
drug therapy development costs &/vs economic burden of Alzheimer's disease, UK, health care policy implications, 5751
drug therapy of major depression with venlafaxine vs antidepressants & remission rate, 21891
drug therapy treatment compliance, young adult males during 1st hospitalization for schizophrenia, 1 yr followup , 28473
drug therapy with lamotrigine & iv valproate, manic symptoms, 49 yr old woman with bipolar disorder, 5620
drug therapy, adolescents with eating disorders, 5623
drug therapy, patients with schizoaffective disorder or schizophrenia & concurrent mood disorder symptoms, 31670
drug treatment for depression, risk of cardiac morbidity & mortality, patients with acute myocardial infarction, 38220
drug treatment for dysthymia, 2402
drug treatment of aggression & affective instability in impulsive disorders, patients with obsessive–compulsive & borderline personality disorders, 27523
drug treatment of comorbid major depression & anxiety disorder, 21863
drug treatment strategies for resistant depression, 2371
drug- vs cognitive-therapy efficacy with binge–purge frequency & depression & eating attitudes as treatment outcome measures, bulimia nervosa patients, 14880
drug-drug interaction between bupropion & guanfacine in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, commentary on case study, 12189
drug-drug interaction between bupropion & guanfacine resulting in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, reply to commentary on case study, 12216
drug-drug interaction between bupropion & guanfacine resulting in grand mal seizure, 10 yr old female with ADHD & dysthymic disorder, commentary on case study, 12249
drugs used to treat male erectile disorders & alternative medicines, pharmacological treatment of women's sexual disorders & difficulties in desire & arousal & orgasm, 15278
duration of disorder, efficacy of more vs less intensive & phase specific drug & psychological treatment, patients with 1st episode psychosis, 12 mo follow up, 34731
dysrhythmia after initiation of clozapine treatment, 44 yr old male with chronic schizophrenia, 15352
dystonia side-effect Pisa syndrome, 85 yr old female with subcortical arteriosclerotic encephalopathy treated with sertindole for acoustic hallucinations & anxiety & agitation, 2375
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, 28409
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, commentary, 28441
early clinical experience with acute treatment of sc naratriptan, 18–55 yr old migraine patients, 2298
economic outcomes of traditional antipsychotic agents vs risperidone, Medicaid patients with schizophrenia, 2372
educational visual tool, chemotherapy treatment decision making, 34–53 yr old female breast cancer patients, 31794
effect of long-term treatment with low to intermediate recombinant human interferon alpha on neurological & neuropsychological functioning, 46–85 yr olds with myeloproliferative disorders, 12 mo study, 31800
effect of serotonin uptake inhibition by paroxetine on sleep & daytime symptoms, 25–65 yr old males with obstructive sleep apnea, 15308
effectiveness & cost effectiveness of clozapine in treatment of schizophrenia, 12226
effectiveness & extra-pyramidal side effects of olanzapine vs haloperidol, 19–58 yr olds with cannabis-induced psychotic disorder, 31619
effectiveness & safety of olanzapine vs risperidone, 18–65 yr olds with schizophrenia or schizophreniform disorder or schizoaffective disorder, 9 countries, comment, 2388
effectiveness & safety of selective serotonin reuptake inhibitors, 8–18 yr olds with panic disorder, 6 mo followup, 31685
effectiveness & safety of transdermal therapeutic system fentanyl, cancer pain, adult cancer patients requiring opioid analgesics for pain, 5672
effectiveness & side effects of methylphenidate, symptoms of ADHD, 5–12 yr old Native Americans with or with partial fetal alcohol syndrome, 8927
effectiveness & tolerability of atypical neuroleptic risperidone, juvenile mania, 4–17 yr old outpatients with bipolar disorder, 31642
effectiveness of antipsychotic medication, 18+ yr olds with intellectual disability & challenging behavior, 38218
effectiveness of carbamazepine, 12- & 13 yr old females & 14-yr-old male with juvenile-onset bipolar I disorder, 15358
effectiveness of clozapine vs conventional neuroleptics, patients with schizophrenia, 27714
effectiveness of depot antipsychotics, patients with schizophrenia vs schizoaffective disorder or bipolar disorder, 2361
effectiveness of fluoxetine therapy, patients with bulimia with vs without comorbid depression, 12177
effectiveness of fluphenazine decanoate injections every 2 vs 6 wks, outpatients with schizophrenia or schizoaffective disorder (mean age 35 yrs), 15285
effectiveness of long-term antidepressant treatment for depression, 5656
effectiveness of olanzapine, patients with treatment resistant schizophrenia, 34152
effectiveness of pharmacologic agents in treatment of social anxiety disorder & long-term management, 21940
effectiveness of risperidone & clozapine & other novel antipsychotic drugs, children & adolescents with psychiatric disorders & symptoms, 12209
effectiveness of risperidone or other antipsychotic drugs in the treatment of typical patients with schizophrenia or schizoaffective disorder throughout the US, 1-yr clinical trial, 15312
effectiveness of selective serotonin reuptake inhibitors, underweight female patients with anorexia nervosa, 12167
effectiveness of serotonin reuptake inhibitors, patients with severe &/or melancholic depression, commentary, 24206
effects of haloperidol on antioxidant defense system enzymes, 25–49 yr old males with schizophrenia, 8963
effects of psychotropic medication use during pregnancy, mothers & fetuses & newborns, 5603
effects of risperidone, maintenace treatment, 18–65 yr old patients with schizophrennia or schizzaffective disorders, 31678
efficacy & adverse effects of use of placebo in neuropsychiatric clinical trials, 2305
efficacy & allegiance effect of cognitive-behavioral group therapy vs phenelzine treatment, 19–61 yr olds with social phobia, 8723
efficacy & cognitive & other adverse effects of fluoxetine vs amitriptyline, over 60 yr olds with major depression, 8879
efficacy & cost effectiveness of clozapine treatment, patients with treatment resistant schizophrenia, 5 yr study, 12152
efficacy & cost effectiveness of clozapine vs traditional neuroleptics, patients with schizophrenia, 66 mo study, 12225
efficacy & pharmacology of tolcapone, Ss with major depressive disorder (mean age 42.6 yrs), 8 wk study, 28421
efficacy & risks associated with diamorphine treatment, persons with heroin dependence, 25141
efficacy & safety & effects on sexual functioning of bupropion SR vs sertraline treatment, patients with depression, 25153
efficacy & safety & gradual discontinuation of clonazepam drug treatment, 18–74 yr old patients with panic disorders with or without agoraphobia, 38284
efficacy & safety & side effects of new atypical antipsychotic quetiapine, 62–94 yr olds with psychotic disorders, 21925
efficacy & safety & tolerability of antipsychotic medications in elderly, 21920
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, 18702
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, erratum, 38268
efficacy & safety of 15 vs 20 mg eptastigmine, 52–90 yr old Alzheimer's disease patients, 15302
efficacy & safety of 4 doses of amphetamine Adderall, 7–14 yr olds with ADHD, commentary, 12164
efficacy & safety of alpha-dihydroergokryptine mesylate, motor & intellectual & emotional functions & neuropsychological performance, 63–83 yr olds with dementia, 2 yr followup, 9011
efficacy & safety of antipsychotics, 2-18 yr olds with conduct & psychiatric disorder & hyperactivity & aggressiveness & autism & schizophrenia, 21872
efficacy & safety of donepezil, 50–93 yr old patients with mild to moderately severe Alzheimer's disease, 30 wk study, 31622
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary, 12347
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary reply, 12340
efficacy & safety of doses of amphetamine Adderall vs methylphenidate, 7–14 yr olds with ADHD, commentary, 21882
efficacy & safety of fluvoxamine treatment of obsessive-compulsive symptoms, 25–60 yr old schizophrenics with obsessive-compulsive symptoms receiving antipsychotic treatment, 18727
efficacy & safety of gabapentin, 40–90 yr olds with postherpetic neuralgia, 9030
efficacy & safety of gabapentin, painful neuropathy, patients with diabetes mellitus, 9008
efficacy & safety of low dose amisulpride, schizophrenic patients with predominately primary negative symptoms, 17904
efficacy & safety of moclobemide vs clomipramine treatment, 18–65 yr olds with panic disorder with & without agoraphobia, 21914
efficacy & safety of nefazodone & conventional neuroleptics, 18–51 yr old schizophrenic patients with predominantly negative &/or depressive symptoms, 34986

efficacy & safety of oral sildenafil, 21–49 yr old males with erectile dysfunction caused by spinal cord injury, 8881
efficacy & safety of pergolide, patients with Parkinson's disease, 31777
efficacy & safety of posatirelin, motor & intellectual & emotional functions & dementia related behavior change, 65+ yr olds with Alzheimers disease or vascular dementia, 9013
efficacy & safety of selective 5-HT reuptake inhibitors treatment, elderly patients with major depression, 5655
efficacy & safety of sertraline vs amitriptyline, 18–75 yr old hospitalized patients with major depression, 5657
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary reply, 38240
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary, 38230
efficacy & safety of sertraline, patients with moderate to severe obsessive-compulsive disorder, 18700
efficacy & safety of short & long-term fluoxetine, adults (mean age 41 yrs) with bipolar II vs unipolar depression, 8863
efficacy & safety of sustained release alprazolam or adinazolam vs clomipramine, adults with panic disorder with or without agoraphobia, 18693
efficacy & safety of treatment with risperidone vs conventional neuroleptics, patients with chronic schizophrenia, 8867
efficacy & safety of venlafaxine, patients with bipolar II vs unipolar depression, 2273
efficacy & side effects & other aspects of clinical experience with oral ketamine, 29–81 yr olds with chronic neuropathic pain, retrospective study, 25306
efficacy & side effects of 2–3 mg/day vs .5–.75 mg/day haloperidol vs placebo, psychotic & disruptive behaviors, adults (mean age 72.1 yrs) with Alzheimer's disease, 2301
efficacy & side effects of levodopa & other dopaminergic & neuroprotective drug therapies & surgery options for Parkinson's disease patients, 31795
efficacy & side effects of olanzapine, hospitalized 6–11 yr olds with various psychiatric diagnoses who had failed previous medication trials, 8917
efficacy & tolerability & safety of gabapentin as adjunct to existing drug treatment, 19–82 yr olds with bipolar or schizoaffective disorder with manic or hypomanic symptoms, 16 wk study, 18664
efficacy & tolerability & safety of olanzapine vs haloperidol treatment, patients with schizoaffective disorder, 1 yr follow-up, 12250
efficacy & tolerability of & differential sensitivity to extrapyramidal symptoms in treatment with typical & atypical antipsychotics, adolescents with schizophrenia, 5647
efficacy & tolerability of antidepressant mirtazapine vs selective serotonin reuptake inhibitors fluoxetine or paroxetine or citalopram, patients with major depressive disorder, 31704
efficacy & tolerability of atypical neuroleptic olanzapine, alleviation of severe psychosis & behavioral & extrapyramidal symptoms, 74–89 yr olds with dementia with Lewy bodies, 28619
efficacy & tolerability of nefazodone, male HIV-seropositive outpatients with major depressive disorder, 12 wk study, 18678
efficacy & tolerability of olanzapine, 12–17 yr olds with treatment-resistant bipolar disorder with acute mania, 28498
efficacy & tolerability of paroxetine, social phobia patients, 31617
efficacy & tolerability of reboxetine vs fluoxetine treatment, 18–65 yr old patients with major depression, 18713
efficacy & tolerability of sertraline vs paroxetine & fluvoxamine, patients with delusional depression, commentary, 25217
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, commentary reply , 25235
efficacy & tolerability of venlafaxine & fluoxetine, outpatients with major depression, commentary, 21927
efficacy & tolerability of venlafaxine & fluoxetine, outpatients with major depression, commentary reply, 21877
efficacy & tolerability of venlafaxine, 20–68 yr old in- & out-patients with treatment-resistant depression, 8 wk study, 38229
efficacy & tolerance of sulpiride, 18–70 yr old patients with mild to moderate depressive syndrome, 35016
efficacy & treatment choice & cost-effectiveness & implementation of pharmacological & psychotherapeutic treatments in primary care settings, patients with major depression, 8734
efficacy and tolerability of fluvoxamine, 22–57 yr old pathological gamblers, 8905
efficacy of adjunctive gabapentin for depressed & manic phases, 22–58 yr olds with bipolar I or II depression with or without rapid cycling, 35033
efficacy of amitriptyline vs other antidepressants vs fluoxetine, 15–65 yr olds making disability pension claims for antidepressant treatment, 35012
efficacy of anticonvulsants gabapentin & lamotrigine in treatment of bipolar disorder, 2314
efficacy of antidepressant mirtazapine, patients with anxiety-related & difficult-to-treat depressive conditions, 31638
efficacy of atypical antipsychotic drugs, patients with treatment-refractory schizophrenia, erratum, 25145
efficacy of bupropion, smoking cessation, smokers with history of major depression or alcoholism, 15622
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary reply, 12248
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary, 12246
efficacy of cognitive behavior therapy combined with pharmacotherapy in treatment of panic disorder, 8720
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, 25518
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25516
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25544
efficacy of combination of antidepressant drug & group cognitive psychotherapy, 26–54 yr old gay males with major depression or dysthymic disorder & AIDS or symptomatic HIV infection, 1-yr followup, 28254
efficacy of combined vs singular cognitive behavioral & pharmacological treatment of panic disorder, 18492
efficacy of fluoxetine in the treatment of premenstrual dysphoric disorder, 25215
efficacy of fluoxetine vs citalopram, short-term & long-term treatment, 18–65 yr old panic disorder patients with vs without agoraphobia, 34958
efficacy of gabapentin vs propranolol, 47–79 yr old outpatients with essential tremor, 20291
efficacy of glycine agonists with conventional drug therapy on symptoms of schizophrenia & role of NMDA hypofunction in pathophysiology of schizophrenia, 12166
efficacy of group cognitive-behavior therapy, adequately- & inadequately-treated pharmacotherapy nonresponders with panic disorder , 28331
efficacy of imipramine vs alprazolam, 55–73 yr olds with panic disorder, 38307
efficacy of lamotrigine in treatment of bipolar disorder, 2289
efficacy of lithium augmentation of conventional antidepressant monotherapy, patients with refractory depression, 38210
efficacy of lithium augmentation of fluphenazine treatment, patients with schizophrenia, 25220
efficacy of moclobemide & brofaromine for treatment of depression, patients, 12206
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, comment, 18668
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, commentary reply, 18723
efficacy of olanzapine & psychosocial rehabilitation & case management in community mental health setting, patients with psychosis, 37969
efficacy of pharmacological treatments for alcohol dependence, 19061
efficacy of primidone as adjunct to existing drug therapy, 24–59 yr old outpatients with treatment refractory bipolar disorder, prospective open study, 28493
efficacy of randomized clinical trials of treatments for depression & drug development process, 15346
efficacy of selective 5-HT reuptake inhibitors & 5-HT & norepinephrine reuptake inhibitors in treatment of major depression & other psychiatric illnesses, 15296
efficacy of sertraline with vs without group cognitive behavior therapy vs placebo, 21–54 yr old patients with primary dysthymia, 12 wk study, 37972
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, commentary, 21893
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, reply, 21880
elevated liver function tests during treatment with risperidone, 22 yr old male with 5 yr history of schizophrenia & 19 yr old male with 1st episode paranoid schizophrenia, 38329
epidemiology & antidepressant treatment of major depression, 21067
epidemiology & course & everyday impact & associated features & pharmacological treatment of neurocognitive complications of HIV disease , 24746
epidemiology & pathophysiology & clinical features & management of tardive dystonia, 15274
epidural vs narcotic vs non-narcotic pain management technique during labor, delivery method & length of labor & Apgar scores, primiparous females, 18843
estradiol, postpartum depression, 36 & 29 yr old females with estrogen deficiency & psychiatric symptoms, 8 wk study, 38207
estrogen replacement therapy, risk of developing Alzheimer's disease, 28–94 yr old females, 16 yr longitudinal study, correction, 5750
estrogen therapy with vs without progesterone, mood & physical symptoms, postmenopausal females, 28427
ethical & pragmatic issues in use of psychotropic agents in young children, 5640
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28622
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28585
etiologic & therapeutic implications of hypothalamic monoamine & neuropeptide & growth hormone & other endocrine abnormalities in anorexia nervosa, 18190
etiology & use of serotonin reuptake inhibitors in treatment of anorexia & bulimia nervosa, 1894
evaluation & treatment of psychogenic parasitosis, 27–70 yr olds, follow-up study, 8516
evaluation of substitution of immediate-release valproic acid for divalproex sodium, 18–73 yr old psychiatric inpatients, 2396
evidence-based appraisal of single drug trial, example of donepezil treatment or early Alzheimer's disease, 38328
evolving definition of & pharmacological treatments for aggressive behavior in PTSD, 24348
exacerbation of epileptic seizures by carbamazepine, individuals with epilepsy & delayed psychomotor development & EEG paroxysmal abnormalities (mean age 10 yrs 4 mo), 3 yr 7 mo followup, 8928
executive functioning performance, stimulant medicated vs nonmedicated 6–12 yr olds with ADHD, 24587
expenses incurred for examinations & drugs & specialist consultations before diagnosis, patients with probable Alzheimer's disease, 8994
experience with & attitudes toward naltrexone or disulfiram as pharmacotherapy for alcoholism, 24–67 yr old alcoholic patients in treatment, 9252
expert consensus guidelines on treatment of PTSD, 34735
expertise with psychopharmacological medication in psychotherapy, psychologists, 8961
explanatory power & therapeutic applicability of neurotransmitter & biochemical & anatomic models of antidepressant action in treatment of major depression, 28397
exposure & response prevention vs clomipramine, 8–18 yr olds with obsessive compulsive disorder, 2128
expression of adhesion molecule receptors on T helper & T suppressor/cytotoxic lymphocytes & relationship to blood–brain barrier & effects of antipsychotic treatment, 18–55 yr old schizophrenics, 17916
extent & appropriateness of benzodiazepine vs anxiolytic use & mental health status as predictor of use, elderly, comment, 25182
extrapyramidal side effects after addition of fluvoxamine to clozapine, 46 yr old male & female with schizophrenia, 8920
factor-analyzed symptom dimensions, serotonin reuptake inhibitor treatment outcome prediction, 18–76 yr olds with obsessive-compulsive disorder, 34996
factors affecting serum lithium concentrations & equation to predict lithium dose, 8–77 yr old psychiatric patients, 28504
factors influencing adherence or nonadherence to prescribed medication-taking, 65–92 yr old patients with hypertension, 38411
fananserin treatment, 38 yr old patients with paranoid schizophrenia, 15349
features of parkinsonian psychosis & treatment with selective serotonin antagonists or other atypical neuroleptics, patients with Parkinson's disease, 22058
fenethyllin-induced psychosis with rapid resolution upon cessation of drug usage, 36 & 56 yr old drug dependent males, 35022
fenfluramine & dexfenfluramine, adverse long-term effects on mood & anxiety & cognitive function & impulse control, psychiatric patients, 2365

fenfluramine, ejaculatory function & release of LH measured through testosterone levels, 31–54 yr old males with premature ejaculation & hypogonadotropic hypogonadism, 18813
flexible dose risperidone treatment, Positive & Negative Syndrome Scale scores, outpatients with schizophrenia, 8-wk study, 8878
fluoxetine & fluvoxamine, cardiac side effects, patients with depression (aged 45 yrs & older), erratum, 18743
fluoxetine & paroxetine, mood & general well-being & quality of life & personality characteristics & social behavior, healthy adults, commentary, 23487
fluoxetine & sertraline, manic behaviors, 11–17 yr olds with obsessive-compulsive & mood disorders, 8898
fluoxetine augmented with olanzapine, 24-yr-old female with treatment refractory obsessive-compulsive disorder , 2383
fluoxetine maintenance therapy, adverse effects, patients with depression, 6 mo study, 25234
fluoxetine or sertraline or paroxetine in treatment of emotional incontinence with pathological laughing or crying, adult & elderly males with traumatic brain injury or multiple sclerosis or posstroke, 2064
fluoxetine treatment & suicidal behavior, adults with affective disorders, 15 yr study, 12202
fluoxetine treatment, 17 yr old male diagnosed with multiple paraphilias & bipolar & obsessive-compulsive disorders, 8895
fluoxetine vs desipramine, headache improvement & relation of pain control to changes in depression, 19–59 yr olds with chronic tension type headache, 5784
fluoxetine vs light therapy treatments, patients (mean age 41.1 yrs) with seasonal affective disorder, 5474
fluoxetine vs maprotiline, 40–65 yr olds with major depressive episode, 2338
fluoxetine vs phenelzine treatment outcomes, atypical depression, 22–51 yr old psychiatric patients, 2 yr study, 12254
fluoxetine vs phenelzine, adults with obsessive-compulsive disorder, commentary, 8899
fluoxetine vs placebo, PTSD severity & disability & stress vulnerability & treatment efficacy in relation to chronicity, civilians (mean age 37 yrs), 28412
fluoxetine vs sertraline, adults with major depression , 38241
fluoxetine with cognitive-behavioral therapy, smoking cessation, 18–65 yr old smokers with subclinical levels of depression, 1 & 3 mo followups, 28770
fluoxetine with vs without estrogen replacement therapy, females over vs under 45 yrs old with major depression, 34959
fluoxetine, 19–55 yr olds with social phobia, 2351
fluoxetine, 2–7 yr olds with idiopathic autism, 5614
fluoxetine, BP, 18–70 yr olds with major depression, 12139
fluoxetine, compulsive sexual behavior, 16 yr old male with PTSD & paraphilia, 31614
fluoxetine, depression, 13–17 yr olds hospitalized for treatment of unipolar nonpsychotic major depression, 18744
fluoxetine, resolution of concomitant fear of flying, 35 & 45 yr old females with major depressive disorder, 8860
fluoxetine, smoking behavior, alcoholic patients with depression, 18671
fluoxetine, symptom reduction & relative improvement, adults (mean age 37.1 yrs) with panic disorder, 2367
fluoxetine, weight reduction in steroid-induced obesity, 31–59 yr old myasthenia gravis patients, 15273
fluoxetine, weight suppression & rebound, participants in smoking cessation trial, 12503
fluoxetine- & sertraline- but not nefazodone-induced visual hallucinations, 38-yr-old male with dysthymic disorder, 8874
flupenthixol, psychiatric symptomatology & side effects & cocaine use, 22–62 yr olds with schizophrenia or schizoaffective illness & cocaine dependence, 5646
flutamide, obsessive-compulsive symptoms & aggression & irritability & sexual interest, OCD outpatients, 31616
fluvoxamine induced parkinsonism as early sign of Parkinson's disease, 67 yr old female with major depression, 25168
fluvoxamine treatment, patients with major depression with comorbid anxiety disorder (mean age 39.4 yrs), 38312
fluvoxamine, 11-yr-old boy with specific phobia of storms, 6 wk study, 34201
fluvoxamine, 11-yr-old boy with specific phobia of storms, 6 wk study, commentary, 34200
fluvoxamine, 16–60 yr old outpatients with diagnosis of binge-eating disorder, 8907
fluvoxamine, adults (mean age 39.1 yrs) with social anxiety disorder, 21956
fluvoxamine, female 19–82 yr olds with psychogenic skin excoriation, 12141
fluvoxamine, involuntary movements, 14 yr old male patient with tics & associated dystonic extrapyramidal symptoms, 31668
fluvoxamine, panic disorder patients with or without agoraphobia, 5667
fluvoxamine, severe skin picking attributable to delusional body dysmorphic disorder, 48 yr old female patient, 12219
focal cortical myoclonus, 65 yr old male treated with lithium & doxepin for bipolar disorder, 12165
formoterol, ventilatory function & quality of life, patients with asthma, 22063
freezing of time as symptom of Parkinson's disease & use of levodopa for treatment, 68 yr old female, 38280
frequency & course of sexual disturbances during clozapine & haloperidol treatment & influence on compliance with medication, patients with schizophrenia, 18696
frequency of use & effectiveness & impact on sexual functioning of drugs used to augment selective serotonin reuptake inhibitors in treatment of major depression, survey of psychiatrists, 15788
full- vs half-cycle sertraline, patients with severe PMS, 12322
functional communication training & naltrexone treatment, self-injurious behavior, 12 yr old male with autism & severe communicative & cognitive deficits, 2145
GABA-ergic drugs in treatment of schizophrenia, 21973
gabapentin & mania, 35-yr-old female with complex partial & tonic-clonic seizures, 35096
gabapentin, 13 yr old with bipolar I disorder & manic episode & ADHD, 7 mo study, 8949
gabapentin, 22 & 30 yr old males with acute mania, 18687
gabapentin, alcohol craving & withdraw, 38 yr old male with alcohol dependence & history of amphetamine dependence & obsessive compulsive disorder, 38599
gabapentin, alcohol withdrawal, adults (average age 39 yrs), 2694
gabapentin, blepharospasm & oral-mandibulo movements, 30–58 yr olds with affective disorders, 31652
gabapentin, social phobia symptoms, Ss aged +18 yrs, 14 wk study, 28476
gabapentin, thyroiditis, female 28 yr old with bipolar II disorder, 12171
gaps in psychotherapy & pharmacotherapy, 8–18 yr olds with major depression, 11972
gastroduodenal tolerability & efficacy of nimesulide vs diclofenac, patients with osteoarthritis, 5764
gender & sociocultural factors in psychopharmacological & psychotherapeutic treatment of depression, 18472
Ginkgo biloba extract, prevention of symptoms of winter depression, patients with seasonal affect disorder, 31737
ginkgo biloba, adults with antidepressant induced sexual dysfunction, commentary, 12314
glatiramer therapy, neuropsychologic functioning, 18–45 yr olds with relapsing-remitting multiple sclerosis, 2 yr study, 15436
guanfacine, adverse responses resembling mania, 8–15 yr old patients with neuropsychiatric disorders , 31656
guggulsterone phosphate salt compound, body composition & mood states, overweight adults, 22037
guidelines for appropriate use of cholinesterase inhibitors to treat patients with Alzheimers disease, 25219
guidelines for avoidance & management of hyperprolactinaemia & effects of traditional vs novel antipsychotics on prolactin levels, antipsychotic-treated patients, 5632
guidelines for managing depression using drug therapy or psychotherapy in primary medical care, 21664
guidelines for mental health care & pain management & pharmacotherapy, patients with HIV associated dementia or myelopathy or neuropathy or myopathy, 5839
guidelines for nonpharmacological & drug treatment of migraine in children, 5709
guidelines for psychophamacologic treatment of schizoaffective disorder with antipsychotic & thymoleptic & other drugs, 18715
guidelines for use of antidepressants in primary health care, adults with depression, 25161
haloperidol or thiothixene, improvement in sleep continuity & REM latency, 18–45 yr olds with schizophrenia, 2360
haloperidol vs clozapine vs risperidone, extrapyramidal motor symptom of handwriting area & D2 dopamine receptor occupancy, 29–65 yr olds with schizophrenia, 18701
haloperidol vs clozapine, generation of mismatch negativity & N200 & P300 auditory event-related potentials, patients with schizophrenia, 2401
haloperidol vs lorazepam, crack-cocaine-induced catatonia, 36-yr-old female, 2318
haloperidol, 14 yr old female with anorexia & psychosis, 28514
haloperidol, 5 yr old female with selective mutism & Tourette's disorder, 12230
haloperidol, phospholipid metabolism abnormalities in temporal lobe & symptom alleviation, 16–32 yr old schizophrenics, 34972
haloperidol, prolactin response to D-fenfluramine challenge, adults with schizophrenia or schizophreniform disorder (mean age 23.1 yrs), 12213
health care costs & pharmacological treatment of schizophrenia, 12183
health related quality of life & depression severity & medical cost outcomes, patients receiving recommended vs less than recommended level of antidepressant treatment, 9132
hematologic side effects of psychotropics, 35006
hematological variables & subchronic antidepressant treatment, adults (mean age 54 yrs) with major depression, 11382
hepatitis induced by therapy with maprotiline & opipramol, 61 yr old male with depression, 5606
herbal/alternative drugs (St John's wort & valerian root) & loperamide as etiological factors in delirium, 39 yr old female with depression & migraine, 28447
high dose glycine with neuroleptics, negative symptoms & blood physiological correlates, inpatients with treatment-resistant schizophrenia (mean age 38.8 yrs), 12185
high dose olanzapine treatment in refractory psychosis, male patients with schizoaffective disorder, 18728
high dose treatment with methylprednisolone & recovery, 27 yr old male with acute disseminated encephalomyelitis, commentary & commentary reply, 5634
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary, 12323
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary reply, 12327
high-dose long-term naltrexone, beta-endorphin in peripheral blood mononuclear cells & clinical symptom severity, 3–11 yr olds with autism, 9 mo study, 28408
high-dose thyroxine augmentation, 21–68 yr old outpatients with treatment resistant depression, 8-wk study, 15337
highly active antiretroviral therapy, cerebral metabolite abnormalities, HIV-cognitive motor complex patients with dementia, 38372
historical development of clozapine & its current position as gold standard therapy for treatment-resistant schizophrenia, 25174
history of changes in antidepressant psychopharmacology, 38256
history of development & pharmacology of antidepressants & selectivity vs multiplicity of action with focus on mirtazapine, 31711
human leukocyte antigen typing, response to neuroleptics & clozapine-induced agranulocytosis, 18–60 yr old Jewish Israeli inpatients with schizophrenia , 38282
hydroxyzine & buspirone, 18–65 yr olds with generalized anxiety disorder , 2353
hyperglycemia associated with olanzapine treatment, 45 yr old male with diabetes & hypertension & major depression & hallucinations, 25203
hypertension during coprescription of mirtazapine & low-dose amitriptyline, 47 yr old male with treatment resistant depression with psychotic features, 2414
hypnosis with sedation & diaphragmatic respiration, ability to complete MRI procedure, highly claustrophobic 45 yr old male army veteran with history of panic disorder & somatic complaints, 16180
hypocholesterolemic dietary & drug therapy, dysphoric emotions, hypocholesterolemic male outpatients, 8488
hyponatremia resulting from paroxetine treatment, 73 yr old female with hypertension, 31661
identification & pharmacotherapeutic treatment of social anxiety disorder, 1631
imipramine & diet counseling & psychological support, obese binge eaters, 6 mo study, 34741
imipramine vs chloral hydrate, acute stress disorder symptoms, burn patients (aged 2–19 yrs), 28485
imipramine, beta2 adrenergic receptor coupling to Gs protein, male patients with panic disorder, 25170
impact of new antipsychotic agents on quality of life & treatment-refractory schizophrenia & mood disorders, 5676
impairment of triazolam & alprazolam clearance by short-term low-dose ritanavir & clinical dilemma of concurrent inhibition & induction, 28431
importance of treatment resistance & factors affecting its definition in light of recent advances in knowledge & treatment of schizophrenia particularly drug treatment, 25208
improving the efficacy & safety of local anaesthetics & opioid analgesics administered epidurally, 5726
in vivo cerebral PET method for mapping acetylcholinesterase activity, patients with Alzheimer's disease, implications for monitoring inhibitor therapy in Alzheimer's disease, 15309
incidence & risk factors for depression from interferon therapy, patients (mean age 49.9 yrs) with hepatitis C, 6 mo prospective study, 28608
incidence & therapeutic implications of adverse effects of general anaesthetics, 5759

incidence of & risk factors for tardive dyskinesia, mentally ill adolescents on neuroleptic medication, 2 yr study, 5651
incidence of tardive dyskinesia, 55+ yr olds beginning treatment with antipsychotic medication, 2410
incidence of tardive dyskinesia, patients with schizophrenia treated with olanzapine vs haloperidol, 2.6 yr study, 12144
incidence of tardive dyskinesia, psychiatric outpatients (mean age 66 yrs) in early stages of low-dose treatment with typical neuroleptics, 12 mo study, 12191
increase in drug dosage as opioid tolerance vs increase in pain levels in cancer pain treatment, 5601
injected morphine, postoperative pain relief, adults, literature review, 15418
inositol supplement in treatment, 54–83 yr olds with Parkinsons disease, 28606
integration of traditional medicine & other cultural issues in psychopharmacology, Lakota Sioux, 18746
intellectual & academic functioning, 6–16 yr olds with cancer treated with vs without central nervous system-prophylactic chemotherapy, 4 yr follow-up , 38395
interaction between donepezil & paroxetine, 78-yr-old male with memory loss & dysphasia & 67-yr-old female with Alzheimer's disease, 31623
interaction of fluoxetine with & resulting increases in plasma levels of phenytoin & carbamazepine, 42 yr old male with grand mal seizures & behavioral problems & depression, 2 yr study, 37974
interpersonal psychotherapy &/or nortriptyline treatment, 50 yr olds & older with bereavement-related major depression, 11979
interpleural analgesia using bupivacaine for pain relief, 19–79 yr old patients with advanced cancer, 18809
intranasal sumatriptan, pain & symptoms, 6.4–9.8 yr olds with migraine, 18285
intranasal vasopressin, sleep quality, 70–83 yr olds with age-related sleep disturbances, 12338
intravenous immunoglobulin, behavior, 3.6–6 yr olds with autism, 25159
iontophoretic vincristine, intercostal or lumbar postherpetic neuralgia, adults (mean age 70.1 yrs), 15408
isotretinoin, lithium induced acne, 30 yr old female with bipolar disorder, 25152
issues & considerations on collaboration between psychotherapist & prescribing psychiatrist in treatment of patients requiring both psychotherapy & pharmacotherapy, 6077
issues in & model for management with atypical antipsychotics, chronic ambulatory psychotic outpatients, 8930
issues in early antipsychotic treatment, patients with 1st episode schizophrenia, 8880
issues in effectiveness of opioids in relieving neuropathic pain, 22045
issues in opioid treatment for chronic intractable pain, 40 yr old female, 35063
issues in psychotherapy & psychopharmacology treatment outcome research, children & adolescents, 16419
issues in treatment of agitation with atypical antipsychotics, elderly in nursing homes, 8959
issues in treatment of depression in Parkinson's disease, 18758
issues in use of valproic acid, female psychiatric patients of childbearing age, 2344
itraconazole, steady-state plasma concentration of bromperidol & its metabolites, schizophrenic female inpatients, 34973
iv clomipramine, 18–55 yr old patients with obsessive-compulsive disorder refractory to oral clomipramine, 2312
iv immunoglobulin therapy, 4–17 yr olds with autism, commentary reply, 18726
iv immunoglobulin therapy, 4–17 yr olds with autism, commentary, 18685
iv valproate loading, acutely manic & depressed bipolar I patients, 28433
judgments on preferred psychotherapeutic medications & other treatment strategies, treatment of panic disorder, psychiatric experts, 1992 vs 1997, 8958
ketanserin, 9–16 yr olds with Tourette's syndrome, 28401
ketoconazole, 22–65 yr olds with treatment-refractory major depressive disorder, 6-wk study, implications for role of glucocorticoids in major depression, 38276
ketoprofen, visual & auditory hallucinations & delusions of persecution, female 64 yr old with valvular abnormality with aortic valve prosthesis, 12345
knowledge of & adherence to combination antiretroviral therapies, low-income 18–29 yr olds vs 29–52 yr olds with HIV/AIDS, 31789
knowledge of & opinions about use of psychotropic medications in non-institutional settings for people with intellectual disability, direct service staff, 18669
knowledge of antidepressant discontinuation symptoms, pharmacists, 15291
L-carnitine, motor behavior & well-being & hand apraxia, 4–35 yr old females with Rett syndrome, 18818
L-dopa with benserazide, drug-induced parkinsonism & tardive dystonia, 60 yr old female with chronic paranoid schizophrenia, 5649
L-tryptophan, patients with premenstrual dysphoric disorder, 12241
lamotrigine & dose-related Tourette syndrome, 7–12 yr olds with epilepsy, 18828
lamotrigine's usefulness in the treatment of SUNCT syndrome, 66 yr old female suffering from SUNCT syndrome, 38398
lamotrigine, 31 & 33 & 37 yr old females with schizoaffective disorder, 2307
lamotrigine, naloxone-precipitated opiate withdrawal, heroin-dependent 29–41 yr olds, 2696
lamotrigine, patients with bipolar I depression, 15284
lanreotide, growth hormone & insulin-like growth factor-1 levels & psychological symptoms & quality of life, 31–71 yr olds with active acromegaly, 2 mo study, 22068
legal issues associated with antipsychotic-induced tardive dyskinesia, 25684
length of episode prior to antidepressant treatment & premorbid neuroticism, time to remission, patients with major depression, 18 mo followup, 28429
level of knowledge & understanding of AIDS-related Pneumocystis Carinii Pneumonia treatment therapy, male heterosexual vs nonheterosexual prisoners with HIV , 38432
levodopa, stuttering, 44 yr old male with developmental stuttering & Parkinson's disease, 28392
life-long absence of sexual drive, 32 yr old female with 5-dihydrotestosterone deficiency, 11810
life-threatening esophageal dyskinesia following long-term antipsychotic therapy, 79 & 66 yr old males with lingual dyskinesia & complaints of food regurgitation, 18694
light therapy with vs without citalopram treatment, 35–60 yr old females with seasonal affective disorder, 1 yr study, 31385
Linopirdine, implicit & explicit & primary memory, elderly adults with age-associated memory impairments, 34963
lithium & carbamazepine & valproate & newer anticonvulsants in treatment of mania & bipolar disorders, 2405
lithium &/vs antipsychotic medication alone vs combination therapy, leukocyte & granulocyte & lymphocyte counts, 20–92 yr old psychiatric patients in long-stay psychiatric hospital, 21935
lithium augmentation, 19–73 yr olds with refractory depression, 4–8 yr followup, 31690
lithium carbonate, immune function, rapid cycling bipolar patients (mean age 38.8 yrs), 25213
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary, 28457
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary reply, 28414
lithium vs carbamazepine, 18–65 yr olds with bipolar disorder with vs without mood-incongruent delusions or comorbidity, 2.5 yr study, 8902
lithium with or without haloperidol, mononuclear leukocyte Galphas protein levels, patients with affective bipolar disorder (aged 26–68 yrs), 25179
lithium with vs without neuroleptics, lithium ratio & correlation with side effects as studied with measurement of erythrocyte lithium concentration, 20–39 yr old bipolar outpatients, 5613
lithium, 38 yr old male with brief recurrent depression, 2297
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency, commentary reply, 12174
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency disorders, commentary, 12228
lithium-neuroleptic combination therapy, delirium & persistent dyskinesia, 62 yr old female bipolar patient, 5660
long term clozapine, 30–52 yr olds with severe schizophrenia, 25205
long term outcome & mortality, medicated vs unmedicated bipolar & depressed patients, 32 yr study, 5599
long term use of neuroleptics, neurobiological effects, 5641
long-term efficacy of antidepressant therapy for major depression, 21964
long-term efficacy of lower vs higher fixed plasma levels of maintenance nortriptyline, elderly with major depression, 31686
long-term maintenance & discontinuation of imipramine therapy, 18–65 yr olds with panic disorder & agoraphobia, 34998
long-term neuroleptic maintenance therapy, psychotic relapse after 1st episode, outpatients (mean age 47.6 yrs) with paranoid schizophrenia, 15 yr study, 21933
long-term paroxetine treatment, depression & anxiety symptoms & drug efficacy & tolerability, 23–70 yr olds with major depressive disorder, 28462
long-term quetiapine treatment, patient satisfaction & perceived tolerability & efficacy of treatment, 18–91 yr old psychiatric patients, 28436
long-term therapy with & discontinuation of alprazolam vs imipramine vs other medications, treatment of panic disorder, 8937
long-term treatment & maintenance therapy with antidepressant drugs, patients with unipolar major depression, 31660
long-term use of weak opioid analgesics, substance dependence, 60–87 yr olds, 11608
longterm therapy with diazepam, motor cortical excitability threshold & silent period duration after transcranial magnetic simulation, 17–45 yr old patients with anxiety disorders, 15323
lorazepam vs oxazepam treatment, psychomotor retardation & mutism, 21–77 yr old patients with psychiatric disorders, 31689
lorazepam, catatonia & motor processes, 27 yr old male & 31 yr old female, 35003
lorazepam, persistent catatonic states, clinically stable schizophrenia patients, 18749
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 34981
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 18677
low dose dimethylglycine, 4.4–30.8 yr old males with autism, 3.5 mo study, 28399
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22071
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22049
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22038
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, comment reply, 22069
low-dose standard neuroleptics in combination with novel antipsychotics, patients with treatment-resistant schizophrenia, 15354
luteinizing hormone-releasing hormone agonist triptorelin, estrogen decrease & psychosis, 32 yr old female with no previous history of psychotic disorder, 34994
management of patients on antidepressant drug therapy, 18719
management of sexual dysfunction side effects of antidepressant therapy for major depression, 28438
management strategies for treatment of schizophrenia including use of antipsychotic clozapine, 25178
mania onset while using dehydroepiandrosterone, 51 yr old man, 24207
manufacturer support & favorable reported outcome of drug effectiveness study, 1 yr study, 15313
mazapertine treatment & hyponatremia, 57-yr-old schizophrenic male, implications for role of polydipsia vs altered antidiuretic hormone activity, case report, letter, commentary, 15295
mean cost of emergency room stay, 23–74 yr olds with schizophrenia & treated with haloperidol, 38575
measurement of costs & benefits in the cost-effective analysis of psychopharmacologic treatment of schizophrenia, 14565
mechanisms of action & potential predictors of treatment outcomes of clozapine, persons with schizophrenia, 25175
mechanisms of action of selective serotonin reuptake inhibitors & multiple receptor antidepressants including venlafaxine in treatment of depression, 15293
medical condition & psychopathology of anxiety, lifetime history & conditions of use of prescribed hypnotic & tranquilizing drugs, 17–89 yr old inpatients admitted to internal medicine departments, 21938
medical costs of antidepressant drug overdose & risk of suicide & toxicity of antidepressants, patients with major depression, 5663
medication & patient sociodemographic & symptom-related factors & insight & cognitive impairment & treatment alliance & model, treatment compliance & relapse, patients with psychosis, 34739
medication and habit substitution treatment, 9-yr-old & 17-yr-old & 23-yr-old females with trichotillomania, 34747
Medication Event Monitoring System vs pill count, medication compliance measurement & treatment outcomes, alcohol dependent outpatients (mean age 45.4 yrs) treated with naltrexone, 32047

Drug Therapy—Serials

medication treatment & impact of comorbid externalizing disorder & substance abuse on further episodes & outcomes, 15–20 vs 30+ yr olds with 1st admission psychotic mania, 4 yr follow-up, 38219
medication use & other adherence behaviors, low income urban 6–17 yrs olds with moderate to severe asthma & their parents, 2–20 wk study, 9010
medication vs medication with cognitive-behavioral therapy, panic disorder, 20–35 yr olds, 15088
medications to treat Alzheimer's disease, 38309
medications used to reduce urges for alcohol & nicotine & other drugs, 15627
medium term outcome of stimulant drugs, children (mean age 10.6 yrs) with Attention Deficit Hyperactivity Disorder, 37632
medroxyprogesterone acetate in treatment of hypersexuality & sexual aggressiveness, 36-yr-old severely brain injured nursing home resident, 5729
melatonin treatment, fragmented sleep, 3-13 yr olds with mental handicaps, commentary, 28426
melatonin, chronic primary insomnia, 66–86 yr olds, 25199
melatonin, circadian rest-activity rhythm & daytime sleepiness & mood, 72 & 75 yr old women with Alzheimer's disease, 5748
melatonin, jet lag, 24–62 yr olds, validation of Columbia Jet Lag Scale, 35023
memory training with vs without 2.4 vs 4.8 g piracetam, forgetfulness, 55+ yr olds with age associated memory impairment, 3 mo study, 8995
merits of substitution therapy, patients with treatment-resistant major depression, 15304
meta-chlorophenylpiperazine, tics & obsessive & compulsive & impulsive behavior, 21–65 yr olds with Gilles de la Tourette syndrome, 31625
methadone dosage, treatment outcomes, opioid dependent patients, 19052
method for evaluating increased cost of pindolol augmentation to accelerate action of paroxetine, depressed patients from placebo-controlled randomized trial, 3387
methodological flaws affecting randomized controlled trials on efficacy of new antipsychotics, 18659
methodological issues in clinical trials of cocaine pharmacotherapy, 21919
methodological issues in psychiatric genetics & pharmacogenetics, patients with mental disorders, 21039
methods & first results for tricyclic antidepressants & serotonin reuptake inhibitors, adverse drug reactions, psychiatric inpatients, 12181
methods of cost-effectiveness analysis in the evaluation of new antipsychotic treatment & implications for schizophrenia treatment & health care policy decision-making, 15320
methylphenidate & sertraline, patients with depression (aged 24–66 yrs), 15327
methylphenidate dose, ERPs during attention task performance, children with ADHD, 28501
methylphenidate hydrochloride, male 55 yr old with ADHD, 22061
methylphenidate treatment & childhood inattention-overactivity & aggression, prediction of outcome at age 21–23, 4–12 yr old males with hyperkinetic reaction of childhood/minimal brain dysfunction, 38292
methylphenidate treatment, adolescent with ADHD, 38291
methylphenidate vs dextroamphetamine, 6.2–12.7 yr old females with ADHD, comparison with previously studied male sample, 12235
methylphenidate, binge eating & purging, 2 females (ages 20 & 38 yrs old) with bulimia & cluster B personality disorder, 12238
methylphenidate, EEG changes, 8–13 yr olds with ADHD, 25189
methylphenidate, major depression, 80 yr old female hospitalized with pneumonia & severe pulmonary disease, 21947
methylphenidate, occurrence & severity of side effects, 4–6 yr olds with ADHD, 8892
methylphenidate, sleep & memory & restlessness, 78 yr old male with Alzheimer's disease, 28449
metryapone with vs without dexamethasone pretreatment, plasma concentrations of neuroactive steroids, 33–57 yr olds with major depression, 2389
midazolam, priming & explicit memory & skill learning on mirror-reading task, patients (mean age 27.4 yrs) who underwent minor ear surgery, 33494
midazolam, saccadic eye movement & GABA-A benzodiazepine receptor sensitivity & subjective assessments, patients on chronic benzodiazepine treatment (mean age 44 yrs), 38296
milnacipran therapy for depression, 38283
milnacipran, patients with depressive symptoms, 38226
mirtazapine augmentation, outpatients with treatment resistant depression, 4 wk study, 12154
mirtazapine, 18–56 yr olds with PTSD, 18670
mirtazapine, 21–55 yr olds with seasonal affective disorder, 12186
mirtazapine, 33–65 yr olds with comorbid generalized anxiety disorder & depression, 31648
mirtazapine, 58 yr old female with recurrent psychotic depression, 28422
mirtazapine-induced mania, 68 yr old male with poststroke depression , 12160
mirtazepine induced hyperphagia, 56 yr old female with depression, 15271
moclobemide & antipsychotic drug treatment, negative symptoms, adults with schizophrenia, 31691
moclobemide, obsessive–compulsive symptoms, 36 yr old female patient with severe obsessive–compulsive disorder, implications for lower side effect profile than SSRIs, 21857
modeling cost data on fluoxetine & paroxetine & sertraline, patients, 38288
modern perspective on appropriate use of hypnosedatives & benzodiazepine, older adults with insomnia &/or anxiety disorders, 25233
molecular & cellular & in vivo studies of lithium action at 5-HT1B receptors, implications for therapeutic activity in treatment of mood disorders, 33446
molecular biology of serotonin receptors & implications for treatment of mood & psychotic disorders, 8918
molecular genetic approach to novel therapeutic targets of antipsychotic drugs in schizophrenia , 24267
monoamine hypothesis of depression & supportiveness of clinical symptom data on antidepressant effectiveness , 38264
monoamine oxidase inhibitor usefulness in treatment of & prescribing practices for psychiatric patients with mental illness, 30–80 yr old psychiatrists, 28396
multidrug treatment for mycobacterium avium complex MAC, quality of life among treatment groups, patients who died or dropped out, 16 wk study, 5665
multilevel analysis of antipsychotic drug use in long-term care & resident & facility characteristics, 65+ yr old Medicaid nursing home residents following a policy shift, 15578
naloxone, memory impairments following ECT, 28–78 yr olds treated with ECT for major depression, 28482
naltrexone & nicotine replacement, smoking cue reactivity, abstinent cigarette smokers, 15301
naltrexone & pharmacological aversion treatment, patients dependent on or abusing alcohol, 2 yr followup, 31665
naltrexone, 17–47 yr old patients with borderline personality disorder & dissociative symptoms , 38212
naltrexone, alcohol self-administration, 21–29 yr old heavy drinkers, 12505
naltrexone, cue-elicited urge to drink, abstinent Ss with alcoholism (mean age 38.7 yrs), 35325
naltrexone, patients with alcohol & cocaine dependency, 15632
naltrexone, self-injurious behavior, 29 & 42 yr old females with profound mental retardation, 12173
naltrexone, short- & long-term smoking cessation, adult smokers, 6 mo follow up, 22255
natural course of antidepressant use & direct health service expenditure for treatment of single episode depression, patients initiating antidepressant pharmacotherapy, 38304
nefazodone therapy, 31–75 yr old patients with treatment-resistant major depression & high psychiatric comorbidity, 25218
nefazodone treatment, 24–81 yr old civilians & combat veterans with PTSD, 18691
nefazodone treatment, patients with social phobia, 15350
nefazodone vs other antidepressants, sleep patterns & quality, healthy adults vs Ss with major depressive disorders, 28393
nefazodone, 29 & 46 yr old males & 32 & 37 yr old females with depression & opiate addiction, 2330
nefazodone, clozapine plasma concentrations, 21–34 yr olds with depression, 31701
nefazodone, male 58 yr old & female 55 & 42 yr olds with chronic fatigue syndrome, 21899
nefazodone, prevention of relapse, 20–75 yr olds with depression, 18681
nefazodone-induced clitoral priapism, 48-yr-old female with depression, 34964
nemonapride, onset of acute dystonia & its characteristics & risk factors, 17–58 yr olds with schizophrenia, 12196
neurobiological systems involved in trauma & pharmacological agents for target symptoms in rational approach to medication use, children & adolescents with PTSD & comorbid conditions, 38233
neurobiology & use of & recommendations regarding drugs in treatment of patients with alcohol dependence or alcoholism with vs without comorbid major depression or anxiety disorders, 22269
neurobiology of & current status of pharmacotherapy for generalized anxiety disorder, 8169
neurochemical basis & mechanisms of cognitive impairment & effects of atypical antipsychotic agents on cognition, patients with schizophrenia, 14536
neurochemistry of left frontal & temporal cortices & left basal ganglia & left & right thalamus & possible drug effects, 25–67 yr old males with schizophrenia, 4943
neurogenetics & pathophysiology & pharmacotherapy of Alzheimer's disease, 11887
neuroleptic drugs, thrombocytopenia, 38-yr-old male with bipolar affective disorder & 22-yr-old male with dysmorphophobia syndrome, implications for importance of routine blood screening, 31710
neuroleptic induced restless legs syndrome, nocturnal eating/drinking syndrome, 51-yr-old female with schizophrenia being treated with haloperidol, 18695
neuroleptic malignant syndrome induced by olanzapine therapy, 22 yr old male with paranoid schizophrenia & history of neuroleptic malignant syndrome reaction on conventional neuroleptics, 12153
neuroleptic treatment for manic psychosis, 61 yr old male with temporal lobe tumor , 12211
neuroleptic treatment metabolism of phospholipids & high energy phosphates in left & right frontal lobes, patients with schizophrenia, 21971
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18742
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18718
neuroleptic treatment, mental state, 19–63 yr old schizophrenic patients with vs without MRI-detected cortical atrophy, 15303
neuroleptics, cognitive dysfunctions, patients with schizophrenia, 28489
neurological complications of Japanese encephalitis vaccine, 19–37 yr olds, 2381
neurological evaluation & treatment with clonidine or haloperidol, resolution of persistent cough previously diagnosed as asthma & rediagnosed as Tourette's syndrome, 13 & 14 yr old males, 24811
neuropathic mechanisms & use of tricyclic antidepressants & anticonvulsants & local anesthetics & clonidine & NMDA-antagonists & opioids in treatment of postherpetic neuralgia, 38393
neuroprotection with selegiline or vitamin E & neurorestoration as alternatives to levodopa treatment of Parkinson's disease, 5752
neuroprotective & long-term beneficial effects of lithium in treatment of mood disorders, 38278
neuropsychiatric side effects of mefloquine, persons with malaria, 15423
neuropsychiatric toxicity associated with cytokine therapies, 35095
neuropsychological & pharmacokinetic assessment of cognitive functioning, 29–76 yr old hospice patient receiving morphine for cancer pain, 3341
neuropsychological impairments associated with resolution of cortical blindness following cyclosporine neurtoxicity, 6 yr old male, 15008
neuropsychological profile after treatment with methylphenidate, adult patients with ADHD with or without comorbid depression, 15333
neuroscientific advances in discovery & development of antidepressants & other drugs selectively modifying serotonergic neurotransmission, patients with CNS disorders, 15325
new developments in drug treatment of depression, 28469
new onset diabetes mellitus & diabetic ketoacidosis associated with olanzapine treatment, 38–47 yr olds with histories of schizoaffective disorder or schizophrenia or bipolar disorder, 34976
new uses for buspirone, patients with mental disorders other than generalized anxiety disorder, 12140
nicotine inhalers & fluoxetine, smoking cessation, 25–64 yr old adult smokers, 28759
nicotinic agonist ABT-418, total recall in verbal learning & spatial learning & memory, Alzheimers disease patients (mean age 72.7 yrs), 18835
NMDA antagonist memantine, tolerance & functional improvement & care dependence & activities of daily living ability, patients with vascular dementia or dementia of Alzheimer type:, 15437
NMDA partial agonist D-cycloserine in addition to typical antipsychotics, 18–60 yr old chronic schizophrenic patients with negative symptoms, 28508
nocturnal continuous subcutaneous apomorphine infusion, sleep disturbance, 44–72 yr olds with Parkinson's disease or restless legs syndrome, 35013
nonenteral administration of psychotropic medications, 21965
noradrenergic drug, attentional shifts, Alzheimers disease patients with attention deficit, 37887
norepinephrine reuptake inhibitor treatment for depression, 38247
nortriptyline vs paroxetine treatment, late-life depression, elderly outpatients & inpatients (mean age 75 yrs), 38285

nortriptyline, brain morphology & depressive symptoms, adults (mean age 75.2 yrs) with geriatric depression, 18756
novel antipsychotics vs conventional neuroleptics, direct vs indirect amelioration of neuropsychological deficits & improved adaptive functioning, patients with schizophrenia, 12184
number of lifetime affective disorder episodes, response to lithium vs divalproex, bipolar patients with acute mania, 31699
obstetric complications at birth, prediction of drug treatment outcome, 1st-episode schizophrenic 14–39 yr olds, 25140
obstruction of airways after im injections of levomepromazine & iv injections of benzodiazepine, 20–40 yr old males with schizophrenia, 5633
occurrence of hypomania & psychosis during pindolol augmentation, 40 & 54 yr old females with bipolar depression, 28515
olanzapine & haloperidol interaction, 67-yr-old male with bipolar disorder, 21898
olanzapine as an adjunct to lithium, 2 males with bipolar depression, 38255
olanzapine for treatment-refractory schizophrenia or schizoaffective disorder, 22–44 yr old patients responsive to & intolerant of clozapine, 3 mo followup , 28510
olanzapine induced delusions & psychotic mania, 54 yr old female with bipolar schizoaffective disorder, 34093
olanzapine induced obsessive-compulsive disorder, males with schizophrenia, 21929
olanzapine treatment following clozapine induced granulocytopenia, patients with chronic schizophrenia (aged 26–38 yrs), 15344
olanzapine treatment, patients with psychotic depression (mean age 36.9 yrs), 15336
olanzapine vs haloperidol, symptomatology & parkinsonian side effects, patients with treatment-resistant schizophrenia, 15280
olanzapine vs haloperidol, treatment outcomes & cost effectiveness, patients with schizophrenia, 38322
olanzapine vs placebo, adults with manic or mixed episode acute mania, 21968
olanzapine vs risperidone treatment, course of depressive symptoms as predictor of relapse, patients with schizophrenia, 28 wk study, 31705
olanzapine vs risperidone, mood & subsequent quality of life, 18–65 yr olds with schizophrenia or schizophreniform or schizoaffective disorder, 18748
olanzapine, 5–42 yr olds with autism or pervasive developmental disorders not otherwise specified, 12224
olanzapine, cholesterol & triglyceride levels & weight gain, 27–67 yr olds with schizophrenia, 16 mo average followup, 35020
olanzapine, clozapine discontinuation symptoms, adult in- & out-patients with schizophrenia treated with clozapine, 9+ wk study, 38319
olanzapine, corticosteroid induced mood changes, 21 yr old female with asthma, 25146
olanzapine, delta sleep & sleep efficiency, schizophrenic patients (mean age 33.6), 28492
olanzapine, exacerbation of tardive dyskinesia & development of tardive dystonia, 40-yr-old female with bipolar disorder, 38234
olanzapine, mixed episodes, female 50 yr old with bipolar disorder, 25238
olanzapine, tardive dyskinesia, male 29 & 52 yr olds with bipolar type schizoaffective disorder, 12239
olanzapine, thioridazine induced neuroleptic malignant syndrome, 37 yr old male with schizophrenia, 25173
olanzapine, treatment of respiratory dyskinesia, 67 yr old female cancer patient, 22052
olanzapine, weight gain, 24–75 yr old psychiatric outpatients, 21902
olanzapine-induced obsessive–compulsive behavior & tremor, 35 yr old female with major depression with psychotic features & borderline personality & bulimia, 5597
olanzapine-induced reversible neutropenia, 81 & 44 yr old patients with chronic schizophrenia, 35025
olanzapine-induced thrombocytopenia & idiopathic thrombocytopenic purpura, 30 yr old female with paranoid schizophrenia, 2274
olanzepine induced neuroleptic malignant syndrome, mild to moderately mentally retarded 21 yr old male, 28460
olanzipine, tardive dyskinesia, 59 yr old male patient with delusional disorder & long-term neuroleptic exposure, 28456
olfactory sensitivity to isoamyl acetate & androstenone before vs during treatment with neuroleptic drugs, patients with first episode schizophrenia vs psychotic disorder, 25224
once-daily extended-release venlafaxine vs fluoxetine treatment, outpatients with depression & anxiety, 12236
once-weekly dosing of fluoxetine following initial daily dosing, panic symptoms, 27–48 yr olds with panic disorders, 21883
onset & response to prophylaxis & treatment of rapid cycling bipolar affective disorder, people with intellectual disability, 37705
onset of delirium subsequent to clarithromycin, female 43 yr old with bronchial asthma & allergic rhinitis , 28582
opposition to clinical use of combined methylphenidate & clonidine, children with ADHD, commentary, 21960
optimal haloperidol dose, patients with 1st-episode psychosis, 15359
oral amantadine treatment, depression, 40.3–60.5 yr olds with Borna disease virus infection, 34970
oral medication noncompliance as reason for use & side effects associated with & success of parenteral administration of clozapine, 21–58 yr old psychotic inpatients, 38274
oral phentolamine, 48.0–62.7 yr old postmenopausal females with sexual arousal disorder, 18836
origin & course & treatment of schizophrenia, commentary, 4937
outcome measures for assessing efficacy of antidementia drug therapy, patients with dementia, 9026
outcome oriented approach to long term antipsychotic drug treatment of schizophrenia, 38270
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary, 8729
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary reply, 8719
overdiagnosis & stimulant overtreatment of ADHD, 9–17 yr olds, US, 28443
overshadowing protocol, anticipatory & posttreatment nausea & heart rate, 20–60+ yr old cancer patients in chemotherapy, 5779
overview & program evaluation of integrated medical & psychosocial treatment program with emphasis on service utilization & consumer satisfaction, patients (mean age 35.8 yrs) with psychotic disorders, 5470
pain characteristics & coping & analgesic medication use, patients with rheumatoid arthritis, 31788
panamesine, plasma cytokine & soluble cytokine receptor levels & blood cell counts in 18–44 yr old patients with schizophrenia & sleep changes in healthy 22–29 yr old males, 12169
parent-reported frequency & severity of sleep problems, stimulant treated vs untreated 4–18 yr olds with ADHD, 38314
paroxetine &/vs pindolol, compliance & response at 6 mo & 1 yr & relapse, depressed patients with mean ages of 34.8 & 39.6 yrs, 5675
paroxetine for treatment of pruritus, 5–88 yr old advanced cancer patients, 5682
paroxetine treatment, cognitive toxicity, 61–84 yr old patients with major depression, 38286
paroxetine vs fluoxetine vs sertraline reuptake inhibitors, rate of medication switches & effectiveness, 18–67 yr old patients with chronic psychiatric conditions , 38290
paroxetine vs nortriptyline treatment, prevention or delay of relapse & recurrence of major depression, elderly patients, 38327
paroxetine, 16 yr old female with trichotillomania, 8872
paroxetine, adults with generalized social phobia, 5673
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary, 2287
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary reply, 23529
paroxetine, amotivational syndrome, 51-yr-old male with right putamen stroke, implications for link between amotivational syndrome & obsessional slowness, 5725
paroxetine, intermittent brief depression episodes & suicide attempts, in- and outpatients with personality disorders, 2348
paroxetine, neutropenia, 38-yr-old female with 6-mo history of low mood, 31679
paroxetine, panic symptoms & long term heart period variability during sleep & wakefulness, adults with panic disorder, 38334
paroxetine, patients with primary insomnia (aged 35–75 yrs), 15322
paroxetine, symptoms & avoidance behavior, adults Ss with social anxiety disorder, 12-wk study, 34955
paroxetine, treatment of social anxiety disorder, 35011
paroxysmal rhinorrhea & lithium treatment, 48 yr old female with bipolar II disorder & 38 yr old male with chronic depression secondary to mesial temporal lobe epilepsy & responsive to carbamazepine, 31184
pathogenetic mechanisms & drug therapy & other therapeutic approaches, patients with vascular dementia, 8908
pathology & diagnosis & medical workup & drug treatment & clinical presentation & psychiatric symptoms associated with CNS manifestations of Sjogren's syndrome, 47 & 54 yr old females, 21544
patient characteristics & type of medication & postdischarge events, prediction of medication compliance after discharge from inpatient psychiatric care, adolescents with affective or conduct disorder, 8923
patterns of antipsychotic drug therapy, Medicaid patients with schizophrenia, 38281
patterns of HMO primary care & antidepressant drug prescribing, 18–59 yr old vs 60–80 yr old patients with depression, 25417
pediatric psychopharmacology & interaction between drugs & developing brain, 5605
penbutolol supplement to selective serotonin reuptake inhibitor treatment, 5-HT1A effects, 29–56 yr olds with treatment resistant depression, 28411
penicillin prophylaxis, neuropsychiatric exacerbations, 5.2–15.9 yr olds with pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, 25307
persistence of effects of fluoxetine on electroencephalographic sleep after drug discontinuation, females treated with interpersonal psychotherapy with vs without fluoxetine for recurrent depression, 28404
personal & social support & global functioning, full remission or partial recovery after drug therapy, 8–65 yr olds with non-chronic major depressive disorders, 2311
personality changes & reversal of severe & suicidal depression with testosterone substitution, 31 yr old male with bilateral cryptorchism, 4 yr study, 37746
pharmacodynamics & neurochemical changes & behavioral actions of citalopram in treatment of depression, 38295
pharmacodynamics & pharmacokinetics & therapeutic efficacy & tolerability & dosage & administration of reboxetine, patients with major depression , 28439
pharmacogenetics of lithium response, patients with bipolar disorder & family members, 15275
pharmacokinetic & clinical profiles of new antiepileptic drugs & nonpharmacological vagus nerve stimulator options, treatment of epilepsy, 5747
pharmacokinetic & pharmacodynamic considerations & dose vs response issues in use of loxapine for treatment of schizophrenia & other psychotic disorders, 21886
pharmacokinetic & pharmacodynamic considerations of antidepressant use, elderly patients, 38231
pharmacokinetic & pharmacodynamic factors in development of adverse drug reaction to psychotropic drugs, comment, 31696
pharmacokinetic & pharmacodynamic similarities & differences among selective serotonin reuptake inhibitors & other new antidepressant drugs, 8882
pharmacokinetic profile of clozapine & metabolites norclozapine & clozapine N-oxide in red blood cells, 18–48 yr olds with chronic schizophrenia, 8903
pharmacokinetics & disposition of clomipramine & N-desmethylclomipramine, 16-76 yr old Japanese vs Swedish Ss taking clomipramine with vs without benzodiazepines, 38308
pharmacokinetics & efficacy & safety & quality of life & economic benefits of olanzapine, patients with schizophrenia, 15348
pharmacokinetics & pharmacodynamics & age-related pharmacologic complications from psychoactive medications, elderly patients, 5643
pharmacokinetics of citalopram vs fluoxetine vs fluvoxamine vs paroxetine vs sertraline, care of depression, elderly patients, 5604
pharmacologic & clinical risk factors for neuroleptic malignant syndrome, inpatient cases vs controls all treated with neuroleptics, 2280
pharmacologic & nonpharmacologic treatment of psychosis in dementia, 21601
pharmacologic & nonpharmacologic treatments for management of body dysmorphic disorder with coexisting social anxiety, 21653
pharmacologic treatment of bipolar disorder, 8934
pharmacologic treatment options, hypersexual & paraphilic nursing home residents, 12204
pharmacological & behavioral smoking cessation techniques & their interaction, 19065
pharmacological & psychotherapeutic treatment, elderly with personality disorders, 31376
pharmacological & side effect profiles of atypical antipsychotics, 5642
pharmacological effects of Ginkgo biloba vs tacrine, 44–83 yr olds with possible or probable Alzheimer's disease, 2336
pharmacological intervention & treatment guidelines, substance abusers with adult ADHA, 31669
pharmacological profile & clinical efficacy of rizatriptan for relief of migraine headache, 35097
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38254
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38324

pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38209
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, reply, 38257
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, 38258
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38208
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38259
pharmacological treatment & management & compliance & risk factors for noncompliance, patients with bipolar disorder, 18747
pharmacological treatment of alcohol abuse in conjunction with other treatment methods & tailoring treatment program for individual patients, animal models, 5927
pharmacological treatment of cocaine abuse & dependence, 5659
pharmacological treatment of depression, pregnant females, 28428
pharmacological treatment of insomnia, US, 1987–1996, 25230
pharmacological treatment of refractory schizophrenia, 38222
pharmacological treatment trials for psychosis & depression & anxiety-agitation in adult & geriatric patients with underlying neurological diseases, 1966–1998, 21599
pharmacological treatments of schizophrenia & mood disorders, 37285
pharmacological treatments which serve to augment psychosocial therapies in the rehabilitative treatment of patients with opioid & nicotine & alcohol & cocaine dependence, 28774
pharmacology & clinical efficacy & side effect profiles of atypical antipsychotics & relation of attributes observed in clinical practice & trials to their basic pharmacologic profiles, 21963
pharmacotherapy, lycanthropy, case reports of 17 & 21 yr old males with depressive disorders, 27545
phenelzine treatment, 4.5 & 7 yr old children with selective mutism, 31647
phenobarbital, reading achievement, 6–8 yr olds with febrile seizures, 3–5 yr study, 35109
phenobarbitone for management of agitation & seizures at end of life, 25–86 yr olds with advanced cancer, retrospective study, 25317
phenomenology & bipolar-disorder comorbidity & mood-stabilizer treatment response, patients with DSM-IV intermittent explosive disorder, 27541
phenomenology & drug treatment of agitation, adult female patients with agitated depression, 28495
phenomenology & etiology & assessment & pharmacologic treatment of aggressive behavior, patients with ADHD & conduct disorder & pervasive developmental disorders, 27493
physician-perceived drug use & patient clinical & psychosocial factors, prescription of antiretroviral drugs, 30–37 yr old HIV infected former vs active injection drug users, France, 15586
physicians' recommendation of & women's compliance with medication use for osteoporosis treatments following testing, 23–83 yr old female outpatients, 28591
pindolol vs mianserin augmentation of fluoxetine, onset of antidepressive action, 25–70 yr old patients with major & treatment-resistant depression, 18709
pindolol, latency to antiobsessional response to fluvoxamine, inpatients with obsessive compulsive disorder, 2368
pindolol, response to fluvoxamine, adults (mean age 47.4 yrs) with psychotic depression, 8964
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary, 2363
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary reply, 2272
plasma prolactin response to parenteral clomipramine challenge, depressed adolescents (mean age 16.3 yrs), 2390
polypharmaceutical treatment, behavioral disturbances & depressive mood & anxiety & aggression, group-living care unit patients with Alzheimer's disease vs vascular vs other dementias, 2 yr study, 5741
positive & negative effects of antidepressants on suicide risk, 12215
positive response to olanzapine followed by early relapse, 38 yr old male & 35 yr old female patients with paranoid schizophrenia, 38265
possible interaction between warfarin & quetiapine used for treatment, 71 yr old female with vascular dementia , 28486
possible nefazodone withdrawal syndrome upon abrupt discontinuation, 28 yr old healthy male , 26797
possible olanzapine induced mania, 44 yr old male paranoid schizophrenic, 27669
possible olanzapine-induced neuroleptic malignant syndrome, 40-yr-old female with paranoid schizophrenia, 8926
potency of & reversal effects of naloxone on levo-alpha-Acetylmethadol vs methadone, 27–43 yr old opioid dependent males, 22257
potential of D1 receptor agonists in pharmacotherapy of Parkinson's disease, erratum, 28618
potentiation of antidepressants with lithium or carbamazepine, depression ratings & endocrinological indices, 20–70 yr olds with treatment-resistant depression, 38302
practice parameters for assessment & treatment & discontinued use of selective serotonin reuptake inhibitors, children & adolescents with obsessive compulsive disorder, commentary, 21921
pramipexole augmentation, male 50 & 33 yr olds with treatment-resistant bipolar disorder, 21897
pre- and post-pharmacotherapy clinical & quantitative EEGs, hospitalized patients with acute mania with vs without family history of affective disorder , 27631
pre-clinical & clinical problems in regulatory authorities' approval of new antidepressant drugs, 2316
pre-existing antidepressant medication, outcomes of group cognitive-behavioral therapy, patients with major depression, 15093
precision & comparability & suitability of active drug & placebo-subtracted adverse event rates for newer antidepressants, 38326
prediction of response to methylphenidate, 3–16 yr old outpatients with ADHD, 8954
predictions of responses to fluoxetine, 7–17 yr old outpatients with major depressive disorder, 31663
predictive value of cognitive distortion ratings in relation to psychopharmacologic treatment response, 30–86 yr olds with major depression, 2374
predictive variables for & response to acute iv clomipramine vs chronic oral clomipramine & fluoxetine, patients with obsessive compulsive disorder, 12214
predictors of drug treatment response, patients with first-episode schizophrenia or schizoaffective disorder, 18730
premorbid & postsurgical psychiatric disorders & psychotropic medication & neurologic events & management & mortality, 16–73 yr old Novacor or Abiomed cardiac ventricular support patients, 28109
prescribed methadone & near-fatal toxicity, 27 yr old opioid-naive male with renal colic, case report, letter, Australia, commentary, 2479
prescribing & dispensing of methadone & other drugs to drug misusers, community pharmacists in Scotland, 35323
prescribing of antidepressant drugs, terminally ill patients in palliative care, 31672
prescribing of risperidone & olanzapine at VA hospital outpatient clinics, 12253
prescribing of stimulants for learning disabilities, psychiatrists, 38215
prescribing patterns for antidepressant pharmacotherapy, 20–79 yr old Whites vs Blacks vs Hispanics, 1992–95, 25221
prescription of tricyclic antidepressant vs selective serotonin reuptake inhibitors, occurrence of suicide, suicide cases in Britain & Ireland, 31633
prescriptions of pemoline, methylphenidate, amphetamines & other psychostimulants written by psychiatrists for adult patients with ADHD or depression or narcolepsy, 34960
prescriptive authority of advanced practice psychiatric nurses , 9299
prescriptive use of neuroleptic drugs, 5–19 yr olds living in the province of Rome, 8956
presence of psychiatric illness & family situation, methadone or oxycodone efficacy & side effects & patient quality of life, 23–59 yr old severe refractory chronic daily headache patients, 28612
presence or absence of changes in antiepileptic drug therapy, psychotic episodes, patients with epilepsy & psychoses, retrospective study, implications for epileptic psychoses risk factors, 34997
presentation & treatment of 1st episode psychosis including unrecognized drug-related side effects, teenage male with history of substance abuse, 5622
presentation & treatment of anger & aggression in obsessive compulsive disorder & borderline personality disorder, 24137
pretreatment platelet 5-HT concentration & therapeutic response to paroxetine, 16–70 yr olds with major depression, 31639
prevalence & patterns of use of psychiatric & anticonvulsant medications, 5–19 yr olds admitted to residential treatment facility, 9186
prevalence & risk factors for extrapyramidal syndromes & association with tardive dyskinesia, neuroleptic-treated psychiatric patients, 21930
prevalence & treatment of agitation in depression & anxiety, 24166
prevalence & treatment of anger attacks in depression, 24221
prevalence and genetics and treatment options, children with attention deficit hyperactivity disorder, 14819
prevalence of & behavioral & pharmacological treatment for habit disorders, individuals with mental retardation, 5156
prevalence of anxiolytic & hypnotic drug use during hospitalization, patients in medical & gynecological & surgical departments of general hospitals, 5680
prevention & treatment of adverse effects of antipsychotic treatment for schizophrenia, 25186
primary care issues related to treatment & diagnosis of depression in late-life, elderly patients, 38495
prior experience with pharmacologic or cognitive behavioral therapy, 16–53 yr old females with bulimia nervosa, 11967
procaine, subjective & symptom scale responses, 26–59 yr old male combat veterans with PTSD, 18686
program quality factors, conference presentation & treatment effectiveness evaluation patient outcomes & treatment response, substance use patients attending methadone maintenance programs, 27862
prolactin response to d-fenfluramine before vs after treatment with serotonin reuptake inhibitors, patients with major depressive disorder, 12193
prophylactic efficacy of lithium vs carbamazepine, adults with bipolar I disorder, 2.5 yr study, 38249
prophylactic efficacy of lithium vs carbamazepine, patients with bipolar II or bipolar disorder not otherwise specified, 2.5 yr study, 38250
propranolol vs nefazodone vs combination of phentermine & fenfluramine vs multivitamin treatment using open trials, 18–65 yr old cocaine dependent patients, 22263
propranolol, polydipsia, inpatients with schizophrenia, 8915
protein kinase C-alpha isoform levels in platelets, drug-free vs lithium-treated adults with bipolar disorder, 34136
protocol for & risks associated with benzodiazepine treatment for alcohol dependency, 9240
protocols for prescribing & monitoring benefits & side effects of psychotropic drugs, children, 21901
psychiatric guide to pharmacologic treatment of Alzheimer's disease, literature review, 5337
psychiatric symptoms & neuroleptic doses & physical activity, creatine phosphokinase levels, male psychiatric inpatients (mean age 57.6 yrs), 2 yr study, 24106
psychoactive drugs, salivation, psychiatric patients, 25225
psychoanalytic perspective on conscious & unconscious experience of treatment with high-potency low-dose neuroleptics, recent onset vs chronic vs veteran patients, 25226
psychological aspects of medication use & pain & moods & thoughts & functioning during most recent attack, patients with migraine, 5232
psychological characteristics & rheumatoid arthritis morbidity, rheumatoid arthritis symptoms & medication side effects, 21–75 yr olds attending rheumatoid arthritis clinic, 35158
psychological desensitization & selective serotonin reuptake inhibitor to control panic symptomatology, 43 yr old female with multiple chemical sensitivity, 8737
psychological symptoms & clinical immune marker measures & immune system functioning, young adults with major depression assessed during acute phase & following 6 wks of nortiptyline therapy, 14500
psychopharmacologic & psychological & patient management issues in switching to newer atypical antipsychotic medications, outpatients with schizophrenia, 8960
psychopharmacologic treatment termination, clinical & psychosocial outcomes, outpatients with early onset chronic depression, 1 yr followup, 28390
psychopharmacological treatment of & approaches to refractory obsessive-compulsive disorder & associated side effects & drug interactions, children & adolescents, 34980
psychopharmacological treatment of diagnostic entities & behavioral symptomatology & school-based mental health services, 35569
psychopharmacology & interactions of sildenafil, adults with sexual dysfunction, 38425
psychopharmacology in autism , 38321
psychopharmacotherapy within capitated managed care system, 5–17 yr old outpatients with psychiatric disorders, 8866
psychophysical assessment of vibrotactile responses & effect of NMDA receptor antagonist administration, 24 yr old patient with temporomandibular disorder, 1929
psychophysiological screening to determine response to vasoactive substance, men with erectile dysfunction, 1957
psychosis due to prednisone–clarithromycin interaction, 50 yr old male treated for emphysema & bronchitis, 5744
psychosis following discontinuation of estrogen-progestogen contraceptive & improvement following hormone replacement & antipsychotic medication & oxcarbazepine, 51 yr old woman, 34160

psychosis following overdose of fluoxetine & enalapril, 44 yr old female with major depression, 2343
psychosocial side effects of sildenafil therapy, couples with husband with erectile dysfunction following prostatectomy, 18844
psychotherapeutic effects of herbs & natural products & dietary supplements & other alternative medicine for psychiatric disorders, 38245
psychotic symptomatology & prevalence & response to olanzapine & prediction of outcome, patients with schizophrenia (mean age 38.6 yrs), 30699
psychotic symptoms & utility of polydiagnosis, 24 yr old female with paranoid-psychotic symptoms who responded to combination of valproic acid & carbamazepine but not to neuroleptic drugs, 38252
psychotropic drug treatment & seizure risk, patients with epilepsy & comorbid psychiatric disorders, 34954
psychotropic drug treatment, children & adolescents & adults with higher-functioning pervasive developmental disorders (mean age 13.9 yrs), 28461
psychotropic drug use & falls, older persons (aged 60+ yrs), meta-analysis, 12201
psychotropic drugs & pancreatic function & glucose metabolism, 25149
psychotropic medication withdrawal & home based exercise program, reduction of falls, 65+ yr olds, 28246
psychotropic prescription drug rates for geriatric patients residing in nursing vs retirement homes vs homes for aged vs veteran's center, Canada, international comparison, 38225
pupillary cholinergic sensitivity to pilocarpine eyedrops, response to lithium carbonate, 25–56 yr olds with hypomania or mania, 24167
pycnogenol treatment, 10 yr old male with ADHD, 18690
pycnogenol treatment, 10 yr old male with ADHD, commentary, 38248
pyridostigmine, muscle strength & fatigue & health-related quality of life & insulin-like growth factor levels, adults with postpoliomyelitis, 38320
quality of life & other issues in cost-effectiveness & efficacy & safety of atypical antipsychotic treatment, schizophrenic patients, 8897
quality of mental health care & pharmacotherapy, psychiatric outpatients with major depression, 2598
quetiapine monotherapy, 14-yr-old male with refractory schizophrenia, 2400
quetiapine treatment & new onset diabetes mellitus, 42 yr old male with bipolar disorder, 34132
quetiapine treatment of quetiapine, 34yr old man with chronic paranoid schizophrenia, 38306
quetiapine, 19–60 yr olds with treatment-resistant bipolar disorder, 34974
quetiapine, dopamimetic psychosis, 69- & 80- & 85-yr olds with Parkinson's disease, 35000
quinapril, depression & appetite & sleep patterns & energy & suicidal ideation, 90 yr old male with peripheral vascular disease & mild congestive heart failure, 28434
radiotherapy & tamoxifen & pamidronate disodium, pain relief & sclerosis of bone metastases, 71 yr old woman with breast cancer, 5766
rank test statistical method for evaluating clinical testing scores, outpatients with panic disorder & agoraphobia, 16334
rapid symptom remission with tramadol hydrochloride, 27 yr old female with obsessive-compulsive disorder, 18683
rapid- vs slow-titration schedules for start on pramipexole, patients with Parkinson's disease on carbidopa/levodopa & bromocriptine or pergolide, 18821
rapidly eliminated hypnotics, tolerance & rebound insomnia, 38310
rate of treatment with psychotropic or nonpsychotropic agents, 5–14 yr old African Americans vs Caucasians with Medicaid insurance, comment & comment reply, 8951
reasons for non-prescription of clozapine, male inpatients (mean age 42 yrs) with treatment-resistant schizophrenia or schizoaffective psychosis, 38317
reasons for obtaining & expectations of methadone & other substitute drugs, persons who misuse illicit drugs, 15319
reboxetine, efficacy & relapse rate, 18–65 yr olds with major depression, 25228
receptor binding & gene expression & pharmacological & reduced side-effect profile & therapeutic benefits of olanzapine, patients with schizophrenia, 15283
receptor pharmacology & therapeutic & adverse effects of atypical neuroleptics, 21943
recognition and treatment of pain medication-induced rebound daily headaches, adults, 34574
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary reply, 28455
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary, 28478
rectal vs oral administration & pharmacokinetics & pharmacodynamics of sedative-hypnotic & anticonvulsant drug clomethiazole, healthy 24–32 yr olds, 30046
reduced 5-HT function & characteristics of disorder & pretreatment 5-HT function & subsequent response to d-fenfluramine, patients (mean age 39.3 yrs) with major depression, 2295
reduced haloperidol, psychopathology improvement & extrapyramidal adverse effects, 19–59 yr old patients with acute schizophrenia, 35029
reduction of drug dosage intervals to one time daily, older hospital patients, implications for treatment compliance, 21961
reduction of dyskinetic & dystonic movements following treatment with clonazepam, 81-yr-old male with bipolar disorder & tardive dyskinesia, 28424
regular current or former use of nonsteroidal anti-inflammatory drugs or/vs aspirin, cognitive performance, 48–67 yr olds, 23564
rehabilitation & drug treatment compliance, patients with schizophrenia, 38581
rehospitalization rates of patients recently discharged from psychiatric hospitals on regimen of risperidone vs clozapine, 1994–1996, 24131
relapse prevention effectiveness of ritanserin, alcohol dependent 20–58 yr olds, 12534
relation between serotonin & drug induced therapeutic responses in major depression & obsessive-compulsive & panic disorders, 28398
relationship with primary health care provider, beliefs & intentions concerning zidovudine therapy during pregnancy, 19–45 yr old HIV-infected women at risk for pregnancy, 38428
relationships between prescription & over-the-counter drug use, elderly, 28480
reliability & validity of Medical Outcomes Study Short Form Health Survey & perceived functioning & well-being & short-term effects of olanzapine vs haloperidol, schizophrenic patients, 32657
repeat prescription of hypnotics, male vs female 16–85+ yr olds, 15357
repeated ingestion of grapefruit juice, plasma concentrations of haloperidol & reduced haloperidol & clinical status, 37–71 yr old females with schizophrenia receiving haloperidol, 18753
repeated reading of & answering questions about research protocol, comprehension & informed consent, adults (mean age 46.5 yrs) with schizophrenia in randomized clinical trials, 2409
reports of adverse drug reactions based on small number of patients, perception of risk, clinicians, 31694
research on antipsychotic drug use in schizophrenic treatment, workshop summary, 25157
resident characteristics & selected organizational factors, appropriateness of psychotropic drug use, 77–87 yr old residents in 33 nursing homes, Sweden, 2642
response of behavioral disturbances to risperidone & extrapyramidal side effects, outpatients (mean age 74.5 yrs) with dementia & agitation &/or delusions &/or hallucinations, 31657
response to methylphenidate, 6–12 yr olds with ADHD with vs without comorbid anxiety, 18817
response to neuroleptic treatment, White vs African American vs Hispanic 18–65 yr olds with schizophrenia, 28488
retrospective & prospective surveys of psychotropic drugs prescribed during hospitalization, psychiatric inpatients, 12251
review of indications & safety & efficacy of psychotropic medication in preschool children, 5627
risedronate, incidence of vertebral fractures & bone mineral density, women with postmenopausal osteoporosis, 38407
risk of tardive dyskinesia with conventional medications & efficacy & safety of long-term maintenance with olanzapine, patients with schizophrenia, 15305
risks & benefits of medication-free period for pediatric patients in research, children & adolescents with treatment-resistant childhood-onset schizophrenia, 2 & 4 yr followups, 27686
risks & benefits of pharmacological treatment of major depression during pregnancy, 5629
risks & benefits of psychotropic drugs, pregnant & lactating women with mental illness, 18751
risperidone & alpha-2 antagonism, exacerbation of hallucination-persisting perception disorder, 8861
risperidone & paroxetine, 25 yr old male with treatment resistant obsessive compulsive disorder, 12138
risperidone addition to diazepam & trihexyphenidyl, tardive dyskinetic & dystonic movements, 47-yr-old male with psychosis, 21875
risperidone as adjunct therapy, intrusive thoughts & subsequent emotional reactions, 38 yr old female & 33 yr old male military personnel with PTSD, 31664
risperidone augmentation of treatment with a serotonin reuptake inhibitor, children aged 8 & 9 & 11 & 13 yrs with obsessive-compulsive disorder, 31641
risperidone effectiveness, treatment cost & outcome in public mental health setting, 18-65 yr olds with schizophrenia, 1 yr study, 12234
risperidone monotherapy, psychotic mania & depression, 27 yr old male with bipolar disorder, 28452
risperidone treatment for exclusively negative symptoms, 31 yr old male schizophrenic, 12199
risperidone treatment, relatives of patients with schizophrenia with patterns of negative symptoms & neuropsychological deficits , 21969
risperidone vs haloperidol, aggression & behavioral symptoms, 56–97 yr olds with dementia, 38228
risperidone vs haloperidol, incidence of tardive dyskinesia, older patients with schizophrenia or dementia or mood or other disorders with psychotic symptoms of behavioral disturbances, 9-mo study, 25176
risperidone vs haloperidol, schizophrenic symptoms & plasma levels of norepinephrine, patients with schizophrenia, 25222
risperidone vs haloperidol, verbal learning ability & strategy & retention, patients with treatment resistant schizophrenia, 25181
risperidone vs neuroleptic vs no antipsychotic medications, weight gain & body mass index, 12–18 yr old inpatients, 6 mo study, 8912
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, reply, 31683
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, comment, 31635
risperidone, 22 yr old male with catatonic schizophrenia, 2350
risperidone, 23 yr old male with monosymptomatic hypochondriacal psychosis, 34150
risperidone, 25 yr old male with inhalant-induced psychosis & dependence, 38617
risperidone, 31-yr-old & 53-yr-old females & 22-yr-old male with serotonin reuptake inhibitor-refractory trichotillomania, 21885
risperidone, 5.5–16 yr olds with mood disorders & aggressive behavior, 8944
risperidone, abnormal involuntary movements & psychiatric symptoms, patients with Huntington's chorea, 12159
risperidone, behavioral symptoms, 27 & 30-yr-olds with autism & profound mental retardation , 14817
risperidone, D-fenfluramine induced central 5-HT responses, patients with schizophrenia, 2342
risperidone, development of dyskinesia, 4–19 yr olds with mental or developmental disorders, 12161
risperidone, development of major depression & obsessions, 29 yr old male with schizophrenia , 28475
risperidone, development of parkinsonian tremor, 12-yr-old male with ADHD & conduct disorder & PTSD, 15334
risperidone, extrapyramidal symptoms, 60 yr old or older inpatients with schizophrenia or schizoaffective disorder, 18708
risperidone, hyperprolactinemia & sexual dysfunction, 40 yr old male with schizophrenia, 15289
risperidone, obsessive-compulsive symptoms, 24 yr old male with history of methamphetamine psychosis, 21906
risperidone, P50 suppression deficit & clinical correlates, outpatients with recent onset schizophrenia, 1628
risperidone, psychosis & behavioral disturbances, patients with dementia (mean age 82.7 yrs), 15306
risperidone, psychosis, 55 yr old female with Huntington's disease, 2359
risperidone, serum prolactin levels & adverse clinical sequelae, patients with chronic schizophrenia, 12195
risperidone, tardive dyskinesia/dystonia, 19–22 yr old males with 1st episode psychosis, 21873
risperidone, treatment outcomes, hospitalized patients with psychiatric disorders, 2 yr study, 25150
risperidone-induced absence of ejaculation, 32- & 41-yr-olds with schizoaffective disorder, 38297
risperidone-induced involuntary perioral & tongue movements, female 21 yr old with schizophrenia, 31654
role of amiodarone in timing & clinical presentation of depressive episode, 65 yr old female receiving amiodarone for ventricular tachycardia, commentary, 31802
role of cholinergic system in pathophysiology & therapeutics of positive & negative symptoms, patients with schizophrenia, 14586
role of clozapine & quetiapine & olanzapine & risperidone in treatment, patients with drug-induced psychosis in Parkinson's disease or antipsychotic-induced movement disorders, 25163
role of combined psychosocial & pharmacologic treatment, comprehensive management, persons with schizophrenia, 8769

role of community pharmacy & therapeutic alliance in interprofessional care for primary health care provision, nurses, South Africa, 22124
role of cysteine in secretin treatment of autism, 28413
role of cytochromes P450 2D6 & 3A in risperidone metabolism, 18–55 yr old psychiatric patients genotyped for CYP2D6, implications for treatment, 31620
role of depression in relapse & high- vs standard-dose nicotine patch therapy in promotion of sustained smoking cessation, heavy smokers, 28448
role of interaction of patient & clinician beliefs in efficacy of healing process in placebo effect in pharmacological & psychological treatment, 34746
role of morphine metabolites in pain control among cancer patients, 18830
role of neuropsychiatric pharmacist in provision of antipsychotic drug therapy, 38651
role of serotonin & dopamine in schizophrenia & new antipsychotic agents, 5661
role of serotonin & serotonin receptors in antipsychotic drug action, 28466
role of social workers in screening & retention & patient adherence & interventions & services & psychosocial interventions for clients in HIV/AIDS clinical trials, 35246
S-adenosyl-L-methionine, serotonin & dopamine levels & mood, patients with depressive disorders, 8955
safe clozapine treatment of HIV-associated psychosis combined with stavudine & lamivudine, 34 yr old man who developed neutropenia with zidovudine & lamivudine, 5617
safety & effectiveness & side effects of paroxetine, 8–17 yr olds with obsessive-compulsive disorder, 35015
safety & effects & abuse liability & tolerance of zolpidem, healthy adults & elderly with insomnia, 18815
safety & efficacy of & responses to lamotrigine, adult patients with bipolar disorder inadequately responsive to or intolerant of prior pharmacotherapy, 48 wk prospective trial study, 27585
safety & efficacy of 20- vs 80-mg/d nalmefene treatment, alcohol-dependent outpatients, 31677
safety & efficacy of amisulpride, schizophrenic patients with predominance of positive or negative symptoms, 34965
safety & efficacy of botulinum toxin type B, adults with type A-resistant cervical dystonia, 38217
safety & efficacy of botulinum toxin type B, patients with type-A responsive cervical dystonia, 38216
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, 12 wk study, 12190
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, erratum, 22687
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, reply, 28446
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, comment, 28395
safety & efficacy of methylphenidate treatment, 4–5 yr olds with developmental disabilities & ADHD, 28435
safety & efficacy of olanzapine, patients (mean age 74.4 yrs) with Parkinson's disease & psychosis with vs without dementia, 31613
safety & efficacy of protocol for use of sertraline in psychiatric-supported & trained primary care practice, 18–87 yr olds with mild to moderate major depression, 8-wk study, 28864
safety & efficacy of quetiapine, 6.2–15.3 yr old males with autistic disorder & mental retardation, 31675
safety & efficacy of risperidone & olazapine, geropsychiatric patients (mean age 71 yrs), 34993
safety & efficacy of use of atypical antipsychotic agents as adjunctive therapy for bipolar & schizoaffective disorders, 28425
safety & efficacy of venlafaxine vs paroxetine, 21.9–61.7 yr old patients with treatment-resistant depression, 28479
safety & side-effects of & reasons for terminating treatment with risperidone prescribed by general practitioners, patients aged 10 yrs or younger to 90 yrs or older, 5650
safety & tolerability of add-on therapy with fluvoxamine to clozapine monotherapy, 18–46 yr olds with schizophrenia or delusional disorder, 35028
safety & tolerability of citalopram in treatment of depression, 38330
safety of & role of genetic polymorphisms in paroxetine pharmacokinetics, 5–17 yr olds with major depression, 31640
safety of mirtazapine in overdose, 44 & 51 yr old depressed & suicidal females, 2333
safety profile & adverse events in response to moclobemide treatment, depressed patients with multiple sclerosis, 3-mo study 34–60 yr old, 21865
saliva level of free MHPG, 20–61 yr old outpatients with anxiety before & after alprazolam treatment, 2413
seizure duration & safety & effectiveness of concurrent clozapine & ECT, 25 yr old male with schizophrenia, 15083
seizure frequency & prescription of medicines, adults (mean age 47 yrs) with epilepsy & learning disabilities, 12 yr follow-up, 8875
seizures & visual hallucinations during clomipramine treatment, 25 yr old male, case report, 31702
seizures following discontinuation of lorazepam cotreatment during clozapine treatment, 26 yr old male with schizophrenia, 25187
selecting an antidepressant by using mechanism of action to enhance efficacy & avoid side effects, 8950
selective norepinephrine reuptake inhibitor reboxetine vs fluoxetine, antidepressant efficacy & tolerability, patients with major depression, 8 wk study, 2362
selective norepinephrine reuptake inhibitor reboxetine, antidepressant efficacy & tolerability, 18–65 yr olds & older with major depression or dysthymia, 4 wk to 12 mo studies, 2288
selective serotonin reuptake inhibitor discontinuation syndrome, 35014
selective serotonin reuptake inhibitors for treating anorexia & bulimia nervosa & binge eating disorder & obesity, 2364
selective serotonin reuptake inhibitors, anxiety disorders, 2345
selective serotonin reuptake inhibitors, development of mania, 9 yr old males & 10 yr old female with obsessive compulsive disorder, 12163
selective serotonin reuptake inhibitors, sexual side effects, patients with mental disorders, 12229
selegiline augmentation to antipsychotic treatment, negative symptoms & overall functioning, 40 & 41 & 61 yr old patients with schizophrenia in continuing day treatment program, 15299
selegiline, memory modalities in prefrontal cortex, 60+ yr olds with mild to moderate Alzheimer's disease, 22046
self vs psychiatrist rated assessment of depressive symptomatology before & after antidepressant therapy, inpatients with major depression (mean age 41.7 yrs), 28 day study, 35931
self-efficacy & other factors determining medication compliance, rheumatoid arthritis patients, 12317
self-esteem, stimulant medicated vs unmedicated 7–12 yr olds with ADHD with vs without oppositional defiant disorder, 38243
self-poisoning & suicide risk & fatal toxicity potentials of orphenadrine & other antipsychotic & anticholinergic drugs, patients with psychotic illnesses, commentary, 15340
sensitivity to & diagnosis of akathisia during interferon-alpha therapy, 48 yr old female with hepatitis, 22055
sequential ketoconazole & lithium carbonate antistress treatment following resistance to amino reuptake inhibitors, 60 yr old woman with depressive illness & type 2 diabetes, 31618
serotonergic and atypical pharmacologic treatment for depression, juveniles, 38214
serotonergic basis of antipsychotic drug effects in schizophrenia, 8922
serotonin reuptake inhibitor vs benzodiazepine vs tricyclic antidepressant vs MAO inhibitor treatment of panic disorder, 35019
serotonin reuptake inhibitor-induced syndrome of inappropriate secretion of antidiuretic hormone, 78–89 yr old female patients, 21876
serotonin reuptake inhibitors with other psychotropic medications, Kluver Bucy syndrome, young adult males with severe frontal or temporal lobe traumatic brain injury, 15427
serotonin reuptake inhibitors with vs without inositol, 18–75 yr old patients with major depression, 12203
serotonin selective reuptake inhibitors vs desipramine, noradrenergic vs serotonergic probe-assessed brain monoamines, patients drug-free & depressed vs in remission with vs without antidepressants , 2292
serotonin syndrome induced by clomipramine & fluoxetine, 34 yr old female with symptoms of obsessive–compulsive disorder & PTSD, 5609
sertraline & citalopram, diagnosis of personality disorders, patients with major depression, 2304
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary reply, 2399
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary, 2358
sertraline HCl, symptoms of irritability &/or aggression, 20–57 yr olds with head injuries, 8-wk study, 5749
sertraline treatment for severe depression & irritability & violence & psychosis, 12 yr old male treated with prednisone for 7 yrs for ulcerative colitis, 8870
sertraline treatment, patients with stroke associated mood lability, 8 wk study, 35076
sertraline vs fluoxetine treatment, patients with depression (aged 70–93 yrs), 25164
sertraline, cardiovascular adverse effects, 6-17 yr olds with obsessive compulsive disorder, 21976
sertraline, clozapine-induced obsessive-compulsive behavior, 39-yr-old male with paranoid schizophrenia, 2384
sertraline, depressed recently abstinent alcoholics, 2387
sertraline, migraine frequency & severity, adults, 15415
sertraline, upper lip dystonia, 24 yr old male with traumatic brain injury & depression, 12240
sertraline-induced exacerbation of irritable bowel syndrome symptoms, 42-yr-old female with irritable bowel syndrome treated for depression, 2303
severe & melancholic depression & neurological factors & efficacy of sertraline & other SSRIs, 2271
severe akathisia during olanzapine treatment, 31–60 yr olds with schizophrenia, 5639
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients, 12 mo followup, 25525
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients in treatment for drug abuse, 12 mo followup, 25541
sex, occurence of mental disorder & psychopharmacological treatment, 8053
sex, smoking cessation across study sites & treatments & time of relapse, smokers (mean age 42.6 yrs) who participated in trials of nicotine patch, 6 mo followup, 28788
sexual development & management of deviations in sexual behavior & leuprolide treatment, 24-yr-old White male with autism, 3 yr followup, 24598
sexual dysfunction & depression & antidepressant pharmacotherapy, 18733
sexual dysfunction, males taking selective serotonin reuptake inhibitors for depression, 5679
sexual side effects of psychotropic drugs, 5615
sexual side effects of selective serotonin reuptake inhibitors, female 65 yr old & male 58 yr old, 21936
short term & maintenance & prophylactic uses of mood stabilizing & anticonvulsive & antipsychotic drugs, bipolar patients, 34999
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, commentary reply, 28400
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28465
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28487
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28419
short-term management with lorazepam & nicotine patch, acute anxiety & treatment adherence compromised by nicotine dependence & withdrawal, 62 yr old male bladder cancer patient, 28579
side effect profiles of risperidone vs haloperidol, psychiatric inpatients with no previous exposure to antipsychotic drugs, 15335
side effects & clinical response of mirtazapine, 24–72 yr old outpatients with panic disorder, 16 wk study, 28406
side effects & properties of selective serotonin reuptake inhibitors in treatment of affective disturbances & anxiety disorders, 31676
side effects & tolerability & safety in use of SSRIs for affective disorders, implications for pharmacoeconomics, 2320
signal transduction abnormalities of phosphatidylinositol pathway platelets & effects of lithium treatment on platelet membrane phospholipids, euthymic bipolar disorder patients, 14506
signs & symptoms & mortality in selective serotonin reuptake inhibitor antidepressant overdose, 2277
sildenafil with or without behavioral therapy, 46 & 54 yr old males with erectile dysfunction, 37973
sildenafil, 18–60 yr old females with antidepressant-induced sexual dysfunction , 38289
sildenafil, 29–50 yr old patients with sexual dysfunction resulting from SSRI treatment, 12218
sildenafil, 56 yr old male with phenelzine-induced sexual dysfunction, 18822
sildenafil, antidepressant-induced sexual dysfunction, 18–60 yr old female patients, 31680
sildenafil, antidepressants drug induced sexual dysfunction, males & females , 38392
sildenafil, depressed outpatients with antidepressant induced sexual dysfunction, 8890
sildenafil, fluvoxamine-induced erectile dysfunction, 39 yr old man treated for social phobia & alcohol abuse, 2276
sildenafil, paroxetine-induced anorgasmia, female 41 yr old with anxiety disorder & obsessive-compulsive traits, 21861

silymarin, prevention of hepatotoxic effects & improvement of efficacy & tolerability of tacrine, patients with Alzheimer's disease, 12 wk study, 31615
single dose flumazenil, 62–87 yr olds with Alzheimers disease, 28503
single dose metergoline, dysphoria & depressive & obsessions & compulsions & anxiety symptoms, fluoxetine-treated vs untreated patients with obsessive compulsive disorder, 8901
single psychotropic injection or course treatment with neuroleptic or antidepressant drugs, hemispheric interaction during test of visual field perception, depressed & manic & schizophrenic patients, 28420
single vs multiple onsets of action in symptomatic changes during treatment with fluoxetine, 19–68 yr old patients with major depression, 4 wk study, 31630
single-dose efficacy & tolerability of 12.5 vs 25 mg ketoprofen vs acetaminophen vs placebo, tension headache, adults, 5758
sleep deprivation & paroxetine, antidepressant response rates, depressed elderly adults, comparison with paroxetine vs nortriptyline monotherapies, 34737
smoking & therapeutic response to clozapine in 21–56 yr old patients with schizophrenia, 28463
sociodemographic & clinical & treatment characteristics of 5–14 yr olds with ADHD, data from psychiatrists, 8297
sociodemographic characteristics & placement history & levels & patterns of psychotropic medication use, 6–12 yr olds in foster care, 38335
sodium valproate as long term prophylactic agent for migraine headache, headache continuation & side effects, 16–65 yr olds, 60 mo followup, 28598
somatostatin octreotide as cause of & treatment for cluster headache, 30-yr-old female with acromegaly, 5761
spontaneous magnetoencephalographic activity, male schizophrenics treated with clozapine (mean age 28.3 yrs) vs haloperidol (mean age 31.3 yrs) , 18737
St. John's Wort treatment vs standard antidepressants, meta-analysis, adults, 34988
stability of neurological soft signs in relation to psychopathology & drug therapy with typical vs atypical neuroleptics, chronically hospitalized Ss with schizophrenia or schizoaffective psychosis, 11441
standard pharmacologic treatment of neuropathic pain & use of gabapentin in treatment of postherpetic neuralgia & diabetic peripheral neuropathy, 38406
statistical methodological advances in & models for handling clinical trial drop-outs & usage in intent-to-treat analysis, 60–90 yr olds in 12-mo trial of nortiptyline treatment for major depression, 18714
stimulant therapy, behavioral & quantitative EEG responses, 6.0–16.1 yr olds with attention disorders, 31626
strategic-systemic behavior therapy & selective serotonin reuptake inhibitors, persons with obsessive-compulsive disorder, 5462
striatal & temporal cortical D2/D3 dopamine receptor occupancy by typical antipsychotic drugs, 25–58 yr old schizophrenic patients being treated with antipsychotics, 34961
striatal D2 dopamine receptor occupancy of neuroleptic & clozapine & occurrence of extrapyramidal side effects, inpatients with schizophrenia, 5607
striatal dopamine-2 receptor occupancy, 19–54 yr old schizophrenic patients treated with olanzapine vs clozapine vs haloperidol, 12245
subchronic sertraline, depression & pain & fatigue & number of & affinity for [3H]rauwolscine binding sites, adults with fibromyalgia, 38275
subcortical basal ganglia & thalamus MRI volumes, neuroleptic-naive & treated patients with schizophrenia, 8904
subcortical white matter hyperintensities & neuropsychological impairment, resistance to monodrug therapy with vs without lithium augmentation or ECT, 65–85 yr old patients with major depression, 2397
sublingual buprenorphine tablets vs methadone maintenance therapy, 18–39 yr olds in treatment for opiate addiction, 38603
sublingual tablet containing nicotine, mouth lesions at site of application & other local symptoms, 25–62 yr old smoking cessation program participants, 12 mo prospective study, 19089
successful valproate treatment of brain injury-induced rapid-cycling affective disorder, male S, 35002
sudden nefazodone discontinuation & withdrawal symptoms, 22 yr old female with depressive disorder & anxiety, 21918
suggested minimal effective dose of risperidone based on positron emission tomography measured dopamine & serotonin receptor occupancy, 18–52 yr old patients with schizophrenia, 25202
suicide & antidepressant treatment of depression, 18688
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary, 8946
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary reply, 8936
suicide risk & schizophrenia & clozapine treatment, 25195
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, comment, 28464
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, commentary reply, 28407
supportive psychotherapy in drug trials, elderly patients with depression, 24991
switch from risperidone to olanzapine, return of regular menstrual cycle, 34-yr-old female with schizoaffective disorder , 8896
symptomatic methadone toxicity associated with addition of fluvoxamine treatment, 28 yr old female with severe asthma, 15400
symptoms & functional & occupational disability & pharmacological management, adults with depression, 31706
symptoms & neurobiology & pharmacological treatment of attention deficit hyperactivity disorder, 37642
syndrome asymmetry relations & drug influences on functional neuropsychophysiological asymmetry in schizophrenia, 14551
tacrine, Chinese 52–94 yr olds with probable Alzheimer's disease, 31713
tacrine, cognitive performance, elderly with Lewy body dementia vs mild or moderate Alzheimer's disease, 5754
testosterone therapy, libido & mood & energy & appetite & weight, HIV-positive male 26–62 yr olds with or without hypogonadism, 12339
tetrabenazine, psychotic symptoms, adult male with treatment-resistant schizophrenia, 2324
Texas Medication Algorithm Project to develop consensus-based algorithms for pharmacotherapy of major depressive disorder, 18672
theoretical merit & empirical validity of models designed to predict response to methylphenidate, 6–11 yr olds with ADHD, 18816
therapeutic benefits & response patterns & safety of sertraline, 12–19 yr olds with major depression, 21858
therapeutic drug blood serum monitoring of mood stabilizers, Medicaid patients with bipolar disorders, 27611
therapeutic effects of quetiapine, 9 yr old female with mania & psychiatric symptoms, 21951
therapeutic efficacy & safety of methylphenidate & dextroamphetamine & pemoline & adderall, children with ADHD & comorbid conditions, 21900
therapeutic index & adverse & antiamphetamine effects of quetiapine & NNC 756 & NNC 22-0031 & DOD 647 & haloperidol & melperone vs clozapine, monkeys, 26831
therapeutic potential of corticotropia-releasing factor antagonists in treatment of affective disorders, 35005
therapeutic role of tricyclic antidepressants & adverse cardiovascular effects, children & adolescents with ADHD & major depression & autism & obsessive compulsive disorder , 21894
therapeutic use of antiglucocorticoid agents, patients with major depression or Cushing's syndrome, 38332
therapeutic window of serum haloperidol levels, 19–59 yr old acutely psychotic schizophrenic vs schizoaffective patients, 5677
timing of 1st administration of antipsychotic medication after 1st onset of psychotic symptoms, symptoms & clinical course, patients with schizophrenia or schizophreniform or schizoaffective disorders, 5630
tolerability & compliance with selective serotonin reuptake inhibitors & mirtazapine & other antidepressants, patients with depression, 31687
tolerability & efficacy of moclobemide vs fluoxetine, patients with panic disorder, 1-yr treatment study, 21966
tolerability & efficacy of paroxetine vs amitriptyline, 19–85 yr old patients with depression being treated in general practice, 31643
tolerability & safety & efficacy of clozapine, elderly psychiatric patients with no neurological comorbidity, 27508
tolerability of fluoxetine vs imipramine, acute & long term treatment of panic disorder with vs without agoraphobia, 18–65 yr old patients, 34957
tongue auto-amputation after flupenthixol injection for psychotic symptoms, 21 yr old mentally retarded male, 18722
topirimate, mood stabilization & weight loss, 37 yr old male with bipolar disorder & 33 yr old female with major depression, 25167
traditional &/vs modern health seeking behavior & beliefs & attitudes regarding disease, 26–55 yr olds with tuberculosis, Botswana, 15392
training & other issues related to prescription privileges, psychologists in training, 15728
transdermal nicotine patch, vigilance, 18–25 yr old male smokers, 13778
trazodone & valproate, withdrawal symptoms & taper outcome, benzodiazepine dependent 21–70 yr olds, 12227
trazodone delirium, 33 & 54 & 58 yr old females with depression, 2357
trazodone, 59–88 yr olds with organic behavior disturbances, 21934
trazodone, behavioral symptoms, outpatients with frontotemporal dementia, 28453
treatment adherence & clinical outcomes, African Americans vs Whites treated with interpersonal psychotherapy or pharmacotherapy for major depression, 21643
treatment compliance with neuroleptic medication, 20–65 yr old schizophrenic patients, 31693
treatment effectiveness of low vs standard dose of loxapine, 17–56 yr olds with schizophrenia, 21926
treatment efficacy of biofeedback-assisted behavioral training vs oxybutynin, female 55–92 yr olds with urge urinary incontinence, 8712
treatment of major & nonmajor depression with tricyclic antidepressants & selective serotonin reuptake inhibitors & atypical antidepressants in elderly long-term care patients, 38303
treatment of psychotic aspects in parkinsonism & Parkinson's disease, 21565
treatment of risperidone-induced amenorrhea with herbal medicine shakuyaku-kanzo-to, 28 yr old female with schizophrenia , 28513
treatment of with low doses of risperidone, hyperarousal symptoms, 48 yr old male veteran with PTSD, 28468
treatment refusal following 5 successful years with methylphenidate, 15-yr-old male with ADHD, implications for understanding treatment compliance issues during mid-adolescence, 18740
treatment response to & tolerability of pharmacological & psychological treatments of depression, patients aged over 55 yrs, 24905
treatment strategies for antidepressant related sexual side effects, 18675
treatment with bupropion & venlafaxine, 42 yr old woman with dysthymia & major depression, 15307
treatment with delta-9-tetrahydrocannabinol, 25 yr old man with Tourette's syndrome, 15422
treatment with DNA repair inhibitors, discrimination between normal & Alzheimer's disease (AD) lymphocytes of 42–86 yr olds, 2376
treatment with donepezil for Tourette's disorder & ADHD, 11 & 13 yr old males, 28440
treatment with ifenprodil tartrate to increase blood flow to amygdala & hypothalamus & cerebellum, 51–68 yr old patients with somatoform disorder, 34995
treatment with lithium salts & control in isometric force with visual target, 43–68 yr olds with manic depressive illness, 5671
treatment with methylphenidate, 45 & 30 yr old with obsessive-compulsive disorder & ADHD, 17837
treatment with neruoleptics vs lorazepam & ECT, 43-yr-old male with agitated catatonia, 11966
trends & current psychostimulant usage, 4–18 yr olds with ADHD, Australian vs US data, 25209
trends in use of antiepileptic drug polytherapy vs monotherapy, 20–83 yr olds with learning disabilities & epilepsy, 28417
tricyclic antidepressant & fluoxetine treatment, patients with nonpsychotic major depression (mean age 36.4 yrs), 38273
tricyclic antidepressant therapy, mixed mania, 10–12 yr olds with delusional depression, 8952
tricyclic antidepressants & fluoxetine, platelet alpha-2 adrenoceptor binding characteristics & treatment outcomes, medicated vs unmedicated patients with major depression, 12208
tryptophan hydroxylase gene variant, prophylactic efficacy of & recurrences while taking lithium, Ss with bipolar or major depressive disorder, prospective study, 38305
tryptophan with vs without risperidone, chronic sleep disturbance, female child with autism, 8884
type of information, perceptions of stimulant medication efficacy for children with Attention-Deficit Hyperactivity Disorder, 18–24 yr olds, 38213
typical antipsychotic drugs vs risperidone, quantity & quality of sleep, patients with schizophrenia, 38235
typical clinical doses of methylphenidate, development of tics or exacerbation of preexisting mild to moderate tics, K–6th graders with ADHD, 1 yr study, 31667
typical vs novel antipsychotics, tardive dyskinesia, patients with affective disorders, 18698
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5664
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5598
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5626
unintentional clonidine patch overdose, 6 & 15 yr old males with ADHD, 12150
unreported side effects of olanzapine, African American male 27 & 37 yr olds with schizophrenia, 21972

urinary retention & severe constipation following sertraline augmentation, 29-yr-old female with erotomanic delusional & panic & obsessive–compulsive disorders on haloperidol & clonazepam, 8868
use & efficacy of low-dose ketamine, acute postoperative pain, 35105
use of 5-HT reuptake inhibitors in treatment of premenstrual dysphoria, 31636
use of 5-HT reuptake inhibitors including citalopram in treatment of obsessive-compulsive disorder, 31682
use of amantadine for treatment of akinetic febrile catatonia, 60-yr-old female with bipolar disorder & 52-yr-old female with schizoaffective psychosis, 38287
use of amobarbital interview in psychodiagnosis & psychotherapy, 34987
use of analgesics & other drugs in management of diabetic neuropathic pain, 38419
use of anticonvulsant drugs as mood stabilizers in treatment of bipolar illness, 2382
use of antidepressant drugs for treatment of both depression & anxiety subtypes, 21954
use of calcium channel blockers to treat mental disorders, literature review, 34984
use of depressogenic medication & 1st vs current depressive episode, inpatients (mean age 72.86) with major depression, 38232
use of gabapentin for management of agitation, 62-yr-old male with dementia incarcerated for assault, 38416
use of lithium & antipsychotic & anticonvulsant & other mood stabilizing drugs on bipolar & unipolar & treatment refractory depression, 18735
use of newer antipsychotic agents with first-episode schizophrenia & dual diagnosis & elderly & children & adolescents with schizophrenia or other psychotic disorders, 5648
use of olanzapine to treat mental status changes, 23 yr old patient with hereditary coproporphyria, 35108
use of positron emission tomography to study serotonin- 2/dopamine-2 receptor effects of antipsychotics, implications for understanding schizophrenia & its pathophysiology, 21942
use of propranolol in treatment of aggressive behavior, chronically aggressive hospitalized 20–41 yr olds with mental disorder or mental retardation, 31692
use of psychedelic drugs in treatment of obsessive compulsive disorder, 28477
use of psychotropic medication in preschool children, 5652
use of psychotropic medications & therapy, 6–13 yr old special education students with serious emotional disturbance, 3 yr study, 38279
use of risperidone for treatment of schizophrenia, Canada, 2335
use of selective serotonin reuptake inhibitors in treatment of obsessive compulsive spectrum disorders, 5637
use of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression in patients with heart disease, 38301
usefulness of tricyclics & selective 5-HT reuptake inhibitors vs benzodiazepines in treatment of panic disorder, 31709
validity & sensitivity & specificity of Brief Medication Questionnaire, assessment of adherence & barriers to adherence, 30–74 yr old patients, 28502
validity of diagnostic criteria & efficacy of tryccilic antidepressant pharmacotherapy, 21–60 yr olds with major depressive disorder, 31695
valproate & haloperidol, patients with nonmanic schizophrenic or schizoaffective psychosis, 5619
valproate induced hyperammonemia, 53 yr old female with bipolar disorder & alcohol dependence & 23 yr old male with schizoaffective disorder & mania, 35009
valproate vs lithium & associated serum levels, mania vs mixed mania, hospitalized 55 yr olds & older, 18667
valproate, effects on liver function & white blood cell count & platelets, patients with bipolar disorder & alcoholism, 28497
valproic acid treatment, pilocarpine induced miosis, males (mean age 48.6 yrs) with mania or hypomania, 31631
value of phase III clinical trials for assessment of efficacy of novel antipsychotic drugs in treatment of schizophrenia, 38242
venlafaxine combined with fluoxetine, anticholinergic side effects, 21–73 yr olds with major depression, 12146
venlafaxine vs bupropion, CSF levels of 5-HIAA & serotonin & 3-4-MHPG & HVA & DOPAC, outpatients with unipolar depression, 12205
venlafaxine, 37-yr-old female patient with psychotic depression, 1531
venlafaxine, 50 yr old male Vietnam veteran with PTSD & resistance to antidepressant treatment, 2331
venlafaxine, resistant postpsychotic depressive symptoms, 58-yr-old male with schizophrenia paranoid type, 21924
venlafaxine, social activity & general life functioning & depressive symptoms, 18–65 yr old outpatients with major depression, 18704
Viagra & cluster headaches, 46 yr old male, letter, 15429
vigabatrin, 2.5–22 mo olds with infantile spasms, 4–6 yr followup, 5773
visual field shimmering, 51 & 52 yr old males treated with nefazodone, 15298
vitamin E treatment, tardive dyskinesia symptoms, 19–60+ yr olds taking neuroleptic medications, 34953
volume & cost of medications used for pediatric HIV & AIDS infections, 1991–1992, US, 9117
white blood cell monitoring programs aimed at reducing rate of agranulocytosis in clozapine therapy for treatment-resistant schizophrenia, 25139
withdrawal of bromazepam, generalized tonic-clonic seizures, 56-yr-old female with organic mood syndrome & history of Japanese encephalitis, 12172
withdrawal symptoms after discontinuation of adjunctive fluoxetine, 51 yr old male patient with schizophrenia treated with clozapine , 28454
zolidem treatment, subjective tolerance & adverse effects & efficacy, 15–105 yr old outpatients with chronic insomnia, 5631
zopiclone vs temazepam, cognitive functioning, outpatients with insomnia, 28500
zopiclone, development of non-neuroleptic malignant syndrome, 62 yr old woman with history of alcohol dependence, 2354
zuclopenthixol, 19–64 yr old chronic neuroleptic-resistant aggressive schizophrenic vs psychotic oligophrenic patients, 2326

Drug Therapy [See Also Hormone Therapy]—Books

Drug Tolerance—Serials

abuse potential & dependence & tolerance & withdrawal & sites & mechanisms of action of caffeine, 4131
acute & chronic tolerance to nitrous-oxide-induced hypothermia, male rats, 10643
acute vs chronic caffeine administration & withdrawal, tolerance & motor activity & brain G protein & adenylyl cyclase levels, male caffeine dependent vs tolerant mice , 4194
acute vs subacute cholecystokinin A receptor agonist AR-R 15849, food intake & activity level & tolerance, male rats, 10663
analgesic effect & tolerability of ketorolac vs tramadol, patients with pain following nasal surgery, 5734
attenuation of cocaine-induced response-rate increases in operantly conditioned behavior during acute & repeated administration, pigeons, implications for cocaine reinforcement & tolerance, 10546
benzodiazepine dosage tolerance & duration until waking up after initial sedation & pretreatment aggression, aggression on waking from sedation, 18–64 yr olds with schizophrenia, 25172
blocking effect of dizocilpine on the development of tolerance to diazepam's sedative & anxiolytic effects, male rats, 13727
blood alcohol concentration & age & sex & weekday & time of day when apprehended, 28–68 yr old drunk drivers with unusually high blood alcohol concentrations, 21316
caffeine dependence & tolerance & reinforcement & withdrawal, humans & animals, 20348
calcium++ influx & mobilization from intracellular pools, expression of morphine tolerance, male mice, 13817
cannabis & endogenous cannabinoid systems in brain & drug tolerance & reward & dependence, 4119
chimeric, morphine-induced antinociception & tolerance & antinociception, male mice, 33413
chronic inflammation, development of morphine tolerance, male arthritic rats, 13774
chronic tolerance & sensitization to alcohol, at-risk sons of alcoholic fathers, 27873
clozapine tolerance & withdrawal, core body temperature, female rats, 17042
cocaine vs cocaethylene, acute development of tolerance to neurochemical & behavioral effects of cocaine, male rats, 36534
conditionability of cocaine-induced oscillation, male rats, 33435
constancy of food deprivation across retention period, loss of tolerance to amphetamine induced hypophagia, male rats, 36568
context specific morphine tolerance in paw pressure withdrawal & tail shock vocalization, male rats, 33376
cotreatment with fenfluramine & development of tolerance to morphine analgesia, rats, 4093
d-methadone, morphine tolerance & NMDA-induced hyperalgesia, rats & mice, 20279
development of cross-tolerance between morphine & nicotine & antinociceptive responses, male albino mice, 17123
diazepam before vs after convulsive stimulation, contingent tolerance & compensatory response & physical dependence, amygdala-kindled male rats, 7220
drug tolerance vs withdrawal with vs without tolerance vs no physiological dependence, adults with addiction to marijuana vs cocaine vs opiates vs amphetamines, 8289
economic context of operant responding & reinforcement loss, tolerance to behavioral effects of amphetamine under VI schedules, male rats, 20278
effect of chronic diazepam treatment on isoflurane sensitivity & effect of repeated isoflurane exposure on diazepam sensitivity, mice, 13732
efficacy & tolerability of paroxetine, social phobia patients, 31617
efficacy & tolerance of sulpiride, 18–70 yr old patients with mild to moderate depressive syndrome, 35016
gastroduodenal tolerability & efficacy of nimesulide vs diclofenac, patients with osteoarthritis, 5764
genetic background & sensitivity & tolerance to sedative-hypnotic & hypothermic effects of ethanol, gamma-protein kinase C, null mutant mice, 13701
ginseng total saponin, nicotine-induced hyperactivity & reverse tolerance & dopamine receptor supersensitivity, mice, 33425
higher sensitizing dose of amphetamine, induction of oral stereotypy & tolerance, male rats, implications for elicitation of behavioral disruption , 7211
impact of genetic factors in caffeine intake & tolerance & withdrawal, female monozygotic vs dizygotic twin pairs, 10383
increase in drug dosage as opioid tolerance vs increase in pain levels in cancer pain treatment, 5601
induction of cocaine tolerance, sensitization of cocaine induced behaviors, male rats, implications for animal model of addiction to psychomotor stimulants, 4130
injection environment conditioning & tolerance, asymmetric cross sensitization between phencyclidine & MK-801, female rats, 33513
lexipafant tolerability & safety, patients with HIV-associated cognitive impairment, 10 wk study , 28079
long vs short morphine infusion duration, conditioning effects & intraadministration associations & chronic drug tolerance development, rats, 33427
mecamylamine, nicotine tolerance development, male rats, 10618
mechanism mediating tolerance development to discriminating stimulus properties of hallucinogen 2,5-dimethoxy-4-iodo-amphetamine, male rats, 26853
mesencephalic neuron kappa opioid tolerance & dependence, rats, implications for treatment of cocaine addiction, 26758
morphine injections to intra-lateral &/vs intra-dorsal periaqueductal gray, tolerance development, male rats, 30058
morphine sensitivity & tolerance & withdrawal, spontaneously hypertensive vs Wistar-Kyoto & Sprague-Dawley male rats, 441
morphine vs tramadol, antinociception & tolerance & physical dependence, male mice, 719
morphine with competitive or noncompetitive NMDA antagonist, development of tolerance to discriminative stimulus effects of morphine & behavioral dependence, male rats, 26739
motivational conflict situation, 1-trial tolerance to anxiolytic effect of chlordiazepoxide in elevated plus-maze, male rats, 33470
neuropeptide agonist 1DMe, antinociceptive activity during tail-flick vs hot-plate tests, morphine naive vs tolerant male mice, 665
NMDA receptor antagonist LY235959, morphine tolerance progression modulation, morphine tolerant rats, 13689
olanzapine for treatment-refractory schizophrenia or schizoaffective disorder, 22–44 yr old patients responsive to & intolerant of clozapine, 3 mo followup , 28510
pharmacodynamics & pharmacokinetics & therapeutic efficacy & tolerability & dosage & administration of reboxetine, patients with major depression , 28439
progressive ratio 25 schedule of food delivery & development of morphine tolerance, pigeons, 13751
rapidly eliminated hypnotics, tolerance & rebound insomnia, 38310
rate-decreasing effects of mirfentanil & morphine & naltrexone & ketamine, pigeons before & after chronic mirfentanil treatment, 33400
regional brain metabolic responses to caffeine & effects of tolerance, heavy caffeine users & caffeine-intolerant adults, 10496
research & clinical management of cancer-related pain & opioid responsiveness & tolerance & psychological dependence, 22047
safety & tolerability of add-on therapy with fluvoxamine to clozapine monotherapy, 18–46 yr olds with schizophrenia or delusional disorder, 35028
safety & tolerability of citalopram in treatment of depression, 38330
scopolamine-produced learning & memory impairment, morphine tolerance & dependence, rats, 30072
silymarin, prevention of hepatotoxic effects & improvement of efficacy & tolerability of tacrine, patients with Alzheimer's disease, 12 wk study, 31615
subchronic vs acute administration of nitric oxide synthase inhibitor 7-nitroindazole, tolerance & anxiolysis as seen in open arm exploration time in elevated plus maze, rats, 4142
tolerability & safety & efficacy of clozapine, elderly psychiatric patients with no neurological comorbidity, 27508
venalfaxine extended release vs buspirone, 18+ yr olds with generalized anxiety disorder, 34966
visual feedback on task performance accuracy, formation of acute ethanol tolerance, 21–45 yr olds, 7242
withdrawal from continuous cocaine administration, duration of behavioral tolerance to cocaine & covariance of behavioral tolerance & accumbens 5-HT3 receptor functional down regulation, male rats, 17050
zolidem treatment, subjective tolerance & adverse effects & efficacy, 15–105 yr old outpatients with chronic insomnia, 5631

Drug Tolerance—Chapters

Benzodiazepines: Behavioral and pharmacologic basis of addiction, tolerance, and dependence, 25249
Dependence, tolerance, and alteration in gene expression, 17132
Tolerance and sensitization to cocaine: An integrated view, 4315

Drug Usage [See Also Alcohol Drinking Patterns, Drug Abuse, Intravenous Drug Usage, Marihuana Usage, Tobacco Smoking]—Serials

30-day summary measures vs expanded version of Timeline Follow-back interview technique, assessment of alcohol & drug use & sexual behavior, gay/bisexual 18–60 yr old men, 8366
abnormalities in cerebral serotonin vs dopamine transporter binding, male users of ecstasy vs other drugs, 26847
acceptability of computer HIV/AIDS risk assessment instrument, not-in-treatment drug users, 8388
acute vs chronic marijuana, changes in brain receptors & neurotransmitter systems & metabolism, humans & animals, 30895
adaptation of existing social skills behavioral therapy for rural populations including development of manual & supervision & training of therapists, rural drug users & drug dependents, 19068
adaptation of HIV prevention protocols to evolving trends in drug use, out-of-treatment substance abusers, 2544
ADHD & conduct disorder & gender, substance use & abuse, 17-yr-old twins & their mothers, 37626
age & educational achievement & educational aspirations & parent's education & protective & risk factors, frequency & quantity of drug use, male vs female Latino 9th & 10th graders, 17337
agreement between urine testing results performed prior to or after completing self reported drug use, drug users, 34357
alcohol & drug usage & acculturation & depression, 18–32 yr old male Puerto Rican vs Dominican vs Colombian immigrants, US, 4603
alcohol & drug usage, cases of sexual assault, 27779
alcohol & tobacco & other drug use & risk & protective factors, 8th–12th graders exposed to school-district wide prevention program, 1987 vs 1991, 22111
alcohol consumption & social & leisure status & psychological well-being, 65+ yr olds, 20657

anger & hostility & aggressive behavior & somatic complaints, male vs female young adults with & without regular substance use, Australia vs India vs US, 22015
application of primary socialization theory & effects of spirituality & government institutions on drug use & deviant behaviors & risk & protective factors & prevention & treatments, 27805
attitudes & expectations of & barriers to seeking treatment services, 17–44 yr old amphetamine users, England, 25547
attitudes about own & other's drug use & school-based drug education & parental drug knowledge & strategies to prevent drug use, 12 & 13 yr olds & their parents, 24536
authoritative parentsvs peer influence vs sensation seeking, drug use, African American vs European American vs Chinese 7th vs 9th vs 11th graders, 14751
availability & practical considerations & clinical usefulness of biological indicators of illicit drug use, 37583
behavioral theories of choice & contextual view of reinforcement in predicting substance use, psychiatric outpatients (mean age 38.41 yrs), 30878
belief-type drug use myths index, prediction of subsequent drug use, high risk 14–19 yr old continuation high school students, 1 yr study , 17315
binge eating & substance use behaviors & attitudes & mental health, male vs female 10–20 yr olds, 34505
causal analysis of drug trafficking &/vs use, urban African-American 9–15 yr olds, 2 yr study, 943
characteristics of dependent vs nondependent regular users of codeine, 18–82 yr olds, 27882
characteristics of long-term codeine use & associated mental health issues, Ss (mean age 44 yrs), 27877
chart recorded psychiatric or substance use diagnoses, Ss giving birth in California in 1992, 24090
child & family & peer antecedents of & progression toward patterned alcohol & tobacco & marijuana use, childhood risk structure model,11–16 yr old males 1st studied at 9–10 yrs, 18038
childhood psychiatric disorders, prevalence & timing of substance use & abuse, 9–13 yr old boys vs girls, 30564
cigarette smoking & illicit drug use & compensating wage differentials for risk of job-related death, workers, 3132
client characteristics & interview mode, bias in survey measurements of drug use, 18–45 yr olds, 3403
client vs therapist ratings of therapeutic alliance, depression & drug use outcomes, 19–59 yr old cocaine dependent outpatients in cognitive vs dynamic therapy vs drug counseling, 18473
clonidine use & illicit abuse, 24–59 yr old methadone program patients & applicants, 9229
co-occurrence of persistent substance use with ADHD or persistent delinquency or internalizing problems or other problem behaviors, 7–18 yr old boys, 30894
cocaine use vs abuse vs dependence, 22–62 yr old female monozygotic vs dizygotic twins, 1784
cocaine, depressive symptoms during abstinence & subjective high produced by subsequent administration, cocaine-addicted males (aged 25–47 yrs), 34378
common syndrome model for explaining correlations between tobacco & alcohol & cannabis use during adolescence, 16 yr study, 1790
compensatory driving strategy & increased driving risk in drivers less than 25 yrs vs 35–55 yr olds vs 65+ yrs & concordance for psychotropic drug use in older married couples, 3197
criticism of previous research & family-risk & stress–coping based conceptual model for studying alcohol & drug use, Asian American adolescents, 8379
culturally appropriate strategies for & barriers to accessing & recruiting & retaining research Ss, Asian users of drugs, 8368
culture & implicit memory, marijuana or alcohol use, 18–50 yr old drug offenders, 8332
current &/vs past alcohol & drug use & sexual behavior related to HIV risk, 18–73 yr old seronegative males having sex with males, 18088
definitions of prior alcohol problems & predominance of recovery from such problems with vs without treatment, 20+ yr old alcohol users, 28763
demographic & alcohol & other substance use factors associated with violent vs accidential injuries vs non-injury-related medical conditions or illnesses, adults admitted to emergency rooms, 24528
demographic & family & peer & school factors, narcotics use, 7–12th graders, 11650
demographic & psychosocial & other risk factors for illicit drug use, females with disabilities, 4848
demographic characteristics & drug histories, cocaine users (aged 10–49 yrs) in drug treatment, 34351
demographic characteristics & pattern of illegal drug use, 16–47 yr olds in drug cessation programs, China, 19094
demographics & antisocial symptomatology & drug history & axis I comorbidity & index treatment, males vs females with antisocial personality disorder or antisocial behavior in adulthood, erratum, 11289
depression & anxiety & psychotropic drug use & cognitive performance, community dwelling 59–71 yr olds, 17770
description & outcome evaluation of Intensive Multiphased Program of Assessment & Comprehensive Treatment for jail-based drug users, 19084
development & evaluation of substance use prevention & treatment program, low income mothers & pregnant women & children, 5 yr study, 19092
developmental course of marijuana use, 14–20 yr old Native Americans, 3 yr study, 11630
drug abuse prevention program, cigarette & alcohol & marijuana & hard drug use, 14–19 yr old at risk high school students, 1 yr follow up, 6163
drug abuse prevention program, cigarette & alcohol & marijuana & hard drug use, 14–19 yr old at risk high school students, 1 yr follow up, erratum, 2874
Drug Abuse Resistance Education program vs standard drug-education curriculum, drug use & attitudes & self-esteem, 6th graders, 10 yr followup, 28938
Drug Abuse Resistance Education program, attitudes & beliefs & social skills & drug use, urban & suburban & rural 6th graders, 6 yr study , 958
drug use & athletic performance, 28–35 yr old professional caliber bodybuilders, 14724
drug use & eating behaviors & attitudes, 7th–12th graders, implications for prevention, 31818
drug use & HIV related sexual risk behaviors, adult female inmates, 18103
drug use & law abidance beliefs & sensation seeking & fear of victimization & high risk group identification & self protection needs & behaviors & demographics, violence, adolescents, 1 yr followup, 37609
drug use opportunity & transition to drug usage, 12–18 yr olds, Panama, 30879
drug use toxicology, accuracy of toxicology & validity of self-reported drug use during psychiatric exam, chronic pain patients (mean age 45.46 yrs) , 35937
drug use, 19–50 yr olds, Ghana, 14723
drug using trends from 1984–94, Spanish college students , 27866
early adolescent conventional attitudes & friendships & positive goals & drug use, age appropriate developmental behaviors, 32–36 yr olds observed since 7th–9th grade, 14045
early cigarette & alcohol & marihuana use vs other risk factors, likelihood of other drug use, high school seniors, test of gateway theory, 37573
eating disturbances & aggressive behavior & risk for drug use & attempted suicide, 11–19 yr old females, 37717
ecstasy, glucose metabolic uptake in amygdala & hippocampus & Brodmann's area II & other brain regions, 19–29 yr olds, 30902
epidemiological trends in use of alcohol vs cigarettes vs cannabis vs cocaine vs LSD, American vs Canadian 12–19 yr olds, 24524
epidemiology of substance abuse in adolescents & policy implications, 27025
ethanol & temazepam, episodic memories, 19–43 yr olds, 27885
ethnicity & sex, drug use & refusal of drug offers & drug offer processes, African American vs Mexican American vs White American 7th graders, 20439
ethnographic study of settings & social contexts of shotgun inhalational drug use technique & sexual & other associated behaviors & risk of infectious disease transmission, drug users, 21335
evaluation of medicine information training program, elderly, 2524
experience of loss & other life situations & events, onset & maintenance of drug use, inner-city African American women, 34374
experimental manipulation of interviewer- vs self-administered interviews concerning HIV related sexual & drug use behaviors, 12–49 vs 50–64 vs 65+ yr olds, 1980
factor structure & validity of Temptation Coping Questionnaire, assessment of coping strategies for resisting alcohol vs marihuana & other drug use, high school students (mean age 16.6 yr olds), 32609
factors influencing order of injecting with shared needle & syringe, 17–53 yr old iv drug users, 8341
family background & street lifestyle & economic factors, substance use, male homeless youth (mean age 18.86 yrs), 34340
family environment & substance use & depression, 14–17 yr olds, Russia, 4885
family structure & economic resources & residential mobility & drug use, 12–17 yr olds, 5080
frequency of health conditions & behavioral risk factors & preventive health practices & sexual behaviors & drug use, 18–65 yr olds in Harlem, 1992–94, 22094
frequency of relapse & efficacy of treatment, drug users, 2681
frequency of urine testing, detection of opioid & cocaine use, patients in methadone maintenance treatment, 32055
genetic vs environmental factors, tobacco & alcohol & other drugs, 17–18 yr old monozygotic vs dizygotic & male vs female twin pairs, 27052
genetic vs shared vs unique environmental influences, lifetime & current prevalence of alcohol & tobacco & drug use & associated risk factors, 8–16 yr old mono- & dizygotic twins, 20584
heroin & cocaine usage patterns, methadone patients, 1792
HIV-related risk acts & T-cell counts & HIV symptoms & emotional distress & coping style, HIV+ 14–23 yr olds with vs without current or lifetime history of amphetamine use, 28078
household cigarette & alcohol & drug use, future use, 11–16 yr olds, 8380
hyperactivity & executive cognitive functioning in childhood, tobacco & cannabis use in adolescence, 10–12 yr old males with vs without substance using fathers, 2 yr followup, 11598
hypokalemic myopathy & renal tubular damage due to ingestion of laxatives or diuretics or licorice, 29 yr old female anorexia nervosa patient, 21418
illicit prescription drug abuse, recovering drug dependent pharmacists, 17985
impact of genetic factors in caffeine intake & tolerance & withdrawal, female monozygotic vs dizygotic twin pairs, 10383
inhalant use & delinquent or criminal behavior, 7th–12th grade inhalant vs other drug experimenters vs inhalant users vs other drug users, 30826
integrative framework for researching drug use & linking immigrant & native born adolescents & parents to social environments, Hispanic adolescents, 8383
intensive family-focused interventions, parents' drug use & children's initiation of drug use, methadone-treated parents & their 3–14 yr olds, 12 mo followup, 19055
interdisciplinary & comprehensive & coordinated & managed care treatment model for pregnant licit & illicit substance users, 25535
issues & challenges in & techniques to facilitate involvement of Hispanic community in alcohol & tobacco & other drug research, 8345
job demands & control & strain as aspects of psychosocial environment, non-medical drug usage, full-time nurses, 24539
loss of traditional Hispanic family-oriented sex role values & degrees of acculturation, drug use, 18–87 yr old Puerto Ricans, 8342
LSD or other hallucinogens, neuropsychological functioning, 13–58 yr old drug users, 18048
MDMA, mood & cognition before vs during vs after a Saturday night dance, 19–30 yr old regular vs novice MDMA users vs controls who had never taken MDMA, 729
medical specialty, self reported drug use & abuse, physicians, 21314
model & dynamics of community involvement in drug abuse & HIV research, drug users & prostitutes, 8017
model of influence of personality traits & sensation seeking & peer influence on later drug use & prevention & primary socialization theory, adolescents, 27039
National Institute on Drug Abuse Cooperative Agreement standard vs enhanced intervention for HIV/AIDS risk, drug use & condom use & number of sex partners, noninjecting drug users, 2494
nonsteroidal anti-inflammatory drug use, Alzheimer's disease risk, aged adults, 15 yr study, commentary, 5331
onset of psychopathology & alcohol & cannabis use & substance-related problems from late childhood through early adolescence, sons of fathers with vs without substance use disorder, 30875
part-time employment during school year & tobacco & alcohol & other drug use, Black vs White male vs female high school students, 36826
patient carisoprodol usage patterns & physician knowledge of abuse potential, patients & physicians, 22065
patient characteristics, cocaine using patients in inpatient treatment, 32035
pattern of use & dependence & criminal justice history & user characteristics, progression of use between powder cocaine & crack, 18–69 yr old arrestees, 18076
patterns of use of & treatment for MDMA/ecstasy & associated physical & psychosocial side effects & iv & polydrug use, 15–46 yr old ecstasy users, 24543
peer & parent & school influences, trends in substance use, 7th–12th graders, 30912
perceived effects of anabolic-androgenic steroids on physical ability & psychological abilities, 18–35 yr old male body builders, 35708
perceived stress from work & family & personal life & alcohol & drug use & smoking, active duty military male vs females, 20798
perceptions & decisions about alcohol & other substance use & abuse, males 15–18 yrs old in juvenile detention, implications for interventions , 37545

perceptions of health & self image & substance use & experimental behaviors, 15–20 yr olds, 20564
personal relationship, responses to drug offers from friends vs romantic partners vs family members, 12–17 yr olds, 20614
personal social networks & HIV status, 24–60 yr old female drug users on methadone, 8348
phenytoin, cocaine self administration & cardiovascular measures & self reported craving, 20–45 yr old crack cocaine users, 18079
physical activity & SES & school attachment & ability & self concept & perception of future strain/opportunity & associates & peer status & exposure to dropouts & values, drug use, high school seniors, 7524
physiological & subjective & behavioral performance effects of graded doses of oral cocaine HCL, 24–45 yr old recent cocaine users, 23575
positron emission tomographical study on reduced dopamine transporter density, 18–65 yr old abstinent methamphetamine vs methcathinone users vs patients with Parkinson's disease, 1404
predictive relationship between dichotic listening deficits & substance use, young boys (mean age 11.3 yrs), 3 yr study, 30911
predictors of illicit substance use, adolescents & young adults, 1800
present vs future time perspective, self-reported alcohol & drug & tobacco use, 14–67 yr olds, 27256
prevalence & frequency & intensity & intentions for repeated use & functions of & peer involvement in alcohol & cannabis & amphetamine & ecstasy usage, 16–21 yr olds , 27031
prevalence and sociodemographic correlates of khat chewing, rural community residents, Ethiopia, 33847
prevalence of violence & substance use, pregnant 12–19 yr olds, 30828
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary, 35119
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors & U.S. drug control policy, commentary, 35147
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary reply, 35136
Problem Oriented Screening Instrument for Teenagers, assessment of family functioning, clinic referred 12–19 yr olds with behavior problems including drug use & their parents, 21000
prosocial values & self efficacy in delinquency & risky sexual behavior & drug use, male vs female racially diverse 12–19 yr olds, 21370
psychiatric comorbidity, patients with migraines with vs without history of chronic substance use, 34561
psychological & behavioral characteristics, 18–59 yr old gay & bisexual males who do vs do not intend to use antiretroviral post-exposure prophylaxis to prevent HIV infection, 5265
psychosocial & drug use variables in adolescence predictive of drug use problems in adulthood, 16 yr old females, 3 yr study, 18081
psychosocial correlates & prevalence of prescription & over the counter medication usage, community dwelling 65–75+ yr old Mexican Americans, 2131
psychosocial variables & sexual & drug risk behavior, HIV positive vs negative African vs European American male partners of HIV positive females, 28071
race & motivation & drug use identity, male vs female drug users, 1754
rate & drug use & sexual correlates of HIV seropositivity & self-selection for HIV testing, out of treatment drug users, 5072
rates of exposure to initial opportunities to try drugs, probability of transition to drug use, male vs female 12 yr olds & older, 1979–94, 36828
regional brain metabolic responses to caffeine & effects of tolerance, heavy caffeine users & caffeine-intolerant adults, 10496
regular current or former use of nonsteroidal anti-inflammatory drugs or/vs aspirin, cognitive performance, 48–67 yr olds, 23564
relation between cognitive distortions & aggressive behavior & drug use, 15–17 yr old boys with vs without family history of substance use disorder , 11614
relationship between alcohol consumption & illicit drug use & risk-taking dispositions & risk of injury, adults, 11077
relationship between individual characteristics of age & gender & neighborhood characteristics of social deprivation & integration & use of benzodiazepines, residents of Dutch city, 28432
relationship between substance use & behaviors that increase risk for motor vehicle crashes & crash-related injuries, college students, 34355
relationships between prescription & over-the-counter drug use, elderly, 28480
reliability of AIDS knowledge inventory, 18 yrs or older Black drug users, 18893
reliability of Form 90D interview, self report of drug usage, drug treatment clients, 6640
religious importance & attendance & affiliation, unintentional & intentional injury & substance use & lifestyle, high school students , 7554
reporting of health-protective behaviors & substance use & sexual behaviors using computer-assisted self-interview vs written self-administered questionnaire, 13–20 yr olds, 22910
resident characteristics & selected organizational factors, appropriateness of psychotropic drug use, 77–87 yr old residents in 33 nursing homes, Sweden, 2642
risk & moderating effects of protective factors, marijuana & alcohol & tobacco usage, 11–17 yr old urban African Americans during transition from middle to high school, 1 yr study, 20612
risk & resilience factors associated with sexual intercourse & gang involvement & alcohol & drug use, urban culturally diverse 12–16 yr olds, 972
risk factors associated with adolescent use of doping agents, high school students, 30890
risk factors for need for & utilization of & failure to receive needed health care treatment, male vs female adult injection drug users vs illicit drug users vs nonusers , 18904
risk for violent victimization & HIV, females with schizophrenia & co-occurring substance use disorders, 37224
role of clozapine in aleviating dysfunction in dopaminergic mediated mesocorticolimbic reward system, patients with comorbid schizophrenia & substance use disorder, 15297
role of familial-environmental & genetic factors, use & abuse of & dependence on hallucinogens & opiates & sedatives & stimulants, 22–62 yr old female twins, 30889
role of social systems in race differences in drug use, adolescents & young adults, 8386
self-reported drug use in rural Alaskan villages, Native Alaskan key informants & preschool parents of Head Start students, 1990–95, 17547
sensation seeking & substance use & risky sexual behavior, adult male homosexuals, 8358
service user characteristics & substance use & health & social problems, national cohort of 16–58 yr old service users at agencies taking part in National Treatment Outcome Research Study, 5928
sex & race/ethnicity & trends in opportunity for & progression to actual use of marihuana & cocaine & heroin & hallucinogens, 12+ yr olds, 1979–1994, 21353
side effects of over-the-counter oral yohimbine use, 44–53 yr old males with PTSD, 30791
similarities & relationships between impulse control & substance use disorders, 1416
situational & place-based & demand-reduction strategies for tackling drug markets, 19536
smokeless tobacco (ST) pattern usage & extent of dependence & attempts to quit, ST users (mean age 30.8 yrs) seeking treatment, 28769
social & behavioral circumstances as indirect risk measures for HIV transmission & opiate drug use, 18–51 yr old opiate users, 9239
social & personality factors & psychopathologies in etiology of deviance & substance use & narcotic addiction in relation to primary socialization theory, 27803
social bonding & previous illicit drug use, hard drug usage, White vs African American vs Mexican American vs Asian American 10th graders, 2 yr study, 18039
social networks & supports & peer/family drug use & other psychosocial factors, substance use, Anglo vs Native American vs Hispanic 11–15 yr olds, 21327
sociodemographic & drug use & diagnostic correlates, homeless 17–60 yr old inpatients with dual diagnosis, 14405
sociodemographics & patterns of drug use & drop out rate from drug treatment therapeutic communities, adult heroin users, Greece, 25537
statistical association of mental distress & risk of hip fracture & use of tranquilizers or sedatives or hypnotics, 50–101 yr old females, 3 yr followup, 24696
stimulant use in psychiatric sports medicine, 1782
stress-coping factors & cigarette & alcohol & marijuana use, urban African American vs Hispanic vs White & male vs female 6th–9th graders, 1807
substance use & impact of school-based drugs education, 4–18 yr olds, 8369
substance use during adolescence & HIV risk behavior among young adults, 19–21 yr olds with vs without college education, 20610
substance use patterns, college students, 21298
substance use, risky sexual behavior, male vs female adolescents, 18 mo study, 14730
tobacco & other substance use, male vs female Black vs White vs Hispanic high school students, 915
tobacco use predictors, current vs later tobacco use, adolescents, meta analysis , 27038
traditional beliefs & practices, contemporary marijuana use & mental health problems, inpatients, Malawi, 1753
tranquilizer & smokeless tobacco use, 7th–12th graders, 1992, 18089
trauma & substance use & HIV knowledge & attitudes & risk behavior, 18–75 yr old urban American Indian females, 6 mo study, implications for HIV prevention, 28086
Treatment Alternatives to Street Crime program, services received & drug use & criminal recidivism, offenders, 6 mo follow-up, 22289
treatment seeking behaviors, high risk out of treatment injection drug users & crack smokers from urban vs rural Florida, 19040
trends & current psychostimulant usage, 4–18 yr olds with ADHD, Australian vs US data, 25209
trends & patterns in drug use & economic & social effects, Sub-Saharan African nations, 18028
use of physician prescribed special diets & food preferences & daily & occasional drug use, elderly adults, 30262
use of social structural strain theory to explain & study drug use behavior, African Americans, 8338
validity of Spanish version of 49-item short form of Addiction Research Center Inventory, subjective effects of sedatives vs stimulants vs opioids, healthy & opioid-dependent males, 24510
victim–perpetrator relationship & perpetrator's use of force & threats & drugs in committing rape, female rape survivors, 21231
visual scanning & specific attentional dysfunction after early start of cannabis use, healthy adults, 17036
work & demographic factors, lifetime & current use of licit & illicit & prescription & over-the-counter drug use & dependence & negative consequences of alcohol consumption, 19–72 yr old female nurses, 24516

Drug Usage [See Also Alcohol Drinking Patterns, Drug Abuse, Intravenous Drug Usage, Marihuana Usage, Tobacco Smoking]—Books

Bodily rhythms and states of awareness, 19894
Drugs, alcohol, and your children: What every parent needs to know, 34383
Drugs, behavior, and modern society (2nd ed.), 8391

Drug Usage Attitudes [See Also Alcohol Drinking Attitudes]—Serials
attitudes about own & other's drug use & school-based drug education & parental drug knowledge & strategies to prevent drug use, 12 & 13 yr olds & their parents, 24536
attitudes toward police detection & enforcement of marijuana use, high school students, 3250
belief-type drug use myths index, prediction of subsequent drug use, high risk 14–19 yr old continuation high school students, 1 yr study , 17315
binge eating & substance use behaviors & attitudes & mental health, male vs female 10–20 yr olds, 34505
demographic characteristics & motivations for & possible deterrents to use & expectations about effects of anabolic–androgenic steroids, 18–50 yr olds, 30903
Drug Abuse Resistance Education program vs standard drug-education curriculum, drug use & attitudes & self-esteem, 6th graders, 10 yr followup, 28938
e-mail assessment of attiudes toward smoking, college students, 37036
ethnicity, beliefs associated with smoking behavior, Black vs Puerto Rican vs White females 13–19 yr olds, implications for smoking interventions , 38452
extent & nature of self-reported non-fatal overdose & injecting behavior, 14–54 yr old injecting drug users, 30904
general public substance-abuse knowledge & attitudes as effectiveness measures in evaluation of multimedia drug education program, 15445
heaviness of abuse & drug preferences & personality organization, drug abusers, 11637
higher vs lower density areas, attitudes & behaviors regarding substance use, respondents (mean age 45 yrs) from rural Kentucky counties, 17541
lifestyle alcohol risk reduction program, attitudes toward & incidence of alcohol consumption & beliefs in myths about alcoholism etiology, fraternity & sorority members, 1 yr follow up, 28636
perceptions & decisions about alcohol & other substance use & abuse, males 15–18 yrs old in juvenile detention, implications for interventions , 37545
psychedelic usage methodology & attitudes, Buddhist meditative proficiency & deepened states & educational value, 8840
risk factors associated with adolescent use of doping agents, high school students, 30890
self concept & attitudes & intentions & planned behavior & peer pressure & social norms & dimensions of habit, marihuana/cannabis usage, 17–59 yr old college students, 3-mo follow-up, 27843
self reported frequency & misperceptions of norms of alcohol & drug use, college students, 20810
smoke free policy in alcohol rehabilitation program, smoking behavior & attitudes, patients & staff, 15636
smoking behavior & knowledge & attitudes toward smoking & quitting & providing smoking cessation care to patients, 20–59 yr old nurses, 27258
Drug Usage Attitudes [See Also Alcohol Drinking Attitudes]—Chapters
Substance abuse in American society, 34388
Drug Usage Screening—Serials
agreement between urine testing results performed prior to or after completing self reported drug use, drug users, 34357
availability & practical considerations & clinical usefulness of biological indicators of illicit drug use, 37583
carbohydrate deficient transferrin vs gamma glutamyl transpeptidase screening for alcohol problems after treatment for alcoholism, adult male vs female alcoholics, 9809
criterion validity of CAGE scale for screening alcoholism & covert drinking problems in general population surveys, 15–92 yr olds, 25514
detection of alcohol & estimation of blood alcohol concentration from breath odor, police officers evaluating Ss with varying blood alcohol concentrations, implications for evaluation of drunk drivers, 16283
development & validity of theoretically-based substance abuse scale for personnel selection, 12812
drug use toxicology, accuracy of toxicology & validity of self-reported drug use during psychiatric exam, chronic pain patients (mean age 45.46 yrs) , 35937
frequency of urine testing, detection of opioid & cocaine use, patients in methadone maintenance treatment, 32055
hair analysis as test for substance use & applications in psychiatry, 2139
identification of excessive alcohol consumption through accurate history taking, hospital ward doctors & nurses, 1 yr follow-up, 11638
internal consistency & reliability & prediction of alcohol use of Leeds Dependence Questionnaire, 11–48 yr olds, 29416
self report vs Substance Abuse Subtle Screening Inventory vs urine toxicology screening, cost effective drug screening, pregnant females (mean age 22.1 yrs), 38455
sensitivity & specificity of breathalysers for assessing blood alcohol concentrations, 16–62 yr olds presenting at emergency departments within 10 hrs of injury, Kenya, 23560
validity & reliability of Alcohol Use Disorders Identification Test, screening for hazardous & problem drinking, 18–23 yr old students cited for violating university drinking rules, 36020
validity of self-report of drug use vs urinalysis, 18–40+ yr old emergency room & STD clinic patients & arrestees in jail, 18055
Drug Usage Screening—Chapters
Developing clinical tools for the workplace: ORBIT, 25880
Drug toxicology, 14773
EAP and SAP interface issues in small businesses, 25882
Laboratory testing, 5121
Workplace safety, drug testing, and the role of the EAP professional, 25868
Drug Withdrawal [See Also Alcohol Withdrawal, Nicotine Withdrawal]—Serials
20 vs 30 mg tetrahydrocannabinol, abstinence symptoms, 21–29 yr old marijuana smokers, 11615
5 mo continuation treatment following 6 mo of successful treatment with clonazepam vs tapered discontinuation, clinical response & relapse rates & withdrawal symptoms, 18–55 yr olds with social phobia, 2296
6-hydroxydopamine lesion of noradrenergic neurons of locus ceruleus, opiate withdrawal syndrome & clonidine, male rats, 33192
abuse potential & dependence & tolerance & withdrawal & sites & mechanisms of action of caffeine, 4131
accidental ingestion of naltrexone, ultra-rapid opiate detoxification, 30-yr-old male methadone maintenance patient, 32045
acute & long term effects of vigorous exercise training, affect & nicotine withdrawal & cigarette craving, females in smoking cessation research study, 22253
acute vs chronic caffeine administration & withdrawal, tolerance & motor activity & brain G protein & adenylyl cyclase levels, male caffeine dependent vs tolerant mice , 4194
addition of fluoxetine to selective serotonin reuptake inhibitor tapering & discontinuation, withdrawal symptoms, 25–74 yr olds with major depression &/vs panic disorder, 12147
alterations of T-lymphocyte proliferative responses & immunophenotypic markers on lymphoid cells, 20–40 yr old male heroin addicts & heroin withdrawal Ss, 5078
alternate-day buprenorphine dose, precipitated withdrawal, female 34 yr old opiate addict , 12516
amphetamine pretreatment & withdrawal & endogeneous cholecystokinin-A receptor activation with devazepide, potentiation of amphetamine-induced locomotion, male rats, 10560
anticonvulsive gabapentin withdrawal, development of catatonia, 48-yr-old female with bipolar affective disorder, 18731
antidepressant amineptine, patients suffering from amphetamine withdrawal, 15639
arachidonic acid cascade inhibitors, acute dependence induced by & opiate withdrawal mediated by selective mu & kappa & delta opioid receptor agonists, male guinea pig ileum & rabbit jejunum, 26746
benzodiazepine discontinuation, psychomotor performance, 22–75 yr old long-term benzodiazepine users, 12-wk study, 18729
caffeine dependence & tolerance & reinforcement & withdrawal, humans & animals, 20348
caffeine deprivation, vigilance performance & mood & caffeine-withdrawal symptoms, 22–56 yr old habitual coffee drinkers, 4191
cellular & molecular actions of cocaine & amphetamine in mesoaccumbens & related dopamine systems & chronic exposure induced neuroadaptations & addiction & withdrawal states, 4295
characteristics of serotonin reuptake inhibitor discontinuation syndrome, 2329
chronic & acute nicotine treatment & withdrawal & mecamylamine pretreatment, preproenkephalin A mRNA levels in striatum & hippocampus, male rats, 4172
chronic ethanol consumption & withdrawal, GABA type A receptor subunit gene expression & sensitivity & seizure thresholds & susceptibility, female vs male rats, 4135
cis-flupenthixol, locomotor activity during withdrawal from self- vs experimenter-administered cocaine, male rats, 10533
clozapine tolerance & withdrawal, core body temperature, female rats, 17042
clozapine vs haloperidol vs clonidine, naloxone induced withdrawal jumping & locomotor activity, morphine dependent male mice, 13694
cocaine withdrawal, midbrain dopamine neurons in substantial nigra pars compacts & ventral tegmental area, rats, 23533
cocaine withdrawal, serotonergic responsiveness, male rats, animal model of major depression, 625
combinations of naltrexone & buprenorphine taper over 8 days, withdrawal symptoms & medication use, 18–40 yr olds in opioid detoxification, 38622
cyclooxygenase-2 induction during acute & chronic ethanol treatment & withdrawal, male rats, 20312
development of major depression with psychotic features after discontinuation of interferon-alpha treatment for malignant melanoma, 34 yr old male, 28610
development of manic symptoms on antidepressant discontinuation, patients with bipolar disorder, 34977
discontinuation of benzodiazepines, psychological distress & quality of life & adaptation difficulties, 21–65 yr olds diagnosed with nonpsychotic anxiety or insomnia, 26827
discontinuation of carbamazepine, neurocognitive performance, 10.1–14.3 yr olds with symptomatic partial epilepsy, 31803
distinct adverse reactions to fluvoxamine & subsequent withdrawal, female 45 yr old with major depression & PTSD & whiplash & temporomandibular joint pain, 2415
dopamine D1 &/vs D2 receptor specific antagonists, naloxone induced morphine withdrawal-induced aggression, male mice, 36609
dose ratios of buprenorphine & naloxone combination, agonist effects, withdrawal, morphine-stabilized opiate-dependent 27–45 yr olds, 12523
dosing conditions of & duration of exposure to caffeine, withdrawal symptoms, adults, 20286
drug craving & withdrawal symptoms & associated mood states, male patients in rehabilitation for addiction to 1 or more drugs, 3149
drug tolerance vs withdrawal with vs without tolerance vs no physiological dependence, adults with addiction to marijuana vs cocaine vs opiates vs amphetamines, 8289
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary reply, 14763
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary, 14728
early withdrawal from repeated cocaine, neostriatal muscarinic & dopaminergic receptor binding density, female rats, 10665
effects of gradual withdrawal of antiparkinsonian medication, clinically stable patients with chronic schizophrenia, China, 18750
effects of withdrawal from chronic amphetamine vs fluoxetine administration on brain stimulation reward & acute vs chronic fluoxetine pretreatment on amphetamine challenge, rats, 33439
efficacy & safety & gradual discontinuation of clonazepam drug treatment, 18–74 yr old patients with panic disorders with or without agoraphobia, 38284
endogenous opioid antagonists, opioid withdrawal like behaviors/symptoms induced by electrical stimulation of paragigantocellularis, opioid naive male rats, 13776
ergotamine-induced headache & ergotamine withdrawal, information processing as assessed by ERPs, migraine patients, 15292
fluoxetine treatment for clomipramine withdrawal symptoms, 42 yr old male with major depression and panic disorders, 18661
fluoxetine, 31–74 yr olds with major depression & subsequent selective serotonin reuptake inhibitor discontinuation syndrome, 2279
genetic determinants of acute withdrawal from diazepam & pentobarbital & ethanol, various strains of male mice, 33451
impact of genetic factors in caffeine intake & tolerance & withdrawal, female monozygotic vs dizygotic twin pairs, 10383
incidence & severity of perceived withdrawal symptoms, adults seeking treatment for marijuana dependence, 37551
insensitivity to sedative effects of lorazepam on progesterone withdrawal, female rats, 723
intermittent ethanol exposure, locus coeruleus morphology & ethanol-withdrawal symptom severity, 3–4 vs 29–30 mo old male rats, 36608
knowledge of antidepressant discontinuation symptoms, pharmacists, 15291
lamotrigine, naloxone-precipitated opiate withdrawal, heroin-dependent 29–41 yr olds, 2696
lithium & its discontinuation, suicidal behavior, patients with manic depressive disorders, 12143
methadone, pharmacodynamic & pharmacokinetic effects, abstinent rats, 7195
morphine sensitivity & tolerance & withdrawal, spontaneously hypertensive vs Wistar-Kyoto & Sprague-Dawley male rats, 441

multiple ethanol withdrawals, seizure sensitivity to Ro15-4513, rats, 20338
naloxone, morphine withdrawal & induced place aversion, male rats, 728
neuropsychological deficits, male patients who have withdrawn from cocaine, 21346
nimodipine, extracellular dopamine levels in the nucleus accumbens shell, ethanol dependent vs non-dependent male rats, 36611
olanzapine, clozapine discontinuation symptoms, adult in- & out-patients with schizophrenia treated with clozapine, 9+ wk study, 38319
opioids, glutamate-mediated transmission in ventral tegmental area during morphine withdrawal, rats, 26812
oral methadone formulations, opiate withdrawal symptoms, 30–55 yr old patients, 38606
permanent focal hyperhidrosis following termination of opiate abuse, 21 yr old female & 39 yr old male, 30868
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, reply, 38257
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38209
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38254
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38259
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, 38258
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38208
physical dependence, relative reinforcing effects of caffeine vs placebo, 22–49 yr olds, 663
plasma concentrations 24 & 48 & 72 hrs post administration of different doses of buprenorphine & opiate withdrawal symptoms & agonist effects & use of other drugs, opiate dependent outpatients, 25517
possible nefazodone withdrawal syndrome upon abrupt discontinuation, 28 yr old healthy male , 26797
progressive relaxation & gradual medication withdrawal in weaning from sleep medication, 21–80 yr old insomniacs, 25263
psychomotor & memory & behavioral & social & physiological & mood symptoms of withdrawal from marijuana, male 21–44 yr old marijuana smokers, 21 day study, 10586
psychosis following discontinuation of estrogen-progestogen contraceptive & improvement following hormone replacement & antipsychotic medication & oxcarbazepine, 51 yr old woman, 34160
psychotropic medication withdrawal & home based exercise program, reduction of falls, 65+ yr olds, 28246
reliability & validity & factor structure of Amphetamine Withdrawal Questionnaire, inpatients & outpatients with amphetamine withdrawal, 13077
repeated ethanol administration in plus maze in producing anxiety-related behaviors, male mice, animal model for conditioned abstinence behavior, 17029
risperidone & opioid concomitant treatment, withdrawal symptoms, 26-yr-old male & 31-yr-old female with opioid dependence, 22271
ryanodine vs thapsigargin & pretreatment & calcium in modifications of naloxone-precipitated withdrawal jumping & noradrenaline turnover frontal cortex, morphine-dependent mice with vs without diabetes, 13795
seizures following discontinuation of lorazepam cotreatment during clozapine treatment, 26 yr old male with schizophrenia, 25187
selective mGlu2/3 receptor agonist, naltrexone-precipitated morphine-withdrawal-induced activation of locus coeruleus & withdrawal behavior, male rats, 17116
selective serotonin reuptake inhibitor discontinuation syndrome, 35014
selegiline, long term changes in dopamine efflux & stress immobility following opiate withdrawal, male Wistar rats, 4160
short term withdrawal from benzodiazepines, subjective sleep quality, hospitalized geriatric patients, 38293
small platform stress, diazepam withdrawal induced behavioral changes, mice, 7241
SR141716A, withdrawal syndrome, male mice exposed to delta 9- tetrahydrocannabinol, animal model of cannabinoid dependence, 4124
sudden nefazodone discontinuation & withdrawal symptoms, 22 yr old female with depressive disorder & anxiety, 21918
trazodone & valproate, withdrawal symptoms & taper outcome, benzodiazepine dependent 21–70 yr olds, 12227
treatment protocol for laxative withdrawal & treatment response at 3–20 mo, eating-disordered females, 18479
triazolam administration & withdrawal, food intake, baboons, 26862
validity & reliability of Voris Cocaine Craving Scale, 27–62 yr old recently withdrawn cocaine-dependent patients, 11639
varying interval between successive morphine pretreatments, naloxone precipitation of withdrawal symptoms & suppression of operant responding, male rats, 20369
withdrawal from clozapine, rebound phenomenon of psychotic exacerbation & anticholinergic effects, 31–64 yr old treatment-resistant schizophrenic patients, 34967
withdrawal from continuous cocaine administration, duration of behavioral tolerance to cocaine & covariance of behavioral tolerance & accumbens 5-HT3 receptor functional down regulation, male rats, 17050
withdrawal of amantadine treatment, acute delirium, 69–79 yr old patients with Parkinson's disease, commentary, 21928
withdrawal of bromazepam, generalized tonic-clonic seizures, 56-yr-old female with organic mood syndrome & history of Japanese encephalitis, 12172
withdrawal of repeated exposure to d-amphetamine, response to natural reward, male Long-Evans rats, 10534
withdrawal precipitation with naloxone vs CTOP vs naltrindole vs nor-binaltorphimine, involvement of spinal opioid receptors in morphine vs butorphanol dependence, male rats, 4300
withdrawal symptoms after discontinuation of adjunctive fluoxetine, 51 yr old male patient with schizophrenia treated with clozapine , 28454
zoplicone, withdrawal from chronic flunitrazepam & sleep pattern changes, 32–64 yr olds with insomnia & chronic benzodiazepine dependence, 8929
Drug Withdrawal [See Also Alcohol Withdrawal, Nicotine Withdrawal]—Chapters
The bed nucleus of the stria terminalis: A target site for noradrenergic actions in opiate withdrawal, 27897
Cannabinoid interaction with brain reward systems, 17130

1-aminoindan-1,3-dicarboxylic acid, spatial procedural learning & long term & episodic short term memory, male rats, 26750
6,7-di-nitroquinoxaline-2,3-dione & muscimol & MK-801, intrastriatal glutaric acid induced rotational behavior & convulsions, male rats, 4199
8-Br-cAMP or norepinephrine or SKF38393 administration, memory & reversal of KN-62 induced amnesia in hippocampus CA1 or amygdala regions in avoidance task, male rats, 10535
acamprosate, cortisol & growth hormone & prolactin secretion, 20–35 yr old males, 26845
age & duration of illness & antipsychotic dosage & use of antiparkinsonism & antianxiety drugs, regional cerebral blood flow, male vs female 20–76 yr olds with schizophrenia, 21149
ampakines & antipsychotic drugs, methamphetamine induced hyperactivity & neuroleptic induced catalepsy, male rats, implications for treating schizophrenia, 20307
amphetamine alone vs with MK-801 vs with CGS 19755, behavioral sensitization to amphetamine, male rats, 10606
analgesic role of nociceptin/orphanin FQ opioid peptide in CNS functioning, 4278
anger attack prevalence & drug treatment, depressed patients, 27592
anti-addictive agent ibogaine, cocaine-induced locomotor sensitization, female rats, 33490
anticholinergic & other drugs that induce delirium, implications for treatment of dementia & elderly patients, 38263
antidepressant & antipsychotic & mood stabilizing & benzodiazepine drugs in mother's breast milk, infants, 18755
barakol, anxiolysis, male rats, 4149
baroreflex testing with phenylephrine & amyl nitrite, impedance cardiography-derived hemodynamic response, adults (mean age 44.4 yrs), 10480
behavior under paced fixed consecutive number schedule of reinforcement, spontaneously hypertensive vs Wistar Kyoto rats treated with psychoactive drugs, 20287
benzalkonium chloride, small intestine & its functioning & satiety & discomfort associated with distention of gut, male rats surgically prepared with Thiry-Vella intestinal loop, 4227
biological rhythms in efficacy of psychotropic drugs, 36595
bisphosphonates, bone cancer-related pain in palliative care, 5762
Botulinum Toxin Type A, tension type & migraine headaches, 32–49 yr old patients with chronic daily headache with migraine features, 28603
brown bag reviews, identification of medication problems & cost reduction, community pharmacists & medical patients (mean age 64.45 yrs), 28609
calmidazolium, dorsal horn nociceptor vs mechanoreceptor or proprioceptor neuronal activity induced by noxious vs nonnoxious stimuli, male rats, 20337
cardiac & analgesic drug use & falls, older persons (aged 60+ yrs), meta-analysis, 12200
cardiovascular monitoring & cardiovascular effects of psychotropic drug medications, children & adolescents, 31651
characterization of human brain pharmacokinetics using 2-component model for psychotropic compounds, 23585
chloramphenicol, time-related changes in protein synthesis & induced amnesia after passive avoidance training, White leghorn-Black Australorp chicks, 10576
cholecystokinin A vs B receptor agonists &/vs antagonists, defensive rage behavior, adult cats, 4202
cholecystokinin agonist pentagastrin, dose dependent ACTH/cortisol release & anxiety/panic symptoms & cardiovascular response, 18–45 yr olds, implications for hypothalamic-pituitary-adrenal axis, 33357
chromatic discrimination, 22–56 yr old tuberculosis patients treated with ethambutol vs color blind adults, 28614
citocoline, neuropsychological functional recovery, male 41 & female 39 yr olds with traumatic brain injury, case reports, 18738
clinical guidelines for & experience of new drugs in treatment of Alzheimer's disease, 28403
clinician's guide to role of placebos in evaluation of psychiatric drug efficacy, 25210
clozapine vs haloperidol vs clonidine, naloxone induced withdrawal jumping & locomotor activity, morphine dependent male mice, 13694
cognitive benefit of D-cycloserine treatment, Alzheimer's disease patients (mean age 72.2 yrs), 15432
cognitive enhancer T-588, cholinergic activity & potassium ions in hippocampal CA1 neurons, male rats, 30014
cognitive factors & the role of the nucleus accumbens in the goal-directed behavior of heroin & cocaine addiction, rodent models of drug seeking, 26549
continuous positive airway pressure vs theophylline treatments, respiratory variables & subjective & objective sleep & awakening quality, male patients with moderate sleep apnea, 21663
current &/vs past alcohol & drug use & sexual behavior related to HIV risk, 18–73 yr old seronegative males having sex with males, 18088
D- or L-glucose or/& morphine or other drug administration, enhancement & impairment & other behavioral effects of learning & memory in task performance, male rats & mice, 10287
D-cycloserine, MK-801 elicited mouse popping behavior, stressed vs unstressed mice, 13717
D-serine & antipsychotics, schizophrenia, patients, 8957
delayed matching to sample procedures in studies of short term memory & mnemonic processes & cognitive disorders & processes & models of drug effects, humans & animals, 349
demographic characteristics & symptomatology & type of psychotropic medication used for overdose, 15–75+ yr old patients hospitalized for parasuicide, 28442
depression & anxiety & psychotropic drug use & cognitive performance, community dwelling 59–71 yr olds, 17770
development of striae upon commencement of cyproterone acetate treatment, 22 yr old male with Asperger's syndrome, 5653
dexamethasone attenuation of hypothalamic-pituitary-adrenal function at pituitary level, subjective & reinforcing effects of cocaine, 25–45 yr old crack cocaine abusers, 34379
drug exposure during gestation, developmental functioning & health & caregiving needs & visits by biological parents & case dispositions, 0–15 mo olds in family foster care, 12449
drugs of abuse & transcription factor proteins & changes in cellular gene expression, 36628

effects of psychotropic medication use during pregnancy, mothers & fetuses & newborns, 5603
effects of sildenafil on phases of sexual response cycle, 730
efficacy & pharmacology of tolcapone, Ss with major depressive disorder (mean age 42.6 yrs), 8 wk study, 28421
efficacy & safety of oral sildenafil, 21–49 yr old males with erectile dysfunction caused by spinal cord injury, 8881
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28622
ethical issues in advisability of using new antidementia compounds, Alzheimer's disease patients, commentary, 28585
factors affecting prescribing practices of psychotropic drugs for mental disorders by primary care physicians, 18–65 yr old patients, 14 countries, 18707
factors related to clinical management of drug craving, 2689
failure of placebo-controlled trials to distinguish between placebo & active drug, consensus meeting of European College of Neuropsychopharmacology, 16425
fatty acid oxidation inhibitor 2-Mercaptoacetate, independent ingestion, 9 vs 12 day old rat pups, 13820
features of parkinsonian psychosis & treatment with selective serotonin antagonists or other atypical neuroleptics, patients with Parkinson's disease, 22058
FG-7142, long term potentiation of amygdala efferent in both hemispheres, male cats, 614
formoterol, ventilatory function & quality of life, patients with asthma, 22063
frequency of use & effectiveness & impact on sexual functioning of drugs used to augment selective serotonin reuptake inhibitors in treatment of major depression, survey of psychiatrists, 15788
ginkgo biloba extract EGb 761, vestibular compensation following unilateral vestibular deafferentation, female guinea pigs, 30053
ginsenosides, cocaine-induced hyperactivity & conditioned place preference & postsynaptic dopamine receptor sensitivity, male mice, 33426
glucocorticoid receptor antagonist RU38486, spatial learning & memory in water maze, male rats, 4235
guggulsterone phosphate salt compound, body composition & mood states, overweight adults, 22037
heaviness of abuse & drug preferences & personality organization, drug abusers, 11637
hematologic side effects of psychotropics, 35006
hypothalamic activity of neuropeptide Y system during dietary-induce obesity & BW1229U91 & hyperphagia during positive energy balance, male rats, 33265
icv injection of streptozocin, cognitive performance & biochemical markers in septum & hippocampus & striatum, rats, animal model of sporadic Alzheimer's disease, 23566
immobilization stress, effect of antiallergic drug cromolyn vs corticosterone releasing hormone antagonist, coronary mast cell immunochemistry, male rats, 604
inhaled 10%–60% concentrations of trifluoromethane freon vs nitrous oxide, neuropsychological findings & negative symptoms, healthy male 18–35 yr olds, 7246
injection of pain-inducing drug formalin into hind paw, microglial activation in spinal chord & brainstem, male rats, 23310
injections vs continuous infusion of selective melanocortin receptor antagonist, food intake & body weight & composition & blood glucose levels, adult male rats, 23522
intrathecal metabotropic glutamate receptor compound (S)-4CPG or NMDA antagonist MK-801, mechanical allodynia & cold hyperalgesia associated with chronic constriction injury, rats, 4150
ionic mechanism of clotrimazole in anterior pituitary GH3 cells, rats, 30068
isotretinoin, lithium induced acne, 30 yr old female with bipolar disorder, 25152
kappa agonist U62066 or ibogaine, cocaine induced locomotor stimulation & kappa opioid or NMDA modulated dopaminergic function, male vs female mice, 4267
kava extract & kavapyrones, dopamine & 5-HT levels & concentrations in nucleus accumbens, male rats, 623
kava-kava extract & pure kava pyrones vs imipramine vs amitriptyline vs brofaromine, inhibition of MAO-B activity in blood platelets, adults, 4282
ketoconazole, 22–65 yr olds with treatment-refractory major depressive disorder, 6-wk study, implications for role of glucocorticoids in major depression, 38276
L-carnitine, motor behavior & well-being & hand apraxia, 4–35 yr old females with Rett syndrome, 18818
lamotrigine's usefulness in the treatment of SUNCT syndrome, 66 yr old female suffering from SUNCT syndrome, 38398
lesioning of noradrenergic system, MK-801 induced hyperlocomotor activity & ataxia & stereotypy, male rats, 13548
lidocaine vs oxotremorine in basolateral amygdala complex of nuclei, memory for classical fear conditioning, male rats, 26860
lithium alone or in combination with other psychotropic medication & childhood somnambulism, sleepwalking behavior, psychiatric patients, 31666
locus coeruleus activity altering drugs vs stress vs blood pressure changes, noradrenaline release in locus coeruleus, conscious rats, 23275
medications used to reduce urges for alcohol & nicotine & other drugs, 15627
multidrug treatment for mycobacterium avium complex MAC, quality of life among treatment groups, patients who died or dropped out, 16 wk study, 5665
need for placebo-controlled trials in psychiatry & alternative approaches to establishing clinical efficacy of pharmacological drugs, consensus meeting of European College of Neuropsychopharmacology, 16426
neurobiological systems involved in trauma & pharmacological agents for target symptoms in rational approach to medication use, children & adolescents with PTSD & comorbid conditions, 38233
neurobiology of tobacco smoking & addictive disorders, 27849
neuropsychiatric side effects of mefloquine, persons with malaria, 15423
neuropsychological impairments associated with resolution of cortical blindness following cyclosporine neurtoxicity, 6 yr old male, 15008
neuroscientific advances in discovery & development of antidepressants & other drugs selectively modifying serotonergic neurotransmission, patients with CNS disorders, 15325
new developments in drug treatment of depression, 28469
nicotine & epibatidine, antinociception, mice with alpha4 vs beta2 nicotinic acetylcholine receptor mutations , 20329
nitric oxide synthase blockers, acute suppressing response of hypothalamic-pituitary-gonadal axis to ethanol, male mid- vs late-pubertal rats, 20283
nonenteral administration of psychotropic medications, 21965
occurrence & routes & effectiveness & side effects of pharmaceutical use on Space Shuttle missions, US astronauts, 28611
pattern of utilization of private pharmacies for purchasing medicines, health service users, Gaza Strip, 38472
pharmacokinetic & pharmacodynamic factors in development of adverse drug reaction to psychotropic drugs, comment, 31696
pharmacokinetics & pharmacodynamics & age-related pharmacologic complications from psychoactive medications, elderly patients, 5643
pharmacological effects of Ginkgo biloba vs tacrine, 44–83 yr olds with possible or probable Alzheimer's disease, 2336
phenomenology & bipolar-disorder comorbidity & mood-stabilizer treatment response, patients with DSM-IV intermittent explosive disorder, 27541
phenomenology & drug treatment of agitation, adult female patients with agitated depression, 28495
phlorizin with or without insulin, facilitation of memory storage & retrieval & retention in inhibitory avoidance task, male Swiss mice, 10544
pill color & size & shape & price & manufacturing location, strength of placebo effect, college students, 29992
post-exercise motor-evoked potential responses, patients with major depression on psychotropic medication, 24223
prenatal methylazoxymethanol acetate & entorhinal cortex disruption, social interaction & memory & learning & pain sensitivity & nerve growth factor, rats, implications for schizophrenia onset, 26771
prepulse inhibition of startle reflex & effects of various compounds on various sites on N-methyl-D-aspartate receptor complex, rats, 13716
prevalence & patterns of use of psychiatric & anticonvulsant medications, 5–19 yr olds admitted to residential treatment facility, 9186
progressive-ratio schedules of drug delivery in analysis of drug self-administration, 753
psychoactive drugs, salivation, psychiatric patients, 25225
psychopharmacological effects of synthetic kava pyrone, voltage-activated inward currents of dorsal root ganglion cells, neonatal rats, 13811
psychosocial side effects of sildenafil therapy, couples with husband with erectile dysfunction following prostatectomy, 18844
psychotropic drug treatment & seizure risk, patients with epilepsy & comorbid psychiatric disorders, 34954
psychotropic drug treatment, children & adolescents & adults with higher-functioning pervasive developmental disorders (mean age 13.9 yrs), 28461
psychotropic drug use & falls, older persons (aged 60+ yrs), meta-analysis, 12201
psychotropic drugs & pancreatic function & glucose metabolism, 25149
pycnogenol treatment, 10 yr old male with ADHD, 18690
pycnogenol treatment, 10 yr old male with ADHD, commentary, 38248
rate of treatment with psychotropic or nonpsychotropic agents, 5–14 yr old African Americans vs Caucasians with Medicaid insurance, comment & comment reply, 8951
rate-decreasing effects of mirfentanil & morphine & naltrexone & ketamine, pigeons before & after chronic mirfentanil treatment, 33400
rectal vs oral administration & pharmacokinetics & pharmacodynamics of sedative-hypnotic & anticonvulsant drug clomethiazole, healthy 24–32 yr olds, 30046
regional distribution of NMDA receptor containing NR2B subunit protein & effect of selective NR2B antagonists vs non-selective NMDA antagonists & anticonvulsants on antinocieption, male rats, 20265
regulation of signal transduction pathways & gene expression by mood stabilizers & antidepressants in CNS, 36537
resident & facility risk factors for psychotropic drug use following Nursing Home Reform Act, nursing home residents, 3 yr study, 12475
retrospective & prospective surveys of psychotropic drugs prescribed during hospitalization, psychiatric inpatients, 12251
review of indications & safety & efficacy of psychotropic medication in preschool children, 5627
risks & benefits of psychotropic drugs, pregnant & lactating women with mental illness, 18751
selective estrogen receptor modulator raloxifene hydrochloride, cognitive function & mood, 45–75 yr old postmenopausal females, 1 yr study, 10633
selective quinolinic acid lesions of prelimbic area of medial prefrontal cortex, mediation of reward & psychomotor activation effects of cocaine & MK-801 & morphine & amphetamine, male rats, 7092
sensitivity of Scanning Visual Vigilance Test to effects of stimulants & sedatives & cold stress & sleep loss, 3284
serotonergic vs dopaminergic vs muscarinergic antagonists, discriminative stimuli properties of S-16924 & cocaine, male rats, 20341
sex & race/ethnicity & trends in opportunity for & progression to actual use of marihuana & cocaine & heroin & hallucinogens, 12+ yr olds, 1979–1994, 21353
sexual side effects of psychotropic drugs, 5615
shortcomings of drug models in study of pathophysiology of schizophrenia & relation to NMDA antagonist model for schizophrenia with focus on ketamine, 4089
sigma-1 receptor agonists with vs without PCP, stereotyped behaviors, male rats, 692
sildenafil, 29–50 yr old patients with sexual dysfunction resulting from SSRI treatment, 12218
sildenafil, 56 yr old male with phenelzine-induced sexual dysfunction, 18822
sildenafil, depressed outpatients with antidepressant induced sexual dysfunction, 8890
situational & place-based & demand-reduction strategies for tackling drug markets, 19536
SR 141716 vs clozapine vs haloperidol, cocaine vs d-amphetamine vs morphine vs Win 55212-2 induced hyperactivity & exploratory behavior, habituated vs nonhabituated male gerbils, 30043
strength of stimulation with d-amphetamine & 7-OH-DPAT & haloperidol, intracranial self-stimulation under progressive-ratio schedule, rats, 17032
suitability of US Pharmacopoeic Dispensary Information drug leaflets as education tool, urban psychiatric inpatients, 35284
suramin, hippocampal apyrase activity & inhibitory avoidance learning, rats, 20263
symbolic representation of stimuli & retrospective & prospective coding approaches to study of cognitive processes, animals, implications for animal models of effects of drugs on human cognition, 23219
tacrine, Chinese 52–94 yr olds with probable Alzheimer's disease, 31713
theoretical issues in endogenous odor control & use of odor-based double alternation patterning to evaluate effect of drugs on emotional responding in runway performance, male rats, 33058
therapeutic drug blood serum monitoring of mood stabilizers, Medicaid patients with bipolar disorders, 27611
tonic activation of NK-1 receptors during 2nd nociceptive phase of formalin test, male rats, 26544
training on parenting infants with prenatal substance effects, feelings of efficacy about caring & caregiving skills & knowledge & social support & intent to foster, foster parents, 12440
tramadol vs desipramine vs methadone vs morphine, (3H)-norepinephrine uptake in cortical synaptosomes, adult male rats, implications for pain management, 23309

use of antidepressants or neuroleptics or antiepileptic or anxiolytic or hypnotic or other psychotropic drugs, male vs female 15–90+ yr old suicides, 14675
use of antidepressants or neuroleptics or antiepileptic or anxiolytic or hypnotic or other psychotropic drugs, male vs female 15–90+ yr old suicides, commentary, 27804
use of psychotropic medication in preschool children, 5652
use of psychotropic medications & therapy, 6–13 yr old special education students with serious emotional disturbance, 3 yr study, 38279

analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, 7281
concepts of mind–body dualism & stereotyped attitudes toward somatization & psychosomatic disorders, family therapists, 38121
correlation of philosophical dualism with belief in ESP & psychokinesis & life after death, 16–51 yr old college students, 27403
influence of Cartesian & mechanistic thinking in contemporary psychology & methodological & theoretical & pragmatic consequences of relying on dualistic & mechanistic assumptions, 3258
inseparability of body movement & mind functioning in conscious experience, 16701
metaphysical account of radical emergence vs dualistic vs physicalistic accounts of consciousness & cognition, 319
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14127
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14132
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary reply, 14130
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, 14131
Dualism—Books
Mind and cognition: An anthology (2nd ed.), 13318
Rethinking intelligence: Confronting psychological assumptions about teaching and learning, 35450
Dualism—Chapters
Conceptual frameworks for viewing health and illness, 12307
Consciousness and mind as philsophical problems and psychological issues, 145
Information from the world around us, 143
Mental functions as constraints on neurophysiology: Biology and psychology of vision, 36387
Understanding biological causation, 36651
Duchennes Disease [See Muscular Disorders]
Duodenum [See Intestines]
Duration (Response) [See Response Duration]
Duration (Stimulus) [See Stimulus Duration]
Dwarfism (Pituitary) [See Hypopituitarism]
Dyads—Serials
2 patterns of exploitative dyadic transactions, 23972
common vs different perspective in task where speaker instructs hearer to set up configuration of objects, speaker text production & hearer adaptation processes, speaker/addressee dyads, 7316
conflict in dyadic play, 3 yr olds, 23777
development of generation of cooperative coordinated action, 8–23 mo old dyads, US vs Papua New Guinea, 6 mo study, 23763
differences in conversations & during decision making between same gender & cross gender friends, 18–21 yr olds, 4723
dyadic & group friendship relationship qualities & best friend & own antisocial behavior, 12–13 yr olds, 36809
effectiveness of simultaneous & sequential problem solving & forcing in interpersonal conflict & negotiation, 20–54 yr old members of work dyads , 29143
externalizing symptoms & social & aggressive & solitary behavior in dyads, 2-yr-olds at risk for behavior problems, 23756
marital interaction in parent–parent dyads vs parent–parent–child triads, spouses in intact & remarried families, 17481

own goal & beliefs about partner's goal, language use & referring in goal discrepant conversations regarding description of shapes, 18–45 yr olds, 17583
parental & sibling dyadic play interactions, 3.2–7.2 yr olds with autism, 27918
qualitative vs quantitative problem representation, collaborative problem solving, 10th grade dyads, 15942
safer sex conflict vs leisure activity discussion topic, communication patterns about safer sex, partners in close relationships vs opposite sex strangers, 23968
undiscovered deception & deceiver's distrust & perceived honesty of recipient, dyads, 1263
vocal expressions of anger regarding strongly-held opinion, cardiovascular reactivity within dyadic interaction, college students, 26719

Dyads—Chapters

Knowing the sounds: Friendship as a developmental context, 14071

Dying [See Death and Dying]

Dying Patients [See Terminally Ill Patients]

Dynamics (Group) [See Group Dynamics]

Dynorphins—Serials

cerebrospinal fluid dynorphin A[1–8] and beta-endorphin levels, individuals with Tourette's syndrome , 21612
isolation of CA2+ downstream regulatory element antagonist modulator in human prodynorphin gene, implications for calcium regulation of gene expression, 13497
relationship between housing & social rank on cortisol & beta-endorphin & dynorphin secretion, sows, 4013

Dysarthria—Serials

auditory vs visual speech timing cues as external rate control to enhance verbal intelligibility, male speakers with traumatic brain injury & mixed spastic-ataxic dysarthric impairment, 5391
methods & data quality & reliability & validity of acoustic speech analysis of phonation & articulation & resonance, patients with dysarthric speech or other speech disorders, 24673
presence vs absence of iconic gestures & sentences with low vs high semantic predictiveness & audio with vs without video format, sentence intelligibility, 37–76 yr olds with dysarthria, 8470
speech & oral motor learning, 35–68 yr olds with cerebellar cortical atrophy, 37907
syllabic strength & lexical boundary decision strategies & nature of dysarthric speech signal, mismatch, 21–50 yr old normal listeners, 194
temporal & spectral aspects of coarticulation & speech rate of vowels, 30–68 yr olds with acoustic dysarthria, 18218
voice onset time of voices & unvoiced stop consonants & vowel length distinctions, 28–72 yr olds with cerebellar atrophy &/or ataxic dysarthria or Parkinson's disease, 18338

Dysarthria—Chapters

Dysarthria following traumatic brain injury, 37939

Dyscalculia [See Acalculia]

Dysfunctional Family—Serials

abuse &/or household dysfunction during childhood, unintended pregnancy during adulthood, 20–50 yr old women, 37454
anxiety & internalizing symptoms & family dysfunction, adolescents with asthma with vs without vocal cord dysfunction, 1931
dysfunction in family origin & quality & valence of childhood memories, abused & nonabused college students, 8280
effectiveness of Familyships Treatment Module in helping to build social skills & to deal with dysfunctional family systems, sex offending vs non-sex offending inmates, medium security institutions, 38645
family dysfunction, 24–61 yr old parents with generalized anxiety disorder, 4977
job description as therapeutic tool for empowerment & dealing with family of origin issues & dysfunctional family patterns, middle-aged male, 34784
predictors of dysfunctional marital interaction & deterioration & divorce & stability of emotional aspects, husbands vs wives, 4 yr study,commentary, 23881
predictors of dysfunctional marital interaction & deterioration & divorce based on Time-1 interaction, 4 yr study, 23896
psychotherapy, father–daughter relationship & bisexuality issues, 28 yr old female with history of suicide attempt & anorexia & family dysfunction, 8755
school counseling model for identification & assessment of therapy for school children from dysfunctional families, 19366
single-case designs for individual problem behavior & family interaction & intervention in family therapy, dysfunctional families, 34895
social history of social work through problem family perspective, eugenists & voluntary organizations & medical personnel & social workers, 1940–70, Britain, 28709
social phobia & negative events & chronic stress in childhood, adolescent & adult drug problems, 16–64 yr olds, retrospective study, 11607
tempo of maturation, females from dysfunctional families, Poland , 30125

Dysfunctional Family—Books

Burdened children: Theory, research, and treatment of parentification, 20727
Collaborative therapy with multi-stressed families: From old problems to new futures, 38133
Family psychopathology: The relational roots of dysfunctional behavior, 4893

Dysfunctional Family—Chapters

Destructive parentification in families: Causes and consequences., 4413
Family interaction and family psychopathology., 4895
From parent education to family empowerment programs., 5576
Methodological problems in studying family psychopathology., 3278
Psychosomatic illness and the family., 5257
Risk and resiliency factors among culturally diverse families: Implications for family psychopathology., 4898
The role of theory in the study of family psychopathology., 4899
Schizophrenia and the family., 4974
Substance abuse and dependence., 5120

Dyskinesia [See Also Tardive Dyskinesia]—Serials

age at intrastriatal 6-OHDA lesion, effects of dopamine agonists on dyskinesias & rearing & grooming & gnawing & jumping & self biting behavior, adult rats, 20347
life-threatening esophageal dyskinesia following long-term antipsychotic therapy, 79 & 66 yr old males with lingual dyskinesia & complaints of food regurgitation, 18694
lithium-neuroleptic combination therapy, delirium & persistent dyskinesia, 62 yr old female bipolar patient, 5660
neuroleptics, striatal volume & glucose metabolism & vacuous chewing movements, male rats, 640
proglumide, iminodipropionitrile induced excitation & chorea & circling syndrome & dyskinesia & neurotoxicity & inner ear pathology, male rats, 755

Dyslexia—Serials

ability to perform sequential stereopsis under single & dual task conditions & vergence control across saccades, 18–41 yr olds with dyslexia, 5151
anatomic abnormalities of auditory association cortex, 19–32 yr old males with dyslexia, 37676
applicability of psycholinguistic models of semantic paralexias to Spanish speaking patients, 2003
articulatory processes & grapheme to phoneme conversion, 73 yr old male with phonologic dyslexia resulting from ischemic injury to anterior perisylvian region of left hemisphere , 18326
assessment of reading difficulties & dyslexia using letter-sound knowledge & alphabetic processing & logographic sight vocabulary as indicators, 6.7–12.1 yr olds with reading difficulties, 37683
auditory–visual modality priming, orthography activation in lexical decision in visual word recognition task, adults with vs without surface dyslexia , 14852
callosal function during visual hemispheric sharing task, 9–14 yr old developmental dyslexics, 27923
case of legal liability by local education authority & educational psychologist for failure to diagnose dyslexia in 12 yr old student, 39083
characteristics of developmental surface dyslexia in Italian language with high grapheme–phoneme correspondence, 11.1–15.7 yr old males with dyslexia, 30992
cognitive & neurological & genetic analysis of developmental dyslexia, 34469
cognitive deficits in dyslexia & autism or other developmental disorders, 1849
connectionist model of phonology & reading acquisition & dyslexia, 27956
dyslexia & neuropsychological functions & personality traits, 19–57 yr old prison inmates, 27473
dyslexia & sex & brain imaging, 21398
effectiveness of phonological training strategies on reading performance, Chinese 7.8–11.9 yr olds with dyslexia, 32304
effects of Dutch intervention program, reading performance, 7-15 yr old outpatients with dyslexia &/or reading problems &/or cognitive deficits &/or psychiatric symptoms, 36741
EP mismatch negativity hypothesis of impaired auditory frequency discrimination, 20–51 yr olds with dyslexia, 21393
ERPs to orthographic & phonological & semantic tasks, dyslexic children with auditory processing impairment (aged 7–12 yrs), 18154
exception & nonword reading & role of magnocellular vs parvocellular geniculate body in language & visual processing deficits using apparent movement displays, children with developmental dyslexia, 30981
eye movement patterns in reading & alterations in non-linguistic tasks, 10.1–17.11 yr olds with surface dyslexia, 37674
facilitating automatization & awareness for treatment of dyslexia & improvement of reading skills using cognitive psychology & connectionism & behaviorism approaches, 37685
genetic & environmental factors, reading development & etiology of surface vs phonological dyslexia, 8–18 yr old monozygotic & dizygotic twins, 11707
handedness & EEG correlates of phonological processing, 8–13 yr olds with dyslexia, 8446
high & low pitch auditory stream segregation, 20–39 yr olds with dyslexia, 30984
impairment on dot localization task, 18–38 yr old college students with dyslexia, 34459
inclusion of IQ in definition of dyslexia & use of discrepancy criterion & role of phonological skills & outcome based classifications of poor readers, 24627
lexical retrieval of simple & morphologically complex words, 24 yr old with Broca's aphasia with severe agrammatic speech & phonological dyslexia, 28181
magnocellular-pathway deficits, vernier & orientation acuity & motion & shape perception, 18–36 yr old dyslexics, 21395
memory & learning, 9–12 yr olds with dysphonic dyslexia vs dyseidectic dyslexia, 14848
need for educational psychologists in colleges & universities for students with dyslexia & other problems, 38761
neuronal phase locking to envelopes of sound stimuli & difficulties in auditory discrimination, 22–36 yr olds with dyslexia, 34462
optometric assessment of vision disorders & rehabilitation, patients with acquired brain injury or dyslexia, 5907
phonological distinctness & phonemic awareness & reading development, normal vs dyslexic children & adults, 1868
phonological performance following daily training using phonological awareness exercises, 10–12 yr olds with dyslexia, 27925
pitch thresholds using new technique for generation of dichotic pitch stimuli, 10–12 yr olds with dyslexia, 1867
processing of palindromes, 64 yr old male with acquired visual neglect dyslexia, 1872
reading & dual-task balancing, developmental dyslexia, German-speaking children (mean age 8.3 yrs) with dyslexia, 37686
reading & phonological & orthographic skills & acquired developmental phonological dyslexia, female 7.2 yr old with left-hemisphere stroke, 4 yr study, 34524
reading & writing difficulties as monolingual dyslexia & orthographic units in English language, English-Japanese bilingual 16 yr old male, 24629
regional cerebral blood flow & reading & writing ability for Japanese characters, 7 yr old with dyslexia, 5150
relationship between dyslexia & language disorders & neural level auditory processing deficits, 37729
role of event-related potentials in differentiating children with autism vs dyslexia vs attention-deficit disorder vs multiple complex developmental disorder, 34433
roles of phonological awareness deficits vs word-naming speed deficits vs both phonological awareness & word-naming speed deficits in subtypes of dyslexia, 30991
row blindness in Gestalt grouping & written language processing developmental dyslexia, college students, 14849
semantic errors in serial cognitive neuropsychological models of oral reading, 34-yr-old female with deep dyslexia, 18153
sensitivty to amplitude moduation of acoustic stimuli, listeners with dyslexia, 30986
special classroom & educational accommodations & modifications, college students with dyslexia, 2967
tactile spatial acuity-dependent discrimination of grating orientation & discrimination of gratings varying in ridge width, 13–48 yr olds with dyslexia vs 12–32 yr olds with attention deficit disorder, 34458
testing of cerebellar dysfunction, dyslexic children with mean ages of 9 vs 11 vs 13 vs 15 yrs, implications for screening, 14847
training in phonological awareness, long-term reading & spelling performance & risk for dyslexia, kindergartners with low metalinguistic competencies, 4-mo followup, 37682
use of ERPs during auditory alliteration judgments on study of reading disability, 12–18 yr old dyslexics vs dysphonetics, 21400
visual errors & disturbed lexical candidate activation of semantic representations in oral reading, male 52 yr old with acquired dyslexia & mild aphasia following cerebrovascular accident, 37804
word identification speed limitations & task demand sensitivity & orthographic compensation, automatization & reading, dyslexic 4th graders (mean age 10 yrs), 37677
word morphology errors & lexical access & processing of compound words during oral reading, 46-yr-old male with dyslexia & Broca's aphasia, 31281

Dyslexia—Chapters
Conceptual and methodological issues in dyslexia research: A lesson for developmental disorders, 30994
Dyslexia as a neurodevelopmental disorder, 30996
Dyslexia: Core difficulties, variability and causes, 30993
Learning to read German: Normal and impaired acquisition, 27022
Dysmenorrhea—Serials
spinal manipulative therapy, 18–45 yr old females with primary dysmenorrhea, 22054
Dysmetria [See Ataxia]
Dyspareunia—Serials
frequency & severity of pain during anal intercourse & sexual behavior concomitants & psychosexual determinants, 18–74 yr old gay men, 1188
Dysphasia [See Also Alexia]—Serials
dichotic listening for left & dichaptic task for right hemisphere, regional cerebral blood flow & hemispheric specialization, 8–13.5 yr olds with dysphasia vs Duchenne muscular dystrophy, 37820
EEG anomalies during sleep, 4–11 yr olds diagnosed with developmental dysphasia, 1911
individual & group lexical semantic therapy in remediation of word finding problems, 49–73 yr old residential patients with dysphasia, 2668
interaction between donepezil & paroxetine, 78-yr-old male with memory loss & dysphasia & 67-yr-old female with Alzheimer's disease, 31623
Dysphonia—Serials
creation & evaluation of self organizational map for classification of normal & dysphonic female voices before & after treatment, 18210
function of vocal apparatus, professional vocalists with vs without organic & functional disorders of vocal functions vs non-professionals, 21435
memory & learning, 9–12 yr olds with dysphonic dyslexia vs dyseidectic dyslexia, 14848
psychological distress & personality & psychiatric variables, 17–87 yr old outpatients diagnosed with organic vs functional dysphonia, 28038
Dysphoria [See Major Depression]
Dyspnea [See Also Asthma]—Serials
depression & physician vs self-ratings of physical functioning & dyspnea, male vs female outpatients with clinically stable heart failure, 8589
respiratory functioning & panic symptomatology, 49–74 yr old pulmonary patients with chronic shortness of breath, 34557
Dyspraxia [See Movement Disorders]
Dysthymia [See Dysthymic Disorder]
Dysthymic Disorder—Serials
addition of chromium picolinate or chromium polynicotinate to antidepressant drug therapy, 24–50 yr old patients with antidepressant-refractory dysthymic disorder, 18716
alprazolam, monoaminergic neurotransmitter metabolites & clinical response, 35–60 yr old females with primary late onset dysthymia, 5668
amisulpride vs amitriptyline medium-term treatment, safety & tolerability, 18–70 yr old outpatients with dysthymia , 38299
antidepressant drugs with vs without cognitive–behavioral psychotherapy, 18–65 yr olds with major depression & dysthymia, 6 & 12 mo followups, 24917
antidepressant medication & psychotherapy in primary care managed care settings, cost-effectiveness, adults with major depression & dysthymic disorders, 2 yr study, 11990
clinical features, 65–93 yr old community-dwelling general practice patients with dysthymia , 27601
comorbidity of personality disorders, patients with primary dysthymia vs episodic major depression, 30664
dehydroepiandrosterone, 45–63 yr olds with midlife-onset dysthymia, 25143
depressive personality disorder, 18–60 yr old 1st degree relatives of probands with dysthymic disorder vs nonchronic major depression, 34118
depressive symptoms, 12–25 yr olds with intellectual disability vs normal IQ & with vs without comorbid dysthymic disorder, 18164
desipramine treatment, social functioning, patients with dysthymic disorder, 31644
diagnostic viability of depressive personality disorder in DSM, 24165
diagnostic viability of depressive personality disorder in DSM, commentary, 24125
diagnostic viability of depressive personality disorder in DSM, commentary, 24130
diagnostic viability of depressive personality disorder in DSM, commentary, 24142
diagnostic viability of depressive personality disorder in DSM, commentary, 24159
diagnostic viability of depressive personality disorder in DSM, commentary, 24177
drug treatment for dysthymia, 2402
dysthymia & personality traits & disorders, 20 yr olds, 15 yr study, 1505
efficacy of sertraline with vs without group cognitive behavior therapy vs placebo, 21–54 yr old patients with primary dysthymia, 12 wk study, 37972
epidemiology & recognition & treatment of depression, 18–65 yr old patients consulting their general practitioner, 4914
epidemiology of generalized anxiety disorder & major depression & dysthymia, 18–50+ yr olds from rural communities, South Africa, 1446
familial patterns & comorbidity in dysthymia & relation to major depression, 1553
fluoxetine, severity of immunosuppression in treatment of major depression &/vs dysthymia, 22–64 yr olds with HIV or AIDS, 8935
fluoxetine- & sertraline- but not nefazodone-induced visual hallucinations, 38-yr-old male with dysthymic disorder, 8874
group cognitive behavior therapy with vs without parent involvement & with vs without booster sessions, 14–18 yr olds with major depression or dysthymia, 24-mo study, 15178
long term outcome of fluoxetine use, patients with dysthymia in private practice, 34982
nosological validity of dysthymia, 1552
objectivity of psychoanalytic judgments of patient–therapist transactions, psychotherapists' ratings of videotaped assessment interviews with borderline & dysthymic 25–35 yr old females , 6050
practice parameters for assessment & treatment of major depressive disorder & dysthymic disorder, children & adolescents, 1507
prevalence & diagnosis & treatment of dysthymia, primary care patients, 1530
prevalence of & factors associated with major & minor depression, 85 yr olds & older, 30682
prevalence of dysthymic disorder & other Axis I psychiatric disorders, patients in primary care, 31868
prevalence of major depression & dysthymia & suicide attempts, 16–17 yr olds, Sweden, 30680
relationship between cost of treatment for depression & lost employment earnings due to work days, persons with depressive disorder & dysthymia, 6 & 12 mo followup, 35198
selective norepinephrine reuptake inhibitor reboxetine, antidepressant efficacy & tolerability, 18–65 yr olds & older with major depression or dysthymia, 4 wk to 12 mo studies, 2288
self reported physical health, Gulf War veterans with PTSD or dysthymia or major depression, 30580
treatment with bupropion & venlafaxine, 42 yr old woman with dysthymia & major depression, 15307
Dysthymic Disorder—Chapters
Efficacy and cost-effectiveness of psychotherapy for dysthymic disorder, 31504
Meta-analysis of safety of fluoxetine in Asian patients, 28524
Multiple traumas of refugees—Near drowning and witnessing of maternal rape: Case of Sergio, age 9, and follow-up at age 16, 34834
Pharmacotherapy of dysthymia, 25256
Dystonia [See Muscular Disorders]
Dystrophy (Muscular) [See Muscular Dystrophy]
Ear (Anatomy) [See Also Labyrinth (Anatomy), Middle Ear, Vestibular Apparatus]—Serials
ear preference & handedness, 19–64 yr old family members, 26636
hand & foot & eye & ear preference, 10–25 yr old monozygotic vs dizygotic twins, 33244
low vs high-frequency noise, cubic distortion product otoacoustic emissions vs inferior colliculus auditory EP measures of outer hair cell functioning & hearing loss, young vs aged chinchillas, 495
scaling individualized vs nonindividualized external-ear transfer functions in frequency, virtual localization, healthy 22–43 yr olds, 32876
vestibular stimulation, right ear advantage in dichotic lexical decision performance, males (aged 21–37 yrs), 23110
Ear Disorders [See Also Labyrinth Disorders, Tinnitus]—Serials
child attachment security & parenting stress, parents of 6–32 mo olds with recurrent otitis media, 6 mo study, 37948
early language development, infants with vs without early onset otitis media, longitudinal study, 8706
middle ear disease & developmental diagnosis, school-age children, 8 yr study, 18461
parental reports & diagnoses for otitis media & related hearing impairments, full- & pre-term infants, 27-mo prospective study, 21623
sound localization before & after ear surgery, Ss with chronic otitis media, 22056
speech perception & verbal memory, 9 yr olds with vs without histories of otitis media during their 1st yr of life, longitudinal study, 37949
Ear Ossicles [See Middle Ear]
Early Childhood [See Preschool Age Children]
Early Childhood Development [See Also Infant Development]—Serials
behavioral inhibition to unfamiliar & early childhood temperament characteristics, 4–6 yr olds from families at high vs low risk for developing alcohol dependence, 18052
beliefs about importance of acquisition of mathematical skills for preschool children, parents & other adults, 7420
benefits of child care center providing continuity of care where infants & toddlers stay with same teacher for 1st 3 yrs of life, 28694
caregiving style & staff–child interactions & routine care, development & activity, institutionalized children aged 4 yrs & younger, 17185
co-location & temporal synchrony, association of sight with sound, 2 vs 4 vs 6 vs 8 mo olds, 7419
cognitive & psychosocial development & parent–child interactions & coping style, reactions & adjustments & role of music therapy, hospitalized preschool age children, 28559
degree of visual loss & age & intellectual function & ability to communicate, inappropriate & unusual behaviors, visually impaired children followed from birth to 5 yrs old, 28225
development of reaction, pain of inoculation, male vs female under 7 yrs old & their mothers, 33625
developmental course of temperamental constructs, 3 mo olds, 45 mo study, 7523
developmental differences in peer relations in first 3 yrs of life, 23755
developmental follow up diagnostic & referral service, follow through on diagnostic recommendations, up to 30 mo olds receiving child welfare services in home or foster care, 12453
early childhood development program intervention, crime prevention, African American 16–21 yr olds, 2725
early development of symbolic functioning & implications for education, 4424
early temperament & stranger wariness, social inhibition, 2 yr olds, 2 yr study, 33641
early word comprehension assessed by preferential looking task, 12 vs 18 vs 24 mo olds, 23712
evaluation & improvement of early programs in childhood psychiatry, 18786
gender-discordant traits during childhood & early parental admonitions & interventions & effects on development & relationships, homosexual males, 27249
genetic & environmental mechanisms & phenotypic association of problem behavior in early childhood with temperament in infancy, mothers of 4 yr old twins, 24460
geographic region, seasonality of early motor development, 7 mo olds, 7377
implementation of developmentally appropriate play-based curriculum, development, male & female child with severe disability fully included in community child care center, 9 mo study , 8431
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary, 31810
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary reply, 31782
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, 12320
interactions during open-ended preschool construction activity, adults & 3.6–4.4 yr olds, 10854
M. McGraw's neurobehavioral theory of brain contribution in infant behavioral development, 7390
maternal sensitivity, child's attachment security, Colombian mother-child dyads, 36984
milestones in development of numeracy skills, 4–7 yr olds, 17287
number & nature of temperamental types, 3.5 yr olds, 1 yr study, 23751
onset & comorbidity & role of behavioral problems in substance use disorder during adolescence, 5-yr olds with vs without early childhood speech language impairment followed prospectively for 14 yrs, 31026
parent &/vs teacher involvement in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income backgrounds, commentary, 859
parent &/vs teacher involvement in interactive reading intervention, language development, 3–4 yr olds with poor oral language skills from low income background, 886

parent &/vs teacher role in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income background, 875
parental support for literacy as predictor of academic performance & early childhood literacy development, 3 & 4 yr olds, 2 yr study, 860
passage length & scriptedness & story completion & relation to attachment representations, 4.5 yr olds, 7337
perceived clinic support & attitude toward immunization as predictors of childhood immunization completion, mothers of children 20–26 mo old living in rural area , 21651
perspectives on issues for gay & lesbian & bisexual children, early child development professionals, 13998
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study, commentary, 37735
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5188
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5187
psychodynamic counseling, families with children under age 5 with behavior problems, 21788
role of folk tales of deception, development & understanding of mental representation & social interaction, 3 & 4 yr olds, 884
sex & skill in spatial transformation task & vocabulary, 4–6 yr olds, 23773
significance of change of family residence from Freiberg to Leipzig during Freud's early childhood , 6515
sociodemographic factors & mother's health behavior & pregnancy outcomes, epidemiology of behavioral problems, 16–42 yr old nulliparous mothers of children assessed at age 3 yrs, Finland, 30139
timing & duration of prenatal cocaine exposure, motor development, 4 mo olds, 37582

Early Childhood Development [See Also Infant Development]—Books

When children's social development fails, 27834
Writing assessment results, 9379

Early Experience—Serials

adverse mother–child & father–child interaction & maternal expressed emotion during middle childhood & adult depression, 25–31 yr old women, 37322
age & language, autobiographical memory, implications for amnesia, 8-yr-olds, commentary reply, 867
age at 1st wanted & unwanted sexual experience & history of family violence & dysfunction & alcohol & drug usage & health-risk behaviors, age at 1st pregnancy, pregnant or parenting adolescent females, 33658
age at drinking onset & risk for alcoholism, 18–62 yr old twin pairs, 11634
age, autobiographical memory, implications for childhood amnesia, 8 yr olds, commentary, 872
age, autobiographical memory, implications for childhood amnesia, 8-yr-olds, 868
alleged therapeutic value of reliving childhood abuse & dissociative identity disorder as developmental accomplishment, commentary reply, 34796
alleged therapeutic value of reliving childhood abuse, commentary, 34818
attachment style & self-esteem & relationship attributions as mediators between abusive childhood experiences & adult relationship difficulties, 25–42 yr old females, 14686
attachment style & traumatic bonding & development of relational capacities in long-term group psychotherapy, female survivors of severe childhood sexual abuse, 38123
autobiographical memory for childhood emotional experiences, male vs female 3rd–11th graders & college students, 10765
baby walker & visual motor experience, motor & mental development, 6–15 mo olds, 36766
behavioral sensitization to apomorphine, adult rats exposed to cocaine during preweaning period, 33372
Bowlby's attachment theory of psychopathology & normal development & role of early experience & adaptation & transactional nature, 14469
brief psychotherapy like session of dream interpretation, belief in false memory about early traumatic event, college students, 5511
characteristics & duration of & family circumstances surrounding abuse by brother vs father & adult functioning, female adult survivors of incestuous child sexual abuse, 37505
childhood abuse &/or neglect, risk for developing personality disorders, young adults, longitudinal study, commentary, 27749
childhood abuse &/or neglect, risk for developing personality disorders, young adults, longitudinal study, 27745
childhood amnesia in memory for birth of sibling that occurred before age 2 yrs, young adults, 19845
childhood background & family history & marital satisfaction & motivation to stay together, couples married for over 25 yrs, Chile, 14154
childhood enuresis & prevalence of & lifetime risk factors for urinary incontinence, women (aged 48 yrs), 34555
childhood experience & personality & attitudes facilitating violence & sexual vs nonsexual aggression towards women, 17–24 yr old Singaporean men, 1330
childhood experience of family conflict, puberty & reproductive behavior, 18–24 yr olds, 7327
childhood experience of parental divorce & indices of adult adjustment, 14–46 yr old pregnant females, 27069
childhood experience of parental loss or separation, perceived social support in adulthood, psychiatric patients with variety of mental disorders, 17759
childhood experiences of separation anxiety & parental overprotectiveness, adult separation anxiety disorder, adults with high levels of separation anxiety vs patients with panic disorder, 30781
childhood family internment, family communication & ethnic preference & attitudes toward personal rights & redress, 3rd generation Japanese Americans, 10958
childhood family structure, probability & routes of leaving & returning home at an early age, adults, 4612
childhood history of discipline & perceived child culpability as predictors of physical disciplinary practices, parents (aged 25–52 yrs), 23909
childhood history of sexual abuse, 38-yr-old recidivist pedophile, 21242
childhood neuroticism & cognitive ability & anxiety & depression, adult person–environment relationships & stressful life events & mental health, Ss born in 1946 & assessed until age 43 yrs, 37339
childhood physical vs sexual vs emotional abuse vs neglect & age at onset, unhealthy eating attitudes & behavior & anxiety & depression & dissociation, non-eating-disordered 18–48 yr old women, 11534
childhood psychological traits & conditions, eminent African American females, 33965
childhood rape incidence & risk for major depression & PTSD & substance use problems, 18–69+ yr old women, 27817
childhood reconstruction of depressed mother–daughter relationship & transference attempts in enlivening therapist in therapeutic setting, 31-yr-old single female, 12041
childhood residential density & urban vs rural community, social avoidance & noise sensitivity & crowding & performance in high-contact work environments in adulthood, college administrative employees, 9648
childhood sexual &/or physical abuse, depression & self-esteem, low-income adult females, 17972
childhood sexual abuse history, depressive symptoms during pregnancy & pregnancy outcomes, pregnant females (aged 18 yrs & older), 24386
childhood sexual abuse victimization, 27–50 yr old male survivors, 21238
childhood sexual abuse, dissociation, 18–55 yr old female outpatients in therapy, 27774
childhood training in fine detailed finger movements as seen in proper vs nonproper chopstick holding, adult like motor movements, undergraduates, 29524
childhood trauma & dissociative symptoms, male sex offenders (mean age 37.5 yrs) vs childhood sexual trauma patients (mean age 34.1 yrs), 24408
childhood trauma & parental early separation & perceived dysfunction, etiology of dissociative symptoms, psychiatric inpatients with mean age 35.6 yrs, 14547
childhood trauma & pathological & nonpathological dissociation, 18–58 yr olds, 14452
childhood trauma from psychoanalytic perspective & posttraumatic reactions & play, 7979
childhood traumatic brain injuries, academic performance & behavioral & emotional control & activity level & interpersonal interaction, 11–20 yr middle & high school students vs juvenile delinquents, 5358
childrearing antecedents of adult object relations & temporal stability & construct validity, kindergartners, 36 yr study, 20548
cognitive coping strategies, psychological well being, 29–69 yr old females with history of childhood sexual abuse, 1719
cognitive vs interpersonal vs childhood adversity perspectives on maintenance & persistence of depression, implications for understanding chronic depression, 24209
competence & intellectual functioning & parenting quality & psychosocial resources in relation to adversity level in determining resilience vs maladaptation, 8–12 yr olds, 7 & 10 yr followups, 14027
couples therapy integrating object relations & trauma theory, survivors of childhood trauma, 8819
death of parent, childhood bereavement experiences, 23–56 yr olds , 11208
depression/anxiety & childhood environment & personality & coping response & expression of anger & extraversion-introversion & stressful life events & separation, development of breast cancer, women, 34592
deprivation of social play interactions as juveniles, coping behaviors in aggressive & sexual & social interactions with conspecifics in adulthood, male rats, 13481
dichotomous measure of child sexual abuse, estimate of incidence rates & severity & depression, 18–22 yr old females , 5050
early behavior problems, later victimization in peer group, 5 & 6 yr olds, 3 yr study, 27076
early environmental influences, neural plasticity & limbic systems & social & emotional development, humans & animals, 10734
early fenceline exposure to estrous ewes, sexual performance, yearling rams, 26525
early life disadvantages & adult depression, adults, 33 yr study, 14499
early life events & innate factors, behavioral & hormonal responses to stressors, mice, 3808
early life trauma of adoption or foster care or maternal mental illness or maternal attitudes toward pregnancy, quality of life, 31–33 yr olds followed since birth, 20618
early parental employment, child development, 3–12 yr olds, 10732
early parental loss & poor quality family relationships, long-term cardiovascular & cortisol reactivity to stress, 18–27 yr olds, 7151
early parental loss & recent stressful events, global health status & number of acute & chronic conditions, 65 yr olds & older , 1007
early paternal experience & attitudes toward women & impulsive behaviors & peer characteristics as mediational factors in model of aggression, sexually aggressive vs nonviolent males, 5133
early physical & psychological deprivation, children's pretend & social role play, 4 yr old UK vs Romanian adoptees, 33662
early visual experience, representation of auditory space in forebrain gaze fields, barn owls, 16932
effect of race & disability & gender in sexual abuse on lived realities, Black children with learning disabilities, 24387

effectiveness of short-term group vs individual therapy, symptomatology & psychosocial functioning, 20–60 yr old females sexually abused in childhood, 15159
effects of childhood physical &/or sexual abuse on treatment outcomes & retention & psychological adjustment, substance abusing mothers of young children in drug rehabilitation, 21246
electrophysiological correlates of early learning, in vitro studies of intermediate medial part of hyperstriatum ventrale of domestic chick, 13606
epigenesis of sexual orientation, adult bisexual males who experienced intense romantic homosexual affair in their youth & subsequently decided to lead heterosexual lives, 30355
experiences during youth, creativity development, eccentrics, 30528
experiences in family of origin, functioning of current dating relationship, 17–37 yr olds, 23875
experiences that give rise to development of distortions in time perception, foster care & adopted children in psychoanalytic psychotherapy , 15238
exposure to negative child rearing practices in childhood & antisocial & aggressive behavior & violent criminality in later life, 24423
eyewitness memory for repeated vs nonrepeated event with changing vs unchanging details, 6–7 yr olds, implications for child abuse investigations, 36751
factors associated with changes in academic achievement trajectories, high risk 1st graders, longitudinal study , 12687
familial & societal factors in childhood experience, male psychopathic criminals (aged 21–60 yrs), 34242
family environments, 12–17 yr old homeless adolescents residing in shelters vs housed adolescents, 14167
family structure & economic resources & residential mobility & drug use, 12–17 yr olds, 5080
foundations of object relations & trauma theory in couples therapy with survivors of childhood trauma, 8818
gender differences in abuse histories & perceived helpfulness of recovery experiences, therapists who are survivors of childhood sexual abuse, 24438
gendered constructions of sexuality & dominance & effects on perceptions of experienced sexual contact with adults prior to age 16, young adults (mean age 19 yrs), 1715
healing power of arts & crafts & creative expression, adult females recovering from childhood sexual abuse, 8984
identity semi-deterministic notions of intergenerational transmission of abuse, mothers, 37453
imagery vividness & interrogative vs hypnotic suggestibility & dissociativity, inflation of likelihood of judging imagined childhood events as real, college students, 29635
importance of current couple relationship for healing & recovery, adult survivors of child sexual abuse, 24445
incest survival in childhood, parenting characteristics in adulthood, adult females, 30803
incestuous or nonincestuous childhood sexual abuse & subsequent shame or dissociation, victimization in adulthood, 18–51 yr old female college students, 24433
influence of Jung's father complex & resulting deprivation as revealed in early Zofingia Lectures & their relation to his subsequent work, 11264
level of growth in covert antisocial behavior, correlation between childhood measures of overt antisocial behavior & adult arrests, 4th graders, 8 yr study, 24450
Life Chart assessment of family & other adversity exposure in childhood & adolescence, 8–12 yr olds, 7 & 10 yr followups, 13042
life threat & physical injury & identity of perpetrator & frequency of assault & rates of PTSD or major depression, adult females who did vs did not report childhood rape, 24424
link between childhood sexual &/or physical abuse & adult self-harm & suicidal ideation & attempt, 1726
linking facts & fiction & expression of need for parenting experience during brief parent work in psychoanalytic sessions, 32 & 29 yr old mothers who lost their mothers as children, 15251
long-term time-limited group therapy, symptomatology & self-esteem scores, 24–60 yr old females sexually abused as children & severely & persistently mentally ill, 50 wk study, 31556
maternal licking & grooming & nursing during infancy, adult hippocampal glucocorticoid receptor activity & hypothalamic-pituitary-adrenal development & stress response, rats vs mice vs rabbits, 10405
maternal responsiveness during infancy, development of behavior problems, high risk 8.8–11.7 yr olds, 10886
maternal sexual overstimulation in childhood as cause of unstable gender identity, 22 yr old male undergoing psychoanalysis, 5005
model for conducting time-limited group therapy, adult survivors of child abuse, 21794
multiple maltreatment & loss in childhood, attachment formation & childhood sexual abuse & adult self- and social functioning, college students, 37482
negative childhood experiences, psychological functioning & social support & parenting, mothers (aged 20–43 yrs) recovering from addiction, implications for drug rehabilitation, 21310
objective & subjective characteristics of abuse, general psychopathology & dissociation symptoms, 16–84 yr old females sexually abuse during childhood or adolescence, 14679
olfactory responsiveness to food & feather & wood & feces odors, 1 day old domestic chicks with vs without early exposure to moist-food odorants, 33099
parental absence & support & conflict during childhood, adolescent & adult antisocial behavior, adult heroin addicts, 5083
parental alcoholism in childhood, alcohol & drug abuse or dependence & anxiety & depression in young adulthood, 10–15 yr old children of alcoholics, 11600
parental divorce & death & perceptions of caregiving in attachment styles & personality disorders, 18–50 yr olds , 1665
parental divorce/separation prior to age 11 & deviant behavior among friends at ages 12–14 yrs, narcotic addicted men, 5089
parental separation between birth & 5 yrs, psychosocial development & behavioral problems, female 6–9 yr olds, 4 yr study, 10857
parenting correlates, ego control in adulthood, 23-yr-olds originally observed at ages 3–4, 938
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary reply, 21473
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary, 21450
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, 21472
partner violence, disorganized attachment & new object mastery motivation in offspring, low income mothers & infants, 2 yr study, 14713
perceived likelihood of association between childhood sexual abuse & borderline personality disorder, clinical psychologists and psychology interns, 11281
perceived parenting styles in childhood & sex & age & symptoms, stress coping strategies, outpatients (mean age 38.5 yrs) in remission from major depression, 30689
perceptions of early family environment, patients with endogenous depression, 14512
perpetrator identity & gender & level of abuse & relationship with victim, adjustment to trauma, adult male vs female survivors of childhood sexual abuse, 17998
personality & early experience correlates of problem drinking, 19–25 yr old females, 14739
personality & familial interaction factors, prediction of psychopathology, eating disordered females with vs without history of childhood sexual abuse, 8463
postnatal maternal separation during stress hyporesponsive period, adrenocortical response to novelty, adult rats, 3681
presence & severity of childhood physical &/or sexual abuse & personality disorder symptoms, males (aged 16–62 yrs), 21254
prevalence of & role of childhood & adult traumas in self mutilation, 18–90 yr olds, 1676
prevalence of childhood sexual abuse, 18–50 yr old female overdose patients, 8295
previous exposure to traumatic events, risk of PTSD effects from subsequent trauma, 18–45 yr olds, 24323
prolonged unemployment early in working life, later health & socioeconomic circumstances, 33 yr old men, Great Britain, 22581
psychohistorical account of early childhood & adulthood as roots of reign of terror, Josef Stalin, 30542
psychological & psychiatric symptomatology, male vs female childhood sexual abuse survivors (aged 17–57 yrs), 24418
psychological-mindedness, adult perceptions of early parental rejection, college students, 7877
pulse rates & stimulus duration & measures of speech-perception performance & auditory deprivation & experience & gap-detection thresholds, early-deafened cochlear-implant 9.3–21.5 yr olds , 15403
quality of early father- vs mother-daughter relationships & individual differences in timing of pubertal maturation, 4–5 yr old girls & their families, 8-yr prospective study, 26934
quantity & frequency information with age of onset of drinking may increase capability to predict future alcohol problems , 34381
real vs implanted vs fabricated memories for stressful childhood events, parents of college students, implications for recovered memory debate, 32971
recovered memories of abuse & childhood memories & repression & dissociation, college students (mean age 19.14 yrs), 37488
relation between teacher-reported peer relationship problems & psychosocial adjustment in late adolescence, 9 yr olds, 9 yr study, 14054
relationship among history of physical & sexual abuse & alcoholism & drug addiction, 20–60 yr olds with chronic facial or myofascial pain or fibromyalgia, 14901
relationship between childhood sexual abuse & development of eating disorders, 24080
relationship between reported childhood sexual abuse & alcohol abuse & family background, adult females, retrospective study, 8258
relationship of severity of childhood trauma & violent & nonviolent revictimization & peritraumatic dissociation & coping & attachment styles, 23–64 yr old female survivors, 37473
repeated sexual victimization in childhood vs adulthood, risk for mental disorders, 18–48 yr old females, 21225
repressive coping style, judgments of childhood, 18–38 yr old females, 14317
research ethics in memory implant of false autobiographical information of childhood trauma, 8–42 yr old Ss, 15804
research ethics in memory implant of false autobiographical information of childhood trauma, 8–42 yr old Ss, commentary reply, 15805
research ethics in memory implant of false autobiographical information of childhood trauma, 8–42 yr old Ss, commentary, 15814
risk of court contact & predictors of early age for first court contact, at risk youths with conduct problem behaviors, 3243
role of early linguistic experience in development of phonological representations, deaf children, 2115
role of sexual assault in childhood & related attributions & coping style in adjustment following rape in adulthood, female college students, 11506
school performance, children who developed schizophrenia in adulthood, 21127
self-reported childhood happiness & good vs bad events, perceptions of happiness in adulthood, 18–70 yr olds, 10845
sex & theoretical orientation & age, beliefs about prevalence of childhood sexual abuse, psychologists with vs without history of childhood sexual abuse (mean age 49.2 yrs), 34269
sexual abuse histories & perimenstrual symptoms, 12–21 yr olds, 37435
short term exposure to music on cognitive development & abilities & academic achievement, comment, 7446
social cognition in psychopathogenic effect of childhood experience on psychic development & psychoanalytic understanding of how experience becomes constructed & reconstructed in form of memory, 17190
trauma-induced repetition & pathological object relations & dissociation as components of childhood victimization relative to generational transmission of child abuse, mother–child dyads, 8261
trends in early sexual activity & subsequent sexual lifestyle, 18–54 yr old New Zealanders, 23760
type & frequency of mental illness, 19–51 yr olds with fetal alcohol syndrome or fetal alcohol effects, commentary, 27878
type & frequency of mental illness, 19–51 yr olds with fetal alcohol syndrome or fetal alcohol effects, commentary reply , 27847
types of emotional & physical childhood abuse, lifetime prevalence of different types of psychopathology, 18–21 yr olds, 27495
utility of dialectical framework for understanding intrafamilial sexual abuse, 20–65 yr old incest survivors, 21237
victimization history & locus of control & adulthood adjustment, 17–49 female survivors of childhood sexual abuse, 37606
visual scanning & specific attentional dysfunction after early start of cannabis use, healthy adults, 17036
water trauma & swimming skills up to age 9, water fear & phobia at age 18, 3 yr olds, 15 yr study, 1651

Early Experience—Books

Child development: A practitioner's guide, 12462
Childhood trauma and HIV: Women at risk, 11846
Children changed by trauma: A healing guide, 35046
EMDR in the treatment of adults abused as children, 25073
Forgive your parents, heal yourself: How understanding your painful family legacy can transform your life, 21699
Gender in early childhood, 984
In my father's arms: A true story of incest, 37527
Small wonders: Healing childhood trauma with EMDR, 12084

Why did Freud reject God?: A psychodynamic interpretation, 4822
With the phoenix rising: Lessons from ten resilient women who overcame the trauma of childhood sexual abuse, 34318
Early Experience—Chapters
Adult romantic attachment and couple relationships, 20462
Body image and self-perception in women with histories of incest, 24482
Body-image distortion and childhood sexual abuse, 24183
Capacity for intimate relationships: A developmental construction, 36843
Early attachment and later development, 20478
Homosexual boyhood: Notes on girlyboys, 23801
Interpersonal experience in infancy as a foundation for the capacity in adults for stable relationships, 36857
Mapping resilience as process among adults with childhood adversities, 30537
Metamorphosis: The self assumes animal form, 24186
Neurodevelopmental origins of schizophrenia, 1629
Neuropsychological pediatric rehabilitation, 35302
The role of fetal and infantile experience with alcohol in later recognition and acceptance patterns of the drug, 13849
'The pink's run out!' The place of artmaking in young children's construction of the gendered self, 994
Traumatic disruption of bodily experience and memory, 24114
Uses of the past in adult psychological health: Objective, historical, and narrative realities, 1382
Validity of women's self-reports of documented child sexual abuse, 36115
Who is in psychoanalysis now? Empirical data and reflections on some common misperceptions, 15265
Early Infantile Autism—Serials
medical procedures for detection of etiology & characteristics, children with infantile autism vs autistic-like behavior, 18122
psychiatric morbidity & validity of diagnosis, patients diagnosed in childhood with disintegrative psychosis vs infantile autism, 22-yr follow up, 27801
Early Intervention—Serials
12 wk clinician implemented language intervention program, linguistic & social skills, 21–30 mo olds with delayed language development, 38633
accountability & functional analysis & evaluation procedures using individual child portfolios & consultations with parents & teachers for evaluation of early childhood intervention, 3–5 yr olds, 38786
application of model of transactional developmental regulation to evaluate effectiveness of early intervention program, 12–69 mo olds with motor impairments, 12726
communication assessment & functional communication training & early home-based intervention for inappropriate & problematic behavior, toddlers, 12553
costs of criminal convictions & careers following discharge from special behavioral units & need for early intervention social & education services, adolescents excluded from school, 8395
criteria for controversial practices & treatment & field of early intervention & strategies for discourse between consumers, children with disabilities, implications for special education, commentary, 38904
criteria for controversial practices & treatment & field of early intervention from personal perspective in early childhood special education, commentary, 38906
criteria for controversial practices & treatment & field of early intervention, children with disabilities, implications for special education , 38899
definition of & renewed focus on approaches & strategies for parent education in early intervention, commentary, 38888
development & implementation of program quality indicators for early intervention services, parents & staff of Queensland early special education services, Australia, 29014
development of qualitative measure of parenting stress & family focused intervention, low income Mexican vs African vs European American single vs double parent families & 7th or 8th grade children, 3280
developmental intervention of multisensory stimulation, neurobehavior & neurodevelopment, preterm infants with periventricular leukomalacia, 15506
developmental vs traditional handling, motor development & behavioral organization, very low birth weight infants (aged 28–36 wks), 37955
early childhood development program intervention, crime prevention, African American 16–21 yr olds, 2725
early intervention as history-graded influence on development, 11–14 yr olds with Down syndrome & their families, 2127
early intervention framework on developments in language intervention, children with developmental disabilities, 35363
early intervention in the prevention of reading problems, projects in Edinburgh , 15880
early intervention reading program, spelling performance & word recognition & nonword reading & reading comprehension, 1st graders at risk for failing in reading acquisition, 19264
early intervention, quality of mother–infant interaction, mothers & their newborns, 1 mo followup, 23913
early reading intervention, reading performance, infant school children aged 5 yrs 6 mo–6 yrs 6 mo, 18151
early risk factors & intervention & family factors, social competence, 14–15 yr olds, 15 yr follow-up, 898
early treatment compliance & recovery from substance abuse & alcohol, 22–32 yr olds who joined AA as adolescents, 19085
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37628
effectiveness of early intervention method for delayed language development, language-delayed 8–21 mo olds, 27944
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37648
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37635
effectiveness of early intervention programs designed to reduce adverse consequences of adolescent motherhood, 10877
effects of discourse skills intervention, 3–7 yr olds with delayed language development with vs without cognitive impairments, 15685
effects of school-based mental health intervention program, at-risk 1st–4th graders, 2867
efficacy of Iowa Strengthening Families Program for preventing the initiation of alcohol use, adolescents, 1 –2 yr follow ups, 19080
efficacy of Parent-Child Interaction Therapy early intervention approach, 2.5–8.6 yr olds with behavior problems, 38117
efficacy of prevention & intervention programs for aggressive & disruptive behavior, preschoolers, 9542
etiology of & intervention for sleep problems, children with autism, 18131
evaluation of lessons & results of Community Mobilizing for Change on Alcohol intervention program for underage drinking, 2.5 yr study, 19088
family involvement in early intervention & use of family assessment information in determining intervention goals, 28243
framework for defining & measuring quality in early intervention programs, infants & toddlers with disabilities & their families, 9541
home-based family intervention, alcohol use & misuse, 9 yr olds, 4 yr study, 19069
importance of collaboration & teamwork in child psychiatric early intervention, parents & educational & medical professionals, 18769
in-school intervention program, suspension rate & level of violence, elementary school bullies & victims & bystanders, implications for understanding role of parental contributions & home environment, 38927
infant temperament & early home-based family intervention, later psychiatric symptoms, 14–15 yr olds, 15 yr study, 2228
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15203
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, 15208
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15199
intensive early behavioral intervention, predictive validity of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15192
issues in early antipsychotic treatment, patients with 1st episode schizophrenia, 8880
issues related to design & assessment of parent-based interventions for reduction of adolescent alcohol-impaired driving, 19479
literacy intervention, development of register switching expertise, 1st grade at-risk readers, 32303
longitudinal family preventive intervention program, adolescent substance abuse, 6th graders, 34749
low birth weight & premature birth with vs without early intervention, reading comprehension & mathematics skills, lower socioeconomic status children (mean age 9 yrs), 9551
maternal narrative intervention, vocabulary & narrative skills, economically disadvantaged preschoolers (mean age 3.7 yrs), 1 yr followup, 17276
multidimensional intervention, reading achievement, primary school children from an area marked by endemic reading failure & social disadvantage, 15883
need for data on prevalence of speech & language & hearing disorders & impact of public health & school interventions, 2969
needs & feelings of stress & social supports, urban & poor family members with developmentally delayed or at risk child in early intervention program, 12 mo followup, 38471
neurological & ophthalmological features & causes & effect of visual stimulation early intervention, 7 mo olds–4 yr olds with cerebral visual impairment, 11955
organizational behavior management in early intervention for young children with or at-risk for disabilities & their families, 9622
outcome of early intervention for children with autism, 11984
outcomes after Queensland Early Intervention & Prevention Program, 7–14 yr olds with anxiety problems, 12 & 24 mo followups, 12393
parent &/vs teacher involvement in interactive reading intervention, language development, 3–4 yr olds with poor oral language skills from low income background, 886
parent &/vs teacher involvement in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income backgrounds, commentary, 859
parent &/vs teacher role in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income background, 875
parental investment in & expectations of & satisfaction with parenting training component of family alcohol intervention, child behavior & parenting styles & treatment outcomes, alcoholic families, 19073
Parents' Support Service for prevention of development of problems in school context, families with children in primary or secondary or special schools, 6232
pathways of risk & resilience & implications for school-based prevention &/or intervention programs, 2849
perceptions of at-risk youth, college students, implications for collaboration between education & human services, 25795
perceptions of early intervention services, parents of special needs children, 25419
personality or functioning style of councils for early intervention in health & education & social services, optimal consultation, personnel working with disabled 0–3 yr olds & their families, 2966
pictography as notational system for preserving story content in narrative language intervention, children with language disorders, 2974
planning prevention & treatment & abstinence maintenance interventions for marijuana & other drug abuse in schools, 12757
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21235
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21250
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, reply, 21255
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21269
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup , 1717
preventive intervention program, causal pathway from early disruptiveness to grade retention & special classroom placement at age 12 to high school dropout, disruptive kindergarten boys , 25743
program for early identification of developmental & behavioral problems, children at risk from poverty, 25390
psychiatric comorbidity with substance misuse in children & adolescents & implications for early identification & treatment, UK, 27894
readiness kindergartens & pre-first classes, school adjustment outcomes & learning difficulties, 8–12 graders studied since first 3 yrs of schooling, 38806
renewed focus on approaches & strategies for parent education in early intervention, 38896
renewed focus on approaches & strategies for parent education in early intervention & partnership education, commentary, 38910
renewed focus on approaches & strategies for parent education in early intervention, commentary, 38913
renewed focus on approaches & strategies for parent education in early intervention & relationship-focused model of early intervention, commentary, 38895

renewed focus on approaches & strategies for parent education in early intervention, commentary, 38898
renewed focus on approaches & strategies for parent education in early intervention, commentary reply, 38894
renewed focus on approaches & strategies for parent education in early intervention from parent's perspective, commentary, 38891
renewed focus on approaches & strategies for parent education in early intervention, commentary, 38889
research data on alcoholism treatment & the family with implications for prevention of mental health & substance abuse problems in children, 19074

Social and contextual issues in interventions with children and families, 37250

Early Memories—Serials

age at time of sibling's birth, consistency of early memory retrieval, adults, 1 yr follow-up, 26437
childhood amnesia in memory for birth of sibling that occurred before age 2 yrs, young adults, 19845
clinician's development of reflective belief in validity/invalidity of reported child abuse using case of dissociative identity disorder, 12576
construct validity of Egna Minnen Barndoms Uppfostran, perception of parent child rearing behavior, 13–21 yr old male offenders vs 12–27 yr old male vs female non-offenders, England, 21372
degree of past & current memory for childhood sexual abuse, 17–56 yr old female survivors in therapy, 14668
dysfunction in family origin & quality & valence of childhood memories, abused & nonabused college students, 8280
early childhood memories & developmental explanations for childhood amnesia, implications for models of adult attachment & repression, 6919
early childhood sexual abuse memories & perceived verbal & sexual harassment by professors, college students, 6246
early memories of parental acceptance & control & perceptions of abusiveness & typicality of caregiver behaviors toward elderly adults, White American vs Korean college students, 34277
early recollections, 22–39 yr old counselor-trainees vs counseling clients , 19853
false childhood memories & time-split errors & biased memory for attitudes & previous mental states & forget-it-all along effect, 8631
Freudian & suggestive therapies for investigating childhood abuse memories, 34928
imagery with rescripting & historical role play experiential methods for treatment of childhood memories linked to chronic psychopathology with early origins, cognitive behavior therapy patients, 28324
level of suggestibility, recovery of false memories of childhood sexual trauma in treatment, female psychiatric patients, 37479
memory abilities in children & childhood amnesia in adulthood, 23688
memory probe of play with early object & current capacity for transitional relatedness, patients in therapy, 24977
nature & circumstances & consequences of accusations based on recovered memories of childhood abuse, members of False Memory Working Group & Dutch police, replication of study by G. H. Gudjonsson, 37518
prevalence & characteristics of & factors associated with forgetting childhood sexual abuse memories, 18–49 yr olds, 8257
psychological-mindedness, adult perceptions of early parental rejection, college students, 7877
recall & content of early vs later (after age 7) memories & questionnaire prompt in 2nd session, male vs female (mean age 24 yrs) college students, implications for theories on infantile amnesia , 19870
recollected levels of parental care & current symptomatology & comorbidity & family psychiatric history, 18–64 yr olds with depression, 27463
recollection of childhood sexual abuse following endotracheal intubation, 42 yr old female, 9024
recollection of early stress (environmental risk & uncertainty), individual differences in attachment behavior & time preference & sexual behavior & reproductive strategies, female college students, 17655
reflectivity of childhood experiences in family of origin, parenting sensitivity & responsibility, adolescent mother—infant dyads (mean age 17.2 yrs), 5–6 mo followup, 13996
transactional analysis, use of childhood photographs of clients & their families to bring past memories into present, 24997
use of children's drawings of early recollections in Adlerian play therapy, 34810
utility of therapy for recovered memories of childhood sexual abuse, comment, 37990
utility of therapy for recovered memories of childhood sexual abuse, comment, 37992
utility of therapy for recovered memories of childhood sexual abuse, comment, 37997
utility of therapy for recovered memories of childhood sexual abuse, comment, 38008
utility of therapy for recovered memories of childhood sexual abuse, comment, 38018
utility of therapy for recovered memories of childhood sexual abuse, comment, 38030
utility of therapy for recovered memories of childhood sexual abuse, comment, 38034
utility of therapy for recovered memories of childhood sexual abuse, comment, 38040
utility of therapy for recovered memories of childhood sexual abuse, commentary, reply, 38037
validity & clinical utility of transitional object early memory probe in psychodynamic psychotherapy, Early Memory Transitional Relatedness Scale & Rorschach Transitional Object Scale, inpatients, 74

Early Memories—Chapters

Emotion and memory: Implications for self-report, 36105
Using the How I Remember My Family Questionnaire in couples counseling, 35977
Validity of women's self-reports of documented child sexual abuse, 36115

East German Democratic Republic [See East Germany]

East Germany—Serials

sociocultural factors, subjective vs objective perception of reciprocity of & quality in friendship & conflict & fun at school & home, East vs West Berlin 6.8–14 yr olds, 1991–1993, 17354
suicide rate in East vs West Germany after the fall of communism & reunification of Germany, 1982–87 vs 1990–95, 30842

East Germany—Chapters

Political socialization in the new states of Germany, 7576

Eastern Europe—Serials

changes in life-chances & political ideology & "split consciousness", Eastern Europeans, 4641

Eastern Europe—Chapters

Organizational coping, failure, and success: Academies of Sciences in Central and Eastern Europe, 29157

Eating [See Also Binge Eating]—Serials

adjunctive fluoxetine, eating behavior & weight phobia, 14–24 yr old females hospitalized with anorexia nervosa, 38315
algorithm for staging of dietary patterns in Eat Well Live Well nutrition program, 25–55 yr old African American females, 18862
before- & after-meal hunger & thirst & meal size & macronutrient & energy intake, identical & fraternal same- & mixed-sex adult twin pairs, 33176
body mass index & perceived control over eating, level of life satisfaction, male vs female 20–74 yr olds, 1319
demographic & behavioral characteristics, fruit & vegetable consumption, 16–74 yr olds, 20613
desirable vs undesirable aspects of masculinity & femininity & drinking pattern & alcohol dependence & eating restraint & dieting frequency & overeating, females (mean age 22.3 yrs), 7931
development & validity of adolescent version of Questionnaire of Eating and Weight Patterns, screening for binge eating disorder, 10–18 yr olds, 32698
diagnostic characteristics, children with disordered eating behaviors vs eating disorder, application of case reports of 11 & 17 yr old females, 21428
dietary style & cognitive restraint & feminist values, 14–45 yr olds, implications for vegetarian dietary style as masking of dietary behavior, 14026
dieting & eating patterns & food-related nurturance & parental control & social context of eating & body weight & self-perception, 12 yr old males vs females, 17333
differences between home breakfasts & nutrition impact of school breakfast program, preacademic performance, 3.8–5.2 yr olds & their parents , 38851
drug use & eating behaviors & attitudes, 7th–12th graders, implications for prevention, 31818
eating & dieting behavior & eating disorders, 17–50 yr old male vs female Australian vs Swaziland university students, 18188
eating & weight-related cognitions, 12–17 yr olds with chronic illness with vs without special dietary recommendations, 24722
eating behavior & risk for anorexia nervosa vs bulimia vs binge eating or other eating disorders, 20–60 yr old female dietitians, 18179
eating behavior, normal weight bulimic vs self-identified binge-eating vs non-eating-disordered females, test of current theoretical models, 11743
eating habits & self-esteem & body-esteem, Scottish 10–18 yr olds female students, 929
eating-related risk factors & maternal restriction of child's access to snack foods as predictor of food intake, 3–6 yr olds & their parents, 30121
educational attainment level, motivational factors affecting dietary intake choices, adults, 25371
emotional eating & bulimic psychopathology, Japanese vs British females in UK vs Japanese females in Japan, 34512
factors affecting & promotion of health & healthy eating, 14–60 yr old & older island residents, Scotland, 5800
feeding behavior patterns as measured by weekly food diary, French students, 1 yr study, implications for cross-cultural comparisons, 14290
feeding patterns & attitudes toward eating, eating-disordered mothers & their female offspring, 18169
food group consumption & weekend meals & snack patterns & several nonfood items, food intakes, 60–103 yr olds, 30263
forming implementation intentions to eat healthily, eating behavior & bad eating habits, college students, 26412
frequency & reasons for fast food patronage, 50+ yr olds, 3175
high fat diets & myocardial infarction & popular dogmas as inhibitors to advancement of knowledge, 36643
hypothalamic serotonergic receptor mechanisms in control of eating behavior & body weight & eating & body weight disorders, 1897
induced mood & forbidden vs non-forbidden foods, perceptions of eating behavior in imagined vs real eating situations, female college students representing continuum of bulimic symptomatology, 21414
loneliness & dysphoria & dietary restraint & eating behavior, 17–34 yr old female college students, 11751
masking hypothesis vs comfort vs learned helplessness vs distraction explanations for effect of stress on overeating, restrained vs unrestrained eaters, implications for dieters, 26700
mass media campaign for promotion of eating more fruits & vegetables, attitudes & consumption, 20+ yr olds, 5788
maternal control & support & eating cues delivered during mealtime, child's eating rate & caloric intake, mothers & their 3.5 yr olds, implications for obesity development, 17500
meanings of body size & food & eating & health, 19–30 old Filipino females, Canada, 18859

nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, 34496
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, commentary, 34513
nutritional & motivational factors in development & maintenance of rumination & regurgitation & reingestion, humans vs captive lowland gorillas, 16834
oral vs intragastric high-fat vs high-carbohydrate soup delivery, gastric emptying & appetite & eating behavior, male 21–35 yr olds, 33315
planned behavioral approach to self efficacy & perceived control in eating low fat diet, 17–55 yr olds, 11189
positive & negative effects of group influence, eating & dieting behaviors, college residence members, 7796
positive & negative factors influencing vegetable & fruit consumption & ideas for promoting their consumption, 20–45 yr old parents with children less than 12 yrs old, 22109
pregastric food stimulation & gastrin-releasing peptide 1-27 injection, feeding rates, male Sprague-Dawley rats, 36522
prevalence of risky food-handling & food consumption behaviors, adults, 16198
psychological & other factors & body image & estimated body mass index & teasing, dieting & disordered eating, 10–16 yr olds, 18173
relationship between hypersensitivity to social interactions & eating behaviors, active (mean age 27 yrs) vs recovered (mean age 27 yrs) bulimic vs non eating-disordered (mean age 25 yrs) females, 34506
self awareness, consumption of full vs reduced vs no fat products, adults , 7938
self-assessed frequency of eating patterns to identify long-term least fattening eating patterns, adults, implications for unhealthy weight gain & re-gain, 14871
self-esteem & perfectionism & family functioning & eating attitudes in early teenage years, prediction of eating attitudes & behavior in early adulthood, 12 yr old females, 7 yr study, 905
somatosensory pain threshold during binge eating–vomiting episode vs during normal meal vs after overnight fast, 18–40 yr old females, implications for vagal afferent activation hypothesis, 21427
spiperone & mianserin to inhibit action of the 5-HT2A/2C receptor agonist 1-2,5-dimethoxy-4-iodophenyl)-2-aminopropane, hypothalamic neuropeptide Y stimulated eating, rats, 36544
subliminal visual processing of positive vs negative emotional cues, eating, female college students, 16453
temporal dynamics of chewing sequences, 19–28 yr olds, 3994
traditional vs nondiet weight control program, behavioral & psychological & biomedical outcomes, adults, 1-yr study, 38376
use of physician prescribed special diets & food preferences & daily & occasional drug use, elderly adults, 30262

Family routines and the feeding process, 13929
The feeding relationship, 14170
Oral-motor skills and swallowing, 14935

Eating Attitudes—Serials

amount of food required to make eating episode feel like a binge or out of control & size of typical & largest-ever servings of each type of food, obese women with vs without binge eating disorder, 21413
body esteem & weight-related concerns & attempted weight loss, mothers vs fathers of 4th–5th grade males vs females, 17379
body image & body mass index & body weight concern & eating & obesity attitudes & self esteem, at risk 8–23 yr old female tennis players vs parents vs coaches, 35700
childhood physical vs sexual vs emotional abuse vs neglect & age at onset, unhealthy eating attitudes & behavior & anxiety & depression & dissociation, non-eating-disordered 18–48 yr old women, 11534
correlation between food liking & consumption & moderating effect of affective & cognitive aspects of liking for non-alcoholic beverage, young adult females (mean age 20 yrs), 30488
demographic & behavioral characteristics, fruit & vegetable consumption, 16–74 yr olds, 20613
development & validation of scale assessing self-efficacy for increasing fruit & vegetable consumption & ability of scale to discriminate Ss at different stages of change readiness, 21–60 yr olds, 26081
dieting behavior & attitudes, 11–15 yr old females, 27072
drug use & eating behaviors & attitudes, 7th–12th graders, implications for prevention, 31818
eating attitudes & dieting behaviors, adult male non-competing body builders, implications for eating disorder risk, 33992
Eating Disorder Examination—Self-Report Questionnaire Version internal consistency & test–retest reliability, female college students, 16344
eating-related risk factors & maternal restriction of child's access to snack foods as predictor of food intake, 3–6 yr olds & their parents, 30121
factor structure of Children's Eating Attitudes Test & prediction of problem eating attitudes & behaviors & body image & self-concepts, 2nd- & 4th-graders , 16341
factorial structure of Anorexia Nervosa Inventory for Self-Rating & its short form, assessment of anorexic attitudes & symptoms, 11–30.9 yr old females, 6627
feeding patterns & attitudes toward eating, eating-disordered mothers & their female offspring, 18169
hedonics of binge eating, females with bulimia nervosa vs binge eating disorder , 27980
Korean translation of Eating Attitudes Test, intraethnic comparison of eating attitudes, native South Koreans vs Korean Americans (mean age 22 yrs), 47
mass media campaign for promotion of eating more fruits & vegetables, attitudes & consumption, 20+ yr olds, 5788
personality characteristics & eating behaviors & attitudes, high school athletes vs nonathletes, 21408
self-esteem & perfectionism & family functioning & eating attitudes in early teenage years, prediction of eating attitudes & behavior in early adulthood, 12 yr old females, 7 yr study, 905
temperament & loving styles & eating attitudes, female college students, 17694
values & social class, weight concern & restrained eating, 13–16 yr old females, 17363

Eating Disorders [See Also Anorexia Nervosa, Bulimia, Hyperphagia, Obesity]—Serials

1 shot interventions, prevention of eating disorders, college females, 12365
3-level comprehensive community prevention and intervention program, disturbed attitudes about weight control, 13–17 yr old females, Israel , 12446
ability to criticize cultural ideas about body weight & shape, development & prevention of eating disorders, female eating disordered patients, 24662
acculturation & eating disorders symptoms, 9th grade Hispanic vs European American vs Asian girls, 3 yr study, 14873
acculturation & self esteem & depression & perfectionism & eating disorders, male vs female Chinese college students (aged 17–28 yrs), 11737
age-related psychogenic factors & undereating & undernutrition, 73 & 82 yr old females, 18172
amount of food required to make eating episode feel like a binge or out of control & size of typical & largest-ever servings of each type of food, obese women with vs without binge eating disorder, 21413
appearance-based social comparison processes, developmental factors & levels of body dissatisfaction & eating disturbances & psychological functioning, female undergraduates, 21434
art therapy groups, people with eating disorders, 18604
assessment of eating disorders in females, 1890
athletic performance & eating disorders, 35714
body image course, decreasing body dissatisfaction & weight concern & eating behaviors, undergraduate females, 21433
body image disturbances &/or binge eating behavior before & after biliopancreatic diversion operation, obese patients with vs without binge eating disorder, 3-yr study, 9198
clinical features & symptoms, young adult females with vs without obsessive-compulsive disorder & restricting anorexia nervosa &/vs bulimia nervosa , 37713
cognitive bias in eating disorders, cognitive-behavioral theory & therapy implications, 37718
cognitive distortion of thought-shape fusion & eating psychopathology, college students, 24666
cognitive self control in problem drinking & symptoms of disordered eating, high school students, 20996
comorbidity & detection & prevention & treatment & model of risk, females with Type 1 diabetes mellitus, 24691
computer-mediated eating disorder intervention program, body satisfaction & weight preoccupation & frequency of disordered eating behaviors, female college students, 1906
construct validity of eating disorder continuum hypothesis, female college students , 14879
costs & consequences & media impact, weight control & eating disorders, 35135
Darwinian theory-based sexual competition hypothesis for eating disorders, females, 8458
demographic & clinical characteristics & hospitalization rates, eating disordered 11–22 yr olds referred to outpatient clinic, 1991 vs 1996, implications for role of managed care in treatment, 24645
demographic & clinical characteristics, hospitalized males vs females with eating disorders, 18171
dental problems caused by eating disorders & recommendations for their prevention, 24661
development & reliability & validity of McKnight Risk Factor Survey-III & utility, assessment of risk & protective factors in development of eating disorders, 10–18 yr old females, 9903
development & validation of Multifactorial Assessment of Eating Disorder Symptoms, evaluation of treatment outcome for anorexia & bulimia, female college students & patients with eating disorder, 13055
development & validation of rigid & flexible subscales of Eating Inventory to examine disinhibition & body mass index & binge eating & weight reduction, 19633
diagnosis & treatment of binge eating disorder, 24646
diagnostic characteristics, children with disordered eating behaviors vs eating disorder, application of case reports of 11 & 17 yr old females, 21428
disease course & dieting & weight loss, 16–58 yr old binge eating disordered vs 16–38 yr old non-purging bulimic outpatients, 11752
drug therapy, adolescents with eating disorders, 5623
eating & dieting behavior & eating disorders, 17–50 yr old male vs female Australian vs Swaziland university students, 18188
eating & psychiatric disorders in 1st degree relatives, 19–55 yr old obese females with binge eating disorder, 34503
eating attitudes & dieting behaviors, adult male non-competing body builders, implications for eating disorder risk, 33992
eating behavior & risk for anorexia nervosa vs bulimia vs binge eating or other eating disorders, 20–60 yr old female dietitians, 18179
eating disorder as women's issue vs social disorder & role of group analytic treatment, 18598
Eating Disorder Examination—Self-Report Questionnaire Version internal consistency & test–retest reliability, female college students, 16344
eating disorder in 25 yr old biological male transgendered patient, implications for transgenderism as risk factor in development of eating disorder symptoms, 1903
eating disorder subtype & comorbid psychiatric disorders & individual psychopathology & perception of family functioning, male vs female adolescents referred to eating disorder program, 21409
eating disorder symptomology & risk factors in 17–25 yr old women, Russia vs England, 24663
eating disorders & amenorrhea & osteoporosis, training & activity, at risk female athletes, implications for identification of warning signs & prevention, 34047
eating disorders, culinary arts students, 11325
eating disturbances & aggressive behavior & risk for drug use & attempted suicide, 11–19 yr old females, 37717
eating disturbances & attitudes about weight & appearance & self-esteem & weight loss & reasons for weight regain, 21–65 yr old White vs Black vs Asian vs Hispanic female dieters, 1896
ecological systems theory perspective of evaluation & treatment, children with severe oral feeding problems, commentary, 24964
effectiveness & role of conductor in group analytic therapy, patients with eating disorders, 18616
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, 18170
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31019
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary reply, 31014
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31016
ethnicity & parental bonding & acculturation, eating disturbances, weight-concerned Asian-American vs Caucasian female college students, 18176
evaluating recovery from anorexia nervosa & bulimia nervosa, 34499
factor & cluster analyses with Dimensional Assessment of Personality Pathology—Basic Questionnaire, 17–46 yr old eating-disordered females, 18175
factor structure of Children's Eating Attitudes Test & prediction of problem eating attitudes & behaviors & body image & self-concepts, 2nd- & 4th-graders , 16341
factors that influence recovery from eating disorders, 22–24 yr old female college students, 6-yr study, 21416
family factors & development of disturbed eating & eating disorders, college students & their mothers & patients with eating disorders, 37711
feeding patterns & attitudes toward eating, eating-disordered mothers & their female offspring, 18169
fluoxetine with naltrexone, bingeing & weight control, female 16 yr old with binge eating disorder, 21931
fluvoxamine, 16–60 yr old outpatients with diagnosis of binge-eating disorder, 8907

frequency of stress-induced hyperphagia vs hypophagia & snack vs meal-type food intake & effect of dieting status, male vs female college students, 29960
genetic & environmental risk factors, behaviors & attitudes characteristic of disordered eating, female twins, 34511
genetic abnormalities & satiety & hypothalamic function in excessive eating behavior, patients with Prader Willi syndrome , 1935
health promotion vs disease prevention models of school-based eating disorder prevention programs, 19374
hedonics of binge eating, females with bulimia nervosa vs binge eating disorder , 27980
high-level exercise & starvation, psychopathology, female patients with eating disorder (mean age age 27.2 yrs), 37708
history & impact of dieting & dietary restraint on subsequent eating behavior, individuals with binge eating disorder, 11747
hypothalamic serotonergic receptor mechanisms in control of eating behavior & body weight & eating & body weight disorders, 1897
identification of predictive factors of body dissatisfaction & implications for early prevention of eating disorders, 6–12th grade females, 21425
illness course, females with binge eating disorder, 6 mo study, 11735
images of fashion models & pressure of cultural ideals, levels of anger & depression & body satisfaction, women with vs without disordered eating symptoms, 11750
infant & parental characteristics as predictors of childhood eating disturbances, infants & their parents, 5 yr study, 18189
interaction of cost-effectiveness & service acceptability with treatment planning & development, eating disorder patients, 25416
introjective processes that facilitate development vs create obstacles to development & omega function of object, 19 mo old girl & infants with eating difficulties & bulimic adolescent male, 14052
issues that contribute to difficulties for clinicians treating patients with eating disorders , 34500
journal writing in psychotherapy, adolescent female patient with eating disorder, 2170
life stress & coping styles & social support & personality factors, eating disturbances, 31015
lifetime histories of eating disorders, male vs female first-degree relatives of patients with bulimia nervosa, 27983
measurement of expressed emotion toward children using individual vs family interviews, parents of 11–17 yr olds with eating disorders, 21417
media exposure & acculturation, attitudes toward body type & propensity toward eating disorders, Cuban-American female 18–25 yr olds, 21419
media's influence on body image disturbances & eating disorders, 34509
mortality rate & causes of death, patients with eating disorders, 1970–93, Denmark, 18174
mortality rates, patients with eating disorders seen in emergency room by psychiatry service, 5–10 yr computer record linkage study, 21405
neuroleptic induced restless legs syndrome, nocturnal eating/drinking syndrome, 51-yr-old female with schizophrenia being treated with haloperidol, 18695
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, 34496
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, commentary, 34513
parental attachment & feeding problems, 12–37 mo old infantile anorexics vs picky eaters vs healthy eaters, implications for nonorganic failure to thrive, 1892
patient & therapist & treatment factors, attendance & process & outcome in psychodynamic group psychotherapy, female 15–50 yr olds with eating disorders, 3 yr study, 5565
perceptions of school-based activities for prevention of weight-related disorders, urban junior & senior high school health-related staff (mean age 41.1 yrs), 18879
personality & familial interaction factors, prediction of psychopathology, eating disordered females with vs without history of childhood sexual abuse, 8463
personality characteristics & eating behaviors & attitudes, high school athletes vs nonathletes, 21408
perspectives on treatment history, 14–65 yr old patients with chronic eating disorders, 1900
platelet 5-HT-induced calcium response to clinical symptoms, patients with eating disorders, 18184
positive vs negative coaching style, body image & body weight anxiety & dieting & vulnerability to eating disorders, male vs female college athletes, 34495

Educational Therapy—Serials
planning & use of art therapy in school counseling of adolescents, secondayr school counselors, 19369
Educational Therapy—Books
Designing preschool interventions: A practitioner's guide, 35468
EEG (Electrophysiology) [See Electroencephalography]
Effect Size (Statistical)—Serials
comparison of 4 estimators of non-parametric analogue of omega squared measure of effect size, 19673
importance of estimation of cumulative intervention costs vs immediate effect size, reanalysis of data on absentee intervention, 35659
improving measurement reliability, strength of association between risk factors & childhood psychiatric disorder, parents with 6–16 yr olds with oppositional defiant or overanxious disorders, 67
instructional components & direct vs strategy vs combined strategy & direct vs nondirect & nonstrategy instructional models, prediction of effect sizes of treatment outcome, learning disabled students, 35553
measures of effect size magnitude, articles published in Exceptional Children, 13145
procedure for testing the significance of multivariate effect sizes, 26273
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary, 19127
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary response, 19140
Efferent Pathways [See Also Extrapyramidal Tracts, Pyramidal Tracts]—Serials
auditory stimulation with bird's own song, multineuronal activity in nucleus robustus archistriatalis of vocal motor system, sleeping vs awake zebra finches, 7115
basolateral vs central amygdaloid lesions, conditioned taste aversion & damage to fibers of passage, male rats, 16933
clinical applications for evoked otoacoustic emissions for identification of retrocochlear pathologies, persons with hearing loss, implications for infantile autism and learning disorders, 35879
length & depth of corticospinal tract fibers & digital dexterity, reanalysis of data set of 69 different mammalian species using comparative statistics of phylogenic information, 23312
methylergonovine, blocking of synaptic connections from esophageal nerve reinforcement pathways & contingent-dependent enhancement of reinforced motor activity, isolated buccal ganglia of Aplysia, 20124
Efficacy Expectations [See Self Efficacy]
Efficiency (Employee) [See Employee Efficiency]
Effort [See Energy Expenditure]
Egalitarianism—Serials
conceptions of high ability in egalitarian school system, teachers (mean age 47 yrs) in Sweden, 9398
critical postmodern organization theory perspective on egalitarianism & power/knowledge & organizational control & individual resistance, 22654
development & validation of Gender Role Egalitarian Attitudes Test, 17–59 yr old college students, cultural & regional comparisons in China vs Hong Kong vs US, 35891
individualism–collectivism & social dominance orientation & pro-Black & anti-Black attitudes & humanitarianism–egalitarianism, 17–42 yr old college students, 27399
philosophy & activities & achievement of egalitarian adult education school, Spain , 38785
preconscious control of female stereotype activation through chronic egalitarian goals, human males, 27387
Ego—Serials
body including therapy, body ego disorders, schizophrenic patients, 31754
conceptualization & psychotherapeutic applications of ego functions & autonomy & cognitive style & choice & self-determination in psychoanalytic personality theory, 4811
critical parent & nurturing parent & adult & free child & adapted child as ego states, 14–35 yr olds with anorexia or bulimia nervosa, 31021
development of creativity & ego–unconscious dialogue from bodily experience of infant during infant–mother interaction & effects of post-natal depression, 1376
diagrammatic connection between structural & functional model of ego states, implications for clinical applications in transactional analysis, 17723
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27450
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary, 27454
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, 27449
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27455
framework of self-need-driven model & prospective application to ego & personality of artificial intelligence system, 29240
theoretical approaches on origins of personality in relation to structural model of ego states & prenatal development, implications for transactional analysis, 17704
Ego—Chapters
Body–ego integration in dissociative identity disorder, 24189
Chantal Akerman: Splitting, 26883
Ego psychology and object relations theory, 2618
On some psychical consequences of AIDS education, 6178
Ego Development [See Also Ego Identity]—Serials
age & level of psychosocial maturity & ego development, 8–18 yr olds with separation anxiety disorder or overanxious disorder , 30792
cross validation & extension of MMPI-Adolescent Immaturity scale, measurement of ego development, college students, 13053
defense mechanisms & intelligence in ego functions & ego development, adults (mean age 23 yrs) , 37151
ego & identity development as understood from continuity perspective & continuous nature of life themes as seen in life reviews, 68–98 yr old Catholic women religious, 27095
ego development during transition from adolescence to young adulthood, 14 yr olds, 9 yr study, 20622
ego identity formation & perceptions of maternal vs paternal acceptance & encouragement of independence & years in college, prediction of career indecision, undergraduates, 16050
ego-resiliency & marriage & personality change & identity consolidation during early adulthood, females at age 21 vs 27, 17681
examination of M. Klein's paper on the importance of symbol-formation in the development of the ego, 7978
integration of psychodynamic theory into typological approach to personality & defenses & personality structure & development, 7973
methods for investigating incremental validity of Rorschach variable ego impairment, implications for application to evaluation of other Rorschach variables, 30609
parenting correlates, ego control in adulthood, 23-yr-olds originally observed at ages 3–4, 938
religious involvement, ego strength & social identity & general & school self esteem as indicators of psychosocial maturity, 11th graders, 20585
theoretical approaches on origins of personality in relation to structural model of ego states & prenatal development, implications for transactional analysis, 17704
Ego Development [See Also Ego Identity]—Books
Inner strengths: Contemporary psychotherapy and hypnosis for ego-strengthening, 8975
